## Salvation Army booted from mall

The Westland Salvation Army is trying to find other ways to raise \$15,000 that officials say will be lost because volunteers have been booted out of Westland Center. The mall's Atlanta-based management company has adopted the policy at shopping centers nationwide.

BY DARRELL CLEM STAFF WRITER

Westland Center's management company is refusing to let Salvation Army volunteers ring their bells and raise money at the mall this holiday.

The new policy has Salvation Army supporters feeling like Scrooge is in charge of the mall, despite a recent visit by Santa Claus.

Volunteers won't be allowed to stand on any mall-owned property. The Salvation Army is particularly

concerned about losing an east-side entrance facing Wayne Road, a bustling apot where workers usually raise thousands of dollars to help the

Rob Stuart, spokesman for Atlanta-based Compass Retail Inc., which has managed the mall since mid-1993, said the company is implementing the new policy at the 37 shopping centers it manages across the nation.

Stuart said the policy stems from recent legislation, in such states as New Jersey, that he said could force shopping centers to admit other groups if Salvation Army volunteers are allowed to raise money.

the city and Westland Center, which also has its own security force. In police cars and on bicycles, several police officers each day will pa-

Mayor Robert Thomas hailed the program, first launched in 1988.

"This has been a very successful program," he said, "and we intend to see it continue for many years to come."

## Ex-athletes carving out niche in trophy business

A common love of sports and dealing with people has motivated three local men to start a new trophy and engraving atore in Garden City.

Kevin Wilkinson, who grew up in Garden City and starred in baseball and basketball at Garden City East High in the late 1960s; Ed Duprey, longtime resident of Dearborn Heights and Livonia; and Freddie Allen are ed. owners of the new venture -Great Lakes Trophies and Engraving.

Allen, 49, is a master engraver. with 17 years experience in two well-known trophy businesses in southeastern Michigan. He was a five-sport star at River Rouge High School and was named best athlete in his class for three consecutive years. He is married and the father of four children.

Wilkinson has been extensively involved in sports in the Detroit area for the past decade.

"I guess you might say I'm the local kid who's traveled around the world, working with cruise roots in Garden City," said Wilkinson of his new undertaking.

Wilkinson, 44, attended Kansas State University on a baseball scholarship and is known in the area for coaching baseball and basketball teams. His three sons - Ryan, Colin and Ethan - are outstanding athletes in the Dearborn school system, and his wife, Connie, is a teacher.

"In sports we always deal with the basics and fundamentals," he explained, "and that's exactly. how we plan to run our business. We want to treat people the way we want to be treated. A lot of businesses don't operate that way today, but it's the cornerstone of our philosophy and is exactly how we conduct husiness."

"Nobody will leave here unhappy - we guarantee it!" says Duprey, the 41-year-old co-owner of the business, which had its grand opening last month.

Repeat business is the key to success, and we'll do whatever is necessary to satisfy our customers," he said. "The three-fold foundation of our philosophy is courteous service, competitive prices and taking care of all our customers' needs.'

He added that Great Lakes has lines, and 20 years in the travel a computerized inventory with industry and has come back to my two-day delivery on out-of-stock items from its suppliers to ensure quick turnsround on orders.

Duprey, born and raised in Lincoln Park, has coached baseball and basketball for years and now resides in Livonia, where his two children, Craig and Lindsay, are athletes at Franklin High School. Por the past six years he has been vice president of the Metro Baskethall Association, a boys and girla league co-founded by Wilkinson in 1989 that is operated totally on donated money.

"I married the girl next door," Duprey explains, "and Kevin, Preddie and I are strong family men who will work hard to make our new business a success."

# City's supervisors ratify 5-year labor contract

BY DARRELL CLEM

After working nearly 11/2 years without a contract, the Westland Supervisory Association has ratified a five-year pact that won unanimous approval from the seven-member Westland City Council.

Hourly wage increases and benefits will cost \$601,124 during the life of the contract, West-Herbert said Wednesday.

The 20-member WSA is the last of five city employee union groups to receive a new contract.

"Everybody has settled now," Herbert said, adding that no union contracts will be expiring for 21/2 years.

WSA members accepted a one-year pay freeze for a retroactive portion of the contract that age. ended June 30, 1995.

That is followed by a 7-percent raise for the current year ending next June 30.

During the next three year years, respectively, WSA members will receive raises amounting to 4.5 percent, 3.5 percent and 3 percent.

The contract covers employees

The cost for drug prescriptions will increase from \$3 to \$5, Herbert said.

At the end of the contract, the WSA also will lose the city's deputy clerk from its ranks, a move that the Westland City Council favored but that the union had initially fought.

With virtually no public discussion, the council approved the new contract 7-0 during a meeting last Monday.

The WSA made some gains on other employee groups, but only because WSA members have had a history of receiving lesser benefits and pay increases than other unions, Herbert said.

"They wanted to play catchup," he said.

## School district's rainy day fund is now \$4 million

By MARIE CHESTNEY STATE WRITER

Right now Livonia Public Schools has a safety net it didn't have one year ago - \$4 million in its rainy day fund.

Superintendent Ken Watson called the money insurance against financial calamity.

"It's our insurance; we must hang onto it," Watson said. "This fund equity will bail us out when the state shorts us on aid payments. Because of it, the district won't be thrown into financial chaos."

Watson is as sure the state will someday renege on its financial commitments as some Wall

#### III LIVONIA SCHOOLS

Street watchers are sure the lofty stock market will soon take a tumble. "It will eventually occur-- it's just a matter of when.'

In 1995-96, the state promisedto give Livonia \$6,758 for each of its 17,253 students.

How can the superintendent be so certain the state at some point won't make its pledged payment? By looking at the track record the state had when it funded in-formula districts, before passage of Proposal A.

"In-formula districts sav this on a regular basis," Watson said. "I hate to doom and gloom, but

we have no control here. With passage of Proposal A, all Michigan districts became de-

pendent upon state aid. Under Proposal A, Livonia this year will keep only \$26.3 million of money raised locally through school taxes. The bulk of Livonia school taxes goes to Lansing and then gets funneled back. This

year, the district expects to get \$91.6 million back from the state. These two income sources make: up the bulk of Livonia's \$126 million budget.

Livonia now has a far bigger projected surplus than it had just a few months ago. In 1994, the surplus was a mere \$299,602.

Since 1990, the district has

watched its rainy day fund dwindle away. In 1990, it had \$10.1 million; 1991, \$6.8 million; 1992, \$1.9 million; and 1993, \$1.4 million. The rebuilding of the fund began in 1995.

Even if the state's money comes in as pledged, Livonia and other districts have another financial time bomb ticking away that could destroy surplus funds.

It's called the "Musselman" case, and could easily eat \$3 million of Livonia's \$4.4 million surplus.

"If the Musselman case goes against us, then we'll have little insurance money left," Watson said. "We would have to use this money to pay for it."

in April ruled the state was unconstitutionally falling to set up enough funds for health benefits of school employees at their retirement. Gov. John Engler and the Legislature in 1991 shifted to annual appropriations instead of lump-sum pre-funding on an ac-

The Michigan Supreme Court Engler and the Legislature to make an appropriation, even though their actions violated a contractual obligation section of

the Michigan Constitution. The Supreme Court has agreed to rehear the case at the request of Engler and the Michigan Education Association. A decision is

expected within a year. The MEA has warned that the court's decision could financially "blow up the system." It leaves local districts holding the bag to make up for the lack of prepayment of those benefits between 1991-95.

The cost to correct the past action has been estimated at \$1 billlon.

If proposed senior housing is developed in Garden City, it won't be on property adjacent to the Burger Center.

"I don't think there is any interest on the part of the district to move forward with this," said Superintendent Michael Wilmot. "We've talked with Cooperative Services and they are aware of our position."

Southfield-based Cooperative Services had an option to purchase the site west of the school. That option expired last month when the Department of Housing and Urban Development didn't approve funding for the 80-unit development.

"The board split 4-3 on the option the first time around," said Wilmot. "I think that since that time some board members felt they had given it a shot and now it's time to move on."

The board hasn't taken formal action regarding renewing the option with Cooperative

"After the original option went down, I asked the board members to let me know if they wanted to move forward on this," said Wilmot. "None of them have indicated that they wanted to do that."

