MOREOVER, IT remained unclear last week whether O'Neill would return at all. Some board members said privately there is a possibility that he may have accumulated enough time off - due to vacation, sick days and medical leave - to remain off the job until his contract expires next August.

That raised the prospect that the board may be forced to appoint an interim superintendent as the search for O'Neill's successor continues. No one appeared ready last week to speculate on such an appointment.

In addition, the administrative changes: could deepen if Deputy Superintendent Thomas Svitkovich, second in command to O'Neill,

Some critics said Chambers should've been held accountable on all counts.

"You better believe I think it's unfair," said Redford Township resident Donna Piccolo, who grew suspicious when Chambers refused to accept a personal check for tent and demanded cash.

"Teaching is fun," Bahl said. "I am always amazed that I'm paid for having this much fun. The fun of teaching is the enjoyment that accompanies thinking about how a lesson connects to a 12-year-old's experiences.

"Fun is the wonder sensed when a student demonstrates he or she has made the link and can apply the new information. Fun is the tremendous power felt in realizing you, the teacher, facilitated this learning. There is no other profession as powerful as teaching."

In the ALPHA program, he works with troubled, often "at risk" teens.

"Teachers, I've come to believe, are undervalued," Abbott sald. "I've seen teachers spend great amounts of time helping ALPHA students, time I don't think anyone else knows about.

"Teaching is an isolated job. No one knows about the good being done unless those of us who find out pass it on. We need to publicize teachers' true value."

Teacher of the year a one-time dropout

By Marle Chestney staff writer

Michael Abbott, one of three teachers of the year in the Livonia school district, knows what it's like to be a high school dropout.

In his job as teacher in the Afternative Learning Program for High. School Age for the district which includes the northern portion of Westland, Abbott deals gaily with teens who for one reason or another don't like high school and think about dropping out;

Abbott knows well their dissatisfaction with school because as a: ninth grader in the late 1940s in a Canadian school he, too, seethed with anger at the rigidity of the school system. One day he walked out.

He hated the regimentation of his school. The dissatisfaction had been building up since the third grade, and reached a climax one day in the principal's office.

Seeking quiet from noisy students, Abbott had left his classroom and gone to a library reading room to study. There he was told he needed permission to be in the room.

He went to the principal's office to get permission but was told no.

WHEN YOUNG Abbott returned to his classroom, the teacher told him he needed a pass to get into the

So once again he went off to the principal's office. This time the principal exploded.

'This guy roared. He bellowed. He slammed his hand on the table and said I was cheating the taxpayers. He told me to sit in a chair. I sat there, feeling sorry for myself. And then I said, 'I don't have to be here.' I went over to the counter and said I was quitting school. And then I shot my books across the counter and

I wanted to be a teacher but not just any teacher. I wanted to be the perfect teacher. I planned to become the model. The ultimate of teachers for all time to come."

ABBOTT LEARNED about Michigan's Adrian College from a friend. He had earned his high school equivalency diploma (GED) while in the Navy and was admitted to college on

probation. In 1959 he graduated from Adrian with degrees in history and English. He began teaching eighth and ninth graders in the Northville school district, and began working on his master's degree at the University of

Michigan. Three weeks into teaching, Abbott discovered just how difficult it was

going to be to be the perfect teacher. "I thought I was going to be the ... "The more we can make it real good guy everyone likes. Then, in the

He joined the Livonia Public Schools in 1961 and, except for one year as a teacher at Wayne State University, has been with the district ever since.

Along the way, he admits he has matured. He also now believes teachers are vastly undervalued.

"Teaching is an isolated job. No one knows about the good being done unless those of us who find out pass it on," said Abbott, who lives in Northville with his wife, Cynthia, and their two children, Robby and

Abbott's commitment to education is shown through the many tasks he has undertaken over the years as a educator. He's authored numerous articles for educational journals and served on countless projects, workshops and boards.

We feel free to call him anytime, with the word "anytime" underlined, said one student.

"He has given up countless numbers of hours of his private time to help me with problems I was hav-

ed manner," said a third. "Mike is a friend more than a teacher," said another student.

This student then added, "How many teachers make it to all their students' graduation parties, every year? That means a lot on its own.'

ALPHA's purpose: keep kids interested in school

As the life of teacher Michael Abbott shows, not every teen adapts well to the bigness, the regimentation, the inflexibility and the impersonality of high school. The ALPHA program is the Livo-

nia school district's answer to keeping these teens in school so that they don't become high school dropouts.

About half of the 75 students who attend the program at Dickinson School, on Newburgh north of Six-Mile, are sent to ALPHA by their

counselor because they are truants.

The other half volunteer for Al-PHA, for whatever reason they may have. These teens may have had trouble getting along with teachers. They may feel more comfortable in a small-group setting. Of they may want to pursue an area of study independently, outside the traditional classroom.

ALPHA students, mostly 10th, 11th and 12th graders, come from the district's three high schools. Franklin and Churchill Highs serve the northern section of Westland.

They spend two hours at Dickinson. Center and the rest of their schoolday at their home school.

The three co-directors of ALPHA are Abbott, Fred Hanert and Don DeGrazía. Each has 25 students in a classroom.

TO GET INTO ALPHA, students must first sign an agreement. They must promise to attend class, arrive. - in a circle, facing each other. It's the

ALPHA was born in 1972, after the district passed a strlet, high school attendance policy. ALPHA was formed as a way to reach students who have trouble getting to school. The district did not/want to just write off these students without first trying to reach them.

ALPHA students don't carry textbooks into Dickinson. Much of what is learned there can be boiled down into the following words: How to make it in the real world.

"Making it" Includes getting along with people, building self-esteem, setting and reaching goals, working with other people through volunteer activities and learning to be both assertive and responsible.

In Abbott's class, the students sit

perfect environment for students who are much like Abbott once was, students who don't like to be saddled with rules.

In their two hours together over a semester's time, the students becomes more like a family.

"And like families, they sometimes fight," Abbott said. "In high school, a teacher has 35 kids every hour. There's no way they can get close to the kids. Here it's like family. The kids come back over and over. We even get grown-ups with children in tow visiting ALPHA. Here, they get a sense of belonging."

ALPHA STUDENTS aren't told who is who, who are the truants referred to the program and who are the volunteers who signed up for it. But one thread tends to bind them

"The kids here have rebelled against the cold, impersonal bureaucratic structure," Abbott said.

The "making it" lessons learned in ALPHA rub off onto the students' other four hours of high school.

"When they come here, they feel good about themselves, and they then can spend the other hours in school with no problem," Abbott said. "Nearly all stay in school."

In 1990-91, the district's dropout rate was 4.78 percent, said Allan Edwards, a research specialist for the district.

Businessman faces trial on sex-abuse charge

The girl's parents sat in the front row as prosecuting attorney Lora Weingarden led the sobbing child to the witness stand Thursday to testify that her step-grandfather sexually abused her last summer.

"You don't have to look at him if you don't want to," Weingarden told the girl, a fifth grader.

The girl accused Young of touching her "private parts" during several incidents from May to July that she said occurred in the living room of his Schuman Street home in West-

New school attendance policy comes under fire

By Tim Richard staff writer

High school athletes, musicians and debaters would have to show up for 90 percent of their classes undera legislative bill in Lansing. But House Bill 5133 is in trouble in

the House Education Committee. "The Michigan High School Athlet-

ic Association has problems with the bill," lobbyist Robert VanderLaan told the panel last week.

"We agree with its goal. We agree that attendance is important. But we disagree with the procedure," he told the panel chaired by Rep. William Keith, D-Garden City.

"THE ASSOCIATION would have to enforce the rules. We don't want to do that," said VanderLaan, a former Senate Republican leader.

"MHSAA is a private organization. We get no state funding. We're like the NCAA (National Collegiate Athletic Association.

"Our rule is that the student must be passing four subjects. Individual schools adopt their own rules (on attendance). Some say the student must attend (classes) the day of a

"Our fear is that the state will become managers of the system." VanderLaan said, citing legislative efforts to prohibit teams from playing in big commercial arenas like the Palace and the Silverdome and to control starting times.

"Athletics are an easy target for legislators. Our organization opposes. the imposition of statewide rules."

"WE'RE CETTING some no votes," said Keith, who won't put the measure to a vote until this week at the earliest.

"I don't understand the (bill's) emphasis on attendance," said Rep. Ken Sikkema, R-Grand Rapids.

"Students ought to know what's required of them," replied the sponsor, Rep. Joe Young Jr., D-Detroit. "I as an employer will want employees there on time or my machinery doesn't function."

