City adds sprayground to Tattan Park

BY LEANNE ROGERS

Before the end of summer, kids should be having some cool fun at Westland's new H2O Zone Sprayground.

Construction on the state-of-the-art 6,500-square-foot facility located adjacent to Play Planet in Tattan Park began Tuesday.

"We need to compete with all the video games and other things kids

have, so we need to come up with cool stuff for kids," said Parks and Recreation Director Bob Kosowski. "This will be the coolest park in the area. You know it's a success when kids walk up with their eyes wide open."

Scheduled to be completed in late August, the new water sprayground will contain a variety of spray fixtures that are fun, safe and interactive. The sprayground will also be completely wheelchair accessible.

The H2O Zone will include above ground elements, such as a large dump bucket, palm tree, tumble buckets, water shooting cannons, and a nest of friendly crocodiles led by one named "Steve." The highlight of the sprayground will be an 18-foot helicopter that will dispense water from its spinning top rotor.

"The helicopter — it's a one-of-a-kind feature," said Kosowski, who hopes to keep the new sprayground open until the end of September after

the Bailey Pool has closed.

The sprayground will also include 15 in-ground water features to create a park that is perfect for children from the youngest to the oldest. The sprayground is all about fun, but it's also an environmentally sound project.

Although there is no standing water like a traditional swimming pool, the water used at the sprayground collects in an underground

Taste of home as close as ethnic markets

Everyone has their own version of comfort food and exactly what dishes have that familiar homey feel probably depends a lot on what you grew up eating.

Shoppers with a taste for foods from Mexico, South America and Africa can find plenty of choices at three businesses along Ford. Located just west of Wildwood, La Casita Supermercado offers imported groceries, specialty meat cuts and has an adjoining restaurant.

imported. We carry some products from South America — Venezuela — not just Mexico," said Rodolfo Martinez, who owns La Casita with his brother-in-law, Erick Ortiz. "We have things that wouldn't be found in a regular grocery store."

But an especially popular item at the store happens to be made at a plant in Grand

Rapids — El Milagro Tortillas.

"We sell 50 cases of those tortillas in a week. They taste closer to the tortillas in Mexico — the chips, too," said Martinez. "The ones from southwest Detroit don't have as good a flavor but we carry them."

La Casita — little house in Spanish — offers baked goods and meats, including thinly cut beef for fajitas, really thin short ribs for grilling and deli meats imported from Mexico.

added a taquería — a restaurant — adjoining the store. The family also has a second restaurant in Ypsilanti.

“My aunt came from Mexico for two years and taught us the dishes. She owns a restaurant in Mexico City,” said Martinez. “It’s more authentic Mexican food.”

Canton resident Yolanda Rojas spontaneously praised the store and restaurant.

“It’s so great that this store is here. I don’t have to go to southwest Detroit anymore,” said Rojas, who was looking for Mexican pastries her mother wanted to give as a gift. “They are all very nice and give very good service. The food in the restaurant is finger licking good.”

As it happened, Rojas needed more sweet breads than La Casita had on hand but found what she needed a short distance further east on Ford in Garden City at La Espiga Dorada, the Golden Wheat in English, a Mexican bakery.

“There are not a lot of Mexican bakeries, but there are a lot of Mexican people,” said Yolanda Garcia, who co-owns the bakery with her brother, Santiago.

“A lot of American people like Mexican bread, too. We make everything here, it’s fresh daily,” said Garcia, whose daughter Marêli translated her comments.

Along with Mexican bread, which is thicker and larger than most American bread, another popular Mexican specialty is tres

leche or three milk cake. Like La Casita, the bakery also offers moneygrams, Mexican bill paying and telephone calls.

Between the two Hispanic businesses, Abiola Mustapha has Winners African Market offering many items imported from her native Nigeria and other African countries.

The market offers cassava — a

yam-like root vegetable — fresh or made into flour. Looking like a yam on steroids, the fresh cassava can be cut up and boiled, Mustapha said, or the flour can be added to hot water.

“It’s more like mashed potatoes, it’s a taste of home,” said Mustapha, who was a direct care worker before opening the store in September 2008. “A lot of products, you can get the same brand here but what comes from Africa tastes different.”

Some products are distinctly African and unlikely to be found in American grocery stores, for example, palm oil.

“It’s a red oil used for cooking, you don’t have it here,” she said.

Another unusual item is egusi, melon seeds that are available whole or ground, and dried round okra, which is used as a thickener. There is dried shrimp, frozen goat meat, dried peppers and plantain chips.

“We get some American customers who want to try something, they will ask me how to make it,” said Mustapha, a Westland resident.

tank to be re-chlorinated and reused. The water saving element added about \$75,000 to the project.

“The only difference between how we handle the water at the sprayground and the Bailey Pool is that the water at the sprayground doesn’t stand,” said Kosowski. “It’s really cool and goes along with Mission Green.”