The proposed development drew fire from residents in the immediately aurrounding area who objected to the scope of the development — proposed as a three-story building and parents who had used the

property as an open space and soccer field.

To help facilitate the project, the city agreed to construct a new soccer field on part of its property on Manor Park Drive. City Manager Steven Aynes said the soccer field is still being constructed under an arrangement with a city contrac-

"Our immediate fall-back position is to go through the process to offer the Manor Park Drive property," said City Manager Steven Aynes. "It's not as conducive to the project but it is probably more acceptable to the public. Or they can come back and see other sites."

Cooperative Services had indicated a preference for purchasing a site from the city or school district, Aynes said. The proposal for the Burger site was well received by HUD, he said, except for not being zoned properly with a single

family residential designation. The soccer field is being built on part of a 3.65 acre cityowned parcel on the south side of Manor Park Drive. The city also owns 4.1 acres on the north side of the street, the proposed senior housing site.

"We definitely see a need for senior housing. The council supported the concept. Their position on this location (Burger) would have been decided by the zoning vote," said Aynes. "We definitely desire pursuing this on Manor Park

Drive, The city would see additional revenue from the sale.

## District, unions to begin bargaining

By Marie Chestney

Contracts with six unions in Livonia Public Schools expire next June. The first steps of the bargaining process get under way next month with informational meetings between union leaders and the district's assistant superintendent for business, Randy Liepa.

"It's a normal part of the process, to get input from all the groups," Liepa said. "We give an overview of our finances, touch base on our income projections, and create an awareness of what our budget is.

The current three-year contract with the district's 1,000 teachers does not expire until June 1997. However, talks on the exact amount of a wage increase for teachers in 1996-97 also will get under way with the Livonia Education Association under a reopener clause in the contract.

The district agreed to give teachers a 3 percent pay raise in 1996-97 if the district's revenue increases by at least that amount.

"Teachers will get a 3 percent increase if our revenues go up 3 percent," Liepa said. "We're now hearing the number will be 21/4-3 percent. But the numbers will change up until June. It will be real nip and tuck 'til then. We'll renegotiate wages for teachers based on what the figures are."

The six unions whose contracts expire June 30, 1996 are: Livonia Educational Administrators & Supervisors (LEAdS); Supervisory Employees' Association (SEALS); Livonia Paraprofessionals Association (LPA); Livonia Secretarial Association (LSA); and two groups represented by the American Federation of State, County & Municipal Employees (AFSCME).

Sam LaMonica, director of employee relations and benefits, will be sitting in when negotiations begin in December, but won't be there when the six contracts eventually are settled.

After 21 years with Livonia Public Schools, LaMonica leaves the district Dec. 22 to begin his new job, director of human resources for Romulus Public

"The big push (in getting new contracts) will come between Easter and the end of summer," LaMonica said. The school board recently brief-

ly touched on the upcoming negotiations with the six unions. "Bargaining units need to look at dollars and cents," said board

president James Watters. "If the

state doesn't generate the funds,

we will not have it to give."

The more flexibility the district has on financial issues, the more it will be willing to consider contracts lasting more than one year, said Superintendent Ken Watson.

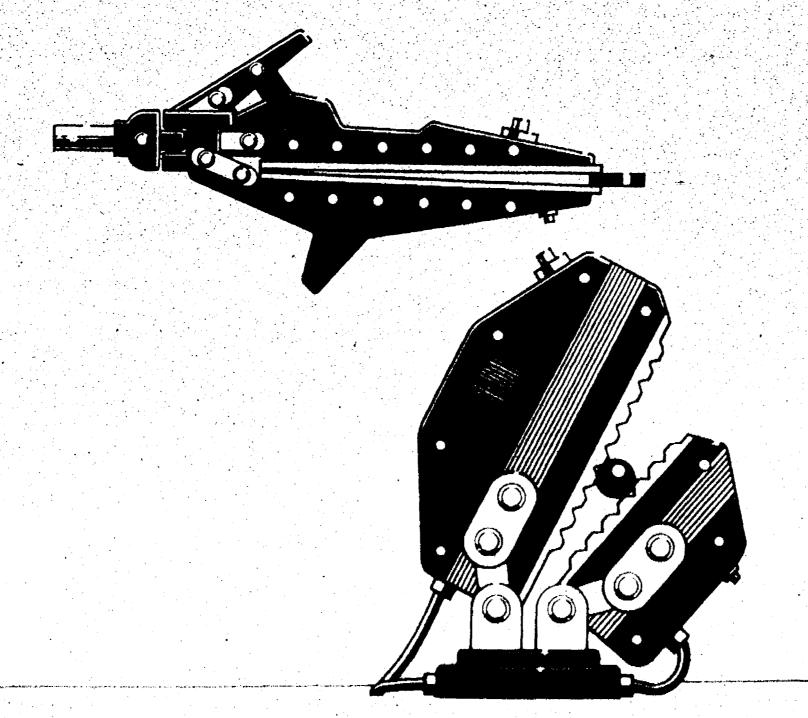

If the district could get what it wanted, it would negotiate oneyear contracts that dovetail with its current financial situation, LaMonica said.

paraprofessionals and head cuatodians (SEALS) got its current contract in Nov., 1994, nearly 17 months after their old contract expired. The three groups got the same wage increases given to administrators (LEAdS), who also worked for nearly 17 months without a contract.

Workers accepted a wage freeze in 1993-94, and got a 3.2 percent pay increase in 1994-95 and a 3.1 percent pay hike in 1995-96.

## MADD kicks off safety campaign

ribbons tied to car antennas, door handles, mirrors, and any other place on a vehicle that will remind motorists to drive safe and sober through the holidays and throughout the year.

Mothers Against Drunk Driving (MADD) kicked off their annual holiday safe and sober driving public awareness campaign with a "Tie One On For Safety" raily Tuesday at the Capitol in Lansing. The rally was followed by a motorcade through downtown Lansing consisting of law enforcement officers, government officials, MADD members and the public.

Now through Jan. 1, 1996, MADD encourages motorists to tie a red ribbon onto a visible place on their vehicle as a promise to drive safe and sober (alcohol-free), especially throughout the holiday season. MADD began the popular traffic safety holiday campaign in 1986 to help decrease the number of deadly alcohol-involved crashes that occurred during the holiday season

People will once again see red celebrating, and drinking and driving.

"It's hard to believe we've been tying on red ribbons for a decade," said Bethany Goodman, executive director, MADD, Michi-

"Ten years of change, from tying one on to Tie One On For Safety.' In these 10 years we've seen Michigan's alcohol-involved traffic fatalities drop from 800 to 530. Yes, we've made progress, but that's 530 too many. That's 530 families shattered by a very preventable crime."

Carol Korf, MADD, Kent County, shared the heart of the holidays and the real reason for the red ribbon campaign.

When Korf's 15-year-old son missed his curfew one evening eight years ago, she thought she would "feel it" if something were wrong or if Deane were hurt. The last thing she expected was a knock on the door and the officer bearing devastating news.

"The best gift you can give your family and friends this holiday season is to promise to be alcoholbecause of increased traveling, free when you get behind the wheel," said Korf.

"Plan a safe and sober celebration. As you prepare to gather with your loved ones during this festive time of the year, join with the thousands of families who have learned, sometimes through the very tragic message of personal loss, that we can give nev meaning to the phrase 'tie one

"We ask you to proudly and publicly display your red ribbon as a symbol to "Drive Safe, Drive Sober!"

The MADD Red Ribbon "Tie One On For Safety" project is again cosponsored by the Office of Highway Safety Planning (OHSP). The annual traffic safety promotion is also widely supported by law enforcement agencies.

Alcohol-related fatalities are down in Michigan. In 1993, almost 41 percent of our fatal crashes involved alcohol: But in 1994, that figure went down to 37.4 percent.

To obtain a red ribbon or to conduct a local campaign, contact a MADD chapter or the MADD State Office at (517) 631-MADD.

## How to call 'Toys for Tots'

The 800 number published last do our best to rise to the occaweek in a story about the Marine Corps' 48th annual Toys for Tots campaign cannot be used if calling from the 313 area code.

Residents in western Wayne County can call (313) 824-8401 or (313) 824-8402, or fax information to (313) 824-8400.

The 48th annual Toys for Tots campaign began Thanksgiving Day and continues until collection day Dec. 21.