Young added, "Those who graduate hardly have the ability to read and write. There are some motivational problems."

The Detroit Compact, a creation of the Greater Detroit Chamber of Commerce, has helped Detroit schools develop standards to assure students are employable. Besides ac-

ademic achievement, the standards include good attendance and ability to work with others,

SOME, LIKE Rep. William Bryant, R-Grosse Pointe, didn't agree that attendance was so im-

portant. " learned more (during high school) in international badminton

dournaments than sitting in class," Bryant said. Exchange students from other countries may have trouble procuring attendance records to take part in extracurricular activities here, said Bryant, concluding, "We should

not report out this bill." Lobbyist Eleanor Dillon said the Michigan Federation of Teachers, second largest faculty union, supports the bill.

"Parents are split," said Rep. Claude Trim, R-Waterford, citing the high divorce rate and the tendency of some students to spend time with each in different states.

"I'm always hesitant about treading on the toes of local schools," said Rep. Susan Munsell, R-Howell. "An attendance policy is good, but it's one more thing we'd be forcing on local schools."

Saving Mother Nature —

By Sue Mason

staff writer UTHELLEN STEC DOESN'T RECALL when she got involved in the ecology movement. It's something she's always been into. So it makes sense that when considering a career change three years ago, her interests turned to the environment.

Today, Stee with friend Suzie Miller are using their creative talents "to educate others about the serious situations threatening our environment." They are Earthbound Environmental Creations, a fledgling company with a unique way of sending its message - on T-shirts, notecards

"This was a ton of work," said the 29-year-old Taylor resident, waving a hand at a pile of merchandise spread out on a conference room table at the Robert Michael Ellen agency in Bingham Farms. RME is the parent Company of Earthboud Environmental Creations, "It was a lot of hard work to get the information on these animals . . . like the palm cockatoo. Does anyone know that the palm cockatoo is an endangered species?"

Their work is free flowing sentimente designs with simplistic mes-

sages almost in a nursery rhyme fashion.

Pink elephants parade across a pin that states: "Oh, what a wonder if you could see the beauty of an elephant roaming wild and free. Don't take their tusks; please let them be. Stop the poaching of

THREES OF all shapes border another pin that extolls: "See the forests; watch them grow in all their splendor. The world should know. The treetops reaching for the sky could all be gone before we die

The two women started working on Earthbound three years ago when they worked at the same ad agency. Stec was an assistant creative director; Miller, 27, the art director.

They went in early and stayed late to mold an idea into reality, challenged by their co-workers' belief they wouldn't actually do it.

"People knew what we were doing and figured we would be leaving (the agency), but they didn't think we'd go this far," Stec said. "It kind of challenges you when people don't think you can do it and excites you when you can pull it off."

Their first step was to figure out what Earthbound would stand for.

Promoting the environment is a broad field, so the two women decided to select 12 endangered species — the rhinoceros, sea turtle, humpback whale, mountain gorilla, dolphin, coral reefs, black-footed ferret, manatee, panda, cheetah and, of course, the elephant and palm cockatoo - to become advocates for.

milk jug style

Earthbound also takes on overlogging, animal cruelty and save the earth, or "what we call living with nature," Stec said.

Their first efforts were to create information cards that accompany their products. The cards talk about the animal and why it is endangered and encourages active involvement in its preservation.

ONCE THAT was done, they worked on the sayings, started on the jewelry designs and picked the design elements for the T-shirts and no-

"We were like were we possessed," said Stec of the time devoted to creating the merchandise. "It was sickening, just sickening... and we're still like that."

Even figuring out the color schemes was time consuming. Working with 30 black-and-white copies of the drawing and colored pens, they sat for hours "saying what about this," Stee said.

Keeping with their commitment, they decided all their products would be environmentally safe. The T-shirts are 100 percent cotton, the notecards printed on recycled paper and the jewelry made from recycled plastic. "It's practically washable," Stec said, holding up a pin, "Made

Planning done and armed with \$25,000, they started producing the Earthbound products. One printer churned out the notecards, another tackled the jewelry. The latter was no easy job since the plastic, black in color, had to be coated in white before the colors — up to 12 on some designs — was applied.

TWENTY-FOUR pieces were printed on each of 5,000 sheets. Stec and Miller had the job of punching out each piece and attaching the pin or earring loops. The conference room at RME and Miller's Ann Arbor apartment serve as assembly points for Earthbound.

"Suzie kept saying she was going to get arthritis because she had to punch the holes for the earring and I glued on the pins," Stee said. "When we get bigger, we're definitely going to have someone help us with that."

The big move came in June 1990 when they ran an advertisement for Earthbound in Buzzworm, an environmental issues magazine. Since then they have gone on to have booths at trade shows like the recent Ecology Exposition in Atlanta and market their goods through a catalog and 15 wholesalers around the U.S.

Earrings and pins are priced at \$11 each, with sets costing \$20. The Tshirts - "Protect the Gorilla," a forest "In All Their Spendor," "Protect the Sea Turtle" and the elephant "What a Wonder" - sell for \$13.99. Notecards cost \$8.75 for 10 cards and matching envelopes.

Earthbound is at the point of breaking even financially, putting Stee and Miller in the position of helping other environmental groups with donations. That is, after all, the stated goal of Eartbound.

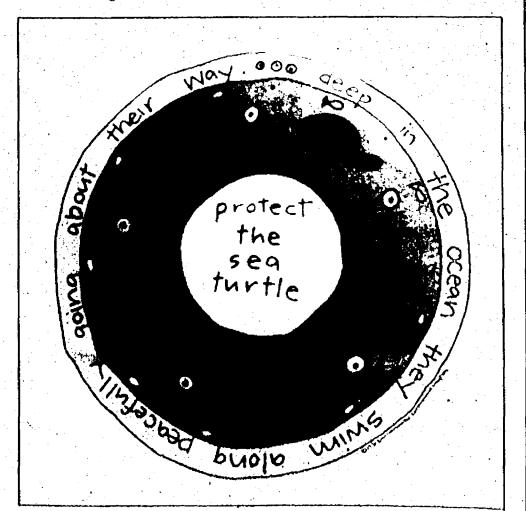

IT HAS ALREADY helped organizations like the Michigan Humane Society, Global Relief and Defenders of Wildlife by providing their creative services.

"It's nice working with non-profits that are interested in the same thing we are," Stee said. "Anything we do for a group is free of charge or we sell them our materials cheaply. When you work for a real good cause, it's hard, really hard, to price it right. You always end up undercutting it."

Kory Clarke brings home Soul

By Larry O'Connor staff writer

Kory Clarke and his band may be part of a homecoming, but don't expect a parade...

The 1980 graduate of Livonia Bentley High School brings his group Warrior Soul into The Palace of Auburn Hills Friday, Oct. 25, opening for Queensryche.

A classic tale of the local rebel. returned in the triumph of a conquering rock'n'roll god?

Not yet, but Clarke is getting

"I think I would (feel some vindication) if I could get some airplay on an FM, AOR (album-oriented rock) radio station or get a write-up in one of the big papers," said Clarke, 29, sounding a bit disgusted in a phone interview. "I feel some vindication in proving my critics and those who pushed me around in high school wrong."

Clarke is bitter, kind of like sucking a lemon after a shot of castor

His experiences in 1980s trailblazing outfits such as L-7 and Trial were fruitless, running aground in an area he believes is indifferent to its musicians and artists. He also sums the Detroit area in general terms of being racist, conservative and "grumpy."

At this point, asking Clarke to pull out his high school yearbook seems as inappropriate as checking an Islamic cleric for his copy of "The Satanic Verses."

CLARKE'S accomplishments are was one of a group of 10 students, in the present. His band, Warrior spurred by Clarke, who began to Soul, has its second album out on David Geffen Records, "God, Drugs straight-legged jeans and short and the New Republic," a sonic hair. blast of social commentary wrought through suburban petulance and urban decay.

In this visceral collage, Clarke burns down the facades surrounding drugs, religion, poverty and whatever else is on the evening

If Clarke comes across a tad antagonistic, one only need to look at his past to know why.

Trained as a drummer, Clarke to quit dancing and the band finplayed in a cover band while in school. Then rebellion set in. He formed an anarchic outfit, The Attitudes, and began showing up at Bentley High School with purple refuge, leaving for New York in

Clarke eventually gave up drums to concentrate on his vocals and songwriting. Remarkably, Warrior Soul was signed by David Geffen Company after five gigs.

AFTER THEIR debut release, "Last Decade Dead Century," Warrior Soul toured Europe with Metallica and garnered favorable reviews in music publications Sound and Kerrang.