The \$350,000 project is being funded by the Downtown Development Authority and will be adjacent to the recently constructed Play Planet, which has already proven to be a pop-

ular destination for families.

“If your child likes Play Planet, they will love the H2O Zone,” said Mayor William Wild. “Wait until you see the silly serpent, it is 15 feet long and has mist and water shooting from its mouth and body. The design of the park will truly captivate the kid in everyone.”

The \$250,000 tab for Play Planet was also paid for by the DDA, which has a district extending along Westland’s stretch of Ford and along Wayne Road from Ford to Glenwood.

“It’s a gathering point where families can have fun for free. It’s appreciated and really well used. It attracts people,” said DDA Chairperson Margaret Harlow. “They will visit Dairy

Dan, Subway, Boston Market and store along Ford Road. We need that people are very concerned with doing business with small local businesses.”

Tattan Park is located just south of Ford Road on Carlson next to Westland City Hall. For more information, contact the Westland Parks and Recreation Department at (734) 722-7620 or visit the city Web site at www.cityofwestland.com and click on the Recreation Department tab.

A formal groundbreaking ceremony has been scheduled for 8 a.m. July 23 at the regularly scheduled July meeting of the Westland Downtown Development Authority.

to work hard ensuring that Westland remains the All American City I am proud to call home.

What do you see as the issues facing the city at this time?

First and foremost the issues will be determined by the individual citizens, citizen groups, businesses, city departments, etc. Whatever is brought to the council table creates our agenda. Personally,

I believe of utmost importance is our community’s most valuable asset, our fragile youth. During the present economic crisis, we must do everything we can to be sure their learning tools and school programs aren’t taken from them.

How would you address those issues?

My vast personal experiences working as a team player and my management experience in business spanning 50 years gives me a solid base for working as a city

council member. I will bring to the council an open mind, intelligent suggestions and ideas and a serious listening ear; all to help provide solutions to problems.

What do you want voters to know about you?

Since retiring, it has been such a pleasure having more time for community activities. If elected to the city council, I still expect to continue my other volunteer work as long as there is no conflict of interest. Of course, the council work will be my primary concern.

Church expands discount groceries

BY PAM FLEMING
GANNETT NEWS SERVICE

Feeling the economic pinch at the grocery these days? Hundreds of families struggling to make ends meet in these tough economic times are seeing significant savings on their grocery bills because of the Grace Groceries program run by Ward Evangelical Presbyterian Church in Northville Township.

This month, Grace Groceries is expanding to serve more families who need to stretch their food dollar.

After working with The Crossings Church in Farmington to participate in the national Angel Food Ministries discount groceries program, Ward started a first-of-its-kind local program in March with Hiller's Markets. Hiller's works with Grace Groceries to provide a set menu of foods monthly for \$30.

A new grocery list is developed each month by Renee Altwies, a Ward member who uses her culinary background to create recipes for five meals for a family of four with food left over for other uses.

Also this month, Grace Groceries added a second partner — Greenbriar Foods from Eastern Market in Detroit. Greenbriar offers unlimited quantities of four food staples at \$20 per prepackaged box. These include assorted meats for grilling; 10 pounds of chicken in a variety of preparations; a produce box stocked from Greenbriar's neighboring businesses in Eastern Market and a box of seven microwavable meals in nutritionally balanced servings.

"With 14 percent unemployment in Michigan — the highest in the nation — the need to reach more people in the Western suburbs continues to grow," said Alan Adler, founder of Grace Groceries. "Since the program began, we have helped more than 600 families save on their food bills. We hope to be able to help a lot more people in coming months."

Because the Hiller's part of Grace Groceries has an order limit, it is open to residents of Northville, Novi, Farmington, Farmington Hills, Livonia, Plymouth, Canton and Westland plus Ward Church members from any community. Greenbriar boxes can be

STRETCH YOUR FOOD DOLLAR

What: Grace Groceries can help no matter your income. For \$30 each month, Hiller's Markets provides food to make five meals for a family of four. Or, \$20 buys a box of food staples from Greenbriar Foods in Eastern Market.

When: Orders for the August distribution can be made 10 a.m. to noon Saturday, July 25, during the July distribution in Park in Lot B and follow the signs.

Where: Rooms 307-309 of Ward Church, 40000 West Six Mile, west of Haggerty, Northville.

How: Cash or checks payable to Ward Church are accepted. Unclaimed orders will be donated to the Salvation Army.

More than 70 volunteers, including several who have no regular contact with the church, keep Grace Groceries running. One team leader, Sue Engler of Northville, called to volunteer after seeing a story about Ward's involvement with

Angel Food in the Record. Other non-Ward member volunteers who participated in the program come from Detroit and Canton to help out on distribution Saturdays when Grace Groceries customers come to Ward to pick up their orders.

Groups take stand on health care proposal

A proposal to form a statewide insurance system that would cover all Michigan's public employees is gaining support from organizations around the state.

