# Books, staffers set for move

Library staff members are spending their time early this week moving from their temporary office around the corner to the new building. The library's dedication is scheduled for Sunday, Nov. 3.

BY LEONARD POGER

The new William P. Faust City of Westland Public Library is on the move - literally and figuratively.

Today (Monday) is the start of a three-day move by the 22-member library staff from its temporary office on Ford at Central City Parkway to its new and permanent facilities in the library just around the corner, about a quarter-mile north of

Library Director Sandra Wilson, hired by the city in late 1994, said only the staff rooms are ready for this week's occupancy.

The construction of the building is on schedule and nearly 90 percent complete, Wilson said.

The director said a wine and

cheese reception will be held Friday night, Nov. 1, at the library for invited guests, with donors to be honored.

A public dedication will be held at 2 p.m. Sunday, Nov. 3, with the library to be "open for business" the next day.

Wilson said the move will be completed by Wednesday.

On hand in the staff's temporary offices near City Hall are boxes of paper work, computer equipment and related materials.

At the same time, the newly formed Friends of the Library will hold its organizational meeting at 7 p.m. Thursday, Sept. 19, in the Rowe House, on Marquette just east of Newburgh.

During an interview in her soonto-be-closed office, Wilson displayed the "opening day countdown schedule" presented to the library board for its monthly meeting.

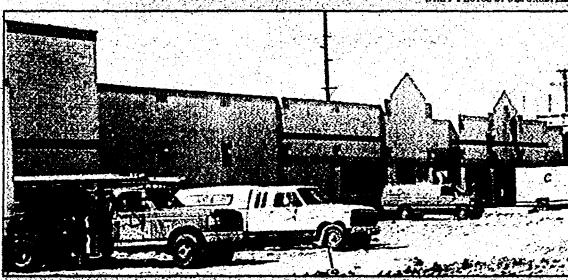

The staff of 22 people, or 17 fulltime equivalents, will actually begin their professional duties next week.

# **Construction time**

Businesses coming: Construction is progressing on a new strip mall on the southeast corner of Middlebelt and Ann Arbor Trail. There will be a Sears hardware, Burger King, and an Arbor Drugs in the mall. Arbor will relocate from its current site across the street. Work began on the retail development following demolition of the long-vacant Cooper School building. The city council approved the site plan late last year over the protests of nearby homeowners who objected to the increased traffic and noise problems.

# Job duties shuffled at Westland City Hall

BY LEONARD POGER

There were several administrative changes in City Hall disclosed last week with one department head to take a leave for medical reasons; two others are being promoted, and one former employee is coming back to. her former job.

Key to the changes is the depar-

ture of Carl Clark, public services department director for five years and a city employee for 11 years. Suffering from what is commonly known as Lou Gehrig's disease, Clark is expected to apply for a longterm disability leave, which has a maximum of two years.

In disclosing the changes, Mayor Robert Thomas last week said Clark

has been using vacation for the past two weeks and staying at home.

Clark, who will be 47 on Sept. 15, came to the city in 1978 as a park guard under the federally sponsored employment program. Later, he was named a water meter reader before being laid off in 1982.

He returned as a city employee in 1990 as a community development department housing inspector.

He was later promoted to DPS water and sewer superintendent and later moved up to the directorship. Clark will be replaced by Richard Dittmar, who served in the same post for 1991 and part of 1992.

The mayor said Dittmar has been

The Westland All Stars, a youth theater group L sponsored by the city's recreation department, will sponsor a "Spotlight on Tony" Thursday night to introduce Tony Lawry, the group's new director.

The group's fall production will be "Hello, Dolly!" with registration to be held soon for cast members and production workers.

Thursday's event will start at 7:30 p.m. in the Bailey Center's multi-purpose room, on the south side of Ford between Wayne Road and Newburgh.

Rehearsals for the upcoming musical will start Oct. 5.

Wanted are cast members who are elementary, middle school or senior high school students. Rehearsals will be held Thursday evenings and Saturday afternoons.

Registration fee in the theater group is \$50 for the first child in a family and \$25 for each additional child.

Deadline to register is Oct. 2. For more information, call 722-7620.

# Sears dispute has roots that go back in time

BY LEONARD POGER EDITOR :

Officials of Wayne County and the city of Detroit have their twin-stadium issue with opponents opposed to public funds being used for the benefit of private businesses.

If the projects become reality, there will be side-by-side stadiums for the Detroit Tigers and Detroit Lions on the north side of downtown Detroit.

In Westland, the issue is identical although the numbers and scope of a planned development are smaller.

The controversy, which ended last week with two related city council actions, involved a proposed Sears store on the northwest corner of the Westland Center property.

Sears will pay for its \$15 million-plus, two-story building and Westland Center will absorb a major chunk of the infrastructure costs.

But City Council member Charles

Pickering, a former mayor, is vehemently opposed to the use of \$1.3 million or more in Tax Increment Finance Authority funds to pay for parking lot improvement, utilities' relocation and other infrastructure changes.

He was joined by several homeowners who, like their counterparts in Detroit and Wayne County, object to the principle of spending public funds for the benefit of private businesses.

Pickering, in his third four-year term on the council, argued last week that the money could be better used for major public safety services, such as Advanced Life Support through the fire department's emergency medical services, and an expanded community policing program in neighborhoods.

The council member lost the battle, being the only dissenting vote when the council voted 6-1 last week to amend the TIFA plan so the Sears project would be included.

Shortly after the council votes on the

plan, a mall spokesman said ground. breaking for the new building could be in mid-September with the doors to open in time for the holiday shopping season in 1997.

Taking issue with Pickering's position was Council member Glenn Anderson, who argued that the TIFA dollars represent a much smaller investment in economic development than the former state property tax abatement program supported by Pickering when he was mayor from 1982-85 and later as a council member.

Last week's council debate on whether public funds should be used for the benefit of businesses wasn't the first time that Sears was involved in the dis-

TIFA plan and the related Sears site opposition to the proposal from both residents and city council candidates seeking election in the fall of 1991.

The parking structure proposal was initiated by the mall and endorsed later by the TIFA board and the quasi-municipal Economic Development Corporation board of directors.

Some focused on the financial principle, although some officials and candidates running for office were also opposed because the parking structure would add to existing traffic problems in the Wayne Road-Warren Road area.

The council accepted the proposal and incorporated it into its revised longrange TIFA plan, but the money was never spent for that purpose.

