Clerk, cops catch holdup suspects

By Loonard Pogor editor

Westland police credited an observant store clerk, who provided a specific description of two holdup men and their getaway car, for helping patrolmen arrest two suspects minutes after the robbery of a convenience store.

The men were arraigned Friday afternoon in the holdup of the Qwik-Stop convenience store and gas station on Ford and Wayne Roads early Thursday morning.

Two men were arrested by officers Steven

Bachand and Scott Fetner after they spotted a car that matched the victim's description of the car driven by the robbers.

Detective Sgt. Lennis Hayes and Detective Sgt. Russell Nowaczck said that the robbery was also recorded on a video camera in the

Nahi Mohamad Taleb, 22, of Dearborn was charged with armed robbery and possession of a firearm in the commission of a felony. He was held after failing to post a \$75,000 cash or surely bond. Ray Abed Barri, 24, also of Dearborn, was charged with armed robbery and held on a \$25,000 bond.

AT THEIR arraignments in 18th District Court, Judge Thomas Smith entered not-guilty pleas for the defendants.

The police said at the arraignment that both defendants indicated they want to return to their native Lebanon.

Smith scheduled a preliminary hearing for both men for 9 a.m. Thursday, Oct. 18. Sgt. Hayes told the judge that Taleb was

wanted on outstanding warrants involving a burglary and a probation violation.

THE STORE clerk testified at the arraignment that he was robbed at gunpoint by two men at 1:05 a.m. Thursday. He was ordered to lie on the floor while one man took about \$150 from the cash register, he said.

After the men left, the clerk called the police department with a detailed description of the men and their car.

THE SCHOOL district. meanwhile has joined the

satellite communication age. The district has accepted a donated satellite dish that will serve foreign language teachers and others, school officials said.

Plans call for probable placement of the dish on the John Glenn High School roof. Programs would be taped for distribution to other buildings. school officials said.

The satellite dish was donated by Ted Scott, husband of school board member Sharon Scott.

THE MONTHLY surplus food distribution by the city of Westland is scheduled for Thursday and Friday at the Dorsey Community Center, Dorsey east of Venoy.

Butter, flour, peanut butter and honey are in the October package. Qualifying Norwayne and Glenwood Gardens residents may pick up their food 10 a.m. to 2

p.m. Thursday.
Other Westland residents may pick up food 10 a.m. to 2 p.m. Senior citizens living in Westgate Towers, Greenwood Villa or Taylor Towers should call building managers to find out distribution days and times.

"It's the opportunity of a life-time," said Moore, who acquired the business and a husband since graduating from John Glenn High in Westland in 1985.

She and her crew can be found on area rooftops inspecting and cleaning chimneys, while routing a raccoon or two in the process.

Raccoons are really quite common in suburban chimneys, she said. They make a home on something called the smoke shelf about half way up a chimney flue and come and go from the top.

"Raccoons think it's their house and you're trying to kick them out," Moore said. "They can be dangerous. We've had them running around customers' homes and not knowing what to do about it. We try to trap them and let them out.

AN AMMONIA-SOAKED rag down the chimney is the quickest way to make a raccoon feel unwelcome, she added, "although we're really not supposed to do that."

Officers questioned a store clerk who couldn't remember the sale of the liquor to the woman.

Police filed a violation report with the Michigan Liquor Control Commission and also ticketed the woman driver for the traffic violations.

The two told police early Wednesday morning that the girl was discovered walking in the rain wearing only a T-shirt and pants. The girl was also left alone several times before, sometimes hanging from nearby apartment balconles and walking alone near moving vehicles.

The girl's mother was told of the complaint, police said.

A chimney cap (about \$85) is the best way to keep raccoons, birds, squirrels, opossum and rain water out, Moore sald.

Before the cap goes on, though, Moore or her three full- and three. part-time employees will use wire brushes on fiberglass stalks to loosen the soot and creosote, a tarry substance resulting from the incomplete combustion of green wood.

Powerful vaccuum cleaners are then used to suck out the gunk. Thereare even some high-tech touches like a video camera lowered into the chimney. "Any damage-shows up on the customers' TV screen," Moore

An average cleaning cost \$60 and takes an hour, she added.

"You should have your chimney inspected every year," Moore said, "because of animals and water damage. It's just a clay flue in there. Weather can crack it by going hot and cold, hot and cold.

"If you have a fire, the flame can actually go through the crack and set the house on fire."

Chimney cleaners have to know what they're doing, said Moore, who learned the trade in a "hands-on" manner over the last four years.

"We've been to homes where the chimney has been cleaned by some guy working his way through college," she said. "The smoke shelf is the most important part, and it hasn't been touched."

MOORE MANAGED the business before she got the opportunity to buy it. "I caught on quickly, I guess," she said. "I could do everybody's job.

"He (former owner Steve Faulhaber) went into real estate," she added. "He wanted out of this company. He said to me. Nanette, you've been through this with me. We've made it a success. Do you want it?'

"With all the apartments being built in the last few years, landlordtenant disputes have increased dramatically," he said.

The judge said he stays abreast of changes by attending the annual meeting of state district judges, regional meetings of the Michigan Judicial Institute and one or two educational seminars each year.

Smith said he has become more involved in regional and statewide issues relating to district court, which he views as challenges for a veteran jurist.

He said he "generally favors" opening up the courts to cameras, as state law has done in recent years.

On the local level, Smith said as district courts take on an expanded role, Westland may need to expand the role of its court magistrate, who currently serves part-time hearing traffic cases and other less serious

"I can't see a three-judge court in the immediate future though," Smith sald. "A full-time magistrate would be the next logical step."

SMITH SAID he doesn't have a problem with the city's decision to end plea-bargain agreements for ordinance violations, a policy which drew public criticism earlier this month from Gail McKnight, chief

judge.
'I think that's fine, if that's the way they want to handle it," he said. "But whatever way the city wants to handle those cases, it should stick by

'And it's difficult for the court to do what the city wants without knowing exactly what the policy is." Smith said first-time drunk driving offenders should receive a sentence that stresses education as opposed to punishment.

Jail should be mandatory for repeat offenders, he said. "I give (all repeat offenders) some kind of time, from a minimum of five days in a work program to actual cell time," he sald.

SMITH, IN announcing his re-election plans last January, emphasized his record of local accomplishments. Programs initiated by the judge have included use of volunteers as probation officers, assignment to a work program in lieu of fail time for non-violent offenders, longer court hours, a data processing system and

the use of many rehabilitation services for alcohol and drug offenders. "I think the court has most of the programs we need," he said last week. "A lot of the programs (others) are bringing up now, we did that 10. years ago," he said. He has received commendations from Detroit Recorder's Court and has periodically been assigned as a visiting judge in Recorder's Court and Wayne County Circuit Court, Smith said.

Married and the father of eight children, he has lived in Westland nearly 32 years.

Smith was elected municipal judge in 1967 and became district judge two years later when the state revamped the court system. He has been re-elected three times, most recently in 1984.

SMITH'S COMMUNITY involvement has included stints as Westland Rotary Club president (1973), PTA president, YMCA executive board member, first president of the West-land police-fire Civil Service Commission, and Westland Summer Festival co-chairman.

Professionally, he has been president of the Wayne County Judges' Association and governor and then president of the American Judges' Foundation.

Reservations can be made by calling Plymouth Parks and Recreation, 455-6620 weekdays 8:30 a.m. to 5 p.m. The house includes an outdoor wood chip trail, sturdy walking shoes are recommended.

• Redford - At Claude Allison Park, Beech Daly, between Six and Seven Mile roads. The house will be open Oct. 19-31. Hours are 8-11 p.m.

Jaycee Haunted Houses are set for Livonia, Farmington, Plymouth/Canton. Redford and Westland. See story for sites. dates and hours.

Friendly Monster Day, especially designed for young children, is noon to 4 p.m. Saturday, Oct. 27. Admission

• Westland - Across from city hall, Ford Road west of Wayne Road. The house will be open through Oct. 31, closed Thursdays. Hours are 7-11 p.m. Sunday through Wednesday, 7 p.m. to midnight Friday and Saturday. Admission is \$4 for adults, \$3 for children and seniors over 65. Call George McKinson, 295-0167, for information.

Haunted houses support Jaycee activites in their communities. Christmas Food Baskets, environmental programs and programs for the homeless are among the activities supported.

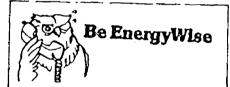

National charities supported by the Jyacees include the St. Jude Children's Research Hospital and Muscular Dystrophy Association. Jaycee Hauted Houses operate nationally.

Jaycees is a leadership training program for young people, 21-39. Information on any Jaycee Haunted House is available by calling 517-487-6077.

Monsters like these await youngsters at Jaycees Haunted Houses throughout the metro area. Most houses will remain open through Oct. 30. Several have special days set aside for young

children. Haunted houses support Jaycees charities, both locally and nationally.

Class seeks to help female cocaine abusers

By Janice Brunson staff writer

What makes women who abuse copating in a state-funded pilot program and who hope to gain a better cocaine, the illicit drug ruining their lives.

"Identifying women's issues which are barriers to treatment," is the question at hand, according to Rosalie Schwartz of Eastwood Clinic, Schwartz conceived the clinic's new program - Choosing Healthy Options: Investing in Cocaine Elimination, dubbed CHOICE.

Gathering in a small, inviting office on Woodward Avenue near Birmingham, a dozen women from Wayne, Oakland and Macomb counties ponder their addictions in the arduous task of recovery. Child care and transportation are provided.

Joan, a 25-year-old mother of two who lost custody of her children, has also damaged her health by wander-

Shelly, 24, now attending Oakland County Community College, has used drugs half her life.

"MEN ARE OFTENTIMES forced into treatment. Just the opposite is true of women," Schwartz said, because society tends to "sweep the issue of female addiction under the carpet."

In addition, Schwartz added, women are primary care-givers and "looked at to do eveything. Some never learn to take care of themselves. They don't know what makes them happy.'

These women, however, seem acutely aware of what makes them unhappy.

CHOICE counselor Tammy Dines sums it up in one word: "Shame. The core issue here is shame."

"I've always been daddy's little girl," Kathy said. "I've found it very difficult living up to his standards. He's very religious. I'm just not liv-

"I'm the baby of the family," said Joan, "the only user, the only one who hasn't achieved. I couldn't live up to any of the standards I was raised with." Now clean for 63 days, this is Joan's sixth effort at recovery, including four hospital stays.

"It's easy, to get in touch with the (bad) feelings," said Paula, whose mother is an alcoholic. "It's the good feelings that are hard to find." Paula, in recovery three times previously, has been clean nine days.

OF 47 WOMEN processed for admittance into CHOICE since last spring, only 14 have completed the 12-week program or are still in treatment. Sixteen never returned after initial acceptance. Half of the remainder were asked to leave because of continued drug abuse. Urine samples are taken during the ses-

Patty, a catering assistant who became a grandmother two months ago, is also familiar with the high cost of drugs. After nearly two decades of drinking with her alcoholic husband of 25 years, the couple

started using cocaine. "I was the mother of the universe (two adult children). I had to take care of everyone. I had to have something to be able to do it," she said in explanation of the drug use. She dislikes alcohol and is not cross addicted.

The couple has since lost their home and most other material possessions. Patty is on probation for drug-related criminal charges. Her son is showing signs of substance abuse.

For full recovery, Patty will have to examine her 25-year marriage and the relationship with her husband, a frightening prospect for any women and especially so for Patty, who married at age 17.

Keep in touch with yourself

Your health is important to you. It can be especially important to the people close to. you. That's why it's so vital to keep in touch with yourself with a breast self-examination every month. And, if you are over 40, your health can depend on a mammogram. A mammogram is a simple x-ray examination that detects breast lumps long before you or your doctor will notice them.

St. Mary Hospital offers two opportunities this fall to help you keep in touch with yourself:

A litmus test for Big Blue U

WHAT WOULD those '60s radicals say if they were back in Ann Arbor

Maybe they'd raise their fists in support of the new "sensitivity." Or maybe they'd throw some Molotov cocktails through somebody's win-

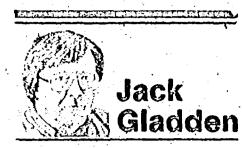

But they sure wouldn't recognize that Midwestern bastion of liberalism that was home to the protesters 'course must address the meaning of of the Vietnam era. The times they are a changin'.

After trying to outlow "racism" on campus last year by passing a policy that made a mockery of the First Amendment, U-M officials have now decided to educate it out of their hand-picked students.

Last week Big Blue became the first college in the state to require students to take a course on racial or ethnic intolerance before they can

The requirement applies to students enrolled in the College of Literature, Science and the Arts that's about 18,000 students, more 60 to 70 different courses dealing than half of the university's enroll- with the subject, why not just refuse

They'll be given a variety of courses to choose from, but each cation form: "Are you a racist?" If a

race, ethnicity and racism; racial and ethnic intolerance in this country and elsewhere; and comparisons of discrimination, based on race, ethnic origin, religion, social class and

WHILE ALL OF this sounds good on paper and makes it look like U-M is determined to "do something" about racism, I suggest a different

Instead of muddling up the curriculum even more with what one report estimated could be as many as to admit anyone who is a racist?

Just add one question to the appli-

student checks "yes," he's out. Big Blue already has the toughest admission standards of any public university in the state. Adding one more requirement wouldn't change things that much, and it would probably make life even, easier for administrators who decide who gets in and who doesn't:

Of course the applicants who really want to get into the place might lie when answering the question.

So how about this? Ann Arbor aspirants (Remember Ann Arbor? The pot capital of the '60s?) can now check a box on their admission applications electing to live in a drugfree, alcohol-free environment. Why not a racism-free environment?

Just add one little box to the application form: "I prefer a roommate who is not racist." Yeah, that'd do it.

You could also choose to live in a dorm with others who are non-sexists, non-Democrats (or non-Republicans, depending on your political orientation), non-hunters, non-vegetarians, non-religious or non-atheists, non-pornography or non-censorship, non-Jewish or non-Christian or non-Moslem or non-Hindu (that list of "nons" could get pretty big), nonjock or non-egghead and on and on.

