update

Motorists may be using a newly paved ramp from westbound I-696 to southbound I-275 as early as Thursday when it is tentatively scheduled to re-open to traffic.

But late last week Michigan Department of Transportation officials and project engineers wrestled with how traffic can best be managed through the area. They are considering leaving the ramp's old detour open as an alternative route to ease traffic backups onto westbound I-696.

That detour directs motorists to a turnaround ramp on the new M-5 (the Haggerty Connector) just south of 12 Mile Road in Farmington Hills. MDOT is considering modifying that detour so that the portion of M-5 between 12 Mile and 14 Mile roads, located north of the detour, can be opened to motorists in August.

Southbound and northbound I-275 traffic is expected to be crossed back over to the newly paved southbound side during the first week of August. (See accompanying story on xx.)

UPCOMING

Unique: An Ukrainian egg painting workshop will be held on Saturday, Aug. 7 at 1 p.m. at the Westland Historical Museum. The class will be limited to 12 people, and is designed for school age children and adults. All materials will be provided. The museum is located at 857 N. Wayne Road. Call (734) 326-1110.

MONDAY

Meeting: The Wayne-Westland Board of Education will hold a special meeting at 7 p.m. to interview applicants for the vacant board of education seat. The Board of Education meets at the Timothy J. Dyer building on Marquette.

Cox appointment draws criticism

BY DARRELL CLEM
STAFF WRITER
dclem@oe.homecomm.net

David Cox's appointment to a Westland City Council vacancy continues to stir strong emotions among his critics and supporters - one month after he was tapped for the job.

Cox's selection as a six-month

Citizens continues to question the city council regarding David Cox appointment to a vacancy left by resigning member Chuck Pickering. Cox was chosen over nine other applicants for the six month position.

appointee has angered residents like Joseph Zuccaro, who lashed out Monday at council members who chose Cox over nine other candidates.

Zuccaro noted that voters in 1995 ousted Cox from office after he served a two-year council term, and Zuccaro angrily criticized the June 21 appointment.

"It's like spitting on us," Zuccaro said. "My son asked me, 'Dad, does

your vote count?' I said, 'No, I guess not.'"

Zuccaro's statements came during a Westland City Council meeting and echoed criticism that resident Jim Davis fired at council members earlier in July.

Davis repeatedly described himself as "angry" over the appointment, and he loudly criticized the council for ignoring voters' wishes and choosing Cox for the vacancy.

Cox was picked for the job after former Councilman Charles Pickering

Cox

resigned early from his four-year term. Pickering chose to step down after deciding not to seek re-election this year.

A divided council voted 4-2 to place Cox in Pickering's seat, giving him incumbent status as he campaigns for election this year.

Councilman Charles "Trav" Griffin on Monday defended his support of Cox, calling him "a stellar candidate" among a group of 10 appealing applicants.

"All of the other people were stellar people, but I had to make a choice,"

Three candidates file for vacant board seat

BY DARRELL CLEM
STAFF WRITER
dclem@oe.homecomm.net

In a decision that will help steer local public education, Wayne-Westland school board members Monday are expected to choose a one-year appointee in the wake of David Cox's resignation.

Board members will choose from three hopefuls:

• Diane Abbott, longtime Westland municipal cable station director.

• Richard Eisiminger, a Realtor serving on a school construction bond oversight committee.

• Marshall Wright, a social worker who recently earned his elementary education bachelor's degree.

The three candidates beat a 2 p.m. Friday deadline for entering the competition.

Six school board members hope to fill a seventh seat after interviewing board hopefuls during a meeting scheduled for 7 p.m. Monday at district offices,

36745 Marquette east of Newburgh. The interviews will be conducted in public session.

Board member Ed Turner, contacted at home Friday, said he believes the field of candidates is big enough.

"I'm comfortable with three," he said. "Numbers don't mean that much to me. It's the quality of the people who are applying."

Even before Cox resigned July 12 to accept a Westland City Council appointment, rumors of his impending

departure prompted interest in his successor.

District resident Nancy Pride has urged the board to appoint Wright because he ran for a seat in the June 14 election.

Wright lost the race but finished just 58 votes behind one of the winners, Lorne "Skip" Mont. Wright garnered 708 votes compared to Mont's 766.

Kmart race

The Westland Kmart offered some fun for children while pledging \$4,500 to help two Westland Police Department programs.

The Kmart store on the southeast corner of Wayne and Cherry Hill sponsored a Kids Race Against Drugs event in the parking lot on July 17-18.

Kmart donated \$5 for every child who rode along a makeshift race track in electric Mustangs that police officer Tom Lochinski described as "sort of like modified golf carts. They were pretty neat."

Kmart ended up donating \$2,600 to DARE America, allowing Westland police to order supplies from the company for their Drug Abuse Resistance Education program in schools.

Kmart also donated \$2,000 to the Westland Police Explorers, a program that lets youngsters get involved in helping their police department.

PLACES & FACES

Children also received small gifts such as hats and various certificates.

Westland City Councilman Richard LeBlanc attended the event and said, "It was fun. These kids were having a blast."

There was a mishap, however. On July 18, Lochinski said strong winds toppled tents and metal towers that had been set up around the track, and one tower fell on an Explorer and injured her leg.

"She had to be rushed to the hospital," Lochinski said. "She got some stitches and had to use crutches for a few days, but she's going to be OK."

Whopper golf outing

Burger King is helping to sponsor a 20th Annual

Junior Golf Tournament for youngsters on Monday Aug. 2, at the Westland Municipal Golf Course.

Boys and girls will be divided into classes for ages 11-12; 13-14; and 15-16. There will be first place and runner-up trophies awarded in each class.

A \$7 entrance fee includes getting onto the golf course, receiving a Burger King golf ball and tee-marker set, and a certificate for a Whopper meal.

Entry forms are available at Westland Burger King restaurants at 120 S. Merriman at Cherry Hill and 237 N. Wayne Road at Cherry Hill, and at a Canton Burger King at 45114 Ford Road.

Entry deadline is Wednesday, July 28, before 5 p.m.

The tournament will be held Aug. 9 if the Aug. 2 is rained out. Burger King is working with the Westland Parks and Recreation Department to sponsor the event.

Cable staff receives acknowledgements, raises

BY DARRELL CLEM
STAFF WRITER
dclem@oe.homecomm.net

Westland's municipal cable station director, praised for airing triple the local programming she's required by contract, has been rewarded with a 20 percent raise.

WLND station manager Diane Abbott's salary increased from \$43,044 to \$51,900 following a sweeping vote Monday from the seven-member Westland City Council.

Her raise followed a third consecutive year that WLND has captured a first-place award for overall excellence in government access programming from Washington, D.C.-based Alliance for

Community Media. WLND, honored by industry peers, beat out many strong competitors from cities such as Farmington Hills. "I'm real pleased with this award," Abbott said. "It's nice to get an award from your peers."

Council President Sandra Cicirelli praised Abbott and her staff for an "excellent job" in local programming. "Every year it gets better and better," Cicirelli said.

Abbott's executive producers, David Monak and Craig Welkenbach also received salary increases putting their annual pay at \$39,500. Their pay hikes ranged from 6 percent to 16 percent.

Abbott has led WLND since 1991, and she and her staff now produce 350 to

380 hours of local programming each year.

That's more than triple the 115 hours that she said her contract requires.

"Our local access channel is one of the finest in the state," Councilman Charles "Tray" Griffin said.

Programs appear on Channel 10 for viewers who have cable service through Ameritech; Media One customers tune in to Channel 12.

WLND not only airs city council and planning commission meetings, but also covers local ice shows, senior citizen events, community concerts, festivals and parades. Most shows are repeated.

The station also periodically airs informative programs featuring Mayor Robert Thomas, Fire Chief Mark Neal,

'Diane does do a fine job for us in that department.'

*Glenn Anderson
—City councilmember*

Police Chief Emery Price and other administration officials, Abbott said.

The few people who have openly criticized programming have often been political enemies who accused Thomas of trying to boost his image as mayor by frequently appearing on WLND.

However, some who have had differences with Thomas still praise the city's government access programming.

"Diane does do a fine job for us in

that department," Councilman Glenn Anderson said Monday.

He supported the salary increases even though he said he would have preferred to see the pay hikes implemented in two steps, rather than all at once.

Abbott, meanwhile, said WLND provides more programming than required by contract because the station serves a city that is busy with events and government meetings.

"I just thought that's what we should do," she said, explaining why the station covers so many events.

Some council members noted that cable station directors from other communities have often sought advice from Abbott on how to provide quality programming.

CRIME WATCH

Supermarket punks

A Farmer Jack manager told police that as many as seven young males have been coming to the store on Ford Road near Wildwood, harassing a worker and trying to get him to fight.

The manager said members of the group scream in the worker's face and threaten to beat him up, but they leave as soon as someone starts to call police for help. He described the culprits as 16 to 18 years old with shaved heads.

The manager reported that the group

has caused problems on several occasions in recent weeks and "has been scaring his customers with their behavior," a police report said.

The manager told police that he feared the situation would escalate into a fight unless the problem is addressed. Police are investigating.

No peace and love

This apparently isn't the summer of love, despite a Woodstock concert that comes 30 years after the original.

As Woodstock '99

loomed this weekend, one Westland woman had reported losing her tickets to an apparent thief at her residence on Norris.

The 24-year-old woman told police that the tickets may have been taken by someone who had knowledge of her receiving them from the United Parcel Service.

She went to work after receiving her tickets on July 14 but found them missing when she returned home at 2 a.m. July 15. She found that her back door had been kicked in.

Missing were a pair of Woodstock tickets valued at \$351. She also lost

\$12, taken from a purse that had been emptied on the bedroom floor.

The woman couldn't be reached to determine if her tickets had been returned or if she had made alternative arrangements to attend the concert.

String of thefts

Police believe that a young woman and a young man may be responsible for at least three thefts in Westland.

The latest occurred at 4:50 p.m. July 17 when a Farmington Hills woman reported that a young man grabbed her purse outside of Toys R Us, on the

northeast corner of Wayne and Warren roads. She said he escaped in a small red vehicle.

About two hours earlier, another purse-snatching incident was reported at Farmer Jack on Ford near Wildwood, and a police report said a young woman and a young man escaped in a small red vehicle.

Police believe that the same two suspects may have been responsible for a July 13 incident in which a "boom box" was stolen from a garage in a Westland residential neighborhood.

The incidents remain under investigation.

Cox from page A1

Griffin said. Griffin's vote for Cox on June 21 was echoed by colleagues Sharon Scott, Sandra Cicirelli and Justine Barns, but Councilmen Glenn Anderson and Richard LeBlanc opposed the decision.

Cox had been rumored as a front-runner for the job long before the votes had been cast,

but he was selected only after council members interviewed all 10 applicants.

Scott has described Cox as more mature than he was when he served his two-year term that ended in 1995. She and others have said Cox emerged as the most qualified candidate for the post.

Cox has remained quiet as

questions about his appointment have trickled in at Westland City Council meetings, and the criticism — while highly vocal — hasn't been widespread.

Cox works full time as Romulus deputy mayor, but his council appointment prompted him to resign his position as Wayne-Westland school board president — a post in which he also drew mixed reviews.

A majority of his school board colleagues supported him, and city officials such as Cicirelli and Mayor Robert Thomas also have commended Cox's role in education.

Cicirelli said Cox's performance as a school board member, coupled with his council experience, convinced her to support him for Pickering's seat.

But Cox also drew his share of criticism — partly for asking then school board candidate Lorne "Skip" Monit to join him in a

Memorial Day parade even before Monit was elected June 14. They appeared with a classic car, owned by Cox, that flashed a Board of Education sign.

Meanwhile, Cox's supporters continue to defend him against charges that he shouldn't have been chosen for a council vacancy — if only because voters ousted him in 1995.

Some council members pointed out that everyone now serving on council has — at some point — lost an election.

Cox and nine other candidates will square off in a Sept. 14 council primary, with eight surviving to compete in the Nov. 2 general election.

Other council candidates include incumbents Anderson and Griffin and hopefuls James Chuck, Debra Fowlkes, James Godbout, David James, Michael Kelehr, Michael Rintz and Dorothy Smith.

Generous donations help further cause

In the holiday spirit, Westland donors gave thousands of dollars to the Westland Community Foundation for a Christmas in July fund-raiser Thursday at the Hellenic Cultural Center.

"It was wonderful," board of directors member Sharon Scott said. "People were very generous." As of Friday, foundation President Glenn Shaw said the amount collected had reached \$34,000. Some single contributions reached \$1,000 to \$2,500, Scott said.

The money helps pay for programs for The Salvation Army and the Wayne-Westland YMCA, and it provides scholarship money for local students.

Scott said some 200 people attended. Many brought canned food for The Salvation Army. The crowd also enjoyed an Army band, a performance of oldies music by The Laredos and ice sculptures.

Scott praised Shaw for putting his "heart and soul into this foundation."

Livonia making progress with MEAP scores

Livonia Public Schools have been improving steadily on low scores, set in 1991, on the Michigan Education Assessment Program in math, reading, science and writing.

At that time, the percentages of students demonstrating proficiency in those subjects ranged in the 30s and 40s - meaning more than half of students taking the test that year didn't pass.

In the 1998-99 school year, of the eight

tests given in January - fourth- and seventh-graders are tested in mathematics and reading, fifth- and eighth-graders in science and writing - two percentages are in the 80s. Two are in the 70s and two are in the 60s.

Science is the one subject with the proficiency level in both tests still below 50 percent, but those scores are still well above state averages.

Only two test scores show backsliding: a two-point drop on the fifth-grade science test and a 10-point drop on the fifth-grade writing test. The 10-point drop also shows up in the statewide average. And it also shows up in the results of such nearby school districts as Farmington Community Schools.

The charts above show the 1998-99 MEAP results, by building, for the Livonia Public Schools.

Poolside party

Line dance: Teens dance poolside in Westland.

Things are hopping poolside every Tuesday at the Westland Bailey Center. Teenager from throughout Wayne County gather for the weekly Teen Night dance and swim party sponsored by the Westland Parks and Recreation Department.

According to Debbie Lindquist, pool manager, approximately 130-150 middle and high school students meet each week to enjoy the music of a themed party behind the Bailey Recreation Center.

Attraction

"We have a mom from Detroit who brings a car load of girls and this week someone from Dearborn came up and introduced themselves," said Lindquist.

Following the 8-9:30 p.m. event every Tuesday, teens are provided with Toarmina's pizza as they head home. Former city councilmember Chuck Pickering donated t-shirts that say "I swam at the Bailey Pool." Winners of weekly best dressed and best dancing contests take home the shirts.

If you would like more information about the Teen Night event call, (734) 722-7620. A \$1 fee is charged at the door. The event runs through Aug. 17.

Winners: Christine Fry, 12 (left) won the dance contest to the song "Wipe Out" and Kim Hagelthorn, 12 (right) won for best Hawaiian outfit.

n't be reached for comment Friday on the selection process.

Turner said he won't have a favorite candidate until after interviews have been completed, even though he conceded that he is friends with Abbott.

"I don't have a favorite (candidate)," he said. "I truthfully don't think I'm going to make up my mind until Monday. Although I'm a good friend of Diane's, that doesn't mean I'm committed to her for the appointment."

The board's appointee will

receive a one-year term. Cox resigned after finishing three years of a four-year term.

Turner said he hopes the board can reach a consensus Monday.

"I would hope so, because the sooner we get the seventh person on board, the better it will be for us," he said.

Turner said he hopes to find a candidate who has no political motives for seeking the seat.

"I want to make sure that no one has any personal agendas," he said.

*Oakwood's Center for
Reproductive Medicine*

We understand a couple's desire to have a baby and, at Oakwood's Center for Reproductive Medicine, we see a bright future for infertile couples. Our staff of experienced professionals provide the latest technology available for women experiencing infertility problems. Additionally, our board-certified reproductive endocrinologists David Magyar, DO; Maria Hayes, MD; and Gary Jones, MD; pioneered in vitro fertilization in Michigan. Among the conditions our physicians treat are:

- infertility
- repeated miscarriages
- uterine fibroids
- endometriosis
- menstrual disorders
- hormonal abnormalities

At Oakwood, we understand that planning to have a child can be an emotional journey for couples, and we'd like to be a part of that journey toward parenthood. Remember, we'll give you more than help. We'll give you hope.

O'Hair to keynote NAACP fund dinner

The NAACP Western Wayne County Branch will hold its annual Freedom Fund Dinner on Oct. 17 at Crowne Plaza, 8000 Merriman, Romulus.

O'Hair

Retiring Wayne County Prosecutor John D. O'Hair will be the keynote speaker. Retired UAW Vice President Ernest Lofton has been named honorary chairman.

A reception will begin at 3 p.m., followed by dinner at 4 p.m. Dinner Chairman James Netter said.

Tickets are \$50 per person and can be ordered by sending a check, payable to NAACP Western Wayne County Branch, to P.O. Box 153, Wayne MI 48184.

For more information, call Netter at (734) 729-8812 or e-mail him at JATC153@aol.com

The dinner is a fund-raiser for the NAACP's western Wayne County branch, which serves 15 communities. But Netter also underscored the importance of "bringing together people of diverse backgrounds once a year to break bread and talk with each other."

Netter said O'Hair was chosen as keynote speaker because he has supported minority issues.

"He has never hesitated to stand up to the Nazis and the Klans and those kinds of hate groups," Netter said. O'Hair will retire next year. "That takes the politics out of it."

The NAACP Western Wayne County Branch will be planning a separate membership drive, likely sometime in February, Netter said. Details will be announced later.

I-696 to I-275 ramp reopens Thursday

BY KEN ABRAMCZYK
STAFF WRITER
kabrancyk@oe.homecomm.net

Western Wayne County residents who drive on I-275 each day soon will face another traffic shift as the freeway's new southbound lanes will be opened the first week of August.

Motorists who drive into Wayne County also may be using a newly paved ramp from westbound I-696 to southbound I-275 as early as Thursday (July 29) when it is scheduled to re-open to traffic.

The Michigan Department of Transportation also announced Friday that the second phase of the Haggerty Connector — or M-5 — between 12 and 14 Mile

roads in Oakland County will be open to traffic in early August.

Dates will be finalized on the crossover and the Haggerty Connector this week. That first week of August marks the halfway point for the I-275 project, while the I-75 project downtown is expected to be completed along with the Southfield Freeway construction at that time, according to Gary Naeyaert, MDOT spokesman.

"That is a big week for us," Naeyaert said.

As the \$50 million construction project to repave the five miles of I-275 between I-696 and the M-14/I-96 interchanges nears its halfway point, MDOT,

engineers and contractors are preparing for many transitions in the project that will affect the 200,000 motorists that use the freeway each day.

I-275's current six lanes of traffic — both northbound and southbound — will be moved from the northbound side to the recently paved southbound side, which contains four new lanes and two shoulders.

That crossover route will run between Five Mile and Grand River.

While the ramp from I-696 to southbound I-275 will be opened, only one lane of traffic will be maintained on the ramp because the traffic flow needs to be narrowed for the three lanes

of southbound traffic through the construction zone. Additional traffic merges from eastbound I-96.

MDOT and project engineers continue to examine how traffic can best be managed through the area. A detour that now directs motorists to a turnaround ramp on M-5 just south of 12 Mile Road in Farmington Hills will be closed and then modified, Naeyaert said.

"Some time after Thursday, that detour route will be temporarily unavailable as we make final preparations for M-5," Naeyaert said. Once that modified route is re-opened, it will act as an "unofficial detour" route for motorists who wish to avoid any traffic backups on westbound I-696 as that narrows to a single lane.

"It's likely that after M-5 opens, we may decide to keep the ramp open," Naeyaert said.

"It won't be assigned as an official detour, but we won't discourage motorists from finding and using alternate routes."

Women's Center needs volunteers

The Women's Resource Center at Schoolcraft College seeks volunteers to assist in its role of helping people who wish to enter or re-enter college, research new careers, find information on available services or who need help through a difficult situation.

The WRC offers peer counseling, financial aid for education, a program for women in transi-

tion, a divorce support group, career information and help with community and campus resources and referrals.

If you would like to volunteer or would like to know more about this rewarding role, attend an informational meeting 6:30-8:30 p.m. Thursday, Aug. 12, in

the WRC, room 225 of the McDowell Center. Attendance at the meeting is to gain information only and is not a commitment to the volunteer training.

For additional information, contact Barbara Campau, volunteer program coordinator, at (734) 462-4400, Ext. 5524.

HOW LONG CAN I WAIT?
If you have a failing knee, the question arises of how long to wait before surgery. If you ask your doctor, most likely his reply will be "You will know when you are ready!"

Two changes will influence your decision. One is the rate of increasing pain, the second is the onset of instability. Determining that pain is too great to bear or interferes with your activities to a point no longer tolerable is a personal decision. In contrast, the onset of instability, that is, your sense that with the next step you may fall, is a shift you should act on immediately.

Instability brings the risk of an injury. The experience of the medical community is that such injury too often results in an operation more serious and urgent than what you considered for your knee.

If pain is your main problem, then it is possible you may delay a knee replacement operation for years. A regimen of non-steroidal and/or tylenol for pain relief and periodic visits to your doctor to remove accumulated knee fluid, may suffice for an indefinite period.

You also need to be watchful that compromise of your ability to walk does not impair your state of physical fitness. The better your heart, lungs and muscles, the better your chances for successful surgery.

Though this discussion concerns the knees, the same comments hold for the shoulder, hip and ankle.

PRESCRIPTION FOR TROUBLE?

Recently, new evidence concerning popularly prescribed diet pills has raised the possibility that thousands of patients may have suffered silent heart valve damage as a result of having taken them. Current estimates put one million Americans as having taken combination of drugs that was never approved by the FDA as a weight-loss regimen, advocates of which claim helps people lose weight by curbing their appetites for carbohydrates. Potential benefits aside, the downside is that the combination of drugs may have caused heart damage in several hundred thousand Americans without their knowing it. It is recommended that those who took the drugs undergo exams to diagnose damage, and then discuss their legal recourse with a lawyer if they have.

If you are covered by managed care health insurance or an HMO, a potential conflict of interest may arise: you may have to ask the doctor who prescribed the diet drugs for a referral to a cardiac specialist. If you are insured a visit to a specialist that you should know that all insurance companies have an appeals process.

HINT: A question of product liability may arise over a drug manufacturer's failure to mention a potentially dangerous interaction.

