In the first robbery, a man wandered around the store until several customers had left and then went to the counter, pulled a knife from his right front pants pocket and demanded money.

Councilmen defend spending plan

By Darrell Clem stalf writer

Three Westland City Council members have vehemently defended their decision to propose spending \$2.4 million to beef up a wide array of city services and slash taxes.

Councilmen Thomas Brown, Kenneth Mehl and Thomas Artley appeared live Friday evening on Westland cable Channel 8 in response to a televised press conference Tuesday in which Mayor Robert Thomas blasted their spending proposals as "fiscal sulcide."

Contrary to the mayor's claims, Artley said it's "completely false" that the councilmen proposed the spending measures at last Monday's city council meeting in an effort to bankrupt the city and hurt Thomas politically.

Mehl agreed and said, "It's unforunate the mayor has taken the position that he has."

The councilmen defended proposing a series of budget amendments to help rescue the Nankin Transit bus system, slash city taxes, improve Carlson Road, hire more police officers and firefighters, and provide assistance to the poor.

Council President Brown told residents watching the program that the proposals would "protect them and their property and their families." The one-hour segment will be aired periodically on Channel 8 through Wednesday. The mayor's address, which charged that the councilmen want to hurt his re-election bid in

1993, was shown through Sunday. On Friday, Artley sald the councilmen want to place \$260,000 in escrow for the Nankin Transit hus system because many homebound people, such as the handicapped and elderly, depend on its door-to-door service for trips to their doctor's offsice and the grocery store. Drama or comedy? City council to make TV debut

It may not be as humorous as "The Simpsons" or as dramatic as "LA. Law." Then again, maybe.

The sometimes-tumultuous Westland City Council meetings will premiere in coming months - possibly as early as April - on Westland cable Channel 8.

Some of the stars, such as Mayor Robert Thomas, may seem familiar. Thomas has been featured on live

call-in programs and has used the channel to pound his opponents.

But there will be new faces, as well, as citizens bring their complaints about taxes, land developers and other issues to the council, which conducts its meetings in City Hall, on Ford east of Newburgh.

"We're going to give the citizens who can't come to the council meetings an opportunity to see what goes on," said Channel 8 director Diane

Meanwhile, Syltkovich expects toreceive word about the Gibraltar job. sometime after Thanksgiving Day, Gibraltar officials have said they want their new superintendent on the job in late January.

In another development, Raisanen suggested that the board send out surveys to the district's employees to determine what qualities they want in a new superintendent. O'Neill, a 31-year district employee who has been superintendent for 71/2 years, plans to retire amid pressure from Kozorosky-Wiacek, Welty, Raisanen and Warmbier. Raisanen had suggested during her successful board campaign in June that O'Neill should be fired.

school and PTA officials will have held a workshop at each of the district's elementaries.

In the one-hour workshop, parents ate given basic information on AIDS and told what is contained in the district's AIDS curriculum.

"We tell its impact on child and family." Paddison said. "We tell parents that a person with AIDS should get the same kind of support a person would get who had cancer."

Paddison expects the workshops will take on new importance as parents try to answer questions that have arisen since Magic Johnson's disclosure.

MANY PARENTS still believe the disease is not of concern to them, Paddison said.

They say, 'I'm not at risk, someone else is, so why worry about it'. But it's not who you are, it's what you do. It's whether you're putting

Council meetings to air on cable

The acting may be lousy. Then again, some council watchdogs predict that council members and administration officials will be on their best behavior on television -

at least until they've settled into their new roles. In a unanimous decision, the council last week decided to take the TV

plunge. To make it happen, the city will spend an estimated \$100,000 for studio equipment.

IN A recent session, Councilman

Thomas Artley quipped that he's enthusiastic about the council meetings being shown next year. Artley steps down Dec. 31, following his defeat in the Nov. 5 election.

The council cast will include President Thomas Brown and members Charles Pickering, Sandra Cicirelli, Terri Reighard-Johnson and Kenneth Mehl, Cast additions will include Sharon Scott and Glenn Anderson, recently elected to terms that begin Jan. 1.

Initially, council meetings will be taped for later showings, though Abbott hopes the sessions eventually will be aired live.

Caterers 'talk turkey' and more for holiday

By Alleen Wingblad special writer

> F THE THOUGHT of preparing the Thanksgiving bird and all the trimmings has your feathers tuf:

This month's traditional holiday feast has caterers, "talking turkey" - and ready to take your dinner dilemmas under their (ahem) wings.

Whether you might need an entire multi-course dinner, a prepared main course or sidedish, or simply an appetizer or dessert, a hassle-free answer from any of a number of area catering services is but a phone call

"Thanksgiving is definitely the most American of all: meals and it is America's favorite meal," said Peter Goatley, co-owner with his wife Suzanne of Peter's Palate Pleaser in Bloomfield Township.

"Also, it's the only day of the year when most people. are eating just about the same thing coast to coast," he said, adding that the down-home, traditional style of food that people "remember from their childhoods" is what most folks are yearning for at the holiday dining

YET DESPITE our common cravings, culinary professionals agree, today's hurried lifestyles leave little time for extensive meal preparation and can keep people'longing for the holiday tastes of yesteryear.

Nils Johannson, owner of Bowman's Catering in Berkley, which has serviced the metro area for almost 60 years, said it's "Grandma's cooking" that we're af-

"The homestyle, 'comfort food' is what we want. . . but today's generation is too busy making a living to have time to get it together.

"Back in Grandma's day, she'd start two or three days ahead, working in the kitchen and preparing the food. Mom doesn't want to stay home doing that, and with more and more families going to the (Thanksgiving) parade, football games and other events, who is going to cook?" he said.

Enter the ease and convenience of catered food, said Johannson. It's not uncommon for people to place an order beforehand, head out to the parade or stadium, and pick up the turkey and stuffing or whatever on the

"In fact, last year we had one family who called and ordered one turkey dinner package along with an extra prepared turkey. That was fine and all, but seemed a bit unusual, so we asked them why they would need an extra turkey. Apparently, the year before the family had eaten all the turkey on the way home.

"So they needed one turkey for the ride home and another for dinnertime," he said.

ANOTHER REASON holiday catering is becoming more popular, agree caterers, is that the techniques

and recipes for preparing family favorites aren't being passed down anymore.

"It amazes me the number of people every year who order just gravy, for instance," said Bowman.

"They know what they want, but they just aren't sure how to do it. They might have tried it a few times but just weren't satisfied. There are certain techniques and temperatures and all to making a good gravy," he adds. Goatley of Peter's Palate Pleaser concurs. "People

just don't know how to cook anymore. The experience of a mother teaching her daughter just isn'f there. If the mother doesn't cook, how is the daughter to learn? It's a dying art. . . . you are going to see more and more restaurants and professionals taking over the job. It's a great business, well, we all have to eat," said Goatley.

Farmington Hills caterer Janis Levin-Gorelick, owner of Classic Cuisine which operates out of the Birmingham Temple, puts it bluntly: "It's not only that women don't plan the meal anymore. They don't know

That, along with more and more men taking the responsibility of holiday entertaining even though they "can't be bothered with all the food preparation" is certainly helping the catering business along, said Lev-

"My motto is 'Be a Guest at Your Own Party,' " she said, adding that her business runs the gamut of service.

"I'm a custom caterer. I have no preset packages," Levin-Gorelick said. I take a look at what a customer needs, how many are coming to the dinner and the budget of the customer. Then, I design the menu to fit their needs. Anything goes."

And that includes orders that aren't complete without a hint of secrecy, according to Levin-Gorelick.

"Sometimes, people will order something very traditional and bring in their own dishes or ple pans or what have you and have me fill it up. That way, they can pass it off as their own. That's pretty standard with most caterers. It happens often enough, but I never tell."

So just how much will a catered holiday meal cost? Prices, styles and selections vary from business to business, of course. While Levin-Gorelick creates an order around one's budget, a traditional turkey dinner package from Bowman's, complete with a 12 pound turkey, two quarts of sage dressing, two quarts of giblet gravy and a pumpkin pie runs \$49. The ever-popular giblet gravy, at \$3 per quart, is available on its own, as are a host of other entrees and accompaniments.