Michigan House Speaker Andy Dillon predicts his proposal to revamp the state's health care system will get enthusiastic and widespread support as more people understand its potential to save millions of dollars.

"It (the plan unveiled Wednesday) is starting to get more traction," Dillon said Friday, referring to his plan to create a unified health system for thousands of public employees and retirees.

Initially, Dillon's plan would cover some 50,000 state employees, retirees and their dependents. But the plan also has provisions to provide for other public employees — in townships, cities, schools and courts — to enroll in the program.

"If the plan doesn't save money, those groups (of public employees) don't have to join," he said. "But the plan would provide an option."

The plan could save money, Dillon said, by having one negotiator for a larger number of employees.

"Why should we have all these separate groups negotiating separately?" he said. "Why not one system to control costs and premiums?"

Similar systems have been successful in other states, Dillon said, "and it could work in Michigan."

'BOLD MOVE'

"We welcome this bold move by our legislators," said Michigan Association of School Administrators Executive Director William Mayes. "It represents the kind of thinking Michigan needs as we face our budget crisis, embrace innovation and lay the groundwork for a new prosperity."

"A statewide insurance system for school employees could dramatically improve the way school districts provide for the needs of their employees," said MASA

president Tom Langdon, superintendent of the Big Rapids Public Schools. "Not only would a statewide system save districts money, it would also free up our time. Instead of haggling over carriers, deductibles, and bids, we could return our full attention to teaching and learning."

Joining in the chorus is groups like Detroit Renaissance which praised Dillon for having the "courage and creativity" to propose a bold reform of the way state government and school districts manage health care benefits for employees.

"Michigan public employees have health care benefits that are richer than the average benefits package offered in the public sector and far richer than that enjoyed by private sector workers," said Doug Rothwell, president of Detroit Renaissance. "The plan could be a win-win for state workers and taxpayers. It could reduce the need for layoffs and draconian benefit cuts for state workers and significantly cut costs for taxpayers."

'BILL OF GOODS'

However, that state's largest teachers union, the Michigan Education Association, claims Dillon is trying to sell Michigan taxpayers "a bill of goods" that will overwhelm state government and result in a half million taxpayers seeing their health care become a bureaucratic nightmare.

"Why would anyone believe the state could run anything efficiently when it can't even pass a balanced budget," said Doug Pratt, MEA director of communications. "Why would public school employees trust the health of their families to a state bureaucracy in Lansing?"

According to Pratt, public school employees are already part of health insurance pools, and those employees have already delivered hundreds of millions in savings by accepting lower salaries, cuts to benefits and sharing in the cost of care. Creating an even larger pool becomes cost neutral and when the expense of manag-

ing the new health care plan is added in, the savings disappear entirely, he said.

"Michigan taxpayers should not be fooled into thinking this plan would save money," said Pratt.

Rothwell added that while it's hard to say exactly what the savings would be, Dillon should be credited with the political courage to offer one of the most dramatic reforms offered to date to address Michigan's structural budget deficit.

"This is truly structural reform," Rothwell said.

LOSS OF LOCAL CONTROL

The MEA claims Dillon's plan would "take away all local control from school districts and governments to work together with their employees to make the right decisions for their communities."

"The state of Michigan does not have the expertise or record of efficiency to run a large scale health care program. And given the current budget crisis, this is not the time to expand state government for an ill-advised experiment like this one," said Pratt.

Muskegon-based Education Action Group, an outspoken critic of the Michigan Education Special Services Association health care that is favored by the MEA, said the plan holds "great promise" for Michigan public school districts which currently provide their employees with health coverage through MESSA.

"The MEA needs to set its money-making agenda aside for the good of Michigan," said Kyle Olson, EAG vice president. "It's what holds up teacher contract agreements, and spurs nasty community fights. The direction Dillon is heading could relieve a lot of that pressure and save significant resources for teacher raises, textbooks or computers. It could prove to be a win-win for everyone."

"Speaker Dillon and the other supporters of this proposal deserve credit for trying to spend our money more wisely," Olson said.

Barbecue benefits Doorway to Recovery

The Doorway to Recovery has put out the welcome mat for its fourth annual fund-raiser planned for 6 p.m. Friday, July 24.

This year's fund-raiser will be a summer barbecue with live entertainment, held at the St. Andrew's Church on Hubbard near Six Mile in Livonia. Tickets are \$7.50 each, or no charge for \$10.

Burchell

The fund-raiser will benefit Mark Burchell's Doorway to Recovery, a transitional housing organization that provides recovery housing for men and women who are trying to rebuild their lives — one day at a time — after the devastating effects caused by drug and alcohol addiction.

Burchell has been living sober

since May 4, 2000, after living "a nightmare" of drug use for 20 years. He opened his first recovery home, the "Cooley House," in 2003 where 10 men could live and share in their recovery. It was the beginning of what is now The Doorway to Recovery, 10 transitional homes he owns and operates in Plymouth, Livonia, Westland, Inkster, Wayne, and Detroit homes.