The group's music has been described as something as metal for the mind. But simply placing Warrior Soul in the spandex-and-teasedhair crowd won't suffice.

"You can't really categorize us." Clarke said. "It's the outlook and the attitude . . .

High-school alienation only serves as part of Clarke's discontent. He was also influenced by the prescribed musical rebellion of MC 5 and, to a lesser degree, Ted Nugent. Later, he became immersed in the post-punk fury of Joy Division and Public Image Ltd.

Things such as heroin wars and the park movement in the late '70s and even the riots in 1967 before then had an impact on his world view, Clarke said.

All of which makes the indifference by the media in this area to Warrior Soul's music more impalatable to him.

"One of these days I'm going to sock somebody," he said.

Coughlan finds niche with Fatima Mansions

staff writer

Sure Cathal Coughlan could find more fulfilling ways to vent his wrath, but they don't pack punching bags with

To say the Fatima Mansions' lead singer has a somewhat jaundiced outlook at life is to dismiss the water near the Exxon Valdez oil spill as a bit murky. Coughlan's angry, he's screeching and, best of all,

more cynical than a bagful of Tories at a labor rally.

This translates into some seriously skewed, gushingly fragmented and vertigo induced pieces of pop and rock on Fatima Mansions' "Viva Dead Ponies" (Radioactive/MCA). Bouncy bits of dance synthesizers belie the darkness that bebops inside of Coughlan's mind.
"A necklace of rubber, burning bright/a burning rub-

ber necklace for my angel's delight," begins Coughlan in the most benevolent, sugary tone on the opening cut. Unexpectedly, he goes into a caterwaul discourse on the various possibilities of civil obedience with all the virulency of Mount St. Helen. The former member of Microdisney dismisses "An-

gel's Delight" as something of "a little piece of light entertainment" in response to Britain's poll tax and ensuing police crackdown when people demonstrated.
"I figured that's one thing I could do they couldn't

touch me for," said Coughlan, transplanted to London

from Cork, Ireland, "I could make a record . . . in a comic book sort of way.' ·LIKE A MADMAN perched above in a confined viewing box, Coughlan seemingly thumbs his nose at society below through his music. But with the insanity of poverty

and despair in everyday life, maybe he's not so daft after He equates Western leaders such as former British Prime Minister Margaret Thatcher with dead dictator Nicolae Ceausescu in the fuzzy discord of "Blues for Ceausescu." He mocks delty, casting Jesus among other things as a London shopkeeper in the title-track "Viva

Dead Ponies.' These are things Microdisney didn't allow for with its mainstream musings. Coughlan formed Fatima Mansions — named after a run-down housing project in north Dublin - in 1988, joining with Hugh Bunker, Nick Bagnall, Nick Allum and Aindrias O'Gruama.

In a short while, the band has gained instant notoriety, releasing "Against Nature" in 1988 in the UK. Irish music magazine Hot Press named Fatima Mansions "Band of the Year" and Morrissey picked the band's LP as one of his favorite albums in a New Musical Express poll.

Kudos aside, Coughlan has found his niche. "There were a lot of things going on in music in the late '80s I was interested in that weren't coming out at all with what I was doing," Coughlan said. "I came to realize I was making records I wouldn't really want to listen to myself and were completely unrelated to what I was listening to at home."

OBVIOUSLY, Coughlan sought a harder edge to his music. "Viva Dead Ponles" delivers, featuring a renegade mix of spewing punk gultar and sensuous techno melodies. His hardness at life goes deeper.

Cathal Coughlan, lead singer of Fatima Mansions, has been described as angry, screeching and cynical which translates into some serious pop and rock on the band's "Viva Dead Ponies" (Radioactive/MCA) album.

Coughlan grew up in Cork, Ireland, and banged around as a musician. Disenchanted with the cliquish Dublin music scene, he left for London in 1983.

Ireland, not exactly known for its abundance of glowing optimists, only gets part of the credit for turning Coughlan into a sardonic songwriter.

"I think it has more to do with my relocation in Britain, really," said Coughlan, who once studied medicine in college. "I found it difficult the way things were running in Ireland I just had to get the hell out of there. "Since I've got to Britain, I've watched the place de-

teriorate into a world of bankruptcy and superstition in much the same way Ireland did in the early '80s.' "Angel's Delight" is only one acid-indigestion induced number concerning this subject. The opening reference

to rubber necklesses might lead one to believe it's a song decrying the situation in South Africa. "IN A WAY, it's taking advantage of the marginal position of somebody has in this country that says, 'OK, you're nobody." OK, I'm nobody, I'm going to make seditious music. What you going to do about it? Nothing,

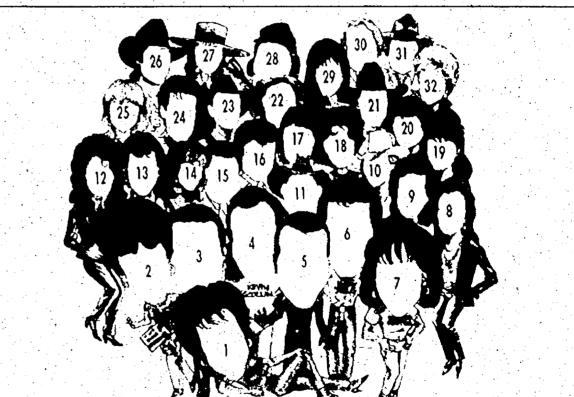

me off the radio.' All this gloom and doom can get a guy down at times. Coughlan agrees, but even a cynic's cynic can find a daisy in a compost pile once in awhile. "Sometimes it's hard to get motivated to walk when

because nobody's going to hear it because you've taken

are buying the record and we're going to America.' Fatima Mansions perform Tuesday, Oct. 22, at The Shelter, underneath St. Andrew's Hall, 431 E. Congress, Detroit. For information, call 961-MELT.

Mexican paradise provides bounty. of food, fun; sun

It is 7 am. I wake to the sound of waves. The new sun shines into my room here on the beach at Cancun, Mexico.

As I pull the curtains I hear a. slight noise in the hall. That is the thermos of coffee and basket of rolls left outside the door every morning here at Puerta Al Sol, an all-inclusive suite hotel that opened a year ago at the "Club Med end of the beach."

The bridge that joins this island to the mainland near Club Med is at the opposite end from the bridge that connects it to Cancun "City 12 miles away. The traveler's task is to pick a hotel from. the several dozen beautiful properties that line the beach:

The Cancun Puerta Al Sol Hotel Suites and Spa is the most luxurious of the island's three all-inclusive hotels, which offer meals and beverages with the price of the room. You can take 40 of your friends into the outdoor whirlpool or learn to dive in the aboveground diving tank if you get tired of sizzling away on the very lightly populated beach.

BY 8 A.M. the joggers are silhouetted-against the froth-ofbreaking waves, the pool handlers are working beneath my balcony, and the gardener is going clip on the world's tiniest patch of grass. The choice is determined by how much you want to pay, how far you want to be from the activities around the museum, mall and convention center at Cancun Point and what style of hotel suits

yph.
The three dozen hotels on the beach are all spread out for me to see as I ride the 50-cent bus that rons every 15 minutes or so between the Hotel Zone and Cancun City. The Mayans would recognize the hotel shapes built side by side along the beach: pyramids, stepped roofs, with an occasional touch of the Taj Mahal. All look quite luxurious.

The less expensive are in Cancun City and along the sheltered swimming waters of the Bay. There are sometimes red flags on the beach that faces the Caribbean Sea because of the undertow.

Hotels range from the luxury of places like the Melia and the Ornni through the moderately priced condos of the Kinha to the low-priced rooms of the Club Las Perlas, which still sports a pool and restaurant but lacks the fancy touches.

THE 50 CENT bus will drop you at the city hall, where balloons, sunlovers and politicos rally. Go to the tourist office door for information; you will learn, for example, that Bus Number Eight takes you five miles north to the ferry for Isla Mujeras if you prefer independent travel to

HIS IS A fairy tale. Some people like the way it turns out and some people think the wicked witch of four-Ism has been here.

Once Upon A Time a fat finger of land poked into the emerald green waters of the Caribbean Sea. At the tip of the Yucatan Peninsula, a 12mile-long elbow of sand enclosed a blue lagoon. Not ordinary sandbars, but glorious beach ankle-deep in powdery sand, gleaming like a golden bracelet under the hot Mexican

There were only crab tracks and the footsteps of pirates or fishermen around the Mayan ruins on the sand when the Mexican government asked a computer to select the ideal Caribbean resort setting.