One major supporter of the plan then was Mayor Robert Thomas, who was in his first term. He said he feared that if the parking structure wasn't built, Sears would drop it's plan to expand in Westland and look elsewhere, probably

# **ANALYSIS**

In private, city officials who support the use of TIFA money for the Sears project point out that the funds are not collected from the city at large and later redirected for development purposes.

TIFA funds are created with the increased property assessment and tax increases in the city's northwest quadrant and used to finance or subsidize future projects which would encourage subsequent developments.

The city council and administration came under fire during the past 18 months because of using TIFA money to pay for and equip a \$8.5 million city library - all without voters' approval and following two overwhelming voters' rejections of millages in the late 1980s.

The library is nearly 90 percent complete and will be open to the public Nov.

# BOOKS from page 1A

The first deliveries of some 60,000 books will start the week of Oct. 14 and continue the following week. After that, Wilson said, there will be 1,000 books delivered a week until the \$1.7 million appropriation has been

The building will cost \$6 million. Besides the books, other major expenditures are budgeted for furniture and shelving (\$600,000), and computer networks (\$50,000).

Wilson's "punch list" of things to do from now until the opening includes orientation of the building staff, installation of security and fire systems, installation of shelving and movement of the office equipment and furniture.

Other planned activities include the shelving of the 16,407 used books Westland received when the joint Wayne-Westland Public Library was closed this spring with the opening of the new City of Wayne Library, installation of telephones, and processing of audiovisual materials and equipment.

Another major piece of business to be handled this week is the receiving of bids for more computer equipment.

When the library opens in nine weeks, patrons will have free use of the Internet for data searches. E-mail service will be available for \$120 a year.

Wilson also noted the major

contributors to the library. The Friends of Senator Faust, a group which solicited donations shortly after the legislator's death in early 1995, donated \$10,000 for the Faust Reading Room. Relatives of the former senator also donated to the

City Councilwoman Justine Barns donated \$8,000 for a story

time room. North Brothers Ford gave the library \$10,000 for a periodical reading area and \$6,000 for a young adult reading area.

The \$1,500 flag pole was bought with a donation from Victoria Funk in memory of her husband.

Several donations of \$500 and \$50 have also been received, Wil-

son said. For those seeking part-time jobs, the library is looking for students, homemakers or retirees to fill the positions of library pages.

named interim director and will be later be named permanent head of the department.

When Dittmar returned to his former DPS office last week, he was replaced as purchasing agent by Jill Runkle, who has been the mayor's executive secretary for several years. Before. she was the mayor's confidential secretary.

Thomas admitted that Runkle doesn't have experience as a purchasing agent, but as a mayoral office staffer for 6 1/2 years, she is familiar with the process and paperwork involved.

Runkle is a graduate of the Dorsey Business School.

Replacing Runkle in two weeks will Lorrie Eggers, who served in the same post under former Mayor Charles "Trav" Griffin, who was defeated by Thomas in late 1989.

Channell received a specially designed gold ring. The insignia on the ring is a classic contour Coca-Cola bottle, surrounded by five diamonds.

In an unusual move, production was shut down for about one hour so the employees could enjoy a catered lunch, complete with china plates and cloth napkins, with Channell and a few close family friends.

# Voters to decide hotel, car rental tax

BY BETH SUNDRLA JACHMAN STAFF WRITER

Voters get to decide in November whether to impose an excise tax on hotel rooms and rental cars in Wayne County to help pay for a project to build two stadiums in Detroit.

A plan was unveiled last week to build a domed sports and entertainment complex in Detroit next to a previously planned new stadium for the Detroit Tigers baseball team. Under the new plan, however, the Tigers stadium would be built on the east side of Woodward rather than the west.

The domed stadium would house the Detroit Lions football team, which currently plays at the Silverdome in Pontiac.

The ballot question will ask voters for permission to put a 1 percent tax on hotel rooms and a 2 percent tax on rental cars.

During a specially called meeting Thursday, Wayne County commissioners voted 12-3 to put the proposal on the Nov. 5 general election ballot. Local commissioners split along party lines in the vote. Commissioner Michelle Plawecki, D-Dearborn Heights, and Vice Chair Kay Beard, D-Westland, voted in favor, while Thaddeus McCotter, R-Livonia, and Bruce Patterson, R-Canton Township, voted against.

After hours of discussion and questions, commissioners voted on four aspects of the project. Besides voting to put the tax

proposal on the ballot, commissioners approved the Memoran- opposes new taxes. dum of Understanding between the city of Detroit, Wayne County, the Detroit Tigers and the Detroit Lions. They also approved the ordinance language to levy the excise taxes and the Articles of Incorporation forming a Detroit/Wayne County Stadium Authority.

"We cleared another hurdle, but we've got a long way to go," deputy county executive Mike Duggan said after the meeting, adding he was glad to see it approved by such a strong vote. The next step is forming the stadium authority, which will immediately begin "nailing down" the land acquisition, Dug-

Under the agreement, in the next 10 weeks the authority must have land acquisition costs nailed down and within budget. and the Lions must have \$50 million in corporate donations to meet a Nov. 1 deadline.

Patterson raised concerns that the ballot language on taxing hotel guests only says "transient guests" and that people living in hotel rooms would be subject to the tax, which has been referred to as a tourist tax.

Also, the tax on car rentals would affect Wayne County residents as many local residents rent cars when having their own cars serviced, he said.

"This is absolutely an excise tax, and a tax is a tax is a tax is

a tax," Patterson said, adding he

As for the \$50 million in corporate donations the Lions organization is to raise, corporations only have a certain amount per year to donate and donations to the stadium project could dry up donations to other causes such as community foundations or colleges, Patterson said.

McCotter also opposed the proposal. "While we call it a tourist tax there will still be Wayne County residents who will be affected by this tax," McCotter said.

McCotter said he also opposes \$20 million for the project coming out of the Northville Township property sale. McCotter also represents Plymouth and Plymouth Township.

Plawecki and Beard voted in favor, but Plawecki moved to have the ballot language and the ordinance language reconsidered

so commissioners could vote on putting a tax on the people," she them separately. The commission voted on them together the first time.

"I voted yes to put it on the or not they support it," Beard ballot," Plawecki said, but she voted against the ordinance to impose the tax saying it is premature. "I'm not in favor of raising taxes," she said.

While she voted to let the voters decide, she said she does have concerns about the stadium proposal. "What are going to be the benefits to western Wayne County?" she said. "Are all of our hotels going to be filled up?"