The program also offers critical services required to help its residents in rebuilding their lives, such as money management, job search skills, job placement and community service.

He also is the host of "The Doorway to Recovery," a weekly radio Talk Show on News/Talk 1400 WDTK, heard 4-5 p.m. Sundays, during which he discusses the tools of recovery that have been proven to be the most successful in changing addictive behaviors. His guests include the residents of recovery homes their

families, and doctors, judges and lawyers who have insight in the recovery arena.

Burchell received the "Spirit of Recovery" Award in 2008 from the Michigan Association of Coordinating Substance Abuse Agencies. The annual award is given to a director of a substance abuse agency who has been the most influential and exemplary in the area of leadership at substance abuse agencies in Michigan.

The award noted that "Mark's strength comes from his own experiences and his ability to manage and expect excellence from his residents. His no-nonsense demeanor makes him seem like a tough guy, but he has a heart of gold."

For more information about "The Doorway to Recovery," call Burchell at (313) 300-4165 or log on to www.thedoorwaytorecovery.com, or www.am1400wdtk.com and click on personalities.

'Huge' project could ease I-275/Ford Road issues

BY DARRELL CLEM
OBSERVER STAFF WRITER

Plymouth drivers making their way into or through Canton will have an easier time of it if officials can successfully push a \$22.5 million proposal to create hundreds of jobs and improve the overburdened I-275/Ford Road interchange.

The plan, officials say, hinges on federal economic-recovery dollars communities are fiercely competing to receive.

Officials say the project would dramatically ease traffic congestion in a bustling corridor including the Ford-Haggerty intersection, one of Michigan's most accident-prone intersections with 345 crashes during a five-year period ending in 2008.

The project could begin with a design phase as early as February with construction finished in 2012, aiding motorists not only in Canton, but also in neighboring communities such as Westland.

"This would be huge," township Supervisor Phil LaJoy said Tuesday.

His remarks came on the same day the township board agreed to spend nearly \$10,000 to hire a Detroit-area transportation consulting firm, Parsons-Brinckerhoff, to beat a Sept. 15 deadline to apply for a federal Transportation Investment Generating Economic Recovery, or TIGER, grant.

Consider how the three-pronged project would benefit the area:

- Motorists exiting the southbound I-275 ramp could avoid Ford altogether and connect to northbound Haggerty by accessing a new road slip that would curve over and intersect with Haggerty north of Ford, near the IKEA property. A traffic light would be installed at the inter-

I-275/Ford Rd. Recommended Enhancement Concept

Features:

- Access to Northbound I-275 from Cherry Hill Rd. without use of Haggerty Rd., bypassing Ford/Haggerty intersection.
- Access from Southbound I-275 to SB Haggerty Rd. and Cherry Hill Rd. without use of the Ford/Haggerty intersection.
- Access from Southbound I-275 to NB Haggerty Rd. without use of the Ford/Haggerty intersection.
- Potential for improved access to development parcels east of I-275, relieving congestion at Ford/Lotz intersection.

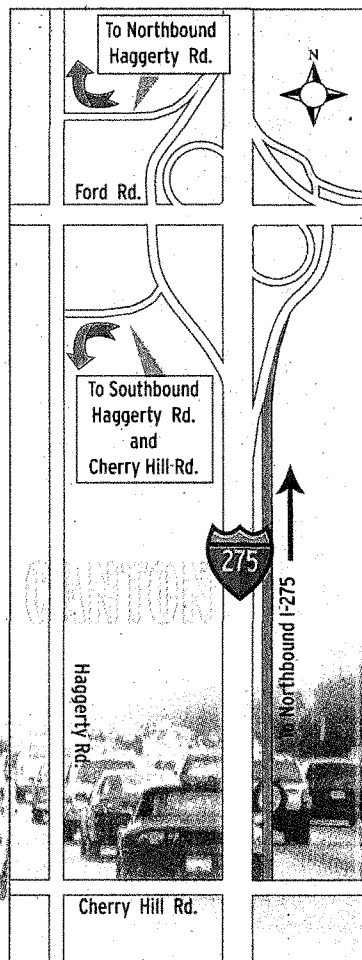

section.

- Drivers using the same I-275 ramp could access southbound Haggerty by crossing Ford — rather than traveling on it — and using another road slip south of Ford. Even with two traffic lights — one at Ford, one at Haggerty — motorists could avoid the Ford gridlock.

"It's a huge difference," LaJoy said.

- Drivers traveling either east or west along Cherry Hill could access I-275 by using a northbound connector — essentially a service drive — that would be built along the east side of the interstate. The connector

would intersect Ford, where a traffic light would be installed, and then continue to a newly designed, northbound I-275 on ramp.