You should see it now. Tourists bring their gold and their suntan lotion to 21,000 rooms in high-rise and low-rise hotels that start on the mainland in Ciudad Cancun (population 150,000) and follow that elbow of sand along 12 miles of Hotel Zone. That coral and sand beach, and the emerald sea, may

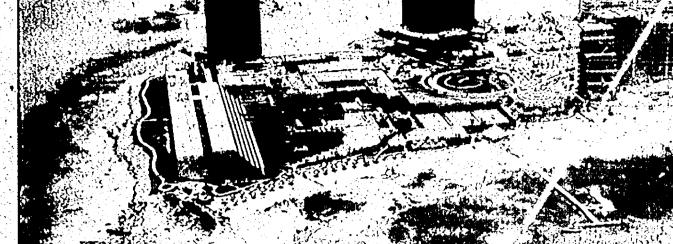

now offer the best value per dollar of any warm weather getaway in the world.

WHY? CANCUN is for the moment overbuilt, especially in luxury class hotels, so its a buyer's market. You can spend a lot of money on meals and incidentals when you get there, so the wise traveler plans carefully before he leaves home.

Kenneth R. Trefilek, Director of Resort Vacations for Travel Charter International, which runs charters to-Cancun weekly in summer, four times a week November through mid May, says "no place draws from this side of the country, on a yearround basis, as steadily as Cancun. It is the most competitively priced resort in the world.

"It's accessible, within four hours flight of 65 percent of the U.S. population, it's new, clean, has beautiful white beaches and turquoise seas, lots of water sports, enough tours for variety and you can spend a week there for the same price as a week in 'Florida.''

Livonia man helps bring softball tourney to Canton

By Wayne Peal staff writer

Even without a new Tiger Stadium, Wayne County will be host for a

major ball field event next season The 1992 senior softball chample onships are coming to Canton Softball Center next September.

Eagerly sought by Wayne County Executive Edward McNamara, the tournament is expected to pump as much as \$1 million into the local:

Some 83 teams competed in this year's tournament, with more expected next year.

"We're looking at 4,000 people who will be coming here, staying in our hotels and eating in our restaurants," said Bob Fortney of the Detrolt Business Convention Bureau.

FORTNEY, a Livonia resident, assisted the executive's office in presenting the county bid.

The Canton facility's size may have been the deciding factor.

"Along with Softball City (in Detroit) we're the largest private softball facility anywhere," said Bernle Goodstein who direct's Softball Center's 12 diamonds.

Last year, the Michigan Avenue site was host to a smaller tourna. ment sponsored by the county office. on aging.

"When (office on aging director) Frank Rembisz asked us if we'd like to have the national tournament I said, 'Oh my yes' " Goodstein recalled.

Bringing the event north is considered a coup Previous events have been held in such Sun Belt cities as Greensboro, N.C. and West Palm

"This is the fourth time they've held it and it's always been in a Sun Belt site," Fortney said. "So this is is the first time they've come up here."

A Redford native, Fortney played on several teams, in several leagues, throughout western Wayne County. But he won't be stepping up to bat in next year's tournament.

First, he's too young. Ballplayers in the seniors tournament start at age 50 with 80-year-old players not uncommon.

Second, Fortney admits he put his glove and bat away a few years

The right leadership-at last.

A balanced state budget. No new taxes. The right leadership for Michigan-at last.

Congratulations are in order.

It isn't often that we can congratulate our elected officials. But if there was ever a time, this is it.

overnor John Engler and the members of the Legislature have just made some of the toughest choices of their careers. And they made the right ones. It was a "Taxpayer's Agenda."

These are tough times. Times that put our Governor and legislators to the test. Taxpayers can be thankful that they passed that test.

They faced a huge budget deficit the second year in 'a row. And they did something their counterparts in few other states did: they balanced the budgetwithout raising taxes and without cutting education.

now refreshing.

es, tough choices were made. But these choices will make Michigan stronger-better in the future. There were no quick fixes. Painful cuts were necessary. Many programs had to

be trimmed. But education was protected and made the top priority. It was a difficult challenge.

ut our elected officials didn't back away from the challenge. They didn't buckle under to special interest pressure. They didn't sock

your family's budget to balance the state's. And Michigan will be better off tomorrow as a result.

So to Governor John Engler and the members of the Legislature, "Thank You." Thank you for the right leadership-at last.

Muskegon CC runs over Warriors

By Neal Zipser

Alpena pulled 1991's biggest upset in high school football Friday with a shocking 12.6 victory over Traverse City, the No. 1-ranked team in Class

Lutheran Westland had its chance Saturday to equal the feat against. the top-ranked Class CC school,

Muskegon Catholic Central. However, the only feat the host Warriors were able to equal was last season's post-game meal which the Crusaders catered last year. Lutheran (4-3) was no match for Muskegon CC (7-0), which easily won, 34-8.

"I was aware Traverse City lost," said Lutheran coach Dennis Tuomi, who added that he didn't mention the Traverse City loss to his players. "Maybe I should have brought it up. I did tell them, though, that you never know what could happen."

What did happen was a bigger and stronger Crusader team, which has been in the Class CC finals five times in the past decade, jumping out to a 21-0 first-quarter lead.

MUSKEGON CC, playing without two linemen and its top running back, held the Warriors without a first down until midway into the third quarter, and outgained Lutheran in total yards offensively 430:79. Lutheran had minus-13 yards in the

It took only 2:55 for MCC to score its lirst touchdown Quarterback Paul Siembida hit 6-foot-6, 275pound tight end Mark Bolach for a 23-yard completion. That set up Tommy Scott's 5-yard touchdown run. Siembida's extra point made it

After the Warriors fumbled on their second play from scrimmage, Siembida found a diving Mark Lewis in the corner of the end zone for another TD.

After Lutheran's offense stalled, Lewis outran the Warriors' entire secondary for a 51-yard touchdown scamper. Siembida's point after made it 21-0, and there was still two minutes remaining in the opening period.

Muskegon CC emptied its bench the rest of the game and the score could have easily been worse, if it wasn't for the "class" displayed by MCC coach Mike Holmes, according to Tuomi.

"What do you gain by leaving your first string in?" Holmes asked. "The object of the game is to win, and if you have the game in control, it would be a disservice to the other team. The second- and third-string players practice as hard as the first team and also deserve some playing

LUTHERAN HIGH'S problems continued to mount when Jason Zielinski fumbled a punt, giving the Crusaders another scoring opportunity. MCC capitalized as Scott found Damon Armstrong open for a 32yard touchdown completion. The Crusaders led 28.0 at halftime.

The Warriors tallied their only points on the last play of the third quarter. A 35-yard run by sophomore Steve Faith set up senior Jason Leimbach's 3-yard touchdown run. The two-point conversion was successful as Pat Schaefer caught a Zielinski pass.

Muskegon CC capped the game's scoring on third-string quarterback Jim Allore's 88-yard run.

Holmes admitted the caliber of competition MCC is used to have been tougher, but that's because the Crusaders have only played Class A and Class B schools.

"We're an independent and its difficult to find opponents,". Holmes

The game ended a two-year contract between the schools. The Warriors are entering the Metro Confer-. ence next season and won't have a spot open on the schedule for the outstate power.

SC's title hopes suffer an injury

By C.J. Risak staff writer

The future of Schoolcraft College's women's soccer season won't be decided on the field.

Which is really too bad. As coach Nick O'Shea noted after Sunday's 2-1 loss to top-ranked Meramec Community College (of St. Louis), "We accomplished what we wanted to accomplish. We proved we can play with the best teams in the country."

Alter a moment's hesitation, O'Shea added, "If our girls can play." Well, That's the question, isn't It?

Sunday may well be remembered in SC soccer annals as a black one. It started yesterday morning,

when defender Jennifer Whitfield woke up with a very black-and-blue ankle. Preliminary diagnosis: possible ligament damage. She could be out two weeks.

REMEMBER, THE Lady Ocelots have no bench. At all. No substitutes. So they started Sunday's game against the nation's No. 1 team with

It didn't stay that way long. With five minutes left in the first half, forward Carol Pietila turned to run, twisted her knee and went down. Preliminary diagnosis: anterior cruclate ligament sprain or tear. She was transported to the hospital by assistant coach Dawn Gabriel.

Had Gabriel waited 15 minutes, she would have had another passenger. Two minutes into the second half, Nikki Johnson collided with a Meramec player and injured her knee, too. Preliminary diagnosis: another anterior cruciate ligament sprain or tear.