Plawecki also represents Livonia east of Middlebelt and Redford Township.

Beard, who also represents Garden City, added language at the end of the proposed ordinance that it wouldn't go into effect unless the voters approved the ballot language. "It does underscore that we are not

Active days. Discussion groups where every voice is important. Gardening where friendships bloom as well as flowers. And daily routines where people are secure knowing that trained, caring staff is nearby to offer assistance if necessary.

Friendship is one of the hallmarks of the Springhouse experience. In fact, it's never been easier for some of our residents as they are free to join each other for activities like walking and lectures. But residents can be on their own, too, setting their own routines. If they want to enjoy a quiet meal in their own apartment, they can. In short, residents make the choices that let them maintain control of their own lives.

We've designed Springhouse to be a sale and secure environment, with licensed health care professionals, staff and personal care assistants just seconds away—24 hours a day. So while residents are leading secure, active lives, their loved ones enjoy the peace of mind that comes from such special care—and Manor HealthCare's 35 year tradition of excellence in health care.

# Make a point with your pen

BY JAJITA GAULZETTI

No matter what kind of student you are, there's a pen to match your personality type.\_\_\_

As marketing director at Lakeside mall in Sterling Heights. I spent an afternoon shopping for the write stuff before deciding to pen this column. Here's a quick course by Lakeside merchants on how to match your student personality traits with the appropriate writing instrument for school.

### The kid at heart

No need to fool around, yours is the Mickey Mouse pen from the Disney Store. Made from carved wood, the extra fat pen is trimmed with tiny Mickey silhouettes in three places. It's \$65.

# The heavy notetaker

The college profs can give long-winded lectures that require lots of note taking, so pamper yourself with the Sensa pen. It has gel pads where your thumb and forefinger grasp the pen shaft. It's designed to prevent fatigue for those who need to take copious notes or write lengthy history essays. As an added bonus, the pressurized pen can write upside down. Available in silver for \$50, or solid copper for \$125 at Natural Wonders.

# The well-rounded athlete/scholar

Just as you are multi-talented, so is the Quad Pen by Franklin Quest. It writes in four different colors: black ink, blue ink, red ink or pencil. It's perfect for jotting notes in one color, making corrections in red and penciling in the football schedule on your calendar. The pen case comes in marble blue, green, black or burgundy. It's \$39 at Franklin Quest.

# The corporate climber

Success is important to you, and the Mont Blanc pen is recognized worldwide as a symbol of success in the business world. The best and the brightest gravitate to this pen. It's white-capped pen tip is modeled after the white snow-capped mountain by the same name in Germany. Prices start at \$123 at Bentley's Luggage.

# The intellectual

Do you identify with tortoise framed eyeglasses or take a low-risk, slow and steady approach to life? Perhaps your perfect pen pal is the tortoise shell ball point by Calibri. Replete with gold accents and a gold pocket clip, it has a twist closure to prevent pocket smudges of ink. It's \$39.95 at JB Robinson Jewelers.

# Future environmentalist

Young tree huggers will appreciate how the Orca whale pen makes the sound of an Ocra whale each time you click the pen to write. Or its sister dolphin pen makes dolphin noises. The pens come on their own satin neckwords to wear when not in use. They're \$6 at Natural Wonders.

# The fraternity guy

Your fraternity brothers will probably want to borrow this unusual pen, but just say "later." Churchill's wooden golf pen has a tiny golf club for its clasp, a wooden pen shaft and comes in its own matching wooden case. It's \$16.

# The future CIA recruit

Middle school boys and girls who love secret messages and mysteries will love the Talk Boy or Talk Girl pens by Tiger. Popularized a year ago by the movie Home Alone II, they're still hot sellers. The pens record your voice and will play it back at different speeds. The pens make six different sound effects, like sirens and whistles that will amuse your friends and drive the substitute teacher buggy. They're \$25 at Kay Bee Toys.

# The moody type

Without a doubt, your match is the mood pen that changes color to reflect your inner feelings. It responds to your hand temperature, to see if you're uncontrollable (purple), aggressive (blue) or another mood altogether. It comes with its own chart that matches colors with moods. The ballpoint pen with twist closure is \$6 at Natural Wonders.

# **Discounters** get the most school sales

A national retail survey says parents will spend about \$350 per child this back-toschool shopping sea-

According to the American Express Retail Index, which monitors consumer retail spending trends, and is based on a survey of 1,000 consumers nationwide, parents will spend an average of \$363 per child for back-to-school items this year. This is an increase of 12-percent, compared

The survey also revealed that nearly one in five parents (18-percent) say they plan to spend \$500 or more for back-to-school gear.

Nearly half, 49-percent of parents, will use a combination of cash (65-percent), checks (16-percent) and credit cards (15-percent) to pay for such back-to-school items as clothing, classroom supplies, textbooks and electronics.

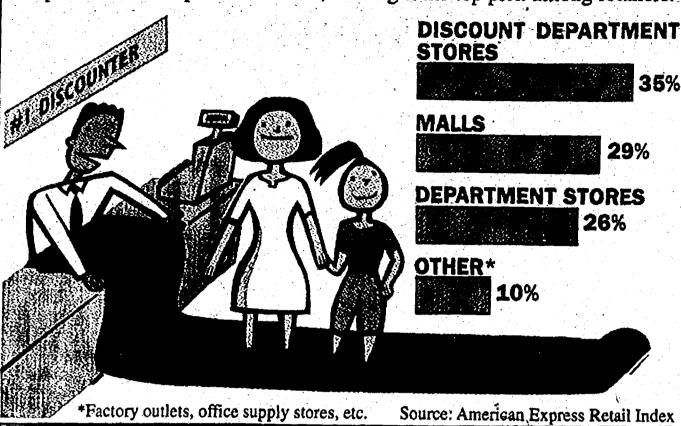

Parents say children will also contribute to the budget, pitching in an average of 19-percent from their own savings.

Surprisingly, and contrary to last year's backto-school survey, results showed that college boys are dramatically more style-conscious than college girls (547-percent versus 28-percent).

The survey-also found that nearly half of all students are considered style-conscious by their parents. On a scale of 1 to 10, with "10" being extremely style-conscious, and "1" being not at all style-conscious, 45-percent of parents gave kids an "8" or higher.