1 MEAN, let's face it. You can't develop (and REQUIRE) courses to cover every single social issue that some special group feels is important. So, if America is really the "pluralistic" society that seems to be in vogue today (whatever happened to the "melting pot" concept, anyway?), then let's just separate everyone into their own little niches and let them be as pluralistic as they wanna be.

At least the curriculum wouldn't be corrupted with courses that, as some U-M profs said when this same issue arose last year, amount to "forced political indoctrination of students.

Not to mention the fact that such an approach is an insult to the intelligence of students at one of the most prestigious universities in the country. If courses like this belong anywhere . . . and I'm not sure that they do . . . it's in grade school, not at Big Blue.

Erase stigma of mental illness

To the editor:

The National Alliance for the Mentally Ill is sponsoring National Mental Illiness Awareness Week. Congress has designated this week, Oct. 7-13, as a time for all to learn more about mental illness. Because one out of every four Michigan families has a member with mental illness, it is time for the public to become more informed and caring about those afflicted and their fami-

Mental illness is caused by a chemical imbalance in the brain and not a personal weakness. Parental attitudes and/or poor family life do not cause mental illness. Today this chemical imbalance can be controlled with medication just as diabetes and heart disease. Many persons can recover and return to productive lives; others must continue to receive special care and attention. All persons with mental illness and their families need the support of friends, church and community.

Consider the following points about persons with mental illness: They are not retarded, but many have high IQs. Very few are ever dangerous to violent and are more often the victims of violence rather than the perpertrators. In the fiscal year of 1986, for each person diagnosed with mental illness \$15 was spent on research, yet for persons diagnosed with AIDS, \$10,000 per person was spent.

CONSIDER NEW advances in drug treatment, study of brain tissue, and diagnostic techniques under way, and the future is more hopeful than ever before. But in the meantime our people with a mental illness need community treatment programs, better trained mental health professionals and staff and a variety of community living settings.

In spite of the gains made in understanding and treating mental illness, there is still considerable stigma. When the community at large responds to mental illness, then will

Abortion will decide race for governor

To the editor:

Mrs. Connie Binsfeld, John Engler's running mate in the forthcoming Governor's election, is annoyed . with members of the press. They keep asking questions about abortion. She says abortion is not an important issue in the forthcoming election. How naive.

Not only will it be important, it will be the deciding issue for the majority of voters in Michigan. Thats why the incumbent pro-choice governor and his two pro-choice predecessors, representing both political parties were elected.

The press did not hang the abortion albatross around Connie Binsfeld's neck. She hung it there herself by saying she opposes abortion for any reason, including rape and incest. She coincidentally hung it around John Engler's neck.

I guess John Engler thought he made a major political coup by naming a Catholic woman who opposes abortion as his running mate. I wonder if he read the results of a survey taken by the Detroit News in 1989 which said that 9 out of 10 Michigan Catholics believe decisions regarding abortion should be handled by women in consultation with their doctors.

What have some of our past activities been? Our first public event was our first annual Christmas Tree lighting at Nankin Mill on Dec. 8, 1988. We decorated the Mill and a Christmas tree with white lights, evergreen bows and red ribbon. Local area Girl Scouts came to help us sing carols and we had cookies and hot cocoa afterwards. About 150 people attended. On Dec. 1, 1989, we again lit up the mill.

Local students from the Nankin Mill Elementary School participated in an art and essay contest on the theme of what it must have been like at the mill at Christmas time long ago. Our Scouts again joined us, helping us provide cookies as well as joining in to sing carols. Santa and Mrs. Claus, along with city and county officials, and Roger McCoy of TV 50, were all there to help us throw the switch. This time we estimated an attendance of about 400.

WE HAVE held two juried art shows at or near the Nankin Mill. The first one was in May 1989 and the second was this past June. At our more recent art show, local area Girl and Boy Scouts joined us to put on an old fashioned country fair with contests, games and prizes, and a visit from Binky and Soda Pop, (a local area father-daughter clown

Last October we staged our first Cheese and Wine Reception. It was an evening of soft music, light refreshments and tours of the Historic Nankin Mill.

It was dedication to students that distinguished former Schoolcraft College vice president Edward McNally.

"He was always interested in students and their perspective," sald Isabel Pearce, personal secretary to McNally for five of his 18 years at Schoolcraft. "He respected their point of view and never talked down to them."

McNally, 72, died Oct. 7 in Livo-

Serving in various administrative offices - including interim college president - the former Livonia resident is credited with many Schoolcraft firsts.

McNally's achievements include securing Schoolcraft's initial accreditation, opening the college's renown culinary arts program and even selecting the school colors, blue and gold.

He served as assistant dean, dean and, ultimately, vice president of student affairs at the Livonia-based community college.

"He was very well-liked and a wonderful man to work for," Pearce said.

McNally also served as interim Schoolcraft president for several months in 1981, prior to appointment of current college President Richard McDowell. McNatly retired Dec. 31 of that year, after completing his career as college vice president for administration:

Clinic seeking foster parents for impaired children, adults

By Janice Brunson staff writer

A Garden City guidance clinic is seeking foster parents to participate in a program with a unique aim caring for severely disabled children 17 or younger who live at home and whose families need temporary relief from the continuing responsibili-

The program, called respite care, is sponsored by the Northwestern Guidance Clinic. It provides families in need with temporary foster parents who, in their own homes, care for youths who are mentally retarded, autistic or suffer from cerebral palsy, epilepsy or other neurological and muscular impairments.

Though visits may be as long as two weeks each, most spell overnight or weekend relief for family members in need of a rest from daily duties.

"These are people with a special : place in their heart for developmentally disabled klds," said Mary Rievert of the foster parents. Rievert is program director for Northwestern 'grandparent. Clinic.

"This is their way of reaching out to the community, offering their love and support," Rievert said.

Foster parents are accepted into the program upon completion of home study and Michigan Department of Social Services licensing. They are paid \$30 daily and may request training in caring for the dis-

PETROLA CARTER IS a 72-yearold Wayne County great-grandmother who occasionally cares for a severely retarded 12-year-old whose parents do not live together. The child's mother is required to travel on her job. She relies on Carter for the special child care that is needed.

Carter, Rievert said, possesses a

great capacity for sharing love with others. In addition to serving as a temporary foster parent for the disabled, she also volunteers as a foster

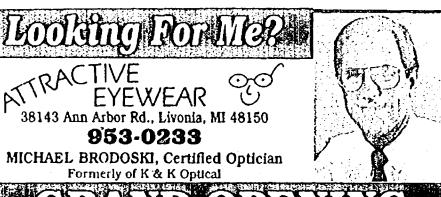

Shella Wolfane, a young Westland mother who was a temporary foster parent to the disabled for two years, entered the program after giving birth to her own son. He was born mentally retarded, is blind and has epilepsy and cerebral palsey.

Betty Kline, a downriver mother of two adopted daughters, both mentally impaired, is considering entering the program. Many volunteers, according to Rievert, are interested because of personal experience. They have family members who are physically or mentally handicapped.

"They are particularly sensitive to the stress caused by day after day after day of care. Parents just need a break once in a while," Rievert said. Temporary foster parents are also used if parents want to take a vacation, are ill or otherwise need time away.

ONCE A VOLUNTEER is accepted into the program, Northwestern staff carefully matches children and foster parents who have already met the child's family. The final decision rests with foster parents and the family.

Other services provided by the clinic's Respite Care program are sitter service and summer camp experience. The program also coordinates skilled nursing care and overnight stays at four regional respite. centers, including the Rose Fitzgerald Kennedy Respite Center in West-

If you said no, he likely went back to asking you about joint pain or difficulty walking.

However, dryness of the mouth and eyes is part of arthritis, and cannot be blamed on your medicine or explained as the result of your not taking enough fluids. Rheumatoid arthritis is considered a condition of disordered antibody production. In some cases, the antibodies that attack the joints also infiltrate the glands that make saliva and tears. The inflammation that ensues causes these glands to lose their capability to supply the fluid constituents that make up normal saliva and lears.

You notice these changes as a loss of taste, food seems dull and dry. Or, your eyes feel like sand is in them every morning and appear red, as if you have pink eye. Treatment for dry mouth consists of sucking on hard candy to stimulate the saliva glands to work. You can counter the dry eyes with daily installation of artificial tears. If the eye dryness is profound, you may need a sophisticated delivery system that permits automatic delivery of a liquid film.

A honey of a gift from bees

"My son, eat thou honey because it is good; and the honeycomb, which is sweet to thy taste."

-- Proverbs 24:13

Ever since man discovered honey, this delectable product made by bees from flower nectar has been the standard for judging one of the most pleasant human sensations - the taste of sweet-

Since ancient times, the words "honey" and "honey-sweet" have been used as terms of endearment.

In cooking, honey can replace white or brown sugar in most circumstances. Because honey contains 80 percent sugar and 20 percent water, some adjustments must be made.

For baking, use about 25 percent more honey than sugar by weight and reduce the amount of other liquids accordingly.

When a recipe calls for sugar, start by replacing honey for half the amount of sugar and experiment from there.

AS A seasoning, honey helps bring out hidden flavors.

Root vegetables like carrots and rutabagas will always profit from a touch of honey.

In rural parts of America, home-grown tomatoes still are eaten with a sprinkle of sugar or sparingly spread with honey the sweetening bringing out the flavor better than salt.

Most of us are used to the multitude of plastic and glass jars of honey available locally in our grocery stores.

But honey comes in an infinite variety of flavors, each taking credit from the assortment of nectar gathered by the bees.

SINGLE-SOURCE HONEY 13 produced in regions where a crop that is a good honey plant — apple trees, alfalfa and clover, for instance — is grown over a large area. Hives of bees are brought into the area for the flowering period of the crop, usually several

(By the way, bees are seldom left permanently as they would have no food for the rest of the

Bees tend to gather nectar from one kind of blossom, if possible, and they fill their combs in orderly fashion.

Smaller-scale beekeepers, by keeping track of blooming times of the flowers in their vicinities, are quite accurate in naming the dominant flower sources and tastes of their honey.

BALDUCCI'S IN New York City, one of the largest food shops in the country, offers 34 kinds of honey, including Tasmanian leatherwood, and Italian chestnut honey that is so thick it must be gouged from the jar with a spoon.

More locally, Zingerman's Deli in Ann Arbor's Kerrytown has just as impressive a list of honeys from which to choose.

Janet Mason, in retail sales at Zingerman's, said their biggest sellers are the Petosky-based American Spoon Foods assort-ment of Blueberry Blossom and Northern Wild Flower honeys.

Both sell for \$4.49 for 11 ounces and have equally impressive flavors to match the prices.

They also feature an unheated, creamed honey with pollen and an Oregon Aplarics line of apricot, strawberry, blueberry and raspberry-flavored honey, which she said is outstanding on waffles and French toast and while cooking wild game.

Their prices are comparatively a little higher than the \$4.50 I paid recently at the Eastern Market for a 4-pound jar- of pure Michigan honey from the T.M. Kieln and Sons farm, but if you have a discerning palate for intriguing flavors, the extra cost

What it takes to make school lunches for four Boedigheimer youngsters.

Brown baggers off to school

JIM JAGDFELD/staff photographer

Marti, who is from China (left), Sheri from Costa Rica and Ben from India put together their lunches at Boedigheimer household in Livonia.

/ 'Mr. Mom' helps to pack nutritious lunches for kids

By Larry Janos special writer

HIRTY-ONE YEARS AGO today, I was walking-to-what-used to be St. Joe's School-in Wyandotte, one hand grasping a blue-corduroy school bag while the other held firmly to my Larry, Moe and Curly (the Three Stooges) lunch

The old thermos, which according to Momma must have been designed by one of the Stooges, had long since been replaced by ones with Felix the Cat, Dick Tracy or the omnipotent Shadow.

The contents of the lunch pail consisted of a baloney sandwich — plain, of course, a double bonus pack of Twinkies (see, I'm not that old) and a rust-spotted apple. The sandwich was wrapped in waxed paper (plastic wrap and Baggies hadn't been invented yet.).

Whenever the thermos broke or the lid couldn't be found in time, a nickle was securely taped to the lid of the lunch pail with Scotch tape for a one-pint glass bottle of Wilson milk. There was always a paper napkin, folded into a triangle, that was used only rarely and then only to wipe the blood from a scraped knee or

Times have changed and now lunch boxes are adorned with New Kids on the Block, the same old Twinkies, but this time single-wrapped, not doubled; apples that could make any art teacher sigh with envy, and, in most instances, a disposable juice box with flex-

THE NAPKIN MIGHT possibly be a single sheet of paper towel, made of recycled fibers, or maybe even a Handi-Wipe individually secured in its own wrapper. Milk is 35 cents.

But things are just a little different at the Boedigheimer house in Livonia. Momma Boedigheimer (Charlotte) owns Around the World Travel in Farmington Hills, and when she goes off to work in the morning. Papa Boedighelmer (Jim), a self-proclaimed "Mr. Mom," has everything sitting out on the kitchen counters, waiting for all the Boedigheimer children to pack their own brown bags.

With Sheri, 13, an eighth grader at Holmes Middle School; Marti, 15, a 10th grader at Stevenson High School; Ben, 16, an 11th grader at Stevenson, and Nathan, 18, an Oakland Community College student, Bart Simpson lunch pails are out and paper bags filled with baloney (some things never change), chicken sandwiches, plenty of fresh fruits and an occasional granola bar is what's "in."

This writer made a few random calls to other parents of school-age children and was somewhat surprised to find:

• Healthy-for-you breads like wheat and rye don't get eaten, so more than 80 percent of the households polled still use plain old Wonder (60 percent say they still remove crusts, however).

• Fruits of some sort are always packed in more than 95 percent of the lunches, with most relying on apples, pears and an occasional banana. Fruit roll-up and fruit leathers are gaining in popularity but less v than 10 percent will pack cut-up fruits.

• Vegetables are still used for squirrel food. The broccoli and carrot sticks just aren't eaten unless accompanied with a ranch-type dip.

