ENHANCED 9-1-1 telephone service is here.

And to help get the word out on the emergency telephone network, the Westland Police Department is looking for volunteers to distribute packets of information to every business in the city.

The packets, which businesses can in turn distribute to customers, consist of a poster, a pamphlet explaining the system and a sticker to be placed on a telephone.

If you belong to a local civic group that might like to help, or you'd like to volunteer to pass out the information to neighborhood businesses yourself, call executive Lt. Michael Frayer, 722-9600, during business hours.

THE KUDOS continue to roll in for Francis E. "Bud"—
Winter, the Wayne Memorial
High School principal who retires

The latest honor is from the Michigan House of Representatives, which last week passed a resolution honoring Winter.

The resolution, sponsored by state Rep. Justine Barns, D-Westland, cited the principal for his 35 years of service to the Wayne-Westland Community Schools district, including stints as a principal at the elementary, junior high and high school levels.

Houses in, condos out at project

By Tedd Schneider staff writer

Apartment-style condominiums are out and detached, single-family homes are apparently in for a 14.3-acre development on Cowan, east of Wildwood:

A compromise proposal presented by developers last week won backing from the Westland City Council and conditional approval from a group of neighborhood homeowners con-

cerned about the project.

The original plan, for 80 attached condominiums, was dropped in the face of opposition from the homeowners and a recommendation to deny special development approval by the city's planning commission.

"THE NEW plan is much better," Michelle Reese, who lives across the street from the proposed development, said in a telephone interview Thursday. "There are still some concerns though."

Reese, who led a petition campaign against the original plan, said ongoing concerns included additional traffic in the area, whether existing trees will have to be cut down and whether the developer will stick to the new plan.

An estimated 220 residents signed petitions opposing the development.

The homeowners said attached condominiums or cluster-type homes would not fit in with older homes in the area, most of which are on halfacre or larger lots, "There's still a major lack of trust (among nearby homeowners)," Reese said. "We'll have to monitor the situation and see how it goes."

THE NEW plan calls for Kime Brothers Inc. to build 60 single-family houses with sizes ranging up to 2,000 square feet, according to Ken Mehl, city council president.

"It's going to look like a regular subdivision," Mehl said.

The development will be on a site just west of Huron Valley Lutheran High School.

The revised project is scheduled to go before the planning commission again Wednesday, July 5. If the commission approves the site plan, the council will vote on it either July 17 or during the first meeting in August, Mehl said.

"I think the revised plan is about the best compromise we could have reached," Mehl said.

THE HOMEOWNERS' first request, that the houses be built on half-acre lots, was "impractical," the council president said.

"That would mean only 28 homes in the development and financially, he (the developer) would die," he said.

The council has to balance homeowners' concerns "with the fact that a property owner has the right to develop his property," Mehl said. Kime Brothers withdrew the original plan last month just before, a public hearing on the proposal. The planning commission had voted 8-1 to deny special approval.

'There's still a major lack of trust (among nearby homeowners). We'll have to monitor the situation and see how it goes.'

Decision on schools chief due today

☐ Finalists, employees talk, 3A

By Kevin Brown staff writer

The Livonia Board of Education is scheduled to choose a superintendent today to oversee day-to-day operations affecting nearly 16,000 students.

While the trustees will make the decision, some representatives of school employee groups who met last week with the two finalists for the job said they prefer Joseph Marinelli, associate superintendent of the Orange County, Fia., schools.

Qualities demonstrated by the two finalists — Lee Hansen and Marinelli — will be discussed by trustees at a 6 p.m. study session, open to the public, before the board selects one at its regular meeting, scheduled for 8 p.m.

Both sessions take place at the

Homicide charge filed in crash

A Canton Township man was arraigned Thursday on a charge of negligent homicide in connection with a June 10 car-truck collision that killed a 29-year-old Westland man.

Robert Wayne Blanchard, 22, pleaded not guilty to the charge before 18th District Court Judge Gail McKnight. The charge is a high misdemeanor punishable by a maximum 2-year prison sentence.

Henry Meyers died from massive head injuries suffered in the collision, on Merriman at Steinhauer, police said.

McKnight set a \$5,000 personal recognizance bond for Blanchard.

A preliminary examination was scheduled for 9 a.m. Monday, July 3, in McKnight's courtroom.

POLICE SAID Meyers was driving northbound on Merriman at 10:12 a.m. when his 1981 Dodge Omni was struck head-on by an out-of-control flatbed truck. The truck had struck another northbound car and hit a second vehicle before hitting Meyers' car, police said.

Witnesses told police the driver of the truck crossed over the center line so that the truck was on the wrong side of the road.

The driver of the second car suffered minor injuries in the accident, police said. No one was injured in the first car.

Police said tests for alcohol or drug use by the driver of the truck were negative.

School district has new plan to battle drug, alcohol abuse

Wayne-Westland school students will have their substance abuse problems handled by teachers and administrators under a new program approved last week by the school board.

The board voted unanimously to adopt the Student Assistance Program, developed over the last 2½ years by a 89-member task force of teachers, administrators, counselors

and community residents.

The program addresses treatment and counseling for students with drug and alcohol problems, prevention, classroom instruction, teacher training and parent education.

The guidelines will be put into place beginning next September in all schools.

"In developing this policy, we have maintained a balance between compassion for and aid to the students suffering from substance abuse and mental health problems, and the protection of the academic environment of students who wish to learn," the task force said in a statement introducing the program.

Six "core policies" form the basic outline of the program:

• The district endorses and supports prevention/education pro-

grams and activities for students, staff and community.

 In disciplinary cases, students must be referred for screening/assessment in addition to any punitive measures.

• In cases where no school rule has been broken but staff is concerned about high risk behaviors students would not be subject to disciplinary measures.

 Students who voluntarily seek help will be addressed differently than disciplinary or behavior referrals.

Finalists, employees discuss school issues

By Kevin Brown staff writer

Livonia Public Schools superintendent candidates Lee Hansen and Joseph Marinelli last week discussed a range of Issues facing public schools with school employee representatives

In addressing the employee group before fielding questions Wednesday, Marinelli, associate superintendent of the Orange County, Fla., schools, sald, "Teachers have to have high expectations for all children," adding "Children will work to the level of your expectations."

In addressing the same group Thursday, Hansen, superintendent of the Poudre School District R-1 in Fort Collins, Colo., said, "When it's bottom-line time, I will do what is best for children."

HANSEN SAID he sees his role as helping "an organization that is excellent to stay that way. The way that you do that is strive to get better"

He discussed "the rapidity in which changes in technology are occurring. I'm going to see a different world than I see today. All of us have to get involved; you'll find me asking that question a lot, picking peoples' brains."

Hansen said that while a public school district has a monopoly of sorts, district employees should "behave as though we are in intense

competition . . . That means being customer oriented."

Marinelli said that while it's important to emphasize instruction for exceptional children, "I see a significant percentage that seem to fall through the cracks... We need to do a better job of tying what we teach in the classroom to what goes on in everyday life."

on in everyday life."

Marinelli lamented a loss of local control in his home district, and said top districts like Livonia should be seen "as a standard for all districts to reach," adding the state should not take money from the Livonia schools to make state districts more

He said opinions of parents and teachers are valued, adding, "I believe broad-based participation is critical to the success of the school district."

MARINELLI DESCRIBED his management style as "open, accessible.

"I believe in consensus building, I don't like confrontation.

Addressing the same topic, Hansen said, "I certainly support the idea of site-based decision making," adding that should a parent call him with a problem, he would call the principal and ask them to call the parent.

When he walks into a school building, Hansen said, "I would expect to
hear the buzz of activity. I would expect to see people addressing each
other by their first name irrespective of rank, working in teams to
solve problems and work on proj-

Marinelli sald that in addition to focusing more attention on students who don't go on to college, it's important for Livonia Public Schools students "to be sensitive to the cultural differences in our country; so when they are working side by side with these individuals (minorities) they can communicate with good inter-personal skills."

He also suggested renewing a sense of civic pride in children, and encouraging volunteerism.

Collins, Colo., and former acting superintendent of the Ann Arbor Public Schools.

"I think the search committee has done the job," said teachers' union president Steve Naumcheff, after meeting with both candidates. "Both are well qualified and both project vision."

"Both are very well qualified,"
said Steve Smith, president of the
union representing school administrators. "One (Marinelli) stands out
as a people person," he said, while
Hansen "seems to be very solid as a

curriculum leader."

Kathy Kalousek, Livonia PTA

Council president, said, "Both men seem to have that feeling that parents are needed to make the circle complete. . I don't have a problem with either candidate."

YET, THOSE who did prefer one over the other chose Marinelli.

One employee group representative, who declined to be named, said Marinelli "seemed to have the characteristics that most closely resemble what the district had become comfortable_with_when Jim-Carliwas superintendent."

Lucille Karageozian, representing unionized secretaries, said that after meeting both candidates, she prefers Marinelli. "I feel if there's a prob-

lem, he might bite the bit and get right to it instead of going down the chain of command."

Hansen, she said, "might not bend as easily," but added that may not be a fault.

Ray Schmidt, vice president of the union representing head custodians, said he was not sure who the board should choose. Schmidt said he liked Hansen's statement that he would hold administrators accountable for what goes on in school buildings, yet Marinelli "scemed like the same thing."

Besides meeting with school employee representatives, the two candidates met individually with trustees last week.

'Dog police' don't get any respect

This is the second in a threepart series examining animal

By Janice Brunson

On Mother's Day, Buster, a 7year-old spaniel noted for his friendly nature, was brutally attacked by larger dogs and mortally injured. He died the following day.

Two Detroit youths, ages 11- and 13-years, are responsible for Buster's violent death. They stole the small dog, a family pet, from the neighbor's yard and placed him in a pen with German shepherds and Rottweilers located in another neighbor's yard.

The large dogs, trained for sale as guard dogs, immediately turned on Buster. Within minutes, "he was ripped apart," according to Tim Clements, one of five officers employed by the Michigan Humane Society to investigate charges of

The 13-year-old readily admitted his participation in the incident, telling Clements this is not the first time he and his younger companion had placed a small dog in the pen for "sport," the thrill of the kill.

When Clements confronted the 11-year-old, he defiantly denied participation. He also threatened the only witness to the incident with a gun. The youth's mother, a crack addict, expresses little interest in her son and is hostile toward Clements, who says the boy should be removed from the home.

"IF HE STAYS there, he doesn't have much of a shot at making it," said Clements, who is taking legal steps to place the boy in a foster home. A former police officer who has been an animal cruelty investigator for two years, Clements is hopeful of success because of contacts made a year ago.

Veterinarians at the Michigan Humane Society are continually astonished by home remedies used to care for animals who, suffering from homemade cures, are brought to the clinic for professional treat-

"At one time, maybe some of these things were all we had. But now we have safer, more certain drugs," said Dr. Shirene Cece who has been treating animals at the soclety for five years.

Among the more startling things she has seen:

- Motor oil applied to any furbearing animal to prevent mange. • Feeding dogs raw tobacco to
- cure worms. Placing copper sulfide or copper pennies in drinking water to

guard against worms in dogs and

- Feeding dogs gun powder to make them mean.
- Blooding pit bulls, teaching aggressive fighting technique by placing a dog in a fighting pen with a young German shepherd whose snout has been taped shut.

ing animals to a darkened room for one month. • Feeding animals a mixture of grass and cough syrup to cure dis-

• Curing distemper by placing a necklace of dried corncobs around the neck of animals.

• Placing a necklace of dead chicken parts around the neck of dogs to discourage chasing chickens or other poultry.

• Feeding animals liquor until drunk, thereby dulling pain enough to permit home surgery in the clipping of ears and tails.

CECE AND her colleagues have also treated animals who have been fed large quantities of liquor by owners who find humor in drunk pets, and last year they saw 17 dogs who needed imbedded chains removed surgically.

Cece also cautions against feeding bones of any kind to cats and dogs because they can become lodged in the intestines.

The situation was very different last July when Clements uncovered an unlicensed nursing home in Detroit where six elderly women and 58 dogs were living in substandard conditions. When he attempted to enlist assistance from health and other social service officials, he . met with agency indifference.

"What I had to do after I made the proper complaints and nobody did anything, was contact the media," Clements said. After the case received wide publicity, the home was closed. Clements maintains touch with contacts made then and continues to nurture them for fu-

Too often, humane society officers are not viewed seriously by social and health workers, police officers and others involved in protective services.

"To them, we're dog police and animals are expendable," said Mark Kaltz, who, like Clements, investigates animal cruelty.

Part of the problem is that the mistreatment of animals, especially by the young, is dismissed as a prank or poor judgment.

Attitudes, however, are changing, according to David Wills, a Birmingham resident who since 1981 has directed the Michigan Humane Society.

"THERE IS DEFINITELY a" heightened awareness, from the prosecutor to the judge. They are beginning to recognize animal abuse as signals of deviant human behavior," Wills said. Public pressure, he added, is also molding attitudes. "People are tired of crime."

Judge Daphne Means Curtis of 36th District Court considers animal cruelty a serious matter. "I take it pretty seriously, maybe less so than cruelty against humans, but

Officer Mike Killian comes up empty as he Park for kittens. He was following up on a call searches an abandoned building in Highland to the humane society office.

not much. Whether against an animal or a human, cruelty shows a disregard for life and feeling."

Gary Vickers, a Wayne County assistant prosecutor who works the misdemeanor court in 36th District, sees many animal cruelty cases. Most are "pretty horrible," like the Detroit man who burned a Tabby kitten with cigarettes and an open stove flame, or the woman from Canton who killed her dog by taping a toy into its mouth. Unable to eat or drink, the dog died of heat stroke.

Because most are first-time offenders, "basically all we can do is place them on probation, ask they make restitution (for court costs) and deny future pet ownership," Vickers said.