Parents report that high-schoolers are the most brand-conscious about their clothing although elementary and college students also demonstratWHERE AMERICA SHOPS FOR BACK-TO-SCHOOL

According to the American Express Retail Index on back-to-school shopping, more than one third (35%) of back-to-school shoppers plan to shop at discount department stores, making it the top pick among retailers.

ed strong preferences for certain brands.

The top brand names among all three groups of students were Levi's: 45-percent, followed by Nike: 39- percent, The Gap: 17-percent, Reebok: 16-percent, and Guess: 13-percent. Designer labels are also popular, with Tommy Hilfiger, Calvin Klein and Polo/Ralph Lauren each preferred by 5-percent of back-to-schoolers.

Wardrobe basics top the list of most-shopped for items in August, although clothing and general school supplies were each cited by 87-percent of respondents as the top two items on their backto-school shopping lists.

Clothing will account for more than half, 58 percent, of the back-to-school shopping budget.

Supplies will account for only 21 percent.

Top clothing items are back-to-school basics including jeans (61-percent), shirts and tops (57percent), underwear (30-percent), sneakers (26percent) and non-denim pants (20-percent).

Parents have more influence over where to shop for back-to-school (63-percent versus 31-percent) and their kids have more influence over what items are purchased (50-percent versus 39percent).

Nearly two-thirds (64-percent) of parents will shop with their kids, with parents of gradeschoolers doing the most shopping at discount department stores, (42-percent), and parents of high schoolers favoring malls (40-percent).

# Upscale family dining at a new mall kitchen

BY SUSAN DEMAGGIO STAFF WRITER

With the hope of offering upscale families a nutritious, delicious place to eat, two federal prosecutors left the courtroom for the kitchen, founding California Pizza Kitchen in 1985 in Los Angeles.

Eleven years, 77 restaurants, and \$160-million worth of pizzas later, Larry Flax and Rick Rosenfield brought CPK to Michigan - their 78th restaurant is now open in the Somerset Collection North in Troy.

"Forbes-Cohen (Somerset's developers) have been trying to get us here for many years," Flax said, in town for an opening benefit for the Karmanos Cancer Institute. "We're in their Palm Beach Garden shopping center and it's been a great experience."

The trademark of all CPK restaurants is a wood-burning oven which bakes the pizza in three minutes The short cooking time under intense heat preserves the natural, fresh flavors and characters of the

And what a variety of toppings - barbecued chicken, Thai chicken, Peking duck, bacon-lettuce-andtomato, shrimp pesto, tostadas and of course, pepperoni, sausage and mushrooms.

Strict vegetarians will appreciate the custom catering, no cheese, no meat, no problem.

In addition to pizzas, the restaurant serves a variety of salads, soups, pastas and desserts, beer, 🤏 wine and liquor.

"We basically reinvented pizza," said Rosenfield, with a wide grin. "But historically speaking, in Italy they made pizzas like ours before they ever had tomatoes, or sauce, that's the American touch."

### T.J. MAXX OFFERS

### DESIGNER COLLECTION

The WilliSmith Collection of fashions carried exclusively by T. J. Maxx stores in Bloomfield Hills and Ann Arbor will now be carried in the downtown Farmington store. The collection is housed in its own boutique, featuring denim and twill pants, over-sized denim shirts, zipper jackets, peacoats, corduroy jumpers and the techno silver look - silver and cream hood cropped sweatshirts and drawstring pants. Additional merchandise will be added when the weather turns cooler.

This collection marks the first time a top designer's work has been featured by an off-priced retailer.

Items in the collection are priced between \$19.99-\$69.99.

### HAIR-A-THON A SUCCESS

Andrew Dagher of Carnival Cuts at Twelve Oaks in Novi, reported that more than 70 people came in for \$10 haircuts recently, to raise money for Children's Hospital. This was the first year for the event which may be repeated in 1997.

The International Council of Shopping Centers' website on the Internet designed by the Annis Group of Southfield, received "Five Star Staus" from the Pike Net Review, a national provider of commercial real estate information. The site is located at http://www.icsc.org/.

In their review of the ICSC-NET site, Pike Net wrote, "while some parts are accessible to members only, most of the site is available to the public. Of particular interest is the database and research reports on the indus-

The site was created in May 1996. Shopping center-related companies will be able to tie into the ICSCNET through hyperlinks at a cost of \$600 per year. Plans call for the addition of employment opportunities and more retail publications.

My tomato plants are skyrocketing, and loaded with reddening globes, and my basil has bushed out beyond belief. I hope you too are enjoying the fruits of your garden labors.

Linda Rice of Plymouth called and raved about the fruited melon soup she recently enjoyed while dining at Matt Prentice's rave new restaurant, Relish in Farmington Hills. She was hoping I might have a good recipe. Well Linda, I do have a favorite recipe, and it came from a very old cookbook. We make it all the time in the Janes Gang kitchen, especially during summer when melons are sweet, ripe and plentiful. You can use honey, cassaba, Crenshaw or any other firm melon (not watermelon) or combine two for an even better, complex flavor.

### **CANTALOUPE SOUP**

- 1 large cantaloupe, skinned, seeded and diced
- 5 tablespoons butter
- 2 teaspoons sugar
- 1 teaspoon fresh grated lemon rind dash powdered ginger
- pinch salt
- 2.1/2 cups half and half, heavy cream or milk Sprigs of mint, for garnish, optional

Saute canteloupe in hot butter with sugar, lemon rind, ginger and salt until soft and tender, about 5. minutes over medium heat. Add half and half, bring to a boil, then reduce heat to a simmer and simmer for 10 minutes.

Transfer contents to a blender or food processor and process until smooth and pureed. Cool and chill. Adjust seasonings with lemon juice or even a splash of dry white wine. Garnish with sprigs of mint. Serves 4.

■ Another anonymous reader called and reported that she is concerned about eating potato skins.

Seems her sources have told her to be cautious because the skins might be toxic because of chemicals and sprays being used in the fields. I contacted my sources at the Michigan State University Extension Service and their word is that anytime you prepare fruits, vegetables and potatoes purchased from a grocer or farm market, they should always be cleaned or scrubbed before cooking. If your food is properly cleaned before cooking, there should be no problem. Look for Citri-Spray at health food stores — you spray on, and it cleans and reduces the wax shipping coating on many fruits and vegetables. It retails for about \$7.99.

Speaking of potato skins, here's a healthy recipe that tastes as good as the real thing!