Toy donations are needed for youngsters from infants to 12 years old.

"The need has become greater, unfortunately," said Gunnery Sgt. Winfred Littles, public relations coordinator for the Southeastern Michigan Toys for Tots. "But we

sion."

Last year alone, the southeastern region collected and distributed more than 109,000 toys.

Toys for Tots is a communitybased nationwide program that was instituted by the Marines nearly a half-century ago. As the program grew, the reserve Marine Corps was enlisted and now involves the efforts of many individuals and businesses in each local community,

Those donating toys should look for something in the moderate, \$10 to \$20 range. Explained Littles: "As a rule of thumb, when you go to the toy store, try to put yourself in the shoes of a child and say, 'If I could only get one thing, what would I like to have?'

Many volunteers are needed for screening applicants, sorting, collecting, transporting and distributing toys.

According to Littles, more business involvement would be greatly appreciated.

There is a need for collection sites, storage space, transportation in the form of trucks and vans, secretarial help, cellular phones, publicity, and thousands of helping hands.

## Madonna project seeks tutors

The Tutoring Team of Madonna University is seeking tutors for a program 10 a.m. to noon on Saturdays at O.W. Holmes School in Southwest Detroit.

The Tutoring Team is a project directed by Sister Mary Martinez of the Office of Multicultural Affairs at Madonna University in Livonia and supported by funds from Blue Cross Blue Shield, MichCon Foundation, Ford Motor Co. and Myron P. Leven, a Southfield attorney.

Thelma McNichol from the

Detroit Public Schools will serve as the education coordinator, and Alicia Juarez as the tutoring coordinator. The team is made up of college students, professionals from husiness and industry, and retirees. Each tutor will work with one or two students in the areas of language arts and math.

Individuals interested in becoming members of the Tutoring Team can call (313) 432-5541 to sign up or for more information. Orientation is scheduled for 10 a.m. Jan. 6 at the school library. The school is

two blocks south of Michigan Avenue at 4833 Ogden. Tutor ing begins Jan. 13 and continues until March 30, 1996.

The Tutoring Team is in its fifth year at O.W. Holmes School, "The Saturday tutoring sessions have had significant Impact on the achievement, attitudes and self-esteem of our children," said school Principa Gerald Ernatt.

O.W. Holmes has an enrollment of 650 youngsters, with more than 40 percent coming from bilingual homes.

## Many Dems join GOP on welfare reform

BY TIM RICHARD

After much fulminating, a ma-Jority of Democrata joined all Republicans in approving two welfare reform bills advocated by Gov. John Engler.

House Bill 5353 won 82-25 approval on Nov. 9. Of area Democrats, only Reps. Maxine Berman of Southfield, David Gubow of Huntington Woods and Tom Kelly of Wayne voted no.

Voting yes were Lyn Bankes, R. Redford; Eileen Dellart, D-West land: Gerald Law, R-Plymouth; Jim Ryan, R-Redford; and Deborah Whyman, R-Canton,

The bills failed to get twothirds for immediate effect and cannot become law until about next April 1.

Law praised the bills as "the most comprehensive changes (in welfare) in the nation. The plan rewards those with initiative. Applicants who demonstrate responsibility will not be turned away. Those who decide not to comply will face tough penalties."

Opponents said the bills give the Department of Social Services, to be renamed the Family Independence Agency, too much programs, education, training,

power with too little legislative oversight. They argued too little attention was paid to day care for mothers with small children.

In a compromise, mothers of newborns would not have to seek work until the infant is three months old. An early version of the bill required them to seek work after six weeks. The compromise establishes parenting, child development and nutrition classes as options for the period from six weeks after birth to three months.

Engler called the bills "a strong sign to Washington that states have an abundance of ideas to solve problems and the conviction to carry them out."

The bills make these changes in welfare:

Require minor parents to live with a parent or in an adult-supervised household before they may receive aid. Current policy sets up teen mothers in their own quarters, often resulting in poor care of their bables and more births, critics of welfare said.

Mandate that adult welfare recipients spend at least 20 hours a week in employment, Work First

community service or self-improvement activities.

Require recipients to cooperate in the establishment of paternity and the securing of child support from the fathers.

Here is what opponents had to

Rep. Tom Kelly, D. Wayne: For this Legislature to abdicate its responsibility and oversight of the Family Independence Agency is totally abhorrent to me."

Rep. Nick Ciaramitaro, D. Roseville: "It is not welfare reform: it is legislative abdication . . . I am especially concerned about that delegation when the House refused to give minimal direction such as Rep. (Eileen)

DeHart's (D-Westland) suggestion that we continue formula and diapers for infants whose parents have not fulfilled their obligations. Sanction the parents -- do not starve the infant."

Ren. Lynne Martinez, D-Lans. ing: "Welfare reform will not work without child care. I have a serious objection to the Legislature's neglect of the need for safe, quality day care in this bill. We have abandoned this state's long commitment to requiring that day care be licensed, and regulated. We have opened the door to the predatory use of children for profit with no oversight by the state."

The Senate is expected to take up the bills early in December.

Julia Patrazano of Redford called for a healthy version of pumpkin pie. Here's a fat-free pumpkin pie recipe from Nick Malgieri author of "How To Bake," (copyright, 1995 Harper Collins Publishers, \$35).

#### FAT-FREE PUMPKIN PIE

Vegetable cooking spray 1 cup dry bread crumbs

- 1 small (about 2 pounds) ple pumpkin or 1 1/2 cups canned pumpkin
- 1/2 cup water
- 4 egg whites
- 2/3 cup sugar
- 1/2 teaspoon salt
- 1 teaspoon ground cinnamon 1/4 teaspoon ground ginger or 1
- teaspoon fresh grated ginger 1/4 teaspoon fresh grated nutmeg 1 1/2 cups evaporated skim milk

Set rack in the middle of the oven and preheat oven to 350 degrees F. Spray a 9-inch Pyrex pie pan generously with vegetable cooking spray. Press bread crumbs against the pan. Chill.

Rinse, stem and halve the fresh pumpkin. Scrape away the seeds and filaments and cut the pumpkin into 2-inch chunks. Use a paring knife to remove the rind and place pumpkin in a large baking dish.

Add the water, cover and bake for 1 hour or until soft. Cool the pumpkin and puree in a blender or processor. Lower the rack in the oven to its lowest level. Scrape the pumpkin into a bowl and whisk in egg whites.

Whisk in remaining ingredients. Pour the prepared filling into the prepared crust. Bake for about I hour or until the filling is set. Cool on a pie rack. Makes about 8 servings.

Marshall Beitman of Canton wanted a low-cal scalloped potato recipe.

#### SUM SCALLOPED POTATOES

- 2 pounds russet potatoes, peeled and sliced 1/8 inch thick
- 2 tablespoons butter or margarine
- 1 medium onlon, chopped 1/2 teaspoon dried thyme leaves,
- crumbled
- 1/2 teaspoon salt
- 1/2 teaspoon fresh ground pepper
- 3 tablespoons all purpose flour 2 cups skim milk
- 1/2 cup shredded light Swiss cheese

Preheat oven to 350 degrees F. Coat a 13 by 9inch baking dish with vegetable oil cooking spray. Arrange the potato slices slightly overlapping in a single layer in the dish. In a mediumsized saucepan, melt the butter or the margarine over medium low heat.

Stir in the onion, thyme, salt and pepper. Cook 4.5 minutes, stirring occasionally, until the onion is softened. Stir in the flour until frothy. Let the mixture bubble for 2 minutes, stirring to prevent browning. Gradually stir in the milk until well blended. Increase the heat to medium and simmer until sauce is thick, stirring constantly. Spread the sauce over the potatoes. Cover the dish with foil. Bake for 45 minutes or until the potatoes are tender. Sprinkle cheese over the top, continue baking for 10 minutes. Let

stand for 5 minutes before serving. Serves 8. "The Woman's Day Cookbook" by the editors of Woman's Day, (Copyright 1995, Viking Publishers, \$24.95).

Maria Martinuzzi of Redford wanted a "white"

#### gingerbread recipe. CONSTRUCTION GINGERBREAD

- 1 cup solid white shortening
- 2 cups old fashioned molasses 1/2 cup warm water
- 7 cups all purpose flour 1/4 cup sugar
- 1 teaspoon baking soda 3 teaspoons baking powder
- 3 teaspoons ground ginger
- 1 teaspoon ground cinnamon
- 1 teaspoon salt

Melt shortening and stir in molasses and 1/2 cup warm water. Mix in dry ingredients until smooth. If necessary, knead last of flour into dough until flexible and smooth. Chill for at least 2 hours or overnight, tightly wrapped.