The man who burned the cat, for example, was sentenced to a 30day work release program and de-

nied pet ownership for life. AFTER THE SECOND grisly killing of dogs in Livonia last month, Sgt. Donald Vandersloot of the Livonia police was assigned to investigate both incidents. A 24year veteran of the police force, this is his first case involving ani-

mals. He has conferred with the humane society's officer assigned to Livonia, after the officer contacted Vandersloot, but there has been little progress in the case.

"We don't have anything to work with. No leads. No suspects," Vandersloot said.

This is often the case in animalcruelty investigations. Proof of ownership and cause of death is frequently impossible to determine because of the length of time between the crime and discovery of the carcass. Last year, the society had to abort 80 investigations for lack of evidence or witnesses.

And in the instance of Buster, charges against the two youths responsible for his death have been dropped because the dog's owner, a neighbor to the two boys, refuses to file charges.

Officer Clements is crestfallen. 'Maybe it's intimidation. Who knows for sure."

SIENNA LARENE, an attorney dates the organization's handbook on animal cruelty laws, writes, "Inroads towards ending abuse of animals will be seen only when these

cases are handled as a serious part of the law enforcement framework of our society.

'Humane societies and animal control officers as well as police authorities will play a vital part in that effort."

Next, animal sacrifice, perhaps the most extreme form of animal cruelty: is it on the increase?

YOU ARE BEING EVICTED!

Imagine the following: You are a homeowner; you have worked hard to pay your bills; you keep your home clean and well-maintained; you work with your neighbors to keep the community safe and viable, yet your house is being taken away — you must move and leave it all behind.

That is what is happening to 30 Detroit churches. Many are self-supporting, have funds in

the diocesan savings program, have well-maintained buildings, provide desperately needed services to the community, yet they are being closed and sold by the Archdiocese of Detroit. In the four and one-half years of the existence of the task force and committees which

studied the church in the city and made recommendations to the Cardinal, not one parish slated to close was visited by any committee. Repeated requests for dialogue with the Cardinal have falled.

Ten churches have already been closed. Seventeen more face a June 30 deadline. Three others must close when their pastors retire. At a time when Detroit needs more churches rather than less, we are struggling to keep them open. The churches scheduled to close are:

Holy Ghost — built for and by black parishioners.

• St. Philip Neri — building will be used for an outreach center, but by order of the Archdlocese, may not be used for prayer or worship.

St. Theresa of Avila and Stanislaus - have met Archdlocesan criteria for viability and are still scheduled to close.

Resurrection, Mother of Consolation, St. Monica - Strong, Viable self-supporting

. Patronage of St. Joseph and Mother of Our Savior - In excess of \$50,000 in the Archdlocesan Saving Eund.

• St. Casimir, St. Brigid schools remain open but churches must close. • St. Rose of Lima — has managed to stay alive and strong for two years with no pastor and little Archdiocesan support. Five years ago, the Archdiocese spent over \$100,000 to renovate the school basement for worship.

• St. Ignatius of Antioch - involved in ecumenical outreach in the neighborhood. · Visitation — strong, viable community that has already downsized to accommodate financial needs.

WHAT CAN YOU DO?

- Write Cardinal Szoka at 1234 Washington Blvd., Detroit, 48228.

• St. Boniface/St. Vincent — Historic Church, self-supporting.

- Call the Cardinal at 237-5816.

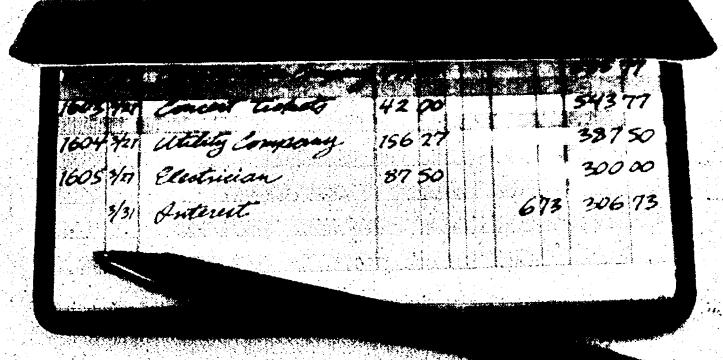

Join us on June 21, Wednesday, at 7:30 p.m. at St. Stanislaus for a raily in prayerful. support of these churches.

Detroit must have diversity in leadership

WHETHER OR NOT Tom Barrow is the best candidate for mayor of Detroit is up for grabs. But he is on target in his conviction that "the , suburbs and Detroit are inexplicably intertwined."

But how to make the people of the suburbs realize that and care for and work for Detroit as they do for their own communities is the heart of the

Barrow penetrated the suburbs Monday to both physically and verbally make his point.

In an interview over lunch at Ginopolis Restaurant in Farmington Hills, he said that the caring is there. Much of suburbia came from Detroit. "They care about that old neighborhood," Barrow insists.

And "It's not just white people, there are tremendous numbers of blacks who have left Detroit."

BARROW SAYS:

• "They may live in Birmingham, but they work at that law firm in Detroit — or they own property there."

• "Even though you live in Southfield, you've got a stake in what happens a half mile away."

• "Every single (suburban) mayor has a stake, whether its the water or sewer systems. They can all think they're an island, but they're not."

As a former northwest Detroiter and Mumford High School graduate, I agree that the caring is there. It is reassuring that my old Sherwood Forest neighborhood is in tact as far as its homes.

But Livernois and Seven Mile Road, which used to be known as the Avenue of Fashion, could hardly be called that today. And people no longer move to Sherwood Forest so their children can attend Hampton and Durfee and Mumford. Those children, now parents themselves, want Lone Pine, West Hills and Andover. And those with school-age children in Sherwood Forest send them off to private and parochial schools.

All that's upsetting.

He says he wants to bring back Washington Boulevard which once was flanked by two grand hotels, with posh stores in between. He wants not just a riverfront or a Greektown or a Fox Theatre, but a viable shopping, entertainment, business district connecting them.

But nostalgia and carings from afar is not enough. Detroit no longer reflects what suburbanites want. To change that, whites must be brought back into Detroit's political system.

But there is no doubt that suburban Detroiters, black and white, must buy into Detroit's plight and. make it their own if the city is to come back.

DETROIT MUST be made crimefree, drug-free and its schools brought up to snuff, then businesses and people will move back and there will be the press from the suburbs not just the city - for a safe, clean, efficient public fransportation system to get to this dynamic city.

Jury could not consider critical abortion issues

By Colleen Bassett special writer

(The following quest column is written by Colleen Bassett, a Southfield resident who participated in an anti-abortion demonstration in May 1989 at a medical clinic in Livonia.)

"God is Pro-Life" is the sign I carried on the front page of your paper May 22. This, and the accompanying article, prompted District Judge James McCann to write a guest column in the Livonia Observer May 29 on his opinions on crime and punishment in America today. I wish now to say what I was not allowed to say in my defense in the courtroom of Judge McCann.

In college, my anthropology instructor taught us about a primitive nomadic tribe that was forced to destroy its infants if they were born when the tribe had to travel for food. The whole tribe would perish if such killings did not occur, the teacher explained.

I was shocked. We now live in an advanced high-tech society that destroys its young for convenience and selfishness. Which society is the more civilized: the primitive society

or our modern society? What is of value if not our own children?

Some people believe in abortion because they feel it will control the reproduction of "undesirables" in our society who may later become a tax burden. Have we really become that numb and hard-hearted to God's great gift of life?

IF A young neighbor woman, in desperation, wanted suddenly to end the life of her 2-week-old baby, I would be compelled to prevent that murder. Perhaps I would even place my body between herself and her child.

A parallel can be drawn to explain the rationale for a rescue at an abortion clinic. That second, that moment in time, a very desperate woman wants to end her unborn child's life. The rescuer places his or her body between the woman and the child's destruction. The abortion, for that moment, is stopped. Perhaps, upon reflection, the woman may feelhope that someone else cares about . herself and her child.

When a baby is being aborted, it tries to retreat further in its mother's womb to escape the pain of the burning acid or dismemberment. How can anyone possibly feel that destroying one's own young is anything but the ultimate desperate act?

Judge McCann repeatedly reminded the jury that our trial for blocking the abortion clinic had nothing to do with the rightness or wrongfulness of abortion. We seven, defendants felt differently. Appearing in his courtroom was like wearing masking tape over one's mouth and then being told to defend oneself.

No juror had a second's doubt as to the "proper" verdict Judge McCann expected of them. Those who act to rescue do so with the conviction that a human life is in imminent danger of destruction through abortion.

This, the essential element in any rescue action, was improperly removed from jury consideration by Judge McCann. The jury had less chance of deciding the real issue than does a pre-born child have of escaping the killing saline solution.

WHEN THE guilty verdict was announced in Judge McCann's courtroom, an especially moving moment occurred.

An elderly man in the first row of The courtroom spoke in a quiet but strong voice and said, "God would ; have found you innocent."

Judge McCann's statement that we never bothered to inquire about our sentences is untrue. The transcripts of the sentencing procedure is filled with repeated requests for clarification and articulation of the rationale for the punishments imposed.

Judge McCann, acting in the name of the citizens of Livonia, pronounced sentences not rationally related to the "crimes" or "criminals"

In his guest column, the judge also discussed fine people like Martin Luther King-Jr., Mahatma Gandhi and Bobby Sands. I'm not sure why he mentioned them, though. I guess he was just making the point that if he's tried them with us they also would ! have spent the night in the Livonia Jail (great acoustics for singing hymns, though!).

One of my sisters gave a child up for adoption. A second sister was given a child through adoption. What profound gifts my family has giver and received!

I know one day my life on this earth will end. I will stand before my God. If He asks: "And during your lifetime, my child, what did you do to prevent the slaughter of my beloved unborn?" I will raise my eyes to God and I will answer.

The issue really hit home for me last year when my mother was hospitalized shortly before she died. I watched the massive amounts of blood needed to stablized her condition, thought about the highly publicized blood shortage and knew it was time for me to do my part. KIDNEY FAILURE AND ARTHRITIS Individuals with failing kidneys are subject to a number of muscle aches and bone pains characterized

by being recurrent, unexpected and prolonged. These pains arise because the kidneys are responsible for keeping the body's calcium, phosphorous, and hydroxy ion in a chemical balance; when the kidneys begin to fall, the balance is destroyed. The result is that combinations of these chemicals precipitate where tendons anchor into bone and where ligaments bind bone to bone, and cause an irritation like a

These precipitations usually are not seen on x-rays. Thus, their presence is difficult to ascertain, and their extent cannot be established with certainty. Treatment presents further problems as most of the medications used to

counter inflammation are removed by the kidney. With the kidney impaired, these drugs remain in the circulation and can reach concentrations which are toxic to the stomach and liver.

Steroid injection is often used to stop the muscle and bone conditions brought on by kidney failure. As the underlying failure is rarely reversed, and often progressive, this therapy may need to be repeated frequently.

League offers county guide

An 84 page handbook, Wayne County Government, published by the League of Women Voters is now available free from area county commissioners.

The book, illustrated with photos and graphs, describes the history of Wayne County, its departments, intergovernmental relationships and election. An added attraction is the story of the restored historic Wayne County Building in downtown Detroit, site of the majority of county offices.

Previous editions of the book were published in 1961, 1973. Dramatic changes in county government — a new charter, and election of a county executive — prompted the third edition.

Published through the Education Fund of the League, the project began with the support of Wayne County Executive Edward H. McNamara, Wayne County Intermediate School Superintendent William Simmons and Art Carter, chairman of the county board of commissioners.

Copies of the book are available from county commissioners Susan Heintz, R-Northville, whose district includes Plymouth and Livonia (224-0946); Kay Beard, D-Inkster, whose district includes Garden City and Westland (224-0902); Milton Mack, D-Wayne, whose district includes Canton Township (224-0944); and Richard Manning, D-Redford, (224-0930).

"This overview of county operations was made possible because many county employees with great patience and cooperation, answered questions and provided written material, charts, maps and photos," said Janice Berry, project director.

THE LEAGUE of Women Voters has published a number of handbooks dealing with government on the local and state levels. According to finance director Gloria Rottman, "This new volumne is intended as a community resource and public service from the League, to promote accessible government for the people of Wayne County."

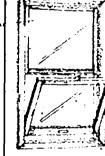

Participating League members were: editors Jeanette Katz and Henrietta Jenks; cover design, Eleanor Denton; writers: Carolyn Buell, Cynthia Burgess, Katherin Cushman, Cristine Howe, Linda Kaduk, Kay Woods and John Schoenenberg. Also Dorry Thompson, Susan Whittemore and Priscilla Chave.

The League was assisted by the Michigan Council for the Humanities, National Endowment for the Humanities, Gannett, Chrysler Corp., Detroit Edison, Ford Motor Co., Comerica, Manufacturers National Bank, National Bank of Detroit, Alfred and Betty Baume and Malcom Denise.

County workers lobby for child care

By Mary Rodrique staff writer

Wayne County's executive and legislative branches locked horns Thursday over employee child care when 100 county workers stormed a budget hearing of the Wayne County Consmission.

Group spokeswoman Valerie Steer urged the commissioners to sign a resolution in support of KidSpace, Inc., an on-site day care center proposed by County Executive Edward McNamara to operate in the Wayne County building in downtown Debroit

The workers, including several pregnant women, accused the commission of stalling on the plan initiated last February.

"They've been sitting on this thing" for three months. We're trying to get them to put it on the agenda and they won't," said one county worker. Steer, an assistant prosecutor who expects her first child in August, said all 27 unions representing county workers support the proposed center. The Northville woman was there as a representative of the Wayne County Bar Association.

The commission took no immediate action, but scheduled a committee hearing Tuesday morning. During the commission's regular meeting which followed the budget session, Chairman Arthur Carter blasted the proposal as ill-timed and inappropriate.