Caterers also accommodate smaller groups. Peter's Palate Pleaser offers a "Single Turkey Dinner" enough for two average appetites - for \$10.95. The order comes with both breast and dark meat, gravy, mashed sweet potatoes, herb bread stuffing and cranberry relish. An extensive a la carte menu is available

So, if you find yourself unprepared, unwilling or unable to get your meal together this Thanksgiving, don't be a turkey. Call a caterer.

Gibson School offers new learning center

The Gibson School in Redford Township has added a full- and part-time Early Childhood Learning Center.

Gibson School, a leader in the education of gifted children for the past 20 years, will offer a professionally staffed and state-licensed Learning Center as part of its early childhood education program. The school is open to western Wayne County youngsters.

The Learning Center is on the campus of Gibson School, 12925 Fenton one block south of I-96 and four

blocks west of Telegraph.

THE CENTER is open 7 a.m. to 6 p.m. Monday through Friday and is accepting students ages 214-5 regardless of race, color, religion, national or ethnic ori-"Next year marks the 20th anniversary of the found-

ing of Gibson School," siad director Sandra Watts. "The addition of an Early Childhood Education Learnign Center in a quality environment is only one of many unique educational benefits offered by this outstanding school."

Gibson School was founded by educator Walter Gibson in 1972. The private educational institution with enrollment from prekindergarten through middle school is a non-profit coeducational day school serving gifted people from the greater Detroit area.

Along with the staple curriculum of math, social studies and English, all students at Gibson (even the youngest) are exposed to French, music, computers, library science, physical education, art and science.

BUT IT IS the non-traditional academic environment in which school staff and officials take pride, said

The classes are nongraded, with students clustered by age and ability rather than by grade. Gibson teachers encourage each student to progress at his or her own rate while participating in all classes. The small class size provides opportunities for coop-

erative learning, problem solving and group decision making. Gibson provides its students with an intellectual peer group while maintaining a sense of social responsibility and respect for others.

Gibson's approach is more than mere acceleration of skills or grade level accomplishments. The faculty works to broaden and deepen the student's academic experience thorugh hands on activities and the continuous exchange of ideas.

Gibson draws from about 20 communities. Many of the school's graduates go on to attend Catholic Central High in Redford, Mercy High in Farmington Hills, and Cranbrook High in Bloomfield or are accepted into honors programs in public high schools. After high school many attend University of Michigan and other prestigious universities, said Watts.

Applications still are being taken for the 1991-92 school year in both the gifted program and the Early Childhood Education Learning Center. For information, call 537-8688. Financial aid is available.

Visiting Chinese activist calls communist rule a 'paper tiger'

In a strong show of support and concern for Chinese human rights issues, close to 700 people from all over the metropolitan area and beyond turned out recently to hear Professor Fang Li Zhi speak on "Chlna in the Communist World."

Held at a suburban college center, the program - presented by the action group Human Rights for China (HRC) - drew a capacity crowd who shared insights and ideas relating to the current social and political climates in China.

Fang, internationally known author, scientist and rights activist, was frequently applauded during the evening as he promoted the "democratization" of China and doomed its present Communistic rule to certain

Ballpark bill passes with strong local support

By Wayne Peal staff writer

By Christmas, Wayne County voters should know whether they will vote on a new Tiger Stadium.

Stadium plans passed the state House last week by a heavy margin. Now, the issue moves to the state Senate.

"We're expecting something before Christmas," sald Michael Duggan, deputy Wayne County executive, who is heading the county stadi-

If the Senate approves, county voters could vote on the stadium package as soon as March.

Local House members were solidly behind the proposal during Wednesday's vote.

Bill of Rights a big draw

More than 28,000 people viewed the Bill of Rights during the five-day exhibit at Cobo Arena.

Richard Lee Grant of Redford Township visited the show Saturday with his wife, Margaret. Richard Grant, a sixth-grade teacher at Farmington Elementary School in Garden City, toured the exhibit wearing the Bill of Rights T-shirt he designed to commemorate the bicentennial celebration he is planning for his students.

"So many people don't realize the importance of the Bill of Rights," Grant said. "James Madison and Thomas Jefferson knew that without this document, we wouldn't even have the right to view this exhibit today. Seeing this document is the highlight of a lifetime.".

Susan Geisler, a fifth-grade teacher who brought a group of students from Jane Addams Elementary School in Royal Oak to see the exhibit, said, "I'm so thrilled. We've been, studying the Bill of Rights since September. This exhibit has been a real motivational factor for us. This is what teaching is all about."

Ralph Liberato volunteered his time as a tour guide at the Bill of Rights exhibit and was overwhelmed by the reaction he saw from visitors of all ages.

"This exhibit is creating awareness and bringing an important piece of history to the American people.

Crowds in Detroit far exceeded the organizers projections, said Mary A. Taylor, director of special projects of Philip Morris Companies

The Bill of Rights was ratified on Dec. 15, 1791, and celebrates its 200th anniversary this year.

City joined with Republicans Lyn Bankes of Livonia and Georgina proving the measure. John Bennett, D-Redford and James Kosteva, D-Canton were absent.

The 63-42 vote included 19 votes from Republicans.

"WHAT PLEASED us most was that is was a bi-partisan vote," Duggan said.

Other suburban Republicans who supported the proposal included Barbara Dobb of West Bloomfield, Jan-Dolan of Farmington Hills and John Jamian of Birmingham. Among Oakalnd County Republicans, only Gor-

"We're not taking anything for granted," he said.

The Tiger Stadium Fan Club, the major group opposed to the stadium plan, also expects to be active in the days leading to the Senate vote.

"We are trying to make senators aware of the Heartland Foundation report," said fan club member William Dow, of Birmingham. The report, issued by the midwestern think . tank, is critical of using public mon-

ey to finance stadiums.

The fan club also plans to present Its case before area business leaders, Dow said.

Duggan, however, believes the county proposal already has solid support from the business communi-

An alternate financing plan proposed by county Commission chairman Arthur Blackwell, D-Detroit, would cut county property taxes by 20 percent and add a 1 percent county sales tax to finance the stadium as well as select social services.

"This is a method to replace lost revenue and is a self-help to our own cause," Blackwell said.

But Duggan said that plan won't be incorporated in the plan before the state Senate.

Fan club members are calling for an alternate vote. Under a proposal they presented to the Detroit City Council, city voters would have a say on letting the ballclub out of its stadium lease.

That proposal hadn't been approved by the city council as of Thursday, and Dow said he was uncertain whether it would be approved.

Taking a look at the newspaper business

AMERICA'S NEWSPAPERS are changing the way they do business as they battle the most severe advertising slump in a half-century, struggle to retain readers and look for new ways to boost circulation.

"Newspapers have to become more relevant and more local so there's a compelling need to read them," said Cathleen Black, president of the American Newspaper, Publishers Association. "Frankly, it's long overdue."

Concerns confronting newspapers go beyond declining advertising revenue, which cause layoffs, hiring freezes and employee buyouts.

According to statistics, half the American population, particularly young people, don't read a newspaper every day. This is partly due to a time crunch among two-income

families who say they are inundated with reading material.

Sweeping changes may be in store for newspapers as they try to decide what they are, in what direction they're headed and what their readers want them to be.

BIG CITY newspapers are pushing harder in the suburbs where the people and the economy have gone. But, at least in the Detroit area, the dailies fall short when it comes to local suburban reporting.

Readers in a number of cities are influencing the kind of stories that appear in their newspapers. It's part of a movement to make papers more relevant to consumers.

Battle plan to turn over state parks

To the editor:

By the time you are aware, it could be too late.

The state park lands, which belong to you, are in danger of being "given away" by Gov. Engler and his Menchpersons in order to cover the debts of the state of Michigan, which people on his level have created. At

your expense. . This means that your park lands and those of us who care for them, and you, are being "dumped" to make up for governmental mistakes and improper use of your tax dol-

Rochester-Utica park land is being given away. Other parks will

Fifty or more of your park managers are being deleted or moved about like "map tacks" without consideration of family, dual income circumstances, personal feelings or anything at all.