Tim Faas, the township's municipal services director, said the \$22.5 million project, if approved for federal funding, could create an estimated 235 to 705 jobs. Area businesses also could benefit from the dollars those workers would spend, he said.

Moreover, the project would be far less costly than installing a completely new interchange — a much larger project that would force out some of the area's resi-

dents and businesses. "It would be brutal," Faas said, but the current proposal will not displace anyone.

The impact of potential lane closings during construction isn't yet known. But, Faas said, "I expect the biggest disruption could be on the northbound on ramp to I-275, as it (would be) completely reworked."

The project already has gained support from the Michigan Department of Transportation, but Faas conceded competition will be fierce for \$1.5 billion at stake in federal TIGER funds, part of a larger economic stimulus plan. However, the firm hired to seek the grant, Parsons-Brinckerhoff, is highly familiar with the project because the company was involved in a regional transportation study that placed a high priority on the proposal.

That study — completed for local, county, regional, state and federal officials — spawned a report in 2006 that listed numerous projects endorsed by an array of government agencies, including the township board. The study cost \$450,000, largely funded by MDOT, and it encompassed a 72-square-mile area.

LaJoy said talks about improving safety around the I-275/Ford Road interchange began in earnest in 2003, when he was a state representative. LaJoy called it critical to ease traffic congestion along Ford Road, which he said already was being traveled by some 50,000 vehicles a day when one study was done nearly a decade ago. Haggerty, too, has its share of gridlock.

Township officials expect to know by February whether the \$22.5 million project will be approved. Said LaJoy: "It's kind of a once-in-a-lifetime opportunity."

A bit of vaudeville

There'll be time for fun, to sing along with some of the old familiar tunes of days gone by and learn about vaudeville when The Petticoat Ladies perform at Garden City Presbyterian Church's Saturday Night Light at 7 p.m. Saturday, July 25. The program, "Vaudeville Vance's Petticoat (Plus One) Review," is a historical presentation of how vaudeville got started, along with a "bill" of singers, dancers and comedians representing that time period. Featured will be Pastor Ron Vanderbeek (top row, from left), Debbie Eleson, Denise Salo (clockwise), Louise Salvatore, Jackie Zopff, Vera Seifers, Gini Miles, Gail Smalley and Wanda Jarvis. Not pictured is Rita Gibbs. The church is on Middlebelt south of Ford in Garden City. For more information, call the church at (734) 421-7620.

40th anniversary of the lunar landing

"We choose to go to the moon. We choose to go to the moon in this decade and do the other things, not because they are easy, but because they are hard, because that goal will serve to organize and measure the best of our energies and skills, because that challenge is one that we are willing to accept, one we are unwilling to postpone, and one which we intend to win, and the others, too."

Those were the words of President John F. Kennedy just a few weeks after astronaut Alan Shepard became the first American in space. Kennedy was setting forth a new challenge for NASA. He wanted to send astronauts to the moon before the decade came to a close. For eight years, thousands of people worked tirelessly to make that dream a reality. On July 20, 1969, the first ever manned moon landing occurred. The now famous Apollo 11 mission carried astronauts Neil Armstrong, Buzz Aldrin and Michael Collins into orbit. Armstrong and Aldrin were the first two men to actually step foot on the surface of the moon while Collins circled it.

In honor of the Apollo anniversary, there will be many celebrations throughout the country lasting until the end of July. Here at home, you can come to the library and check out the DVDs, "NASA, the Ultimate Collection: To the Moon and Beyond" and "In the Shadow of the Moon." We also have Buzz Aldrin's newly published biography, "Magnificent Desolation: The Long Journey Home from the Moon" as well as "Rocket Men: The Epic Story of the First Americans on the Moon."

County helps 4 agencies assist domestic violence victims

Four non-profits have received funds from Wayne County to assist victims of domestic violence.

The Arab Community Center for Economic and Social Services (ACCESS) in Dearborn, First Step, with offices in Plymouth, Taylor and Redford, Vista Maria in Dearborn Heights and the YWCA of Western Wayne County in Inkster are getting money from the Wayne County Neighborhood Stabilization Program. The county awarded a total of \$2 million in grant funds.

"In these challenging economic times, statistics show that domestic violence increases," said Wayne County Executive Robert Ficano. "We want to empower the lives of women and men in this county who are victims of domestic violence so they may begin again with a sense of safety, hope and dignity."

According to a 2005 Centers for Disease Control and Prevention study, one in four women and one in nine men are victims of domestic violence at some point in their lives.

ACCESS plans to purchase and rehabilitate vacant homes for victims of domestic violence. The Wayne County Land Bank will assist ACCESS with the project.

ACCESS provides a wide range of human and cultural services as well as advocacy work for the Arab-American community and the greater

community as well.

"We would like to thank Wayne County and Mr. Ficano for their support," said Andrea Awada, president of Access.