Eye-appealing Food is as good as the view

At R.I.K.'s, diners are greeted by a view into the restaurant's kitchen where the staff industriously stirs up the regional Italian specialties, It's a silent scene, since the vista is through a homey,

arched frame of windows decorated with utensils and sprigs of herbs. Bistro under glass, we call it. And

R.I.K.'s is an intriguing blend of

styles in a clearly superior restaurant. The restaurant's two long, rectangular dining rooms are separated by a beautiful wall of archés and the

lace blinds on the front windows let natural light stream in. A bar area is more stark, with more contemporary black-and-white flooring and subdued lighting. Live jazz is performed Wednesday-Satur-

R.I.K.'s new fall menu allows for plenty of innovation from the kitchen. Most weekends, guests will be

a list of evening specials, and an oral presentation of items added as recently as that day.

Many of the specials are fish entrees, such as the superb scallop dinner we enjoyed, with its rosemarytarragon sauce with shiitake mushrooms. Quall also was special that evening, two birds tenderly prepared and jazzed up with spices.

The health-conscious diner will find lots of appropriate entrees des-Ignated on the menu by hearts and can order the fresh fish entrees cooked as desired. There's even a low-fat beef entree,

beef tenderloin grilled and served with mushrooms, shallots, garlic and potatoes.

BUT LET'S NOT forget this is an Italian restaurant, and authentic Italian dishes here have a flair.

Like the gemelli, a pasta tossed with wild mushrooms, herbs and walnut pesto, or the farfalle bowtio pasta with shrimp or grilled chicken, peppers and broccoli in a mustard sauce.

Risotto, a delicious Italian treatment of rice, offers endless possibiligiven the standard, extensive menu; ties. R.I.K.'s apparently intends to

try them all. A new risotto dish is prepared daily.

We tried a version with diced vegetables and were thoroughly pleased. Good risotto is cooked slowly, resulting in a creamy consistency. This was good risotto, though pricey at \$9 for an appetizer.

Another nice Italian appetizer is the focaccia — Italian bread with red onlon and sage served with a roasted garlic. It looks, sniells and tastes wonderful.

FOR SOUP, a tomato-based "zuppe" with mussels, calamari and clams is an excellent chowder-type selection. Those who can't tolerate squid have another good alternative in the traditional vegetable soup.

Dinner salads can get pretty routine; a little lettuce, a couple of wedges of tomatoes, maybe a cucumber or croutons, all tossed with a vinalgrette of sorts.

Not so at R.I.K.'s, where the house salad is superb. It features bibb lettuce and spinach tossed with the restaurant's delicious tomato Caesar Italian dressing.

about the food, all is not perfect.

We found eating at R.I.K.'s is like being in a rugby scrimmage. Maybe it's bistro out of control. Seems that this Livonia family packs more than 75 percent of its own lunches, only relying on school food when there is an occasional good-tasting pizza or nachos being offered. With Jim Boedighelmer being the main purveyor of food at their household, he buys what he knows the kids will eat. "Why make something that just gets thrown away?" was the comment received, when he was asked if the family eats whole-grain breads with healthler fillings.

In addition, the Boedigheimer kids get the additional perk of having Dad around when bus schedules or

pre/post school activities turn lunch preparation into a grab bag of unhealthy selections. Dad is always there to put a few slices of turkey, ham or baloney between bread slices, but he does draw the line at crust cutting.

This Livonia family has never used menu planners. Surprisingly so, Jim Boedigheimer goes grocery shopping weekly and will even make special trips to the grocery for sale items. He has no allegiance to one grocer over the other, instead leiting advertised prices rule when and where he shops. 🜤

California R. H. Phillips

She hates to cook but comes up with winner

Admittedly, there are people who love to cook.

Whole industries have been developed around cooking supplies and gadgets, books, magazines and fancy gourmet foods which all enhance and promote cooking. And yet, there are also people who learned everything they know about cooking from Peg Bracken's "I Hate to Cook" cookbook.

This week's Winner Dinner Winner, Sue Scerbo, makes no bones about cooking being one of her least favorite things to do. With five children, though, cooking is a daily necessity and she jokingly admits that if she could go to the grocery store and buy food pills, she would.

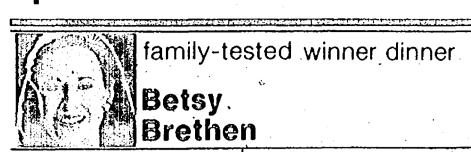

Despite her sometimes overt animosity toward the kitchen, Scerbo, who hails from Birmingham, submitted a delicious menu that always receives rave notices from her family. Featuring Sweet and Sour Ham served over rice, a mixed green salad garnished with mandarin oranges and beets, and a delectable caramel sauce that is perfect for dipping apple slices in, this is one meal you will be delighted to make for your family - instead of dinner reservations.

With four children playing soccer and two playing hockey this fall, Scerbo and her husband spend a lot of time shuttling from one sporting event to another. A very supportive and involved mom, she helps out in her children's schools by being a room mother and participating in the various fund-raising events that take place throughout the year.

FOR SIX YEARS, she has volunteered her time teaching students at Quarton School how to make and decorate panoramic eggs at a series of classes called Fabulous Fridays. The eggs are made out of molded sugar and decorated on the inside as well as on the outside with frosting. The students learned, in the space of three different Fridays, how to write with frosting as well as how to make their individual eggs.

Presently, Scerbo is eagerly anticipating a trip to Spain, to visit her daughter who is studying in Madrid,

ING CARAMEL SAUCE WITH APPLES Recipes

SALAD GREENS WITH MACHUS DRESS-

SWEET AND SOUR HAM OVER RICE .

Menu

The subtle sweet and sour flavors of this dish offer a nice change of pace for your taste buds. Colorful and easy to make, this recipe makes enough to feed six. It can be made in advance and reheated just before serving.

21/2 cups precooked rice 1 can apricot halves, 16-ounce

size 11/2 pounds cooked ham, cut into strips (3 cups). Turkey ham works well and is lower in salt and calories.

2 green peppers, cut into 1inch pieces 1 cup chicken broth 1/2 cup sugar

1/4 cup vinegar

3 tablespoons butter or marga-3 tablespoons soy sauce

4 tablespoons cornstarch

Cook the rice. Drain apricots and save the syrup. In a large saucepan, combine the syrup. ham, green peppers, ¾ cup chicken broth, sugar, vinegar, butter and soy sauce. Boil then

cover and simmer for 10 min-

Blend the cornstarch and 1/4 cup chicken broth and add to the ham mixture. Add apricots and cook for a few minutes until

mixture is elightly thickened. Remove from heat and spoon over rice. Pineapple chunks can be added also.

SALAD GREENS WITH MACHUS DRESSING

Mix together your choice of salad greens and add 1 can of mandarin oranges and some sliced beets. Dress with Machus Salad Dressing, available in all Machus restaurants and bakeries, and toss well.

CARAMEL SAUCE WITH APPLES

Good for dessert as well as for a snack, this recipe for caramel sauce is quick and easy to make. Once made, place in a bowl with sliced apples surrounding it. Let everyone dip his or her own apple slice in the yummy sauce. This sauce is also wonderful served over vanilla ice cream or yogurt.

1 cup firmly packed light brown sugar 1/2 cup butter

1/2 cup whipping cream

Combine sugar, butter and cream in a heavy-bottomed pan over low heat. Cook, stirring constantly, until sugar is dissolved. Remove from heat and whisk for 1 minute. Store in a jar. Serve warm in a bowl surrounded by crisp apples.

1 small piece of cooked ham,

weighing approximately 11/2 pounds, or use leftover ham (turkey ham works well, too)

Barolos distinguished by 2 methods of aging

Simply put, traditionalists use time-tested methods and age the tion methods have been altered in that are frequently 50 years old and older. Those who employ more modern production methods with shortsmall French oak "barriques," are called modernists.

Pio Boffa, the young, energetic administrator of the century-old winery, Pio Cesare, gave us his views of the classification, traditional vs. modern. Although this is one producer's viewpoint, it is one that is elther shared or being grappled with today in making barolo, one of Italy's renowned wines.

Producers of Italian barolos may be divided into two classes: traditionalists and modernists.

of our wines, people began to label us new wave," Boffa claims. "But we have not broken with our traditional taste and quality. Our vinificawine in large, upright wooden casks order to maintain our identified style."

Boffa believes that through the 100 years of Pio Cesare's existence, ened aging time in wood, and employ spring and fall seasons in the Barolo and Barbaresco regions have become shorter. Summers are longer and hotter and clones of the nebbiolo grape have been altered by changes in the microclimate.

"IT HAS BEEN necessary for our vinification of barolo to change with the times in order to maintain the style identified as Pio Cesare," Boffa contends.

Boffa maintains he will never confuse the unique character of a barolo with another wine made in the same appellation with the same grapes but a different vinification method.

To illustrate this, Boffa has experimented making a young nebbiolo, aging red wines in French oak barrels, aging Cortese di Gavi in barrels, and making cabernet sauvignon

Nouvel outlasts Borgess

Panthers create tie atop race

By Stove Kowelski staff writer

Not even Walt Bazylewicz has witnessed many high school football games that were as wild as the one played Saturday between Redford Bishop Borgess and Saginaw Nouvel.

In a game that featured four lead changes, two blocked punts (one returned for a touchdown). and 665 yards in total offense, Nouvel outlasted Borgess, 36-30 at Garden City Junior High.

The outcome creates a logiam at the top of the Catholic League's Tri-Sectional race, with Borgess, Nouvel and Orchard Lake St. Mary's tied at 3-1 with one game remaining. St. Mary's beat Royal Oak Shrine, 8-7 Saturday.

Borgess fell to 5-2 overall, while Nouvel is 6-1.

"I thought we were going to win the game, but they're a tough team," said Bazylewicz, Borgess' second-year coach. "In 30 years of coaching you're going to have games like this. I've been involved in some, but today we were in a giveaway program. It_was like they were passing against the wind

- nobody was on defense. I can't blame the kids because it did nothing but rain for three days and we couldn't practice much.'

NOUVEL QUARTERBACK Brian Wheatley, making his first varsity start, took advantage of a porous Borgess secondary. Wheatley completed only six of 18 passes, but he threw for 216 yards and one touchdown. His favorite target was his brother, Ryan Wheatley, a 6foot-4, 215-pound tight end, who caught five passes for 148 yards and two TDs.

Ryan Wheatley caught a 22-yard TD pass from halfback Pete Shaheen way back in the second

quarter, when the Panthers trailed. 18-14. The Wheatley brothers connected with each other with 7:00 left in the third quarter when Brian spofted Ryan in the end zone for a 21-yard score and gave Nouvel the lead for good, 29-24.

The Panthers took a 36-24 lead with 1:55 remaining in the game on a 4-yard TD run by Shaheen, but the Spartans weren't through. Borgess tailback David Dobbins took a pass in the flat from quarterback Tom Cole and raced the rest of the way for a 78-yard scoring strike with 13 seconds left in the game.

Nouvel coach Leo "Smokey" Boyd was relieved to hear the final horn, because there was no telling who was going to take the game's next lead.

"It's a lot of fun, these games," Boyd said. "It's a lot more fun when you win than when you lose. It was exciting football. We did things wrong with our blocking on the ends for the blocked punts, but we came back offensively.

"That kid (Ryan Wheatley) is an all-state end, a Division I football player. Michigan State is interested in him, so is Northwestern and Michigan. He can catch the ball. We knew going in we had to throw the ball because Borgess has big kids on the line and we were going to have trouble running against them."

The Spartans defensive line, which includes standouts Emmanuel Walker, Justin Gugala and Nate Auld, forced two Nouvel turnovers and blocked a punt in the first half, all of which led to Spartans scoring

NOUVEL TOOK THE game's first lead, 7-0, scoring on a 1-yard dive by Trent Thompson with 7:37 left in the first quarter.

Nouvel fumbled a Borgess punt later in the quarter, however, and Sabin Duncan recovered the ball at the Panthers 45. Three plays later, Borgess back Anthony Hood scored on a 25-yard run. The two-point try was no good and Borgess trailed 7-

The Spartans defense held Nouvel on three plays on the Panthers next series and on fourth down blocked the punt by Ryan Wheatley. The Spartans took over possession at Nouvel's 19 and on second down Dobbins scored on a 9-yard run to give Borgess a 12-7 lead late in the first quarter.

On the ensuing kickoff, Borgess' Al Fernandez drilled a Nouvel ballcarrier and Marvis Hood recovered deep in Nouvel territory. A roughing penalty gave the Spartans the ball at the eight and on the next play Dobbins scored from the 1 to give Borgess an 18-7 lead with 1:24 left in the first quarter.

Nouvel scored two more times before halftime to lead 22-18. The Spartans defense again rose to the occasion early in the second half. Rob Carlton blocked a Nouvel kick and picked the ball up in the end zone to give Borgess its last lead, 24-22, with 10:25 remaining in the third quarter.

Nouvel outgained Borgess, 415-250, in total yardage. The Panthers' 167-yard rushing attack was led by Shaheen with 80 yards on 17 carries. Anthony Hood led Borgess' 132-yard rushing attack with 81

Dan Henry, 38, will succeed his brother Chuck as the Zebras' new head coach. The announcement was made Friday by Wayne High athletic director Bill Hawley, who headed a search committee along with assistant principal Neil Thomas and Wayne-Westland Schools adminis-

Trator Dan Slee. We think Dan Henry is a fine baskétball coach who will continue the tradition his brother set in the past, which has been so successful," said Hawley. "I don't think we'll miss a beat and I expect the kids will con-

their trademark in our basketball program."

Chuck Henry left last summer to become the head basketball coach at Walled Lake Western after going 207-82 in 13 seasons at both Dearborn Divine Child and Wayne Highs.

Last season the Zebras won Wolverine A League and district titles en route to a 21-2 record.

"I consider this a break and I appreciate what the district has done for me," sald Dan, currently the head football coach at Romulus High. "It's my job to maintain the tinue to work hard, which has been time commitment my brother made

when he was here and to keep everything under control."

HAWLEY SAID that it was a plus. that the new coach taught in the Wayne building. Henry is an instructor in special education.