PLEASE TAKE NOTICE that the Mayor and Council will hold a Public Hearing on August 2, 1999 at 7:15 p.m., in the Council Chambers, at the Civic Center, 6000 Middlebelt Road, Garden City, Michigan. At the hearing, all interested persons shall have an opportunity to be heard.

To solicit public comments on the following proposed ordinance:

PROPOSED ORDINANCE 99-

AN ORDINANCE TO AMEND CHAPTERS 50, 51, AND 52 OF TITLE V OF THE CODE OF THE CITY OF GARDEN CITY.

THE CITY OF GARDEN CITY HEREBY ORDAINS:

I. That Chapter 50, 51, and 52 of Title V of the code of the City of Garden City be amended to read as follows:

Chapter 50: WATER UTILITY

- 50.01 Definitions
- 50.02 Service connections
- 50.03 Service connection fee schedule
- 50.04 Turning on water service
- 50.05 Water meters
- 50.06 Access to meters
- 50.07 Reimbursement for damage
- 50.08 Meter failure
- 50.09 Inaccurate meters
- 50.10 Accuracy required
- 50.11 Bill adjustment
- 50.12 Hydrant use
- 50.13 Water emergency
- 50.14 Additional regulations
- 50.15 Injury to facilities

§ 50.01 DEFINITIONS.

For the purpose of this chapter the following definitions shall apply unless the context clearly indicates or requires a different meaning.

"DEPARTMENT." The Department of Public Services of the City.

"DIRECTOR." The Director of Public Services.

"SERVICE CONNECTION." That part of the City-water distribution system located within easement lines or street and designed to supply more than one water connection.

"WATER MAIN." That part of the City water distribution system located within easement lines or streets and designed to supply more than one water connection.

§ 50.02 SERVICE CONNECTIONS.

Service connections shall be installed by the Department building contractor upon payment of the required connection fee and meter installation fee. All meters and water connections shall be the property of the City; Connection fees and meter installation charges shall be not less than the cost of materials, installation costs, and overhead attributable to such installation.

§ 50.03 SERVICE CONNECTIONS FEE SCHEDULE.

(A) All service connection taps shall be installed by the building contractor. The City shall levy a permit fee in the amount of \$475.00 to cover inspection costs, administrative costs, and installation of the meter and the outside reader. All costs shall be borne by the property owner.

(B) In addition to (A) above, rates for meters of sizes indicated shall be as follows:

Size of Meter	Total Charges
¾ in. by ½ in.	City's current purchasing price
1 in.	price
1½ in.	price
2 in. compound	price

(C) All property zoned for industry under the Zoning Code, for the purpose of water service, shall be required to use a service pipe of a minimum diameter of two inches.

§ 50.04 TURNING ON WATER SERVICE.

No person, other than an authorized employee of the Department, shall turn on or off any water main, gate valve or a water service, except that a contractor may turn on a water service for testing his work (when it must be immediately turned off), or upon receiving a written order from the Director. However, upon written permit from the Director, water may be turned on for construction purposes only, prior to the granting of a certificate of occupancy for the premises, and upon payment of the charges applicable thereto.

§ 50.05 WATER METERS.

(A) All premises using water shall be metered, except as otherwise provided by this code. All meters shall be installed by the Department. No person, unless authorized by the Department of Public Services, shall break or injure the seal or change the location of, alter, or interfere in any way with any water meter.

(B) Master meters for multi-user building shall be installed as directed by the Department of Public Services of the City and the City shall bill the owner for all water consumed on the premises as metered by the master meter. Individual meters may be used if approved by the Public Service Director.

(C) The owner of existing properties shall have 90 days after formal notification of the requirement for master meters to install the meters.

(D) Any use of non-metered water for the purpose of residential construction shall be subject to a fee of \$32.00 per single family residence, condominium, or apartment.

§ 50.06 ACCESS TO METERS.

The Department shall have the right to shut off the supply of water to any premises where the Department is not able to obtain access to the meter. Any authorized employee of the Department shall, at all reasonable hours, have the right to enter the premises where such meters are installed for the purpose of reading, testing, removing, or inspecting same. No person, firm or corporation shall hinder, obstruct, or interfere with such employee in the lawful discharge of his duties in relation to the care and maintenance of such water meter.

§ 50.07 REIMBURSEMENT FOR DAMAGE.

Any damage which a meter may sustain resulting from carelessness of the owner, agent, or tenant, or from neglect of any of them to properly secure and protect the meter, as well as any damage which may be wrought by frost, hot water, or steam backing from a boiler, shall be paid by the owner of the property to the City upon presentation of a bill therefor. In cases where the bill is not paid, the water shall be shut off and shall not be turned on again until all charges have been paid to the City.

§ 50.08 METER FAILURE.

If any meter shall fail to register properly, the Department shall estimate the consumption on the basis of former consumption records and bill accordingly.

§ 50.09 INACCURATE METERS.

A consumer may require that the meter be tested. If the meter is found to be accurate or "slow," a charge of \$3 will be made, and the bill will be adjusted as provided in § 50.11. If the meter is found to be fast or in some other way defective, it shall be repaired, no charge shall be made, and the bill will be adjusted as provided in this chapter.

§ 50.10 ACCURACY REQUIRED.

A meter shall be considered accurate if when tested it registers not to exceed 2% more or 5% less than the actual quantity of water passing through it. If a meter registers in excess of 2% more than the actual quantity of water passing through it, if a meter registers in excess of 2% more than the actual quantity of water passing through it, it shall be considered "fast." If a meter registers in excess of 5% less than the actual quantity of water passing through it, it shall be considered as "slow."

§ 50.11 BILL ADJUSTMENT.

If a meter has been tested at the request of a consumer and shall have been determined to register "fast," the City shall credit the customer with a sum equal to the percent fast multiplied by the amount of all bills incurred by such customer within the six months prior to the test, and if the meter so tested is determined to register as "slow," the Department may collect from the consumer a sum equal to the percent "slow" multiplied by the amount of all bills incurred by the consumer for the six months prior to the test. When the Department on its own initiative makes a test of a water meter, it shall be done without cost to the consumer.

§ 50.12 HYDRANT USE.

(A) No person, except an employee of the City in the performance of his/her duties, shall open or use any fire hydrant, except in the case of extreme emergency, without first securing a written permit from the Director of the Department of Public Services. Any person found to be in violation of said mandate may upon being found guilty of such misdemeanor violation, be jailed for a term not to exceed 30 days or fined not to exceed \$300, or both, in the discretion of the court.

(B) Permits may be granted in the discretion of the Director, upon written application in such form as prescribed and upon said applicant paying a deposit equal to the cost of the hydrant meter apparatus. Such permits shall be issued for a period not to exceed 30 days; Maximum water consumption under any one permit shall not exceed 8,000 cubic feet.

(C) All water shall be metered and will be billed to the permittee at the most current rate applicable for the use of City water. A hydrant meter use charge of \$20 shall be added to the cost of the metered water. The City shall provide a hydrant meter and wrench. In no case shall any hydrant be opened or closed except with a hydrant wrench provided by the City.

§ 50.13 WATER EMERGENCY.

Whenever the amount of water being used is disproportionate to the amount of water available for distribution, when other demands upon such

available supply are taken into consideration, the Director may declare that a water emergency exists, and make and publish rules regulating or prohibiting sprinkling and other nonessential uses of water from the City water distribution system. No such rules or regulations shall be effective until 24 hours after the publication thereof in a newspaper of general circulation in the City. Any person violating such rule or regulation shall, upon conviction thereof, be punished as prescribed in § 10.99 of this code.

§ 50.14 ADDITIONAL REGULATIONS.

The Director may make and issue additional rules and regulations concerning the water distribution system, connections thereto, meter installations and maintenance, hydrants and water mains, and the appurtenances thereto, not inconsistent herewith.

§ 50.15 INJURY TO FACILITIES.

No person, except an authorized employee of the City in the performance of his duties, shall willfully or carelessly break, damage, destroy, uncover, deface, clog, or tamper with any structure, appurtenance, building, or equipment which is part of the City water distribution system.

§ 51.01 DEFINITIONS.

For the purpose of this chapter the following definitions shall apply unless the context clearly indicates or requires a different meaning.

"B.O.D." (Biochemical Oxygen Demand). The quantity of oxygen utilized in the biochemical oxidation of organic matter under standard laboratory procedure in five days at 20°C., expressed in parts per million by weight.

"BUILDING DRAIN." That part of the lowest horizontal piping of a drainage system which receives the discharge from soil, waste, and other drainage pipes inside the walls of the building, and conveys it to the building sewer, beginning five feet outside the inner face of the building wall.

"BUILDING SEWER." The extension from the building drain to the public sewer or other place of disposal.

"COMBINED SEWER." A sewer receiving both surface runoff and sewage.

"DEPARTMENT." The Department of Public Services of the City.

"DIRECTOR." The Director of Public Services.

"GARBAGE." Solid wastes from the preparation, cooking and dispensing of food, and from the handling, storage, and sale of produce.

"INDUSTRIAL WASTES." The liquid wastes from industrial processes, as distinct from sanitary sewage.

"NATURAL OUTLET." Any outlet into a watercourse, pond, ditch, lake, or other body of water, either surface or ground water.

"PH." The logarithm of the reciprocal of the weight of hydrogen ions in grams per liter of solution.

"PROPERLY SHREDDED GARBAGE." The wastes from the preparation, cooking, and dispensing of food that have been cut or shredded to such a degree that all particles will be carried freely under flow conditions normally prevailing in public sewers, with no particle greater than one-half inch in any dimension.

"PUBLIC SEWER." A sewer in which all owners of abutting properties have equal rights, and is controlled by public authority.

"SANITARY SEWER." A sewer which carries sewage, and to which storm, surface, and ground waters are not intentionally admitted.

"SEWAGE." A combination of the water-carried wastes from residences, business buildings, institutions, and industrial establishments.

"SEWAGE TREATMENT PLANT." Any arrangements of devices and structures used for treating sewage.

"SEWAGE WORKS." All facilities for collecting, pumping, treating, and disposing of sewage.

"SEWER." A pipe or conduit for carrying sewage.

"STORM SEWER" or "STORM DRAIN." A sewer which carries storm and surface runoff water and drainage, but excludes sewage and polluted industrial wastes.

"SUSPENDED SOLIDS." Solids that either float on the surface of or are in suspension in water, sewage, or other liquids; and which are removed by laboratory filtering.

"WATERCOURSE." Any channel in which a flow of water occurs, either continuously or intermittently.

§ 51.02 WASTE DEPOSITS.

No person shall place, deposit, or permit to be deposited in an unsanitary manner upon public or private property within the City, or in any area under the jurisdiction of the City, any human or animal excrement, garbage or other objectionable waste.

§ 51.03 WATER POLLUTION.

It shall be unlawful to discharge to any natural outlet within the City or in any area under the jurisdiction of the City, any sanitary sewage, industrial wastes, or other polluted waters, except where suitable treatment has been provided in accordance with subsequent provisions or this chapter.

§ 51.04 PRIVIES AND SEPTIC TANKS.

Except as hereinafter provided, it shall be unlawful to construct or maintain any privy, privy vault, septic tank, cesspool, or other facility intended or used for the disposal of sewage.

§ 51.05 SEWER CONNECTION REQUIRED.

The owner of all houses, buildings, or properties used for human occupancy, employment, recreation, or other purpose, situated within the City and abutting on any street, alley, or right-of-way in which there is now located or may in the future be located a public sanitary or combined sewer of the City, is hereby required at his expense to install suitable toilet facilities therein, and to connect such facilities directly with the proper public sewer in accordance with the provisions of this chapter and regulations supplementary hereto, within 90 days after the date of official notice to do so, provided that such public sewer is within 100 feet of the property line.

§ 51.06 PRIVATE SEWER SYSTEMS.

Where a public sanitary or combined sewer is not available under the provisions of § 51.05, the building sewer shall be connected to a private sewage disposal system complying with the provisions of this chapter.

§ 51.07 PERMIT AND FEE.

Before commencement of construction of a private sewage disposal system, the owner shall first obtain a written permit signed by the Director. The application for such permit shall be made on a form furnished by the City, which the applicant shall supplement by any plans, specifications, and other information as are deemed necessary by the Director. A permit and inspection fee of \$25 shall be paid at the time the application is filed.

§ 51.08 PRIVATE SEWER SYSTEM INSPECTION.

A permit for a private sewage disposal system shall not become effective until the installation is completed to the satisfaction of the Director.

§ 51.09 PRIVATE SEWER SYSTEM STANDARDS.

The type, capacities, location, and layout of a private sewage disposal system shall comply with all recommendations of the Department of Public Health of the state, and shall be constructed and connected in accordance with the plumbing regulations of the City. No septic tank or cesspool shall be permitted to discharge to any public sewer or natural outlet.

§ 51.10 DISCONTINUANCE OF SYSTEM.

At such time as a public sewer becomes available to a property served by a private sewage disposal system, as provided in § 51.05, a direct connection shall be made to the public sewer in compliance with this chapter, and any septic tanks, cesspools, and similar private sewage disposal facilities shall be abandoned and filled with suitable material.

§ 51.11 MAINTENANCE OF SYSTEM.

The owner shall operate and maintain the private sewage disposal system facilities in a sanitary manner at all times, at no expense to the City.

§ 51.12 ADDITIONAL REQUIREMENTS.

Nothing herein contained shall be construed to interfere with any additional requirements that may be imposed by the Health Officer, or otherwise limit his powers.

§ 51.13 SEWER CONNECTIONS.

It shall be unlawful for any unauthorized person to uncover, make

connections with or openings into, use, alter, block, or disturb any public sewer, manhole, catchbasin, or appurtenance thereof without first obtaining a written permit from the Director.

§ 51.14 PERMITS AND FEES.

All connections into a public sewer of the City shall be made only on written authorization and permits issued by the Director or his designee. The application for such permit shall be made on a form furnished by the City. A permit and inspection fee shall be in the amount specified as passed by resolution of the City of Garden City and posted in the Department of Public Services of the City.

§ 51.15 INSTALLATION COSTS.

All costs and expenses incident to the installation and connection of the building sewer shall be borne by the owner of such property. The owner shall indemnify the City from all loss or damage that may directly or indirectly be occasioned by the installation of the building sewer.

§ 51.16 BUILDING SEWER FEE SCHEDULE.

Until the City Council shall otherwise provide by resolution, the schedule of fees for that portion of the building sewer lying on public property installed within the City shall be as follows:

- (A) All sewer connection taps shall be installed by the building contractor. All costs of such installation shall be borne by the property owner. The City shall levy a permit fee in the amount of \$475.00 to cover inspection costs, and administrative costs. In addition to the above fee, a debt service charge shall consist of a capital charge based upon \$300.00 per unit for sewer service. A unit shall be regarded as a normal house service connection for a single family residence. Based upon this unit method, charges for the other types of sewer connections are as follows:
- (1) Single-family residence - 1 unit
 - (2) Auto dealers - new cars - 1 unit plus \$52.50 per hoist stall
 - (3) Auto dealers - used cars - 1 unit plus \$175 per repair stall
 - (4) Bars - 1 unit plus \$17.50 per seat
 - (5) Barber shops - 1 unit plus \$35 per chair
 - (6) Bowling alleys, with bar and lunch - 1 unit plus \$70 per lane
 - (7) Bowling alleys only - 1 unit plus \$28 per lane
 - (8) Beauty shops - 1 unit plus \$52.50 per station
 - (9) Car wash - do-it-yourself - 1 unit per stall
 - (10) Car wash - mechanized - 3 units
 - (11) Churches - 1 unit
 - (12) Clinics - 1 unit plus \$175 per examining room
 - (13) Factories - office and production - 1 unit plus 1 unit for each additional 5,000 square feet or fraction thereof
 - (14) Groceries and supermarkets - 1 unit plus 1 unit for each additional 5,000 square feet or fraction thereof
 - (15) Hospitals - 1 unit plus \$35 per bed
 - (16) Hospital - convalescent homes - 1 unit plus \$70 per bed
 - (17) Hotels and motels - 1 unit plus \$87.50 per room
 - (18) Laundromats - 1 unit plus \$175 per washer
 - (19) Two-family residence - 1 unit plus \$175
 - (20) Multiple-family residence - 1 unit plus \$175 per additional living unit space
 - (21) Office building - 1 unit plus 1 unit for each additional 5,000 square feet or fraction thereof
 - (22) Restaurants, all, including drive-ins, snack bars - 1 unit plus \$20 per seat and/or stall based upon maximum occupancy
 - (23) Schools - 1 unit plus \$350 per additional room
 - (24) Service stations - 1 unit plus \$100 per gasoline dispensing unit
 - (25) Garages - 1 unit plus \$52.50 per hoist stall
 - (26) Theaters - drive-ins - 1 unit plus \$14 per auto space
 - (27) Where there is to be a change in the use of premises with an existing water tap and the new use is one which will materially affect the water system by introducing uncalculated stress on the system, a surcharge of \$200 shall be paid prior to the issuance of an occupancy permit.
 - (28) For other uses not listed, or for unusual conditions, charges shall be determined by the City Council.

(B) Lateral benefit charge. There shall be paid on behalf of any premises making a direct private connection to any public water and/or sanitary sewer line which has not been either privately constructed and paid for on behalf of the premises or publicly financed at least in part by means of special assessments levied against the property on which such premises are located, for the privilege of making use of such public water or sewer line as a water or sanitary sewer lateral, at the time of application for a tap permit, a lateral benefit charge, to be determined as follows. For each single-family residential unit as defined above: Water \$1,050.00; Sanitary sewer, \$1,350.00.

(C) Building sewer installations made at premises outside the City shall be 200% of the fees set forth above or as hereafter may be established for City installations by City Council resolution.

(D) All property zoned for industry under the zoning code of this city, for the purpose of sewer service, shall be required to use a service pipe of a minimum diameter of eight inches. The minimum fee for such sewer service connection based on the minimum size of an eight-inch service pipe shall be in the amount of \$378 for such industrially zoned property.

§ 51.17 SEPARATE BUILDING SEWERS.

A separate and independent building sewer shall be provided for every building, except that where one building stands at the rear of another on an interior lot and no sewer is available or can be constructed to the rear building through an adjoining alley, court, yard, or driveway, the building sewer from the front building may be extended to the rear building and the whole considered as one building sewer.

§ 51.18 BUILDING SEWER MAINTENANCE.

The entire building sewer, from the public sewer to the building drain, shall be maintained at all times in a sanitary manner by the owner, at no expense to the City.

§ 51.19 OLD BUILDING SEWERS.

Old building sewers may be used in connection with new buildings only when they are found, on examination and test by the Director, to meet all the requirements of this chapter.

§ 51.20 BUILDING SEWER STANDARDS.

All building sewer construction and the installation of pipes, fittings, and appurtenances shall be done in accordance with the building regulations of the City and such supplementary rules and regulations as the Director may prescribe.

§ 51.21 INSPECTION OF BUILDING SEWER.

The holder of a building sewer permit shall notify the Director when the building sewer is ready for inspection and connection to the public sewer. The connections shall be made in the presence of an authorized employee of the Department.

§ 51.22 CONSTRUCTION PRECAUTIONS.

All excavations for building sewer installations shall be adequately guarded with barricades and lights so as to protect the public from hazard. Sidewalks, parkways, and other public property disturbed in the course of the work shall be restored in a manner satisfactory to the Director. Street openings shall be subject to the requirements of Ch. 94 of this code.

§ 51.23 PROHIBITED USES.

Except as hereinafter provided, no person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewer:

- (A) Any liquid or vapor having a temperature higher than 150°F;
- (B) Any water or waste which may contain more than 100 parts per million, by weight, of fat, oil, or grease;
- (C) Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid, or gas;
- (D) Any garbage that has not been properly shredded;
- (E) Any ashes, cinders, sand, mud, straw, wood, sticks, grass clippings, shavings, metal, glass, rags, cloth, feathers, tar, plastics, paunch manure, or any other solid or viscous substance capable of causing obstruction to the flow in sewers or other interference with the proper operation of the sewage works;
- (F) Any waters or wastes having a pH lower than 6.0 or higher than 10.0, or having an average pH higher or lower than 7.0 or having any other corrosive property capable of causing damage or hazard to structures, equipment, and personnel of the sewage works;
- (G) Any waters or wastes containing a toxic or poisonous substance in sufficient quantity to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, or create any hazard in the receiving waters of a sewage treatment;
- (H) Any water or wastes containing suspended solids of such character and quantity that unusual attention or expense is required to handle such materials at the sewage treatment plant;
- (I) Any noxious or malodorous gas or substance capable of creating a public nuisance.

§ 51.24 PRIVATE INTERCEPTORS.

(A) Grease, oil and sand interceptors shall be provided when, in the opinion of the Director, they are necessary for the proper handling of liquid wastes containing grease in excessive amounts, or any flammable wastes, sand, and other harmful ingredients; except that such interceptors shall not be required for private living quarters or dwelling units. All interceptors shall be of a type and capacity approved by the Director, and shall be located as to be readily and easily accessible for cleaning and inspection.

(B) Grease and oil interceptors shall be of substantial construction, watertight, and equipped with easily removable covers which, when bolted in place, shall be gastight and watertight.

§ 51.25 PRIVATE INTERCEPTOR MAINTENANCE.

Where installed, all grease, oil, and sand interceptors shall be maintained

Culinary Extravaganza set for Sept. 20

BY RENÉE SKOGLUND
STAFF WRITER
rskoglund@oe.homecomm.net

Mark your calendars and start dieting.

Plans are well under way for Schoolcraft College's Culinary Extravaganza Sunday, Sept. 20. The event is a premier fund-raiser for the Schoolcraft College Foundation, which provides scholarships for students in all programs.

Last year's event raised more than \$130,000.

"It's wonderful, wonderful. We're way ahead of schedule. The packaging is very exciting, very unique," said event co-chairwoman and foundation board member Suzanne Thomas Hughes of Plymouth.

Thomas Hughes and co-chairwoman Colleen Pobur of Plymouth put their time and talent together last year to make the auction one of the most successful attractions of the Culinary Extravaganza. The auction raised \$20,000.

Center holds open house

The Early Learning and Child Development Center at the University of Michigan-Dearborn invites parents to an open house 4-6 p.m. Wednesday, July 28.

Visitors will meet staff at the Center Office, Room 1031, in the CASL Annex, on the campus's Fair Lane Drive, west of Evergreen Road.