# CRISPY POTATO SKINS

- Starting with leftover baked potatoes is a real timesaver.
- 2 cooked large baking potatoes (about 8 ounces each )
- 1 1/2 tablespoons olive oil
- 2 cloves garlic, crushed
- 1 teaspoon salt free lemon herb seasoning
- 1 teaspoon butter flavored sprinkles
- 1/4 teaspoon paprika
- 1/4 teaspoon salt (optional)
- 1 tablespoon fresh grated Provolone cheese

Preheat the broiler. Cut potatoes lengthwise into quarters. Scoop out potatoes, leaving about 1/4 inch shell of skin. Reserve insides of potatoes for another use. In a small bowl, combine oil, garlic, seasoning blend, butter sprinkles, paprika and salt. Brush over both sides of potato shells. Place potato skin side down on a large baking sheet. Sprinkle cheese evenly over the skins. Broil 3-5 minutes or until browned and crispy Serves 4.

# NOW'S THE TIME TO FALL FOR

For centuries, people have sung the praises of pears. The ancient Greek poet Homer, for instance, held the pear in the highest esteem, calling it "the gift of the gods."

According to John F. Mariani, author of "The Dictionary of American Food and Drink," (William Morrow and Co. Inc., copyright 1994), Pears originated in Asia, possibly China, and have been cultivated at least since 2000 B.C., with more than 15 thousand species having since been developed from either the "Chinese pear" or the "European pear."

Most American varieties developed from the European pear. which was brought to the Colonies in the 17th century by Jesuit missionaries, English settlers in Massachusetts, and the Dutch in Amsterdam. In the West the pear was introduced by Spanish missionaries by the "49ers" heading for the Great California Gold Rush in covered wagons.

In his book Mariani writes, "by far the most widely cultivated variety in the United States is the "Bartlett," first mentioned in print

The Bartlett pear variety originated in Berkshire, England, in the 17th century by a schoolmaster named John Stair.

Stair sold some of his pear tree cuttings to a horticulturist named Williams who further developed the variety. The pear is still called. the Stair-Williams pear in some parts of England, but according to Mariani, acquired its American name thanks to Enoch Bartlett of Dorchester, Mass., who promoted the variety in the United States. The Bartlett now accounts for three quarters of U.S. pear produc-

Today, the Bartlett is America's favorite pear for both eating and

Now — as the bright, sunny days of summer begin to give way to autumn's cooler temperatures - is a perfect time to enjoy pears.

The largest producers of pears are California, Washington, Oregon, New York, Michigan, Illinois, Pennsylvania and New Jersey.

California produces 60 percent of the nation's crop. Michigan pears are available at farm markets and stands through October. California Bartlett pears are also available

through October.

A medium-size Bartlett pear provides healthful amounts of dietary fiber (4 grams), vitamin C and potassium, at only 100 calories each. Pears contain no cholesterol or sodium and are virtually fat-

To pick the perfect pear, look for relatively smooth, unblemished skin. Degree of ripeness is subject to personal preference. Some people like the crunchy texture and taste of green pears; others want them tender, juicy and golden yel-

Pears are picked mature (green and firm) because they develop an undesirable mealy texture if they are left to ripen on the tree. Green pears may take four to six days to

are "breaking" or green tinged with yellow, they will fully ripen in two to three days. If you prefer eating pears that are more firm, this is the perfect stage.

Always ripen pears by placing them in a fruit bowl at room temperature. Once they reach your desired ripeness or turn yellow, place them in the refrigerator to slow further ripening. Depending on ripeness, they can hold for almost a week.

To help cut or sliced Bartlett pears retain their color, dip them into a mixture of 1 tablespoon lemon juice and 1 cup water.

A slightly under ripe pear is perfect for poaching or baking. An overripe pear makes a great base for a blended drink.

## A Pick of the Pears

- SUMMER PEARS
- Bartlett pears, are bell-shaped and the most familiar of the summer varieties. The new crop becomes available in August and continues into early winter. Bartletts change color from green to yellow as they ripen; ripe Red Bartletts have spectacular crimsoncolored skins; both have white, juicy flesh and superb flavor.

#### WINTER PEARS

- Anjou and Red Anjou pears are almost egg-shaped with a slight "shoulder" and short stem. They are wonderfully juicy when ripe and have a mild, spicy taste. Anjous are the most abundant of the varieties, excellent for salads and for juicing; available from October to June,
- Bosc pears are symmetrical with a long tapering neck and slightly rough, golden-brown skin, which does not change color when ripe. Their creamy taste and attractive shape makes them ideal for poaching, baking or preserving; good for eating fresh too. Available from August through May.
- Comice pears are greenish yellow with sometimes a rosy blush. They have a short neck and stem and are superbly sweet. Harvest starts in quently seen in holiday gift boxes, prized for their abundant juice.
- Nelis pears are small with brown russeting over a light green skin. They are sweet, flavorful and firm enough for cooking and canning; available from October onward.
- Forelle pears are small and bellshaped with sweet, juicy flesh and crimson "freckles" that develop as the fruit ripens. The season lasts from February to September.
- Seckel pears, the smallest variety, have a dark red blush, particularly sweet taste, and are delicious eaten fresh. Available August to January.

# Schoolcraft offers writer's forum

togget underway this fall at Schoolcraft College in Livonia.

English professor Arthur Lindenberg, who initiated the program, has invited five prominent authors to visit the campus during the coming weeks to participate in the program. Each will read from his or her work at a 2 p.m. session open to the public. (Specific meeting rooms will be announced later).

From 7-9:50 p.m. the writers will critique manuscripts of students enrolled in English 206, a 16-week creative writing class taught by Lindenberg. The public is also invited to sit in on the critiquing sessions, said Lindenberg. All events are free.

A new forum for writers is set writer, and memoirist Gary Gildner, will visit the campus Sept. 18. Also scheduled to participate in events during the coming weeks are Kathleen Ripley Leo (Oct. 2), Jim Daniels (Oct. 22), and Danny Rendleman (Nov.

> On Nov. 6, Schoolcraft will host fiction writer/poet Jan Worth, winner of The MacGuffin's first nationwide Poet Hunt competition last year.

Only those enrolled in English 206 may have their work read and critiqued by the visiting writers. Classes begin Aug. 28. Late registration runs through Aug. 30. For more information, call (313) 462-4400, Ext. 5292.