The loyalty and pride that went with the dedication and dirt of being a park employee have now been reduced to shock and humiliation by our own "Chiefs," in whom we trusted. No more.

THE PROTECTED lands and their protectors are being regarded as a financial nuisance your Governor can delete in order to balance the state budget.

For the sake of the environment,

the sake of yourselves and your children . . . don't let this happen!

Only you can stop it now. If the people do not speak up, those in higher offices have already decided for you. And if you are not paying attention, it will be forever too late.

On the state level, the obvious guilty parties would seem to be Gov. Engler, R. Harmes (DNR director) and R. Harding (Parks director hired from out of state, less than two months ago.)

Are you really willing to give up your state protected lands just because Engler wants it on his record that he erased the state deficit?

There are other ways. Starting at the top. With the ones who never see you or care about you. Those that receive top dollar and indulge themselves at your expense.

AND THEY don't need state parks, because they have their own private places, also at you expense.

So they can afford to turn up their noses and take away your affordable parks. And leave you nothing.

The first public hearing having to do with giving away your park lands, and it will be the only one for Rochester-Utica, will take place: 1-5 p.m. and 6-8 p.m. Dec. 5, 1991, Precinct No. 5 Building, Rochester Hills,

Written comments will be considered until Dec. 27, 1991 (deadline): Parks Division Michigan Department of Natural

Resources P.O. Box 30028 Lansing, 48909

After which time, all of Rochester-Utica State Park (including Bloomer, Utica, the gun and archery range and the park offices will be

given to local governments. And they will no longer be under state protection, or run by trained career people who are state employees.

Unless you prevent it. Top level officials cannot even properly manage State funds, so the plan seems to be to make up for their incompetence by taking even more from you. To them, you aren't even "map tacks." You are nothing.

Don't drink and drive

I am writing to you in behalf of all the people who have lost a loved one to a drunk driver. In the past several days, we have

been inudated and completely educated about AIDS. The country needed to be made aware of the tragedy this deadly disease can cause. The saddest part about this disease, as with several types of cancer and heart diseases, is that there are no

The statistic show that heart disease killed one million in 1990, cancer killed 510,000. Aids in the past 10 years has killed 126,000. Drunk drivers have killed 228,000 people in the same 10 years.

The saddest part about this is that their is a cure for drunk driving. Simple — so simple — do not drink and drive. Have a designated driver. Common sense. We desparately need to get this message across to people, now before we lose more loved ones and cause more permanent disabili-

NIGHTLY WE see on the news tragedies - but seldom do we see anything pertaining to drunk drivers. Deaths by gunshots are all over the screen and papers, yet last year in Oakland County deaths caused by drunk drivers were 55 and by gunshot were 31. Why don't we make society aware of deaths that are caused by something we can contol?

MADD has done an excellent job of trying to educate the public. I see more and more alcohol manufacturers putting out non-alcoholic beer and running commercials about drinking responsibly. But we need more - we need a national hero to sponsor our cause, but then that could never work out it - because to be killed by a drunk driver would be too late for them to promote our cause. Sorry don't mean to be sarcastic but it's the truth.

My step-son was killed last year by a drunk driver, who is still out and about enjoying his life, while half of our life has been taken away. This is a 48-year-old man who knew better not to drink and drive. My step-son and his friends had been to a party, but they had assigned a designated driver. My step-son, for all his precautions, is dead; the designated driver and two other passengers still are suffering physical and emotional disabilities due to the crash that should have never happened in the first place.

With the holiday season fast approaching all I am asking for is that the news media send out a message loud and clear - don't drink and drive - please, I couldn't bear to lose another loved one.

Motor oil recycling gets boost

By Wayne Peal staff writer

There are now more places to recycle motor oll.

Amoco Oll Co. announced this week it would begin accepting used motor oil at some stations in Wayne and Oakland counties.

People may drop off up to five gallons of used motor oil in sealed containers. No purchase is neces-

Local motor oil recycling is an expansion of a company program operating in Chicago, St. Louis and central Illinois, as well as Florida, Maryland and Virginia.

"The metro-area program was announced Wednesday in Livonia during a program featuring Gov. John it's going to be picked up by inde-pendent contractors," Amoco spokesman Walt Brown said. "But used motor oil can be used for a number of petroleum-based products, even fuel,"

"IT'S A little hard to say because

SC-Radcliff seeks lots of parking

By Brian Lysaght staff writer

If you need an indication of enrollment at Schoolcraft College's Radcliff Center, check the parking lot. Weekday evenings especially,

parking spaces are at a premium. "It's like being at a shopping mall at Christmas time," said college spokeswoman Sandra Florek.

College officials have a plan to Improve the situation at the Garden City campus by next fall. They are awaiting a decision from the Garden City school board on the college's proposal to buy four acres of school district property adjacent to Rad-cliff for \$90,000. If approved, the campus will add 150 new parking places to the current 700 by next fall, said college business services vice president Adelard Raby III.

The school board is not likely to take up the proposal for a month.

"There are not any significant disagreements between our side and Schoolcraft's representatives," said Garden City Schools Supterintendent

Michael Wilmot. He said school attorneys and administrators will be reviewing Schoolcraft's proposal for 3-4 weeks.

THE PROPERTY IS south of the campus and adjacent to the Garden City Schools administration building, on Radeliff south of Ford Road.

The parking situation is the down side of enrollment gains at Radcliff this year. The fall semester student head count is nine percent above last fall's. About 4,500 students attend Radcliff, said Edwynna Dansby, dean of college centers.

Schoolcraft has traditionally seen enrollment boosts during economic recessions. Students return to school as an option to sluggish job market. Fall enrollment is up at the college's Livonia campus as well.

For the last two years, Radcliff has leased classroom space at the adjacent Garden City Junior High School, Dansby said. College classes are held at the junior high four nights a week, she said.

Enrollment in Radcliff's criminal

justice program has doubled in three years, she said. The program includes training classes for police officers, reserves and fire fighters.

THERE ARE NO PLANS to expand the Radcliff Center, said Dans-

"That's the kind of thing we're always studying, but nothing has been presented to our board of trustees,"

Radcliff offers some classes in the criminal justice and medical programs exclusively. It also has business and liberal arts classes offered at the Livonia campus. Radcliff draws most of its students from Livonia, Westland and Garden City, Dansby said.

Raby said Radcliff added 150 spaces about two years ago. A parking survey this fall showed parking running at capacity, he said.

"Radcliff just grew faster than we had anticipated," Raby said, adding that parking in the Livonia campus is adequate.

He said that if Garden City

'It's like being at a shopping mall at Christmas time.'

Schools approves the purchase agreement, Schoolcraft will hire an engineering firm to plan the project. Paving would be done this summer. The project cost is estimated to be \$350 per space, or \$52,500, Raby sald.

Eventually, another 150 spaces would be added on the four acres, Raby said.

Championship-bound CC nips King

Shamrocks divine in overtime, 10-7

By Steve Kowalski staff writer

With the Rev. Ed Donoher saying the rosary behind one end zone and student manager Pete Jackson standing behind the other, with hands raised like Jesus Christ, Redford Catholic Central couldn't lose Saturday afternoon.

Placekicker Kerry Zavagnin answered Father Donoher's prayers when he buried a 27-yard field goalin overtime to defeat Detroit Martin Luther King 10.7 in a thrilling Class AA semifinal playoff game played at Mount Clemens Chippewa Valley.

Donoher spent the game pacing and praying behind the end zone by himself as he usually does at CC games. Jackson stood behind the other end zone for Zavagnin's winning kick, making like the now-famous eye-catching mural (on the Hesburgh Library) hovering behind Notre Dame's football stadium known as "Touchdown Jesus."

Zavagnin's a big Notre Dame fan and he asked that one of CC's student managers on the sidelines stand behind the goal post for his winning kick, with hands raised like the

"Pete Jackson was standing behind the goal posts, pretending to be Him and 'Touchdown Jesus' helped the ball go through the uprights," said Zavagnin, who had enough distance but was wide-right on a 40yard field goal attempt in the first quarter. "Honestly, I can say I didn't feel any (pressure). I was calm out? there. If I do what I do every day it's going to go in."