For the last 43 minutes of the game, SC was forced to play eight against 11. It was surprising the Ocelots were able to keep the score

Meramec, which won the tournament with two victories — Monroe CC (Rochester, N.Y.) was its victim Saturday by a 3-0 margin - opened the scoring in the game's second minute when Jamle Casillas (the tournament's offensive MVP) beat. THE OCELOTS fied it with 20

Meramec got the game-winner with 15 minutes left. Dana Schmedeke's corner kick was headed into the net by Chris Ferndandez.

It was a valiant effort by SC; for

Meramec, though, it was hardly in-

spiring. To be fair, Meramee was at less than full strength, too; midfielder Kelly Watson was out with a leg injury suffered in Saturday's game, and two reserves were ill. "She's the type of player who can

penetrate with the ball," Meramec coach Jeff Karl said of Watson. "We played on the perimeter too much and didn't penetrate the way we should have. But that's (a lack of) ex-"It might have been an ugly victo-

THAT WAS similar to what O'Shea said after Saturday's 1-0 win over Florissant Valley CC (St. Louis), a team SC lost to earlier in the season by a 3-2 margin..

The only goal of Saturday's game was scored with five minutes left in the first half. A throw-in from Amy Krajewski (the tourney's defensive MVP) reached Place in front of the Flo Valley net, and she headed it to Meath, who headed it in.

"It wasn't pretty, but it was a win," said O'Shea. "The first half was OK, but we had trouble in the

And what was O'Shea hoping for in the first game? "No injuries," he replied. "I was hoping to see no injuries, and I didn't.'

Unfortunately, those came Sun-

What O'Shea did see that he liked was improved play by his keeper, Owczarzak. In spite of Meramec's constant pressure Sunday, Owczarak - from Farmington - didn't fold. If SC survives and makes it to the NJCAA Tournament, she will have to continue that type of play.

However, if either Johnson or Pietila are sidelined for the season, SC's season could be over as well.

It's all a matter of numbers. And

Shamrocks lose game, Zavagnin

By Steve Kowalski staff writer

Warren De LaSalle beat Redford Catholic Central 3-1 Saturday in the Catholic League boys soccer championship game played at Harper Woods Notre Dame.

But the real loss for CC came with 1:42 remaining in the same when star senior midfielder Kerry Zavagnin received a red card and was ejected. The infraction means Zavagnin must sit out the Shamrocks' next game, which happens to be tonight's 7 p.m. Class A district opener at Ferndale.

The red card came deep in De-LaSalle's end of the field and occurred after the Pilots had wrapped up the game, for all intents and purposes.

Zavagnin said he and DeLaSalle player Craig Abraham were joking around when the linesman on that end of the field interrupted the two players.

VULGER LANGUAGE directed at an official is usually something that draws a red card, but Zavagnin said his conversation with the linesman was harmless. Zavagnin, who scored CC's only goal on a penalty kick in the second half, ironically was named the Catholic League's Player of the Year at halftime.

"I'm teammates with Craig on the Michigan Magic (during the offseason) and we were joking around, when the linesman got into it and said, 'What's your problem?' " said Zavagnin, who on this day would have been better off placekicking for the CC football team against the University of Detroit-Jesuit. "I just pinched him on the check and said 'Oh, you look so pretty.' I didn't do anything wrong. It's gar-

Kerry was goofing around with the ref, but the ref wasn't goofing around with him," Abraham said. "The ref said to Kerry 'What's the matter with you?' Kerry said 'Nothing,' just grabbed his cheek and said 'You're so cute.' That's just Kerry. He's always goofing around."

The linesman, who refused to identify himself, would not com-

That loss ended DeLaSalle's 39game winning streak but this time the Pilots dominated from the get-

Tim Fulton scored twice to give DeLaSalle a 2.0 halftime lead and the Pilots' Marcus Cudnik scored his team-high 20th goal on a penalty kick early in the second half to push the lead to 3.0.

"I THINK THIS showed a lot of character on our part," DeLaSalle coach Thaier Mukhtar said. "Our kids were flat last time and they gave us a lesson on how to play and we were embarrassed. Today you saw a different DeLaSalle team."

Five CC players received yellow cards and the last thing coach Phil LaJoy needed was for one of his players to receive a red card.

"We just got out of it early and we couldn't come back," LaJoy said. "We had some opportunities in the first half and if we could have capitalized, it could have been á different game."

Senior Steve Heitert and sophomore Adam Borchert both were turned away by DeLaSalle goalkeeper Brian Loridon as the Shamrocks tried to score just before halftime. The loss in net was suffered by CC goalkeeper Jeff

Emily Giuliani scored nine of her 11 points during the surge. :

But it was Salem's smothering man-to-man defense that did the damage, resulting in seven Glenn first-quarter turnovers.

"I think we defend and rebound better than we did earlier this year," Thomann said. "We're also better passing the ball and we catch the ball better. We move the ball with a lot more confidence and purpose.

"We're getting better, period, and that's the major thing happening with this team.".

The only negative on the night was Salem's free throw shooting.

Rocket gridders put away Farmington, 28-6

By Neal Zipser staff writer

The ghosts and goblins weren't out yet, nor were the familiar chants of 'trick or treat' heard Friday night

in Westland. But Farmington decided to give John Glenn its Halloween treat a couple weeks early as the Falcons committed six turnovers in their 28-6 loss at Kionka Field.

With the victory, the Rockets improved to 5.2 overall, 3.2 in the Lakes Division of the Western Lakes Activities Association, and kept their playoff hopes alive. Farmington fell. to 3-4 and 2-3.

The Falcons turned the ball over four times in the first half, but Glenn capitalized for only six points. However, quarterback Terry Hewer and the rest of the Rockets came alive inthe second half.

Hewer completed all four of his pass attempts and gulded two touchdown drives to give the Rockets control of the game. He completed seven of 12 attempts overall for 84

"TERRY PLAYED his best half of the season," Glenn coach Chuck Gordon said. "He has struggled at times this season, but he stepped it up tonight when we needed him to."

"I wasn't disappointed in the of-

fense at halftime. I was more disappointed in myself," said Hewer, who also punted four times for a 50-yard average.

"I knew I wasn't performing to my ability. I decided to concentrate more and just have fun out there. The offensive line was tremendous and wore Farmington down."

It was Glenn that gave Farmington the first gift, as senior Rob Cavagnol recovered a Tad Quattlander fumble. The Falcons returned the favor as senior Kevin McKenna recovered a Falcon fumble forced by a bone-crunching hit by senior cornerback Tony Grieb,

Farmington got the ball back, but an ill-advised pitch turned the ball over again. This time senior Rick Bennett scooped up the loose ball at-Farmington's 37-yard line. Eight plays later, senior Ed Jeannin scored on a 4-yard run. The extra point was blocked and Glenn led 6-0.

Glenn got the ball again when senior John Ward picked up another Farmington turnover, but both teams' offenses stalled until late in the second quarter. "THE DEFENSE played great,

but the offense played the worst it has all year, perhaps the worst in the past two years," Farmington coach Bernie Call said.

After Quattlander gained 34 yards

on a draw play and moved the ball to Farmington's 21, the Falcon's David Monge intercepted Hewer and returned it to the Glenn 37. Hewer made a touchdown-saving tackle.

Farmington's momentum didn't last long as, on what looked like a replay of Monge's interception, Glenn's Gary Chmlel picked off Falcon quarterback David Link. Both teams combined for six first-half turnovers as Glenn led 6-0 at half-

"I figured we had the ballgame in control at halftime," Call said: "We were down by six and, if we could come out and score, we would be alright. But we had too many turnovers. They killed us. But we just didn't drop the ball; they made some great hits on us."

The Rockets took control of the game on their first possession of the third quarter, driving 64 yards in 14 plays. The drive, which took 8:46, was capped by a Quattlander, 2-yard run. Quattlander, who rushed for 54 yards, bounced off two tacklers for the score.

Glenn made it 14-0 after making a two-point conversion. Hewer hit a diving Ward in the corner of the end zone, who was able to get one foot in bounds.

ON THE SECOND play of the fourth quarter, Grieb intercepted

Link at the Farmington 25. Three plays later, Ward scored on a dive from 3 yards. Chris Bandy's extra point made it 21-0.

McKenna recovered Farmington's fourth fumble to set up Glenn's last score. Senior Grayson Story carried the ball four straight times before finding the end zone as he broke free up the middle for a 4-yard TD run, Doug Hammond's extra point made it 28-0.