"While I support the expansion of child care options, I question the use of scarce county resources to provide a new benefit to only 100 cm-ployees out of 4,500 in our work force," he said.

"I simply do not believe that the county can afford this program. In the first quarterly report for this fiscal year, the county executive pro-

jected a general fund deficit of nearly \$1 million."

The plan calls for a center licensed for up to 90 children. The program would be operated by the Merrill Palmer Institute of Wayne State University. The program would cost the county \$350,000—from funds reserved to repair the crumbling exterior of the Frank

Murphy Hall of Justice. After the start up contribution, the center would become self-sufficient.

"It may seem ironic, but the escalating cost of responding to truly desperate children — the homeless, neglected, abused and delinquent — has become a major financial impediment to the county offering day care to children in more for-

tunate circumstances," Carter said.

"I must recommend that this commission exercise extreme caution,"
and refuse to approve any commitment for general fund spending not
already included in the current
budget."

Steer said she was shocked by Carter's statement.

"The money was sitting there for KidSpace," she said. "Further, studies done show child care problems cost the county more than (the center) due to tardiness, absenteelsm and lack of productivity.

"We wil) have a contingent at Tuesday's meeting," she vowed.

Friday afternoon Carter said he would ask the commission to explore the possibility of entering a joint agreement with city of Detroit employees to create a child care program to benefit both employees.

County to join 'Eyes and Ears' safety program

Wayne County will join the "Eyes and Ears" program initiated by the public utilities.

"Eyes and Ears" identification decals, supplied by Detroit Edison, have been affixed to more than 275 orange Wayne County Department of Public Service radio equipped vehicles. The purpose of the logo is to alert the public, especially young people, that the vehicle is an emergency reporting station and the county employee operating the vehicle is trained to request emergency assistance.

"We must take every precaution to protect the safety of our young children, especially during the summer months," said Wayne County Executive Edward McNamara.

"Our drivers will provide a temporary refuge to a young person in trouble until the police arrive or alert authorities of any suspicious

activities they may observe."

THE PRIMARY focus of the "Eyes and Ears" program will be reporting suspicious persons and situations that appear to be related to sexual assaults, abductions, and rapes. In addition, they will be on the lookout for fires, burgularies and other types of crime related activities. Nearly 650 employees have been trained in crime reporting tech-

niques by Detroit Police Department instructors.

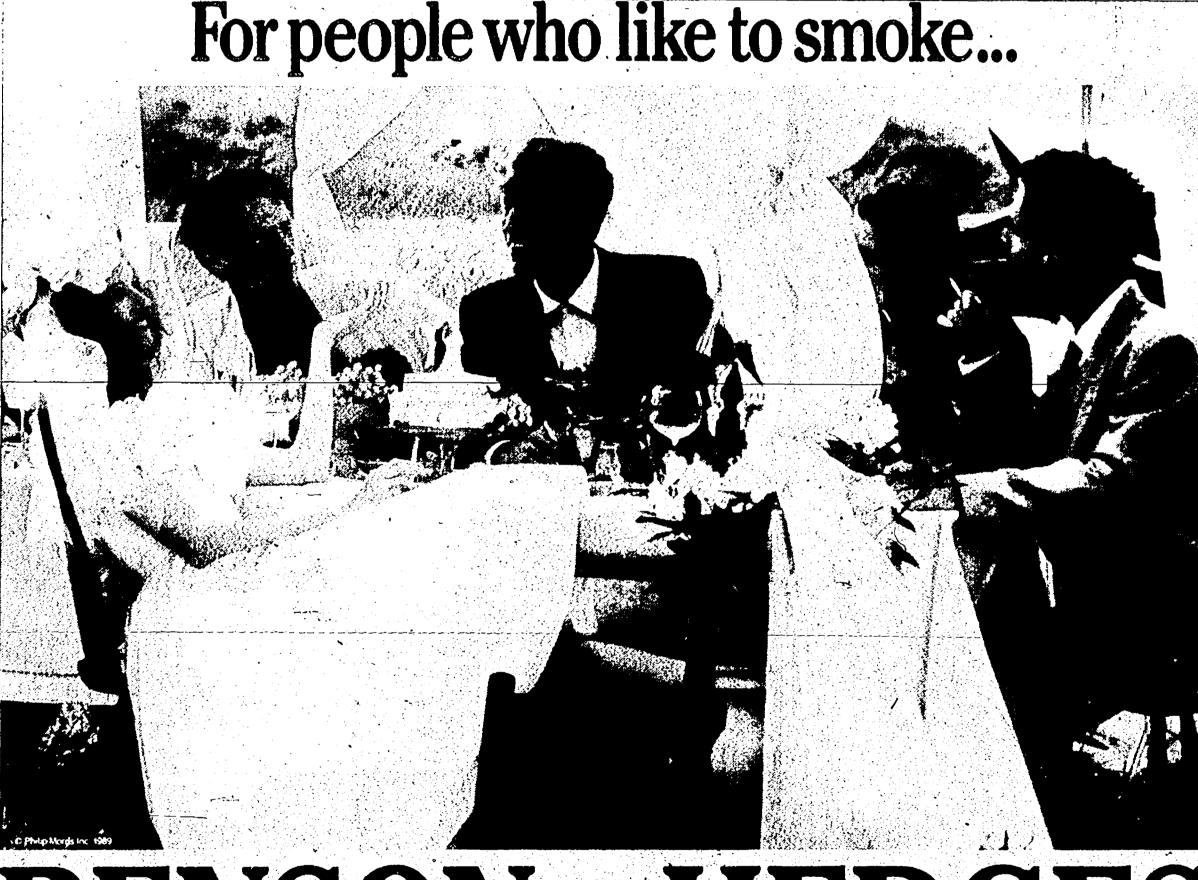

will contact their local yard dispatcher, who in turn will contact the appropriate emergency agency," said Russell Gronevelt, public service director. "Our employees have been advised to observe and report, not attempt to apprehend offend-

s." McNamara is urging all parents to

caution their children to be on the lookout for suspicious characters this summer and be able to recognize the eyes and ears logo to seek assistance.

"I am hopeful that many other agencies will participate in this worthy program," said McNamara. "The more eyes and ears watching our youngsters, the safer they will be."

Chicken cooks up any style

When it comes to cooking, I can think of only one food that lends itself to just about every style of cooking.

You can bake it, fry it, stew it, char it, microwave it, barbecue it and do just about anything to it except eat it raw. You can find it on the menu at the best restaurants in the country in addition to the nation's soup kitchens. It's more popular than hamburger and, in most instances, just as inexpensive to prepare. I'm talking about chicken.

Prior to 1930, chicken meat was mainly the by-product of egg production. Birds who were no longer producing eggs at a satisfactory rate were sold for meat purposes. In 1934, almost four billion broilers were produced, 115 times as many as 45 years earlier.

Today, proffer production is so concentrated and so highly commercialized that the industry can now be classed as a poultry factory rather than a farming operation. The United States alone produced more than seven billion tons of poultry in 1980.

Today, processors sell about 54 percent of their broilers as whole birds, with 38 percent as cut-up and a measly eight percent further processed into nuggets, canned products or whatever.

WHILE GROWING UP in Wyandolte, Momma usually reserved chicken as a Sunday maincoulde entree. It was served with the proverbial mashed potatoes and dvercooked green beans that you could eat without teeth in your mouth.

Today's yupple kitchens serve chicken as a main entree on the average of two times per week. Momma always roasted or baked the bird and usually served it whole, with Dad serving as the carver a la Thanksgiving dinner.

Today, chicken can be seen not simply as an entree by itself but also stir-fried in woks with assorted vegetables or baked in numerous casseroles with rice, vegetables and the ever-present Campbell's soups. Restaurants are serving the bird stuffed, grilled, smoked and garnished with sauces that range from sweet Vidalla onlons in a light cream to a dried Michigan cherry sauce that sweetens up an otherwise too-bland-tasting product.

Prior to cooking, it's important to remember to store and handle chicken properly. You can store chicken in the refrigerator for a few days (no more than three) with temperatures between \$5-40 degrees.

Keep the birds in the coldest part of the fridge, preferrably in the meat keeper. Wrap poultry properly for refrigeration. The plastic wrap that is on the chicken when purchased is designed to control moisture loss in the refrigerator. Haw poultry wrapped in paper should be unwrapped. placed on a platter and then recovered with plastic wrap for refrigeration.

CARE AND CLEANLINESS should always be used in the preparation, cooking and serving of chicken. Momma always reminded us to wash the poultry thoroughly before cooking. It's best to cook the chicken completely at one time rather than cook, store, and finish cooking at a later date.

Restaurants and homemakers alike should be concerned about cross-contamination when cooking any type of poultry. Simply put, never prepare chicken on cutting boards and countertops without a complete clean-up before preparing other foods. Today's mass production of the birds can literally make them a haven for bacteria and food contaminants.

Always cook chicken until the julces run clear. Period. As with any meat or fish, chicken is at its prime no matter how it is cooked when it is not everyone. Remember that the breast cooks more quickly than the dark meat, so it is often removed from the pan or the skiller first, or added later.

Tea Hostess Pauline Palazzolo serves tea to Geraldine Granfield of Birmingham (left) and Elizabeth Hartjen of Royal Oak in the charming lobby of Birmingham's Townsend Hotel. The English ritual is presented in the authentic

ETAILS MAKE the difference. The Townsend Hotel in downtown Birmingham across from Shain Park, attends to the multiple details that go into serving an authentic tea in the English manner.

"A lot of little things make it right," said tea hostess Pauline Palazzolo. Tea, of course, has come to mean more than the bracing brew favored by the English. It's a light meal served in the afternoon to stave off hunger until the late, English dinner hour.

Through generations, the tradition of afternoon tea has evolved into a ritual pleasure that not only satisfies the appetite but nourishes the civilized spirit as well.

PALAZZOLO SAYS before the hotel began serving tea in the lobby three months ago, the staff spent several months perfecting the details - combing English cookbooks for traditional recipes, taking tea at restaurants and hotels in Canada and Chicago, and shopping for the china, silver and linens they would need to order to serve an authentic English

With abundant polished brass, rich wood paneled walls and gracious service, the 67-room Townsend recreates the style of European hotels. The lobby captures the ambiance of an English drawing room, with plush rose-colored sofas, a large flowered rug and a scattering of English floral-print pillows.

STEPPING INTO the dark-paneled room with its elegant, but comfortable furniture clustered near the fireplace is like stepping out of the harried present into an older, more refined era. The decor sets the tone

for tea as respite from the day's hubbub, as a time out to savor the south ing comfort of gracious tradition.

Tea leaves must be loose, and the pot should be china because those who know tea say metal teapois and teabags taint the tea's pure flavor. At the Townsend, guests choose from imported loose teas such as Earl Grey, Darjeeling, English Breakfast, Jasmine, Cinnamon, Chamomile and

Embroidered linen napkins come from Ireland, and the utensils used are all silver - down to the strainer to catch loose leaves when tea is poured. The Ritz Carleton Hotel, off Southfield Road at Hubbard Drive, serves tea Mondays-Thursdays, from 2:30-4:30 p.m., and Fridays-Sundays, from 2-5 p.m., in the tea ream off the hotel lobby. You can be picky about strawberries

By Anne Lehmann special writer

Whether you're a gourmand always searching for the freshest ingredients for the finest fare, a doit-yourselfer who enjoys home canning, or a family on the lookout for a fun outing, rejoice. It's the height of Michigan's strawberry picking sea-

According to John Sherman, owner and operator of the Strawberry Patch, a U-pick farm in Milford, the crop of these fragrant and robust morsels is bountiful, and the picking is great, thanks to a relatively frostfree season. Happily, the opportunity to pick your own abounds in Wayne and Oakland countles.

Besides providing a morning of outdoor fun, picking your own strawberries has definite advantag-

THE FLAVOR of this fresh-picked fruit is unquestionably superior to that of the store-bought variety. Those who have eaten berries fresh from the garden will attest to their ambrosial qualities. Sherman attributes this to the fact that the shipping berries one often finds on store. shelves are usually picked 40 percent green. If you are one to use large quanti-

ties of the fruit, it makes economic sense to pick your own. You get quality goods at reasonable prices. Sherman said it is not uncommon for pickers to take away a hundred

pounds of the fruit, many of them people with big freezers or restaurant owners hand picking for their discerning clientele.

Finally, picking your own strawberries is the ultimate in quality control, assuring that there will be no surprises at the bottom of the quart. You know what you are getting down to the very last berry.

If the taste and visual appeal of this versatile fruit hasn't yet sold you on an excursion to one of the local U-pick farms, consider this strawberries are low in calories and rich in vitamins. age children are permitted to join in the fun.

• Plan to pick in the cooler hours' of the morning. Berries that are picked after it gets hot remain hot in the container and spoil quickly.

 Bear in mind that strawberry? picking can be a messy affair, so stick with old, sensible clothes that will also protect you from the sun and insects. • Select firm, dry, shapely, glos-

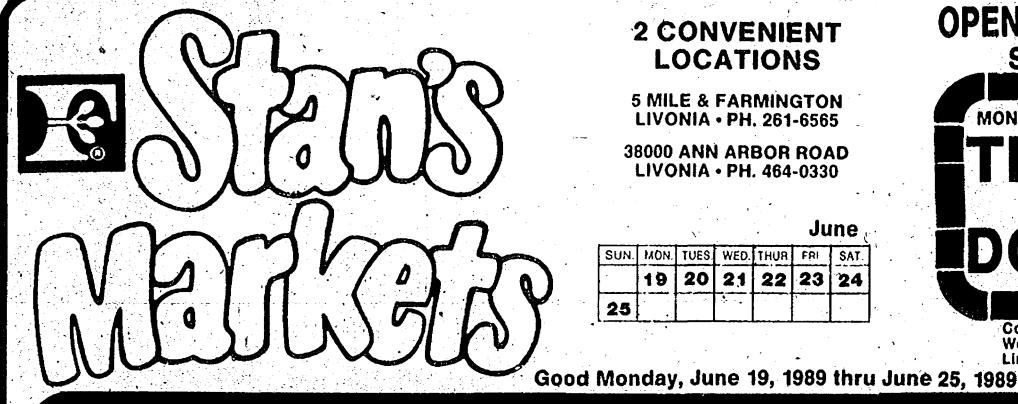

sy, dark red berries that have green caps. Avoid berries that are pale in color or that have white shoulders. Immalure berries such as these won't ripen after they have been picked.