ZAVAGNIN'S FIELD goal capped an emotional CC rally and sends the Shamrocks into Saturday's Class AA

last year's championship. CC, 11-1 overall, meets Saginaw Arthur Hill at 1 p.m. Saturday at the Pontiac

Arthur Hill, 10-2 overall, beat Adrian, 29-0, in the other semifinal

The CC comeback was an overwhelming experience even for the normally-subdued coach Tom Mach, who raced onto the field like a kid afterwards to hug anyone in sight. The overtime game was the first for CC since a 1987 playoff win over Birmingham Brother Rice.

"I was a kid again," Mach said. "I don't think the kids were any happier than the coaching staff. I never hugged so many people in my life. The fact the game was so hardfought made the victory so much nicer. The field goal team showed a lot of poise. Kerry is a tremendous kicker and he's a real competitor."

The loss ended King's season at 10-3 overall. King enjoyed a 7-0 halftime lead but allowed a fourth quarter CC touchdown and then lost a fumble on its only series in OT, prior to Zavagnin's winning field goal.

Of King's four losses during the last two years, three have come to CC. Coach James Reynolds, who has taken King to the state final two of the last three years without winning, said this loss didn't hurt more than any other.

"THEY'RE ALL, the same when you lose," Reynolds said. "The kids played about as well as they can play today. It was about as even as you can get, it just came down to fumbling the ball - and that happens. I hope they win it (the championship) again."

King had the ball first in OT, given

title game as they will try to defend four downs to score from the CC 10yard line. The Crusaders gained seven yards on the first two plays from scrimmage, but on third down, Brett Walter and Frank Yoakam caused King tailback Gregory Scott to fumble and the ball was picked up by CC lineman Jason Krueger.

Krueger, who earlier recorded a solo sack and combined with teammates Dan Kelly and Dave Bruhowzki on another, cradled the errant ball like a baby.

"I said to myself 'No one's getting it' and just got on the ball," Krueger

"We said 'Right here, defense wins championships." Kelly said. "We all came together and did it. It was a

CC elected to send Zavagnin on the field on its first offensive play in OT, not wanting to risk a fumble.

Zavagnin also played a key role in the fourth quarter after CC scored on Jeff Tibaldi's 2-yard run with 9:21 remaining. CC was called for a personal foul penalty after the TD, forcing Zavagnin to kick his extra point from 35 yards out instead of the conventional 20.

BUT ZAVAGNIN had no problem with the kick, splitting the uprights with plenty of room to spare and forcing OT tied at 7-7. The Shamrocks drove 57 yards on 11 plays for its only TD, with the big play being Matt Roney's 15-yard reception that brought the ball down to King's 15.

CC's Joe Lopez recovered a King fumble late in the fourth quarter at the Crusaders' 48, but the Shamrocks gave the ball back when Tibaldi fumbled at King's 35.

Can Lady Ocelots repeat '88?

staff writer

In comparison to its previous campaigns, this season has been up and down for Schoolcraft College's volleyball team.

Coach Tom Teeters believes the Lady Ocelots are headed up at present, and at the best of times — as they head into the NJCAA Tournament.

The 16-team event starts at Miami-Dade CC today with four four-team pools. Teams will play three games against every opponent in their pool (nine games total); the top two teams advance to the best-of-three games double-elimination round on Tuesday. Semifinals and finals (both best-offive) will be Wednesday.

Teeters, whose SC teams have now qualified for six NJCAA tourneys in seven seasons, can remember a team seeded in the bottom eight (nine through 16) of the tournament, surviving pool play only once. The Ocelots are seeded ninth.

That's the bad news. The good is the one lowseeded team that did advance was SC, seeded ninth back in '85. The Ocelots finished fifth that

"They always underestimate us," said Teeters. "In five of the six times we've been there, we've finished better than we were seeded."

Included in that total is an NJCAA champion-

volleyball

DUPLICATING THAT will be difficult, but Teeters refuses to discount his team's chances. "We're confident," he said. "We feel we can beat any team there.'

They'll have to, right from the start. If the Ocelots (39-10 for the season) can survive pool play, it will be an accomplishment. Others in their pool are No. 1-ranked Miami-Dade Wolfson (63-0 record), No. 8 Kankakee (III.) CC (43-2) and No. 16 Rochester (N.Y.) CC.

SC opens against Kankakee; the two teams met earlier this season at the Schoolcraft Invitational Oct. 5. The Ocelots prevailed 15-12, 15-13, but a repeat will be a challenge - one Teeters believes must be met.

"That will be a key match for us," he said. "We need to take at least two games from them."

Teeters also hopes to win at least one game with Wolfson, which beat SC at SC's tournament, Should the Ocelots accomplish both, they should advance. An advantage if they do move on is they with the paired against anyone from their pool (like Wolfson) in their first double-elimination match, which should help.

BUT THAT isn't SC's biggest advantage, said Teeters. Overall improvement will be the Ocelots' best ally.

"Everyone's healthy and playing quite well," he said. Mid-season injuries to setters Keli Haeger and Nancý Ehlert nearly cost SC any hopes for another trip to the NJCAAs. But both have fully recovered; indeed, Teeters said Haeger "has improved immensely as a setter.

She's one of the best in the state."

There's no underestimating her importance, particularly on a team that relies on the power of hitters Kari Van Deusen and Renea Bonser. If SC is to make a run at the title, they must hit well.

Teeters has boosted their potential by adjusting the point of attack. He has moved Van Deusen surther outside, forcing the opposing defense to either adjust by shifting its middle blocker over to that side to set up a double-block or try and single-block.

All of this hinges, of course, on the Occloss' ability to set. Teeters thinks their hopes depend upon "putting the ball away, hitting-wise. We usually need a lot of attacks to put one away." If SC's hitters are on target, the team could go a

period, but outscored the Eagles 5-1 in the second period.

Lakeland's Ryan Faron tied it at 5.5 in the third, but Jeremy Klosowski tallied the game-winner from Mike Nutting and Rick Bernard with only 1:21 remaining.

Brothers Dom and Darren Catanzarite also scored goals for Franklin.

Right winger Shane Hastings collected four assists, while Bernard added two. Other assists went to Joe Leheup, Joe O'Connell and Bryan Berger.

Franklin advances into regional

Livonia Franklin apparently has had its fill of

district girls basketball championships. For the fourth straight year, the Patriots hoistd another district plaque after Friday's 60-44 victory over Westland John Glenn in the Class A final at the new Garden City gymnasium.

But tonight, Franklin (17-5 overall) faces anther major hurdle in the regional when it takes on Detroit Murray-Wright, one of the state's topranked teams, (Game time is 6 at Dearborn Edsel Ford.)

"This (title) is nice for the seniors, particularly Patty (Shea), Dawn (Warner) and Wendy (Rynkiewicz) who have been a part of all four districts," Franklin coach Dan Freeman said. "This Is one of our goals for the year, but it's not the only goal."

Murray-Wright beat Franklin in last year's regional opener at Southfield, 70-55, and the Patriots will again be the underdog against the Detroit Public School League champs.

"We stayed with them for 314 quarters last year," Freeman said. "We'll make some adjustments from last year's game. We'll try to prepare with that game in mind. We got into trouble last year when we didn't stay in our game plan."

THE PATRIOTS ran their overall season record to 17.5 with the victory over Glenn.

Once again it was Warner, the 5-foot-7 senior guard, who paced the victory. She led all scorers with 31 points (on 10 of 23 shooting) to go along with eight rebounds, five assists and five steals.

Starters Karen Potempa and Shea added eight' and six, respectively.

Franklin got off to a quick start, grabbing a 20-

girls basketball

10 first-quarter lead as the Patriots hit nine of their first 14 shots.

They maintained that 10-point advantage at intermission, 30.20.

"The key is that we wanted to stop Carrie Rachwal (Glenn's senior guard)," Freeman said. "Even though she (Rachwal) had five free throws and one bucket in the first half, I thought Patty (Shea) did a nice job defending her and taking her out of her rhythm."

Rachwal, a converted point-guard, finished with a team-high 15 points, but no other Rocket scored in double figures.