The Plymouth-based First Step, which provides shelter for victims of domestic and sexual violence, will construct new housing units in the city of Wayne. The YWCA and Vista Marie will use their awards to purchase and rehabilitate houses to use as transitional housing for victims of domestic violence.

"These are important projects to support," said Tuka Mullin, chief development officer of Economic Development Growth Engine. "To provide safe havens for victims of domestic violence cannot be overstated."

According to a 2004 Allstate Foundation National Poll on domestic violence, 43 percent ranked fear that the abuser will find the victim as the number one reason a victim would not leave his/her abuser.

The U.S. Department of Housing and Urban Development (HUD) dispersed \$3.9 billion in NSP funds around the country to help governments stabilize areas hardest hit by foreclosed and abandoned properties. Under the Housing Recovery Act of 2008, Wayne County received \$25.9 million in February 2009 to address vacant, abandoned and foreclosed properties.

Flag sales down with the economy

BY KAREN SMITH
OBSERVER STAFF WRITER

Fewer and more worn U.S. flags may be flying this Fourth of July.

Flag sales are down or flat from a year ago, according to flag shops in Livonia and Clawson.

Bill Miles, owner of American Flag and Banner Co. in Clawson, estimates sales there are down 25 percent because of Michigan's economy. A lot of his customers are Big 3 auto suppliers, he said.

"It's not a decrease in patriotism; it's a decrease in the amount of people buying them," he said.

Amy Spahr, owner of the Flag Shop in Livonia, said sales at her shop are "probably comparable" to last year, but have been slowly trickling down each year since Sept. 11, 2001, when they reached unprecedented numbers.

"I just think it's something people have cut back on with the economy," Spahr said.

Both stores sell mostly to businesses, and businesses are either going without or not replacing their flags as frequently as they once did, they said.

"If you drive around, there are a lot of people (businesses) with flagpoles" but no flags, Spahr said.

Flags flown daily need replacing every six months to a year or more, depending on weather conditions.

The time between Memorial Day and Fourth of July is their busiest for sales, they said.

The most popular size flag for businesses is 5 feet by 8 feet, suitable for a 30-foot pole. A flag that size retails for about \$60-\$80. For residents, it's 3 feet by 5 feet. They pay \$14.90 to \$50, depending on the quality.

AMY SPAHR MANAGES THE FLAG SHOP ON LEVAN ROAD JUST NORTH OF PLYMOUTH ROAD IN LIVONIA.

While people can get U.S. flags made in China from big-box stores, the two local retailers sell only American-made flags.

"All our flags are made here in the United States. I think that's important," Spahr said. Despite overall sales being

lackluster, Spahr said she's seen a spike in sales from some U.S. car dealerships that want to replace flags advertising new and used car sales with Old Glory.

"I think they are proud of being American and an American company and they

HERE'S HOW TO TREAT OLD GLORY

Federal law stipulates many aspects of flag etiquette, according to www.usa-flag-site.org. The section of law dealing with American flag etiquette is generally referred to as the Flag Code. Here are some general guidelines from the Flag Code:

- The flag should be lighted at all times, either by sunlight or by an appropriate light source.
- The flag should be flown in fair weather unless the flag is designed for inclement weather.
- The flag should never be dipped to any person or thing. It is flown upside down only as a distress signal.
- The flag should not be used for any decoration in general. Bunting of blue, white and red stripes is available for these purposes. The blue stripe of the bunting should be on the top.
- When the flag is lowered, no part of it should touch the ground or any other object; it should be received by waiting hands and arms. To store the flag, it should be folded neatly and ceremoniously.
- The flag should be cleaned and mended when necessary.
- When a flag is so worn it is no longer fit to serve as a symbol of our country, it should be destroyed by burning in a dignified manner.

want to display that with the flags," she said.

Fixed rate mortgage not always way to go

Q: Dear Rick: I have a 30-year fixed rate mortgage at 6 percent. I have approximately 25 years left on the mortgage. Even though my house has dropped in value I still have plenty of equity. I am a contract employee and my contract ends in 18 months. At that time, I plan to sell my home and move to Arizona. I also have a home there and I plan to retire. A friend suggested that I consider refinancing my home because fixed rate mortgages are less than I currently pay. Do you think this is a good strategy?

Money Matters

are other options. In situations involving a short time frame such as yours, it may make sense to refinance using an adjustable rate mortgage. Typically, adjustable rate mortgages have a lower rate for the first year until the mortgage readjusts. Currently, adjustable rate mortgages are about 1 percent less than traditional fixed rate mortgages. The key is what will it cost you to refinance? If you can refinance and save, it makes sense.

If you're only going to save a few dollars, however, it's probably not worth it.

One mistake many individuals made over the last decade was refinancing without calculating actual costs. They got caught up in a variety of gimmicks mortgage companies were offering. Good or bad, those gimmicks have evaporated in this economy.