The center offers full- and half-day kindergarten programs from September through June plus developmentally appropriate, play-based programs and summer day-camps for preschoolers and toddlers.

Whetting their appetites: Co-chairwoman Colleen Pobur, center, discusses plans for Schoolcraft College's Culinary Extravaganza with participants Lee Hershey, left, and Madeline Triffon.

This year, the two women want to up the ante. "Our goal is to raise that bar by 20 percent," said Thomas Hughes.

With 45 restaurants already committed and several attractive bid packages taking shape, selling tickets, which go for \$75 for two or \$40 for one, won't be a problem.

"It's a huge value to come to this party, with all the wine and ambiance," said Pobur.

The emphasis of this year's auction packages is on soup-to-nuts completeness, nothing left for the winning bidder to do but enjoy. Here's a sampling:

■ Two tickets to next year's MIS 2000 races. Package includes clothing and possible

driving experience.

■ Dinner party for several couples prepared by a master chef in the host's home.

■ Embassy Suites getaway that includes a massage for two and roses in the room.

■ Soaring Eagle Casino overnight package.

■ RE/MAX balloon ride with pick-up and return in the RE/MAX Hummer. (Last year, the package included driving the Hummer, which raised another \$500, said Thomas Hughes.)

■ Food and wine presentation for 10 couples by master sommelier Madeline Triffon of Unique Restaurant Corp.

Raffle prizes include two round-trip tickets from North-

SCHOOLCRAFT

west Airlines to anywhere in the continental United States, a three-month auto lease from Saturn of Plymouth/ Farmington Hills, and a garnet-and-diamond lady's ring from Orin Jewelers. Raffle tickets are \$5 each or three for \$10.

Raffle tickets carry an extra bonus: Each ticket is good for \$5 off any dinner or purchase at participating restaurants.

Thomas Hughes, a loan center officer at Flagstar Bank in Plymouth, and Pobur, director of concessions and quality assurance at the Detroit Metropolitan Airport, will soon be squeezing even more volunteer time out of their busy lives as the event nears.

More auction packages are being planned and polished. "We want the packages to be so complete, you don't have to do a thing. We take care of all the details. The coordination is included," said Thomas Hughes.

There's still time to be part of the Culinary Extravaganza. In addition to auction items, sponsors are needed. Depending upon the level, sponsors' packages include tickets, program advertisement, names on outdoor lighting, VIP parking and event preview.

More restaurants are welcome. The Waterman Center has room for at least 60 restaurants.

For more information, contact Schoolcraft's Office of Marketing and Development at (734) 462-4417.

Supreme Court upholds merger

BY KEN ABRAMCZYK
STAFF WRITER
kabramczyk@oe.homecomm.net

Wayne County and the city of Detroit's attempt to stop the abolition of Detroit's Recorder's Court has failed. The Michigan Supreme Court upheld a three-year-old state law that merged the court into Wayne County's Third Circuit Court.

In a 4-3 decision issued Tuesday, justices rejected the argument that the court reorganization outlined under Act 374 — approved by state lawmakers in 1996 — violated the Headlee Amendment to the Michigan Constitution.

Detroit and Wayne County had argued that the reorganization law requiring Detroit to pay for 36th District Court and Wayne County to pay for the newly reconstituted Third Circuit Court violated the Headlee Amendment because it placed financial obligations on them that they were not previously required to shoulder.

That argument focused on the second sentence of Headlee, which reads: "A new activity or service or an increase in the level of any activity or service beyond that required by existing law shall not be required by the legislature or any state agency of units of local government, unless a state appropriation is made and disbursed to

pay the unit of local government for any necessary increased costs."

In the majority opinion that rejected that argument, Justice Clifford Taylor wrote: "We conclude that Act 374 neither imposes new activities nor increases the levels of activities on local units."

"Further, because in 1978 and under Act 374, the state's only contribution to the activity at issue relates to the payment of judicial salaries, these matters are not subject to an analysis to determine whether Act 374 decreases the state's proportionate share of the necessary costs of the activities it requires of these local units."

Concurring with Taylor were Chief Justice Elizabeth Weaver, and Justices Maura Corrigan and Robert Young Jr.

Justices James Brickley, Michael Cavanagh and Marilyn Kelly dissented. Cavanagh wrote in the opinion: "I believe that the state's obligations under the second sentence of Article 9, Section 29 (Headlee) flow to each individual unit of local government and not local governments in the collective. Therefore, I would hold that, if the state should mandate a program shift from one local unit to another, that program is 'new' to the unit that must now provide the activity."

CHEERS FOR BEER

CHEF JOSEPH STYKE

Belgian beer is just peachy

Last Sunday Michelle and I went to a barbecue at a friend's house and everyone brought a dish to pass.

We wanted to bring something different — it's summer, and we thought cold peach soup would be a winner. It's rich, refreshing, soothing and cooling on a hot day.

Then the question of what beer to serve with the soup came up. Michelle really does not like beer except for four or five kinds, and one of them is Lindemans Peche or "peach," a lambic made with fresh peaches.

This stuff is awesome, and the perfect accompaniment for chilled peach soup. It makes a nice aperitif too. You can serve Lindemans Peche in a champagne flute.

History

Lambics originated in the town of Lembeek on the River Zenne southwest of Brussels 500 years ago. There was a brewer's guild in Lembeek and it was an important brewing center in that part of Belgium. Today, the only brewery left in Lembeek is Boon's.

Lambics are made in the fall from September to March or April. The early spring and summer is for fermenting and aging. By royal decree, a lambic must be made with at least 30 percent raw wheat and the remainder malted barley, but some have been known to contain up to 60 percent wheat.

Mashing times of three hours are not unheard of and boils of two to five hours are not uncommon. The hops used seem to be whatever was handy or the best price. Lambic brewers use hops for their preservative value rather than flavor and aroma.

The hops are aged two to three years. Lambic brewers use three to four times more hops than conventional brewers, but because the hops are so old there really is no flavor or bitterness from them.

Fermentation

Now comes the interesting part. After the boil, the wort is pumped up to large shallow copper or steel vats in the attic to cool overnight. Windows are left open to expose the wort

CHILLED PEACH SOUP

- 2 1/2 pounds ripe peaches, peeled and cut into chunks
- 1 cup heavy cream
- 1 cup half-and-half
- 1/2 teaspoon vanilla
- 1/8 cup sugar
- Pinch of allspice to taste

Drop peaches into boiling water for 15 seconds, and then plunge into ice water.

Peel and pit peaches and cut into chunks. Place them in a food processor with the sugar and puree until smooth.

Pour into a stainless steel or glass bowl. Add cream and half-and-half. Mix well. Add vanilla and allspice. Chill for 5 hours or overnight. Makes a little over a quart.

Chilled soups offer cool comfort

BY RENÉE SKOGLUND

What better way to cool your palate this summer than with a bowl of delicious cold soup. Don't shy away from these cool-as-a-cucumber delights. The choices are downright flirtatious, from tangy gazpacho to silky smooth honeydew-mint and luscious strawberry-banana.

"A lot of people are scared of cold soups until they try them, and then it awakens them to a whole new world," said chef Jeff Ice of the Clarkston Union, a popular restaurant in Clarkston.

Ice likes to make big batches of gazpacho in the summer. In addition to lots of chopped tomatoes, his gazpacho is chock full of cucumbers, onions and sweet peppers. A purist, Ice chops his veggies by hand to preserve their texture.

"You're looking for crispness when you make a cold soup, things that go snap when you chew them," he said.

When it comes to tomatoes, Ice favors the Roma. "It releases more juices and has a better color. In fact, I use only Romas in all my recipes."

While most gazpacho recipes call for vinegar, Ice prefers to use wine, a shiraz or cabernet, and he doesn't add any olive oil. He also insists only fresh herbs will do since dry herbs do not soften and release their flavors as well in cold soups as they do in hot.

And if you're hesitant about using a hefty splash of Worcestershire sauce in your gazpacho, relax and splash away. Ice's recipe calls for one-fourth cup. "I recently made my gazpacho for a big catered party. They loved it."

Chef Steve Allen of Steve & Rocky's in Novi grows his own melons in his Hartland home garden. As soon as they're ripe, Allen will transform them into a wonderful honeydew-cantaloupe soup that includes pineapple or cranberry juice, Major Grey chutney, maybe a touch of grated fresh ginger and "a little bit of cayenne for a little bit of kick."

Secret

The secret to making excellent cold soups is choosing almost overly ripe fruit, said Allen. "The softer to the touch, the riper it is and the more flavor you'll get."

Allen said people should experiment when making cold soups and adjust the spices to their taste.

"I was taught never to cook by numbers," he said. "If it's not right, we fix it."

Like most cold soup-loving chefs, Allen personalizes his gazpacho. He adds sliced green Spanish olives, chopped hard-cooked eggs and cumin. "Don't be afraid to spice things up, especially during the summer," he said.

"Spice opens up your pores and cools you down faster."

Color and flavor

Chef Keith Matherly, who owns Adventures in Dining, a personalized chef service, and Martin's Butcher Block in Livonia with partner George Shier, adds cut fresh corn to his gazpacho "for color and flavor."

He also adds cumin and cayenne pepper. "I like my gazpacho hearty. It's almost a meal in itself. It's cool, refreshes you and gives you good nutrition."

Matherly also makes a chilled cucumber soup seasoned with mint and dill. When selecting cucumbers, Matherly recommends avoiding the stubbier waxed cucumbers sold year-round; rather, buy the longer, thin-skinned English cucumber. It has less water, denser meat and tastes better.

Consistency of cold pureed soups is important. Adding water may or may not be necessary during the puree process. "The soup needs to hold up a garnish," he said.

If you are a soup lover but don't have time to make your own, head to Zoup!

Difficult choice: Jeff Ice of the Clarkston Union offers his guests a choice between chunky gazpacho or smooth cucumber-dill. You can always take them both.

Soup satisfaction: Cold soup? Cool! Eric Ersher of Zoup! Fresh Soup Company in Southfield presents (left to right) Grilled Chicken Gazpacho, Strawberry-Banana and Chilled Tomato Basil with Shrimp.

Fresh Soup Company, 29177 Northwestern Highway in Southfield. It features 12 different soups daily but has a soup repertoire of 200.

Zoup! offers two cold soups a day, including the popular Grilled Chicken Gazpacho.

"It is dee-lishous. It has the grilled taste of the chicken and the fresh taste of cilantro," said Eric Ersher, managing partner.

Zoup! soups are made fresh daily off-site at the restaurant's huge commercial kitchen near Eastern Market and delivered early every morning. Cold soups include a tart-tasting berry and Summer Avocado with chopped tomatoes.

Customers get to sample soups before selecting, and each order comes with a "big hunk" of sourdough or multi-grain bread, said Ersher. Whether you decide to make your cold soup at home or dine out, all that's needed to complete your meal is some good bread and a light fruit dessert of fresh berries, cold plums or sliced peaches.

And, of course, a second bowl of cold soup.

New chef service eliminates messy kitchen

Don't feel like cooking tonight? No problem. Don't feel like cooking for ... like, the rest of your life? No problem, say the owners of "Adventures in Dining," a new personal chef service based in Livonia.

Chefs George Shier and Keith Matherly do the menu planning, food shopping, cooking, and packaging of delicious entrees such as Sweet Pepper Chicken and Polish Reuben Casserole for people who live alone or for families too busy to prepare a main meal.

"It's geared for singles, couples and working families of four or five. They just do not have time for things they need to do — sit down to a good meal. It's not an afterthought," said Matherly.

Prices are based on 20 dinners, which include a vegetable and a starch. The average price is \$200 for one person, \$275 for two people, and \$325 for a family of four. Discounts are given for referrals.

Matherly and Shier, who own Martin's Butcher Block & Deli on Farmington Road in Livonia, were looking for a new concept to showcase their culinary talents since they bought the deli 18 months ago.

"We wanted to find a good opportunity, something

that everybody wasn't doing," said Shier. That opportunity came when Shier's father and Matherly's brother-in-law sent them copies of a *Wall Street Journal* article on personal chefs at the same time. Something clicked, and Adventures in Dining was born.

Unlike personal chefs, who cook in private homes, Shier and Matherly do not make a mess in their customers' kitchens. All the cooking is done in the commercial kitchen of Martin's Butcher Block. Entrées are neatly packed in microwavable and oven-proof containers and delivered direct to customers' homes, anywhere within the Detroit area.

This is no one-entree-fits-all kind of service. Shier and Matherly meet with customers to customize a two- to three-week menu that accommodates all kinds of dietary needs or preferences.

"If you're on a low-fat diet, there's a lot more than just salads," said Shier.

There's also variety.

"You would not see the same dish for six months. That way you don't get bored, and we don't get bored," said Matherly. Added Shier: "If someone wants sloppy joes, we don't have a problem. We're not

CHILLED GAZPACHO WITH CORN

- 3 pounds tomatoes, peeled, seeded and coarsely chopped
- 1 medium bell pepper, coarsely chopped
- 1 small red onion, coarsely chopped
- 4-5 cloves of garlic
- 1/4 cup olive oil
- 1/4 cup red wine vinegar
- 1/4 teaspoon cayenne pepper
- 1 teaspoon ground cumin
- Pinch of kosher salt

- 1 cup fresh-cut corn
- 3 tablespoons chives, chopped fine
- 1 tablespoon Worcestershire sauce

Combine all ingredients except the corn and chives in a large bowl. Place small amounts of the mixture into a food processor; blend but leave chunky. Transfer mixture to a bowl and fold in corn and chives. Refrigerate one to two hours. Adjust seasoning and serve in a chilled bowl or glass with herb croutons. Option: 1 teaspoon shredded crab meat. Serves 6-8

people. Recipe compliments of Chef Keith Matherly, "Adventures in Dining."

COOL HONEYDEW-MINT

- 1/2 large honeydew melon (about two pounds), seeded, peeled and cut into pieces
- 1/4 cup loosely packed fresh mint leaves
- 3 tablespoons fresh lime juice, or as needed
- 1 tablespoon honey
- Salt to taste
- Paper-thin slices of lime.

Mint sprigs
Working in batches, place the melon, mint leaves, lime juice and honey into a blender. Process on high speed until smooth and light, about two minutes for each batch. Transfer to a container, cover and chill at least one hour. Before serving, season to taste with more lime juice and salt. Ladle the soup into chilled bowls and garnish with lime slices and mint sprigs. Serve well-chilled. Serves 6

CLARKSTON UNION GAZPACHO

- 1 cup Roma tomatoes, seeded and diced
- 1 green pepper, finely diced
- 1 red pepper, finely diced
- 1 medium cucumber, peeled and diced
- 1 small red onion, finely diced
- 3 cups tomato juice
- 2 cups red wine
- 1 tablespoon minced garlic
- Dash of hot sauce
- Salt and pepper to taste
- 1 teaspoon horseradish

Celery salt to taste
2-4 tablespoons Worcestershire sauce
Place prepared vegetables in a large bowl. In a separate bowl, mix together tomato juice, red wine, garlic, hot sauce, salt and pepper, horseradish, celery salt and Worcestershire sauce. Combine liquid and vegetables and adjust seasonings to your taste. Refrigerate until well chilled. Serve in a chilled bowl and top with croutons. Option: A little fresh cilantro is always nice to add to this dish.

Chef whips up 'simple' crab salad

NEW YORK (AP) - Daniel Boulud explains that his Crab, Mango and Cucumber Salad is a very simple salad.

And the renowned chef-restaurateur demonstrates it in the kitchen of Cafe Boulud. His practiced ease, his deft chopping and mixing, convince the food writers gathered around him that, yes, it actually is simple.

But not unsophisticated. The recipe is from "Daniel Boulud's Cafe Boulud Cookbook" (Scribner, \$35, due to be published in November), from the section tagged "Voyages," inspired by distant places.

His recipe includes directions for making mango coulis, an optional sauce. The full recipe for mango coulis makes about 1 cup, he explains, which is twice as much as you'd need for the salad. You can cut the recipe in half, but he suggests you make the full amount anyway. "It will keep for a day and is terrific served as a dipping sauce for simply boiled shrimp or crudités."

CRAB, MANGO AND CUCUMBER SALAD

- 1 pound fresh lump crab meat, preferably from Maine, picked over for shells and cartilage
- 1 1/2 tablespoons freshly squeezed lime juice
- 3 tablespoons extra-virgin olive oil
- 1 tablespoon finely chopped cilantro leaves, plus 4 whole leaves for garnish
- 2 teaspoons finely chopped mint leaves, plus 4 whole leaves for garnish
- Salt and freshly ground white pepper
- Tabasco
- 1 medium mango, peeled, pitted and cut into 1/4-inch dice
- 1 cucumber, peeled, seeded and cut into 1/4-inch dice
- 1 tablespoon unsalted peanuts, toasted and roughly chopped

Season the crab meat with 1 tablespoon of the lime juice, 1 1/2 tablespoons of the olive oil, 2/3rds of the chopped cilantro and mint, salt and pepper to taste and about 10 drops of Tabasco. Toss the crab meat lightly with a fork or your fingers. If you wish to serve the salad family style, put the crab in a chilled shallow bowl. For individual servings, arrange the crab in 4 chilled shallow soup plates.

Season the mango and cucumber with the remaining lime juice, olive oil, chopped cilantro and mint, salt and pepper to taste and about 10 drops of Tabasco. Mix well and scatter the mixture over the crab meat, in either large or small bowls. Sprinkle the salad with the chopped peanuts and top with the whole cilantro and mint leaves. Serve mango coulis on the side, if desired. Makes 4 servings.

MANGO COULIS (OPTIONAL)

- 1 tablespoon extra-virgin olive oil
- 1 ripe mango, peeled, pitted and cut into small dice
- Salt and freshly ground white pepper
- 1/4 cup water
- 1 teaspoon freshly squeezed lemon juice

Heat the olive oil in a small pan over medium heat, add the mango, season with salt and pepper and cook, stirring, for about 3 minutes, until the fruit is very tender. Add the water, bring to a boil and then pull the pan from the heat. Stir in the lemon juice, then scrape the mixture into the jar of a mini-blender or, better yet, a container in which you can use an immersion blender. Puree until smooth, let cool and chill until needed. (Make the coulis up to a day ahead and keep tightly covered in the refrigerator.)

dictating you have what we offer. These are your choices."

Rochelle Feldman of West Bloomfield and Karen Thomczak of Farmington Hills, who work next door to Martin's Butcher Block, often stop by to pick up some ready-made entrees.

"I don't cook. This is an answer to my prayers. Every single week I get dinners, and it

carries me through the weekend," said Feldman, who often shares the dinners with her 5-year-old grandchild.

"We just have such busy schedules with two jobs, one child at home. You don't want to get hooked on fast foods," said Thomczak.

Feldman said Shier and Matherly really do pay attention to their customers' crav-

ings. "I told them I had a craving for ambrosia, and three days later it was here."

The two women plan to be customers for a very long time. "We can always count on them to make a really good meal," said Thomczak.

Dentistry in the 90s

by Herbert M. Gardner, D.D.S.

RECESSION STRATEGY

"Gingiva" is the gum tissue that surrounds each tooth with a tight-fitting, collar-like seal that restricts the penetration of bacteria that might threaten the health of underlying bone. When gums recede, the teeth lose this physical barrier and the underlying bone becomes vulnerable. At the very least, anything more than mild recession of the gingiva results in greater tooth-root sensitivity to hot and cold, as well as an unsightly appearance. To remedy these functional and cosmetic problems, a gingival graft may be sutured around the tooth to replenish any deficiency. The graft consists of a thin piece of tissue taken from the roof of the mouth or from adjacent gum. The results are both permanent and highly successful. Is a gingival graft an option for you? Have you been putting off seeing a dentist? At LIVONIA VILLAGE DENTAL ASSOCIATES, we're currently accepting new patients and welcome your call at (248) 478-2110 to schedule an appointment. We're located at 19171 Merriman Road. We provide cosmetic, functional, and preventive dental care for all ages. You can rely on us to answer all your questions about dental treatments and procedures. Common sense tells us that preventing dental disease is more rewarding and less costly than correcting problems once they occur. Good dental health is no accident. Smiles are our business.

Skip fat, calories with delicious oven-fried chicken

BY DANA JACOBI
SPECIAL WRITER

If fried chicken is high on your love-hate list of foods, meaning that you love to eat it but hate all its fat and calories, oven-baking is the answer.

The secret to enjoying this American favorite, crisp and crusty outside and succulently moist inside, but without the fat, lies in finding the right recipe.

It took some experimenting to get golden brown "fried" chicken cooked in the oven, full of juicy flavor and with a delicious crust that's not soggy.

Using breast meat added to the challenge of producing moist and tender results.

To arrive at the recipe for suc-

cess, I started out using both boneless chicken breast and halves with the ribs. With each, I tested one wet coating, several dry ones, and two different oven temperatures. In every case, the cutlets came out cardboard dry, the bone-in breasts moist.

From the start, I knew yogurt would be the best wet coating. Its tart flavor is close to the tang of the true buttermilk used by old-time cooks.

Normally, I would use milk to thin the yogurt. Experience, though, demonstrated that lightly beaten egg white was better because chicken coated in this mixture stayed moist without needing time to soak in it.

For the dry coating, I tested four possibilities: corn flakes, soda crackers, bread crumbs, and flour. Ultimately, a base of

seasoned flour, followed by a coating of the yogurt mixture, then a generous covering of crushed crackers, produced superb results. Perfectly crisp when hot, this coating was still appealing on leftover chicken refrigerated overnight. It tasted great, hot and cold.

An oven temperature of 375°F made the chicken properly brown and cooked it all the way through; a higher temperature singed the cracker coating and hardened the meat. Placing the chicken on a greased rack helped it brown evenly without turning.

In sum, using a rack and coatings of seasoned flour, yogurt-and-egg white, and crushed soda crackers, produced great, lean "fried" chicken to serve proudly at home and enjoy at picnics and

outdoor parties.

OVEN-FRIED CHICKEN

- 1/2 cup flour
- 1 teaspoon dried basil
- 1 teaspoon mustard powder
- 1 teaspoon dried oregano
- 1 teaspoon rubbed sage
- 1 teaspoon dried thyme leaves
- 1/8 teaspoon cayenne pepper
- 1/2 teaspoon salt
- 1/2 teaspoon freshly ground pepper
- 1 egg white
- 1/2 cup low fat yogurt
- 3 cups finely crushed fat-free soda crackers, about 40
- 2 whole chicken breasts, about 2 pounds, split and skinned

Preheat the oven to 375 degrees F. Spray a cake rack and place it on a foil covered baking sheet. In a wide, shallow dish, combine the flour, basil, mustard, oregano, sage, thyme, cayenne, salt, and pepper.