"That's a major factor in perpetuating a program, it really helps," Hawley said. "And Dan is an excellent coach. We hope that the program will keep on building with Dan as our coach."

Dan Henry coached a nearby John Glenn High from 1977-80. During the 1980 season his Rockets won a Class A district championship.

He was also the head basketball coach in 1983-84 at Trenton High and later returned to Wayne where he served as JV coach under his brother in 1987. He also coached at

the junior high level in the Wayne-Westland Schools the past two years. Henry is also a registered basketball official.

Dan Henry was also the head football coach for three seasons at Redford Bishop Borgess High and is now in his second year as head football coach at Romulus.

"Even though I've moved around, I been in it (basketball) for quite some time, even coaching my kids the past two years," Dan said. "I just have to make sure I talk to some coaches and make sure I'm updated on a few things. I'm just going to go in there and do the best job I can."

Championship form Quattlander's 4 TDs launches Rockets

By Brad Emons staff writer

Westland John Glenn put an asterisk mark on the Lakes Division portion of its football schedule Friday night with an impressive 41-0 victory over visiting Livonia Stevenson.

For the sixth straight year, Glenn has won outright or gained at least a share of the Lakes side of the Western Lakes Activities Association. The 7-0 Rockets will play Western Division

champ Farmington Harrison (6-1) for the WLAA crown again. It will be the fourth straight meeting between the two schools. Harrison has won the last two outings. Glenn,

meanwhile, will be gunning for its third WLAA crown after capturing titles in 1985 and '87. "The players know it's October and they've got to start playing now," said Glenn coach Chuck

Gordon. "Farmington Harrison will not beat themselves and they won't make mistakes. They're well coached. We've got to go in there and play."

The championship game will be 1 p.m. Saturday at Harrison.

But on Friday, the Rockets, although having already clinched a spot in the WLAA final, had to build some momentum against Stevenson (3-4), a team fighting a three-game slide after a respectable 10-0 loss last week to North Farmington.

GLENN WASTED little time in turning an early break into a quick six points.

On the game's second play from scrimmage, defensive back Daye DeMara pounced on a Stevenson fumble at the Spartans' 28-yard line.

And six plays later, Glenn cashed in when quarterback Chris Scheffer lofted a 5-yard scoring pass to John Moore, who juggled the ball in the end zone just before hauling it in.

"That's tough to overcome against a good football team," said Stevenson coach Jack Reardon. "They (Glenn) don't do anything you don't expect, they just do it well. Everybody knows what's

football

coming, but they're so well coached and they have a numbers thing on us, too (55 players to 33). You can't give them breaks and then you can't have your defense on the field so long like

Glenn scored on its second possession, driving 56 yards in 11 plays, capped by Tad Quattlander's 5-yard end run, getting a big block from fullback Alonzo Jackson with 10:51 to go in the second quarter.

Quattlander, the speedy 5-foot-7, 160-pound funior, had a big night. He rushed for 115 yards in 12 carries, scoring four of Glenn's six TDs.

WITH 4:44 REMAINING in the half, Quattlander scored on a 41-yard reverse handoff, springing loose on a crushing block, from of all people, Scheffer, the quarterback.

That made it 21-0 (Chris Bandy kicked all three extra points), but the Rockets were not

Scheffer, taking a pitch from John Ward, fired a bomb, a 49-yard flea-flicker pass to Jon Molnar with 3:36 to go in the half, increasing the Rockets' advantage to 27-0.

"We've run the reverse before, it just seemed like the time to call it," Gordon said. "He (Scheffer) is supposed to lead that around the cor-

"And he (Scheffer) just threw that (flea flicker) a mile. We hit some big plays."

In the third quarter, Quattlander was at it again, returning a punt 54 yards for a TD. He capped off his big evening by sprinting 25 yards for the game's final score.

"You can't give No. 8 room," said Reardon. "He just ran away from us."

GLENN'S DEFENSE held the Spartans to 149 total yards. The Rockets piled up 320 total yards. Stevenson's only real scoring threat occurred midway through the second quarter.

The Spartans marched down to the Glenn 18, but on fourth-and-11, Joe Meriwether picked off a pass. Brian Litwin later picked off a pair of Stevenson passes before the half ended.

Stevenson nearly averted the shutout when quarterback Ryan Furkas hit Paul Rockwood with a 53-yard pass, but the Stevenson senior was brought down at the Glenn 1 as time expired in

the final quarter. A touchdown could have done wonders for a team that has now gone scoreless in fourth

straight games. "I know this sounds corny, but we're not going to quit," said Reardon. "We'll match up better the next two games (against Walled Lake Central and Livonia Churchill) and we'll play good foot-

"I don't know how you can put it, but there's just no way to match up with this kind of football team (Glenn)."

AS FOR GLENN, the season is building to a

crescendo with an eye on Harrison. "I think we hit a spell where we stopped and didn't improve, but hopefully we're back on track," Gordon said. "We had come off two big emotional wins over Plymouth Salem and North Farmington and then we just didn't play the way we were capable of against Walled Lake Central and Farmington, even though we won."

The Rockets proved to be more than capable Friday against the Spartans.

Big 2nd half surge lifts Zebras, 26-0

Wayne Memorial wasn't saving anything for the second half Friday, scoring four early touchdowns en route to a 28-0 win over visiting

Wayne is 6-1 overall and 5-1 in the Wolverine A Conference. Southgate is 2-5 overall and 2-4 in the Wolverine A.

Wayne quarterback Jason Wetmore scored the game's first touchdown on a 31-yard run in the

opening quarter. Wetmore completed 2-of-6 passes for 54 yards.

.Tallback Greg Carrico scored the first of three second quarter touchdowns for the Zebras, sprinting 39 yards into the end zone. Senior tailback Jermaine Ellis added a score

midway through the second quarter, scampering 36 yards past the goal line. Ellis finished the game with 140 yards on 21

Jerry Rogers concluded Wayne's offensive thrust with three seconds remaining in the first

half, scoring on a 4-yard run. The Zebras tallied 358 yards total offense, while Southgate managed just 77.

DEARBORN 17, GARDEN CITY 13: Dearborn High clinched the Northwest Suburban League title with Friday's victory over host Garden City.

The Pioneers are 6-1 overall and 4-0 in the NSL. Garden City, playing before a homecoming crowd, fell to 3-4 overall, 1-3 in the league.

Dearborn scored all its points before halftime in taking a 17-0 lead. The Pioneers scored first on an 8-yard run by quarterback Mohammed Aborabboh, capping a 9-play 90-yard drive. Richard Tlusty's extra point gave Dearbórn a 7-0 lead.

AVONDALE '23. CLARENCEVILLE 6: The Auburn Hills Avondale football machine kept rolling Friday, although Livonia Clarenceville made a fine effort to stall the Yellow Jackets in the Metro Conference encounter.

Avondale, whch beat Mount Clemens Lutheran North, 63-7, the week before, led only 13-6 at halftime. Avondale, winners of 43 straight regular-season games, is 7-0 overall and in first place in the Metro at 6-0. Clarenceville Is 4-3 overall and 3-3 in the league.

Kendrick Harrington scored the Trojans' only touchdown, going over from four yards out in the second quarter. The extra point attempt failed and Clarenceville trailed 13-6.

George Williams, who led Avondale with 147 yards on only eight carries, scored on runs of 1 and 75 yards in the first half. Dedrick Johnson's 2-yard run and a two-point conversion in the fourth quarter gave Avondale a 21-8 lead in the fourth quarter. Livonia Churchill pulled a mild surprise Thursday, edging Western Lakes Relays champion Plymouth Canton in a girls swim meet, 95-91.

It was second win in the Western Division of the Western Lakes Activities Association for the host Chargers, now 5-2 overall.

Churchill won nine events, led by by double winners Tara Ditchkoff, Ellen Lessig and Liz Sorokac.

Ditchkoff swept the 200- and 500-yard freestyles with times of 2:00.71 and 5:14.05, respectively. Lessig added firsts in the 50- and 100 freestyles with clockings of 24.9 and 54.9, respectively. Meanwhile, Sorokac posted a state cut in winning the 200 individual medley (2:19.76) and won the 100 breaststroke (1:15.4).

Lessig, Ditchkoff, Sorokac and Katle Hamann combined to win the 200 freestyle relay (1:45.4). The foursome of Lessig, Sorokac, Hamann and Amy Kalinowski added a first in the 200 medley relay (2:00.7).

Other Churchill firsts were garnered by Amy Kodrick in diving (207.25 points) and Hamann in the 100 butterfly (1:05.41.)

LIVONIA FRANKLIN ran its overall record to 5-2 with a 104-81 win Thursday at Walled Lake Western in a WLAA-Western Division meet.

The Patriots boasted a pair of double winners in Colleen Hansen, who captured the 200 freestyle (2:27.4) and 100 backstroke (1:13.34); and Jenny Fisher, who took the 200 IM (2:32.72) and 100 breaststroke (1:19.82).

Other Franklin firsts were recorded by Traci Mullins, 50 freestyle, 29.12; Jennifer Beardslee, 100 butterfly, 1:09.25; and Kim Rodriguez, 500 freestyle, 6:21.97.

The quartet consisting of Rodriguez, Fisher, Mullins and Beardslee won both the 200 medley (2:11.25) and 200 freestyle (1:55.74) relays.

Western was led by Julie Dibble, who won the diving (213.20 points) and the 100 freestyle (1:06.6).

LIVONIA STEVENSON, despite the individual efforts of Jamie Anderson and Jennifer Knapp, fell Thursday to host Plymouth Salem in a WLAA-Lakes Division dual.

Anderson swept the 200- and 500 freestyles with times of 2:02.8 and 5:24.78, respectively, while Knapp added wins in the 200 IM (2:21.37) and 100 breaststroke (1:11.04).

Anderson, Jill Knapp, Holly Palmeri and Heather White took the 200 freestyle relay in 1:47.43, while the foursome of Nancy Warson, Anderson, Palmeri and Jennifer Knapp won the 400

freestyle relay in 3:55.86. Warson had the Spartans' other first in the 50 freestyle

Altered course can't stop Franklin harriers in dual

Because of heavy rains resulting in flooding, Livonia Franklin was forced to alter its home cross country course Thursday at Nankin Mills

at Edward Hines Park. And despite the soggy conditions, the Patriots sloshed their way to a pair of victories, winning both the boys (27-29) and the girls (18-53) dual

meets against Farmington Harrison. Eric Curnow of Franklin won the boys race, covering the 5,000-meter course in 16:59.

Harrison's Jason Zydrski and Mike Deans finished second and third, respectively, in 17:38 and 17:59.

Other Franklin boys in the top 10: Lee Devers, fourth, 17:59; Paul White, fifth, 18:15; and Scott Goodell, sixth, 18:34.

The Patriots are 4-3 overall and 2-2 in the Western Division of the Western Lakes Activities Associa-

Stacy Hewett and Tammy Bauer finished one-two for the Franklin 18:34.

Harrison's Alyssa Imami was third in 21:40.

Other Patriots in the top 10: Keri MacKay, fourth, 22:54; Nicole McMullen, fifth, 23:36; Debbie Brzys, sixth, 23:42; Nicole Canham, seventh, 23:43; Kim Keller, eighth, 23:58; and Sarah Bauer, 10th, 24:18.

The Franklin girls are now 1-3 in the division and 2-3 overall.

LIVONIA STEVENSON could not stop North Farmington in a boys meet Thursday at Cass Benton, falling 28-33.

Despite the dual meet loss, Stevenson's Rodney Westlake and John Marshall finished one-two in 17:30 and 18:19, respectively. North's John Chinits took third in

for competitive bowlers HEY ARE ALWAYS coming up with bigger and better ways for bowlers to win money. Three promotions are currently taking place in which somebody somewhere is going to win a lot of cash. All of the promotions are for amateurs only -

N.B. Viesleyan at Luth. Viestland. 1 p.m. W.L. Central at Liv. Frenkin, 1 p.m. professionals are not eligible to enter. The second annual Super Bowl High Roller Tournament in Las Vegas features an abundance of ways of cashing big in this rich megabuck event. Top prizes are \$150,000, \$75,000, \$40,000 and \$20,000. A field of approximately 856 bowlers start

out in quest of the money. A \$1,000 entry fee assures that anyone who wins two matches will receive a prize of \$1,000 or more in this scratch, single-game elimination tournament. For details, call 1-800-257-6179.

Prize money abounds

In the Cambridge Pro-Am, \$250,000 in prizes will be awarded, Competition is open to all amateur bowlers who are at least 21 years old and bowl in an established league at a BPAA Bowling Center. Bowlers can qualify during regular league play at participating centers.

THE MEMBER of each league with the highest score automatically advances to the next round of competition - the 'in-house' championship. From there, the winners advance to the state/regional finals, Nov. 10-11, before moving on to the Cambridge Pro-Am, Dec. 6-7, in Reno, Nev. The local participating centers are West Bloomfield Lanes, Bel Aire Lanes. Mayflower Lanes and Woodland Lanes.

Dunkin Donuts sponsors the National Bowling Challenge where the object is to bowl your average - EXACTLY. A \$5 entry fee is stipulated when you bowl in regular league competition or open bowling play. It is possible to win a trip to Reno to compete in the national finals. First place prize is \$50,000, second place receives \$25,000, and from there, the prizes decrease. If you win by bowling your average at the nationally televised finals, you take home a cool \$1 million. Livonia's Wonderland Lanes is one of the participating bowling centers for this event.

I won \$7 in a jackpot last week and at the time I thought that was pretty good.

IN LOCAL TOURNAMENT play, the Mid-States Masters held its first competition of the season last week at Avon Recreation in Rochester Hills. In the 205 (average) and under division, Gus Ghanam was the high qualifier with 1,168 for five games. The tournament winner was Mike Schneider, who shot a 290 game. In the 192 and under division, high qualifier was Don Vought with a 1,146 for five games. Terry O'Neil from Southfield was the tournamnet winner.

The big winner in the Bowling Just-forthe-Fun-of-it promotion was Livonia's Gary Nikkila, who took home \$10,000. He won without having to roll a ball - just filled out the winning coupon at the right time at Merri Bowl.