I recommend contacting a couple companies to find get a rate and cost of refinancing. If you can recoup the cost of refinancing over six-eight months, refinancing makes sense. If it takes more than a year to recoup your costs, refinancing is probably not a good idea.

Q: Dear Rick: I just graduated Michigan State last spring and am starting my very first job. My father told me that it is smart to sign up for the company's 401(k) plan and to contribute the maximum possible. The company's plan has two options, a traditional 401(k) plan and a Roth 401(k) plan. What would you recommend?

A: Congratulations on your graduation from Michigan State, my alma mater, but also on getting a job. In today's tough economic environment it says a lot about you that you were able to get a job. I also think that you should be congratulated for listening to your dad and fully contributing into a 401(k) plan.

I cannot stress enough how important it is that the day you start work is the day that you start thinking about your retirement. If you can continue to contribute the maximum into your 401(k) plan, when you want to retire money won't be an issue.

In choosing between plans, I generally lean toward the Roth 401(k). It allows money to grow tax free while a traditional 401(k) plan prows tax deferred. When

you withdraw money from a traditional 401(k), it is subject to ordinary income taxes. When you withdraw money from a Roth 401(k), there are no tax consequences — it is totally income-tax free.

The longer you invest money, the better a Roth 401(k) option looks. Since you are just starting your career, I think it is a slam dunk that the Roth 401(k) option is the way to proceed.

The one downside of the Roth is you are contributing post-taxed dollars as opposed to pre-taxed dollars in a traditional IRA. However, when you factor into the equation that all your accumulations (in a Roth) are tax free versus tax deferred (Traditional IRA), the benefits are substantial.

In addition, since you are just starting your career, you probably are in a low-tax bracket which is yet another reason to take advantage of the Roth option.

HOMETOWN LIFE

No Green for U-M-bound White

BY JIM TOTH
OBSERVER STAFF WRITER

There will be a little different look to Thanksgiving dinner around the White household this year.

Austin White, the heralded running back from Livonia Stevenson, bucked the family trend of support to the Green and White of Michigan State by announcing last week he has given a verbal commitment to Rich Rodriguez and the coaching staff at Michigan to become a Wolverine in 2010.

The decision to attend U-M was the first of its kind among the immediate White family as both mom (Karen) and dad (Michael) are MSU alums, while brothers Myles and Mitchell currently attend the East Lansing University. Extending the family further, Austin even has aunts and uncles who bleed green and white.

"I don't know about Thanksgiving, but I do know my mom is going to have to do some redecorating," White said.

White said his decision came down, mainly, to where he would feel comfortable both as an athlete and a student the next four years. Several schools, including MSU, were among his final selections, but he said in no way did family members try and sway him East Lansing's way.

"My brothers and my par-

Livonia Stevenson's Austin White, shown in last year's Division I state semifinal at MSU's Spartan Stadium against Rockford, is going to the Big House and the University of Michigan in Ann Arbor.

ents didn't push me because they just kept an open mind and said it was my decision and really supported me through the whole process," said White, who indicated LSU, Iowa, Wisconsin, Purdue and Illinois also had his attention right up to the final days. "The first time I stepped on campus at U-M the coaches seemed excited about me

being there and I think I really appreciated their interest.

"I definitely enjoyed meeting the (U-M) coaches and the players and felt that was the kind of program I wanted to be a part of."

In the 6-foot, 190-pound White, the Wolverines will be getting a versatile running back, who last season as a junior at Stevenson, racked up

1,610 yards on 228 carries and scored 28 touchdowns. He also caught 21 passes for 310 yards and four scores and totaled 279 yards on nine kick-off returns.

Perennial contenders for the Big Ten championship and annually among the top 20 teams in the nation, the Wolverines stumbled last year in Rodriguez's first year at the

helm, winning just three of 12 games. Asked if playing a role in the rebuilding process had any impact on his decision, White said a greater factor was the wide-open offense implemented by the Wolverines and the opportunity to play in "some big games" in a couple of years.

"I guess we kind of saw this coming," Karen White said of her son's decision. "You could see him light up when he was there (U-M) around the coaches. I think he enjoyed the passion the coaches have toward what they do.

"You have to go where your heart is and where you're going to be happy and I'm proud of the fact he's taken his time and looked at all the schools," she went on. "It was a difficult decision, and I'm sure he's glad it's over."

With the decision in the bag, White said he can now focus at the task at hand - winning a state championship. He and his Spartan teammates nearly reached that milestone in 2007 when Stevenson earned a berth in the Division I title game. Unfortunately for the Spartans, those dreams were dashed as Macomb Dakota came away with a 41-21 victory.

"I'm happy it's over with because now I can focus on my school's football season and on reaching our goal of winning a state championship," White said. "That didn't happen last time, but we have another chance."

SIDELINES

Rams gain tourney bid

The Michigan Rams will be returning to familiar grounds next month, courtesy of Wednesday's 2-1 triumph over the Michigan Blue Knights at Bicentennial Park.