In another dish, with a fork, beat the egg white until frothy. Mix in the yogurt. Place the crushed crackers on a plate.

Dip the chicken in the seasoned flour, turning until completely coated.

Cover with the yogurt mixture, then roll it in the cracker crumbs. Place the coated chicken on the prepared rack. Leave at least 1 inch between the pieces of chicken

Spray the coated chicken with cooking spray.

Bake the chicken for 45 minutes, or until it is golden and the juices run clear when a breast is pierced with a fork. This chicken is crunchy when served within one hour. It keeps, wrapped in foil or plastic, in the refrigerator for 2 days.

SCOTT PETERSON

My love for fresh, home-grown food was cultivated throughout childhood, especially during the time I spent on my grandparent's farm in Montrose, Mich.

There are certain tastes or smells that immediately transport you back to what feels like a simpler time. Fresh fruit is that magical food for me.

My siblings and I loved to wake up early in the morning and head out with our baskets to pick wild berries.

The method was always the same - one for the basket, one for our belly. Once we filled the baskets, we raced back to the house to wash our bounty, while my grandmother prepared the griddle for fresh blueberry pancakes.

Now that summer is in full swing, the selection and availability of fresh fruits and berries is incredible. Picking fruit and vegetables at a nearby farm or orchard is a fun, and relatively inexpensive, family outing. I guarantee your recipes will taste better if you use freshly picked fruits and vegetables.

I have put together a few recipes for you to make for family and friends at your next get-together or picnic. Each recipe contains a fruit that you can buy at a farm market or pick at a local farm or orchard.

BLUEBERRY CREPES WITH GOAT CHEESE AND FRESH TARRAGON

(Yields 10 crepes)

- 2 eggs
- 2 1/2 tablespoons heavy cream
- 2 1/2 tablespoons fresh blueberries pureed

Mix these ingredients together 1 tablespoon powdered sugar 1/2 cup all purpose flour

Add to above liquid.

Heat small 7-inch non-stick pan over high heat. Pour 2 tablespoons of the batter into the pan. Swirl the pan to evenly distribute the batter on the bottom of the pan. Cook 30 seconds, or until bottom is golden brown.

Use a toothpick to flip the crepe and finish cooking, about 15 seconds. Turn onto a plate. Stack crepes with a sheet of wax paper in between layers, and set aside.

GOAT CHEESE

TARRAGON FILLING

- 3/4 cup goat cheese (you may substitute cream cheese)
- 2 tablespoons freshly chopped tarragon
- 1/4 cup heavy cream
- 1/2 teaspoon fresh black pepper

Whip all of these ingredients in a food processor until well mixed.

Place 2 tablespoons of the filling on half of the crepe, and fold in half two times. Reheat in warm oven for five minutes.

Drizzle with balsamic vinegar and serve.

FRESH BLACKBERRY JAM

(Makes 1 quart)

- 2 pounds fresh picked blackberries, washed
- 3 cups sugar
- 2 tablespoons lemon juice

Place berries and sugar in a bowl and mix well. Let stand overnight in refrigerator.

The next day, add lemon juice and bring to a boil in a saucepan. Cook to the jelling point, and cool.

Serve with peanut butter, or pate de foie gras.

GRILLED CHICKEN WITH GRANNY SMITH APPLES, CHEDDAR CHEESE, AND ROSEMARY SAUCE

- Serves 4
- 4 boneless skinless chicken breasts
- 1 large Granny Smith apple, cored and sliced
- 1 small shallot, julienne
- Salt and pepper to taste
- 1/2 cup shredded cheddar cheese

1 tablespoon butter

In heated pan, sauté shallots and garlic in butter for about a minute, then add sliced apples. Season with salt and pepper. Cook until apples are golden brown and soft. Set aside.

ROSEMARY SAUCE

- 1/4 cup balsamic vinegar
- 1 cup white wine
- 1 cup sugar
- 2/3 cup water
- 3 sprigs fresh rosemary
- 1/4 teaspoon black pepper

Mix together all of the above ingredients, simmer, and reduce until the consistency is similar to syrup.

Grill chicken until cooked completely through. Divide apple mixture among breasts, and top with cheese. Close grill to melt cheese. Remove, pour rosemary sauce over the chicken and serve.

THE 'KIDNEY KIDS' DISCOVER CAMP

Ordinary experiences are special for kids with medical needs

BY KIMBERLY A. MORTSON
STAFF WRITER
kmortson@oe.homecomm.net

Looking out at more than 100 kids, from the porch of the main lodge at Camp Copneconic in Fenton, it's hard to distinguish the children they call the "kidney kids" from everyone else.

The nickname comes from the fact that they have kidney disease. The National Kidney Foundation of Michigan has been hosting the week-long Kids' Camp at the 84-year-old retreat for approximately 15 years.

The goal of the Kids' Camp, according to NKFM Program Coordinator Linda Johnson, is to provide activities for young people who might not otherwise find a camp that could accommodate their need for dialysis and frequent medical attention.

"It's a nice opportunity for the kids to have fun and forget about it. We don't want them to dwell on their health so they camp right along with other children who don't have kidney problems," said Johnson. "Camp Copneconic is owned by the YMCA and is used year-round by a wide variety of groups and organizations ... not just the Kidney Foundation of Michigan."

Because of the special nature of the camp, children come from throughout Michigan and nearby states like Illinois and Indiana. Physicians, children's hospitals and outpatient dialysis centers make recommendations to their patients and families to attend the camp.

Dearborn resident Joe Lipani, 17, was urged by his doctor to partake in the camp for the first time in July. The Dearborn High School senior suffered from kidney failure at the age of eight after consuming what his mother Camille Lipani believes was undercooked "chicken."

Lipani's organs suffered permanent damage, causing a gradual decline in his kidney's over the past eight years.

"I'm really proud of him knowing all that he's been through," said Camille.

In 1998 the Dearborn teen's health status made it necessary for him to start hemodialysis, three times a week for up to five hours at a time.

"I'm on the machines Monday, Wednesday and Friday after school," said Lipani who receives dialysis treatments at Children's Hospital of Michigan in Detroit.

Lipani says he currently maintains an inactive status on a transplant list to receive a kidney and will progress to active status when he chooses to do so.

"It's my decision," said Lipani. "I'm not quite ready. I'm scared of rejection."

Test: Eric Ziga, 15, checks his blood sugar level. Kathy Carroll of Canton, a registered nurse from Children's Hospital of Detroit, looks over his shoulder to monitor his levels.

Eric Ziga, also from Dearborn, bunked in cabin Winnebago — the same as Lipani. Ziga, 15, offered his fellow camper a different perspective on the illness — Ziga received a kidney approximately three years ago. After trying hemodialysis, the Dearborn teen says he opted for peritoneal dialysis which he could do at home on his own — avoiding the significant amount of time hemodialysis demand of patients each week.

Peritoneal dialysis is performed by introducing dialysis solution into the abdominal cavity through a catheter. The natural membrane lining of the cavity is a semi-permeable membrane where waste products and excess water from the body pass through the membrane into the dialysis solution. This solution can be drained out of the abdomen into a bag and be thrown away in about 45 minutes compared to the 4-5 hour process of hemodialysis.

Ziga said he too had fears about a transplant but wouldn't trade how he feels now for anything. "I was tired all the time, now I feel fine."

Lipani and Ziga both said they didn't come to camp with the purpose of sharing their medical backgrounds but to have fun — meeting other kids who have walked in their shoes was an added bonus.

Like any other camp

For the most part, the Kids' Camp is no different than any other. Children between the ages of 8 and 17 participate in activities such as archery, games, swimming, arts/crafts, boating, canoeing, softball, kayaking and horseback riding.

There are very few restrictions for the "kidney kids." All of them are weighed and have their blood pressure monitored each morning and medications are distributed throughout the day. If a child is receiving peritoneal dialysis they cannot swim and transplant patients must wait one year beyond their surgery date to horseback ride.

Johnson said camp counselors are very conscious of the kids health and know what to look for if they are becoming fatigued or need to take time-out.

"There's a rest period after lunch that gives everyone the opportunity to catch their breath and relax. The counselors know some of these kids can't be pushed as much and may need a break."

The health center for the kidney kids, a separate building from the camp's main medical building, is staffed with volunteer nurses and physicians from Hurley Medical Center in Flint and Children's Hospital of Detroit.

Canton resident Kathy Carroll, a registered nurse from Children's Hospital, has been volunteering at the Kids' Camp since the very beginning.

STAFF PHOTO BY TOM HAWLEY

Reaching out: The low-ropes exercise provides an opportunity for the kids to work together. Above, Eric Ziga, 15, of Dearborn, pulls one of his fellow campers to safety.

Ziga, a diabetic, visits with Kathy twice a day to check his blood sugar levels and to receive medication. She'll accompany Lipani and a handful of other campers twice during the week-long camp to Hurley for their hemodialysis treatments.

"I volunteer because it's nice to see many of the kids I see at the hospital enjoying themselves. Because of their health some of them lead pretty sheltered lives and don't get the chance to be involved in so many activities like they do here," said Carroll.

Helping hand

The National Kidney Foundation of Michigan also sponsors a Family Weekend Getaway in the fall for adult kidney disease patients and their families. Johnson said many of the same activities are available to the adults with additional programs for their children or guests.

"The Kidney Foundation through fundraising pays for the cost of the camp for a good percentage of the kids. No one is turned away," said Johnson.

NKFM works with thousands of people annually who are coping with kidney failure through education, programming, patient services, advocacy and research to promote organ and tissue donation.

"This camp is something we're proud to be involved with," said Johnson. "It's very rewarding to see the kids enjoy themselves and form new friendships while they're here."

For information about NKFM visit their Web site at www.nkfm.org or call (734) 971-2800.

Ready, aim: Some of the more than 45 "kidney kids" try their hand at archery including Justin LeDuc from Atlanta, Mich., Brandon Mims of Detroit and Miguel Sandoval of Chicago.

Games: Lipani plays "Cats Cradle" with Brandon Mims from Detroit.

Computers make for better investors

MIKE WENDLAND

They came to Dallas from 48 states and even Saudi Arabia, nearly 900 of them, about half women and all with one thing on their mind. Investing. Specifically, using computers and the Internet to help make prudent, responsible and ultimately profitable long-term financial investments.

The gathering last weekend at the huge Wyndham Anatole Hotel in Dallas was called CompuFest '99 and it was sponsored by the computer group of the National Association of Investors Corporation (NAIC), a not for profit group headquartered in Madison Heights.

NAIC has been around almost half a century and it has nearly 800,000 members. It's built around some very simple and basic principles and ... they work.

Several dozen of those in attendance last weekend have become millionaires by stashing away small amounts each month for years on end, watching it compound and grow until, as one 61-year-old Chicago-area man told me, "I retired two years ago and don't have to ever worry about money again."

I came to Dallas for a couple of reasons.

First, I'm writing a book on the history of NAIC, telling the story of how Detroit's own Tom O'Hara founded NAIC with several other forward-thinking men like the late George Nicholson, Jr. on the idea that common everyday people can "own a part

of America" by buying common stocks.

It's a terrific story of Main Street meeting Wall Street, of how investment education has allowed hundreds of thousands of average Americans to have control over their futures, no matter what eventually happens to Social Security.

So one reason I was there was to research the book.

But the other reason I went to Dallas was to see how computers and online investing are being applied.

The first thing that struck me about those attending CompuFest '99 was the wide diversity in the ages of those attending. There were kids as young as eight learning how to invest in stocks, and several people well into their eighties, seated around computer screens using a sophisticated piece of software called Investor's Toolbox to identify and track growth companies.

"I remember when the calculator came out in the Sixties," said Ralph Seger, an NAIC trustee from Detroit. "Up to then, I had been using a slide rule to do the numbers. One day I went to the old Cunningham's Drug Store in downtown Detroit and walked out with a portable calculator. It was quite the thing."

Now, it's computers.

"We never could have envisioned what computers and the Internet would do," Seger told me. "It really is a marvelous tool."

But, as attendees at CompuFest heard over and over last weekend, computers are just tools. While they efficiently provide valuable information, they are no substitute for judgment. And judgment can only come by following sound investment principles.

Principles like not playing the market, but buying companies with proven track records of sales and profit growth and stable, mature management.

The current trend of Day Trading, or buying and then quickly selling stocks to capitalize on market fluctuations, sometimes within hours, was universally condemned by those I talked to last weekend.

"It's like gambling," said the venerable Tom O'Hara. "It's very risky and for every one success through Day Trading, there are scores of disasters. The one thing we've learned in our long history is that the only sure way for investment success is long term."

NAIC's principles are aimed at seeing an investment double in value every five years. If you want to learn more about this group, or how to identify growth companies or start an investment club, visit their Web site, www.better-investing.org for details.

HEALTH WARNING

U.S. Environmental Protection Agency (EPA) is warning the public not to purchase a chalk-like product illegally sold as an insect control for homes, schools, and restaurants. Marketed under several labels, including "Miraculous Insecticide Chalk" and "Chinese Chalk," the product is deceptively dangerous to children as it can easily be mistaken for common blackboard chalk and may be eaten.

Imported illegally from China and other countries, the insecticide chalk is touted as effective against roaches and other household pests when a

line of chalk is drawn along the floor or baseboards. It is typically sold at swap meets, flea markets, and urban ethnic grocery and hardware stores. In recent months it has been advertised in newspapers and on the Internet.

Overexposure, especially for children, can produce serious health effects, including vomiting, stomach pains, convulsions, tremors, coma, and death due to respiratory failure.

EPA recommends that roaches and other pests be safely controlled by ... eliminating sources of food, water, and pest breeding areas.

by the owner, at his expense, in continuously efficient operation at all times.

§ 51.26 PRELIMINARY TREATMENT FACILITIES.

(A) The admission into the public sewers of any waters or wastes having a five day Biochemical Oxygen Demand greater than 300 parts per million by weight; or containing more than 350 parts per million by weight of suspended solids; or containing any quantity of substances described in § 51.23; or having an average daily flow greater than 2% of the average daily sewage flow of the City, shall be subject to the review and approval of the Director. Where necessary, in the opinion of the Director, the owner shall provide, at his expense, such preliminary treatment as may be necessary to reduce the Biochemical Oxygen Demand to 300 parts per million and the suspended solids to 350 parts per million by weight; or reduce objectionable characteristics or constituents to within the maximum limits provided for in § 51.23; or control the quantities and rates of discharge of such waters or wastes.

(B) Plans, specifications, and any other pertinent information relating to proposed preliminary treatment facilities shall be submitted for the approval of the Director and of the Department of Health of the State of Michigan, and no construction of such facilities shall be commenced until such approvals are obtained in writing.

§ 51.27 MAINTENANCE OF PRELIMINARY FACILITIES.

When preliminary treatment facilities are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner, at his expense.

§ 51.28 CONTROL MANHOLES.

When required by the Director, the owner of any property served by a building sewer carrying industrial wastes shall install a suitable control manhole in the building sewer to facilitate observation, sampling, and measurement of the wastes. Such manhole, when required, shall be accessible and safely located, and shall be accessible at all times to the Director, and shall be constructed in accordance with the plans approved by the Director. The manhole shall be installed by the owner at his expense, and shall be maintained by him so as to be safe and accessible at all times.

§ 51.29 MEASUREMENTS AND TESTS.

All measurements, tests, and analyses of the characteristics of waters and wastes to which reference is made in §§ 51.23 and 51.26 shall be determined in accordance with "Standard Methods for the Examination of Water and Sewage", as published by the American Public Health Association, and shall be determined at the control manhole provided for in § 51.28, or upon suitable samples taken at such control manhole. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected.

§ 51.30 AGREEMENT.

Nothing herein contained shall be construed as preventing any special agreement or arrangement between the City and any industrial concern whereby an industrial waste of unusual strength or character may be accepted by the City for treatment, subject to payment therefor by the industrial concern.

§ 51.31 INJURY TO FACILITIES.

No person, except an authority employee of the City in the performance of his duties, shall willfully or carelessly break, damage, destroy, uncover, deface, clog, or tamper with any manhole, structure, appurtenance, building, or equipment which is part of the City sewage system.

§ 51.32 RIGHT OF ENTRY.

The Director and any authorized employee of the Department bearing proper credentials and identification shall be permitted to enter upon all properties for the purposes of inspection, observation, measurement, sampling, and testing, in accordance with the provisions of this chapter.

§ 51.33 RESTRICTIONS ON DRAINAGE.

It shall be unlawful for any owner, lessee, or occupant of any building in the City to introduce new inflow resources to the separate sanitary sewer system; construct new combined sewers except for replacement of existing combined sewers where no prudent feasible alternative exists; and also that all new construction tributary to the combined sewer system is designed to minimize inflow contribution to the combined sewer system and that any new building sanitary wastewater connection to a separate sanitary sewer, shall not contain footing drain and/or roof leader wastewater contributions.

§ 51.34 STRUCTURAL CHANGE IN DRAINAGE REQUIRED.

It is the joint duty of the owner, lessee, and occupant of premises now constructed to disconnect any existing water drainage connections as prescribed in § 51.33 on or before June 1, 1969, so that water falling on the roofs of buildings shall not be conducted directly into such public sanitary sewers, and shall not be conducted into any connecting basement drain or house footing drainage line thereof. Existing connections shall be permanently sealed by concrete or other suitable material in a manner approved by the enforcing official. Such roof drainage shall be permitted to flow upon the ground in such a manner approved by the enforcing official. Such roof drainage shall be permitted to flow upon the ground in such a manner as to reach the public sewers or drains by ground surface drainage as slowly as possible.

§ 51.35 IMPROPER DRAINAGE DECLARED A NUISANCE.

The construction of drainage contrary to the provisions of § 51.34 is a public nuisance to be abated in the manner herein before set forth. It shall be the duty of the Department of Public Services to enforce the changes throughout the City that are made necessary by §§ 51.33 and 51.34.

§ 51.39 PENALTY.

(A) Any person, firm, or corporation who violates, disobeys, neglects, or refuses to comply with, or who resists enforcement of, any of the provisions of §§ 51.33 through 51.35 may be fined no more than \$500 for each offense, or committed to the county jail for not more than 90 days, or both, in the discretion of the court. Each day on which such violation occurs shall be a separate offense.

(B) First offenses may be settled by pleading guilty and signing a waiver of right to trial at the Traffic Violations Bureau of the City and paying \$500 fine; however, the defendant named in the complaint in such first offense shall not be entitled to settle his case or enter his plea if it shall have been necessary to issue a warrant for his arrest.

(C) In the event of a second violation being charged under this chapter, the defendant named in such complaint shall appear before the District Court of the City for trial, and shall not be entitled to settle the offense at the Traffic Violations Bureau.

§ 52.01 DEFINITIONS.

For the purpose of this chapter the following definitions shall apply unless the context clearly indicates or requires a different meaning.

"BIOCHEMICAL OXYGEN DEMAND (BOD)." The quantity of oxygen utilized in the biochemical oxidation of organic matter under standard laboratory procedure, five days at 20°C. Expressed in terms of weight and concentration (milligrams per liter (mg/l)), as measured by standard methods.

"DEPARTMENT." The City Department of Public Services.

"DOMESTIC SEWAGE." Sewage derived principally from sanitary conveniences of dwellings, business buildings, institutions and the like, and which does not exceed the limits of normal strength and sewage.

"EXCESS SEWAGE." Quantities of sewage and wastes delivered to the Wayne County Interceptor which exceed the quantity of potable water purchased from the City. Excess sewage is normally the result of infiltration of ground water and inflow of storm water into the wastewater system.

"FOG." Fats, oils, or grease in the waste expressed in terms of milligrams per liter (ppm).

"INDIRECT DISCHARGE." The discharge or the introduction of non-domestic pollutants from any source regulated under Section 307 (b) or (c) of the Federal Water Pollution Control Act, P.L. 92-500, as amended, into the public waste treatment system.

"INDUSTRIAL WASTE." Any liquid, solid, or gaseous waste or form of energy of combination thereof resulting from any business, trade, or research, including the development, recover or processing of natural resources.

"mg/l." Milligrams per liter.

"NORMAL STRENGTH SEWAGE." Sewage of wastes, the concentration of which does not exceed BOD of 275 mg/l, and fats, oils, and grease 100 mg/l, which have a pH between 6.5 and 9.5 and which do not contain a concentration of other constituents which will interfere with the normal sewage treatment process.

"P." Phosphorus in the waste expressed in terms of milligrams per liter (ppm).

"PERSON." Any individual, firm, association, public or private corporation, or public agency or instrumentality.

"POLLUTANT." Any dredged spoil, solid waste, incinerator residue, sewage, chemical waste, biological materials, radioactive materials, heat, wrecked or discarded equipment, rock, sand, cellar dirt or industrial, municipal, or agricultural waste discharged into water.

"PREMISES." Each lot or parcel of land, building, or premises having any connection to the water supply or sewage disposal systems of the City.

"PUBLIC SEWER." A common sewer controlled by a governmental agency or public utility.

"SEWER DEBT SERVICE CHARGE." The sum of the applicable sewer user charge, surcharges, and debt service charges.

"SEWER USER." The recipients of services provided by the wastewater system, including premises which are connected to and discharge sewage or wastes into the system and shall consist of the following classes:

"COMMERCIAL USER." A user whose premises are privately owned and used to perform and/or sell services and/or products for profit (e.g. retail and wholesale stores, restaurants, motels, gasoline stations) and discharge primarily domestic sewage.

"GOVERNMENT USER." A user whose premises are publicly-owned facilities performing government office building, post office, library, school) and discharge only domestic sewage.

"INDUSTRIAL USER." A user whose premises are privately owned and used for manufacturing a product from raw or purchased material and discharges wastewater used in any way in the manufacturing process in addition to domestic sewage.

"INSTITUTIONAL USER." A user whose premises are owned by a non-profit organization pursuant to Section 501 of the Internal Revenue Code of 1986, as amended (e.g., churches, hospitals) and discharge primarily domestic sewage.

"RESIDENTIAL USER." A user whose premises are domiciles for single or multiple family use and discharge only domestic sewage.