Lindenberg said the forum's Noted Illinois poet, fiction shape began to gel last year,

after he had participated in a writers conference co-sponsored by Oakland University and Detroit Women Writers. At the event. University of Michigan professor/poet Richard Tillinghast discussed such a format during one of the day's sessions,

"For a number of years we have wanted to offer a forum in which writers could interact with each other," said Lindenberg, who also edits the college's literary arts journal, The MacGuffin, "We're trying to reach out, to appeal to a group in the community who would use the college if more of this kind of thing were offered."

# Ocelots reload with new crew

Schoolcraft College men's soccer coach Van Dimitriou is looking forward to the 1996 season. The Ocelots have a talented cast of newcomers who could reach the NJCAA finals for the first time since 1990.

BY BRAD EMONS STAFF WRITER

With people like Van Dimitriou, the Schoolcraft College men's soccer program is always in good hands. Or is it good feet?

Despite losing virtually everybody off last year's squad, 15-3-1 overall and Region 12 finalists in the National Junior College Athletic Association (losing to DuPage, Ill.), Dimitriou recruited during the offseason like an insurance man, putting together another Allstate cast.

"Last year we were not quite as deep," said Dimitriou, now in his 13th season. "We had a good starting eight or nine, but not quite as solid with our marking backs or midfielders.

"These kids can play. They have more potential than any other team I've had as far as talent. And I think

we'll gel."

Gone is Mo Hijazi, who set a Schoolcraft record last year for goals

Also using up their JC eligibility are three Eastern Michigan University recruits, Livonia Franklin High products Victor Rodopoulos and Dave Binkiewicz, along with Plymouth Canton grad Eric Stoecklein. Dimitriou must also replace Israeli native George Abuamsha and goalkeeper Ari Mecholwicz.

Filling the void at forward will be two freshmen, Mike Dean, who scored 35 goals last spring for Dearborn Edsel Ford, and Dave York of Novi, a member of the first-place Birmingham Cobras of the Great Lakes Men's Soccer League.

"Dean can play a number of different positions," Dimitriou said. "He doesn't mind playing all over. He distributes the ball as well as any-

one. He can play defense and sweeps like it's his normal position. But he'll start out at forward."

Dimitriou will also use Garrett Maki (Dearborn Heights Crestwood), Mark Hill (East Kentwood) and possibly Movin Salame (Dearborn Fordson) at the forward spots as well.

"Mo (Hijazi) and Fadi (Bazzi) stood out individually, but this is the best I've ever had as a group,' Dimitriou said. "Last year Mo scored 31 and the next guy had nine, but this year I think we'll have four or five who will score 14 or 15 apiece. We've got a lot more balance."

Dimitriou says Maki "moves as well as anybody," while Hill provides a "good target up-front, which is real nice to have."

"I love the kid (Maki)." Dimitriou said. "He's short and stocky, like a German-type forward with good acceleration. He's good friends with Dean and you could see the two together."

Dimitriou, however, also has several midfielders to choose from.

Newcomers Pete Lechowicz (Livonia Stevenson) and Kevin Fritz (Brighton) will share the left side. Matt Keller (Rochester Adams). Abdul Kerek (Fordson), Igli Vokopola (Royal Oak Kimball) and Mike Minicilli (Stevenson) and Paul Graves (Milford) will see playing time along with holdovers Mike Bona (Franklin) and George Abuamsha,

"Igli was rated one of the top 10 in Oakland County," said of the Kimball midfielder, who has been nursing a sore ankle. "And Mincilli has put on 15 pounds and has grown three or four inches. He looks good."

Walk-on Bill Krips (Brighton) has been a pleasant surprise in preseason camp as a stopper.

"He's a perfect fit, I like everything about him," Dimitriou said. "He's tall and skinny, but very agile. He's great in the air."

Another potential starter is Shaun Pratt (Clawson), who is out three to four weeks with a broken collarbone. The lone returning starter from a year ago, Joe Sisko (Canton), will be joined in the back line by Chris Jaskolski (Plymouth Salem), James

first glance, Livonia Clarenceville's football fortunes will ride with the talented running back duo of Donahue Fulton and Walter Ragland.

But third-year coach Chuck Donaldson knows better. It's the line play, the fundamentals of blocking and tackling, that will earn most of his attention.

"We'll try and run the ball with those backs," said Donaldson, whose team finished 3-6 overall and 3-3 in the Metro Conference last year. "And if that doesn't work, we'll have to put the ball up. We're hoping the blocking will come. We're still looking for two other people on the line. We're young and inexperienced up front, and we have no depth. We can't afford to have any injuries."

With only 24 players in the program and no junior varsity team, Donaldson has to scale back during practice sessions.

"Today (Friday) was the first time we went 11-on-11," Donaldson said. "We've had to go with a lot of halfline stuff. We really can't get an honest look at our personnel until our first scrimmage (held last Saturday with Annapolis)."

Fulton, a 5-foot-10, 160-pound senior, is the team's speedster who displayed big-play capabiltities last season. He made second-team All-Metro Conference.

Ragland, 6-1, 190-pound sophomore, played the entire 1995 season on the varsity as a freshman. He gives the Trojans ball carrying threat with power and speed.

"Donahue is a year older and our sophomore tackle.

not afraid to hit you."

Senior Chris Lakner (5-9-155) is also quick out of the backfield. The quarterback position goes to

junior Craig Rose (6-1, 160). "He's a smart kid who puts the ball where it needs to be," Donald-

son said. Four offensive linemen do return, led by 6-foot, 180-pound senior guard Jason Dillaha, who was a first-team All-Metro pick last sea-

Dillaha will be joined by holdovers Tim Atkins, a 5-10, 210-pound junior tackle; Josh Fritch, a 6-foot, 170-pound sophomore center; and Brian Page, a 5-10, 180-pound

Junior tight end Justin Villanueva va make up the linebacking corps. The tackles will include Atkins, Fritch and Page.

As for the kicking game, Donaldson is entertaining thoughts of using the strong leg of Chris King, who is. a member of Clarenceville's inaugural varsity soccer program.

As for the prospects in the Metro, Donaldson believes his team belongs somewhere in the middle of the pack.

"Lutheran East is going to be good," Donaldson said. "And don't count out Hamtramck or Lutheran "We just hope our guys play as

hard as they can. And if they come together as a team, it will be a successful season." The Trojans open Friday, Sept. 6

# Alexander confident Madonna's future is now

# BY NEAL ZIPSER STAFF WRITER

When Pete Alexander took over as coach of the Madonna University men's soccer program three years ago, he looked at the calendar and circled the year 1998.