• An award was presented at Westland Lanes last week to Garden City's Lona Palsie for making the YABA nation's top 10 in the Junior Major Girls division. Her 748 series last season placed ber fourth nationally.

Spartans no match for Lakes leaders

By Steve Kowalski staff writer

Darcie Miller, wearing only her basketball shorts and a sweat shirt, stepped off the Plymouth Salem bus to talk to a reporter Thursday night.

"Don't stand out here too long; you'll catch a cold," assistant coach Ray Franzen told her.

Franzen was concerned about Salem's junior center, and well he should be, considering she had just over host Livonia Stevenson.

Miller has become a contributing factor for Salem, but she's not the only reason the Rocks are 11-2 overall and in first place in the Lakes Division of the Western Lakes Activities Association at 3-0. Overall, the Rocks are 6-0 in the WLAA.

Nine players saw action and seven scored for the Rocks, including senior guard Sarah Ruete, who contributed 10 points. Cyndi Platter added nine points and Yolanda Jackson and Martha Bol scored eight apiece in the Rocks attack.

COME TO THINK of it, with all that depth, maybe Miller could afford to get sick and miss a game.

"We want everyone to contribute and be the best they can every chance they get," Salem coach Fred Thomann said. "I'm very pleased with our teamwork tonight. We did a nice job of sharing the ball and really work hard on giving the ball up if the next player is in a better position to score. We're getting better at it.

"For all intents and purposes this game guarantees at least a share of the division title for us (with only Farmington and North Farmington left on the Lakes schedule)."

Stevenson, playing its fifth straight game without injured junlor center Teresa Sarno, fell to 9-3 overall and 2-1 in the Lakes Division. The Spartans are 5-1 in the WLAA overall.

Sarno's absence was evident as Salem was able to control the boards and get several second and third shot opportunities. Miller made her most important contribution in the second quarter, scoring five of her team's last seven points as the Rocks opened up a 29-19 halftime lead.

The Rocks took a 42-29 lead after three quarters and put the game away by scoring the first 12 points of the fourth quarter to lead, 54-29. Miller scored six straight pumped in a team-high 15 points in points during the fourth-quarter Salem's 62-42 girls basketball win run and left the game along with Ruete and senior co-captain Betsy McAllister with 3:13 left and the game all but tucked away in the win column.

> MILLER SAID SHE doesn't feel any pressure in the paint, despite being the Rocks tallest player at 6-

"We have Yolanda, who can jump real high and Emily (Giuliani) who boxes out real well and that takes the pressure off me," she said. "Coach just tells me to do my best. We're communicating better."

Sarno, who has missed the last five Stevenson games with an ankle injury, might return Tuesday at home against Livonia Franklin, coach Chuck Hebestreit said. Hebestreit can't wait.

"One of the secrets tonight was rebounding," Hebestreit said. "They're second and third shots and size really paid off. We didn't box them out and were sluggish in working the ball around the perimeter. Our guards, except for Jenny Audet, were content to stay out there and didn't make things happen offensively.

Sophomore forward Karen Groulx led Stevenson with 18 points, but she was the only Spartan in double figures. Laura Zatorski added seven, while Audet and Lori Shingledecker scored six aplece. This was the sixth game Groulx has scored in double fig-

Mustangs knock off Franklin

Livonia Franklin's hopes for an undefeated season ended Thursday as host Northville outscored the Patriots 16-4 in the fourth quarter en route to a 43-35 Western Lakes Activities Association girls basketball victory.

The Mustangs, 7.5 overall and 3.4 in the WLAA, only scored eight field goals but made 21of-33 free throws and held Patriots' all-state Dawn Warner to six points.

"It was their night," Franklin coach Dan Freeman sald. "We expected this type of game from them even though we beat them the first time (53-41)."

Northville played a triangle-and-two and defended Warner with several players, Freeman said. The Mustangs jumped out to a 10-3 lead but the Patriots, 11-1 overall and 6-1 in the WLAA, came back to tie the game 18-18 at halftime. But down the stretch, Northville's free throw shooting prevailed.

Rebounding also made a difference, with Northville outboarding the Patriots, 31-17.

"The first loss is always hard to take but we will take it as a learning experience and come back," Freeman said. "You know the first loss will come eventually, but this was a big game for them. They needed this game if they wanted to make it into the post-season playoffs. They ran the triangle-and-two to perfection."

Franklin, which only made seven field goals, was led by Patty Shea and Jenny Mayle, who scored 14 and 10 points, respectively.

Kate Holstein led Northville with 14 points and Maria MacInnis added 10.

GARDEN CITY 55, DEARBORN 19: Garden City held Dearborn scoreless in the first and fourth quarters of Thursday night's Northwest Suburban

League encounter. The Cougars, 10-2 overall and undefeated in four NSL games, were led by Krystal Matesic's 14 points and 12 rebounds. Senior guard Carolyn Shanks added 13

points, eight assists and four steals. Junior guard Jill Wojewuczki led Dearborn, 4-8 overall and 1-3 in the NSL, with 11 points. GC led 11-0 after

one quarter and 29-8 at halftime.

The Cougars continued the rout in the second balf and they blanked the Pioneers again in the fourth quar-

TAYLOR CENTER 60, THURSTON 55: Redford Thurston wasted a 29-18 halftime lead in a Tri-River League game played Thursday at Taylor

The Eagles, 6-6 overall and 4-5 in the Tri-River, were outscored 24-17 in the third quarter and 18-9 in the pivotal fourth. Free throws played a major role, as Thurston was able to make only 5-of-17, while the Rams canned 12-of-19. Thurston went to the line only three times in the second half and the Rams had 19 chances.

Daune Koester led Thurston with 17 points. Sis Guth had a game-high 18 for Taylor.

WAYNE MEMORIAL 51, SOUTHGATE 42: Senior guard Michelle Ernst had a game-high 21 points and grabbed eight rebounds Thursday as host

Wayne Memorial rallied in the second half to win the Wolverine A League game.

Jen Pohl and Lotten Holmgren added 11 points each for Wayne, which improved to 3-7 overall and 2-4 in the

Wayne led 30-16 at halftime, but was outscored 18-4 in the third quarter and was tied at 34 entering the fourth quarter.

The Zebras prevailed by outscoring Anderson, 17-8, in the fourth quarter. Anderson made only 9-27 free throws, while Wayne made good on 7-14.

REDFORD UNION 53, WOODHAVEN ·35: Wendy Malecki and Danielle Sorel each recorded season highs in points Thursday, leading Redford Union to the easy Northwest Suburban League win against the host Warriors.

RU is 8-4 overall and 3-1 in the NSL. Woodhaven is winless in 12 games, and 0-4 in the NSL.

Malecki tailied 22 points, grabbed six rebounds and had three assists and three steals. Sorel added 16 points and tied teammate Rachel Clor in the rebounding department with eight. Clor contributed seven points.

The Panthers played without leading scorer Shannon Morris, who was out for disciplinary reasons, according

to RU coach Gary Fulks. "The girls have responded real well the last two games," Fulks said. "It has helped the team in terms of morale on the floor, playing under adversity. I hope it will help down the road in some big ballgames.'

Toni Farber led Woodhaven with 11 points.

LUTHERAN WESTLAND 38, INTER-CITY 26: In a slow tempo non-conference game, the visiting Warriors easily beat Allen Park Inter-City Baptist, outscoring the Chargers 20-2 in the third quar-

"They slowed the game down to keep us from running which was good for them, but whenever we got our hands on the ball, we scored," Lutheran coach Kim Melton said. "Eventually we wore them down with our

Stephanie Locke tallied 15 points and hauled down 12 rebounds while teammate Kristen Strang added 13 points and eight boards for the Warriors, now 9-4 overall. Cindy Reidel scored a game-high 18 points for the Chargers, who fell to 10-2.

W.L. WESTERN 40, CHURCHILL 39: Livonia Churchill couldn't stop Walled Lake Western's Holly Miller, who tallied 16 points - all in the second half, including the game winning three-pointer with six seconds left Thursday.

Miller hit four three-point shots as the visiting Warriors improved to a 6-7 overall record and 3-4 in the

"We were prepared for the shot but when she got the ball, she was wide open and the shot hit nothing but the floor," Churchill coach Don Albertson said. " It was a great shot by an all-conference player and you have to give her credit. We had no timeouts left and our desperation shot didn't fall."

Two Churchill players fouled out early in the fourth

quarter which didn't help out the Charger cause. Chrissy Daly led Churchill (6-6, 3-4) with 20 points.

W.L. CENTRAL 62, JOHN GLENN 54: Walled Lake Central outscored Westland John Glenn in every quarter Thursday and improved to 7.5 overall

and 4-3 in the WLAA. Sophomore guard Cindy Muha scored a game-high 20 points; including two three-pointers in the first half. and Karyn Koslowski added 14 points for the victors.

Juniors Cathy Mruk and Carrie Rachwal scored 17

LADYWOOD 70, EDSEL FORD 27: Rebecca Willey led visiting Livonia Ladywood with 19 points as the Blazers (4-8 overall) scored \$5 points in each half

and 14 points, respectively, for John Glenn.

Thursday for the easy win. Leslie Catanzarite added 10 points for Ladywood. Jeni Shore paced Dearborn Edsel (2-11) with 12

BISHOP BORGESS 61, A.P CABRINI 53: Kyra Woodard made 16 of 22 field goal attempts en route to a game-high 36 points leading the Spartans to the victory Thursday.

Borgess is 7-5 overall and 3-4 in the Catholic League's AA section.

"When she plays to her potential, I haven't seen too many people who can guard her," Spartan coach Dave Mann said of Woodard, who added 13 rebounds, six assists and six steals. "The team hasn't been playing well lately and sophomore Chaquese Sears sparked us early in the game to get us going. They never came within seven points of us but I never thought we had the game put away."

Jessica Cosgrove did her best to keep the Monarchs (4-8,2-5) in the game pouring in 28 points. But the Spartans, who led 37-19 at halftime, never trailed in the

On Tuesday, Borgess lost to host Madison Heights Bishop Foley, 50-44, despite 25 points from Woodard. Joanne Abood led the victorious Ventures with 19

ROEPER 46, HURON VALLEY 33: On Thursday, visiting Birmingham Roeper led from start to finish, defeating Huron Valley Lutheran of Westland.

Brenda Mayworm and Nancy List scored 13 and 12 points respectively for the Hawks, who improved to 4.7 overall and 2-2 in the Michigan Independent Athletic Conference. The Roughriders, 5-7 and 2-2 in the conference, were led by Sarah White who scored a game-high 15 points.

LUTHERAN WEST 71, CLARENCE-VILLE 28: Lutheran West had more depth and it showed Thursday as the visitors won the Metro Conference game in a big way.

Tudy Walker and Yvonne Hall scored 18 points each for the Leopards, 5-5 overall and 4-3 in the Metro. Leaudra Hoffman and Rhonda Saunders led Clarenceville with 10 and eight points, respectively. The Trojans are 1-8 overall and 1-8 in the Metro.

BENEDICTINE 74, ST. AGATHA 43: Senior center Risha Kelly tallied a game-high 19 points Thursday, leading visiting Detroif Benedictine (8-5, 4-3) to the Catholic League A-West triumph over Redford St. Agatha (2-9, 1-6).

Sophomore center Patricia Rich paced the Aggies with 11 points.

"There won't be many changes, but I'm going to play eight or nine kids like my brother did and try to score off our defense," he said. "We'll have a disciplined offense and I'll try to utilize our speed."

One of the reasons that Chuck Henry cited for leaving the Wayne-Westland Schools was recent miliage election failures, which forced a payto-play program, where each student must pay \$210 per extracurricular activity.

Black cherries: Primary fuel for cedar waxwings

Several people have noted the black cherry tree berries that are plants want animals to eat the fruit very common this year. Ground beneath many trees is littered with round, deep purple fruits that were not eaten by invading cedar waxwings. Many trees are visited by marauding waxwings that travel in groups and consume the berries in a couple days, and then leave.

Black cherry fruit is eaten by birds for the fleshy sweet pulp of the berry. But if we took the position of the tree, that is exactly what it ents.

so that the seed inside will be distributed to places suitable for germina-

After a black cherry berry is eaten by a bird, the hard pit with the seed enclosed passes through the digestive system unharmed. When it is voided, it may land on soil and grow into a young tree next spring. Young trees would not be able to survive well if they all grew under their par-

Timothy Nowicki

Plants produce prodigious quantities of seeds because they will not all grow into new plants. Animals of various kinds find seeds to be very nutritious. Several kinds of birds and mice rely on seeds for a major portion of their diet.

Anyone who has a bird feeding station knows the importance of black sunflower seeds in attracting birds. In fields, seeds of many wildflowers are exploited by birds and mammals as a winter source of food. Not all seeds are consumed, many escape detection, which is why we have lush fields of wildflowers each year.

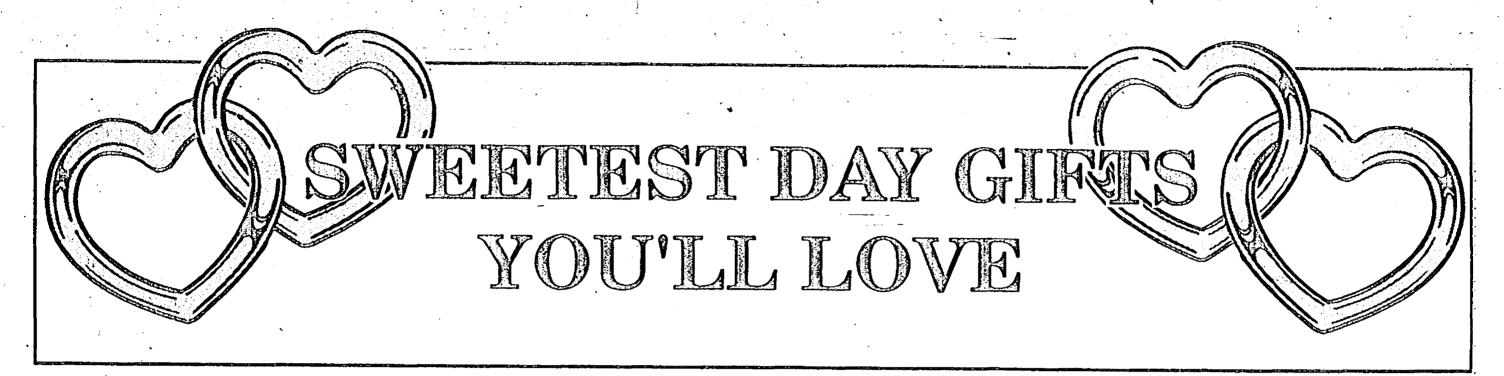

Squirrels harvest hickory nuts and acorns in the fall and bury them in

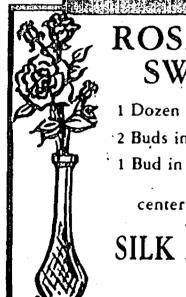

the ground. During the winter, when less as a food source. food sources become scarce, the squirrels return to the burial ground and remember where to dig up their stored food.