• Don't wash or hull berries until you are ready to use them. Berries will stay fresh and delictous up to one week in the refrigerator.

BY LAURIE KIPP

Michigan has had a Lotto game for nearly five years now. Nevertheless, read-ers still have a lot of questions about the game and especially its winners.

Q. How many winners have there been?
A. Through the end of May, more than 3,500,000 players have won Lotto prizes. That's the equivalent of about one prize for every two adults in this state.

Q. How much have they won? A. Since the original Lotto game's start in August of 1984, players have won over \$1,975,000,000. At this rate, prizes may reach \$2 billion in July.

Q. How many jackpots have been won? A. As of this writing, 359 players won or shared jackpots worth more than \$960,000,000. This includes 36 lottery

Q. What was the largest jackpot?

A. Michigan's record of \$33.5 million was set September 17, 1988. Two lucky winners shared that prize. Q. What was the biggest individual prize?

A: A \$17 million jackpot was won by a two-member lottery club on February 13, 1988. Q. How have players matching five or four of the winning numbers fared?

A. They have done pretty well for themselves, too, collecting a total of more than \$400,000,000. The largest prize for matching five numbers was \$4,602 on January 25, 1989. The top prize for matching four numbers, \$144, came on June 21, 1986.

Q. How long has Michigan's Lotto game gone without a jackpol winner? A. Seven consecutive rollovers led up to the record jackpot last September.

Q. Why are lackpots in some other states larger than Michigan's?
A. The odds of winning are much longer in some other lotteries, so more rollovers occur, boosting the size of the jackpot. For example, Illinois' game requires players to match six of 64 numbers. The odds of doing this are about one in 13 million, compared with Michigan's odds of about one in 2 million.

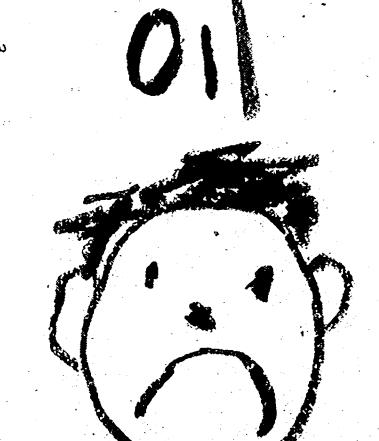

Q. Why doesn't Michigan offer a game with bigger jackpots?

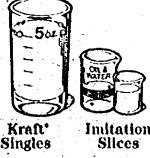

A. This has been a progressive step in other states when sales decline as players lose interest and want a chance to win larger prizes. We are considering the possibility at some future time here in Michigan.

Q. Why are jack pots paid over 20 years? A. This is done to offer bigger prizes to winners. Funds set saids for jackpots are invested, with winners getting all the principal and interest earned. Without the 20-year plan, jackpots would only be about half the size they now are.

Because the Townsend staff chooses to honor tradition, the daily tea menu always includes some classic fare, but the chefs also like to vary the presentations day to day to offer something new to regulars. One day the seafood or chicken salad will be served as a puff pastry, another day in a croissant, or in fillo

Sandwiches and desserts may vary, but Scottish scones are always served as the second course of tea. To be authentic, bisquit-like scones must be served with Devonshire cream and fresh fruit preserves. Pastry chef Don Palmer adds the sweet/tart flavor of dried cherries to his scones for a uniquely Michigan recipe praised by British guests who know a good scone when they blte into one. Devon cream is similar in

consistency and flavor to sweet unsalted butter.

THE DESSERT course offers multiple confections prepared in the Townsend kitchens. Chocolatedipped strawberries, small layered brownles, tea cakes and lemon curd tarts appear frequently on the traditional three-tiered plate used for the three courses of tea. This summer Palazzolo hopes to add cold soups and trifle to the tea menu.

Milford ace sends CC to the sidelines

By Brad Emons staff writer

They went through their postgame ritual, passing a baseball down the line from player-to-player until pitcher Matt Carter, the last link, slam-dunked it into a canvas bag.

It was only fitting that Carter, a senior left-hander, would do the honors after he outdueled Redford Catholic Central ace Leo Hutchinson, giving Milford a 2-1 victory against the Shamrocks in the state Class A semifinals Friday at Lansing's Municipal Park.

"We started doing that (routine) a

few games ago and he (Carter) was the obvious choice today," said Milford coach Mike Shearer, who spent the previous 13 seasons at Livonia Clarenceville. "That's only one run that Matt has given up now in 17 innings."

The chilly 9 a.m. start may have had an effect on the lack of punch delivered from the plate.

Carter, who struck out six, while scattering four hits and five walks, ran his record to 12-2 with the victory.

And while Carter was deserving of the win, Hutchinson's performance

was nearly a masterpiece, even in defeat.

THE SENIOR LEFT-HANDER, possessing an effective fastball, was the victim of two unearned runs. He finished his six-inning stint with no walks and five strikeouts, bowing out with a 15-3 personal record.

"It was a good pitching duel," said Catholic Central coach John Salter, whose team finished 25-10 overall. "We scored seven in each game last week (at the regionals), but he (Carter) was a little better pitcher today. He was able to shut us down.

"He (Carter) may not be as fast, but he moves the ball around and hits the spots. And he never walked more than one at a time."

It was a scoreless duel until the fourth when Milford struck for its only two runs.

With one out, catcher Jeff Irish, a recent seventh-round draft choice of the Toronto Blue Jays, opened the inning with a single.

Joe Gibson then hit into a potential double-play, but third baseman Keith Boyzk's throw to Mark Clary at second was a little low. Clary, unable to hang onto the ball, was charged with an error, leaving both runners safe.

CATCHER KEVIN WHEELER was caught off-guard, giving up a passed, moving Irish to third base and Gibson to second.

That set the stage for right fielder Greg Wilhelm, who reached out and lined a 1-2 Hutchinson pitch to right field, scoring both runners.

Gibson beat the relay throw to the plate (Paul Pirronello to Pete Elezovic to Wheeler), but not before eluding the tag with a head-first dive.

"The ball was there in time, but our catcher was too far up in front of the plate and couldn't get the tag

down in time," Salter said. "The one inning cost us. The throw to second was a little low. We had a double-play ball, but all you should try to get is one (out). That's what we try to tell them.

"But 'Hutch' held them close and he kept us in the game. We still had our chances."

CC stranded four runners over the final three innings.

The Shamrocks got their only run in the top of the seventh when pinch hitter Brett Welling walked one out. Pinch runner Bryant Holly advanced to second on a fielders choice and scored on Chris Tomasi's single.

But with two outs, Pirronello ripped a hard smash that hugged the right field line, only to have Milford first baseman Darrell Davis knock the shot down and step on the bag for the final out.

"HIS (CARTER'S) fastball moves away from the hitters and his

changeup with the curve keeps them off-balance," Shearer said. "Today Matt was pleasingly wild, but he was on the corners (of the strike zone) all day. He knows how to set up the hitters and today we played good defense again."

For the fifth straight game Milford went errorless. — —

CC, meanwhile, played solid defense for the most part, except in the pivotal fourth inning.

"I expected a tight game and I figured it would be one run," said the Milford coach. "Hutchinson, no doubt, is one of the top two or three pitchers we've seen this year.

"One break is all we needed and the CC error opened the door. We took advantage of that mistake."

Analyzing the outcome, Salter reflected back on his team's 1987 state championship run.

"I think we used up all of our miracles two years ago," said the CC coach. "With two good left-handers going I figured it would be a close game.

"I'm happy to get this far and happy with our season, but I guess you're always disappointed when you get this far and don't win it."

MILFORD CARRIED a deceiving

23-11 record into Saturday's state championship final against Harper Woods Notre Dame, which advanced with a 7-3 victory over Saginaw Heritage.

For Shearer, who never reached a

district final in his 13 years at nearby Clarenceville, it's been a sweet ride, regardless of the final outcome. "I told our hometown newspaper

guy (Matt Seidl of the Milford Times) all I'm doing is sitting back and watching some great athletes playing at the top of their games. And we're having fun playing."

Thanks to Carter's outing and a

break from CC, Shearer's view has been a pleasant one.

Belaire era ends with top boys honor

Chris Johnston tries to stir the Catholic Central troops up as

they but during Friday's Class A semifinal against Milford.

By Steve Kowalski staff writer

The All-Observer boys track team is an intriguing group, one that includes strength, speed, brains and Jason Belaire — who happens to have all three qualities.

Belaire, a four-year letterman at Livonia Churchill, is Observerland's 1989 Trackman of the Year. Belaire also lettered in football and basketball, and is extremely bright in the classroom.

Belaire owns three school records and two Western Lakes Activities Association standards, and he will be remembered most for his all-around ability. This year, he finished sixthat the Class A meet in the 300-meter hurdles and won the regional high jump.

"It has really been a pleasure to have such a tough competitor and talented athlete all wrapped up in one body," Churchill coach Fred Price said. "His contributions to Churchill track have been many and we will miss him dearly."

The Coach of the Year is Richard Gordon, who guided Westland John Glenn to the WLAA meet title, as

well as a regional crown.
Introducing the 1989 All-Observer boys track team:

FIELD EVENTS

Jason Gutting, Farmington, shot put: Gutting, a senior, won the Western Lakes Activities Association meet with a throw of 18 feet, 5 inches. His toss of 50-2 at the Oakland County meet gave him third place and it was Observerland's best this soring.

Gutting was fourth at the regional (47-81/2) and he won the Farmington City Meet.

"Jason has been extremely conscientious and a pleasure to coach," coach Jerry Young sald. "When a big, talented athlete becomes motivated to practice hard and improve technique, the result usually produces a champion. His future is going to be exciting and very rewarding."

Zaim Cunmulaj, North Farmington, discus: A three-sport star, Cunmulaj capped a brilliant high school career by placing (irst in the discus

all-area boys track

at the Class A meet. Cunmulaj, who also was an All-Observer football player and wrestler, had the area's best throw, 163-11.

The team captain captured the WLAA meet crown, placed first at the regional, and second in the Oakland County meet.

"Zaim's a great person and a hard worker," coach Mark Bechard said. "He works with the other discusthrowers, helping them out. I do not think Zaim has reached his full potential in the discus, having thrown only for two years. And if he throws in college, he should be a good one."

Wendell Smith, Wayne Memorial, long jump: The senior was Wayne's most valuable performer, and his long jump of 22-41/2 broke a school record.

Smith won both the high jump and 300-meter hurdles at the Wolverine A League meet. He cleared 6-7 in the high jump indoors, and this spring his best jump outdoors was 6-5. Smith also competed on occasion in the 1,600 meter relay.

"Wendell's versatility made him a

Jason Belaire Churchill

key member on Wayne's co-championship (Wolverine A) team," said Joe Grasley, whose team tied Class A runnerup Monroe for the Wolverine A regular-season title.

Jason Belaire, Churchill, high jump: The Jason Belaire Era has ended, but his records might never be forgotten — or broken any time soon, for that matter.

The Observerland Trackman of the Year exits with school records in the 300 hurdles (39.4); 110 hurdles (14.4); and high jump (6-8). He also leaves with WLAA records in the 110 hurdles and high jump.

Among his accomplishments this spring were: regional champion, high jump; sixth place, Class A meet, 300 hurdles; titles at the WLAA meet in the high jump, 110 hurdles, and 300 hurdles; 110 hurdle champion at the Observerland Relays.

Belaire also figured in three of the Chargers' four relay events during his career. He was a three-time MVP.

Mike Bianchi, Redford Union, pole vault: Blanchi, a senior, was a Northwest Suburban League champion, and a runnerup at the regional. His best clearance of 12-6 gave him Observerland's third-best jump.

He also cleared 5-9 in the high jump and posted a time of 53.9 in the 400 run.

"Mike works hard," coach Jim Gibbons said. "He takes pride in his performance and the way he represents himself. He's a great team leader"

RUNNING EVENTS

Tiberia Patterson, Catholic Central, 110 hurdles: The Catholic-League champion established a school-record in the 110 hurdles, clocking 14.2. Patterson, a senior, won the Operation Friendship championship against the Detroit Public School League, and he was a state qualifier.

"Tiberia made remarkable progress, as this was only his second year running track and first year running hurdles," coach Keyin Kavanagh said. "He became a mainstay of the team this year,"

National team berths at stake

EAM USA, the few, the best, the cream of the crop. The final selection will be determined by a series of competitive bowl-offs until the finest amateur bowlers will be chosen to represent the United States in international competi-

Last Saturday, the Michigan statewide finals were held at Super Bowl Lanes in Canton. The top four men and four best women bowlers qualified for the next step in the process which is the regionals, July 8-9 in Dayton, Ohio.

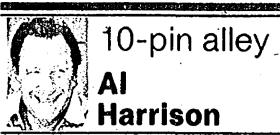

After that the national finals, It was Team USA which provided the competitors for the 1988 Summer Olympics and Pan American games in 1987.

The winners at Super Bowl were Jerry Austin of Sparta, who rolled up 1,924 pins for the nine games, averaging 214. Sid Moorin took second (1,913) and Tony Stipcak was third (1,883). Tommy Edwards finished fourth.