Freeman was also concerned about stopping Glenn's inside threat, 5.9 senior Pam Dixon, who was held to seven points.

"We really felt stopping Rachwal was the first key and we wanted to stop Dixon because we know she can bull her way around in there," Freeman said, "We did good job of getting in front of her."

GLENN CUT the deficit to nine, 41-32, after three quarters, but any momentum the Rockets enjoyed going into the final period was quickly erased on the opening in-bounds play to start the

uncontested for a layup. The Patriots wound up scoring nine

unanswered points to put the game out of reach. "That was a big, big bucket at that time in terms of the spread," Freeman said. "The same

thing happened to us in the first half. They (the officials) gave them the ball when we came out late, and they got a scoring opportunity out of it. This time Myryah (Shea) asked for the ball. We were kind of looking for it."

Glenn coach Pat Bennett, whose team finished 12-11 overall, had no excuses for the late arrival on the floor.

"They (Franklin) came on strong late when we got a little tired," said the Glenn coach. "They were able to spread it out and we continued to make turnovers. If it had been a two-point game, it might have been bigger. It didn't help, that's

The Rockets committed 22 turnovers and shot only 31.8 percent from the floor (16 for 51).

"ALL IN ALL I was pleased with the defense," Freeman said. "We did an adequate job despite the size difference."

Bennett said the Franklin girls believe they're

"They carry themselves with confidence and it's beaming on the floor," he said. "They have that look of determination and confidence, as well as athleticism and experience.

"We were not quick afoot and as a result we had to resort to a lot of zone defenses. But being injury-riddled as we were this season, and as tough as the Western Lakes is as a league, 12-11

is a commendable record." The Patriots, meanwhile, could earn some commendations of their own with a victory tonight over Murray-Wright.

BSERVERLAND HAD 10 players on the first three Class A all-state teams, so it's no surprise the 1991 all-area squad resembles the allstate honor roll.

The best team in the state is Livonia Stevenson, which captured the Class A championship, and the Spartans have the best player in Travis Roy, who was named Mr. Soccer.

Mike Gentile, senior, Churchill: Gentile was Churchill's leading scorer with 14 goals and 11 assists. He had 45 goals and 40 assists during his varsity career. Gentile, who also played halfback, was on the All-WLAA first team and has played for the national age-group team.

"He did better in the midfield, havingthe opportunity to face the goal and take players on at speed," Churchill coach Mark Mason sald. "He didn't have to take a lot of time to turn and beat people. He could find the open spaces and create opportunities with his ability to beat people one-on-one."

John Truskowski, senior, Salem: Truskowski was the leading scorer for Salem, registering 17 goals and 21 assists. The Rocks upset Churchill in the district final and lost to Stevenson in the regional. He had 24 goals and 31 assists in his career. Truskowski was a two-year starter and member of the All-WLAA team this

"John was always double teamed by the opposition, but he still scored his points," Salem coach Ken Johnson sald. 'John is a very fast runner who gave 100 percent in every game."

Mike Glese, Junior, Farmington: Giese was the top offensive threat on his team, scoring 20 goals and getting nine assists. He was an All-WLAA selection.

"Mike is one of the best forwards, not just in our league but in the entire state," Farmington coach Luke Juncal said. "He has tremendous speed, good ball control and can shoot with both feet.

"He cas score on any defense and it usually takes two players to keep him from scoring. I haven't seen another player take the pushing and pounding Mike has. All the other teams know him and want to stop him."

Travis Roy, senior, Stevenson: Roy, the top player in the state, scored 17 goals and had 13 assists this year. He had career totals of 30 and 35, respectively. Roy is a three-time Observerland selection and was named the Stevenson MVP this year. He has played on Olympic Development state and regional teams for

regular, some people normally have less than that. Constipation usually is a result of a slow contraction of the colon muscle which causes the stool to become hard and solid and difficult to evacuate. Constipation can be associated with a variety of conditions some of which could be important and even serious, sometimes constipation can be associated with diverticulosis where pouches form in the colonic wall, when these get inflamed it becomes more serious and requires medical attention and treatment. Constipation is not by itself a threat to health, a variety of factors may play a role in provoking constipation such as stress, poor diet, lack of liquid and exercise, pregnancy and even resisting the urge to move the bowel and medications such as antidepressants and tranquilizers. Chemical stimulant laxative can be also a factor in aggravating constipation, management of the constipation effectively include a natural bulk and high fiber in the diet contents and plenty of fluids. Remember to report any significant changes in the bowel movement habits to your physician so that the diagnosis can be made and management will be planned.

How do you know that the pain you feel today, if not "normal," is at least to be expected? The judgement is difficult because arthritis is notorious for giving you "bad" days, when you can't move, and then follow it with "good" days when you can't be stopped. Furthermore, during a "bad" day, you often feel that tomorrow

However, there are clues that the present discomfort may not go away. First is your intuition. You have lived with your arthritis for a long time, and something within you likely will sense that this pain is different.

Second is the pattern of your pain. If you have experienced 24 hours of knee pain in the past, and the present flare is going into 36 hours, you can take that difference as an Indication this pain needs altention.

Third you have your doctor. If a pain is different, and you are undecided if you should come in early, call your doctor and present the dilemma to him. He may ask you questions that will clarify if immediate action is indicated.

The Lady Crusaders trailed 35-28 at the intermission, still within striking distance. But for the first 10 minutes of the second half, they couldn't strike anything — they scored just four points in that span and never could recover, losing 71-49.

"We came out in the second half and couldn't hit a shot," said Potter, whose team is still looking for its first win (0-2 officially). "We went cold, completely cold."

Majestic music? Not quite Crush

staff writer

This was a sensory overload. Here, Majesty Crush is set to perform on an alternative night at a Windsor club, a night spot bedecked with a shiny dance floor, flashing neon lights and clean restrooms.

On a given night, expected are well-dressed people seeking to rile passions in their otherwise placid lives, eyeing members of the opposite sex, slugging down domestic beer with no repute and generally being well-behaved in this controlled environment.

What better a place to have the meaning of alternative to be truly defined? May Majesty Crush be in. the dictionary.

"And turn off these Christmas tree lights," demands lead vocalist David Stroughter pointing to the small white lights on the stairs leading to the stage. He was successful in getting overhead strobes off the dance floor and wanted the atmosphere to be complete.

. Then the lithe singer orders the majority of the audience sitting comfortably at tables to come to the front. Only a few daring souls heed the call.

This only further infuriates Strongher, who spews out a few invectives designed to elicit some response out of the dour looking bunch. "What do you think this is? Chi Chi's and you're waiting for your

NONE OF this is mild salsa. Stroughter's anger is as real as a mouthful of jalapeno peppers, which might describe Majesty Crush as a whole.

chips?," Stroughter screams.

"We're horrible actors," bassist Hobey Echlin said later.

The band launches into a nearly hourlong set that was splendid and yet daunting at the same time. Which is what rock'n'roll is sup-

posed to be about, isn't it? Somewhat confusing, brimming with sexuality, teetering on self-destruction, confrontational and, overall, a blissful retreat from mundane life? Sure it is. Unfortunately, such traditions have been left to only a

handful of bands to uphold in this area under the vague auspices of alternative. Majesty Crush adheres to this belief by not adhering to anything in its

short, 132 year ascent in local music

Along with Stroughter, the band features fellow Southfield High School grads drummer Odell Nails and guitarist Michael Segal. Echlin mans the bass. Majesty Crush has gained a core following with its dissonant, groove-based symphony of nirvanic music. The band has a 7inch single featuring sexual yearns ings of "Sunny Pie" with a stirring tribute to Italian porn star/politico "Cicciolina" on the flipside.

"SEX OR a lack of sex probably has to do with my preoccupation with it," Stroughter said.

Also, opening for the likes of Mazzy Star, Jesus Jones, Julian Cope and Laughing Hyenas hasn't hurt the band's reputation either.

"Personally, our goal and my goal was to make music that had nothing to do with the city as to the legacy of music that's been here," Segal said. "Not necessarily Motown and Iggy" and the Stooges and MC5, which I like. I'm talking about the bar bands, the horrible Hamtramek bands that have existed forever who can't get out and are content to play there.