Experienced squirrels even know the difference between red and white oak acorns and will treat them 'differently before storage. Since white oak acorns start to germinate in the fall, squirrels will deftly remove the embryo of the seed so it does not germinate and become use-

Man also uses seeds as a food source. Corn is one of our most important crops and is used for a multitude of reasons. Wheat, rye, oats, poppy seeds, celery seed, beans and peas are just some of the nutritious seeds used by man.

When seed producing plants developed, they developed with close relationships between insects, birds and mammals. Ultimately, a balance of benefits occurred for all.

News.

Bad news.

The good news? More and more people, businesses and industries are finding ways to recycle.

It takes more than 6,000 tons of newsprint each year to print The Observer & Eccentric Newspapers plus a number of other publications, so we're doing a number of things to help the solid waste situation:

1. For years we've sold our waste newsprint to a recycling firm.

2.25% of the newsprint we print on is recycled and we're increasing this amount by another 25% this year.

3. Our employees have begun to routinely put officer paper (memos, computer paper, waste copy paper) in recycle bins instead of waste baskets.

Of course, we still deliver thousands of newspapers twice each week. It's our business to bring you news of your local government, schools, sports scene and community events; the news you need to know.

And when you're finished reading your hometown newspaper there are places that will recycle them.

We've listed a few for you on this page because we think recycling is Good News.

Observer & Accentric

Here is a list of recycling centers in or near The Observer & Eccentric circulation area. Please call the center nearest you for guidance in preparing your recyclables

What do an apple, a cow, and a car door have in common?

Recycled newspapers play a role in all three. Apple growers in the northwest use recycled newsprint for packing, farmers use it for bedding instead of straw and auto manufacturers use it in car doors.

There are many uses for your used newspapers, why not start saving them today?

The boys have swapped karate kicks for guitar licks and are taking the country by storm.

"It's totally cool to have people screaming and yelling for you," Mich says. "It's been awesome. We've never really been able to meet people until now."

Before we go any farther, let's get one thing straight. What New Kids on the Block is to the pre-teen set, TMNT is to the elementary school crowd. We're talking rock stars for

Good old days' cliches put 'Belle' in a tail spin

There's a reason they don't make movies like they used to. Simply enough, the styles, values and popuiar cliches of the good old days have passed into history and have little or no meaning for contemporary audi-

But whoever was responsible for "Memphis Belle" (D+, PG-13, 100 minutes) ignored that simple fact and turned out a World War II bomber film with enough cliches for a dozen old-time war movies.

Despite an authentic B-17 plane, the support of the Yankee Air Museum at Willow Run Airport and the impact of "based on a true story," "Memphis Belle" is trite by any standard.

Try this list of World War II film cliches:

The crew of the "Memphis Belle" has one more mission to complete their tour of duty. A public relations officer (John Lithgow) wants to make the most of this PR-photo op portunity. Of course, he's at odds with the tough commanding colonel (David Strathairn) who is concerned only with his men's well-being and the success of their mission.

The "Memphis Belle" has the obligatory diverse crew headed by a very straight captain (Matthew Modine) - his family manufactured furniture. There's the dark, romantic type, Val (Billy Zane), who supposedly completed medical school before

Naturally, there's a farm boy, a coward and a hot-shot - about the kid from Brooklyn, a World War II necessity when it was important to prove that all the population was united by their need to defeat the Axis Powers.

ALTERNATIVE VIEWING

Henry' leaves a cold feeling

By John Monaghan special writer

I'm one of the few people I know who wasn't completely swept away by Philip Kaufman's "The Unbearable Lightness of Being." It should come as no surprise then that the director's latest film, "Henry and June," should leave me similarly

Based on the life of Henry Miller, the film depicts the author in Paris in the early '30s during the writing of his infamous book, "The Tropic of Cancer." The novel's frank depiction of sex kept it out of bookstores for

almost three decades.

The story is seen through the eyes of Anais Nin, also a real-life writer, who falls in love with both Miller and his beautiful, free-spirited wife,.. June. The aristocratic Nin finds the couple a ripe source in her "search for sensual pleasure."

Unfortunately, the pleasures of "Henry and June" are solely on the surface. Writer/director Kaufman has an extraordinary eye for visuals and fills his film with memorable images:

IN WHAT could have been a cliched montage of Miller pecking away at his typewriter while com-posing his book, Kaufman uses dramatic changes in light and shows the process in fluid shots.

In another striking sequence, Miller balances precarlously on a New York City apartment ledge, spying on his wife. Since the scene is imagined by Nin from Miller's descript tion, it's a surreal blend of brownstone, snow and electric flashes from

the subway. Crusty character actor Fred Ward has his best role to date as Miller. He grunts and snores a lot, has a dome-

When Granfalloon couldn't find a local record label exactly right for them, they did the next best thing. They formed their own label, Pho-Net-ic Records in Detroit.

On their own - Granfalloon charts own musical success

By Jill Hamilton special writer

What is a band to do when they can't find a local record label that's exactly right for them? Why, start their own, of course. At least that's what Granfalloon did.

"The only thing we could do was form our own label," said Ernie Douglas, guitarist and singer for Granfalloon.

Their tiny label is called Pho-Net-ic Records and is based in Detroit. Granfalloon's label mate are Burnt Weenie Sandwich, an outfit fronted by Granfalloon bassist Curt Settino, and Su-Gey-Gun.

"Having our own label is one of the little tricks in getting signed by a major label. If you have a lot of sood bands, they have to pay attention," Douglas said. "Our bands now are hand-picked from the same genre."

So far, the strategy seems to be working. Granfalloon latest self-ti-

tled release has been added to radio playlist from Washington to California to Pennsylvania.

The band has headlined at practically every major club in the Detroit area and has played gigs in Ohio, West Virginia and Windsor.

DOUGLAS SAID Granfalloon's success has come in spite of the lack of support from local media. He said local clubs like Lili's, Paycheck's and Alvin's are helpful because the crowd is "real tough" so bands have to play their best.

But as far as the local media goes, Douglas' feelings could be best summed up as "thanks for nothing."

"We get no support from the me-dia, especially radio," he said. "No one wants to play anything that's produced in Detroit."

And the local newspapers? "We don't get a lot of help around here," Douglas said.

He said that the band's name has

been misspelled so often in local papers' concert listings that it has becomes a joke with the band. Their album makes light of this with several examples of the creative spelling of the band's name that have appeared in local papers pictured on the cover — everything from "Gransalloon" to "Cramballoon."

The band, whose name come from a Kurt Vonnegut novel, means "a proud but meaningless association."

"All of us read Vonnegut, but Curt came up with the idea," Douglas said. "I guess when you look at us it applies.'

GRANFALLOON PLAYS sort of an experimental, progressive variety of rock. Chris Mallires' creative drumming can give Granfalloon's songs anything from a va-guely reggae feel to a nervous "new wave" sound.

Djeto Juncaj's guitar swirls in-

sistently around the vocals. Offkilter rhythms and jolting instrumental breaks make the band's music sound a bit like King Crimson. The band lists their influences asking Crimson as well as XTC, Frank Zappa and Gentle Giant.

"I'm the only one who listens to Gentle Giant," conceded Douglas, "Chris and Kurt are heavily into Zappa."

Because the band's music is so quirky and experimental, it would seem as though there were some sort of jazz training involved.

"Not really," said Douglas, "until finally I could make my hands do what my ears heard."

He says that Granfalloon's unusual sound "almost falls into place naturally."

FOR NOW, the band is putting their hopes on a new CD which they just finished recording. Douglas said that it should be out by No-

OTIS - Mojo Nixon

Expect the unexpected. Mojo Nixon's uncanny style is something only Weird Al himself could love. In fact, Mojo is best described as Weird Al Yankovic, with one exception, he writes his own stuff.

With titles like "Don Henley Must Die," "Put a Sex Mo-sheen in the Whitehouse," and "Destroy All Law-yers," you kind of get the Jist of what

In Mojo's song about children called "You Can Dress 'Em Up (But You Can't Take 'Em Out)," he sings: "You take 'em to church all they do is squirm/You take 'em fishing and they'll just eat the worm." He's not exactly a child psychologist, but then he never claimed to be.

In "Don Henley Must Die" he sings
"Don Henley must die/don't let him

has got some talent? Enigma Records originally wanted to put a warning sticker on all promotional albums stating: "Please Don't Play 'Don't Henley Must Die.' It Might Upset Him!" This was discovered to be a cheap ploy to secure

airplay for the "D.H.M.D." track. The new label attached to promo copies now reads: Don Henley on Mojo Nixon: "I think the boy just

thing." Near the end of the song he includes Sting in on his death wish.

I am not sure what he has against Don Henley. Could it be because he has a sale of the because he has a sale of the scales. "Is She well and other or the world," and the driving "Stormy Weather" are

BOSSANOVA The Pixies

No one makes music to feed your psychoses to quite like the Pixles.

The minimalist thrash of this Boston quartet emanates from just the other side of reality. Their latest re-lease, "Bossanova," stacks up well against their major-label debut, "Doolittle," the 1989 critics' darling. On "Bossanova," the Pixles are slightly more contained, but by no

means are they tame. The emphasis here is on the music. Not all of it is exactly ear-pleasing, either. The single, "Velouria," sounds like the musical equivalent of an upset stomach - a painful, pounding, pulsing cramp that gets

worse before it gets better.

good a tune as they've done to date. And the edgy, erotic 'Down to the Well" also scores, a powerful piece of writing by Francis.

Francis' lyrics are, as usual, sometimes humorous, sometimes incomprehensible, always off the wall. But who can argue with the philosophy found in "All Over the World." "Time is an arrangement/Time is an arranger/I am a derangement."

Francis' own word is the best possible to describe "Bossanova." Derangement. A one-word review. - John Cortez

UNDER THE RED SKY

- Bob Dylan

The World's Greatest Songwriter has slipped back into mediocrity.

Coming on the heels of last year's fabulous "Oh Mercy," the lameness of Bob Dylan's latest release, "Under the Red Sky," is doubly disappointing. Its failure to hit the musical mark can be traced directly to the production to the songs them-

selves. There is precious little poetry on the latest album from rock's poet laureate. Dylan spins some good lines, as usual, particularly on the clever "T.V. Talkin' Song." But much of the lyrical work ranges from force rhyme to tired cliches, like "They said it was the land of milk and honey/Now they say it's

the land of money." Dylan's words have always been dark and unfathomable. But instead of cloaking them in "Leopardskin Pillbox Hat," he's now hiding them in songs like "Wiggle Wiggle" and

"Handy Dandy." Some of these songs can't even be includes George Harrison, David syrupy ballads and pseudo-blues. Crosby, Elton John, Stevie Ray and Jimmle Vaughan, Bruce Hornsby and Al Kooper. (Oh yeah, and Slash from Guns N' Roses - how's that

for cool?)

All of these names provide great music especially the guitar work by the Vaughan Brothers, but, perhaps as a result, the album suffers from its overproduction.

One of the major reasons for the success of "Oh Mercy" was the slick production of Daniel Lanois, who enhanced Dylan's songs both with the sounds he recorded and the sounds

he left out. But Dylan abandoned Lanois' airy, stark sound to jump on the Don Was bandwagon. Was, who has recently resurrected the commercial careers of Bonnie Riatt and Iggy Pop, among others, produced "Under the Red Sky" with David Was and Jack salvaged by a true all-star cast that 'Frost. Uma Thurman, the sexy young ingenue from "Dangerous Liaisons," does an amazing job with her accent as June, a woman who has seen it all. Maria Medelros, as the petite Nin, adds a French accent, awakening sensuality and another layer to this heavily textured movie.

So why didn't I like "Henry and June?" Perhaps, it's the pretentious-

leaves such a bad taste in my mouth. You get the sense that Kaufman and his performers are constantly posing in their Paris locales.

THE DIRECTOR, who previously made very American films like "Invasion of the Body Snatchers" and "The Right Stuff," wants desperately to be a European art film director. Perhaps Americans flock to these films because they can enjoy Europrean sensibilities without the inconvenience of subtitles.

ness of Kaufman's recent work that to receive an NC-17 rating, the industry's new rating for adult films not considered pornography - an alternative to the dreaded X rating. In keeping with Miller's novel, Kaufman keeps the erotic action pumping with the pace of a porno movie some plot, some sex, a little more plot, more sex . . . and so on.

Artpal credits one Dennis Doros for musical synchronization. Whoever he and Artpal may be, their musical sense is truly awful. The musical selections range back and forth with no apparent theme - from '50s' "cool" jazz, to schmaltzy orchestra and elevator music with an occasion-

There's no sense to-it whatsoever and such weird selections throw the visual rhythms off balance. The first three tapes in this set are best viewed with the sound level at zero. Artpal's title-writer was pretty heavy-handed and pompous but no one reads titles anyway.

Son needs understanding

Dear Barbara.

My son just started kindergarten and he cries every day when I drop him off. I feel so frustrated and embarrassed that I virtually run out of the room. I don't know if I am doing the right thing.

Should I be doing something different? My son has always been a little difficult in that he doesn't like for me to leave him — but sitters and my husband say he is fine once I am gone.