Although he did not make the cut, Eddie Gazdag of Canton rolled the highest game with a 280. Paul Hutchinson of Garden City was second highest with a

The women bowlers were led by Lisa Bishop of Belleville with a 1,796 total for the nine games. Lisa is a YABA bowler, one of the top youth league bowlers in this area. Second was Deborah Blakely of Detroit. Linda Painter was third and Jeanna Gebbia fourth. The high game among the ladies was by Paula Young of Bay City with a 250. We congratulate the winners and wish them the best of luck at the next stop in

• For those bowlers who take their game seriously and would like to improve, the summer time is ideal for getting the extra practice time. There are open lanes available most of the time and rates are usually lower.

Warning! If you do get a chance to practice, you should be sure that you are not just practicing mistakes. This is the time to consider professional instruction. Generally, an instructor will charge somewhere between \$15 and \$30 for a lesson. This is well worth it if they will correct whatever faults you have and get you in the "groove" so that your practice time will be of more value to you. Some of the local bowling instructors work for a pro shop, some are connected with a particular bowling center, and others are able to operate from their phone at home and meet you by appointment. I have compiled a list for this area, and if you want to be a better bowler, give it a try.

While most teenagers are rejoicing at the end of another school year, Jason Whitfield gets little time to celebrate.

The sophomore at Livonia Franklin has a busy daily schedule, whether school's in or out. He travels an hour a day, four days a week, for 31/2 workouts in Filmt, then drives to Dearborn twice a week for 90-minute workouts.

All in pursuit of an 11-year-old quest: "It's been my dream to be in the Olympics since I was 4."

That was how old Whitfield, now 15, was when his mother took him to Westland's Bailey Center for a recreational gymnastics class. He's been enthralled by the sport ever since — or at least since watching Kurt Thomas compete for the U.S. a

At the U.S. Gymnastics Federation Region 5 meet May 6-7 in Miamisburg, Ohio, Whitfield finished third in the Class II (13-15-year-olds) allaround with 101.00 points. His score qualified him for the USGF Junior Olympic National Gymnastics Championships June 30 to July 1 at the University of Wisconsin-Oshkosh.

AT STAKE at the national meet is a berth on the national junior team, which includes a training session at the U.S. Olympic Training Center in Colorado Springs, followed by two weeks of meets in Europe.

'I thought I could have done better (at the regional). At the state meet I scored 105, But the judging gets tougher as the meets get better.

It's the kind of opportunity Whitfield has been striving for, the kind that would put him on course for a 1992 Olympic team berth.

It would also avenge last year's narrow miss. The top 10 finishers at the Junior Olympic meet make the national team; Whitfield was 12th in '88 by just four-tenths of a point in the all-around, which consists of six events (floor exercise, pommel horse, rings, vault, parallel bars and horizontal bar).

This is Whitfield's final year in Class II. Class I is for 15- 17-yearolds, but Whitfield's plans are to bypass it and go directly into the elite division, which is open to anyone who can perform the elite

in which he totalled 15.15. "The pom-

mel horse is my worst event," he said. "I spend twice as much practice time on it. It's the kind of event you need to spend time on. It takes a lot of experience."

Since Whitfield's work ethic has paid off before ("I wasn't all that good in the floor exercise before I started getting the hang of it"), it seems his extra attention will again earn him success on the pommel

BUT THAT'S only one of his goals, a part of his immediate plan to make the national team. The two gymnasts who finished ahead of him at the regional, Drew Durbin and Blaine Wilson, both members of the Columbus (Ohio) Gymnastics Academy, will be his biggest rivals at the Junior Olympic meet.

There were competitions during the year where I beat both of them,' said Whitfield. "I thought I could have done better (at the regional). At the state meet I scored 105. But the judging gets tougher as the meets get better."

If Whitfield does indeed finish among the top 10 and qualifies for the national team, he will begin pursuit of his second goal - mastering the elite routines and moving up.

"That's probably what I'm going to do," he said. Why? "Because I have to start getting ready for the 1992 Olympics.'

Which remains the ultimate destination on · Whitfield's gymnastics

Ferlin Whitlow, John Glenn, 300 hurdles: Whitlow proved he was a quick learner, making a big impact on the Glenn track team in his first year of competition.

The senior was the 300 hurdle Dick Waters meet champion, he was second at the regional in the 300 hurdies, and second in the 110 hurdle and 200 dash at the WLAA meet.

His best time of 38.7 in the 300 hurdles is a school record, and it led Observerland.

"Ferlin's an outstanding runner and person," coach Richard Gordon said. "It's a remarkable achievement for a first-year runner."

Chris Woodbeck, Redford Union, 100 meter dash: The NSL champion in the 100 and 200 races, Woodbeck was undefeated in dual meets the last two years. Woodbeck was a state qualifier in the pole vault, clearing 13-0, the area's best.

His best time of 10.8 in the 100 is a school record.

"Chris is hard working, a quality person and a pleasure to coach. Gibbons said.

Steve Johnson, Bishop Borgess, 200: A senior, Johnson was seventh at the Class B meet in the 200 dash, and second at the regional. He led Observerland with his best time of 22.4 in the 200, and he tied Woodbeck for the best 100 time, clocking 10.8. Johnson also ran the 400 and 800

relays, and carries a 3.0 grade point "He's the greatest kid I ever coached," coach Greg Dukes said.

Carl Lowe, John Glenn, 400 dash: Lowe was the WLAA champion in

the 400 run and was crowned regional champion in the 800 run. He clocked 1:56.2 to take ninth place in the 800 at the Class A meet, and was the Dick Waters Relays 400 champion with a time of 49.4. "Carl's a hard working and dedi-

cated runner," Gordon sald. "He's a great competitor who can bring you from behind to the top."

Chad Burgess, Harrison, 800 run: Burgess, a senior, will leave Harrison with records in the 800, 1,600 and 3,200 races. He was second in the regional and fourth at the Class B meet in the 800 run.

He tied Lowe for Observerland's best time in the 800, clocking 56.2, but he was unable to perform at the WLAA meet because of a fatigued knee. A three-sport standout, Burgess injured his knee during basketball season, limiting his effective-

"His commitment, dedication and training habits are an inspiration to all of his teammates," coach John Shumacher said. "He is a fantastic young man who has received much athletic recognition, yet is very level-headed."

Mike Sheridan, Catholic Central, 3,200 run: Sheridan, who has a year left at CC, is a two-time defending Catholic League champion, who also won the regional and placed first in the Operation Friendship.

His best time of 9:36.7 placed him well ahead of everyone else in Observerland.

"He's one of the best athletes in the area," Kavanagh said. "He's rated at or near the top in the 800, 1,600 and 3,200 runs. He's a hard working, intense competitor."

RELAY EVENTS

Wayne, 400 relay: Aaron Allen, Demetrece Welsh, Shayler Barnes and Dave Rodriguez were Wolverine A League champions and placed third at the regional. The foursome's time of 44.1 accounted for Observerland's best clocking.

Wayne, 800 relay: Allen Buford, Demetrece Welsh, Dave Rodriguez and Dureyah Tatum blazed the track this spring, winning the Observerland Relays, placing second in the Wolverine A League, and third at the regional. Their time of 1:29.6 led Observerland.

John Glenn, 1,600 relay: Undefeated in dual-meet action this spring, the foursome of Steve Wisely, Ferlin Whitlow, David Ryan and Carl Lowe won the Dick Waters, Elks Relay and WLAA. They were third at the regional, missing the state qualifying time by .2 seconds. Their best time of 3:25.4 was the best in the

Tragedy points up need for group homes

By Janice Brunson staff writer

Three weeks ago, Brad Garvelink. 24, the son of Birmingham school Superintendent Roger Garvelink, sustained permanent brain damage after being hit by a truck in front of the group home for the mentally ill in Grand Rapids, where he was liv-

The accident was the latest tragedy in the life of the young Garvelink, the middle of three sons, a Groves High School graduate whom his father said was "Mr. Personality, very bright, quite athletic and a real leader" until struck with mental illness at the age of 17 in 1982.

In the agonizing years since, nearly half a million dollars has been spent on Brad's medical care and living accomodations, including nearly three years in a private psychiatric hospital for adolescents in Minnesota called the Wilson Center.

Last August, he transferred to the group home in Grand Rapids, a private facility called Hope Rehabilitation Network that cost the Garvelinks anywhere from \$1,100 to \$2,500 monthly, depending upon Brad's condition and the services he requires

each month. Located 150 miles from the family home in Birmingham, the facility was selected because similar hous-

ing was not available in Oakland County.

"IT'S HARD TO BELIEVE. One of the weathlest countles in the country and unable to help its mentally ill. We're much more generous to our troubled-well (patients suffering from temporary conditions who are expected to regain mental health) than to our chronically III. It's really a crime," Roger Garvelink said in frustration.

The only local alternative for Brad was hospitalization at Clinton Valley Center, a public psychlatric hospital in Pontiac, at a cost of \$300 daily.

"It's a ridiculous expenditure, especially since what he needed cost much less. Michigan is centuries behind in caring for its mentally ill," Garvelink added.

In fact, for every Oakland County resident suffering from mental illness who is adequately housed, it is estimated another two are not.

Last June, for example, there were 2,105 beds in foster and group homes, offering varying levels of supervision, rehabilitation and support services. Another 75 or so beds prowide independent living arrangements for those requiring minimal supervision. Of the total number of beds, three-fourths were allocated to the mentally retarded and the elder-

Three weeks ago, Brad Garvelink, 24, the son of Birmingham school . Superintendent Roger Garvelink, sustained permanent brain damage after being hit by a truck in front of the group home for the mentally ill in Grand Rapids, where he was ? living.

Based "on the number of phone calls we receive for help, that we can't help, that eventually stop calling for help," Glen Jackson of Oakland County Community Mental Health Services estimates there are 2,000 or more mentally ill persons "out there who are not getting (hous-

ing) services.' Most live alone in unsupervised settings or with family members who are poorly equipped to deal with the demands of chronic illness.

SOUTHFIELD ATTORNEY Phil Tomlinson, president of the Oakland chapter of the Alliance for the Mentally Ill of Michigan, claims a shortage of adequate housing is the fault of the county's Mental Health Services board, which he said refuses to assume full-management status that would permit housing development.

"There are no innovative, state-ofthe-art résidential possibilities here because the county refuses to assume its responsibility. It's a great shame, resulting in a chaotic housing situation." Tomlinson said.

He blames the situation as the primary reason his 35-year-old sister, diagnosed a schizophrenic 15 years ago, has been hospitalized the past nine years. Had there been adequate housing, "she definitly would have been released earlier."

In an effort to spur county action, the alliance has filed a class action suit calling for "adequate and appropriate" mental health care in Oakland County. "We hope to improve the situation' by compelling the (mental health) board to spend money on adequate housing and staffing," Tomlinson said:

Presently, the number of patients seeking release from Oakland County's only psychiatric hospital, Clinton Valley, numbers 65 to 70 at any given time, according to Michele Utterson of the center.

"If a person is fairly high functioning and is reasonably cooperative, placement is not much of a problem. But those with specialized needs could remain here indefinitly," Utterson said.

"A LIFETIME OF GRIEF" is how Dorothy McQueen of Southfield describes watching a loved one slip from family embrace into the horror of mental illness. In 1975 her son.

then 25, was diagnosed a paranold schizophrenic. In 1979 she helped found the alliance.

Two years ago, members of the alliance purchased Grayling House in Farmington, a six-bed living facility licensed and operated by the state. The group's efforts to purchase a second house were rebuffed by state officials, who said there wes no funding to operate a second home.

In addition to licensing such facilities, the state is also responsible for all but a very few placements, based on exacting formulas. Two beds at Grayling House, for example, are reserved for patients discharged from psychiatric hospitals in the "catchment" area, which includes the Clinton Valley Center, Lafayette Clinic in Detroit and the Ypsilanti Regional Psychiatric Hospital.

Brad Garvelink was not eligible for such a placement because he was discharged from a hospital in Minne-

"They couldn't help us in any way, except to say put him in Clinton Valley, even though we were told his condition would probably regress there," Roger Garvelink said.

"It's ironic. When Brad needed help for his mental problems, we couldn't find it. But when he was struck by a truck and lay dying, he received the finest medical care money could buy. But it's too late."

County board will get 2, maybe 4 new members

By Mary Rodrique staff writer

The makeup of the 15 member Wayne County Board of Commissioners is changing rapidly.

Definitely two and possibly four commissioners will be leaving for new appointments.

Commissioner Edward J.

resents Dearborn and Dearborn Heights, resigned June 15 to become a district court judge in Dearborn.

The commission's administration and rules committee meets today to begin the process of naming an interim replacement. At least three candidates are lobbying for considera-

That appointment is valid for 60 days, after which time a special didate to finish the unexpired term, which ends in December 1990.

Also leaving to become a district court judge is veteran commissioner Richard E. Manning, a Democrat who represents Redford Township and a portion of northwest Detroit. Manning was not at last Thursday's commission meeting and has not yet officially resigned. He will be leava law practice to assume judicial duties for retiring Redford Township district court Judge Robert Brang.

Deputy Commission Chairwoman Susan Heintz, a Republican whose district includes Livonia, Plymouth, Plymouth Township, Northville and Northville Township, has received a letter from Kevin Kelley expressing interest in Manning's seat. Kelley is an aid to Redford Superintendent

Commissioner Milton Mack, a Democrat representing Canton Township and several southern Wayne communities, is rumored to be in consideration for a circuit court judgeship. He was unavailable for comment Friday.

Commission Chairman Arthur M. Carter, a Democrat representing northwest Detroit, is being considperintendent of Detroit Public Schools.

Carter said Friday that talks with Detroit Schools personnel are still under way.