"Our goal was to make music about us as a people that had no preconceptions. I don't think we sound like any other band in the city and I am proud of that."

Unlike many groups, Majesty Crush's virulent sound underscores an urban tension that pervades this area as a whole.

This is partly due to Segal's guitar-crected visceral wall for Stroughter to compose his poetry with Echlin's bass lines providing the swirling strokes and Nails' syncopated drumming furnishing the punctuation.

ECHLIN ALSO credits influences of everything from speed metal to hip-hop for part of the tautness.

Segal offers another reason. "I think as people that might be in us, the tension," Segal said. "There is tension among us as people. We are very different.'

Different, perhaps, but all share a common musical vision of anything goes. Echlin and Nails performed with Spahn Ranch and the drummer was classmates with Stroughter.

After auditioning several guitarists, Stroughter and Nails went to Play It Again Records and asked

Members of Majesty Crush include Hobey Echlin on bass, David Stroughter as lead

Segal on guitar.

Segal if he wanted to join. Initially, Segal was reluctant. He had never played in a band and worried about his lack of technique. Also, of his two guitars; one only had three strings. Too lazy to add new

ones, Segal said. .. As things turned out, the threestring guitar became something of a symbol of Majesty Crush's divergent sound.

UNDOUBTEDLY, the most recognizable feature of Majesty Crush on stage is its lead singer.

While Segal strafes tranquility on guitar and Echlin provides an urgent pulse with his nether-world bass play, Stroughter is the immediate fo-

cal point. His voice can vary from sincere pleading to an outright shriek. For good measure, he'll shove a microphone into an amp for unsettling feedback.

Stroughter's orbs make direct eye contact with an audience, almost seemingly to challenge them.

The constant struggle between making beauteous/disturbing music leaves Stroughter in the middle. He contorts his body spasmodic urges to the disparate rhythms, somehow remaining in sync.

"That's not contrived. He's always. been that way," Nails said. "He invented a few new dance moves in high school."

Off-stage, Stroughter echoes on

overall attitude of Majesty Crush One that will not compromise for anything less than ultimate success on their terms.

This is it for me, Stroughter said. "I make it or I die."

"That sounds quotable," Segal added with a laugh.

Majesty Crush will perform with Goober and the Peas on Wednesday, Nov. 27, at St. Andrew's Hall, 431 & Congress, Detroit. For information, call 961-MELT. The band also performs Friday, Nov. 29, at Finney's Pub, Woodward and Alexandrine, Detroit. For information, call 831-

Disney's 'Beast' is instant classic

Believe what you've heard. "Beauty and the Beast," the new Walt Disney animated feature, is every bit as good - maybe better - than the 60 years of cartoons that preceded it.

We all know the story. Here, it's introduced to us in a series of stained glass windows, a new twist on the storybook pages that used to open Disney films.

A wicked spell, we discover, has turned a handsome prince into the hairy Beast, who rattles around a dreary Gothle castle in a perpetually rotten mood. Unless someone falls in love with him before his 21st birthday, the Beast will die.

When an old man stumbles upon his castle, the Beast imprisons him in the tower. The man's daughter, who comes looking for him, promises to stay with the Beast forever as long as her father is set free.

Where sappy music often got in the way of a good Disney yarn, the six new songs by Howard Ashman and Alan Menken both advance the story and work as hummable, memorable moments by themselves.

Belle, a beauty and a bookworm, delivers a yearning song that both establishes her character and sets her at odds with the townspeople who consider her an oddball.

GASTON LEADS the pack. He's a strapping brute, completely full of himself, who wants Belle to marry him and will stop at nothing to see that she does. When he discovers that Belle may actually have feelings for the Beast, he sets off to mount the creature's head on his wall.

Disney employed some 525 animators on this project, headed by a pair of young directors, Kirk Wise, 27,

the pace has been quickened slightly to appeal to modern audiences, the film could easily have been made 30. years ago and looked virtually the... same.

The opening shot dollies in on a castle in the distance. The trees we pass along the way take on an almost three-dimensional quality, a testament to the multi-plane camera that, has given Disney cartoons an added dash of realism since the

This three-dimensional quality also translates to the lead characters, who have a greater emotional depth than the Barbie doll Cinderellas and Ken-style princes that came before them. By the end of the film, the adult audience is brought to real tears because the characters are so believable.

"Beauty and the Beast" is not all love and mushy stuff, as kids will be glad to discover. Gaston regularly abuses his pint-sized sidekick Three Stooges-style while a trio of animated household objects serve basically the same comic and choral purpose as the fish, bird and crab in "The Little Mermaid."

THE CLOCK, teapot, and candela-

and Gary Trousdale, 30. Although bra provide the film's liveliest numbor, "Be Our Guest" spoofs Busby Berkeley musical numbers with swimming spoons creating geometric patterns in a soup bowl. Later they must protect the castle from invaders, eliciting the loudest squeals

from a mesmerized kid audience.

The animation remains cleanand simple, with one noticeable stap at experimentation. When Belle and the Beast have a climactic dance in a sweeping fairy-tale ballroom; the cartoon image is melded with film of an actual French castle. The effect is surprising and enchanting.

·With this and the previous "Little Mermaid," Disney is entering a new golden age of animated films. The tragic AIDS-related death of lyricistic Howard Ashman has put the only. damper on "Beauty and the Beast," which should break box office records during the holidays while joining the ranks of Disney's best-

Little things slip into state skiing

There is not much big news on the Michigan ski scene. No major new ski slopes. No international Olympic events. But there are a lot of small things that can make a difference to people who slip and slide around the slopes.

Little things mean a lot when it comes to skiling in Michigan.

THE METROPOLITAN Detroit Ski Council has scheduled 50 skl trips for the 1991-92 season. You can join them to ski at Vail/Beaver Creek, Crested Butte, Steamboat, Aspen, Vail and Winter Park in Colorado; Salt Lake City, Park City and Snowbird in Utah; resorts in Wyoming, New Mexico, Canada and Europe.

And of course in Michigan.

Skiers interested in joining any of these trips should telephone the council hot line at (313) 853-7184, according to council vice president and trips coordinator Rick

MICHIGAN SKI Industries Association announces that members of the state ski industry have joined together for the first time to develop a program for beginners. "Discover Michigan Skiing" includes a 90-minute lesson, ski rental equipment and an all-day beginner area ski lift pass. Adults are charged \$20 and children ages 7 to 14 are charged \$10. For more information call (313) 332-5050.

MICHIGAN SKI facilities boast new slopes, more chair lifts and increased snowmaking facilities. Mount Holly, Mount Brighton and Alpine Valley have new snowmaking equipment. An advanced hill with a 250foot vertical drop will open at Pine Knob. At Alpine Valley sklers will find a wider Teeple View slope.

In Jones, Michigan, Swiss Valley skiers will find improved snowmaking. Snow Snake Mountain in Harrison has new cross-country trails. In the Leelanau Peninsula, Sugar Loaf Resort has created the "Manitou Extreme," two intermediate and two advanced slopes.

Shanty Creek/Schuss Mountain skiers will enjoy improved snowmaking and trail conditions between the two lodges. Boyne Mountain has also increased its snowmaking capacity.

In northern Michigan, Boyne Mountain and Boyne Highlands have expanded night skiing and terrain improvements. Indianhead Mountain/Bear Creek Resort in the Upper Peninsula guarantees you will ski or your money is refunded.

"SKI THE trails free in northern Michigan" sponsored by the Northern Michigan Nordic Ski Council, will take place on Jan. 5, 1992. Free trail passes and lessons will be offered at 14 northern Michigan crosscountry ski facilities. Registration is necessary. Call (616) 271-6314 for information.

Skiers of all levels hit trails at Homestead

By Ken Tabacsko special writer

LEN'ARBOR — The setting is breathtaking. Turn your head one way for a view of Lake Michigan and the other to see an Aspen-style village twin-

Leelanau County in northwestern Michigan has long been known as a show stopper to folks who like natural beauty. And no time is better than winter; when snow blankets the landscape and gives the region a special brand of tran-

Whether your sport is cross-country skiing or the downhill variety, The Homestead, a growing resort nestled in the pines, decided to insure that visitors will have a quality experi-

If you're a downhill enthusiast, The Home-stead offers a unusual twist that assures a great experience.