On the ensuing kickoff, Farmington started at Glenn's 48, thanks to a late hit penalty. Another late hit penalty and a pass interference penalty moved the ball to the 11. Reserve quarterback Matt April found junior David Liszewski open for an 11-yard touchdown.

Rarmington finished a tough three-week schedule, which included WLAA powers Glenn, North Farmington and Plymouth Salem. Even though the Falcons lost, it was obvious they are an improved team from last year's 0-5 finish in the division,

"Farmington is a good team," Gordon said. "I knew we wouldn't just rip through them. Nobody has this year. We knew we'd have to play. hard."

The Rockets who have only lost more than two games in a season one time since 1980, play host to Walled Lake Western this week.

Lady Ocelots top OCC

It was more a tune-up than a challenge.

Schoolcraft College used Thursday's match at Oakland Community College for just that. There wasn't much else it was good for the Ocelots rolled 15-2, 15-1, 15-3.

But the lopsided match was useful in helping SC switch from its two-setter offense to one, after the loss of Nancy Ehlert to a knee Injury. It is not certain when - or if -Ehlert will return this season.

"We're trying to prepare our offense for more difficult teams in the region, down the line," said SC coach Tom Teeters.

One of those challenges will come Tuesday, when the Ocelots play at Henry Ford CC. They are

volleyball

tied for second in the Eastern Conferece, each having one loss.

Against OCC, Karl Van Deusen led SC with 11 kills and two solo blocks, Stephanie Jandasek contributed seven kills, two service aces and six digs; Renea Bonser had five kills, 13 digs and six aces; Keli Haeger collected 23 assists tokills, and Julie Wood hetted eight digs and two aces.

SC is 23-8 overall, 5-1 in the conference. OCC is winless in conference play.

Van Sant's 'Private Idaho' explores new territory

Narcolepsy is a condition in which the afflicted can fall asleep quite unexpectedly, perhaps in the middle of a sentence or a plate of food.

For Mike, a young street hustler. it happens at the worst conceivable times, while walking across the highway or preparing to make love to a beautiful woman. He has no idea where and when (or even if) he'll wake up.

I found myself traveling similar territory in "My Own Private Ida: ho," the new film from Gus Van Sant, the director of the acclaimed "Drugstere Cowboy." Like Mike, the plot of the film nods off every once

in awhile but can wake up to some

pretty exciting ideas. Mike (River Phoenix) usually gets picked up and dusted off by a fellow hustler named Scott (Keanu Reeves). Although depicted by two of Hollywood's most appealing young actors, the lives they lead are anything but glamorous. They turn tricks with the weirdest of customers and often sleep on rooftops in roughly constructed shelters.

PHOENIX especially is almost unrecognizable, with his shaggy sideburns and the perpetual expression of someone who has just awoken

Those unfamiliar with Shakespeare will be frustrated and confused by Scott's frequent forays into Elizabethan English. Others who know the original work will likely be but off:

'Tomorrow' squanders the talents of its cast

A young man falls in love with his older aunt by marriage and a scriptwriter uses their relationship to fuel his steamy radio soap opera.

That's the premise of "Tune in Tomorrow," a 1990 film, now video, which squanders the talents of its actors and squashes any glimmer of humor with a leaden script and heavy handed direction.

Set during 1951 in New Orleans, Keanu Reeves plays an earnest young newswriter working for a radio station. Not that we actually see him do much work. He falls into an off-again, on-again romance with his Aunt Julia, actually the sister of his uncle's wife and his aunt by marriage, played by Barbara Hershey. She supposedly has a past that scandalizes the extended family, though what it is never becomes clear. She has been around enough to set her sights on snagging a wealthy older man, maybe with a bad heart.

Entering the picture is a soap opera writer Peter Falk, who has fled an earlier job at a Detroit radio station under rather incendiary circumstances. He counsels Reeves on how to further his relationship with Her-

THE RATINGS at the radio station go through the ceiling with the steamy and convoluted serial Falk churns out, often using dialogue lifted from Reeves and Hershey.

He also draws the wrath of Albanians who for unexplained reasons bear the brunt of ethnic insults and stereotyping in the show "King of the Garden District."

The soap opera cast reads their lines with sound effects from the studio, then the film has enactments of

This film is particularly disappointing with the fine cast that was available for this adaptation of an autobiographical novel by Mario. Vargas Llosa, Much of the fault can be laid at the feet of writer William Boyd's unfocused script and director ' Jon Amiel's leaden pacing.

Amiel directed the much better film "Queen of Hearts" which itself was a trifle muddled. The look of the picture is pretty and the score by Wynton Marsalis is better than most. Unfortunately, Amiel mixed together a lot of good ingredients and ended up with a flat pancake.

First lady says warm welcome made transition easy

By Pat Murphy staff writer

Michelle Engler likes her marriage, and likes being Michigan's first lady — and it shows.

"John is the best thing that ever happened to me," she said last week at a luncheon meeting of the Birmingham Republican Women's Club. "And he'll be the best thing that ever happened to Michigan."

The former Michelle DeMunbrun who became Mrs. John-Engler last December, and Michigan's first lady a month later — talked about the transition into both roles with anecdotes and insight, to the delight of about 100 club members and guests.

During the question and answer session, some club members asked about policy matters - like the future of MET (Michigan Education

Trust), the tuition guarantee program initiated under Gov. James Blanchard, but under close review by the Engler administration.

But Michelle Engler, a former trial attorney, said she'd rather talk about matters that didn't pertain to official state policies. She is knowledgeable on some issues, but the first lady said she's concerned her private comments might be interpreted as official policy.

For the time being, consequently, she'd rather talk about other nongovernmental things - like the adjustment from life as a Texas lawyer to life in the fast lane of Michigan

SHE WENT TO college and law school at the University of Texas, Michelle Engler sald. Although she was a partner in a prestigious Hous-

ton law firm, she considered herself a typical Texan, "who never lived north of Austin."

She met Engler, then a state senator, through a mutual friend and learned about Michigan as their friendship developed.

The transition from Texas to Michigan was easier, Michelle Engler said, because people were warm, friendly and welcoming. "They didn't have a clue who I was," she said, dismissing notions her reception might have been linked to her future status as the governor's

Living life in a fish bowl - while getting used to a new husband, a different state and a public role - has been enjoyable and rewarding, she said, with two exceptions: She and her new husband don't have enough private time, and she has no secrets.

"There are newspaper stories about what I wear, my hair, my mouth - even my dog!" she said. Buf I asked for it.

Being the state's first lady involves meeting impressive people like Lech Walesa, founder of the Polish labor union Solidarity, and Margaret Thatcher, former prime minister of England.

Among her favorites, however, are Barbara Bush - because of her down to earth approach to life -

and school children, because of their

After students at one elementary school learned she was 32 years old, for example, "they asked if I knew Abe Lincoln," she recalled.

THE SAME STUDENTS thought her state police security escort "was a wimp," the first lady chuckled.

In light of her reluctance to discuss policy matters. Michelle Engler was asked a personal question. "Tell us something private about John Engler," urged Cris Burnard, the club's first vice president.

"I shouldn't," responded Mrs. En-

Then, almost blushing, she responded. "Shortly after we moved into the governor's mansion (in Lansing), we were brushing our teeth together and John needed some tooth-

"I offered some of mine," she re-'called. "But he said, 'Michelle, I'm the governor of Michigan. I want my

Michelle Engler said she sometimes gets angry about criticism aimed at her husband, "particularily when it's based on half truths or total inaccuracy. If people took the time to know my husband, they'd find he is warm, sensitive ... and

PAIN IN THE KNEE THAT YOU **FEEL IN YOUR BACK**

Pain in the knee that you feel in your low back results from mechanical stress on your vertebrae and pelvis. The initial problem is in the knee, either arthritis, a ligament tear, or a frayed meniscus. You lose the natural swing of your gait and can no longer easily walk upright.

To stop knee pain you must adopt a forward-flexed posture: your body is hunched like a runner lurching forward across the finish line.

This way of walking when prolonged, stresses the deep back muscles. Usually the back can accept the change. However, if you already have a back muscle strain, or a degree of osteoporosis, then the added stress from your forward-flexed gait is too great a burden for the back. The vertebrae protest in the form of chronic back pain; the low back is the usual site as the muscles concerned with stabilizing

flexion begin in the coccyx and pelvis. Proper freatment of this ache is not directed to the back but to the knees: stopping this pain is the only way to return you to the usual upright walk. Thus, when you complain of back ache, your physician is likely to look at your legs before examining your back. He will direct attention toward resolving the knee pain with the expectation that doing so will negate the need to go further.