Can you give me some advice on handling the kindergarten thing?

Dear June.

I understand how frustrating children like your son can be. This then snowballs because of the extra patience they require. Anxiety over separation is not uncommon at 5. However, if it impairs your son's ability to perform at school, then some outside intervention will be re-

Experts recommend that you begin by staying at school with your son. You can stay an hour or so until he calms down. Leaving should be accompanied by reassurance that you will return to pick him up.

If he begins to cry when you start to leave after an hour, leave anyway. If he does well, then compliment him on his success. If the teacher reports that he continues to seem morose, then seek therapeutic counseling.

The best place to begin is probably with the school social worker or school psychologist. They have dealt with similar scenarios and should be able to recommend a counselor and

give you more specific interim guidelines.

A mother that I saw in therapy solved this problem by giving her daughter one of her handkerchiefs. Her daughter carried it with her through kindergarten. This transi-tional object helped to allay the child's separation anxiety.

Often parents give their children ambiguous messages. They say things like "I will miss you so much." It is important not to do this but to instead encourage independence and separation by emphasizing the exciting adventure that school provides. Children feel responsible for their parents; so even a seemingly innocent comment like "I will miss you so much" can foster guilt.

It is important to remember that your child is more confused and in greater pain than you. He needs understanding through this, not cen-

In the situation you describe, many parents worry that their children do not like school. Usually, this is not the issue. The problem lies not in school but in the child's ability to separate from th primary caretaker which is usually the mother. Good therapy will unravel some of these

Also, he attributes the tone of the album to being uprooted. He moved from the placid, Lake-Wobegon territory of Minnesota to the snarled, electric nature of Manhattan. He likes it there, adding an edge to his already prolific songwriting talents.

WHEREAS RELATIONSHIPS are at the core of his writing, references to the environment in the albums' title "Black Sheets of Rain" and in songs such as in "One Good Reason" ("In the forest all the trees are turn- room, Liberty, Ann Arbor. For ining black . . .") leaves lister

Mike Thornton puts a little magic into eating out

Magician Mike Thornton performs at Silverman's of Plymouth for customers Jim and Liz Keliher of Plymouth Township.

By Julie Brown staff writer

Diners at Detroit-area restaurants don't generally expect to see a tableside magic show.

It's possible that they might see such a performance, however. Mike Thornton, 28, is among area magleians who perform at restau-

"They love it. It's different," said . Thornton, a Canton resident. "It's very unique to see magic that close

He performs at Max and Erma's restaurants and at several Silverman's locations. Thornton, a fulltime magician, begins by introducing himself and asking diners if they'd like to see a brief magic

"For the most part, people find it a pleasant surprise." Occasionally, diners would rather not see a performance, but that's more the exception than the rule.

'People aren't there to see magic, they're there to eat." The only appropriate times for his performances are right after the menus are taken or right after diners finish eating.

HE PERFORMS for five to seven minutes at each table "or until the food arrives. I make a quick exit as soon as the food comes. I do my disappearing act."

Thornton, who grew up in Detroit, has been performing at restaurants for about five years. He also does big shows, performing at company parties, trade shows and sales meetings. He's continued to perform for children and adults through the years.

Thornton, a 1981 graduate of Bishop Borgess High School in Redford, has been interested in magic for a number of years. His interest began as a hobby.

"I got a magic kit for Christmas." His mother got him a magic kit when he was in second or third grade. When he was in the sixth or seventh grade, Thornton began to do shows for birthday parties and local library gatherings.

In high school, Thornton began to do paid shows. He wasn't the most serious student in school.

"Through junior high and high school, I was the class clown. I worked on a lot of material that way. If it was funny, I didn't get in trouble."

AFTER GRADUATION, he studied at the Chavez School of Prestidigitation and Manual Dexterity in Colon, Mich., magic capital of the world.

"I furthered my training going there." That six-month course is designed "solely to teach you sleight of hand, misdirection and showmanship. That's where all the magicians gather."

Following graduation from that program, Thornton worked for three years at a Ferndale magic shop, the Romig Magic Co. He did magic shows during that time, honing his skills.

"Comedy's a big part of the act. I'm a magician who happens to be funny, not a comedian who happens to do magic. The No. 1 thing, I'm trying to entertain. My specialty is

performing what magicians call close-up.'

He performs at some five or six restaurants per week, appearing at some 75 to 100 tables. Performing up close in restaurants isn't like

doing big shows. "You can't use all the same methods. You have to have done your homework.

"It's totally different. I find it more satisfying as far as the rapport with the audience."

THORNTON'S PERFORMANC-ES include things intended to appeal to kids, such as making balloon sculptures.

"It keeps them busy. Parents don't have to bring the crayons."

Things are done on a smaller scale at restaurant shows, although the effect is similar. On stage, he might cut and restore a rope, and would use dental floss for that at a restaurant performance.

"Everyone asks if I can make their bill disappear." He can't do that, but does offer to double bills.

Magician Mike Thornton will begin appearing 5-8 p.m. Sundays, starting Oct. 28, at the Max and Erma's restaurants in Birmingham, Rochester, Livonia and Farmington Hills. Other magicians also perform at the four restaurants during that time each Sunday. Thornton appears Thursday through Sunday at Silverman's restaurants in Plymouth, Ann Arbor, Taylor and Monroe, with the Plymouth performances scheduled for 10 a.m. to 1 p.m. Saturdays.

lawyule to pamper pets

By Charlene Mitchell special writer

Call it snooty. . . Call it crazy . . . Label it anything you "dawgone" please. As far as some pet owners are concerned, nothing is too costly when it comes to their dog or cat.

Just as fashions for people set trends, the look of the '90s for household pets is starting to become designer oriented. Pet boutiques, usually found in a pet grooming salon, carry everything from silk nightles to mink-trimmed winter overcoats.

There are pet umbrellas and rubber boots, rain bonnets, and argyle sweaters, swimwear, Holloween costumes and Santa Claus suits. There are even christening gowns and tuxedos made for pets.

A wedding coming up? No problem, made to order or off-the-rack bride and groom attire is available. And as ridiculous as it may sound, there are even burial clothes for pets whose owners opt for fancy funerals at pet cemeteries.

Ahhh... What ever happened to the dog or cat who was happy in his birthday suit?

"People like to buy nice things for their pets, especially dog owners" sald Marcey Welsberg, owner of Marcey's Groom-A-Pet in Royal Oak. "The big thing now are fancy cuts with lots of bows and ribbons with cute outfits for special occasions. Like when people give a big

party and everyone's all dressed up, they'll have their Bichon Frisse in ruffles too!"

FOR LARGER dogs, less frilly clothes are the look, and most cat owners say a glittery collar is enough because the felines tend to get a little irritated when the owner tries to get them to wear clothes.

One of the newest pet pampering centers is Groomingtails in West Bloomfield. The salon caters to pooches who expect nothing but the best. No matter how grubby Fifi may look when she comes in, she leaves fluffed up and fragranced to the hilt!

The owners, David Munson and Jeffrey Jucewicz, both licensed halrdressers, consider grooming dogs a natural extension of their

work in the beauty business. "Doing a dog's hair is certainly a lot different than doing a lady," said Munson. "The dogs don't complain, but they squirm around a lot . . . especially the little dogs which

we do a lot of." . It's the owners who are particular, about the final touches on their pet's cut and style. One of the more exciting clients was a 180-pound Great Pyrenees who came in for a bath, brush out, pedicure and ear cleaning.

"He got the works!" said Munson, adding that sometimes the large animals aren't as difficult as the little Yorkles.

THERE'S NO limit as to how much you can spend pampering your prized pet. Most basic grooming jobs range between \$10-\$30, but the price goes up for the really fancy styles.

> Cats, too, are part of the beauty trend among upscale pet owners. Long haired cats need a lot more grooming than the typical house cat, plus the owners admit that cats keep pretty clean on their own, unlike dogs who often like to get in the dirt, if allowed to play outdoors.

> Once your dog or cat is styled, perfumed, and dressed in the latest animal attire, they're ready to have a gourmet dinner served up in genuine crystal, or sterling silver dishes.

No . . . the buck does not stop here.

The food, too, must be the best. A local butcher confided that one of his best customers is a Bloomfield Township woman who buys freshly ground liver for her cat, and ground sirloin for her two dogs. None of that canned or dried stuff for her pets.

No wonder so many businesses catering to pets are opening up in Metro Detroit. What with the pet motels, boarding schools, training centers and even a psychologist for animals, it kind of makes even a pet owner wonder whether the world is going to the dogs!

They got their start in 1983, when New England artists Kevin Eastman and Peter Laird sketched the turtles as a superhero parody.

As the story goes, the four discarded pet turtles, all named after great Italian Renaissance artists, were dumped in the sewers, where they were transformed into oversized reptiles after being exposed to radioactive material.

There's TMNT T-shirts, shoclaces, Halloween costumes and the like to entice the good of greenbacks out of parents' wallets. And mega businesses like Burger King, K mart and Pizza Hut have golten on the TMNT bandwagon.

Beads form delicate, but direct, link to past

By Virginia Lco Clark special writer

The italicized quotes are from Robert K. Liu's forward to "The History of Beads' by Lois Sherr Dublin.

"Beads were probably the first durable ornaments humans pos-

HE OLDEST BEADS found thus far have been associated with the Neanderthal Man dating back to 38,000 B.C. and were excavated at an archeological site in La Quina, France. They were made of bones and animal teeth and worn as pendants.

We don't have to dig too far in our area to unearth what has to be the most complete selection of beads available anywhere in the country. They come from all parts of the globe and may be found in a number of shops.

Beads are more decorative than baubles. They represent social mores, portable wealth, politics, status symbols, trading power, mone-tary units, religious beliefs and superstitions.

And you thought beads were just items to string and wear around your neck.

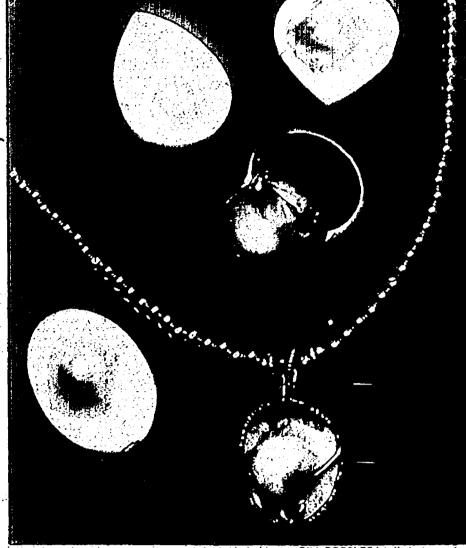

"Pleasing to look at and touch, colors and materials that almost compel one to handle them and sort them."

BEADS ARE microcosms of every art and craft form. They are made different techniques using glass, wood, metal, ceramics, bone and natural materials such as stones (precious and semi-precious) and shells. They come in every semi-preclous stone as well as coral and pearls. Let's not forget the shapes: round, melon, fluted, drop, ring, cone, lentil, cylindrical and many

Deciding which ones to use and putting the right ones together in order to design something pleasing is another whole discipline. Fortunately, there are local shops with knowledgeable owners who are

ready to help. Working with beads is something everyone can do regardless of experience or age. The results become a wearable art form.

"Today, beads are being combined and shaped into aestheti-

cally dynamic jewelry."

IDA JOYRICH and Ghinda Marrich own Bead Works Inc. at 32751 Frankin Road in Franklin. They carry beads from all over the world as well as the material needed to make jewelry.

"We travel a lot independently of each other and everywhere we go we hunt for beads," Joyrich said. "It is a fascinating hobby as well as a busi-

ness." They have multi-colored Austrian crystals and tourmalines. Included in a large selection of stone beads are Nevada lapis and tree agate, which are new and just being mined.

There are handblown glass beads from China, with cats painted on the inside through the hole with a singlehaired brush.

"Ethnic jewelry is popular right now, especially African. We carry a

good selection of beads from there made of all kinds of materials," Marrich said.

THEIR PENDANTS are conversation pieces. One type, made of silver, is a tolletry cache disguised as jewelry with tiny grooming aids dangling from it. It is worn by nomads in Baluchistan.

"People buy our beads to be used for everything from architectural miniatures to dog collars," Joyrich

The Bead Works is open Tuesday through Saturday. The owners will help their customers design and make jewelry or make it for them.

"As was the case in so many ancient and tribal cultures, the ordinary is again being used in extraordinary ways by artists and craftsmen."

SHELL OR BEAT IT of Plymouth is owned and operated by the mother/daughter team of Helen Ferguson and Dana Wasson. They do a lot of custom designing, using "strictly natural stones," Wasson

"We specialize in weddings." She and her mother do a lot with cultured and freshwater pearls, in addition to running a mail-order ser-

vice, Wasson said. "Everybody's into the natural

stones." Many people bring in a family heirloom and ask to have a necklace designed using the old piece, she said. Shell or Bead It customers are interested in natural stones from black onyx, Atzirian crystal, rose quartz, tiger's eye and lapis to pearls of all kinds.

Venetians were glass makers as well as aggressive traders and their beads are found worldwide.

Silver earrings produced by a cottage industry on Bali are a new item at Beada Beada. Each pair is special and many are set with garnets and amethysts.

BOTH Castleberry and Wilusz have strong feelings about the correct method to string beads.

"It is a real mathematical challenge. We feel it takes at least two years to train our personnel and five years until may are really quallfled," Wilusz said.

For example, lapis with very large holes cannot be strung with small-holed pearls. Flat surface beads don't work when placed side by side. They need a round bead between them to act as a ball joint.

CASTLEBERRY AND WILUSZ, as well as members of their staff, work with customers on a one-to-one basis in the selection and designing of their beads. They publish two monthly flyers, a smaller one for their retail customers and a larger one for their thriving mail-order

". . . Beads are being made of materials and techniques that are in themselves expressing new artistic and technological dimensions."

A VISIT to a bead store in San Francisco and the encouragement of a young daughter inspired Arlene Green to open the Birmingham Bead Store 16 years ago.

The oldest bead store in the metro area, it is on the ground floor of the Woodward in downtown Birmingham, next door to Crowley's.