"SEWER USER CHARGE." A charge based on thousands of cubic feet, or fractions thereof, levied on users of the wastewater system for user's proportionate share of the cost of operation and maintenance (including replacement) of the system.

"SEWER USER SURCHARGE." A charge imposed on a user of the wastewater system who discharges sewage or wastes in excess of normal strength.

"SUSPENDED SOLIDS." The total suspended matter that floats on the surface of, or is suspended in, water, wastewater, or other liquids, and which is removable by laboratory filtering as measured according to standard methods.

"WASTEWATER." Or "SEWAGE." Spent water which may be a combination of the liquid and water-carried wastes from residences, commercial buildings, industrial plants, institutions, or other land uses, including drainage water inadvertently present in said waste.

"WASTEWATER SYSTEM." Or "SEWER SYSTEM." Any part, or all, of the property, structures, equipment, sewers, materials, or appurtenances used in conjunction with the collection and disposal of wastewater, including the publicly owned treatment work (POTW).

"WASTEWATER OPERATION AND MAINTENANCE." All costs, direct and indirect, inclusive of all expenditures attributable to administration, replacement, treatment and collection of sewage and wastes on a continuing basis in conformance with the NPDES Permit, and other applicable regulations.

"WASTEWATER REPLACEMENT COSTS." Expenditures and costs for obtaining and installing equipment, accessories, or appurtenances which are necessary during the service life of the wastewater system to maintain the capacity and performance for which the system was designed and constructed.

§ 52.02 BASIS OF CHARGES.

(A) All water service shall be charged for on the basis of water consumed as determined by the meter installed on the premises of the water supply or sewage disposal customers by the Department. Sewage disposal service shall be charged for on the basis of water consumed as determined by the above mentioned meter. No free water supply or sewage disposal service shall be furnished to any person.

(B) Rates and charges for the use of the wastewater system of the City shall be based upon the methodology in the user charges system approved by the Michigan Department of Natural Resources. Revisions to the rates for total sewer service charges are to be established by resolutions of the City Council which shall be enacted apart from the published ordinances as necessary to ensure sufficiency of revenues a meeting operation, maintenance and replacement costs, as well as debt service.

(1) User charges for operation, maintenance and replacement shall be subject to the annual review of the user charge system. User charges shall be the same for all customers of the system regardless of biographical boundaries.

(2) All customers of the City wastewater system will receive the annual notification, which will show the breakdown of the sewer service charge into its components for administration, operation, maintenance and replacement and for debt service.

§ 52.03 WATER SUPPLY RATES.

Until the City Council shall otherwise provide by resolution, the schedule of rates charged for water supply service shall be as follows.

Quarterly consumption		Rate per 1,000
		Cubic feet
First 10,000 cubic feet		\$12.76
10,000 to 20,000 cubic feet		11.84
All over 20,000 cubic feet		10.88

(B) Monthly meter charges (in addition to those in division (A) above).		Charge
Meter size		
1/2 in.		3.93
3/4 in.		3.93
1 in.		4.59
1 1/4 in.		7.43
1 1/2 in.		13.10
2 in.		19.52
3 in.		26.21
4 in.		31.95

(C) Water supply rates charged for water service to premises outside the City shall be 150% of the rates set forth in divisions (A) and (B), or as may hereafter be established for City water supply service by City Council resolution.

§ 52.04 SEWAGE DISPOSAL RATES.

Until the City Council shall otherwise provide, the schedule of rates charged for sewage disposal services shall be as follows:

(A) Consumption charges.		
Base rate	\$18.98 per 1000 Cubic feet	
Excess sewage Charge	\$4.54 per 1000 Cubic feet	

(B) Sewage disposal rates. Charges for sewage disposal service to premises outside the City shall be 150% of the rates set forth in division (A), or as may hereafter be established for City sewage disposal service by City Council resolution.		
Meter Size	Monthly Charge	Quarterly Charge
1/2 in.	2.44	7.32
3/4 in.	3.66	10.93
1 in.	6.10	18.30
1 1/4 in.	13.42	40.26
2 in.	19.52	58.56
3 in.	35.38	106.14
4 in.	48.80	146.40
6 in.	73.20	219.60
8 in.	122.00	366.00

(D) Industrial waste surcharge. Commercial and industrial users who discharge wastes into the public wastewater system in excess of the strength of normal sewage shall be determined as follows:		
(1) Purpose and objective. This section has as its purpose the protection of public health and safety and because of the widely varying quality characteristics of the sewage discharged by different users of the public sewer discharged by different users of the public sewer and the publicly owned treatment works, it is the objective of this section to impose sewage charges which reflect the cost of treating sewage strength factors as well as sewage volume. These charges to commercial and industrial users will be in the form of a payment called a surcharge and will reflect industries equitable costs of wastewater treatment in excess of the strength of the domestic sewage. Sewage charge will be based on a volume rate and surcharged based on volume of discharge and the strength of BOD, suspended solid, phosphorus, fats, oil and grease or other pollutants present in the wastewater. In the event other pollutants are required to be surcharged under this subchapter, authorized variances, or by special arrangements with the owner of the publicly owned treatment works, the rules and regulations adopted herein will apply, said rules and regulations begin on file with the City Clerk.		
(2) Authority. This section is adopted pursuant to and in accordance		

with the requirements of Federal Law - Clean Water Act, 33 USC Section 1231 et seq. And applicable Federal Regulations, the requirements of the Settlement Agreement in *United States of America v. City of Detroit, et al.*, Civil Action #7-71111.

(3) It is ordained that the Schedule of Industrial Waste Pollutant Strength Surcharges is hereby adopted and made effective for users of the wastewater system of the City. Said surcharges to be computed as follows:

Computation of Industrial Pollutant Strength Surcharge

The industrial waste pollutant strength surcharge shall be computed in accordance with the following formula:

$$SC = 0.0624 V a (BOD-275) + b (TSS-350) + c (P-12) + d (FOG-100)$$

Where:

- SC = Pollutant strength surcharge fee in dollars for the billing period in Mcf (1000 cubic feet).
- V = Volume of waste discharged in the billing period in Mcf (1000 cubic feet).
- BOD = Five-day biochemical oxygen demand of the waste expressed in milligrams per liter (ppm).
- TSS = Total suspended solids in the waste expressed in milligrams per liter (ppm).
- P = Phosphorus in the waste expressed in milligrams per liter (ppm).
- FOG = Fats, oils, and grease expressed in milligrams per liter (ppm).
- a, b, c, d = Surcharge rates, \$/pound for treating BOD, TSS, P, and FOG respectively.
- 0.0624 = Factor which converts MCF to MM lbs.
- a. = \$0.083/pound
- b. = \$0.121/pound
- c. = \$2.00/pound
- d. = \$0.03/pound

(4) In accordance with the basic service agreement between the City of Garden City, the County of Wayne, and the Wayne County Board of Public Works or other property designated agent of the County of Wayne named pursuant to Public Acts 342 of 1939, and 184 of 1957, this section provides that any person, firm, or corporation discharging wastewater into the publicly owned wastewater into the publicly owned sewer system shall comply with the standards, rules and regulations controlling the quality of quantity of discharge or wastewater into the system. The standards, rules, and regulations shall be established from time to time by the county or its time to time by the county or its designated agent.

(E) Industrial surveillance permit fee. As industrial surveillance permit fee charge shall be established for Class D permits as follows:

Annual Fee = graduated Volume Base Fee X Survey Factor
The Volume Base Fee shall be on a graduated basis as follows.

AVERAGE WASTEWATER DISCHARGE VOLUME BASED ON DAYS

When Discharge Occurs (Gallons per day)	Volume Base Fee
0 - 50,000	\$ 77
50,000 - 100,000	227
100,000 - 250,000	377
250,000 - 1,000,000	527
Over 1,000,000	752

The Survey Factor shall be a number equal to the number of constituents contained in the wastewater discharged to a public sewer which exceed the limitations as set forth in the Sewer Use Regulation (SUR) Article IV Section 2. A-U. The Survey Factor shall not be less than 1.0 nor more than 10.0

§ 52.05 WATER SUPPLY AND SEWAGE DISPOSAL BILL DUE DATE.

The charges set forth in §§ 52.03 and 52.04 shall be effective as to bills paid on or before the due date, which date shall be clearly marked upon the face of the bill. The bill must be mailed to the customer at least 14 calendar days prior to such due date. If such bill is not paid on or before the individual due date, then a penalty of 10% shall be added to the amount thereof.

§ 52.06 BILLING.

Charges for water supply and sewage disposal service shall be billed and collected quarterly (every three months) or more often, but not less than approximately one-third in amount of the bills shall become due each month. All water meters shall be read at least every third month, and bills shall be rendered on the first of the month following the meter reading, which bills shall be immediately due and payable, and may be paid without penalty up to and including the due date shown thereon.

§ 52.07 COLLECTION.

(A) The City Treasurer is authorized to enforce the payment of charges for water supply and sewage disposal service to any premises by discontinuing either the water supply service or the sewage disposal service to such premises, or both, and an action of assumpsit may be instituted by the City against the customer. Service shall be discontinued to any premises when the customer shall be in arrears 60 days or more in paying any water supply or sewage disposal service charge.

(B) The charges for water supply and sewage disposal service, which under the provisions of Act 94, Public Acts of 1933 of the State of Michigan, as amended, are made a lien on the premises to which furnished, are recognized to constitute such lien, and the City Treasurer shall annually, on May 1, certify all unpaid charges for such services furnished to any premises which, on April 30 preceding, have remained unpaid for a period of six months to the City Assessor, who shall place the same, together with an additional penalty equaling ten percent (10%) of said amount, on the next tax roll of the City. Such charges so assessed shall be collected in the same manner as general City taxes. In cases where the City is properly notified in accordance with Act 94 of Public Acts of 1933 that a tenant is responsible for water supply or sewage disposal service charges, no such service shall be commenced or continued to such premises until there has been deposited with the City Treasurer a sum sufficient to cover three times the average quarterly bill for such premises as estimated by the City Treasurer, such deposit to be in no case less than \$100.00.

(C) Where the water supply or sewage disposal service to any premises has been discontinued to enforce the payment of water supply or sewer disposal service charges, such services shall not be recommenced until all delinquent charges have been paid, and a deposit made in the case of tenants, and a turn-on charge of \$50.00 is paid to the City.

(D) In any other case where, in the discretion of the City Treasurer, the collection of charges for water supply or sewage disposal service may be difficult or uncertain, he may require a similar deposit. Such deposits may be applied against any delinquent water supply or sewage disposal service charges, and the application thereof shall not affect the right of the City Treasurer to discontinue the water supply and/or sewage disposal service, to any premises for any delinquency thereby satisfied. No such deposit shall bear interest, and such deposit, or any remaining balance thereof, shall be returned to the customer making the same when he shall request in writing a discontinuation of water supply and sewage disposal service.

§ 52.08 SERVICE TO THE CITY.

The City shall pay the same water supply and sewage disposal service rates as would be paid by a private customer for the same service. The City shall also pay a charge of \$25 per year per fire hydrant. All such charges for service and fire hydrants shall be payable quarterly from the current funds of the City, or from the proceeds of taxes which the City, within constitutional limits, is herein authorized and required to levy in amounts sufficient for that purpose.

REPEALER.

That Chapter 50, 51, and 52 of Title V of the Code of Ordinances for the City of Garden City and all other ordinances or parts of ordinances in conflict herewith are hereby repealed. Except as herein modified, the said Code shall remain in full force and effect.

SEVERABILITY.

The City of Garden City hereby declares that if any section, paragraph, sentence, or word of this Ordinance hereby adopted be declared for any reason to be invalid, it is the intent of the City of Garden City that it would have passed all other portions of this Ordinance independent of the elimination here from such portion as may be declared invalid.

SAVINGS CLAUSE.

That nothing in this Ordinance hereby adopted shall be construed to affect any suit or proceeding pending in any court, or any rights acquired, or liability incurred, or any causes of action acquired or existing, under any act or ordinance hereby repealed as cited in this Ordinance; nor shall any just or legal right or remedy of any character be lost, impaired or affected by this Ordinance.

DATE OF EFFECT.

This amendatory Ordinance is declared to be effective upon publication as required by law.

MEDICAL NOTES

Among the healthy elderly, people with higher education levels exhibit more severe brain shrinkage with age than people with fewer years of education. Yet, these seniors do not show

severe problems with their memory or thinking, according to a researcher at Henry Ford Health System.

they are afforded greater protection from age-related mental impairment and possibly dementia.

The study published in the July issue of the journal Neurology, supports the "reserve hypothesis" — that while more educated people have greater age-associated brain shrinkage,

This study is the first of its kind to look at the biology of the reserve hypothesis in healthy older adults.

said C. Edward Coffey, M.D., chair of Henry Ford's Department of Psychiatry and the study's principal investigator. "Education doesn't reduce brain changes associated with disease or aging, but rather enables more educated individuals to resist the influence of deteriorating brain structure by maintaining better cognitive and behavioral function."

320 healthy men and women ages 66 to 90 living independently in the community. All were pre-screened for impairment using a mental state examination. Researchers used magnetic resonance imaging (MRI) technology to measure brain size.

The research pool consisted of

Despite their greater brain shrinkage those with higher education showed no clinical evidence of severe memory loss or other problems.

Medicare/Medicaid Notice to the Public

Notice is hereby given that on August 8, 1999 the agreement between the Secretary of Health and Human Services and Nightingale West Nursing Home, located in Westland, Michigan as a skilled nursing facility in the Medicare program will be terminated. In addition, as authorized by the Michigan Department of Community Health, Medical Services Administration, notice is given that the facility's agreement as a nursing facility in the Medicaid program will be terminated effective August 8, 1999. The Health Care Financing Administration has determined that Nightingale West Nursing Home has failed to attain substantial compliance with the following Medicare/Medicaid participation requirements at Title 42 of the code of Federal Regulations:

483.10 (Resident Rights), 483.15 (Quality of Life), 483.20 (Resident Assessment), 483.25 (Quality of Care), 483.35 (Dietary Services), 483.45 (Specialized Rehabilitative Services), 483.75 (Administration).

The Medicare program will not make payment for skilled nursing facility services furnished to residents admitted to the facility on or after June 6, 1999. This date is due to a previously imposed denial of payment for new admissions. For Medicare residents admitted prior to June 6, 1999, payment may continue to be made for up to 30 days of covered services furnished on or after August 8, 1999. In addition, Federal Financial Participation will not be available to the State of Michigan for any Medicaid residents admitted to the facility on or after June 6, 1999. For Medicaid residents admitted prior to June 6, 1999, Federal Financial Participation may continue to be made to the State of Michigan for up to 30 days of covered services to qualified residents furnished on or after August 8, 1999.

Art devotees gather in Ann Arbor

A little rain and change in starting time didn't stop Sue Gentz and Jan McDonald from arriving at 9 a.m. for the Ann Arbor Art Fairs on Wednesday, July 21. They simply took refuge in Amer's restaurant on the corner of Liberty and Main. That's where I ran into them. They kindly shared their table with my sister and me.

"The size of fairs and the variety of artists is why we never miss it," said Gentz, a Plymouth resident. "There's something here for everyone."

McDonald, a Livonia resident, likes to watch people so Ann Arbor was the perfect place to be July 21-24.

"I get a lot of Christmas shopping done," said McDonald. "We always come on opening day. The threat of rain didn't deter us. When my hus-

band asked me when I'd be home, I said we'd stay until my hair got wet."

By 10 a.m., this year's official opening time, Gentz, McDonald, myself and my sister Gwen Dietrich were on the streets looking for art. The first stop for me, since I was writing my column on the art fairs, was Tom LeGault's booth.

"I'm running on fumes. I've been working 18 hour days to get ready for Ann Arbor," said the Plymouth painter. "Ann Arbor is the best. We'll probably have four days of thunderstorms but the people don't care. They'll still come."

If you missed LeGault in Ann Arbor, you can find his impressionistic boat and Northern Michigan scenes at the Northfield Hills Art on the Lake 10 a.m. to 6 p.m. Sunday, Aug. 22, on Long Lake Road between Crooks and Coolidge in Troy, (248) 641-9080. He will also be at the Plymouth Community Arts Council's Artists and Craftsman show 10 a.m. to 6 p.m. Saturday, Sept. 11, and noon to 5 p.m. Sunday, Sept. 12, at Central Middle School, Church and Main Street. For more information, call (734) 416-4278.

On the road again

This was Tom Hale's 19th year in the State Street Area section of the Ann Arbor Art Fairs, which are actually three fairs in one. A Farmington Hills artist best known for his paintings of classic cars, Hale brought new landscapes to the fairs, which feature nearly 1,100 artists. His cars, however, remain favorites with their lyrical lines, and nature reflected in their chrome and body parts.

"I don't think anybody's ever ready for Ann Arbor," said Hale. "It's physically exhausting. It's the hardest show I do."

When Hale wraps a red rose around a fender in his paintings, his years as an automotive designer are evident. He says he's always trying to feel the contour of the car when he sees a reflection in it, and it shows. But you can see for yourself when Hale shows his classic car paintings at the Meadow Brook Hall Concours d'Elegance Invitational Art Show 9 a.m. to 4:30 p.m. Sunday, Aug. 1 on the grounds of Oakland University in Rochester Hills. Sixteen automotive artists are bringing their work from France, Canada, Germany, England and the U.S. to the 21st annual Concours d'Elegance. Along with the artworks, there will be the real Bugattis, Packards and 250 additional vintage

Ben Shahn

AN ARTIST FOR ALL TIME

DETROIT INSTITUTE OF ARTS

A new world: This "Study for Jersey Homesteads Mural" by Ben Shahn shows a group of immigrants coming down a gangplank onto Ellis Island in the mid-1930s.

BY LINDA ANN CHOMIN
STAFF WRITER
lchomin@oe.homecomm.net

Ben Shahn comes alive with every story his widow Bernarda Bryson Shahn tells. Her voice is smitten as a schoolgirl's as she talks about Diego Rivera excusing himself to retrieve his young assistant to speak about the mural he was painting at the Rockefeller Center in New York. The project turned into an international scandal and was never completed because Rivera sketched in heads of Lenin and Marx. But it did succeed in bringing together Bernarda and Shahn for a second time.

They first met when she was writing about Shahn's Sacco and Vanzetti paintings for the *Ohio State Journal*. The paintings, which focused on the executed Italian-immigrant anarchists, established Shahn as a social realist painter.

"Diego couldn't speak English well and said 'let me get my assistant.' His assistant was Ben," said Bernarda Bryson Shahn.

Like Bernarda's stories, all of the paintings in the exhibition, opening today at the Detroit Institute of Arts, recall a time in Shahn's life. Bernarda said she thinks the exhibition captures the essence of those years — from 1936 through the early 1960s. She saw "Common Man, Mythic Vision: The Paintings of Ben Shahn" last winter at The Jewish Museum, New York, which organized the exhibition of 43 paintings.

The exhibit, grouped in five galleries dealing with social realism, religious tradition, war, humanity, and the Saga of the Lucky Dragon, continues through Sunday, Oct. 31.

"I thought it was a wonderful show," said Bryson Shahn about the exhibit which traveled to New York and Allentown, Pa. before opening in Detroit. "It required a lot of work to find as many as they did."

A study for the Jersey Homesteads mural is one of Bernarda's favorites. It reminds her of the days she assisted her husband in creating the work dedicated to Jewish immigrants resettled in what is now known as Roosevelt, New Jersey. It's where Bernarda and Ben began their married life and where she lives today. The mural captures the plight of Jewish immigrants coming to this country in the mid-1930s.

Working man's rights: Labor organizer John Lewis is the focus of "East Side Soap Box", a 1936 painting by Ben Shahn.

"We were both working for the Resettlement Administration in Washington, D.C. when the mural was painted," said Bryson Shahn. "Ben's father grew up working with his hands so Ben associated with people who worked with their hands." His father and grandfather were woodcarvers.

Shahn related to the Jewish immigrants he painted, because his family emigrated to the U.S. from Lithuania in 1906. Leaving behind his grandfather to whom he was especially close, and his father, exiled to Siberia for anti-tsarist activities, was a traumatic experience for Shahn. His father eventually joined the family in the new country.

The Saga of the Lucky Dragon, displayed in the fifth gallery, is based on illustrations published by *Harper's* in a three-part article about Japanese fishermen exposed to radioactive poisoning during an American bomb test in 1954. When Shahn created the works in the early 1960s, they pleased him immensely.

"At the time he thought it was his most important work," said Bryson Shahn. "The Saga of the Lucky Dragon was a crown of his thinking and more mature painting."

DSO's Spisto is heading home to New York

BY FRANK PROVENZANO

Finding time for lunch hasn't been easy for Louis G. Spisto.

By all accounts, in a year-and-a-half whirlwind after arriving at the Detroit Symphony Orchestra from the Pacific Symphony, Spisto has succeeded in enhancing the public perception of the DSO.

Lunch? Obviously, that's had to wait. When he took over from former DSO President Mark Volpe, who moved on to the Boston Symphony, Spisto inherited a prestigious arts organization that had just recently become "financially credible."

While at the time, the orchestra had plans for trips to Japan and Europe, there was a clear mandate for the new president set forth by DSO board members.

"There weren't any programs in place, nor was the image of the DSO effectively communicated to the public. I looked at my position as a minister," said Spisto, who met with the *Observer & Eccentric* over lunch at 220/Edison, a restaurant in downtown Birmingham. "I'm always on call."

The ministry is moving. Recently, Spisto has been called home. Back to New York, where he grew up in Brooklyn and Staten

director of the American Ballet Theatre, arguably the finest dance company in the world. He has been hired to expand audiences for ABT's New York performances at the Metropolitan Opera House and City Center. He'll also be in charge of finding a way to increase concerts in the United States and around the world for the company's 80 dancers.

Spisto might be heading East, but there are sure signs he hasn't pulled up all roots in Detroit. Last year, ABT established a formal relationship with the Michigan Opera Theatre to make the Detroit Opera House its Midwest home.

In many ways, joining ABT is an extension of the groundbreaking marketing programs enacted with the Pacific Symphony and the DSO.

Creating a marketing strategy to connect with a wider audience for dance, according to Spisto, will be the "toughest of all."

Everyman demeanor

To know first-hand the depth of Spisto's ability makes his departure difficult to accept, especially when his creativity, leadership and everyman demeanor are needed to deflate elitist attitudes that sometimes dissuade prospective ticket buyers from

Island, where Spisto will live near his many family members and friends.