"Nothing has transpired yet," he said Friday from his commission office. "I'm still going along here without looking for an immediate change." 🤝

The assignment sounded easy. Answer the question, "Is it hard to hit a ball traveling at 70 miles per hour?" Jim Radebaugh was game. After all, he had had some baseball "experience" as a child. He took on the assignment and lived to tell about it, but not without a few minor injuries. Find out about his brush with fame, so to speak, on Page 6D.

Floating: De-stress your life in a tube

By Janice Brunson staff writer

Floating, an emerging idea aimed at stress reduction, relaxation and entertainment, is alive and well in metropolitan Detroit.

In a small salon located above an optometrist's shop off Woodward Avenue, a dozen or so enthusiasts float daily in water heavily laced with Epsom salts that has been heated to precisely 93.5 degrees, the body's exterior skin temperature.

Encased in an enclosed tube simulating mother's womb, the worry, anxiety and concern of daily life virtually floats away as one bobs about in the privacy of their own miniature sea.

"It's the total mini-vacation, a complete get-away. It isolates you from the outside world," said Peter Panelli of Birmingham who owns and manages the floatation center, named FlotationEntertainment.

Floating on a sea of salt water is the ultimate in stress reduction, according to Panelli, who first became interested in the concept during the 1980s while recovering from a painful football injury suffered while attending Central Michigan University.

"It's the art of doing nothing," said Panelli's assistant, Ed Vetort who is in the process of opening a second center in Ann Arbor. Vetort has been "floating" for a year, originally drawn to the "art" out of curiosity and now a genuine devotee. Vetort's experience is typical.

"I THOUGHT it was wonderful," said attorney Andrew Broder of Birmingham of his first floatation experience. Broder, who legally represents FlotationEntertainment, wanted to satisfy a natural curios-

ity and end skepticism about floating.

"I was suspect going into this; I thought of it as bizarre, a fad," he said. "I wasn't certain it was something people would or ought to take seriously."

In fact, the average person knows little about floatation therapy. Many of those who are familiar have seen the cult film, "Altered States," in which a scientist who floats and takes psychedelic drugs is transformed into an ape.

The movie is based on a book that loosely portrays studies conducted by Dr. John Lilly on sensory deprivation in the 1940s and '50s. Using a tank constructed by the U.S. Navy during World War II, Lilly discovered floating in warm salt water with few distractions was relaxing and conducive to learning.

"It's diving deep into one's own mind," Lilly said of

In the years since, floating has gained a certain measure of popularity. Such celebrities as Kris Kristofferson and Robin Williams own float tanks and tanks have been installed in training rooms for the

Philadelphia Eagles and Philadelphia Phillies. "WE WANT TO mainstream floating into corporate America," said Joe Dandy, who, as vice president for FlotationEntertainment, has assisted in designing and manufacturing a state-of-the-art floating tank.

The new tank, constructed entirely in Michigan, debuted at the Home and Builders Show at Cobo Hall in March where Dandy sold four models at \$7,000 each. It is a streamlined version of yesteryear's tank, visually much more attractive and featuring quadra-sound stereo and hi-fidelity video. It also doubles as a Jacuzzi with room enough for four.

Yo, 'roadrunners,' start your training

By Tom Henderson staff writer

Listen up, couch potatoes. Have we got a deal for you. Follow our six-week training program, and we'll give you a great Saturday night.

This is Street Scene, right?

Well, one of the better street scenes you'll see in Observer and Eccentric land is the finish line of the Redford Roadrunner Classic in Livonia Saturday, July 29. But we don't just want you to see it, we want you to be it.

First, more than 1,000 participants run five miles through the streets, then they dance for hours in the parking lot at Veteran's Park, adjacent to the Livonia YMCA on Stark Road, just north of I-96 and west of Farmington.

We can't work miracles with this six-week program. If you live an absolutely sedentary life - if your idea of fitness is twisting off your beer tops instead of using the open-

er — then six weeks probably isn't long enough to get you halfway in

But if you own a pair of running shoes and once in a while you go out for a mile or so - even if it's a jog that turtles laugh at - then this is for you.

Why race? Believe it or not, it's

MOVING PICTURES

No more sequels, please!!!

Last month, they threatened to release "Signs of Life" (D-, PG-13, 85 minutes), a choppy, episodic soap opera which jumps from subplot to subplot abruptly - and with maddening regularlity. But they caught me writing stuff like that and kept it

Too bad that they're not doing for June what they did for May, so you may want to avoid the Maple until this sad little story about Owen Coughlin (Arthur Kennedy) goes away.

Coughlin is in the process of closing down his New England boatbuilding company and his workers have obvious problems with that move. The screenwriters had some problems, too.

The film is self-consciously arty with acute camera angles, intentional obscurity éarly on and a slowpaced blandness in acting and editing that you won't believe — if you stay awake.

Another recent distribution threat rescheduled for this week is "Miracle Mile" (*) (R), a film whose moral appears to be: "Don't fall in love just before a nuclear holocaust.

The summer sequel sickness is upon us. "Indiana Jones III," "Star Trek V," and now "Ghostbusters II" (C-, PG, 102 minutes). And frankly, Scarlet, I didn't care for "GBI" and "II" doesn't do it for me either.

With a a basic premise, a bunch of odd characters - Dr. Peter Venkman (Bill Murray), Dr. Raymond Stantz (Dan Aykroyd), Dr. Egon Spengler (Harold Ramis) and Winston Zeddemore (Ernie Hudson) along with their attorney/accountant (Rick Moranis) - dress up in combat fatigues and zap ghosts with their electronic backpacks.

So what? It's all rather simpleminded fun with very little character development or clever repartee except for Bill Murray. Every time ne begins to energize the proceedings, scenarists Ramis and Aykroyd lay down a truly deadly and dumb joke: A dock worker observes a ghost disembarking from the Titanic and notes, "Better late than never."

The real problem is there's no point to be sustained for 11/2 hours, so they mixed in a moral about modern urban living, a positive aura of the Statue of Liberty, a ghost story, two romances and some rock music sequences. Quite naturally, all that stuff is jumbled together and surprisingly slow-paced, as if the scriptwriters had trouble shifting from one element to another.

But "Ghostbusters" has mythical popularity and the film will be successful. Many people will giggle uncontrollably at the mention of slime despite the fact that the slime sequence under Manhattan looks suspiciously like an "Indiana Jones"

No more "Ghostbusters," please. How about some sequel busters in-

Edward Wood: Confessions of a cross-dressing director

By John Monaghan special writer

At home or on the set, his favorite outfit consisted of a brightly colored pantsuit, nylon stockings and raised' heels. A decorated war veteran, he wore a bra and pantles underneath his uniform during the Allied landing on Iwo Jima.

No one really knows how he got to Hollywood, but Edward D. Wood Jr. somehow scraped together enough money to write, direct and star in "Glen or Glenda?" in 1953. Wood's fascinating plea for transvestite tolerance screens with "The Amazing Colossal Man" (1958) this week at the Detroit Institute of Arts' Afternoon Film Theatre.

"Glen or Glenda?" (also known as "I Led Two Lives") presents two stories narrated by a psychologist. The first involves Alan/Ann, a mama's boy who faces new life after a sex change operation. Walking down a city street in a tight skirt and blouse, checked out by men, Alan/Ann couldn't be happier if he/she was Mary Tyler Moore.

The director himself (under the name of Daniel Davis) plays transvestite Glen/Glenda, a man

whose only weakness is "wanting to feel comfortable after a hard day at work." His main problem revolves around whether or not to tell his fiance, Barbara, that he longs to wear her angora sweater.

WE EXPERIENCE Glen's tormented dreams. Women scorn him at a surrealistic beauty pageant, but accept him when the devil presents the prize. A disapproving society, made up of pointing fingers and bodiless heads, close in to smother him. As Glenda, he can't budge a huge tree limb that traps Barbara; as Glen, he lifts it with ease.

Woods pads the 61-minute film with a staggering amount of stock footage - battle scenes, cargo planes dropping their load and endless shots of cars on the highway. "All those cars. All going someplace," says the narrator, desperately trying to tie it all together. "All carrying human beings which are carrying out their lives . . . But life - even though its changes are slow - moves on.'

Bela Lugosi (billed as "The Spirit") spouts more garbled nonsense, his face superimposed over shots of a buffalo stampede. "Bevare! Bevare!" he warns. "Bevare the green dragon that sits on your doorstep. He eats little boys, puppy dog tails and big fat snails."

According to Hollywood legend. Lugosi was so addicted to booze and drugs near the end of his life that ;; only the alcoholic content of formaldehyde gave him a substantial buzz. He died shortly after filming began on Wood's "Plan Nine from Outer Space," generally considered the worst film ever made.

"GLEN OR Glenda?" meanwhile. despite its cheesy symbolism and ludicrous dialogue, is delivered with such straight-faced sincerity and strong personal conviction that it sometimes works. At the very least, you feel embarrassed for Wood, who so openly wears his heart on his poofy sleeve.

The underground popularity of thefilm and its director (who died in 1978) continues to flourish. Paramount actually tried re-releasing "Glen or Glenda?" during the popularity of "The Rocky Horror Picture Show" in 1981, but it hasn't enjoyed a Detroit_screening in well over a decade.

Then later, they end up being vice president.

Well, anyone who might have caught Static Alphabet's act in the early days - two years ago wouldn't have deemed the group for the cover of Rolling Stone. Instead, they were more likely to be victims

"We did get complacent for awhile," said Paul Einhaus of Farmington, guitarist and vocalist with the band. "It was the summer of doom in '87. I remember sitting on the curb thinking, 'We'll never get to play again.' "

owner told them flat out they stunk. He relegated Static Alphabet to jam nights, when any Joe Shmoe can try his craft.

But, ah, what a difference a few nights of jamming can make. Static

Alphabet has rebounded, all culminated with a rather endearing fivesone cassette demo tape.

The band is no longer a four-man. Original member Ken Faulkner left the group due to creative differenc-

Things didn't look good for the AS A RESULT, Static Alphabet group, especially after one nightclub has a stripped-down sound. There is no clutter, just some guitar-flavored songs in a bare-bones form. Their biography likens the sound to a cross between The Buzzcocks and The Beatles. Einhaus said not to put much stock in such descriptions.

"We had to write a bio in a hurry," he said.

If anything, Static Alphabet has tried to avoid of being caught in a toehold of a particular style of music. They opt for the freestyle ap-

"We don't say, 'we're going in this direction." said drummer Bill Long, formerly of Farmington. "We don't do that, because as soon as you do that somebody will say (pointing his finger), 'You're not going in that direction.' "

"If banjo reggae becomes a popular, marketable thing, we'll try that," Einhaus added.

"Banjo reggae?! I never even heard of it," Long said.

The band's quest for originality is not fully understood until bass player Mike Fraser's face turns as serious as a heart surgeon discussing a

"I had a really bad experience." said Fraser, in a voice of horror. "I went to the Holiday Inn to meet some friends at the bar. There was this cover band. They looked like mannequins. They did everything so perfect. I saw my future in music disappearing."

WITH THAT as the alternative. Static Alphabet has gladly taken its lumps on the original circuit. The band formed out of a little-known group called the Acid Puppies. The Puppies decided to call it quits when they went to perform at a birthday party, and everyone went to Burger King instead.

Static Alphabet is one of many westside bands to seek notoriety on the east side. Others include the Orange Roughies, Hippodrome, Sensitive Big Guys and Jugglers and Thieves.

Surprisingly, they are able to thrive despite there being no clubs in the area to play. Most earn their reputations in Hamtramck at clubs such as Lili's, Paycheck's and the

"I don' think west side/east side has anything to do with it," Einhaus said. "It's just that all the clubs are on the east side."

"(Hamtramck) is Detroit's Greenwich Village," Long added. "It's a place where everyone paints their rooms black, smokes clove cigarettes and hangs out together.'

But in Hamframck is where Static Alphabet has had one of several mafor turning points. It was Rod Cole of the Hamtramck Pub who bluntly assessed the group's talent. They didn't take it too hard.

"We figured there had to be one redeeming quality about us," Long said, "Otherwise, he wouldn't have wasted his breath."

. And its major 'turning points'

November 1986 - Static Alphabet forms from the remains of Acid Pupples. "Are you sure it was in November?," asks Bill Long to Paul Einhaus. "I thought it was later than that."

February 1987 - Static Alphabet performs its first gig at Michigan State University. "It was awful," Einhaus said. "He thought we would be an old-time, acoustic band. These people were expecting Simon and Garfunkel and by the end of the night they were screaming for us

March 1987 - Static Alphabet performs the first of several shows at the. Hamtramck Pub. "At the time, I thought we were the greatest band ever," Einhaus sald. "I was surprised when no-

body was rushing the stage." "It was a major turning point for the band," Long added.

June 1987 — Static Alphabet performs as an opening act for the Orange Roughles. "(Hamtramck Pub manager) Rod (Cole) fold us we sucked," Einhaus said. "But he gave us some constructive criticism/He told us to come on 'Jam

Night' and work out the kinks." "It was a major turning point in the band," Long added.

June 1987 through April 1988 - Static Alphabet heeds Cole's advice and performs with regularity on the circuit at Rerun's in Dearborn, Paycheck's in Hamtramck and at a Tremor Revue. "We started to have some good shows," Einhaus said.

"It was a major turning point for the band," Long added.

April 1988 - Static Alphabet enters the studio to record 10 songs at Tempermill Studio in Livonia. "Dave (Feeny) was great," Long said. "He told us, You might want to tune your guitars before you record."

August 1988 - Static Alphabet gultarist and vocalist Ken Faulkner leaves the band because of artistic differences. "Ken is the first one we stepped on in the bloody coup in our climb to get to the top," Long said.

"It was a major turning point in the band," Einhaus added.