To use: roll dough to about 1/8-inch thick on cookie sheets. Out out patterns and transfer to a baking shoot covered with parchment paper. Bake at 350 degrees F. for 12 minutes. Makes a medium-sixed house. Can also be used to make cookies or ornaments

hen it comes to decorating for the holidays, Margaret Dildilian of Birmingham just looks around her home and makes use of what she has, then adds a few more things, including fresh fruits. The result is a festive and natural look.

Dildilian, who is co-chairing "The Birmingham Holiday Antiques Show" at The Community House with her sister-in-law, Marlowe Marderosian of Franklin, is an avid collector of period American furniture pieces and acces-

"My husband and I have an interest in New England furniture dating from the early 18th century through approximately 1830. These pieces are primarily constructed of American pine and in their original state, some finished in the red and black paints popular at that time," said the mother of three grown chil-

In addition to the furniture, the Dildilians have accessorized their home with china, porcelain, pewter and wood pieces, and lighting fixtures from this early American period. It's these pieces that form the basis for holiday decorations.

"I take my various bowls and fill them with apples that I have polished to a bright sheen, add a few natural greens, such as boxwood, and place them on the table," Dildilian said. "I also fill bowls with boughs of pine, pine cones, berries and other fruits to create natural deco-

With a belief in simplicity ("less is better," she said), Dildilian has created festive and eye-appealing centerpieces for her holiday tables using lemons, boxwood and a pineapple ("a traditional symbol of hospitality," she

decor. And she uses a wealth of natural items with them. "I make a slit in the top of apples, place a candle in them and maybe a cinnamon stick, tie a bow around the base of the candle and use them either in a group in the center of the

table or at each place setting," she said. "Green Granny Smith apples look especially good with red candles, and I use white candles with red apples. The great thing about this decor is that I use the apples later in pies or in apple cake."

Higgins does not believe in being wasteful when it comes to decorating. "Also, I try not to spend a lot on money on decorations, nor do I like having an abundance of things that need

to be stored." Higgins is so successful with her flair for decorating that she is often asked to create table creations and other decorations for her church, St. Ives in Southfield, and for her children's schools, Mercy High School in Farmington Hills and U of D High School in

"Creating things is both a hobby and avocation - something I have been doing since I was a young girl," she said. "Over the years I have picked up various ideas that have worked out well."

One idea that has proved both economical as well as attractive is her use of the odd stemware that she's acquired through garage sale visits. "I put a little water in these glasses then add a votive candle. I place all of these (and you can use as many as you have) on a cloth runner down the center of my table. They're all different sizes and shapes and. once the candles are lit, they create an elegant table," she said. Sometimes she'll add greens from the evergreen trees outside her door, put bows on the base of the stemware and sprinkle cranberries on the greens.

Higgins often uses other fruits on the greens to create a natural look, including grapes or orange slices. But she sugar coats them first.

It is an easy process. "Using a small paint brush, I coat the fruit with a thin coat of egg whites that have been diluted with a small amount of water," she said. "Then I sprinkle the fruit with super fine refined sugar. I let the fruit air dry or I place them in a slow oven overnight.

"The nice thing about these sugar-coated fruits is that they make a nice sweet treat after I'm done using them for decoration."

Her other decorating ideas include using circular candy canes - found in many stores during the holiday season - for napkin rings. Or she ties a bow with a few artificial greens and berries around the napkins.

A favorite decor of the Higgins children, who range in age from 11 to 23, is the gingerbread cookie place cards. "I make gingerbread people - but these can be purchased - and then I put each family member or guest's name on one of them with frosting. These I place at each table setting."

## Start your day with hot, hearty oatmeal

QUAKER OATH

Winter warm-up: Nothing warms up a tummy on a cold morning better than a bowl of oatmeal. For a tasty flavor twist, these two bowls of oatmeal start with quick or old-fashioned oats cooked in fruit juice.

If you greet most chilly mornings with a steaming bowl of oatmeal, you're in good company. According to a recent Gallup poll, oatmeal ranked number one as the breakfast that makes us feel good, especially on a cold

Two-thirds of those surveyed said oatmeal makes them more productive and satisfies their hunger until lunchtime better than cold cereal, toast, bagels and other breakfasts. And of all breakfast choices, respondents chose oatmeal as the best and healthiest

So how much oatmeal do we eat? The average American eats 27 howls of oatmeal a year, and the majority of those bowls are eaten during the four coldest months of the year November through February. Kids 12 and under eat 48 bowls per year while adults age 65 and over eat a whopping 68 bowls of oatmeal each year.

Oats are good for your heart and brain. In her book, "Superfoods 300 recipes for foods that heal body and mind," (copyright 1992, Warner Books, \$26.95), Dolores Riccio writes, "a good-sized bowl of oatmeal at breakfast lowers the artery clogging LDL cholesterol shortly after eating and, later on, raises the artery-cleaning HDL cholesterol.

Oatmeal is a good source of choline, a chemical precursor of the neurotransmitter acetylcholine, which plays an important role in memory function.

Oatmeal stabilizes blood sugar and insulin, which makes it a good choice for diabetics.

Riccio recommends storing oatmeal in the original container for a month or more on the pantry shelf, or in the refrigerator in a tightly closed jar for up to a year.

Tops among catmeal toppers are sugar, brown sugar, milk and cream, followed by fruit, maple syrup and honey. Raisins win hands down for the most popular dried fruit topping; bananas take top banana in the fresh fruit category.

Beyond the basics, oatmest provides plenty of delicious opportunities for creativity. Replace water with apple juice for a fruity flavor. Add fresh or dried apples. Try Granny Smith for a tart-sweet flavor, Red or Golden Delicious for the sweetest flavor

Orange juice used in place of some of water adds a citrusy tang, and mashed banana contributes creaminees. Go for the quick oats for the amouthest texture; the old-fashioned cooks up into a heartier cereal.

LINDA BACHRACK

## Festive touches can be quick, easy

ast week's column described some holiday decorating ideas shared by Martha Stowart Living senior associate editor Darcy Miller. Her presentation at Hudson's Twelve

Oaks store in Novi, had audience members like Marty Brick of East Lansing, eager to design new and festive tabletops.

Brick, who attended with her daughters Kerry Zoigo and Bridget Brick, is a pro at sugaring fruits. for her centerpiece, but this year she'll add Miller's suggestion of cranberries and red roses in a clear glass vase. She'll also tie

her napkins with waxed linen thread strung with acorns.

Other creative napkin ideas include simply rolling the napkin and tying with red ribbon adorned with a sprig of pine. Or make napkin rings and from millinery flowers or a sprig of oregano bound with florist's wire. Use dried leaves as place cards, sit them atop the napkin and pen the dinner guest's name in silver ink across the leaf.

#### Napkin notable

Start a holiday tradition by giving antique napkin rings to family members. The ensuing collection will enhance memorable dinners for years to come. If grandchildren are a major presence at your table, consider paper napkins embossed with

"Candles are a big part of holidays," said Miller. Line a mantel with votives and antique candlesticks. Place the votives in shells or terracotta pots and scent with oil-based plant essences. Simply scatter chunky cathedral candles of different heights down the length of your table. Table

runners are easily crafted from felt trimmed with pinking shears or a salvaged length of sumptuous velvet. For a holiday season wedding or anniversary, drape tables in organza and give ivy or holly to the fabric.

. What do you give the party hostess? Take photos of the fete and present her with a special memory book or give holiday recipe

cards tied with ribbons. If you purchase a gift, wrap it in pastel paper tied with silver ribbons or tinsel and personalize the paper with stamped on silvery stars.

#### Local source

If you have a hard time envisioning these decorating ideas, help has arrived. In downtown Birmingham, Pestivities opened recently at 377 Hamilton Row. Mary Beth Winkworth, her husband Doug, son Rob and daughter-in-law Diana pooled their creative talents to open the ultimate party planning shop.

Using hand-crafted gifts and unique accessories, a variety of tables are set within the store, each for a different occasion. Dried flowers, freezedried vegetables and vegetable-shaped pottery decorate the woodland table in the window. Velvet napkins add an elegant touch.