Heading East

In early September, Spisto will become executive

Shahn from page C1

Even though Shahn put his art education on hold to work as a lithographer to help support four younger siblings, he eventually attended New York University, City College of New York and the National Academy of design. He later traveled to Paris to study art.

Shahn's works in the DIA exhibition are as relevant today as they were when he painted them.

"Allegory" with its red lion and pile of dead children symbolizes the suffering of African American Jim Hickman.

"In 'Allegory' Shahn refers to Jim Hickman living in a tenement in Chicago and his family who perish in a fire believed to be set by the landlord," said Rebecca Hart, assistant curator of Modern and Contemporary Art at the DIA. "Shahn's work was always about social injustice, the plight of the working man, his belief in moral action and moral life. The exhibition's a reconsideration of Ben Shahn as

a modernist not as a social realist which has the connotation of propaganda art. Shahn is much more than that."

The exhibition may reconsider Shahn as a modernist painter but his themes of social injustice prevail throughout the five galleries.

"Shahn's taking war experiences and Jewish experiences and applying it in a universal way for social justice," said Hart. "As a WPA photographer, Shahn's job was to document the devastation of the Great Depression."

Religious influences

Throughout Shahn's life his Jewish heritage and traditions also influenced his work.

"By 1930, he eschewed ritual observance of Judaism but the tradition stayed with him, the storytelling and the moral action," said Hart. "In 'New York,' painted from a photo of a fish market and an orthodox Jewish man, Shahn is moving

away from realism. It becomes sort of a dream or a memory."

Allegory and symbolism

By 1943, Shahn was working with the Office of War Information designing posters, but his own painting had shifted from political issues to universal issues, which focused on the individual. An Italian landscape which is surreal in nature, shows the experience affected him deeply.

"At this point, Shahn's one of the few people privileged to have access to photos of what's happening in Europe," said Hart. "He sees some of the first documents of the Holocaust. He decides the devastation is so awful he decides to refer to it in an allegorical way."

Among Hart's favorites is "Study for Clarinet and Tin Horn" from the DIA's permanent collection. Painted in 1951, the work refers to the agony a musician goes through when creating. Here, he sits imprisoned by a

row of horns, his head invisible.

"Shahn's trying to talk about the intensity of creativity. He's talking about high and low art with the row of clarinets and a carnivalesque horn. The artist is in agony," said Hart.

At a time when self expression was dominant, Shahn reached international recognition when the Museum of Modern Art chose him to represent the U.S., along with Abstract Expressionist Willem de Kooning, at the Venice Biennale in 1954.

"Shahn was a representational artist," said Hart. "Critics after the war tended to disregard him. Shahn decides to put emotional content into a single figure and tell the story. One of my other favorites is 'Age of Anxiety' (1953) because it speaks to the fears felt world wide after the development of the Atom Bomb. This was a time of McCarthyism, a time when Ethel and Julius Rosenberg were executed for allegedly selling atomic secrets to the Soviets. A woman with an

Saga of the Lucky Dragon

Shahn's Saga of the Lucky Dragon, with its obscurely placed fire dragons or hydrogen beasts, are also favorites of Hart.

"These Japanese fisherman are awakened by the 'sun' rising

in the west then 'death ash' descends on their boat. They collect it and bring it back to Japan. Shortly thereafter the radio man is the first to die," said Hart. "I'm taken at how beautiful Shahn's paintings are. They're just as topical as they were 40 to 50 years ago because he's made these universal. They touch a chord in people."

classic, sports, racing, and 50s cars on display. For more information, call (248) 370-3140.

Clay art

Alan Gibson, who brought his contemporary wall pieces and clocks to Ann Arbor, approaches the fairs as a seasoned veteran as well. He's been doing the show for more than 15 years and accepts the grueling hours as the price he has to pay to expose his work to the public. Gibson, a Livonia resident, will bring all of his works, including smaller abstract pieces perfect for accenting a wall, to the Novi Art Festival 10 a.m. to 5 p.m. Saturday-Sunday, Aug. 7-8 at the Novi Town Center. Admission is free. Call (248) 347-3830.

Pet portraits

Patricia Bombach's booth was crowded with people who wanted to see examples of her people and pet portraits. The publicity she received when Fox 2 reporter Lee Thomas featured her in a spot on the Livonia Arts Festival at Greenhead Historical Village in June was obviously overflowing into Ann Arbor.

I was there because I'm considering commissioning Bombach to do a portrait of my three-year-old Irish Wolfhound, Shamrock. Bombach recently retired as a teacher's aide from Livonia's Churchill High School and plans to take a breather from doing art fairs as well. So if you're interested in a portrait of your pooch

or child, call her at (248) 437-7732.

African animals

One of the most interesting booths in Ann Arbor was Nancy Strailey's. The Pennsylvania artist creates drawings of cheetahs, elephants and other animals on papyrus. Strailey's love for the animals shows in the works on this rare form of paper. She used to do volunteer work at a sanctuary in North Carolina which took in a lot of the "big cats." Strailey leaves for Africa in two weeks to research elephants for her drawings. The results will be on display at Arts, Beats & Eats, Sept. 3-6 in downtown Pontiac. attending classical music concerts.

"I've always approached classical music from the audience's perspective," said Spisto, whose participation in the arts includes acting and directing in summer stock during his undergraduate years at the University of Wisconsin and during graduate studies at the University of Notre Dame, where he earned an MBA in arts administration.

In the upcoming season, Spisto proudly points out, the DSO will begin a program intended to educate adults on the history of music.

With the DSO's 1999-2000 season set, the expanded schedule of summer concerts at Meadow Brook selling beyond expectations, a new management team hired, and the Orchestra Hall expansion in place, at least Spisto's

departure comes when the momentum is increasing.

"It would have been preferable to see things through for another couple years, but I think there's a strong purpose and understanding about the programs for the next five years," he said.

A logical decision

Spisto, 42, made it clear that he didn't initially approach ABT and that at one point he withdrew from any consideration. When ABT persisted, he realized that going back home was a "logical decision."

To live within walking distance of ABT's offices in Manhattan — and a short drive to visit his family — was simply irresistible. "In the end, it was the strong pull to go back to New York."

Nothing personal, Detroit. Indeed, the strong relationships forged with DSO board members, he said, made it an especially difficult decision.

"It wasn't easy," he said. "I've had many good relationships here. But it was clear, and then there's the fact that ABT is at the peak of their game."

Bittersweet

While the DSO's 75-member board is a Who's Who of the corporate world, it wasn't until Spisto applied his marketing wizardry that one of the region's most prestigious cultural institutions began to appear more spirited.

In addition to the 200-plus yearly events at Orchestra Hall and nearby venues, under Spisto's leadership the DSO has expanded its educational pro-

grams while elevating its role in shaping the cultural renaissance of downtown Detroit.

If there were any doubt of Spisto's vigor and zeal, it would be dispelled by the many public photos, where he's smiling broadly with mayors, corporate executives and marquee musicians who have performed at Orchestra Hall.

"I have a deep love for the orchestra," he said. "I always felt like I could excite people."

Unfortunately, in his final weeks at the DSO, Spisto will have more time for lunch and farewells.

The minister of arts might be moving to New York, but he leaves behind a congregation that is alive and well.

Going home is bittersweet.

New director to assume duties at DIA

Graham W. J. Beal, director of the Los Angeles County Art Museum, will be named as the next director of the Detroit Institute of Arts.

In the next several weeks, the formal hiring will require the approval of the DIA board, the

Detroit Arts Commission and Detroit Mayor Dennis Archer.

Beal is expected to assume the duties of director of the DIA in early September.

Beal received a unanimous recommendation from the DIA's search committee, which

includes influential members Richard Manoogian and A. Alfred Taubman.

The full endorsement by the search committee, according to a DIA spokesperson, is certain sign that Beal will be offered the post, which has been vacant

since Samuel Sachs II resigned in 1997.

In the last two years, Maurice Parrish has served as acting director. Parrish is expected to continue in a high executive position at the DIA.

BOOKS U-M and UFOs mix in fun-to-read whodunit

VICTORIA DIAZ

'Summer in Ann Arbor is always the silly season,' a character observes in this latest mystery written by University of Michigan grad, Susan Holtzer. This book is a little silly, too. But that is as it is intended. As Holtzer tells us in a brief preface: 'After the serious... content of 'Black Diamond' (her previous novel), I felt that Anneke and Karl and Zoe - and their creator - deserved a break... this one... was written strictly for fun.'

readers will remember from other Holtzer mysteries, and her gal pal, Jenna Lenski, are on their way to a State Street ice cream parlor when they spot the strange lights, and speed off to investigate. 'Maybe it's a flying saucer that thinks it's found a friend,' Jenna remarks, referring to Crisler Arena's resemblance to the cosmological motherhood in 'Close Encounters of the Third Kind.' When the two arrive at the scene, the strange lights appear to have intensified, and a small crowd is gathering. As they watch the strange phenomenon, the arc lights in the parking lot flicker, dim, and finally go out. Almost simultaneously, the UFO seems to grow in size, nearly blinding the watchers. Then, it disappears suddenly, leaving all to wonder what they have witnessed. But the excitement has only just begun. The very next night, a similarly-spectacular sighting occurs directly above The Rock, a historical granite 'monument' at the intersection of Washtenaw and Hill Streets. Ultimately, Prof. Thomas Edison Stempel, 'the University's resident expert on UFOs,' is discovered dead near still another of the sightings. Electrocuted by some mysterious device, it looks as if the controversial academic may have actually been done in at the hands of little green men. Holtzer does some of her best work when sketching word-pictures of Ann Arbor and the UM campus. Readers can practically

savor the coffee and raisin toast at Zingerman's on a sticky June morning, or feel the oven-like heat of the old Daily offices in the summertime, or smell the dewy grass in Fuller Park. Sometimes, a comically-wicked touch adds to the brisk action. TV media folk from Detroit are 'over-coiffed.' Nestled among the colored crystals, 'ceramic unicorns, pewter elves and... candles' at a thriving New Age store are 'greeting cards featuring dyspeptic-looking angels.' The only thing more ridiculous here than the infighting among academics is the infighting among various factions of UFO experts. Combining forces, Michigan Daily reporter Kaplan, Ann Arbor police lieutenant Karl Genesko, and his fiancée, Anneke Haagen, eventually uncover what lies at the heart of this eerie mystery. Readers take note, however: As in 'Black Diamond,' journalist Kaplan seems to be pushing Genesko and Haagen more and more away from center stage, and Haagen especially seems to play almost a cursory role here. Many fans may feel that the series is a bit poorer for this change in direction. I, for one, miss Haagen's spirit and influence, and hope she'll soon take more of a starring role again. Holtzer implies that she will, assuring us that in the next novel, she and Genesko will finally tie the knot, making official a relationship that's gone on for years now between the former Wolverine football star and the 50-year-old computer whiz.

15 at the Joanne Winkleman Hulce Center for the Arts, 774 N. Sheldon at Junction, Plymouth.

The public is invited to an artists' reception 7-9 p.m. Sunday, Aug. 1. For more information, call (734) 416-4278.

Among the 15 exhibiting artists are Sherry Eid, Peggy Gray, and Amy and Don Allen.

All are Livonia artists.

"This is a very special event for us," said Eid, a pastel and colored pencil artist. "We'd like to see our group get into more shows. We already have an annual spring show at Livonia City Hall in spring."

Expect to see a variety of mediums at the Artifacts show.

"Our art club is like a social group so there's not a lot of competition going on. It's just an opportunity to exhibit," said Amy Allen, an art student at Madonna University.

Hours for the show are 9 a.m. to noon Monday-Friday, until 7 p.m. Wednesday, and 10 a.m. to 2 p.m. Saturday.

Local student visits Europe with HFCC choral

The Henry Ford Community College Renaissance Voices choral tours in different places around the world yearly, and France and Switzerland will do the honors this year.

Renaissance Voices, a women's choral ensemble led by Kevin G. Dewey, HFCC's Director of choirs, is performing music such as madrigals, chant, church music, spirituals and jazz in Europe until Aug. 8. Sue Fazzini of Livonia is a member of the ensemble.

The chorale will perform at Masses in famous cathedrals and give concerts in France dur-

ing the first 10 days of their trip which began on July 25. The last six days will be devoted to the International Choral Festival of Neuchatel in Switzerland, where the singers will compete against chorales from Belgium, Bulgaria, Estonia, Latvia, Lithuania, Moldavia, Poland, Portugal, Roumania, Switzerland and Taiwan.

"It's fun to travel but also, this is a very high-level performance group in the state," said Dewey. "It gives you an extra reason to do your best and attain the highest level of musical artistry possible."

Another fascinating aspect of

the tour, administrative assistant Nancy Scott added, is the opportunity to visit famous buildings such as the Cathedral of Notre Dame in Paris.

Funding for the tour came from individual members and fund-raisers, such as the HFCC President's College Concert, which was held at Orchestra Hall in Detroit on March 21 and featured music from HFCC choral and instrumental ensembles, including Renaissance Voices.

Renaissance Voices has performed in a variety of languages and musical styles at concerts,

music festivals, church services and madrigal dinners.

The group has traveled in the United States, Canada and Europe and has sung at such historic locations as St. Paul's Cathedral and Westminster Abbey in London. Renaissance Voices released its first CD, "Joy to the World! International Holiday Music," in December 1996 and has recorded John Rutter's "Requiem" for a CD to be released this fall.

Turnout and evening attire are impressive at fashion show

SHOP TALK

NICOLE STAFFORD

I'm fairly certain that most people, if asked to free associate about metropolitan Detroit, aren't likely to spit out the words "extremely fashion conscious."

True, we have an image problem. The outside world doesn't regard Detroit as a mecca of style and sophistication.

Let's face it, we're known for our heavy duty, fuel-injected automobiles, not our fashion aesthetics and voracious hunger for stylish clothing.

It's even fair to say the metropolitan Detroit area lacks a signature style.

Female residents of New York City, the nation's fashion capital, are, for instance, known for wearing black apparel day-in and day-out.

In contrast, women in Dallas are known for donning somewhat flashy clothing. Men there feel naked until they've slipped on a pair of stylish cowboy boots.

Women from the South, a sales representative with Anne Klein in New York City tells me, prefer brighter, more colorful clothes, which explains why the company markets and sells different portions of their apparel collections to different regions of the country.

While metropolitan Detroit may not be known as a high style headquarters, residents from the Detroit area may have recently surprised a few outsiders, among them internationally known clothing designer Carolina Herrera. They even may have surprised themselves.

Herrera was in town to present her fall collection of women's clothing at the Detroit Institute of the Arts at a benefit for the museum put on by Saks Fifth Avenue.

To begin with, the event was well attended. More than 300 people showed up, and museum personnel were scurrying to set up additional chairs around the runway just minutes before the show began. Perhaps local residents are simply more excited about fashion and style than outsiders perceive.

More importantly, the majority of attendees were, pardon the expression, dressed to the nines. There were numerous floor-length ball gown skirts and a plethora of tasteful black cocktail dresses.

Once more, a significant portion of the attendees were men, and most of them were dressed in tuxedos.

Yes, the event was billed as black tie. But, if anyone challenged the dress code that night, it was the women, not the men.

Even the Eccentric fashion photographer who accompanied me to the event, Jerry Zolynsky, showed up in black dress pants, a crisp, freshly ironed shirt, red tie and polished black shoes. (Newspaper photographers adamantly defend their right to wear blue jeans on the job, no matter the occasion.)

Noteworthy attendee, writer Elmore Leonard, wore a colorful, patterned bow tie with his penguin suit, a nice touch and a perfect way to distinguish himself.

Sure, everybody loves to kick back in a pair of soft blue jeans and looks forward to casual Fridays at the office.

But if we're interested in convincing the outside world to look upon Detroit as a sophisticated metropolitan community, we have to, at least occasionally, play the part.

It's not as if we're being bombarded with a sea of invitations to black tie dinners and swanky galas one week after another.

And fashion isn't simply a matter of getting dressed. Fashion is culture. Fashion is art. While most of us can't afford the best and most unique that fashion has to offer, we can still watch it come down the runway, appreciate its beauty, or oddity, and form an opinion about it.

Besides, if we're supposed to dress up, especially for a fashion show, why not do it well?

Here's Tommy!

STAFF PHOTOS BY JERRY ZOLYNSKY

Tommy time: Designer Tommy Hilfiger, along with supermodel and MTV House of Style Host Rebecca Romijn-Stamos, took to the runway after a presentation of Hilfiger's fall clothing for children and young adults at Hudson's, Oakland Mall in Troy. Hilfiger was greeted with hundreds of adoring fans, most of them pre-teens and teenagers.

Tommy Hilfiger likes modern preppy look for suburban Detroit

New nylon: Sleek, sporty nylon showed up in pants, skirts and jackets in Hilfiger's fall clothes for young adults, as did lots of hoods, hats and cargo pants.

Tommy Hilfiger is currently touring the country to promote his fall clothing collections and new fragrance line, Freedom. We caught with him by phone (while he was watching a Winnie Pooh movie with his children) to talk about the popularity of outdoor-inspired sportswear and how his designs speak, not just to America, but to the metropolitan Detroit area.

Q: Why is athletic and outdoor-inspired sportswear so popular today?

A: People are living a more casual lifestyle, and I think people would much rather be relaxed than not. It stands for fun. It makes people feel very comfortable.

Q: How has your clothing impacted sportswear?

A: When I came on the scene in the early 80s, I was really the first to develop a total casual sports collection and it immediately touched a nerve. It made (people) feel more relaxed and more comfortable. ... It was relaxed and it was happy, and it still is.

Q: Your logo and name seem to be everywhere today, what do you think about that?

A: I think that there are a lot of people who like to wear logos because of status.

Q: How important are logos to fashion and style?

A: I think that the label is as important as the product is. If the product is good, the label is important.

Q: Which pieces in your fall collections for men and women do you think are particularly well-suited to suburban Detroit residents and why?

A: We have a lot of very modern prep edge ... a lot of stretch, fine gauge sweaters, chinos, cargos and drawstrings.

Q: Music and culture obviously interest and influence you. What does music from metropolitan Detroit - for example, Motown in the '60s - say to you about clothing and have any of these artists influenced your designs?

A: Actually, I'm doing a book now on rock style and how it has influenced fashion. ... I think the Motown style had a big effect on everybody. They were all in uniform, so to speak. The Supremes were really the first supermodels.

Q: Sailing is extremely popular here and I understand you are a sailor. Has the sport influenced your designs?

A: Absolutely. In a major way. ... The (sailing) look is exciting. It's fresh and makes people look and feel good.

Q: Has the sport of sailing incorporated the Hilfiger look and how?

A: A few years ago, I started doing sailing gear, and I saw that a lot of people in sailing were wearing my clothes partly because of the red, white and blue colors.

State's beaches get loving treatment in new book

"Go to a place you've never been before. Get toasty-warm under the sun. Spend hours laying on silky smooth sand. Become mesmerized by sparkling sunlight dancing on crystal blue waters. Watch a glowing orange orb slowly disappear as it sets upon iridescent waves awash with lavender, purple and blue...."

—from 'The Zen of Beachfreaking' in the book "Beach Freaks' Guide to Michigan Best Beaches" by Joan and Bob Elmouchi.

BY DOUG JOHNSON
STAFF WRITER

Four summers ago while basking in the sun on one of Michigan's beaches, Joan Elmouchi and her husband, Bob, got a terrific idea.

Why not write up the best beaches in Michigan and maybe turn the information into a book?

The result is "Beach Freaks," a neat paperback book full of details about Michigan's best beaches.

Joan is director of the Garden City Public Library. Bob is an environmental and safety engineer for a car seat leather manufacturer in Rochester Hills.

The couple live in Southfield making the job commute bearable. She was born by the beach (Atlantic City, N.J.) but came to the University of Michigan for a library-science degree and has never left.

"I had seen books on parks, hiking trails and Michigan travel but none on Michigan beaches. So, we started taking notes, writing up the best beaches," Joan said.

After the initial idea four years ago, the book became a warm-weather project. During the last three summers the couple have traversed the state in search of the perfect beach.

The book lists beaches from four areas: Detroit Metro, West Coast, East Coast and Upper Peninsula.

"The first summer we did the local beaches within about an hour of Detroit and included

some state parks, county and Metro parks.

"The second summer we concentrated on the east coast ... the thumb area, Tawas, Alpena. It took a lot of weekends, but there is a lot you can see in a weekend. Plus we used a week of vacation.

"Last summer, we covered the

west coast and some of the UP. It meant a lot of traveling," Joan explained.

The couple had a book contract right from the start, working with *Glovebox Guidebooks of America*, out of Saginaw. Bob did all the photographs for the book, putting to use an avid

interest in computer graphics and 20 years experience as a professional photographer.

The title comes from phrases like "movie freak" or "tennis freak," meaning a hardcore devotee or buff.

The book contains details on each beach, locator maps, list of

amenities using common icons, and a "beach finder" giving the page number, map cross reference letters and numbers in two common Michigan Atlases: DeLorme and Universal.

The layout, excellent photographs, and clean, clear graphics complement Joan Elmouchi's

words perfectly. A chapter on Michigan's sand dunes is included.

How did she pick her Top Ten? "I was looking for natural beauty, not concession stands. We picked the beach on Sturgeon Bay No. 1 because it is extraordinarily beautiful. It's pristine; there's miles of shoreline, clear, sparkling water, sand dunes."

The beach is just a few miles from Mackinaw City in Wilderness State Park and is a "Beach Freaks' paradise" according to the book. The rest of the Top Ten were based on scenic value, sand quality and openness of swimming.

"Some sand is trucked in and has a lot of dirt. Some is very stony," Joan said, like a true beach connoisseur.

If you use a wheelchair, you might want to check out Bronson Park near Muskegon, where you can get very close to the water on a wooden ramp.

The book also is critical where necessary, especially about dirty beaches. "But, things change fast at beaches," Joan said. "Water levels, amenities, sand dunes, clean-up — all can change rapidly."

The Top Ten also include some hard-to-find places. North Bar Lake, for example, is not on most maps; there are no clear road signs. It is in the Sleeping Bear Dunes National Lakeshore. "Duck Lake State Park got an honorable mention. It's near Lake Michigan and has the uncommon linking of a Great Lake with an inland lake, although it is not as fully developed as some parks," Joan said.

"We love Michigan. We love traveling in Michigan. We want people to realize what an unique resource we have with both a sunrise (east) and sunset (west) coast."