August 1988 — Static Alphabet goes into the studio — this time White Room Studio in Grosse Pointe - to record a four-song demo tape. The band is treated to Greek food. "That's when Bill sald (singing), 'We don't need another gyro,' ' Einhaus said.

"It was a major turning point in the band," Long said.

October 1988 - Static Alphabet goes

outstate and performs at the Nubeat Club in Grand Rapids with True Blue Hearts and Inside Out. "I remember that because that's where I met my girlfriend," Einhaus said.

November 1988 - Static Alphabet members Bill Long and Mike Fraser move from Farmington to Ferndale. "My parents moved to Daytona Beach, (Fla.)," Long said. "We lost our place to prac-

January 1989 - Static Alphabet sends out demo tapes to clubs and their parents. "My dad hates my voice," Einhaus said. "He's a choir singer. My mom loved it. But your mom loves anything you do."

"My parents said they were genuinely surprised," Fraser added.

Today - "We're older. We're wiser," Einhaus said. "And hungover," Long added.

REVIEWS

FULL MOON FEVER

- Tom Petty

Solo but not alone.

This could not be more true with the release of the Gainesville Gator's first LP that doesn't share the billing with his more-than-competent backup ensemble, The Heartbreakers. However, it's not a great shock that all The Heartbreakers expect drummer Stan Lynch make appearances on the LP, proof of how tight the group actually is. It's even less of a shock that T.P.'s buddles from his most recent project, The Traveling

Wilburys, also show up for the ride. "Full Moon River" is produced by Wilbury Jeff Lynne, with help from Petty and right hand Heartbreaker Mike Campbell, Six of the dozen songs were written by the Petty/ Lynne combo, and fellow travelers George Harrison and the late Roy Orbison also provide some guitars, vocals and advice.

Some people may accuse this album of masquerading as "Traveling Wilburys, Volume II," but it is distinctly Southern - distinctly Petty. "Free Fallin" is a strong opener, a stirring ballad about leaving a love

behind - a frequent T.P. theme. The initial single, "I Won't Back Down," features strong vocals drawled by Petty, with harmonising

support from Harrison. 'Love is a Long Road" sounds more like an old Heartbreakers' song for a good reason - it was co-written by Petty and

Campbell. The album's strongest similarity with the Wilburys project is not a musical one. It is the simple fact that all involved in "Full Moon Feyer" appeared to have a great deal

of fun putting it together.

This is particularly evidenced during a few moments found only on the compact disc. On "Attention CD Listeners," Pelly stops the music for a moment between sides one and two so that those with LPs and casselles can catch up ... with the backing barnyard noises provided by himself, . Lynne and Del Shannon.

With all this fun going on, "Full the John Cougar we knew and loved Moon Fever" is worth catching.

BIG DADDY - John Cougar

Mellencamp From the time he added his real last name to the rock'n'roll persona he was, John Cougar Mellencamp has been trying to go back to his roots. And, to overuse another cliche, Mellencamp has also sought to do it

"his way." With his 1985 tour de force "Scarecrow" (the first LP where the Meliencamp name was displayed), the winds of change began to blow. The arrangements were stark, almost course, and the lyrics had a new bite to them (particularly in reference to the plight of the American farmer). It was by far Mellencamp's

best work. Then "Lonesome Jubilee" followed in 1987 with a lot of the same provocative lyrics, but the music had taken a distinct turn from the rock'n'roll of Mellencamp's younger, rebellious days. The "back to the roots" bit had surfaced in a big "I'm at home in rural Indiana" way. Accordions, violins and steel guitars were used to bring it all home. The LP had it moments, but was laced with inconsistency,

involve Joey Ramone in the composition. His voice is the one most easily identifiable with classic Ramones and again his songs on "Brain Drain" hold truest to the surfer-punk track.

Songs like "Don't Bust My Chope" has him verbally abusing a girlfriend in a display of Ramones machismo: "You're a style queen and an alley cat/too many chocolates has you fat, fat, fat, /you're always wearing that cheap perfume /I can always.

Need vs. independence: Your choice

Dear Barbara,

I am writing to you because I am concerned about my future regarding relationships. I am the product of two alcoholic parents and part of a very dysfunctional family. I am a nurse, and I have a need to be needed. In other words, I attract those who need me.

I was in hopes you could expound on the topic of children of alcoholics and give me some advice on how to break the pattern of becoming involved in unhealthy relationships.

Although I am an adult and live independently of my family, the pattern repeats itself, making it hard for me to recognize that healthy relationship, even if it was staring me in the face!

Love your column and you, too.
Sincerely yours,
Needing Advice

Dear Needing Advice,

Thanks for your letter. The topic, adult children of alcoholics, is very current right now, and a lot of information has been written about it. However, I am not comfortable expounding on generalizations and prefer to concentrate on individuals.

Within dysfunctional families, some children are not permanently damaged. Those who have some faculty (such as high IQ, physical attractiveness or art ability) have a much higher chance of breaking free than those who are, unfortunately, not as gifted.

Even within one family, not all the children react the same. Suzanne Sommers is just one excellent example of those who have overcome their upbringing.

Your letter indicates that you have some of the qualities and talents that would allow you to rise above your background. You say in your letter, "I attract those who need me." It is probably more cor-

rect to say that you are attracted to those who need you.

Must you have closeness of another person, even if it is false? Is that because you feel that only users could be attracted to you?

Make up your mind that it is more important to be truly independent, even if alone, than it is to be allowing a user to take advantage of you so you won't be alone.

Relax; don't worry; just float

To the uninitiated, stereo and video are puzzling components in a floating tank.

Based on Lilly's research, learning is enhanced when when there is little outside stimulation. Floating provides an ideal opportunity for learning. Hence, the stereo and video equipment which, in turn, accounts for Panelli's video and record collection, — "Iacocca, An Autobiography," "How to Succeed in Your Own Business," and a myriad of other self-help and success stories. Floaters select their favorites for use while floating.

"People attempting to quite smoking, loose weight or gain self-confidence have a higher incidence of success if they attempt such things while floating," said Dandy, who is

busy compiling results for presentation to corporate America.

A seven-year-old girl, described by her mother as hyperactive, systematically tore up Panelli's office while her mother floated. Then it was the girl's turn. She floated 30 minutes, half the time allotted for an adult float.

WHEN THE girl emerged from the tank, the change in behavior was astonishing, Panelli said. She was quieter, more peaceful.

"Floating is very therapeutic; it produces a sense of well being," he added.

It is also therapeutic in relieving chronic pain. Panelli originally started floating to ease pain from the football injury to his shoulder. Broder, the Birmingham attorney, found relief from a minor back inju-

ry after floating a single time.

Cindy Caperton, 29, a recently divorced mother of two from Redford Township who works and attends night school, recently found herself "terribly uptight. My muscles were going into spasms."

A friend, Ted Caporale of Westland, saw a newspaper advertisement, a two-for-one special offered by FlotationEntertainment. He invited Caperton to accompany him to the center.

Walkoe: Fast talk pays off

By Bob Sadler special writer

The first thing you notice about Tim Walkoe is that he talks very

fast. More than very fast. This guy

talks really fast. He talks as fast as he thinks Michi-

gan people drive. "Two hundred miles an hour," he said. "I keep a good clip," Walkoe sald

in what could one of the year's biggest understatements. "That's just my rhythm. I have to go with what my rhythm is. If I slowed down, my hour show would take 90 minutes."

What about his audience? Do their ears work as quickly as his mouth?

"If they can't keep up with me, I don't need them," he said with more than a note of sarcasm. "They're supposed to be paying attention."

Reached at his hotel room in Bloomington, Ind., where he was doing still another one-night stand, Walkoe, 40, is another in the long list of comics who have made the transltion to comedy from other show

business careers.

A musician by trade, he played bass guitar and sang lead vocals in a rock group known as the Eddie Boy Band, which recorded for MCA before breaking up in the late '70s.

A COUPLE of Walkoe's bandmates stayed in the music business. one playing lead guitar with Jimmy Buffet and another writing songs for artists like Linda Ronstadt and the Pointer Sisters.

So in 1978, Walkoe decided to look into comedy - back when it was starting to come to the forefront

"THERE REALLY was no humor in the late '60s when I grew up," Walkoe said. "Except for maybe (George) Carlin. Everyone was more serious, and they wanted to rock out. Rock'n'roll was just the thing to do back then. Now, it's comedy.'

Walkoe joined an improvisational ensemble in Los Angeles known as the "L.A. Connection" for about a year. From 1979 to 1981, he joined

Dick Monday to form the touring

comedy duo of Walkoe & Monday. Then Walkoe went solo.

"It took awhile before I finally had the guts to try it myself," he said. Moving from Los Angeles back to

his hometown of Chicago in 1983. Walkoe fine-tuned his material and delivery in the Windy City's many clubs until another unique opportunity came his way — morning radio. He worked as a comedic co-host at

WRXR, a classic rock station, before it got hit by "The Wave." That format change moved Walkoe up to Minnesota, where he co-hosted a morning show at KDWB, a Top-40 outlet.

"I learned a lot from it;" Walkoe said of the latter job, "but I just ran out of Debbie Gibson and Tiffany

Morning radio was a tough transition for a guy used to performing in clubs. "Get up at four in the morning?" Walkoe lamented. "I used to get home at four. How am I going to get up?"

Walkoe doesn't plan on doing any

morning shows soon, but is currently working on a comedy talk show pilot for Chicago's WGN radio. He plans to combine interviews with comedy records from the past and present for the show, which he is priming for national syndication.

IN THE future, Walkoe would like to see how his latest radio project pans out, do some more television (he has appeared on HBO, Showtime and George Schlatter's syndicated "Comedy Club" show) and hit the road a few times a month.

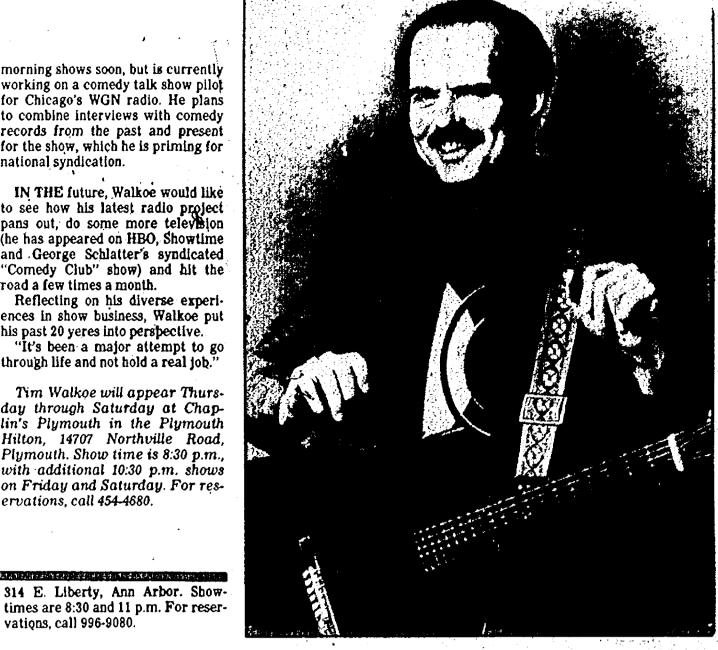

Reflecting on his diverse experiences in show business, Walkoe put his past 20 yeres into perspective.

"It's been a major attempt to go through life and not hold a real job."

Tim Walkoe will appear Thursday through Saturday at Chaplin's Plymouth in the Plymouth Hilton, 14707 Northville Road, Plumouth. Show time is 8:30 p.m., with additional 10:30 p.m. shows on Friday and Saturday. For reservations, call 454-4680.

The immortal words of George Kell — "This one looks like it's out of here" — ringing in his ears, Jim Radebaugh leveled a home run swing at a batting cage fast ball.

By James Radebaugh staff writer

The top of my thumb where the skin wore off is beginning to dry up into a seab and though my right shoulder is still sore, I can raise my arm above my head without wincing, which I couldn't do yesterday.

It's spring, the Tigers are already in last place, a new season is beginning for area softball leagues and the editor wanted a first-person account of a trip to a mechanical batting cage.

Is hitting a hardball flying past dered, as easy as it looks?

I went to the Grand Slam Baseball Training Center Inc. in Royal Oak the other day to find out.

For \$1.25, you get an aluminum bat and a token good for 22 pitches. The cages are arranged in a semicircle around the pitching machines, which are positioned over a funnelshaped depression that collects loose balls. Somehow, the pitching machines suck up the balls and shoot

What was most interesting, perhaps, is that there were at least as many women and girls as there were men and boys, maybe more.

Tired of whiffing, I moved down to the 55-miles-an-hour cage. The pitches came slowly enough to focus on and I was able to hit at least as many as I missed. I sent a few into the net at far end of the enclosure.

Hitch a ride on a wagon train to see the Wild West

By Iris Sanderson Jones contributing travel editor

Q: Our son is really into buffaloes, Indians, wagon trains and the whole wild west thing. What can we do in a two week driving trip. We don't have time to drive all over the west.

Westland

A: You'll find it all in and around the Black Hills and the Badlands of South Dakota, 1,200 miles due west of Detroit. Spend two or three days exploring the landscape in either direction and you will still have plenty of time to see the wild west.

South Dakota is celebrating its centennial this year, so there are many special events. You can ride a wagon train, ride a Jeep right into a buffalo herd, explore Indian lore and have fun in old west towns like Deadwood.

Rapid City, at the foot of the Black Hills, is the logical home base.

The Centennial Wagon Train retraces ploneer trails. There is an Eastern and a Western division, each with at least 100 wagons. They are already on the trail and you can 'climb aboard anywhere along the route until Aug. 29, when they reach the state fair in Huron.

You can join a train before it starts for the day, during breaks (mid-morning, noon and mid-afternoon) or when they set up camp for the evening, but not while the train is actually moving.