The "Up North" table features twig placemats, hammered tin chargers, a denim cloth and checked flannel ribbon tied around the napkins. For a more traditional holiday table, place your Spode china on lipstick red chargers. Embroidered and appliqued felt stockings hang on the backs of chairs with a small favor placed inside. Also look for Kwanzaa and Hannukkah themed tables.

A former event planner who longed for a single source for her entertaining ideas, Winkworth has positioned her shop as that one-stop emporium for everything from invitations to linens and ribbons with an emphasis on one-of-a-kind accessories.

## Employee purchases chocolate company

■ Going from sales associate to owner of the company is easy according to the new proprietor of Sydney Bogg Chocolates. The secret is to love your work and not eat the inventory.

By Linda Ann Chomin

When Judy McGuire started working behind the counter at Sydney Bogg Fine Candies and Chocolates 15 years ago, she never dreamed she'd end up owning the company.

But in August, McGuire and husband Jim, remortgaged their West Bloomfield home to buy the 60 year old business. The company has retail locations at Maple and Lasher in Bloomfield Hills, at the Great Oaks Mall in Rochester Hills, on Main north of 10 Mile in Royal Oak, and at Seven Mile and Woodward in Detroit.

McGuire's goal is to maintain the quality that goes into making Sydney Bogg's secret recipe chocolates. She said she simply loves the business and the people it's brought into her

"The candy business is a very unique business. People don't want to get out of it. There's a real camaraderie between candymakera," she said, placing a box of petite chocolates on a backroom table in the Bloomfield Hills store.

tradition. 'Ethel's Hostess Box' is named after an original employee of Very Best Candies (fore-runner of Sydney Bogg confections). Ethel is in her '90s and still wants to do foils so she remains part of the business."

Very Best Candies opened in 1912 on Woodward at Seven Mile in Detroit. This factory/store is where Bogg first learned to make candy while working as a bus driver.

Bogg peddled his candy on the side to bus riders until Howard Vier sold him the confectionery business in 1935. Bogg and his wife Dorothy, owned it until 1960 when ownership passed to Ralph and Doris Skidmore who taught McGuire the ropes of creating melt-in-your-mouth chocolates, still made in the kitchens of the store on Woodward.

Bogg to pay for books she needed to complete graduate courses at the University of Michigan after quitting her teaching job at Benedictine High School in Detroit. The Bloomfield Hills location is the number one selling store of the four. More than \$500,000 worth of candy was sold there last year.

"I liked the business from the moment I started. It's a happy business. People coming in are generally happy. All of us work together, all age groups, all races. I hated to see the company swallowed up and moved to Chicago or New York," said McGuire. She does not plan to expand the number of locations but she might add a mail order catalog.

"I want to preserve the quality and integrity of the business. I'm very Originally, McGuire sought work at proud of the fact the we were one of

the first retailers to concentrate on Hannukkah and offer Kosher candy. When I started in the business we didn't do anything for ethnic holidays. Mrs. Skidmore gave me the freedom to alter candy-selling traditions.'

## Candy

from page 4B

constitutes the bulk of Bogg's sales, the stores offer everything from Jelly bellies to gummy bears' and dried fruit.

"Party orders comprise about 50 percent of sales," said assistant Kate Gholston. "Years ago people used to come in and buy candy to make up their own trays or dishes. Now with busy lifestyles, people don't have time."

Personalized mints coordinated to party colors are proven best sellers. A chocolate star on a stick is a favorite with parents wanting to reward a child for good grades. or other noteworthy achievementa. But overall, it's Bogg's turtles (tons of chocolate poured over pecans and caramel) that keep people coming back.

"That's because of the quality of our ingredients. We use whole pecans not pieces and real whipping cream," McGuire boasted.

Exactly what is it that attracts people to chocolate? McGuire says, for one, chocolate affects the brain in the same way as when people fall in love, by producing the chemical serotonin.

"Chocolate's been around since before Christopher Columbus, and the Inca Indians drank something very similar to hot choco-late," she instructed: "Why do people like chocolate so? It brings back memories. For nine seconds you're a kid again."

At Sydney Bogg candy is sold by the pound, by the piece, or in holiday gift containers unique to the company.

## Smiley twins give opponents double trouble

he first day of classes arrived in late August and Tom Smiley was ready to get his senior year at Redford Catholic Central started, his twin brother Mike wasn't.

Hasn't Tom always been a little more anxious? When the two were born Nov. 21, 1977, Tom arrived in the delivery room seven minutes before

Tom was a starting inside linebacker for the Class AA state champion Shamrocks, while Mike started at offensive guard and defensive end. Appropriate enough.

If Tom was a lineman, he might have a problem with jumping offsides.

"I had to go get gas and he didn't want to wait," said Mike, recalling the first day of school. "I'm

more laid back. Tom got a ride from a friend down the street in their Livonia neighborhood. Turns out, the car in which Tom was riding in the back seat got in an

accident. He ended up on the dash board with severe pain in his neck. The driver and passenger were treated and released. Before long, Tom was lying in a hospital bed.

'At the hospital, Tom said to tell (defensive coordinator) coach (Rick) Coratti, I'll be at practice, but I'll be a little late," said their mother, Carol Smiley. 'The doctor said, 'Let's see if your neck is broken first, then we'll decide if you can play ball,"

Tom recovered in time to start the season open-

If there is a characteristic they share more than any other, it's a will to compete.

They are fraternal twins, not identical, and don't act alike off the field. Tom has blue eyes, Mike brown. Tom talks more than Mike. They don't even have the same blood type, which is odd for fraternal twins.

Tom likes country music. Mike is a little bit country, a little bit rock 'n roll.

"I like Elvis (Presley), too," Mike said.

CC's 'Bruise Brothers'

Tom, 6-foot, 203 pounds, were No. 47 because he said it looked good. Mike (6-0, 210) wore 56 because it was worn by future National Pootball League hall of famer Lawrence Taylor. He hopes it's because he plays like Taylor.

"That's stretching it a bit," says Tom. The Smileys have had similar careers at CC, starring in football and also playing on the Shamrocks' lacrosse team. They even had similar scary

football injuries. Tom's junior year ended with a neck injury in the last game against Dearborn Pordson, He left the field on a stretcher in an ambulance.

How atrong is this guy's neck? Mike suffered a neck injury his freshman year and also was taken off on a stretcher. Problem was, the ambulance got stuck in the mud on

the CC practice field. If you've seen the practice field, 70u can picture an ambulance geting stuck Someone should have ilmed it and sent it to America's Funnicat Home Videos,

"They had to call for another amoulance," remembers their mother. The Sinileys back each other up

on the field,

"If someone jaushes Mike; I'll say That's my younger brother you're pushing," " Tom said. "We want to et them know there are two of us, We're the Broise Brothers! "

The Smileys attended St. Michael School in Livonia and played for the Gaels' 1991 Catholic Youth Organization championship team in the Bilverdome, Soccer was their sport until third grade when football became their passion after watching cougling Jeff and Mark Schwartz star on CC football teams in the mid to late '86a

Their most loyal fan is grandfather Peter Grace, who travels more than an hour to all their games.

Illa real estate agency appropried the boys' Gua Macker Tournament basketball team, which won the Port Huron championship, Smileya' grade school pal and CC teammate Eric Gilbo even affectionately calls him "Grandpa."

"Grandpa calls us at 7 a.m. to tell us we're ranked in the USA Today," Tom said.

The Shamrocks were ranked 15th in the most recent national poll.

The Smileys' football careers and label of teammates will end after this year, Torn wants to attend Western Michigan University, Mike is looking at Michigan State.

"You don't want to be always associated with your brother," Mike said.

## Shamrocks win AA title, 24-0

Redford Catholic Central finished an undefeated football season with a 24-0 win over previously undefeated Holt in the Class AA championship.

John Spolsky sat to the right of Redford Catholic Central football coach Tom Mach in the press room following Saturday's Class AA state football championship game.

Fitting, because if ever a player qualified as a coach's right-hand man It's Spolsky, the inspirational leader on both sides of the line of scrimmage for the Shamrocks.

Spolsky softened up Holt with inside yardage, gaining a AA finals game record 109 yards on 22 carries, as the Shamrocks won their fourth state title, 24-0, before 17,602 at the Pontiac Silverdome.