When flu bug bites eat soup

Janes

It only takes one debilitating sickness to throw your lifestyle topsy-turvy while turning you into something that feels like a pile of dirty laundry.

A week or so ago, I knew something was coming on. It started with a cough. A minor cough at first, but it slowly escalated into something deeper. As the hit TV sitcom says "life goes on" and so it did.

Nothing changed while I continued to change my oil, cultivate my garden, attend meetings and do the finishing touches on my new kitchen. On Sunday night, the old flu hit like a ton of bricks, bringing me to my knees and pain to every part of

I did what every busy person does when they get sick. Popped a few thousand Vitamin C's, rested whenever I had the time, and took Contac between Tylenol and occasional swishes of cough

That Wednesday, the doctor confirmed my diagnosis, "You have a full blown chest cold and flu," she chortled prescribing antibiotics, decongestants, elixers and more Tylenol. But did that stop me? Hardly.

I still had classes to teach, stories to edit, people to contact and interview, and I was just hours away from finishing the kitchen. I did all that within three days, and by the fourth, ended up spending Saturday night in Botsford Hospital's Emergency room talking food with a displaced South Chicagoan doctor while waiting for blood tests and chest X-rays that confirmed my bacterial pneumonia.

Sick chefs get little sympathy. Ask any professional chef in Metropolitan Detroit what he or she does when they get sick and the answer is always the same: "The kitchen is always open.".

MY ONLY wish is that when other professional chefs get sick -(and I hope they don't) that they have friends and family who bring on the soup. Hot and homemade. Light, subtly flavored simply with parsley, maybe a hint of celery and carrot but certainly nothing more.

First, there was the familiar bowl that last time around was filled with soup for friend George Cook of Southfield who wandered by with the proverbial chicken soup. Made with a whole chicken that simmered "well into the night," this soup was like an essence.

Married into a Jewish family, he quickly learned the medicinal and culinary values of chicken soup. This soup echoed "breathe me" with just supple wisps of chicken floating in a lighter than air broth decorated with just a hint of celery leaf and parsley.

When word of my illness reached Wyandotte, it took momma and dad only about 3 hours to make their way to western suburbla with a beefy based soup that had the directions, "Start with the broth and then eat all the vegetables you can."

MOMMA IS the only person I know who can send dad to the butchers for a soup bone and make a rich brown broth with just a hint of pepper (enough to clear a sinus or two) in the time it takes me to find a soup pot.

By the third day of popping

real penicillin, Jewish penicillin and momma's penicillin, I was feeling better. Still in the mood to allow the stomach just a little more, I opted for some homemade tomato soup, finally finding a home for those tomatoes that, if left to sit any longer, would have been home to a family of fruitflies. The easy results were delicious and tummy

Even as I write this, I'm daring the thought of something like an pverpowered French Onion slathered in olive oil and bubly cheese. Who knows, maybe tomorrow. May you never get pneumonia, but if you do, try these great homemade medicinal makeovers. They work.

Chaos in kitchen can be controlled

Kathy, a public relations manager at

General Motors Corporation, and husband Mike, a GM engineer, hit rock bottom organization-wise, about four years ago.

We had the same live-in housekeeper with us since the boys, Sean and Mike Jr. now 11 and 12 were born," said Mike. "Then she got married and left us. It was as if all four of us were orphaned at the same time."

The Tanners, Bloomfield Township residents, were rescued by a book, "Sidetracked Home Executives," by Pam Young and Peggy Jones whose motto is: "Wechange lives with 3 x 5's."

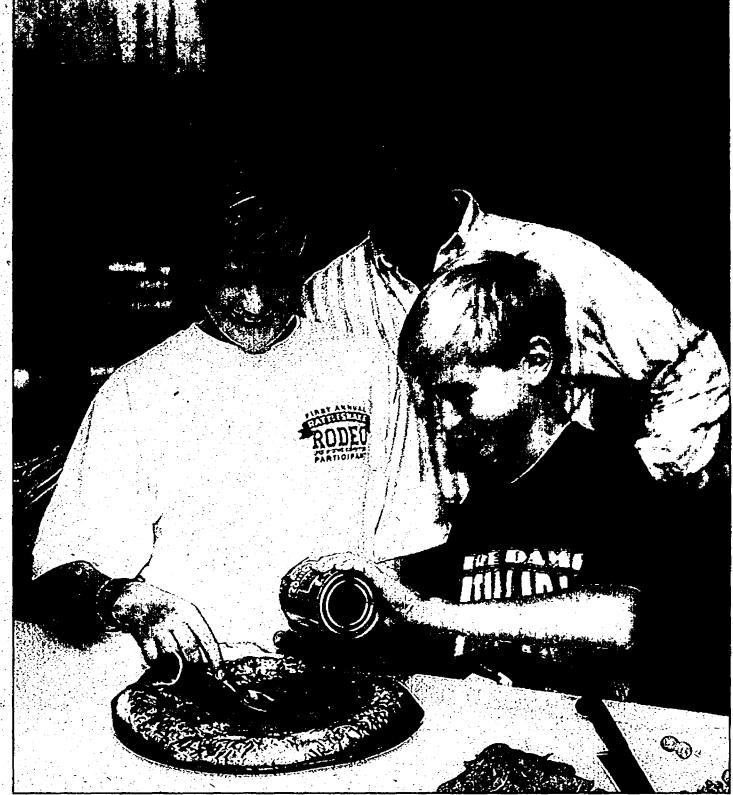

Kathy and Mike took the author's advice. "Everything we need to do or buy is written down," sald Kathy. "I have two pages of items that we need from the supermarket, categorized by type; canned goods, frozen foods, etc. I make 52 copies of these masterlists, and fresh ones are posted on the refrigerator every Sunday. Everybody is responsible for checking off items that we need or want.

Once a week, all four of us go to the supermarket. Mike Jr. and Sean take the cents-off coupons, and they get 10 percent of the money we save on the Items they find."

Mike was a pretty good cook when he got married, and since he gets home about an hour earlier than Kathy, he does most of the cooking. Kathy and the boys clean up after dinner, and she does the cooking on weekends.

"I worked up eight or 10 recipes, and I just stick with those," said Mike. "We have meat loaf, or pork chops, or chicken baked in a dish basted with seasoned salad dressing.

"I use lots of prepared cooking aids: the spike packs for meat loaf, seasoned bread

crumbs for chicken, and Stovetop Stuffing for pork chops. Rice-A-Roni is a favorite.

"I don't cook quantity and freeze for the future. Portion control is the name of the game," said Mike, the engineer. "I stop at a produce store on the way home for fresh vegetables. Sometimes it's green beans or spaghetti squash: the kids love it and it's fun to cook. I make mashed potatoes from scratch because they taste better, and because it's less work then making them from a box..

"We don't eat a lot of fast foods. Sometimes we have pizza on Fridays to celebrate no homework, or if the kids are going to soccer or Karate (the whole family has black belts), we'll have frozen dinners."

When Mike works late, Kathy cooks. But whomever gets home first makes a little plate of hors d'oeuvres as a treat for the other one. .

"Nothing elaborate," said Mike. "Maybe crackers with a little deviled ham on top, or a corn cake with peanut butter or cheese. Just enough to say, 'welcome home.' "

Arno and Emma of Livonia have a lot in common with the Tanners. There are two boys in their family also, Joel, 16; and Marc, 13. One parent travels frequently, leaving the other to run the family.

Kathy Tanner's job requires extensive travel, and Arno, a roofing specialist with Construction Consultants, Inc. has just returned from a month-long assignment in California.

But well-fed families are not all alike.

For one thing, Emma, a nurse at St. Mary Hospital in Livonia, cooks and freezes extra portions.

"I found lasagna pans that are the same length as the noodles, so I make three pans at a time and freeze them using the recipe on the box. If I put one of the lower shelf of the fridge before I go to work, it'll be thawed when I come home and bake in a half-hour.

"Or, I'll make a crockpot of chili, and treeze individual portions, so anybody can pop one into the microwave whenever they're hungry.

"An oven with a timer is a blessing. If I know I'm going to be wiped out when I get home, I wrap a frozen pot roast in foil with vegetables, put it in the oven and set the timer. Dinner is cooked when I get home, and it looks like I slaved all day."

Emma is less intimidated by supermarkets than the Tanners, so she's more likely to shop spontaneously than to carry a list.

"I'm not particularly organized. I jot things down when we run out of them, but I buy what strikes my fancy."