"Beach Freaks' Guide" is 269 pages; \$16.95; available at *Borders, Barnes and Noble, Amazon.com on the Web*; or by calling (800) 289-4843.

Blackmore an All-Star

Livonia Churchill product Ron Blackmore, a shortstop with the Michigan Panthers of the Great Lakes Collegiate League, was selected to represent West Division squad in today's All-Star game at Westview Park in Celina, Ohio (home of the Grand Lake Mariners).

Blackmore, who plays for the University of Detroit Mercy, batted .289 in 36 games. He was sidelined for three games during mid-season after taking a fastball to the jaw.

Blackmore rebounded from the injury with a nine-game hitting streak.

Gregg Mucerino (Citadel) coaches the Panthers in the wooden bat league.

Junior golf divot

Scott Wolfe, an incoming sophomore at Livonia Stevenson High School, took first place Thursday in the Boys 14-15 division at the Power-Bilt Junior Tour tournament stop at The Meadows in Allendale.

Wolfe shot an 18-hole round of 75 to lead the 53-player field.

He has qualified for the Tournament of Champions event Aug. 6-7 at Forest Akers (West Course) in East Lansing.

Youth soccer champions

The under-12 Michigan Hawks, a girls team coached by Derek Williford, recently captured the Best of the Midwest Tournament in St. Charles, Ill. capped by 5-0 championship win.

Members of the Hawks, who allowed just two goals during the Memorial Day Tournament include: Chelsea Atiyeh, Renee Farrell, Meghan Garrity, Katie Hendrickson, Lauren Hill, Jennifer Kritch, Kelly Lepper, Lynne Raymond, Sarah Rudzinski, Rachel Rudzisz, Kim Sykes, Megan Szczycka, Kristi Timar, Kim Trenacosta and Kristin Evey.

The Hawks also place first during the spring season with a 12-0 record, allowing just four goals.

MIAA honor roll

Among the area athletes named to the Michigan Intercollegiate Athletic Association honor roll include Todd Wilson (Livonia Stevenson), who plays baseball and football at Kalamazoo College, and Mike Allison (Stevenson), a grinder at Alma.

The honor recognizes scholar-athletes who achieve a minimum 3.5 grade-point average (on 4.0 scale) for the entire 1998-99 academic year. A student also needs to have won a varsity letter in a sport to be eligible.

Fall baseball league

Players in grades 9-12 are needed for a fall league baseball team.

Those interested should call Charles Grant at (734) 326-5626.

Youth soccer tryouts

Tryouts for Livonia Waza '90, an under-10 boys soccer team, will be from 6-8 p.m. Monday, July 26 and Wednesday, July 28, at Hoover Elementary School, located on Levan between Five and Six Mile roads in Livonia.

Players will receive personal training from former Detroit Rocker Dominic Scicluna, along with Mario Scicluna of the Mid-Michigan Bucks.

For more information, call Dave Cervenak at (313) 537-3079.

Youth hitting camp

The Sports Academy, located on 22515 Heshlip Drive, Novi, will hold a baseball and softball hitting camp, from 9-11 a.m. (ages 8-12) and noon to 2 p.m. (ages 13-18), Tuesday through Thursday, Aug. 10-12.

Former Montreal Expo minor leaguer Aaron Knieper will run the instructional camp with tips on increasing bat speed and proper hitting techniques.

To register, call Knieper at (248) 380-0800, Ext. 112.

To submit items for the Livonia-Westland Observer Sports Scene, write to: Brad Emons, 36251 Schoolcraft Road, Livonia, Mi. 48150; or send via fax to (734) 591-7279.

Spartan mat coach Berg retires

BY BRAD EMONS
SPORTS WRITER
bemons@oe.homecomm.net

For a guy who didn't know much about high school wrestling when he started out, Don Berg certainly got a lot out of the sport.

Berg is calling it quits after 19 seasons as Livonia Stevenson's varsity coach. During his tenure, his program became one of the area's strongest.

He wanted his exit to be quiet, tendering his resignation after the team banquet last spring.

But his teams made a lot of noise, particularly during the 1990s.

Berg's final numbers are impressive:

- 134-11-4 dual meet record;
- Seven team dual district championships;
- Four Western Lakes Activities Association crowns;
- Three Observerland Invitational titles;
- Two team regional dual crowns;
- One state semifinal berth (1995) followed by another quarterfinal berth (1996);
- Thirty-three state qualifiers and 27 state placers;
- Two state champions (Craig Martin, twice, and Josh Gunterman);
- Earned Regional Coach of the Year and Observerland Coach of the Year honors.

"It's a good time to leave," Berg said. "Ron Krueger (of Plymouth Salem) said when you leave, 'don't leave the kitchen empty,' and because of the good kids and the good coaches I've had with me at Stevenson, it's far from empty."

"I also appreciate the good support I received from Dr. (Dale) Collier (Stevenson's principal) and Roger Frayer (Stevenson's athletic director)."

Berg, who has taught both alternative and adult education in the Livonia Public Schools since 1982, plans to retire from teaching in December.

"My wife (Joyce) just retired from the Farmington (Public) Schools after 27 1/2 years and I have three grandchildren, it's time to let somebody else do it," Berg said. "I'll still be around to help out, but when the cold weather hits, I just might decide to go south."

Mat coach retires: Livonia Stevenson's Don Berg (left), with state champion Josh Gunterman (top), is stepping down after 19 years at the helm with the Spartans.

"I'll miss the kids more than anything else because in wrestling they're so dedicated. It's a sport where if you work real hard, you'll reap the success."

"And you really don't have to make any decisions like when you cut kids in baseball. It's the best kids at each weight and there's no question about it and no decisions in that regard made by the coach."

Joel Smith, who has been Berg's assistant the past three seasons, will take over the position. (See related story).

Ironically, Berg had little knowledge of the sport when he was asked to take over the program by Frayer.

"I learned as I went through," Berg said. "I always had fine assistants. I went to clinics, read books, looked at tapes."

Berg, who also coached baseball at Stevenson, had a minor setback in 1987 when he suffered a heart attack. He decided to quit coaching baseball and stick with wrestling.

"It was either inside or outside, and I decided being inside was best for me," Berg said.

Berg played baseball and football at Berkley High School where he was a high school teammate of former major league pitcher Dick Radatz.

He went on to obtain a degree in education from Eastern Michigan University before taking a job 14 years with the Crestwood Public Schools in Dearborn Heights.

"When Don started at Stevenson nobody really wanted it," longtime Spartan assistant coach Bob Moreau

Smith ready for challenge

BY BRAD EMONS
SPORTS WRITER
bemons@oe.homecomm.net

Joel Smith is no stranger to the wrestling mats.

The new Livonia Stevenson High varsity coach, who is replacing the retiring Don Berg, brings with him wealth of experience even at the young age of 33.

"I really enjoy the sport, and what knowledge I have, I want to give back," Smith said. "Stevenson has had some very successful seasons. There will be a few changes, but the goal is to keep bettering the program."

Stevenson returns several grapplers, including 103-pound state champion Josh Gunterman and state qualifier Imad Kharrubsh.

"I think we'll have a more balanced lineup, but we're still rebuilding because we're still really young," Smith said. "And our kids have been doing a good job with the training program the last few years. We're excited about next year."

One of the changes Smith plans to implement is stage a team dual meet tournament at Stevenson.

"We're going to bring in some really good teams, build on something that we all can be proud of, even if we take a few lumps in our own tournament," Smith said.

Smith is no stranger to success on the wrestling mats.

He was a three-time state prep champion at Detroit Bethesda Christian (now Warren Bethesda).

Smith went on to become a two-time Mid-American Conference champion at Eastern Michigan University. In 1989, Smith placed fifth at 158 pounds in the NCAA Division I tournament.

"I'm just going to try to be a positive influence whether it's wrestling or life," Smith said.

Bucks plan Scicluna halftime tribute

The Mid-Michigan Bucks, who have set the Premier Development League on its ear, will honor former co-owner Paul Scicluna with a halftime tribute in his final regular season home game, 7:30 p.m. Saturday at White Pine Middle School (formerly Saginaw MacArthur High School).

Scicluna, the Godfather of soccer in western Wayne County and Eastern Michigan women's coach, passed away this past spring in a tragic automobile accident.

There will also be a postgame party at Shooter's of Saginaw immediately after the game.

By presenting their ticket stub, fans will be able to purchase a meal and a seat at the private comedy show, both for only \$10.

Fans are asked to call (517)

MMBUCKS for more ticket information.

Bucks are for real

I was fortunate a few weeks ago to see the Bucks, made up primarily of collegiate players, take on the Tampa Bay Mutiny of the Major League Soccer.

The Mutiny, despite a 2-1 victory, got more than they bargained for before 4,800 fans in Saginaw in a third-round U.S. Cup matchup.

Co-owners Jim and Dan Duggan, Livonia natives, have put together quite a team.

Valderrama, the great Colombian star, appeared to be going through the motions, while the rest of the Mutiny had to pick up the slack.

I'm sure the Mutiny never envisioned spending a Monday evening in Saginaw playing for pride.

The best player on the field that night?

Bucks defender Benjamin Djeukeng,

a native of Cameroon who plays for two-time defending NAIA champion Lindsay Wilson (Ky.).

Djeukeng could start for any team in the MLS right now, but each MLS team allows only four foreigners per roster.

It was a very well played match and the Bucks, who are 18-1 overall and 13-0 in the Great Lakes Division, are well worth the trip to Saginaw to watch.

Modano hits Late, Late Show

Winning the Stanley Cup has its perks. Just ask Westland native Mike Modano who brought the famed hardware into the studio of the CBS Late, Late Show, hosted last month by former Montana State hoopster Craig Kilborn.

Modano, in his sixth year with Dallas, presented Kilborn with a No. 99 Dallas Jersey and a Minnesota Wild golf shirt.

Apparently it was a miracle Modano even finished the championship series

against Buffalo.

He broke his wrist in the third game. "I kind of jammed it into the boards and I figured it was done and that was it," Modano told Kilborn. "The doctors put a cast on it. They numbed it up and the next morning it felt pretty good."

Modano spent his third three years with Minnesota, playing in the 1991 Stanley Cup finals (losing 4-2 to Pittsburgh) before the team moved to Texas.

"We knew we were going somewhere else after going to the finals and then we're shocked to hear we're only drawing 8,000 (in Minnesota)," Modano told the Late, Late Show host. "We get good support in Dallas, almost every game is a sellout and we'll be in a new arena in two years."

When Brett Hull scored the game-winner in the third overtime to beat the Sabres, a great burden had been lifted off everybody's back in the Stars' organization.

Please see **EMONS, D2**

Emons from page D1

"We felt we had a good enough team to win the last two years," Modano said. "The expectations had been building. Had we not won it a lot of questions had to be answered."

"It was a great relief to see Brett score and get it over with and get our names on the Cup."

Each player gets the Cup for 24 hours, so it's doubtful that Modano will be bringing it back to Westland (he was in Los Angeles with the Cup that night).

Modano then capped off his appearance by going a perfect four-for-four feeling blind objects (including the Cup) Yambo Four Game-o-Matic.

No word if Modano is scheduled yet for Leno, Letterman, Howie Mandel or even Conan O'Brien.

Summer musings

Clarenceville running back Walter Ragland is headed for Adrian College.

Whatever happened to Chuck Donaldson?

My favorite golfer on the Senior Tour? Bob Murphy.

Hearing more rumors the three Farmington Schools are pulling out of the Western Lakes to join the Oakland Activities Association. We should know more Aug. 3 when the WLAA athletic directors meet. It wouldn't surprise me at all.

Wondering now if the Tigers would have taken Ryan Anderson instead of Matt Anderson?

Ryan Anderson's ERA is 5.10 at Class AA New Haven, but his strikeouts to innings pitched is very impressive. Ryan was throwing 94 MPH-plus in his one-inning stint during the AA All-Star game (seen on ESPN 2).

Why would the Tigers pay all that money to Eric Munson, their first round draft pick? He apparently can't catch and is being converted to a DH-first baseman.

Why not take a guy like Drew Henson and let him play the summer close by in Grand Rapids?

Whatever happened to Brent Washington and Guy Rucker?

Catholic Central's Nick Moore, headed for Toledo, hit double figures in a lopsided loss to the Indiana All-Stars in the Wendy's Classic played at Wright State.

The Michigan team, coached by Glen Donahue (ex-Schoolcraft Coach), was beaten soundly in two games, but that's understandable since the state's best three players — Lavell Blanchard, Jason Richardson and Al Anagnony, did not participate.

Aaron Scheffer spent 12 days in the Majors. Ironically, Plymouth Salem product Tom Davey was sent down to the AAA level (by Toronto) the same week as Scheffer (now in Tacoma).

What happened to men's modified softball?

Don't look now, but high school football season practice starts in 15 days.

Knights win Incredible title outright

Meghan Misiak turned out to be the Livonia Knights' in shining armor.

The right-handed pitcher tossed a seven-inning, two-hit shutout in the opener as the Knights swept the Canton Cobras, 6-1 and 18-4, to win the National League title in the Incredible Girls Fastpitch Softball League.

Misiak, who also took National League MVP honors, struck out 11 and walked just one in the first game at Livonia Churchill High School.

Christine Fones and Sallie Kuratko paced the offensive attack with two hits apiece. Fones had an RBI triple in the first inning and Kuratko scored a pair of runs.

The Knights then invoked the 10-run mercy rule in the second game with six runs in the second inning and 12 in the third to complete their season at 14-2 overall.

Three Cobra pitchers combined for 15 walks.

Winning pitcher Renae Ritz struck out four, allowed just one hit and did not walk a batter during her three-inning stint.

Kuratko again led the offense, going 3-for-3 with three runs scored. Fones, Courtney Cross and Kathleen Schram also scored three runs apiece.

"This is first time we've won the summer league and it's exciting even though the Canton varsity team was not in it this year," Knights manager Dana Hardwidge said. "The kids were pretty dedicated that's the key to a good summer league team."

•CYCLONES 10-6, THUNDER 8-3: The Livonia Cyclones wound up their season in the National League with a 9-6 mark after sweeping a double-header Thursday from the host Plymouth-Thunder at Salem High School.

FASTPITCH SOFTBALL

Mary King had a three-run triple and Lindsay Hollandsworth contributed a two-run triple in the opener for the Cyclones in a 10-8 victory in the opener.

Hollandsworth also had a run-scoring single to finish with three RBI. Kelley Hutchins contributed a two-run single.

The Cyclones put the four-inning game (time limit) away with four runs in the second inning and six in the third.

Winning pitcher Kim White struck out three, walked three and scattered five hits.

The Cyclones secured fifth place in the league by winning the nightcap, 6-3, in five innings.

Hutchins, the winning pitcher, gave up five hits and one walk.

Emily Campbell had a two-run single, while Sara York and Hutchins each added RBI singles.

King, the catcher, was outstanding defensively, throwing out a total of four base stealers in the twinbill.

•DIAMONDS 10-9, HORNETS 0-1: If it wasn't incredible, it was a least pretty good. The North Farmington Diamonds wound up their season Thursday by taking both ends of a doubleheader from the Farmington Hornets, 10-0 and 9-1.

Beth Danielewicz pitched a no-hitter in the five-inning mercy first game. She walked just one batter and struck out seven.

Danielewicz is an incoming freshman at North Farmington.

Kristina Colombo pitched a two-hitter to win the second game, striking out nine.

The Diamonds ended the season with a 10-6 record good for fourth place in the National Division.

The Livonia Knights finished first, with the Plymouth Lightning second and the Franklin Lasers third.

Finishing behind the Diamonds, in fifth and sixth place, were the Livonia Cyclones and Lasers. The Hornets finished seventh with a 5-11 record.

Meanwhile, the Livonia White Sox won the American Division of the Incredible Girls Fastpitch Softball League, beating out the Farmington Hills Mustangs.

The losing pitcher in the first game of the Diamonds-Hornets doubleheader was Jennelle Welling.

Kristen Schrock pitched the second game and took the loss despite striking out nine.

Jackie Smylle and Welling caught both games for the Hornets, who got good games from Ellen Doughty and second base and Abbey Cleland at shortstop.

Colombo went 2-for-3 in the opener, scoring two runs and driving in one. Samantha McComb had a sacrifice fly.

The Diamonds capitalized on 12 walks and four hit batters in the mercy shortened first game.

They scored six runs in the third, with McComb's sacrifice fly and Colombo's RBI hit keying the inning.

Stacey Russell went 2-for-3 in the second game, scoring a run, while McComb scored twice and went 1-for-2. Danielewicz went 2-for-2 with a run scored.

The Diamonds scored two runs in the first inning and wrapped it up with six in the third. McComb had her hit in the third while Russell connected for one of hers in the frame.

Walks kept the rally going for the winning team.

Berg retires from page D1

said. "Don kind of grew into the position. He was the glue who kept the puzzle together."

"He's very organized and put a lot of years and a lot of dedication into it. We weren't very good at the beginning, but we worked our way up and Don was the captain of the ship, the guy who held us together."

Berg let his assistants get heavily involved in practices, demonstrating wrestling moves and technique.

And when the Stevenson coaches walked into a gym, they were always easily identified by their matching blue coaching shirts.

"He treated all of us (the assistants) with dignity and respect, we all worked well together," Moreau said. "He treated us like us own sons. And he treated the kids the same way."

"If a kid was having academic problems, Don would set aside time to tutor him."

"He was a good guy and a pleasure to be around."

2nd-place Rams eye Baltimore

Their name implies they play near water, but they can't walk on water, and definitely can't play on it.

The Michigan Lake Area Rams had their final Adray Metro Baseball Association regular-season game postponed twice last week because of a flooded field.

The game against the Windsor Stars was originally scheduled for Wednesday but postponed due to flooding after someone broke into Mic-Mac Park and turned on the sprinklers the

ADRAY METRO BASEBALL WRAP

night before.

(Guess someone up to no good can do worse things to a ballpark than turn on the sprinklers).

The game was re-scheduled for Friday and postponed again when Mother Nature unleashed a rainstorm on metro Detroit and Windsor.

Rams coach Rick Berryman had to laugh at the first postponement. He said the two teams will likely play the game, weather permitting, on Tuesday.

"We had a sprinkler once go on during a game at Madonna University," Berryman said. "But fortunately we had some Madonna players on the team, found the button and turned it off. The players were either smart enough to get away (from the

sprinkler) or if hot, get in the way. I've only seen it on TV before, the Kevin Costner movie (Major League)."

The Rams are 13-13 overall and have clinched second place in the Collegiate Division, including a berth in the National Amateur Baseball Federation World Series in Baltimore, Md.

The Rams leave for the 10-hour trip on Aug. 4 and begin play on Aug. 5.

Berryman would like to find time to watch a Baltimore Orioles game.

"It's our first trip there," he said. "We'll go see Annapolis (the Naval Academy), Camden Yards, and hope they have a game there. But I'm not going to push their mascot off the dugout."

They just convicted (a Camden Yards fan) of that in court."

Livonia Decision Consultants, Inc. won the big prize in the Adray Metro Baseball Association, but the Rams weren't just playing out the string.

DCI, which won the regular season standings and a berth in the All-American Amateur Baseball Association national tournament, lost a 4-2 decision on July 18 to the Rams at Ford Field.

The win assured the Rams of second place and a bid to the World Series.

A two-run double by Casey Johnson in the seventh inning proved to be the winning hit for the Rams against DCI.

Nick Dedeluk (Redford Thurston) was 2-for-3 with an RBI and Rick Green 2-for-3 with a run scored and RBI.

Ben Rush was 1-for-2 with a run scored.

Sean Morrison pitched a splendid game, tossing a four-hitter with two strikeouts over six innings as the pitcher of record.

Tom Gallus earned the save, allowing one hit and striking out one in his only inning of work.

The Rams locked up at least a tie for second place July 16, beating Livonia Adray, 6-1, at Ford field.

Jereny Stevens, who allowed two hits and struck out six in four innings, earned the pitching victory.

Phil Commer pitched two innings, allowing one earned run on three hits with two strikeouts.

Gallus struck out two in working one inning.

The Rams scored all their runs in the first inning.

Chet Rees (Westland John Glenn) was hit by a pitch and the next two batters, Green and Joel Halliday (Redford Union) were issued walks to load the bases.

An error allowed Dedeluk to reach base and score one run.

Peter Varon and Mike Patterson added RBI singles, Johnson delivered a two-run double and Lance Siegwald a sacrifice fly.

Joe DeLisle was the losing pitcher.

Mustang district champions: Members of the Westland Youth Athletic Association 9-10-year-old baseball team celebrate their title.

YOUTH BASEBALL ROUNDUP

WYAA All-Stars finish 1st

The Westland Youth Athletic Association All-Stars rallied from a 14-3 defeat to beat Team Lakes twice, 10-0 and 12-5, to win the Pony Mustang (9-10 year-olds) district baseball championship July 18 at Garden City Park.

The WYAA All-Stars, managed by Robert Zickafoose, played this weekend in the state tourney also at GC Park.

WYAA opened district play with a 20-1 mercy-rule win over the Garden City All-Stars before suffering its first defeat in the double-elimination tourney.

Members of the WYAA All-Stars include: Matthew Cretens, Justin Hall, Micheal Fraser, Jeffrey Girgeh, Christopher Kangas, Alexander Koenig, Matthew Martella, Mitchell Murphy, Troy Maskelis, Joshua Neldon, Kenneth Offman, Jerry Smith, Zaid Taamneh, Justin Reid, Christo-

pher Fischer and Burtrum Brintley.

Todd Kangas is the assistant coach, while Ray Koenig is the business manager. Jeffrey Girgeh, Sr. handled equipment repair.

Livonia Travel hot

Livonia Travel Blue, a 15-16 year-old team, moved closer into contention for the Little Caesars Amateur Baseball Federation playoff spot with a 6-2 victory last week over the previously unbeaten Windsor Titans.

Livonia Travel Blue, which captured its fourth straight, is now 13-5, while Windsor dropped to 16-1.

Paul Mercier (Livonia Churchill) pitched a five-hit, seven-inning complete game, allowing just one earned run.

Mercier has a 5-1 record with

three saves.

Offensively, Jason Dominas (Churchill) and Paul Price (Walled Lake Western) each went 2-for-3. Eric Allen (University of Detroit-Jesuit) contributed a three-run double, while Chris Smilo (Plymouth Canton) delivered a key two-run single.