The Shamrocks led 6-0 at halftime and added two touchdowns and a field goal in the second half.

They scored on a two-yard run by Spolaky, a four-yard run by junior fullback Rich Deptula, a 13-yard pass from quarterback Greg Call to tight end Eric Gilbo and a 26-yard field goal by Eron Kosmowski.

CC's scoring drives covered 63, 66 and 51 yards. The Shamrocks had a 313-49 edge in total yardage and had a time of possession of 32 minutes, 43 seconds to Holt's 15:17,

not lose on the freshman or junior

varsity level, either. Holt's speedy tailback Justin Dungey gained 10 yards on his first carry, and finished with only 11 yards on

eight carries. 'Holt is a very good team and I'm happy at the way we went after them," Mach said. "We were tough

defensively and offensively tried to keep it as long as we can and put it

Spolsky's inside running opened up the outside for junior quarterback Greg Call, who finished with 66 yards on 13 carries. Junior tailback Greg Alcala added 72 yards on 12 carries with a long of 28.

It was Spolsky whom the Rams feared most. The Rams were no "I kept telling myself before the slouches, bringing a defense that shut games to the Silverdome.

CC kicker Eron Kosmowski, named to the Associated Press all-state first team, missed field goal attempts of 40 and 29 yards in the first half.

## C linemen share in team's success

If you had to give a Most Valuable Player award in the Class AA football champlonship game Saturday, you'd need to hand out several.

One for each of the Redford Catholic Central offensive linemen.

They tipped the scales in favor of the Shamrocks, who managed to control the ball and grind out a 24-O victory over previously-unbeaten Holt at the Pontiac Silverdome.

'I can't say enough about the offensive line," CC fullback John Spolsky sald. "They don't get a lot of recognition, but we know what they can do. We recognize them and appreciate them."

The all senior front of Jim McFarlane, Jeff Monnette, Mike Smiley, Matt Hyl, Nick Lachapelle, Erlc Gilbo and Eron Kosmowski made it possible for the Shamrocks to dominate the clock and out-

gain the Rams, 300-11, on the ground.

"This is the best offensive line we've had, as far as controlling the football, since I've been at Catholic Central," said CC coach Tom Mach, who ended his 20th year with a fourth state title. "Actually, the backs and the line did a great job of controlling the hall and moreso the tempo of the game. It's frustrating for the other team, because you're pounding the ball on them and they can't get it back."

The advantage up front for CC was subtle. Going against another big, strong running team. like itself, the Shamrocks had few long gainers but kept chipping away and moving the ball.

"They had a very tough line, one of the best we've faced," Mach said. "I'm not surprised we held the hall because we've done that every game without fail. We averaged 300 yards rushing a game, the most since I've been at CC. That's a lot

of yards for a high school team.

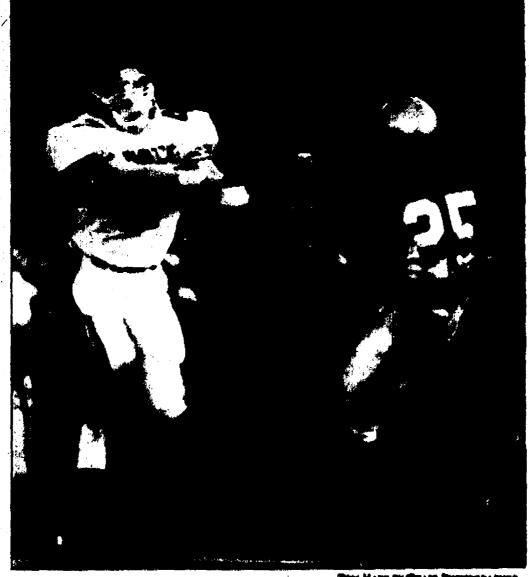

The Shamrocks ran behind Smiley and Byl on the left side early and Monnette and Lachapelle later as they adjusted to Holt's defense.

"Smiley and Byl did a great job because we ran there an awful lot," Mach said. "They were shifting to our right because we tend to be right-handed, so we shifted to our left, and that helped us move the ball more consistently."

One of the biggest assignments went to Monnette, who lined up against Holt's all-state candidate Steve Robedeau (6-2, 265).

"Jeff did a great job blocking him," Mach said, "I was worried about putting a 265 pound tackle on-Jeff, who is 215. I was really concerned whether he could handle him, and he did.".

The Rams recognized CC's blocking ability as:

## Spolsky leaves options open

BY STEVE KOWALSKI

A reporter from the Lansing State Journal suggested to Redford Catholie Central senior fullback John Spolaky that Michigan State University coach Nick Saban might show an interest in him this winter.

Spolsky, who has always wanted to attend the Air Force Academy, seemed flattered by the question.

Spolsky is built a lot like MSU's Scott Greene, but prior to the playoffs. not even Spolsky thought about playing in the Big Ten:

He said he is keeping his options

"I went to Space Camp as a kid and I've been into that, I still am," Spoisky said of his interest in Air Force. "I would think about it (attending Michigan or Michigan State), I don't know if they're thinking about me. To go on in college would be a real privilege."

The two point conversion pass has become a high percentage play for the Sham. rocks, thanks to the athletic ability of junior. quarterback Greg Call.

Call completed a two point pass to Spol-Heighta Stevenson. He milled but and found the Michigan High School Athletic Associa senior Steve Mondry on a two point pass to tion record book. give the Shamrocks a 14 0 lead with 6:49 left in the third quarter against I folt.

## Crusader men, women taste defeat

Poor shooting and poor rebounding usually adds up to one thing poor results.

Madonna University's women's basketball team did not shoot the ball well in its Wednesday game : against visiting Lake Superior State, nor did it board well, which is a good reason why the Lady Crusaders absorbed a 75.67 loss. The defeat left Madonna at 3.3

for the season. The Crusaders were led by Mary Murray, who totaled 21

points and seven rebounds. Francine Williams added 13 points and Dawn Pele scored nine.

Which shows the starting front line for Madonna did its job scoring, going 19-for-39 from the floor (48.4 percent). But they grabbed a total of just 16 rebounds between the three of them; the Lakers outboarded Madonna 47-30.

And the Crusaders starting backcourt of Meegan Marlatt and Katio Cushman were off-target, converting only 4-of-24 from the field combined (16.7 percent). Cushman did contribute four as-

For the game, Madonna made 28 of 78 from the floor (\$5.9 percent) to Lake Superior's 29-of-68 (42.6). Katie Hoy led the Lakers with 19 points and three steals. Heather Hopkins added 17 points and Chris Nance chipped in with 15 points and a team best eight rebounds.

The Crusaders kept it close for a half, trailing 34.33 at the intermission. But their fortunes faded in half No. 2.

Toakland U. 104, Madonna 74: The Fighting Crusaders managed to make a game of it for a half, trailing just 44-39 at the break Tuesday at Madonna.

After that, well, it was a different story.

The Pioneers (now 1-4) outpointed the Crusaders 60-35 over , floor (20 percent). The team was the final 20 minutes in rolling to the win.

## Warriors stop Spartans but team shows promise

BY RICHARD L. SHOOK BTAPP WRITER

There's nothing like a big exam on the first day of school to tell you where you stand in class.

Birmingham Brother Rice earned an "A" in its first time out Wednesday night, defeating Livonia Stevenson, 4-1, in a nonleague hockey game at Eddle Edgar Arena.

But the host Spartans graded out at a solid "B" in their first effort and haven't blown their shot at an "A" just yet.

For coaches Mike Harris of Stevenson and Mike Brown of Brother Rice, whose association extends back into their playing days, looked at the game as an opportunity to open the season with some steak instead of a cupcake.

"I like opening up against them." Brown said. "It's a challenge. It's a great way to start the season. They have a top-notch program."

"We always open against a Michigan Metro team," Harris

said. "Either Catholic Central or carom off first the left post and Brother Rice. I like to start with a tough game. It's a great benchmark. They have an upper echelon program,"

The Warriors broke a tie score with a pair of goals 4:20 apart in the third period to decide what was essentially a defensive struggle.

Andrew Coubrough unleashed the tle-breaker from the right facooff circle at 5:39 and it went through the short side off Stevenson goalle Jordan McCormack's padded left leg.