Tasters pick favorite, red, white, sparkling wines

wise man once said that "professionals and critics both may wax upon the attributes and composition of wines, but it is the consumer's perception which decides each wine's worthiness for enjoyment."

Because of the thousands of wine brands available in Michigan, many consumers use the rankings of wine writers, the advice of friends or the experience of a wine merchant to make purchasing decisions:

The majority of consumers do notmake their own wine buying decisions because they have limited opaportunities to personally taste a and tasting events, call Dennis wide sampling of brands.

ONCE EACH year, Dennis Walsh, Powner of Ye Olde Wine Shoppe (South Blvd. and Crooks Road) spon--sors what he calls "The Great Wine Shootout." Recently, at Glen Oaks 'Golf Club, 225 wine consumers paid to taste approximately 60 newly re-

leased wines from California. Each participant cast a secret ballot to select "the People's Choice" of red. white and sparkling wines.

Walsh, a longtime advocate of reasonably priced, quality wines, invites
12 metropolitan distributors to each pour five of their best new wines. In many cases, these wines have just arrived from the West Coast.

"This is the most popular consumer event that I run each year," said . Walsh, who also sponsors "The Winetasters" club. For information about The Winetasters and their dinner Walsh at 852-5533.

WE PARTICIPATED in this year's "Great Wine Shootout" and sampled many quality wines. But more importantly, let's mention the wines that won the People's Choice Award according to the secret ballot taken at the close of the evening.

focus on wine

Eleanor and Ray Heald

It should be pointed out that attendees tasted and voted for wines without knowing retail prices. They based their choices on their perception of the wine's quality alone.

In the red category; the preferred wine was the 1989 Leonetti Merlot (\$21) from Washington State. Following close behind were the 1990. Markham Merlot (\$16), the 1986 Simi Reserve Cabernet Sauvignon (\$30) and the 1987 Chateau St. Jean Cabernet Sauvignon (\$23).

WASHINGTON STATE has a record for producing excellent merlot. Napa Valley's Markham Winery has made amazing quality improvements in recent vintages and is now one of the value leaders from the center of the California wine indus-

TASTERS NOTED by their vote that chardonnay is still queen of white wines, but they were looking to other grape varieties and styles to pique their flavor interests. The top white wine was the 1988 William Hill' Reserve Chardonnay (\$21), a wine that has been a top vote getter for the past several years.

The 1989 Bonny Doon Muscat Canelli "Ice Wine" (\$17/376ml) is a deliciously, sweet dessert style wine that swept people off their feet. Who says that people don't like wellstyled sweet wines? Placing third and fourth were the 1989 Dehlinger Chardonnay (\$14) and the 1990 Caymus Conundrum (\$25).

We believe the popularity of Condundrum points up the fact that since tasters didn't know the prices, they judged the wines strictly on what they found attractive. For this wine, there is little price/quality relationship. Its forward, almost heady fruit is attention grabbing, but the one-dimensional flavor profile soon becomes boring with food.

Ih the sparkling wine division, the Roederer Estate Brut (\$21) from Anderson Valley was the clear winner. Given the ever-upward spiraling prices of French champagne, it is an excellent wine to buy for upcoming holiday entertaining.

WINE SELECTION OF THE WEEK

1990 Flora Springs Sauvignon Blanc (\$11) is the wine we liked second best to the 1988 William Hill Reserve Chardonnay that captured the Great Wine Shootout award in the white wine category. The fact that this wine didn't show among the top three leaves us wondering whether people are still walking by sauvignon blane because they're turned off by grassier, styles. We encourage those of you who are bored with the sameness of many chardonnays to try the 1990 sauvignon blanc from Flora Springs. It has bright, meleny aromas and fruit flavors. With generous mouthfilling fruit complexities and a solid, satisfying finish, it will harmonize with grilled fish, chicken or pastas with cream sauce.

> As both Emma Alholinna and Mike Tanner indicated, however, there are extra touches that can make a family feel cherished as well as nourished. Here are some of

 Boboli (Mike): "Individual, partially baked, Italian bread shells. Add your own toppings. A good way to get the kids to eat vegetables let them make their own pizzas, with veggies and cheese! (Also a good way to get rid of leftovers.)"

Shish Kabobs (Mike): "Just make them up the night before, and marinate in beef bouillon for extra flavor. They're simple to cook, but look special.'

• Frozen Bread (Emma): "It's wonderful stuff. When I want Arno to have a homey reception when he comes through the door, I bake a loaf of bread from frozen dough. Or, if I'm not making a particularly nice meal, I slice the thawed dough, put the slices in a greased 9-inch pan,

and let them raise. When they're baked, they're like homemade pullapart rolls. Or, thaw the bread, slice, twist the slices and roll them in sugar and cinnamon. A good snack with milk or coffee.'

· Cool Whip (Emma): "Very handy for a festive look. Put banana slices on the bottom of an individual serving dish and top with pudding. When ready to serve, add Cool Whip and a cherry.'

· "Slice apples into a baking dish. add a couple of tablespoons of water, and dabs of butter, cinnamon and brown sugar. Bake a few minutes, until the apples are tender. The whole house smells like apple pie. Remove from oven, add a dash of Cool Whip; they'll never miss the 'crust!" (Emma)

· Neither family uses their microwave much. Mike uses it for baking potatoes, but not for thawing chicken, because he maintains that the outer part of the chicken cooks a little during the thawing process.

Emma uses her microwave to do a little something extra for a meal at the last minute.

For example, cut an acorn squash in half, add a dab of butter, a little brown sugar and cinnamon, and zap in the microwave for a few minutes until done.

· Sean's recipe for peanut butter cup milk shake: 2 scoops of ice cream; % cup milk; 1 tablespoon Nestle's Quik, 2 tablespoons; creamy peanut butter. Mix in blender.

"Sidetracked Home Executives" and "The Sidetracked Sisters Catchup in the Kitchen" are published in paperback editions by Warner

And, the last word, from Kathy Tanner: "When you cook on Sunday wear a frilly apron. You'll feel like you stepped right out of a Norman Rockwell painting!"

Kids will gobble up snacks-on-a-stick

AP - Throwing a Halloween party for the kids? Serve these crunchy snacks-on-a-stick to your little band of ghosts and goblins. The only tricks to this recipe are the granola, cinnamon candies and dried apples. The rest is all treat.

CINNAMON-APPLE POPCORN BALLS 10 cups popped popcorn (about 1/2

cup unpopped) 14 cups granola

1 cup sugar 3's cup water

1/3 cup red cinnamon candles,

I tablespoon vinegar 1/4 teaspoon salt

One 6-ounce package dried apples, finely chopped 10 wooden sticks

Remove any unpopped kernels from popped popcorn; discard. Place popcorn in greased 17-by-12-by-2inch baking pan; stir in granola. Place in a 300-degree F oven.

For syrup, butter the sides of a 11/2-quart heavy saucepan. In the saucepan combine sugar, water, candies, vinegar and salt. Cook, uncovered, over medium-high heat until boiling, stirring constantly to dissolve sugar and candies; about 6 minutes. Avoid splashing syrup on the sides of the pan.

Carefully clip a candy thermometer to the side of the pan. Cook over medium heat until the thermometer registers 270 degrees F (soft-crack stage), stirring occasionally. The ber-

syrup should boil at a moderate, steady rate over the entire surface. (Reaching soft-crack stage shouldtake 20 to 25 minutes.) Remove the pan from the heat; remove the thermometer.

Stir the dried apples into the popcorn mixture; pour the hot syrup over mixture. Stir gently to coat popcorn. Working quickly, with, buttered hands, shape mixture into 10 to 12, 3-inch balls, placing a wooden stick in the center of each. Wrap the balls in clear plastic wrap. Makes 10 popcorn balls.

Just for brides

The Monthly Album is published the third Monday of each month for the announcement of engagements and weddings. All announcements are published on a first-come-first-served basis

Information sent must be legible and include a daytime telephone number so if there is a question our staff can call.

Photos submitted should, preferably, be black-and-while glossies, 5 x 7 inches.

Color photos will be accepted, but they do not reproduce as well.

Due to the volume of photographs handled, the newspaper will not be responsible for any that may get lost or damaged. Photos can be picked up after publication in the Farmington Observer office, or if a self-addressed sufficiently stamped envelope is received with the photo, every effort will be made to return it. However, photos do get lost because so many are handled every month. There is just no guarantee the photo will be returned.

Engagement and wedding announcements pertinent to Livonia, Redford, Garden City, Westland, Farmington and Farmington Hills should be addressed to Suburban Life Editor, The Farmington Observer, 21898 Farmington Road, Farmington 48336.