In a policy unusual to the Midwest, resort officials decided to limit the number of lift tickets sold daily. The cutoff is 750 passes, about half of capacity. Skiers coming to the resort can call ahead to reserve a slot.

The area is dotted with numerous well-established downhill resorts. Some, like Sugar Loaf, are only a short drive away. Most offer more vertical drop, which many skiers equate

The Homestead, with 325 vertical feet, has adequate terrain but nothing spectacular. Designers used what they had to work with in the best way possible. Bulldozers didn't head up the hills and butcher a lot of trees. The runs were cut to use bumps and rolls and provide as much variety as the area can.

The 11 runs - four beginner, four intermediate and three advanced - are divided by stands of trees for a pleasing effect.

By the name alone, beginners know they won't get in much trouble on Lamb's Quarter. Talented skiers, meanwhile, can have fun tackling challenging runs like White Trillium, which features white pines to zip in and out of, and some natural contours on which skiers "can get a little air."

The runs are served by two triple chairs and one double. There is a handle tow for beginners. The resort, open for skiling on weekends only, also offers night skilng. Half-day

Snowmaking helps extend the season, although Mother Nature generally provides more than 150 inches yearly.

If you still have energy left, snowshoeing, ice skating, platform tennis and cross-country skiing are available.

Nordic lovers have a tough choice - which trails to try.

The established cross-country center is unusual as it is the only facility in the nation that has permission to go through a national park. More than 36 kilometers of trails wind through the adjacent property of the Sleeping Bear Dunes National Lakeshore.

All trails are double-tracked and designed for Nordic skiers of all abilities. Striders ski through dense forest, rolling meadows and often get glimpses of Lake Michigan. Meticulous grooming allows a good outing when conditions are less than perfect. Instruction and lessons are available:

The resort limits trail passes to give Nordic skiers the solitude and serenity they prefer. Beginners can warm up on one-kilometer long Primrose or 1.5-mile Thimbleberry, a short trip that offers panoramic views of Glen Lake.

Experienced gliders and skaters can stretch out on 10.5-kilometer Tuckahoe or 12-kilometer Arrowhead, which offers a chance to rest at Lookout Point. From that spot a panoramic view offers glimpses of both South and North Manitou islands.

Signposts along the trails highlight natural features. A nifty pocket-size guide explains it 'all, offering tips on things like animal tracks and tree identifications. Make sure you ask for one when you register at the ski center.

If you still want more variety, eight trails nearby are offered by the National Parks Service. None are groomed, however, so be prepared to break trail after a snowfall.

Dining and shopping are at the base of the ski hill in a quaint area called "The Village." The setting reminds one of a visit to a small Colorado ski town.

Dining choices range from fine dining at Andre's Hearthside to a beer and pizza establishment called Whiskers. Numerous other excellent dining spots nearby include La Becasse and the Leelanau County Inn.

Leftovers they won't pass on

Here it is not even turkey day and we're already talking about leftovers. Of course, if you've ever been to dinner with the Janes Gang, you already realize that leftovers are a thing of the past. Gone. Everything, Zilch. The carcass was picked cleaner. than a buzzard's last meal.

Realizing, however, that NORMAL households do have a tendency to have some leftovers on hand after the big feast, here's a few hints and suggestions that are sure to help you get rid of the excess before little green fuzzy spots appear, or something in the fridge begins to smell, whichever comes first.

Let's start with the basics. Try to get everyone to eat as much of the turkey as possible. Remind them it's the mashed potatoes with gravy, the candied yam casserole and the pumpkin ple that makes them fat.

Turkey has only 640 calories per pound. Compare that to a rib roast that comes in at over 1,800 calories per pound!

Let's face it, people don't mind leftover potatoes, candled yams and pumpkin pie. But who wants to eat turkey for five days straight? Potates can be made into potato pancakes, given to little bables who don't mind eating four day old potatoes. Candied yams always taste better after soaking up all the syrup and can handle being topped with more marshmallows popped under the broiler till heated throughout. When quartered and dried, they can be strung on string and used as a garland with stale popcorn and cranberries.

And let's not forget the pumpkin pie. In my 40 years of life, I have yet to see leftover pumpkin ple. If you are lucky enough to have made extra, and find yourself with soggy crusts and no more whipped topping, have you ever scooped out the center and mixed it with ice cream? The sad thing about leftover pumpkin ple is that after a day or two, it begins to look as bad as it tastes.

Pumpkin pie doesn't freeze well, so if there's any leftover pie (and I don't think there will be) I'll bring it to the office for the poor folks who have to work the day after Thanksgiving and miss all the traffic jams and crazy crowds at the malls.

If you are unlucky enough to find that few guests touched the canned cranberry sauce (can you blame them?) try taking equal amounts of the cranberry sauce and mixing it with bottled chill or picanti sauce. Heat until warmed throughout and then pour over some precooked meatballs. Bake in a 350 degree oven for 30 minutes and serve over rice. This

is good. Trust me,

If you find loads of leftover salad, feel free to visit your local really greasy spoon and borrow a cup of sulfites. Also known as potato whitener in the trade, this stuff will keep your greens green until Easter, contrary to popular belief, sulfites will not keep your turkey from turning color.

Speaking of turkey, now we get to the good good stuff. What should you do with leftover turkey? Turkey does freeze well, and if wrapped securely, will last several months.

Whatever you do, please don't wrap it and put in the freezer behind the brussel sprouts hoping that in two years it will evaporate. Turkey soup is always: a hit, especially after spending four hours out in the cold

Turkey Tales Disastrous beginnings have happy endings

BILL BRESLER/staff photographer

Katherine Pasek demonstrates how her first Thanksgiving Day turkey led to disaster. She's since switched to cooking bags, and always remembers to put the bagged turkey in a pan before closing the oven door.

Readers learn from mistakes

By Keely Wygonik

staff writer TATHERINE PASEK,

winner of our Turkey Tale essay contest, thought dinner was "in the bag" when she chose a "mess free" method to cook her first turkey.

The instructions were simple. Put. the turkey in a paper bag, turn on the oven, let it cook. You don't even have to worry about basting. That was over 30 years ago, and Pasek's

learned a thing or two about cooking

SHE STILL likes the bag method, but uses cooking bags. Brown grocery bags are not safe for cooking. Toxins from the glue in the seams could make you very sick.

"I've never had a bad turkey since I started using the cooking bags," said Pasek. "The turkey is usually done in plenty of time."

Melanic Ceo of Southfield, the second place winner in our contest, also uses cooking bags.

"You don't have to do anything to the turkey when you cook it in the bags," said Ceo who had a bad experience with basting.

"I COOKED my first turkey eight years ago," she said. Her husband bought the 38 pound turkey at a tur-

key farm in Saline. Our third place winner, Darlene Gasper of Garden City was lucky enough to find a part for her broken

stove in time for Thanksgiving din-

ner proving persistence pays. "It was a frustrating experience, I was in a panic, they didn't want to give me the part," said Gasper who was planning dinner for 15 when her stove broke the day before

first Thanksgiving.

Thanksgiving about 21 years ago. "I had to get it fixed, I couldn't wait until after the holiday. I knew

the electronic igniter had quit." For those of you preparing your very first Thanksgiving turkey, here are some tips from our readers -Wash the turkey and remove the

neck and bag containing giblets. Lace the turkey after you stuff it.

THANKSGIVING DINNER is not the time to test "special ingredients." Measure your roaster, before you buy the turkey.

Remember to thaw the turkey before you stuff it and cook it. Use a meat thermometer if you want to be absolutely sure your turkey is done.

Happy Thanksgiving, and may all your Turkey Tales be happy.