Defenseman Ryan McKindles fired a shot into a crowd from the left point on a power play at 9:59 and Andrew Pownle deflected the puck into the net for a 3-1 lead.

Junior Mike Swistak scored an empty net goal with six seconds to play, notching a pinball style goal from beside the net. He barely beat a defenseman to the corner and, following a battle for possession, somehow managed to slide the puck sideways so it could they'll alternate appearances.

then the right before coming to rest behind the red line.

It was Swistak's second goal of the game, his first opening the scoring 59 seconds into the second period. His blast from left wing nicked off McCormack's short side leg into the net.

Stevenson tied the score on a power play at the 7:55 mark when Jason Baylis converted a passout from behind goalle Kris Arthur with a swift one-timer.

Stevenson has a solid goaltender," said Brown, whose team had an 18-12 edge in shots on goal. "We had some screened shots.

But against a goalie like that, you have to open his legs, move him from side to side or get some rebounds. You just shoot it at him, and he's going to say 'Thanks."

Brown, as is his custom, switched goalies midway through the game, replacing Arthur with Casey Osting. For league games,

Stevenson was tentative offensively until late in the game, when desperation opened up the attack and gave the Spartans most of their quality shots, They had a 7-5 edge in shots in the second period but trailed, 10-5 in the third and 3-0 in the first.

Both schools emphasized defense over offense and it showed in the score because there less than five 3.on-2s or 2.on-1s by both sides in the game.

"You're always disappointed to lose," Harris said. "But I'm confident our kids can overcome it. They'll be ready Wednesday night."

II LIVONIA FRANKLIN 3, MILFORD 3 (TIE): Visiting Milford pulled its goalie with 1:12 to play and got the tying goal off the stick of Chris Heyn, who notched his second of the contest.

Pranklin scored in each period Wednesday at Eddie Edgar Arena to remain unbeaten at 1-0-1. Milford, 2-1-1, scored twice in the opening period but Greg Job, off assists by Eddie Kruschka and Kevin Bernard, kept the home team within shooting range.

Kruschka scored an unassisted goal in the second to tie the score, 2-2. and Bernard gave the Patriots a 3-2 lead off an assist by Kruschka in the third period.

Kruschka scored four goals Tuesday night at Lakeland Ice Arena to help the Patriots get their season off to a successful start with a 5-3 victory over Milford Lakeland.

We scrambled a lot but picked up our bad checks," coach Terry Jobbitt said.

Kruschka notched a pure hat trick with three in a row. His third of the night came with a teammate serving a penalty while his final tally came while Frank. lin had a man advantage.

Tom Taylor played goal in the first two periods and stopped 14 of 17 shots by Lakeland, 3-1. Phil Brady faced eight shots in the final period.

Bernard scored Franklin's other goal and assisted on two while Brad Thornhill had a pair of assists. Erik Hillebrand and Jason .: Wier added assists for the Patri-

LIVONIA CHURCHILL 8, WALLED LAKE WESTERN 1: Dave Higham and Ed Rosettto scored two goals apiece Wednesday night in leading Churchill to its season-starting win at Lakeland Ice Arena.

Churchill was up 3-1 after one period and 5-1 after two.

Downer for Spartans: 40 seconds after this interference penalty on Andy Domzalski (right) expired, Rice scored to take a 3.1 lead over Stevenson.

1. Give the reader specific information. Pretend you are someone reading the classifieds. what would you like to know about the item, service or job you are advertising? Be sure to add details such as color, size, condition, brand name, age, features and benefits. Be accurate! Don't embellish your ad with misleading information. Stick to the facts and reap the rewards!

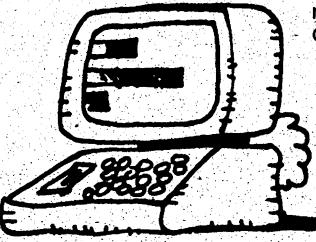

i. Include the price. Don't vaste your time or a potential uyer's time. If you advertise the price of the item or service you offer, the people who respond o your ad will be those who are jenuinely interested. Surveys how that readers are more nterested in those Items and ervices they know are within heir price range.

3. Avoid abbreviations. Don't make a potential customer work too hard! Although you may be tempted to cut down on the cost of your ad by using abbreviations, surveys indicate that many people don't understand such abbreviations as EIK (eat-in kitchen) or WSW (white side wall) tires and won't take the time to figure them out. A confused reader is a disinterested reader. Get the most for your money and use complete words.

4. Include phone number and specify hours. Be sure to let potentia! customers know when and where to call. Surveys show that even if a person is very interested in your Item or service, he or she will not call back after the first attempt. Stay near the phone during the hours you indicate you will be available. Don't risk missing a sale!

5. Run on consecutive days. Your ad will not get results if people don't see it! Therefore, it is important to set up a consistent and consecutive ad schedule with your telephone salesperson or outside sales representative.

"Traditions of the Beason" offers visitors a wealth of opportunities to bask in the glow of holiday lights and be dazzled by decorations and hands-on activities while listening to the songs. and stories of this most feative of times," said Mary Lynn

"Our holiday visitors will discover how Americans have celebrated the season through the centuries and can even start some traditions of their own. A visit to the Museum and Village during the hollday season has become a ritual for many families, and our teams of dedicated staff and volunteers have been working for months to present hollday experiences that will become cherished memories."

An indoor winter wonderland greets Henry Ford Museum visitors as they encounter a threestory tree that sparkles with light. Hanta will greet youngsters to hear their wishes daily through Dec. 24.

Outdoors, Greenfield Village visitors can experience a variety of seasonal celebrations at the 19th-century Firestone Farm and Edison Home. Visitors to the Barah Jordan Boardinghouse will discover how Mrs. Jordan prepared for America's first lighting exhibition. Many of Thomas Edison's Menlo Park laboratory workers lodged at this home, which enjoyed a flash of

fame on New Year's Eye 1879 with Edison's first public demonstration of his electric lighting system.

The Honry Ford Estate - Fair Inne, is just minutes away on . the University of Michigan, Dearborn campus on the northwest corner of Michigan Ave. and Evergreen, From Dec. 1-31, the 66 room entate, home of Henry Ford and his wife, Clara, for 35 years, offers a variety of ways to celebrate the season. It is surrounded by a 78-acre wildlife refuge. For reservations or a schedule of events call (313)

## 'Nick' wastes time with improbable thriller story

MONAGHAN

In "Nick of Time," Johnny Depp plays a regular guy ap-prehended by police, given a gun, and told that if he doesn't assassinate the governor this afternoon his daughter will die.

One of the more captivating premises of the year is given the added twist of being filmed in real time, the action set roughly between noon and 1:30 p.m. on a typical Los Angeles afternoon. Instead of peaking our interest, however, "Nick of Time" only serves to remind us that movies manipulate time for a

The script mines several Hitchcock staples - the average guy caught up in intrigue seemingly beyond his control and a distrust of law enforcement. It soon becomes evident that not only is Christopher Walken's renegade cop in on the plot; so is the governor's entire security staff.

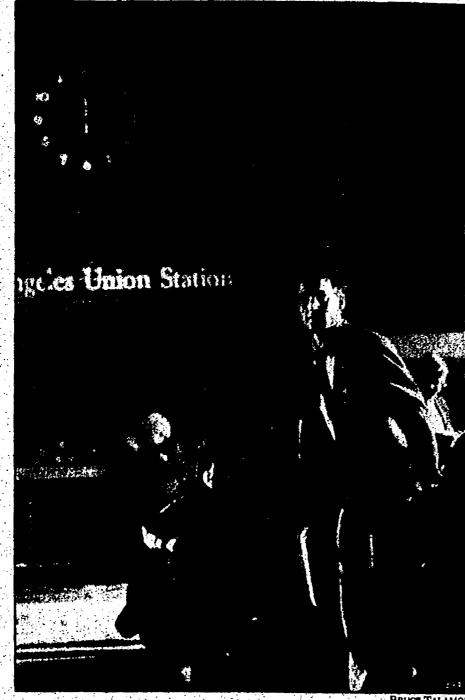

John Badham is no Hitchcock. The director of "Saturday Night Pever" and "War Games" proved with last year's "Drop Zone" that he's become pretty much a hack for hire. He seems oblivious to the plot holes that fill the screen.