"That was when we hoped our team would be able to advance to the NAIA finals," Alexander said.

The timeline has changed, however, as Alexander and the Crusaders believe the future is now. After an 8-7 rookie season, and last season's 9-10 mark against a tougher schedule, this may be the year Madonna realizes its goal.

"If we stay healthy, I think we have a good chance to get to the championship," Alexander said.

The Crusaders took a giant leap forward last season by earning the No. 2 ranking in their section and then beating Sue Bennett College (Ky.) in a first-round playoff game at Madonna. A loss in the regionals against Transylvania College (Ky.) ended the season, but not the outlook for the Crusaders.

Madonna lost only two key players from last season's team goalkeeper Dan McEvilly and forward Nate Stovall. Stovall, who Alexander consid-

ered a potential All-American,

will miss his senior season due to a back injury. He also missed last season with a knee injury. Stovall's loss signifies Alexander's biggest fear \_ keeping his

team healthy. Currently, the Crusaders have 18 players (three of them goalkeepers). "Our weakness is our depth,' Alexander said, noting that several of his players are already nurs-

ing injuries and coming off injuryridden seasons. The player to watch on offense will be sophomore Seamus Rustin, who missed his freshman season due to a knee injury. Alexander expects Rustin to score 15 to 20

goals or more. Senior Jason Stempien, a transfer from Central Michigan University, will join Rustin up front. Sophomore Charlie Bell will also spilt time at forward and mid-

Rob Vega, a first-team All-Area performer last season at Livonia Franklin, is also fighting for a spot up front.

Three newcomers will solidify midfield including sophomore Ryan Thomason (Plymouth Christian Academy), a transfer from Oakland Community College, and sophomore Ryan Mollien, a transfer from Walsh College of Ohio. Freshman Andy Makins, who played on last season's Class A champion Plymouth Salem squad, will also see plenty of time,

"We had a great recruiting year," Alexander noted. "We are sitting in a great area for talent. Livonia is one of the best areas in will help the defense when he the state and beyond that for soc- returns mid-way through the seacer. We'll have the talent coming through and it's up to us to make Madonna a desirable place to

The strength of this season's team, however, is ironically last season's weakness.

"We allowed too many bad goals last season," Alexander said. "Not all of it was our goalkeeper's fault. We made some poor decisions on defense and that hurt us. This season, we are very strong defensively."

Christian and Scott Emert return to solidify the defense. Christian, a junior, will play center/midfield, while his sophomore brother plays sweeper. Sophomore Keith Gniewek (Plymouth Canton) returns as a marking back.

Freshman Jerome Beeler (Redford) should also see time on defense for the Crusaders. Freshman Adam Purcell is currently sitting out with a knee injury, but

Here is the Observer sports writer Steve Kowalski's preseason list of the Top 20 girls basketball player for the upcoming season, which starts Tuesday for most teams:

Alysha Smith, 6-1 Junior center, Redford Bishop Borgess: Smith is a mobile inside player who played like a senior as a sophomore last year, averaging 12 points and 10 rebounds per game. Nice touch up to 15 feet. A starter since her freshman year, she is a tireless defender that can guard perimeter players and post players. She'll be a Miss Basketball candidate and a nationally recruited player if she keeps up her current

3. Amanda Abraham, 6-15 junior guard, Plymouth Salem: Abraham is already a seasoned veteran with two full years of high school eligibility remaining. She adjusted well to the perimeter last year, scoring about 10 points per game en route to earning second-team All-Observer honors. She runs the floor well and threat from three-point range after not making any trevs in 1995. 4. Angle Sillmon, 5-10 sophomore, Salem:

Sillmon creates offense with her outstanding defensive play. She has a nice pull-up jumper from about 15 feet and ability to shoot from three point range.

5. Amanda Porter, 5-7 senior guard, Farm-Ington: A three-year starter, Porter puts up impressive numbers despite all the attention she draws from opposing defenses. She has good shooting range and can finish her drives in the lane against taller players. She averaged 14 points per game to go with four rebounds, four steals and three assists. She also is a clutch free throw shooter.

6. Kristi Florenzi, 5-9 senior guard-forward, Plymouth Canton: A three-year starter for the Chiefs who averaged 11.5 points per game as a junior. She uses screens and picks well and can hit a 15-foot jump shot consistently. A good inside shooter who has improved field

7. Amy Roble, 5-8 Junior guard, Farmington Hills Harrison: A standout since her freshman year, Roble is a tough, versatile guard. She averaged 10 points a year ago after scoring eight per game as a freshman. She also has improved her low post moves:

8. Mary Jane Valade, 5-8 senior forward, Mercy: Valade had a strong junior campaign, earning second-team All-Observer honors. She does her work mostly on the interior against 9. Rica Barge, 5-8 senior forward, Wayne:

Barge is a nice complement to Holt, and does more of the dirty work for the Zebras. She is a scorer first who can beat defenders off the dribble on the baseline. 10. Candice Finley, 6.0 sentor center,

Borgess: The returning starter averaged eight points and eight rebounds per game. A strong rebounder and aggressive post player, she is being recruited by Division I schools.

How would this man compose a PERSONAL SCENE ad? Perhaps something like this:

> companion with whom to charge up hills and share other such bully adventurés.

"I wish to preach, not the doctrine of ignoble ease, but the doctrine of strenuous life."

-Theodore Roosevelt 1899

Personal Scene Ads in The Observer & Eccentric Newspapers allow you to record a message in your own voice over the phone. That way when people see your ad in the paper, they can dial your code, hear your message and leave a message of their own. You can call, day or night, to get your messages. It's fast, it's easy, and it helps people

find out more about each other. Look in today's classifieds or call your Observer & Eccentric ad taker and ask about our introductory offer. This could be the beginning of PERSONAL Scene a real adventure complete with lots of physical activity.

Saab 9000

Saab 900

Saabs have always delivered outstanding performance on the road. And now, for a limited time, their figures on paper are equally impressive. Choose any Saab 900 Convertible or 9000, all considered The Car Book's "Best Bets,"\*\* and take advantage of either 0% APR financing or as much as \$3,000 in factory-todealer incentives.

The Saab 900 and 9000 Series also have lower estimated preventive-maintenance costs for 50,000 miles than the Lexus LS400, the Volvo 850, BMW 3-Series, the Infiniti J30 and the Mercedes-Benz C-Class.\*\* For a live performance of the entire Saab line, see your nearest dealer for complete details and a test-drive.