Don't cry fowl on Thanksgiving

By Lois Thieleke special writer

The clock is ticking and Thanksgiving dinner is looming around the corner. If you're new at entertaining for Thanksgiving, or suddenly the group of eaters is smaller or larger, or everyone you know is on a diet, relax, keep the Thanksgiving menu basic and don't

panie. With these few suggestions, the turkey will be golden brown, moist, well done - picture perfect. Too often we plan too many foods to fix for Thanksgiving dinner and never enjoy the day with family and friends.

Keep it simple. Roast turkey, stuffing, mashed potatoes, gravy, relish tray, hot vegetable, cranberry sauce, rolls and pumpkin ple are basic Thanksgiving day foods. Plan 11/4 pounds of turkey per person.

To defrost the bird quickly, plan on about 30 minutes per pound. Leave the bird in the original unopened bag in the sink with cold water. Change the water every 30 minutes to ensure safe, but effective thawing. Refrigerator thawing is the preferred method for safety reasons.

A rule of thumb for refrigerator. thawing is 24 hours thawing time for each five pounds. Do not thaw turkey on the kitchen counter. In the time it takes the center to thaw, the surface of the turkey could become warm enough for bacteria to multiply to dangerous levels.

To clean the turkey, remove the neck and giblets, rinse the inside and outside of the turkey and the giblets in cold water, draining well. Refrigerate the bird on a tray so raw juices don't drip on, or contaminate other foods.

Wash your hands, utensils, counters and sink that may have come in contact with the raw turkey to prevent any spread of bacteria. This can be very important not to cross contaminate other foods. Avoid any temptation to roast your turkey all night at a low temperature. Cooking below 325 degrees is unsafe. Low temperature cooking allows meat to remain too long at temperatures where bacteria can grow.

Place turkey breast side up, and do not add water. You may want to brush the bird with cooking oil or melted margarine. Purchasing a pre-basted turkey adds more fat than needed to a turkey, nor is basting necessary during roasting.

Place a meat thermometer into the thickest part of the thigh muscle without touching the bone. The turkey can be loosely covered with a tent made from heavy duty alumnium foil for roasting. Again, wash hands, utensils, counter and sink after these preparations.

When the turkey is done the meat thermomter should register 180 degrees, the juices run clear and the legs wiggle in the sockets. A turkey breast is done when the meat thermometer registers 170 degrees. Remember to figure the standing time of 20 minutes for the turkey before

Carve out a healthy Thanksgiving

The number of calories in a traditional Thanksgiving dinner is about 2,000. If you do decide to overindulge, one local expert says you'll have to walk about 17 miles to burn the calories in a turkey dinner.

If you're counting calories, here are some holiday eating tips from Florine Mark, area director of Weight Watchers:

Enlist your family's help with the cooking and/or cleaning up to help you avoid too much "taste-testing" and leftover nibbling. Dress slim. Wear an outfit that hugs your waist attractively instead of dressing in baggy pants or skirts that "leave room for eating."

If you don't want to overindulge, select the foods you want, then position the other foods away from arms reach and spend most of your time

Australian wines capture American interest

In the 1980s, Australia and things Australian - two Crocodile Dundee films, film stars, recording artists, America's Cup races, the golfer Greg Norman, and wine captured America's interest. Although vegamite never caught on, Australian wines became an infatuation.

The wine industry in Australia began in the late 18th century when the first vine cuttings were brought from South Africa. Today, vineyards abound throughout southern Austrailia from between the 32nd and 39th parallel.

FOR WHITE wines, Australia grows principally chardonnay, riesling, sauvignon blanc, and semillon. Principal reds include cabernet sauvignon, malbec, merlot and shiraz (syrah or hermitage).

The wine regions of Australia have a Mediterranean-type climate. Australia is a country the size of the contiguous 48 states with a population about half that of the state of California. But Australia is a winedrinking nation with a per capita consumption more than twice that of the U.S. Sixty percent of the wine is sold domestically as bag-in-the-box and referred to as "cask wine." The premium wine market constitute about 10 percent of the total produc-

WINE SELECTIONS OF THE WEEK

If you've been thinking about giving Australian wines a try, you couldn't start your sampling with a better producer than Mitchelton.

1989 Preece Chardonnay (\$14) is a Mitchelton wine named after Colin Preece, the major force behind the establishment of Mitchelton in the early 1970s. The wine has a generously fruity nose with distinct

woody elements that last through the lengthy finish. It balances nicely with just about any seafood preparation.

1989 Mitchelton Cabernet-Shiraz-Merlot (\$9.50) is a fine example of a wine built to be attractive when young, but one that will easily age 10 years. Likeable and soft, named "Triple Blend" in Australia, this wine is smooth and approachable with a solid finish.

initiated consumer.

It has been falsely stated that vintage years mean very little in Australia; that all years are very similar. This is not true. Climatic conditions change considerably region to region. This should be a prime focus when choosing Australian wines.

IN THIS assessment of the wine choosing to focus on Central Victoria, situated just north of Melbourne. Here, the Goulburn Valley provides ideal climatic conditions for Goulburn River runs through the valley, providing a moderating climatic influence for many of Australia's "boutique" wineries such as Mitchelton, one of the region's leading producers.

Established in the early 1970s, Mitchelton has successfully combined the great European ideology of developing extremely high quality vineyards and married them to California state-of-the-art technology.

Since 1974, Central Vitoria native Don Lewis has been the winery's only winemaker. He crafts intensely

WINE BULLETIN BOARD

Robert M. Parker, controversial wine guru to connoisseurs, will discuss 40 wines from the 1989 Bordeaux vintage at a comprehensive tasting followed by a four-course dinner featuring a vertical tasting (1966, 70, 78, 83, 86 and 88) of Chateau Palmer, 6-11 p.m. Saturday, Dec. 7, at De-

troit's Rattlesnake Club. Cost is \$137 per person and includes a copy (\$40 value) of Parker's newly revised book "Bor-deaux: A Guide to the Wines Produced from 1961-1990)." Tasting and book only is \$70 per person. This event is sponsored by the Cloverleaf Market and the Rattlesnake Club. Reservations: 567-4843, secured by check only.

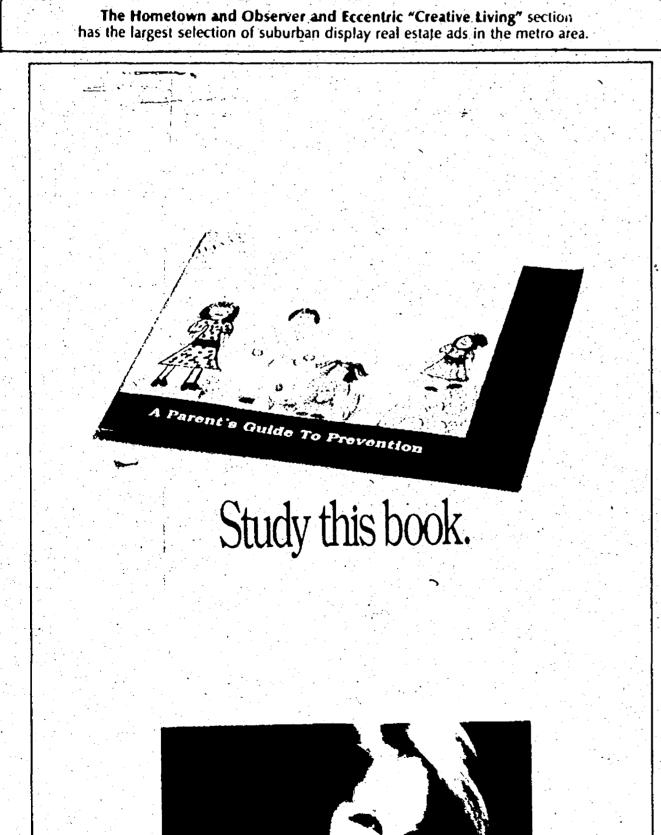

from vines planted in the rich, alluvial, well-drained soils of the region.

Long before Rhone varietals became the darlings of the wine industry, Mitchelton was producing Marsanne, a popular white Rhone.

Along with this varietal, the estate vineyards are planted primarily to chardonnay, cabernet sauvignon and

Winemaker Lewis confesses his personal wine preference is wellaged shiraz. "The versatile flavors of Marsanne, however, allow it to be harmonized with a wide variety of