Because this shop is inside an office building with no windows, it depends on creative lighting to show years ago. While its stock may be

beads. Because the proper weight off its treasures. The result is dramatic, and the seductive sparkle and soft glimmer of the crystals, pearls and chalcedony draw one into the fascinating world of beadery.

"One facet of our business is catering to brides by helping them design jewelry for themselves and their wedding party," Green said. "We also carry a large inventory of decorative beads for application on wedding dresses and other clothing."

MANY WOMEN come in with items from their wardrobe so they can create coordinating pieces from the shop's diversified collection, Green said. Fishermen even buy beads for their lures.

The store offers sterling silver antique reproductions and bone beads that have replaced forbidden ivory. Green and her daughter, Benlta, a

innovative designer in her own right, work closely with their customers. They offer a concise pamphlet called the Primer, which they wrote and illustrated, explaining some of the basics of stringing beads.

"Beads possess the desirable characteristics of every collectible: They are durable, portable, available in an infinite variety and often valuable . . ."

THE NEW KID on the block in bead stores is The Thomas Company, on the lower level of 742 North Woodward in Birmingham, two doors from The Claymore Shops.

The 18-year-old company is a Great American Building, 280 North large supplier of tools and equipment for metalsmithing and jewelry, and different cultures and evoke 4 making and handles both mail order and walk-in.

It began carrying beads three

smaller than that of other stores, it has a good selection of semi-precious stones, sterling silver, gold-filled, bone and lead crystal. It also carries cabachons.

Thomas is the only store that of fers classes. Besides regular sessions in metalsmithing, it conducts one of two classes in bead stringing. Path Eisen, one of the owners, also teachi es pearl knotting and a braid class at the Birmingham Community Center

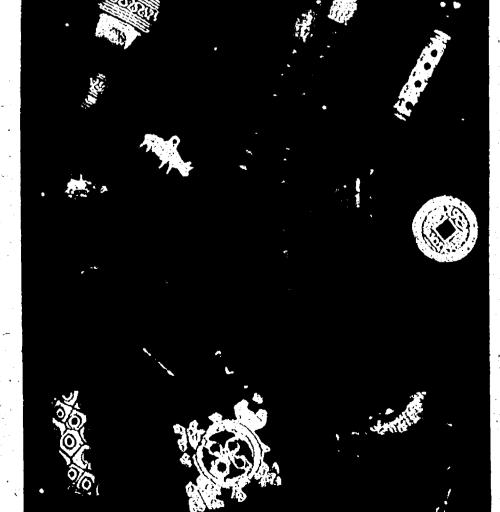

"It is very gratifying to wafch someone with a handicap or arthritis succeed in making jewelry. They be gin by thinking they can't do it and are elated when they can," Eiged

The metalsmithing classes meet for eight weeks at three-hour stail sions and are offered day or evening; The business repairs jewelry, including soldering.

PUBLICATIONS ARE available to learn more about the world of beads including: "Ornament," 4 quarterly magazine published by Robert K. Llu; "The History of Beads," by Lois Sherr Dubin, Harry N. Abrams Inc. 1987, a large, coffee table book filled with extraordinary photographs of beads and jewelry through the ages; "The Book of Beads," by Janet Coles and Robert Budwig, with many pictures and pages of design ideas and instruction methods.

The second annual bead conference is in Washington, D.C., this falk. There is definitely a tactile allurg the senses. They represent history strong desire to learn more about

to beads as well as an appeal to all their origins. They really are, as Liu sald, "miniature bundles of secrets waiting to be revealed."

Quick tips for speedier mail

WHEN HE was in town for a speech recently, I had breakfast with John Jay Daly, president of Daly Associates, a public and postal affairs counseling firm in Washington.

John founded the Washington office of the Direct Marketing Association and is the man responsible for initiating the DMA's Mail Preference Service, which removes names from unwanted mailing lists. He has a wealth of information that can be helpful when using the mails.

'Mail Smarter' is Daly's key idea. He has dozens of tips about how to do that. Malling smarter includes considering various delivery options each time. Would fax, overnight courier or the U.S. Postal Service best meet your needs?

For quicker delivery, mail earlier in the day. You can sometimes cut as much as two days' delivery time by not waiting until "the 5 o'clock rush."

Watch changing postal pickup

schedules on collection boxes. If your letter is in the box on time, it will go out just as quick as if you'd taken it to the post office. One min-ute before pickup time should be fine, since collecting mail before the scheduled time is prohibited.

Use the correct ZIP or none at all. The wrong one will only delay your mail because it will go to that zone first, then be sent back. No ZIP will delay it, but it won't have to be returned.

"ZIP ' (digits)" saves money on large mailings but won't speed delivery time on everyday letters. Using the extra four digits does, however, increase chances for accuracy. Printer-generated addresses are more likely to be read by the new optical character reader equipment, and, therefore, be delivered faster than handwritten ones.

Write nothing below the ZIP code. New scanning equipment "looks" for information from the bottom up.

organizing Dorothy Lehmkuhl

"Attention" lines, etc., could cause it to be kicked out from automation for hand sorting.

Use regular No. 10 envelopes (41/2inch by 9-inch) when possible. Kraftcolor, 9-inch by 12-inch envelopes have come to signify "low priority," even when they carry first-class postage. Write "first class" twice on the front and twice on the back of these envelopes. Time-sensitive mailings of only two pages sent unfolded in "flats" are usually headed for delays that could be avolded.

The overnight delivery radius usu-

ally extends out from your location 45 or 50 miles. That circle slightly decreases where population density increases.

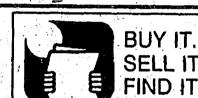

For \$5, you can get a copy of "Sixty-Six Suggestions About Saving Money on Postage" from Daly Assoclates, 918 16th St., NW Suite 702, Washington, DC 20006. John Jay Daly also will send you free his "Catalog of 75 Communications Tipsheets," which covers 10 subjects.

Dorothy Lehmkuhl is a Birmingham-based time management consultant and instructor.

Site plans: 1 part art, 1 part science

By Gorald Frawley staff writer

The best-designed sites are those that don't interfere with the natural conditions of the property. And some say you can go nature one step better.

Defining a good site is difficult because it's hard to quantify many of the intangibles that are the site's makeup: individual site shapes, the layout of the roads, the preservation of indigenous flora and fauna, the subtlety with which the lots blend with the natural setting. A good development site is part science, part art.

They have what the French call - a certain "je ne sais quoi."

Gary Shapiro, president of the Ivanhoe Companles in West Bloomfield, said he looks for the difficult, yet interesting sites others may have passed up: those that have environmental assets and natural amenities.

Shapiro developed Mission Springs on Darb Lake, a single-family residential project in West Bloomfield, which was chosen by the American Planning Association Michigan Chapter as the best-designed development of 1989.

Shapiro is also developing Woodland Ridge, another single-family development, and The Pointe on Pleasant Lake, a condominium development, also in West Bloomfield.

"Good development," he said, "means individually balanced lots and a balanced development site." Excavations of each site should be limited, using excavated soil for basements or foundations on the site.

ture trees are saved; roads and house sites are put "The site sets the stage for the design." in with little grading; the natural topography is not be a straight line.

"Sometimes there has to be some mitigation of one to help the others," he said.

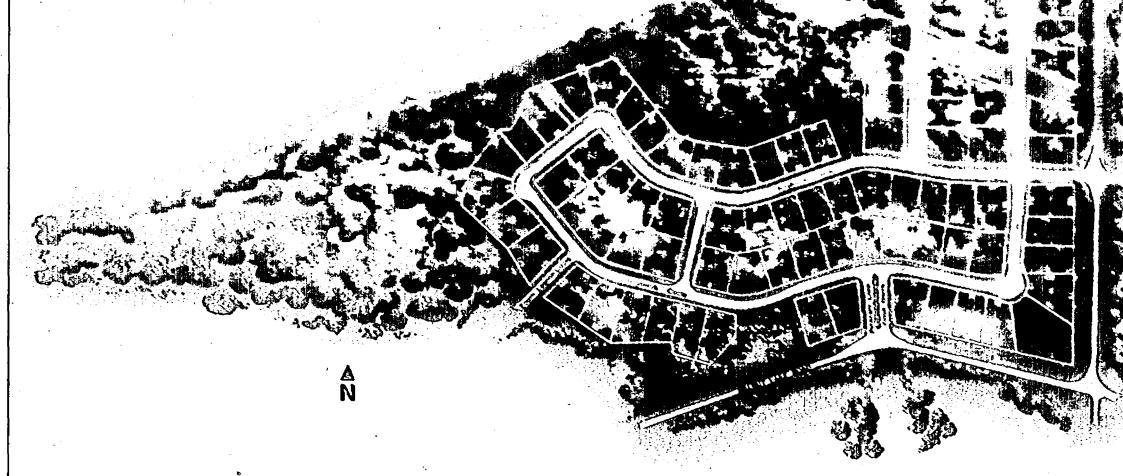

they are overdeveloped. "Not every square foot the problem with many sites is they lack sound deneeds to be developed."

In the past, builders would squeeze an extra home on a development, but builders have discovered a nicer, less cramped site will sell for more and make up for the lost home sale.

Robert Leighton, president of Robert C. Leighton Associates Inc. in Ann Arbor, said good site development involves looking beyond the boundaries of the property to be developed. Open spaces between two properties should match up and complement each other, and nearby architectural or natural characteristics should blend smoothly from one area to the next.

sign principles. For example, repeating landscaping treatment and the placement of buildings gives "It's very subtle - there's a symmetry and

rhythm to good site development," Leighton said. Good sites have balance, they harmonize with their surroundings, and they have focal points that emphasize site characteristics.

"And a good site should have a little mystery as well," Leighton added, saying not everything should be revealed at first glance. --

Dennis Dickstein, chairman and chief executive officer of Ralph Manual and Associates in Birming-

"There are going to be tra- scape, and even saving and preserving wetlands as water retention and natural areas.

Why? "Because that's what people want," Dick-Shapiro said many good sites are ruined because "You try to balance everything out." Leighton said stein said. Developers are in business to make a profit and the best way to stay in business, he said, is to make sure people get what they want.

And that means going that extra step. "People a site a sense of order, but then the developer must don't want straight streets with similar homes in be careful not to be too repetitious, which makes a rows. "In some (developments) you can take a piece of string and run it down the street and some part of each house will touch it - you won't see that (in good developments)."

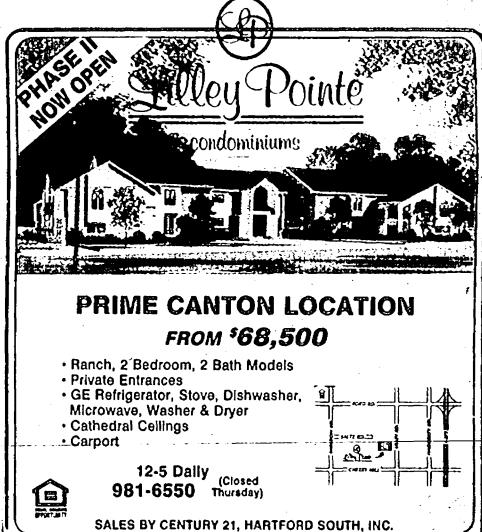

> Dickstein said sometimes a developer just knows when a site is going to be special, but potential and realization are not the same thing. Good sites may start with a good piece of land, but ecologists, landscape architects, planners quickly are worked into

Dickstein said Abbey Homes president Robert Katzman set out with the intention of preserving Dickstein is managing the lot sales for the Pine the individual sites by maintaining a supervisory role throughout the construction.

Diversity is important, Dickstein said, not only in - and Huntington-Falls, the multi-use Northville the Builders Association of Southeast Michigan home styles, but in lot shape, size and layout. There's nothing worse, he said, than a row of homes that are positioned on a straight line.

"It's boring," he said. "We don't care if a house is set back (from the road) 50 feet or 75 feet - we're going to look for a natural clearing and put the house there — that's how you get good develop-

Public pressure vs. development

By Gerald Frawley staff writer

The distressing truth about good sites, developers say, is they are getting harder and more expensive to develop because public pressures have strangled growth.

Gary Shapiro, of the Ivanhoe Cos. in West Bloomfield, said good sites are not limited to half million dollar homes, but it is becoming increasingly difficult to do sites justice because of restrictions placed on developers by government regulations and slow-growth pressure groups.

By working with the Michigan Department of Natural Resources, local interest groups and township

boards and staff, Shapiro says he has been able to accomplish what are generally considered to be superior site developments. But increasingly complex and restrictive ordinances are pushing costs up beyond the ability of people to pay for them, Shapi-

"On one hand, I can understand people who move in and say, 'I'm here, I don't want anyone to move here now." But housing is one of the country's biggest industries and restricting it will be bad in the long run, he sald.

When developed correctly, no one has to be the loser, he said. Shapiro allowed not all land developers do quality developments, but ordinances should be written to restrict poor builders, but be flexible enough to allow proven developers to follow their instincts and do something truly special with their property.

Bullders and developers have become better at determining what people want from sites, and they have learned how to better develop sites without disrupting the existing natural amenities, said Robert Leighton of Robert Leighton Associates in Ann Arbor.

Leighton allowed that many of the ordinances and restrictions applied by local communities to protect wetlands and woodlands have sped up the education process.

"As much as they're frustrating, they have forced us into doing more things."

But the pendulum has swung too far, he said. Since communities began looking at protecting natural areas, restrictions have multiplied to the point where they add significantly to housing costs.

Leighton said communities need to realize that controlled development is better than no development at all. "They're going to have to let (the experts do their) jobs."

"No one wants to cut down trees (capriciously)," he said. But stopping development, he said, will hurt the

Manager's contract benefits both parties

We have resident managers. Some people on the board think that we don't need a contract with them. Do you have any recommendations?

Resident managers, as with the retention of a professional management company, should have certain responsibilities and obligations set forth in writing.

. It is important to have such an understanding stated to ensure that there is no ambiguity regarding the rights and responsibilities of the resldent manager.

Good practice requires that such an agreement be in the form of an __tions? employment agreement for the benefit of both parties.