Stay for part of a day or camp overnight with your own provisions. Many communities will hold barbecues and potlucks when the train arrives in town. Sleep in your own wagon, tent, RV, sleeping bag, or in a motel.

HERE'S HOW you do it. Write to the South Dakota Centennial Commission, 500 East Capital Ave., Pierre, S.D. 57501, or call (605) 773-4036 for a wagon train map and other centennial information. For tainside.

tourist information on South Dakota, including their 160-page tourism guide, call the tourist department

toll-free at 1-(800)-843-1930.

When you join the wagon train, somewhere along its route, ask for

When in South Dakato, you must stop at Mount Rushmore, where sculptor Gutzon Borglum carved presidents Washing. ton, Jefferson, Lincoln and Theodore Roosevelt Into the moun-

the train secretary, who will sell you an identification button - \$5 for adults, \$2 for those under 18. The Western Division also charges \$25 per wagon or \$10 per horseback. There's no extra charge on the Eastern Division train.

That should get you into the mood of the old wild west!

Now you must plan the rest of your trip. The Badlands are an hour's drive east of Rapid City. Take the 38-mile Badlands Loop off I-90. Enjoy the red saw-toothed skyline of this lunar landscape and introduce your son to the Oglala Indians who operate the Cedar Pass Lodge. Order the "Indian tacos" for lunch.

Continue west to the town of Wall. Wall Drug Store, with all its mechanical bands and other fun things, is one of the biggest tourist attractions in the state. It was just a drug store in a small town until its owner put signs out on the highway -Free ice water in Wall, South Dakota." Now it has tourist attractions

galore. It's a straight run from Wall into Rapid City. Don't miss mammoths, dinosaurs, Tyrannosaurus Rex and other glant mammals in the Museum of Geology at the South Dakota School of Mines and Technology. Both you and the kids will love it.

OF COURSE, you must stop at Mount Rushmore (average stop 80 minutes), where sculptor Gutzon Borglum carved presidents Washington, Jesserson, Lincoln, and Theodore Roosevelt into the mountain

But the real destination for buffalo lovers should be Custer State Park, with its wild buffalo herds.

There were once 50 million buffaloes on the Great Plains. After George Custer discovered the gold that lured the prospectors to the hills in 1874, driving the Sloux from their sacred hills, there were only about 100 of the great bison left.

Local ranchers saved the buffaloes, donated them to the park and

Black Hills offer plenty to see, do

helped create the present national count of 45,000 animals, most raised privately for food.

Ask at the entrance or at the visitor center for the present location of the herd. You might have to drive to a specific location to see the great herds grazing, but you are likely to see a few strays along any road.

Buffaloes weigh about 2,500 pounds and are not afraid of anything, including wild tourists, so heed park signs. Buffaloes are dangerous. A tourist walked across a field to photograph a buffalo from a distance of 10 feet a few years ago. The animal charged and, since a buffalo can outrun a horse, the tourist was quickly caught and flipped over. Fortunately for the tourist, the buf-I falo got bored and walked away.

Question. Where do the buffaloesroam?

Answer: Anywhere they damn well please!

IF YOU want to go off the road, pay for one of the Jeep tours that leave regularly from the State Game Lodge. They can leave the highway and drive right up to the herd. If you: have the instincts for a buffalo hunt, join the buffalo roundup, held in September, and watch the great animals corralled, branded and vaccinated for brucellosis.

Question: Do the bulls get vaccinated?

Answer: Not unless they want to get vaccinated!

The Wildlife Loop, State 87 south, is usually a good place to see the to Wind Cave National Park, which tery, changed them into the seven has its own buffalo herd and thou- stars of the Big Dipper.

sands of upright sun-sniffing prairie dogs, sleek little underground "critters" that look like wet squirrels and bark like dogs.

Keep going south to the visitorcenter at the Mammoth Site in Hot Springs, where 26,000-year-old mammoths have been unearthed. You can wash the dust off at Evans Plunge, a natural spring-cum-swimming pool, also in Hot Springs.

State Highway 87, the Needles Highway, will take you past eerie stone spires, the granite cores of long dead volcanoes. Stop for lunch or overnight at Sylvan Lake Lodge and then go on to the Crazy Horse Memorial.

Some people say sculptor Korczak Ziolkowski was the crary one, when he agreed to carve the horse and Indian that ride forever in stone across a mountain face. He started decades: ago and the work continues after his death.

The hills are full of tourist attractions. I recommend the Black Hills Petrified Forest, where you can get a graduate course in geology in 10 minutes. Spend an afternoon and an evening in Deadwood, where Wild: Bill Hickock was shot dead in Saloon #10 and is buried next to Calamity Jane in Mt. Moriah Cemetery.

IF YOU'VE got more time, see the Passion Play at Spearfish, and the sacred mountain, Bear Butte, near Sturgis. The Sundance Kid was named after the town of Sundance. half an hour west on US-14 in the Wyoming end of the Black Hills.

Fearless climbers still scale the sheer walls of nearby Devil's Tower, which you may have seen in the movie Close Encounters of the Third Kind.

The Devil's Tower is a sacred mountain, too. The Indians called it Mateo Tepee or Bear Lodge because legend says a bear chased seven girls up to the top of the Tower, great dumb beasts. It also takes you where Wakantonka, the Great Mys-

Q: My wife spends so much time doing everything perfectly that she's exhausted all the time. How can I convince her to slow down a little?

Canadi i di introduci di dalla casti i di late di territori di di casti di territori di territori di casti di c

A: Perfectionism covers a broad spectrum of habits. At one extreme are perfectionists who are flawlessly neat and well organized. Every hair is in place, their children are immaculate, desks are clear, cars impeccable — as are their garages, filing folders and fingernails. Even their pets always smell nice.

At the opposite end of this spectrum are the perfectionists who live amid chaos. Their work is piled high — in their offices, laundry and basements. Their personal appearance may be disheveld and their tax papers are still laying out. It's almost incomprehensible how people so different have perfectionist in common, but they do.

What polarizes these groups is their fear of failure. The Perfect Perfectonists are confident about how to approach their work. They are unafraid of hard work and have learned to do things well. They may be exhausted half the time, but all their work is always caught up. (They cannot rest until it is.) One woman proudly proclaimed that she had all the suggested tools to set up a reminder system and that she was prepared to get started — just as soon as she bought a calligraphy pen to write notes to herself.

The procrastinators believe "if you can't do it well, then don't do it at all" — so they don't. Believeing they are incapable of doing things well enough - or overestimating the time or effort to do it - they procrastinate, telling themselves they will do it "later." Their tax papers aren't put away yet because they are waiting until they have time to do it "right." During class discussion I have seen many people almost in tears as they deal with these mental blocks that immobilize them.

The saddest part of perfectionism is that some Perfect Perfectionists still carry a burden of guilt and failure — believing they are not doing things well enough and that they "should" do better. In other words, they live with unrealistic ideals for themselves and consequently never realize an inner sense of peace.

Like all perfectionists, your wife needs to lower her standards a bit, to forgive herself for doing some things half well, and to learn to relax in the process.

condo queries Robert M. Melsner

Q. We are a family looking for an apartment. A landlord has told us that a particular section of the complex in which we are interested is located near a playground where children play and the landlord or manager has informed us that this section close to the playground, may be more comfortable for us. Is this legal?

A. The Fair Housing Amendments Act of 1988 provides that is is unlawful to discriminate in the rental of any dwelling by exaggerating drawbacks or failing to inform any person of desirable features of a dwelling or of a community, neighborhood or development because of a person's familial status.

It is also unlawful to communicate to any prospective resident that he, or she would not be comfortable or compatible with the existing residents community, neighbor-hood or development because of the per-son's familial status. The conduct of steering a prospective resident with children away from a particular section of a complex and toward another section because of a person's familial status would be a violation of the act.

Although it may seem innocent on the surface, the regulations indicate that this practice is discriminatory, although it has been commonly followed by many landlords in the state and has, in effect, been encouraged by a Michigan Supreme Court ruling several years ago, which may now be deemed and superseded by the new act.

Q. Our landlord has a "no pets" policy, but can a landlord restrict a blind resident from keeping a seeing eye dog in his unit?

A. Under the Fair Housing Amendments Act of 1988, the act provides that it is unlawful to refuse to make reasonable accommodations, rules, policies, practices or services when such accommodations may be necessary to afford a handlcapped person equal opportunity to use and enjoy a unit, including the public and common use areas.

It is expressly stated in the regulations that it is a violation of the act for the owner or manager of an apartment complex to refuse to permit à blind applicant to live in the apartment with a seeing eye dog. The rationale used in the regulations is that a blind person will not have an equal opportunity to use and enjoy a dwelling if a seeing ye dog is not allowed in the unit. Presuma• bly, this would also apply to condominium and cooperatives.

Mow 'em down

Rain is prompting new rules for lawn cutting

AP - The drought of recent years appears to be abating in some parts of the country. According to the U.S. Department of Agriculture, parts of the Southeast, Northeast, West and North have experienced above-average spring soil moisture, and rainfall has been average in other areas.

This means that lawns will be green and lush this summer, so here are some mowing tips from Dr. James Watson, chief agronomist for Toro, maker of outdoor power and irrigation equipment.

1. Set the mower a notch lower than normal cutting height for the early cutting. This removes winterscorched grass follage and excess dormant vegetation, and permits light and heat to speed grass growth. (Probably, most of you have already made the first lawn passes; of the

2. After the first mowings, raise the mower to the preferred cutting height for your region. Kentucky bluegrass, fine-leaved fescues and perennial ryegrasses should not be lower than 1 to 1 11/4 inches. During hot weather or reduced precipitation, raise mowing heights to 2-3

3. Remove no more than one-third of the leaf surface at any one cutting. Cutting more reduces the lawn's ability to photosynthesize, that is, manufacture food for growth. Grass grows from its base, not from its tip. Mowing does not harm the plant, as long as no more than one-third is removed.

4. Maintain a consistent mowing schedule. Allowing grass to grow too high can cause clinning accumulation. A layer of clippings can smother the grass and create an environment favorable to disease organisms and insects. If the grass gets too long, you may want to mow

First mow at a higher cut, let the clippings dry for a few hours, then mow at the normal height for your region. This will disperse the clippings, and on thin turf they will serve as a mulch, which conserves mois-

5. How do you deal with lawn clippings? You can use a bagging mower with either a rear bagger or side-discharge attachment. Rear baggers allow close, easy trimming with either side of the mower, and they bag more efficiently than do side-discharge mowers.

weeder's guide

Earl Aronson

Consider mulching as an alternative to bagging. Mulching mowers cut grass clippings to a fine mulch and disperse them into the lawn, providing it with additional nutrients.

The drawback of mulching is that you will have to mow more often. Expect to mow more than once a week in late spring. Also, using a mulching mower to cut tall, lush grass tends to leave unsightly clippings in your lawn. One way around the mulching problem is to use a rear-bagging mower that easily converts from bagging to mulching.

6. Choose a good time of day to mow. Avoid mowing during early morning, when heavy dew is on the grass. Dry grass is easier to cut, appears better groomed and requires less mowing time. If you must mow when the dew remains, you can partially dissipate it by dragging a garden hose or rope over the turf sur-

7. For the best cut, make sure the mower blades are sharp. Dull blades or improperly adjusted cutting heights can damage turf.

8. For aesthetic purposes, alter cutting patterns with each mowing.

9. Wear proper clothing while mowing. For safety, wear long pants that a will protect your skin; avoid loose clothing or dangling jewelry that can snag on mower controls. Wear sturdy, non-slip shoes that provide good traction and protection.

10. Properly maintain your mower: To save yourself from the headache of a mower that won't run when you want it to, use fresh gasoline and thoroughly clean the underside of the deck and external engine components after each mowing. Periodically, clean the air filter, service the spark plug, change the oil and lubricate all mower parts.

'HERE'S GOLD IN THE COVE

There's \$539 in gold bullion at Schooner Cove mateys. (Translation: \$539 off a 1-bedroom apartment). Swash your buckles over to Ford Lake and use your schooner, pirate's ship, sailboat, water ski boat, jet ski or wind surfer. Take a dip in the pool. Sun on the deck. Then look in-side at the all-new interiors...the patios...the window walls...all yours, at \$539 off. Shiver your timbers if you miss this one!

"I finally found a townhome as large as a home."

"I looked long and hard to find a 2000 sq. ft., cathedral ceiling elegant three-bedroom townhome. (Of course, I could have chosen a two or three-bedroom ranch.) With my own two-car attached garage, my own private basement and patio. And-luxury touches like deluxe kitchens and whirlpool tubs plus land-scaping that I love. Nothing could get me to move from Covington. Nothing."

Just for brides

The Monthly Album is published the third Monday of each month for the announcements of engagements and weddings.

Engagement announcements will be accepted no later than 45 days prior to the wedding. Wedding announcements must be submitted within 60 days following the wedding. All announcements are run on a space-available, first-come, first-served basis.

Photos submitted should be black and white glossies, preferably 5-by-7 inches in size. Color photos can be submitted and will be accepted but they do not reproduce as well.

Due to the volume of photographs handled, the newspaper will not be responsible for any that may get lost or damaged. Photos may be picked up after publication in the office where the information was submitted. Or, if a self-addressed, sufficiently stamped envelope is received with the photo, it will be returned.

Engagement and wedding announcements pertinent to Livonia, Redford, Garden City and Westland are to be addressed to Sue Mason, Livonia Observer, 36251 Schoolcraft, Livonia 48150.

Engagement and wedding announcements pertinent to Farmington and Farmington Hills are to be addressed to Loraine McClish, Farmington Observer, 33203 Grand River, Farmington 48024.

Mason can be reached by calling 591-2300. McClish can be reached by calling 477-5450.