Defensive standouts included Brandon Ray (Livonia Stevenson), Brent Kwiatkowski (Canton) and Ryan Opalinski (Canton).

Rounding out the Livonia Travel Blue squad is Derek Vermeulen (Canton), Dan Dziekan (Redford Catholic Central) and David Latin (Canton).

Livonia Travel Blue is coached by Joe Mercier, John Ray, Russ Price and Tony DeMarco.

The team is sponsored by Wholesale Radiator Warehouses of America, Inc.

Bahrami continues as tour's master showman

BY MARTY BUDNER
STAFF WRITER

mbudner@oe.homes.com.net

Jimmy Connors provides the marquee name. Short-haired Bjorn Borg provides the superstar presence. Yannick Noah, Mats Wilander, Guillermo Vilas and Johan Kriek provide a formidable field of senior tennis stars.

But it's Mansour Bahrami, a relative unknown on the regular pro tour, who makes the crowds roar on the Worldwide Senior Tennis Circuit. The eighth event on the worldwide tour concludes this afternoon at the Bloomfield Open Hunt Club with championship singles and doubles matches slated to begin at 1:00.

Bahrami played in both singles and doubles competition at this year's event, hosted by the BOH for the second straight year after two previous stints at the Fairlane Tennis Club in Dearborn. He was the number-two seeded singles player and advanced to the semifinal round after an exciting victory over Borg Friday afternoon.

Bahrami could not play the pro tour in his younger days because of the volatile political situation in his native Iran when overseas travel was restrained. He eventually made it to France — where he now calls home — and competed in the 1989 French Open. He finished ranked among the top 50 doubles players in 1987, '88 and '89.

The 43-year-old Iranian joined the Worldwide Senior Tennis Circuit in 1994 — two years after its inception — and immediately gained a reputation as a court jester.

He entertains with an engaging, energetic style that includes a number of behind-the-back and between-the-leg trick shots. Combined with an appealing personality that often finds him interacting with the crowd, it's easy to understand why Bahrami is a fan favorite.

While a charming and humorous court presence is his manner, he is quick to point out there is quite a serious side to his often overlooked ability.

Bahrami is currently the Worldwide Senior Tennis Circuit's fourth-leading point scorer after the first seven events. He won the singles title at the Delta Airlines ATP Senior Tour of Champions earlier this year in Doha, Qatar, and was a doubles finalist with Kriek at the BTI Championships in Raleigh, N.C.

"I have plenty of disguises. I won the first tournament of the year and I'm number four on the tour," said Bahrami, who learned to play tennis while working as a ballboy at a Tehran Tennis Club.

"So don't get me wrong. Don't think I am a clown. No, I am not a clown. I am a tennis player who is playing different tennis than the other guys.

"I play the game I always play. It is no antic," he said. "That's the way I play. And that's what I enjoy."

While he insists his comedic style is no act, Bahrami realizes his brand of entertainment is a valuable commodity on the circuit.

"People like the way I play because it's different," said Bahrami. "I like to play and keep the people happy. This is the way I've played since I was 10 years old.

"I feel that people like what I do, and I just love to see them

laugh and have a good time. I love to see them laughing and that's what keeps me going.

"If nobody comes to watch us there would not be a tournament, and so I like them to give them their money's worth," he said. "If they're not having a good time I don't like it. I like to win, but I like to do it this way."

BOH SENIOR TENNIS SERVICES: Noah arrived in town Tuesday evening, lost a singles

SENIOR TENNIS TOURNEY

match to Peter Fleming Wednesday evening, and was headed back to New York by the weekend.

It was a quick exit for the mobile Frenchman, who lost in a championship 10-point tiebreaker after splitting the first two sets with Fleming. Noah is

pictured on the tour's media guide along with Connors, Borg and John McEnroe, and is considered one of the tour's marquee players. "I'm sure there are several people who are upset that Yannick lost, but I'm not one of them," quipped Fleming after the match. . . . While Noah still

has the long, braided locks that made him an easily-recognizable tour player, the same cannot be said for Borg.

The 43-year-old Swede was known for his white bandana that kept his shoulder-length blonde hair in place. Borg now sports a short haircut. . . . John McEnroe won last year's tournament at the BOH.

However, he did not return to defend his title.

McEnroe caused a bit of a stir last year after he threw his racket and yelled at the crowd when his infamous temper took over during a quarterfinal match.

Word around BOH circles said it was pretty much a mutual understanding that he did not want to return and BOH officials really did not want him back.

Dimitriou restocks Ocelots' roster

BY C.J. RISAK
SPORTS WRITER
cjrtaak@cc.homecomm.net

In the last two years, Schoolcraft College's men's soccer team has put 36 wins up on the board.

What has eluded the Ocelots is an NJCAA title, something they were hoping to get a shot at last year.

Those hopes remain for the upcoming season, as buoyant as ever. But to realize them, coach Van Dimitriou is going to have to depend heavily on a completely rebuilt roster.

"In essence," Dimitriou said, "we're counting on our incoming class."

Only two players from last season's 18-4 squad will return for certain: Dave Lotarski and Livonia Churchill graduate Mike Slack. Others, like keeper Eric Anderson, midfielder Naum Popovsky and stopper Joel Wizinsky, are attending summer classes in an attempt to qualify academically.

But Dimitriou, who has coached at SC for more than 20 years, knows better than to count on such things. He has therefore recruited heavily at every position, with plans to not just continue the team's success of the last couple years — but to take it to an even higher level.

Dimitriou has raided the local talent-laden schools more heavily than ever in an effort to rebuild his squad. With Anderson's future in doubt, Dimitriou went after a pair of keepers who shared the same field, although they played for different teams: Plymouth Canton's Doug Koontz and Plymouth Salem's Jeremy Finley.

Both were strong in their senior seasons of high school, with Koontz earning all-Observer first-team honors after helping the Chiefs reach the Division I state semifinals. An all-Western Lakes Activities Association all-Division pick, Koontz — who was honorable mention all-state — averaged 1.43 goals against while collecting six shutouts.

"Personally, I think our biggest question mark was in goal," Dimitriou said. "That's why we recruited two of them."

On defense, there are plenty of top-cal-

iber talents to help make either Finley's or Koontz's job easier. Start with Paul Ansara, who played last fall on Novi's state championship team. "He's a very good marking back," said Dimitriou.

Then there's a couple of others from Canton: Mike Bennett, who can play sweeper or stopper and was good enough to be recruited by Eastern Michigan, and Rob Barnes, whom Dimitriou called "our most versatile kid. He's definitely a starter."

For Barnes (who was all-Division and second team all-Observer), the question is where — forward, midfield or defense. Dimitriou isn't adverse in using Barnes at any of those positions, even in the same game. However, at present he sees Barnes at forward.

Perhaps that's because of the depth of incoming defensive talent.

Another defender expected to have an immediate impact is Plymouth native Kevin Graff, a Redford Catholic Central graduate. "He's very likely a starter," Dimitriou projected of the former CC captain. Again, Graff is versatile; at CC, he started the season on defense, then moved to midfield to help the Shamrocks control play more. He finished with four goals and five assists, and was a third-team all-state selection. At 6-foot-3, he should help playing balls in the air.

There's also Aaron MacDonald, a Salem grad who was second team all-state, first team all-WLAA and first team all-Observer. MacDonald's marking ability was so profound he was named the Rocks' most valuable player. Indeed, his coach at Salem, Ed McCarthy, called MacDonald "by far the best player on our team," adding that "I'd rate him as the premier marking back in the state."

The final defensive recruit is Tom Stark, another player with size (6-2) and solid bloodlines — he's from Brighton, which tackled Novi in the Division I state final. He was also instrumental in the Bulldogs' elimination of Canton in the state semifinals.

At midfield, Dimitriou has more talent, starting with Gary Bell, an Irish immigrant whose brother Charlie is a midfield

standout at Madonna University. And there's Dan Wielechowski, from Salem: second team all-Observer and all-Division, a player Dimitriou called "very heady."

Northville graduate Nick Skotanis has size (6-1) and could develop, either at stopper or midfield.

Versatility, again, is not a problem. Sergio Mainella, a second team all-stater from Livonia Stevenson and a first team all-WLAA and all-Observer selection, is currently pencilled in at forward with Barnes and Mike Jones, a Fenton grad who scored 24 goals as a senior.

But Mainella played midfield for the Spartans, serving as a team co-captain. He scored seven goals and assisted on 16 others as a senior, with Stevenson coach Lars Richters calling him the team's "engine, and a great leader by example."

Still, Dimitriou thinks Mainella possesses "more moves than anyone on the team right now. And he's very strong."

Dimitriou compared Jones to "Phil Esposito," a hockey Hall of Famer who always managed to find the net by positioning himself in front of it — and staying there. "(Jones) puts the ball in the net with either leg," the SC coach noted.

Size and strength won't be lacking at forward, for certain. Jeff Azumah, from Taylor Truman, is 6-2 and 200 pounds, and Dimitriou believes he has "enough raw talent that by the end of the season he could be a big help." Then there's Kevin Brown, another Brighton grad, and George Donnelly, from Royal Oak Kimball.

Dimitriou thought the same thing about both: "Once they pick up your program, they'll help."

All things considered, the 16 new recruits have enough raw ability to carry SC back to the "Big Dance" in November. Problem is, there are so many of them: There's a lack of experience at the collegiate level.

"It's mostly new people, but they are quality people," said Dimitriou. "It will take time to get it together."

Which means the length of their upcoming season will depend greatly on "how quickly they jell."

METRO SUMMERY HOCKEY LEAGUE

'Dogs, Huskies eye playoff run

ROUNDUP

Even with an unbalanced regular-season schedule, there was no doubt this game meant a lot in the Metro Summer Hockey League.

And the Bulldogs made certain they reaped the biggest benefit.

The 'Dogs wrapped up first place, and they did it in commanding fashion Wednesday night. After spotting the Huskies an early lead in a game that could decide the MSHL regular-season championship, the Bulldogs put 10-straight goals on the board — five of them by Kevin Swider (from Livonia) — and rolled to a 14-4 triumph at the Plymouth Cultural Center.

Because there are only seven teams this season in the MSHL, league commissioner Keith Pietila was forced to go to a schedule in which the Huskies played 12 regular-season games and the rest of the league played 11.

The schedule balances out in the first round of the playoffs, which all the teams qualify for. The Huskies don't play in the first round, getting an automatic bye.

Pietila had considered giving the top team the bye, but such a thing would be difficult to plan around — particularly with one team playing an extra regular-season game.

Going into Wednesday's game, the 'Dogs were 7-2-1 (15 points), while the Huskies were 7-3 (14). The win means the Bulldogs finish the regular season with 17 points; the Huskies, who finish

their 12-game regular season today against the Lakers, can accumulate no more than 16. The best any other team can do is 12 points.

The game had additional incentive, especially for the Bulldogs. One of their two losses had been to the Huskies, by a 5-3 margin on July 7.

Swider alone provided more offense than the Huskies could handle. After John Pietila had given the Huskies a 1-0 lead 4:29 into the game, the 'Dogs scored seven times before the end of the period. Swider was a major problem for the Huskies; at one point he scored four-straight goals in a 6:08 span. He finished with six goals.

Adam Krug (Livonia) and Troy Milam contributed two goals and one assist apiece, while Jason Basile (West Bloomfield) had a goal and four assists. Corey Swider (Livonia) had two goals and Eric Bratcher had a goal and an assist.

Ted Martens and Phil Osaer (Livonia) divided time in goal for the Bulldogs.

Dwight Helminen had a hand in all four of the Huskie goals, scoring one and assisting on the three others. John Pietila and Phil Pietila added a goal and an assist each, with Jayme Jones also scoring a goal.

Art Baker was in goal for the Huskies.

Once exclusively for the wealthy and famous, today the advantages of above-ground burial are well within the reach of all families. And now, with our special savings on crypt spaces — plus substantial pre-planning discounts and interest-free financing — the distinction and convenience of mausoleum entombment are even more affordable.

Mausoleum burial is clean, dry and ventilated, and you'll find that it compares favorably with the cost of in-ground burial by eliminating lots, vaults, monuments or memorials.

Just completed, our Chapel Mausoleum addition features a crypt wall depicting a Michigan scene in cast bronze, skylights, beautiful stained glass, and the finest marble and granite. Crypt ownership provides year-round visitation, regardless of the weather, in a beautiful, inspirational setting.

To find out more about the benefits of mausoleum entombment at Glen Eden, visit us, call 248-477-4460 or send in the coupon. But act now. Because, while the prestige, dignity and serenity of mausoleum entombment will last for generations, these savings won't.

My bear memories revisited

Reading Tim Nowicki's Nature Notes column about black bears in the Observer last week brought to mind an experience I once had with bears.

DAN O'MEARA

It's an old story that occurred 20 years ago this month but one I recall fondly and remember well.

Just a half year out of college, I was working as the sports editor of The Pioneer, a small daily newspaper in Big Rapids, which is about an hour north of Grand Rapids.

On a hot, July morning, I was at my desk when photographer Chris Mikula walked into the newsroom and asked if I wanted to go along that afternoon to investigate a report of bear sightings.

After lunch, we drove a half hour north to Reed City and west to a little town called Chase in Lake County.

When we arrived at Don Palmer's summer cottage, I had an idea what it was like to be a pioneer. A single home stood in a clearing in the middle of thick woods and dense underbrush.

And there, staying a safe distance from a handful of humans, were two little cubs, just hanging around. Actually, there were three of them, but one hadn't been seen for a while.

Department of Natural Resources field biologist Fred Ignatoski estimated the age of the bears to be five to six months, their weight 15 to 20 pounds and their height 1' to two feet.

The bears had been seen in the area for several days, and the obvious question was 'Where's mama bear?'

That was a real concern at first. We didn't know the full situation as we exited the vehicle, and even a city kid like me knows female bears are extremely protective and aggressive when the youngins are involved.

With that in mind, the speculation was the sow was probably poached or shot after getting into somebody's garbage and too close for human comfort.

So the cubs were on their own, and this was the spot they picked. No doubt they were encouraged by the food handouts they'd been receiving.

"They were nosing around like they were hungry — and they were! They were starved to death," Palmer said. "I put some bread and milk out there and, boy, they got into that."

Each of us took turns offering goodies to the bears, and it was an unforgettable experience to have a wild animal eat from my hand. Though it was only a cub, it was still a bear.

One of the bears, the smaller of the two, was more willing to leave his safe haven near a tree and venture toward us. The smell of grape jelly smeared over bread was too irresistible.

The cub approached cautiously on all fours and rose to its back legs as it neared me.

Even as I knelt down, holding out my right hand with the food, the tiny bear stood barely half as tall as me.

The bear used the soft pads of its paws to lightly grip my wrist and brace itself. I was impressed by the length and apparent sharpness of its claws as they extended above my arm.

It seemed even a little bear like this could do damage if it had the mind to do so.

But the cub was very focused on its meal and ate voraciously. The bread was gone in no time as the bear's tongue moved at a feverish pace.

It licked each of my fingers, had a quick look to see if there was more and, content there was not, was down on all fours again and heading back to the security of the nearby tree.

I remember how coarse its tongue was. It had a sandpaper quality to it, like that of a cat only magnified several times. Afterward, I thought 'Now I know how bears are able to lick honey from a tree trunk.'

The bear had a musty odor to it, too. That was due to the fact it spent a lot of time laying in a pool of water in what appeared to be an old automobile fuel tank for the purpose, I presumed, of cooling itself on a hot day.

As you can see from the accompanying photo on the front page, the bear's fur is wet.

Even the smaller, less inhibited bear hadn't completely lost its fear of man, however. Without the offer of food, there was no way of getting close to the bears.

After giving it a handout, another person attempted to pat the bear on the head, but the bear reacted defensively, scurrying away and making a growling sound that, frankly, was impressive for such a little creature.

The DNR was aware of the situation but planned to let the bears stay where they were a while longer to see if the mother or third cub returned.

"If it wasn't for the third one and giving it a chance to come back, we'd take them out now, because it's so very, very unusual for her to leave them," the DNR's Ignatoski said. "We'll wait three or four days to see if the sow shows up, though. That would be the best solution for the problem."

"If not we'll have to capture them, because they're not old enough to take care of themselves. If the sow was around, they wouldn't be anywhere near here."

"They'll probably end up in a zoo, because if you have to hand feed them, you can't send them back into the wild."

We hear a lot nowadays about suburban sprawl encroaching on the natural habitat of wild animals, and wild animals learning to adapt to living in close proximity to man.

Now, bears doing that seems extreme, but I found it interesting that Nowicki wrote about a black bear who wandered into the Clarkston city limits.

Twenty years ago when I wrote my bear story, such a sighting was rare even in the west, central part of Michigan.

It was thought to be the first in a quarter century for an area us suburban residents would consider remote.

"But there's a lot of swamp around here," Palmer said. "They could be back there for a long time and nobody would see them."

"I guess I've had just about everything in my front yard. I've had deer, wild turkey and now bears. I made sure I had a witness for these two bears, though, before I called anybody."

I can attest to that.

Osprey prove they can hack it at Kensington

Osprey, sometimes called a fish hawk, are impressive birds of prey.

NATURE NOTES

TIM NOWICKI

Three young osprey, about 5' to six weeks old were brought from Sault St. Marie to Kensington Metro Park last week to continue the reintroduction program started in 1998.

The three young osprey will live in the hacking box, as its called, for about three weeks until they are ready to fly.

While in the hacking box looking out over Wipig Lake, they will become famil-

iar with their surroundings. After they leave the hacking box and hunt fish in the near by waters, they will familiarize themselves with the region around the park.

Before ice starts to form on the lakes the young osprey will start their migration south. They will probably end up in South America. They will stay there for about three years.

Mature males will return to the area in which they were raised — Kensington Metropark, if all goes according to plan.

Many times it does. Birds banded throughout the years by researchers have demonstrated time and again, that birds typically return to the area in which they were raised.

This is accomplished through a process which behaviors called imprinting.

Young birds become "attached" to the first thing they see when they hatch from their egg. Typically its one of their adults.

Bonds that develop like this are very beneficial to the young and the adult. Inexperienced young learn from their adults and young stay with the adults for protection.

This behavioral phenomenon was recognized and popularized by Konrad Lorenz.

Wildlife biologists have taken this basic behavioral practice and used it to their advantage. By exposing birds to an early age to an area where they are to be introduced, scientists learned that

this technique will cause them to return in the future.

Evidence is sketchy as to whether osprey were nesting in southeastern Michigan before settlers arrived, but based on their range and choice of habitats, it seems very likely that they were native to our area.

The discovery of imprinting, and lots of trial and error, has enabled researchers to bring back species that were extirpated.

Peregrine falcons, California condors, Cooper's hawk and others have all been successfully reintroduced to once native areas using the hacking/imprinting technique.

This technique also allows researchers to introduce a species into a

new area in order to establish two or more populations.

Establishing new populations in new areas is beneficial in the event disease or disaster strikes the only established group. Among some species they could be the only existing individuals.

Bringing back native species to an area is valuable to the natural systems.

Native species coexisting with other native species have been able to maintain their relationships for a long time. Introduction of alien species often disrupts relationships between species causing problems.

I'm looking forward to viewing osprey during the summer in southeastern Michigan in about three years.

Blind bowler Craft put name in books with 300

There was a sports item a few weeks ago that made every late night news channel as a blind golfer shot a hole-in-one.

AL HARRISON

The scene was caught on video and it probably went coast to coast as a sports highlight.

Yes, it was a rare and unusual feat, but the bowling world has that one beaten, or at least equaled.

It came about on Dec. 15, 1997 at Cherry Hill Lanes North in Clarkston. David Craft, a legally blind bowler rolled a 300 game in league play.

You may well remember that one, for it ran exclusively in Ten Pin Alley. The blind golfer made one incredible shot, but the bowler made twelve perfect shots in succession.

TEN-PIN ALLEY

PHIL HOROWITZ

It also takes a certain amount of good luck and skill even for a sighted person to accomplish either feat, and the debate could go on forever as to which is more difficult, but at least Craft could have been given the same amount of recognition on TV sports.

Phil Horowitz has brought home another two gold medals from bowling in International competition last week.

These two will likely adorn his trophy case in West Bloomfield to go along with the other gold medal and countless trophies he has won over the years.

This time, it was in Mexico City's C.D.I. Bowling Center for the Maccabi Pan American Games representing the USA in the bowling event.

His gold medals were for winning the doubles and team events, also scored with a bronze medal in triples play. His first gold medal was accomplished in Israel a few years ago in the Maccabi Games.

This is an Olympic type of competition for Jewish athletes in a variety of sports including basketball, soccer, swimming,

gymnastics, baseball, softball, tennis, table tennis, bowling and more.

The Team USA did very well, winning in basketball, softball among their other triumphs.

During the event, Phil bowled a total of 27 games, his highest a 257.

The Maccabi Pan American games take place every four years, the next will be in Venezuela in the year 2003, which Phil hopes to qualify for and compete in again.

The ladies pro tour is currently back in action and will give our local combatant elite in the person of Aletia Sill a good opportunity to hit her next goal of topping the \$1 million mark in career earnings.

She will be the first woman bowler to hit this figure.

The event is the U.S. Open LPBT and is going on currently at AMF Milford Lanes in Milford CT.

The finals will be televised live at 1 p.m. Sunday Aug 1 Watch the TV listings for the station, probably ESPN 1 or 2.

Aletia will make bowling history when she hits the \$1 million

mark, all of her friends back home are pulling for her to do it this week in Connecticut.

The Michigan State Amateur Championships were held July 10-11 at Cherry Hill Lanes with all bowlers participating in the 16-game format.

Michigan will send one man and one woman to the National Championships Dec. 13-19 in Reno, Nev.

The winners of this event will qualify for Team USA 2000.

State Results: Men's winner - Joseph Labak, Northville, 3,202, alternates: Garrett Nagle, Westland, 3,164; and Larry Franz of Redford, 3,114.

Ladies winner - Karen Martin of Southgate, 3,000, alternates: Michelle Anger, Waterford, 2,940; and Susan Paschal, Warren, 2,922.

"Do you have any surplus bowling equipment to sell?"

Or, would you like some good buys on used equipment at the upcoming Bowling Ball Swap & Meet to be held on Saturday and Sunday, Aug. 7-8 at Westland Bowl on Wayne Road.

There will lots to select from at great values, so come on in and

get free games and door prizes, too. Call (734) 722-7570 for more information.