\*10% APR financing available on all 1996 Saab models. Financing to qualified and approved retail buyers who take delivery by September 30, 1996. Subject to availability, and other limitations apply, factory to-dealer incentives apply to any new 1996 Saab perchased or leased out of dealer incentives, from an authorized Saab dealer between August 1, 1996, and September 30, 1996, except for those purchases which are financed under the D% APR finance program. Dealer incentives are \$2,000.00 on a 1996 Saab 900 S or SE Coupe in 5.5 door, \$2,500.00 on a 1996 Saab 9800 S or SE Conventite, \$3,000.00 on a 1996 Saab 9800 S or SE Conventite, \$3,000.00 on a 1996 Saab 9000 GS, CSE or Aero. Subject to availability. SEE YOUR PARTICIPATING SAAB DEALER FOR COMPLETE DETAILS.\*\* The Car Book by Jack Gillis; 1995, 1996, 01996 SAAB CARS USA, INC

### Mazda MX-6 drives to be the best

By Anne Fracassa Avanti NewsFeatures

The Mazda MX-6 sports coupe has a special place in my heart.

It got a lot of people in the downriver and western communities of Metro Detroit working again when Mazda retooled a shuttered Ford plant and began building the MX-6 in the fall of

The best part of all of it was that Mazda gave laid-off Ford workers first crack at the jobs in the plant, now known as AutoAlliance International. A cousin of mine, laid off from Ford, joined Mazda's ranks at that time.

AutoAlliance, a joint venture with Ford Motor Co. presently employs 3,700 people who put together MX-6, sister-car Ford Probe and Mazda 626. The MX-6, by the way, is one of two import-badge cars to be classified by the EPA as a domestic vehicle. How bout that?

And as stylish and smart-looking as the MX-6 was when it was introduced in 1987 as a 1988 model, the tradition continues with the 1996 MX-6 LS. The last makeover of the MX-6 was as a 1993 model.

luxurious than the base model, 24-valve V6 that produces a AM/FM/cassette stereo.

leather-wrapped steering wheel and host of other options.

Lets take a look at the engine first. On the base model, you'll find a 2.0-liter dual overhead camshaft 16-valve 4-cylinder engine capable of 118 horsepower. Its got a stainless steel exhaust manifold, cast iron engine block and aluminum cylinder head.

The Mazda MX-6 LS is more 2.5-liter dual overhead camshaft locks, cruise control and an from its powerful engine to its strong 164 horses. This one has a

cast iron exhaust manifold, Aluminum engine with cast iron cylinder liners and aluminum cylinder heads. Recommended fuel is premium unleaded.

The V6 is responsive when you want it, yet is not overpowering. The mix is perfect.

Both models can be outfitted with a 5-speed manual transmission or a 4-speed electronically controlled automatic transmission. Every MX-6 is outfitted with dual airbags and an antilock braking system is available on both models.

MX-6 carries four people comfortably, although it's a bit rough on booster car seats. The rear seats have a configuration that just makes it hard to get the car seat to sit just right.

- The base model has a large list of standard equipment including tilt steering column, power mir-The LS comes outfitted with a rors, power windows, power door

The LS model adds 4-wheel

disc brakes, 15-inch alloy wheels, air conditioning, fog lamps, leather-wrapped steering wheel and shift know, anti-theft alarm, power sunroof, upgraded stereo system, dual outlet exhaust, fog lamps, mud guards and upgraded cloth fabric.

The real cargo area is more than adequate for anyone and the 60/40 split fold-down rear seat will help you move longer or bulkier cargo if you need to.

This sports coupe is the perfect size for anyone from a college kid to a mom with kids. Best of all, it's spirited,

The MX-6 has wonderful handling and cornering characteristics and quite a bit of comfort both for the driver as well as the passengers. The driver's seat is outfitted with an adjustable thigh support for greater comfort on longer drives.

There are two option packages available for the MX-6. Most popular is the package with 14-inch alloy wheels, power sunroof,

alarm with keyless remote and an upgraded stereo with power antenna.

The leather package is also an option and is standard on the M edition of MX-6 and includes leather seating, power driver's seat, keyless entry and heated exterior mirrors.

The dealer will install a sixdisc CD changer, an in-dash CD, front mask, rear spoiler, rear wing, stainless-steel scuff plates, roof rack and a sunroof wind Mileage: 26 city, 34 highway. deflector if you ask.

#### Save On Auto Insurance Costs

(NAPS) - The best way to save on auto insurance is to shop around for the insurer that best suits your needs. Most drivers find that an agent who represents different insurers can offer a variety of recommendations about what policy is right for them.

Here are some steps you can take to reduce your insurance rates from the experts at the **Independent Insurance Agents** of America. Remember, insurers generally offer discounts

 Safety features - Anti-lock brakes, air bags and passive restraint systems (i.e., automatic seat belts).

• Defensive driving - Clean violation record, driver's-ed courses for teenagers and defensive driving or accident prevention courses for adults.

 Security systems - Alarms, electronic locks and disabling devices.

 Changing driving habits sit, using a company vehicle for work-related traveland car-pooling.

• Formal agreements not to 6910104S.DOC

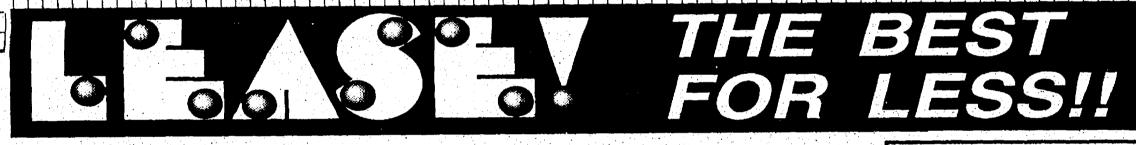

drink and drive - The availability of a discount for signing such an agreement varies among insurers and states.

 Buying home owners and auto policies from the same company - If your home and your car are insured by different companies, chack the cost of carrying both policies by one insurer. Your agent can give you guidance as to which insurers offer discounts.

You can also lower your insurance by requesting higher deductibles - the amount of money you pay before you make a claim. Increasing your deductible on collision and comprehensive coverage from \$100 to \$250, or even \$500, will bring your rates down.

Remember, too, that where you live can affect your premium. A consumer's guidelto insuring your automobile is available free from the Independent Insurance Agents Commuting by public tran- of America by calling 1-800-991-7722.