I'm sure Depp's character was too much in shock to turn the gun on the kidnappers as soon as it was given to him. But why does he have to stand in plain sight on a glass elevator as he's trying to make his escape?

Time is one of the cinema's best suspense techniques (You mean he's only got three minutes to destroy that bomb?) In "Nick of Time," when Walken's villain says, "Your last chance to kill the governor is at 1:20," a collective groan emanates from the audience. You mean we have to wait another 18 minutes for something exciting to happen?

It might have helped if so much of the action wasn't limited to the mirrored glass towers of L.A.'s Westin Bonaventure, which reminds us not only of Detroit's Ren Cen but also "In the Line of Fire," a superior thriller whose climax was filmed here.

As a villain, Walken again employs the menacing, almost otherworldly quality that he brings to most of his roles. Dressed in a

Suspense thriller: Johnny Depp and Courtney Chase star in "Nick of Time."

dark suit and Secret Service wire, he is believable even when appearing out of nowhere to foil Depp's latest attempt to get help.

A man of few words aside from threats, he does deliver a lengthy anecdote about killing "a Mick" that smacks so much of Quentin Tarantino's self-consciously hard-boiled dialogue (and is so out-of-place here) that you can't help but snicker.

Depp, meanwhile, has the first adult role of his career, yet it's a step backward to his days on the TV series "21 Jump Street." His furrowed brow and ultra-serious approach to a dopey script represents the kind of acting he's transcended since in unusual roles from Ed Wood to Edward Scissor-

Movies at their best make you forget about time, "Nick of Time" was one of those moments when, as the minutes ticked slowly by, I realized just how much time I spend with movies as mediocre as this. I looked at my watch at least as much as the characters on

1. Give the reader specific information. Pretend you are someone reading the classifieds. What would you like to know about the item, service or job you are advertising? Be sure to add details such as color, size, condition, brand name, age, features and benefits. Be accurate! Don't embellish your ad with misleading information. Stick to the facts and reap the rewards!

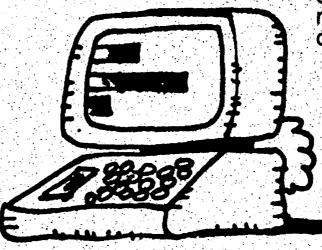

!. Include the price. Don't vaste your time or a potential luyer's time. If you advertise the rice of the item or service you lifter, the people who respond o your ad will be those who are renuinely interested. Surveys how that readers are more nterested in those items and ervices they know are within helr price range.

3. Avoid abbreviations. Don't make a potential customer work too hard! Although you may be tempted to cut down on the cost of your ad by using abbreviations, surveys indicate that many people don't understand such abbreviations as EIK (eat-in kitchen) or WSW (white side wail) tires and won't take the time to figure them out. A confused reader is a disinterested reader. Get the most for your money and use complete words.

4. Include phone number and specify hours. Be sure to let potential customers know when and where to call. Surveys show that even if a person is very interested in your item or service, he or she will not call back after the first attempt. Stay near the phone during the hours you indicate you will be available. Don't risk missing a sale!

5. Run on consecutive days.
Your ad will not get results if people don't see it! Therefore, it is important to set up a consistent and consecutive ad schedule with your telephone salesperson or outside sales representative.

### Down in the dumps? BMW 318ti Club Sport is your ticket

By Anne Fraçassa Avanti News Features

I was preved. I had been stuck in Chicago all afternoon, trying in vain to get a flight home. I had been on standby for three flights, finally getting one.

The flight attendant tells me there's no room for my carry-on, so it had to be checked. Seemed like a minute after I gave her the carry-on, the door slammed shut and the plane pulled out.

Without the carry on! With the keys to the BMW 318ti Club Sport in it! Idiots!

A harried 90 minutes later, the carry on miraculously appeared in baggage claim and, still irritated, I sulked and muttered to anybody who would listen all the way out to the Green Lot, threw everything in the trunk and buckled up for the ride home.

By the time I got home, some 45 minutes later, the radio was blaring, I was stomping on the gas and clutch and had a smile on my face from ear to ear.

What does that tell you about M3. how fun it is to drive this car? Lots and lots of fun.

everything all better.

ROAD TEST By Anne Fracassa

BMW 318ti Club Sport is a limited edition version of the 318ti and is a product of BMW M. which is the company's subsidiary that specializes in M cars, motorsports, technology and is its vehicle individualizing" arm. It also puts out all the exclusive edition models - like last year's 540i Sport and the

The 318ti is BMW's most affordable car at a base price of Even though I got such a \$19,900. The 318ti Club Sport larger in diameter than those of lousy start because of the air- carries on that affordability by line, this baby Bimmer made starting out at a comfortable

Its value for the dollar is impressive, to say the least.

Powered by a responsive, fuel efficient 1.8-liter dual-overheadcam 16-valve 4-cylinder - yes, 4 cylinder — the 318ti Club Sport moves when you want it to, and without complaint, I might add. Stomp on the gas pedal and it goes, and goes, and

Ohhhh, the handling. This car is so solid, you feel like you're one with the car. Every move you make, it makes with you, in fluid motion. It couldn't be more in sync if the two of you. were linked with Saran wrap. And the steering response is so fine that the slightest turn of the wheel will yield results.

The 318ti is nearly effortless to drive. Give thanks to the same suspension specially fitted and tuned by BMW M. That special suspension is outfitted. with firmer springs, shock absorbers and anti-roll bars than the average car. The 5the 318ti Sport.

speed manual - the only transmission available for the 318ti Club Sport, by the way (as it should be). It gave me a little trouble when shifting from second to third and by the end of a weeklong evaluation, I was still having a hard time getting it

into reverse.

The list is so long on standard equipment it would take way too much room, but here are the highlights: Enginespeed-sensitive variable-assist rack and pinion steering, 4. wheel disc brakes with anti-lock brakes, 2-speed windshield wipers with car-speed-controlled intermittent operation and heated washer jets, dual power heated outside mirrors, a take-out flashlight in glovebox, height-adjustable front sports seats that recline, adjustable head restraints, split folding rear seats, power front windows with key-off operation, microfiltered ventilation and a CDready, six speaker anti-theft spoke alloy wheels are an inch AM/FM stereo radio/cassette

he 318ti Sport.

Optional equipment includes
I had a hard time, for some limited slip differential, a pre-

speakers, a power two-way sunroof with key-off operation, a remote keyless entry security system, a six-disc CD changer, cellular phone and roof-rack carrier.

Safety, always a priority with this German automaker, is evident with dual air bags, highadjustable front seatbelts with automatic tensioners (they drove me crazy by tightening at the wrong time) and a full barrier in front and rear. It's also got side-impact beams that meet 1997 standards,

comes in jet black. Its aggressive stance is further enhanced by neat foglights, M mirrors, M front spoiler, side sills and a rear apron. Leather seating is plush and comfy.

And, lo and behold, this is a rear-wheel-drive Hallelujah! Up here in Michigan, most people say FWD is best in snow and ice.

Improved traction, they say. I say, hey — how many times a year in the past five did we really have snow? Not much. Rear wheel drive gives you superior handling in normal weather conditions, which is what most driving happens to

BMW evenly distributed the weight (51.4 percent front/48.6 percent rear) in the car to compensate a little for the car being rear wheel drive. It accomplished this by lengthening the wheelbase and mounting the battery in the rear. Well done.

Pretty car. Fun to drive. Affordable by most. 'Nuf said.

### Today's Technicians Shedding 'Grease Monkey' Stereotype

This is a pretty car. The one I (UN)-The men and women who drove was bright red, but it also repair our vehicles will probably always need a few wrenches and some soap and water to clean their hands at day's end, but the "grease monkey" stereotype is passing into history. Technicians with hand held engine analyzers and on-site computer terminals are becoming the norm.

Today's auto technician faces compocar. nents and repairs virtually unheard of a generation ago. Among the advances are on board computers, electronic fuel injection and unibody frame con-

Twenty years ago, a mechanic needed to understand 5,000 pages of technical text to be able to repair any auto on the road at that time. To perform the same feat today, a technician would have to decipher 500,000 pages of technical text-the equivalent of 250 big-city phone books.

The non-profit, independent National Institute for Automotive Service Excellence has been a driving force behind the professionalization of the auto technician. ASE is dedicated to improving the quality of automotive service and repair through the testing and certification of the repair techni-