Single runs in each of the third and sixth frames proved to be the difference as the Rams upped their season mark to 17-8 and secured a sixth consecutive berth in the upcoming AAABA National Tournament slated for Aug. 9-15 in Johnstown, Pa.

Joe Barnes' single in the sixth inning, his second of the game, brought home Ryan Abraham with the tie-breaking run, and reliever Tom Whiting worked a perfect seventh inning to preserve as the lead as the Rams clinched the Livonia Collegiate Baseball League's top spot.

Justin Forster plated the Rams' other run with a double in the third inning. Abraham, Aaron Cieslak, Brett Mazmanian and Jake Rhodes were the other Rams players clubbing hits as the hosts out-hit the Blue Knights 7-4.

Despite giving up a run on two hits in the sixth, Whiting was credited with the victory. He struck out three and didn't walk anyone in two innings on the mound.

Ben Schroeder got the start and pitched solidly through five innings, yielding two hits and two walks and fanning three.

Dustin Hill took the loss for the Blue Knights (13-14).

Falcons yard sale

Farmington High School's girls cross country team will have a yard-sale fundraiser July 23-25 at 23986 Colchester, Farmington. The times for the yard sale will be 9 a.m. to 3 p.m. each day.

Other houses in the neighborhood will be having yard sales, too, giving potential buyers a wider selection of goods.

A wide variety of items will be for sale, including small appliances, clothing, sports equipment, etc.

Items will not be priced for sale but will be sold on a donation basis. Proceeds will be used to send the team to running camp and pay for other team needs.

Colchester is located between Orchard Lake and Power roads, south of 10 Mile and north of Shiawassee.

USA Hockey honors

Ron Hayes, Plymouth Canton Hockey Association director of instructional program, was recognized by USA Hockey at the 2009 Annual Congress June 3-6 in Colorado Springs, Colo.

Hayes was chosen to receive the William Thayer Tutt award, given annually to honor the memory of Tutt, who served as USA Hockey president from 1972-86.

A panel of hockey journalists and broadcasters select the winner from a list of nominees, presenting it to a volunteer who, during years of service, has displayed a selfless dedication to the enhancement of ice hockey at the grassroots level in America.

League champion Rangers featured winning mix of talent

BY TIM SMITH
OBSERVER STAFF WRITER

All of the ingredients for a winning team were sprinkled into the mix for the 11U Rangers of the Greater Canton Youth Baseball & Softball Association.

Those Rangers, coached by Rick Covault, parlayed that mix of strong pitching, clutch hitting, aggressive baserunning and defense into a 16-0 record and the 11U championship — the latter captured thanks to a 12-1 rout over the Dodgers on June 29 at Plymouth Township Park.

The championship was the team's second in the past three seasons with a runner-up finish the third season during that impressive run, Covault said.

"The success we enjoyed this season is because our kids are focused, practiced hard all season, are very coachable and very athletic," Covault emphasized. "And we have a great group of parents who are very supportive."

According to Covault, whose staff included assistant coaches

Mike Baldwin, Jeff Campbell, Kevin Krupski, John Rinke and Darrin

Silvester, the Rangers stepped it up in all categories.

MANY CONTRIBUTORS

"We've always been a good hitting

team, but this year, they fine-tuned their hitting skills and really worked hard at practice to become better defensively as well," Covault said. "They especially improved on fielding and knowing where to be on the field regardless if the ball was hit to them or not.

"They also worked hard to learn other strategic aspects of the game as well."

But the Rangers excelled all year in all aspects, the coach continued.

For example, there was the steady pitching of Cody Borke, Ian McKinnon and Micah Rinke along with solid hitting from Jack Campbell, Aaron Kosmyna, Luke Krupski, Blake Lewis and Jake Silvester.

James Baldwin, Ricky Covault, Anthony Garbarino, Carson Pakula and Joey Verkerke chipped in with big contributions in baserunning and defense.

And team chemistry provided another element that contributed to the title.

"Many of our kids and families have been together since they were six years old," Covault said. "So they know each other and it's fun for everyone."

NRCLL crowns champions in baseball and softball

BY JIM TOTH
OBSERVER STAFF WRITER

It was quick, but it was exciting, as the North Redford Central Little League recently wrapped up summer play by crowning its champions in baseball and softball play.

One of the more interesting

achievements came in girls softball where the Redford Heat, comprised of 9-10-year-olds, fielded a host of newcomers to the game and still managed to come out on top in the six-team division standings.

Coached by Dennis Butka and assisted by Charlie Kamin and Kathy Tarr, the Heat post-

ed a 10-4-1 ledger during the regular season. Unfortunately, their stay in the post-season was abrupt as they lost their first game.

"It was a very enjoyable season," Butka said. "We started the season with eight girls who had never played softball before, but they listened well,

learned quickly and just went out there and had a lot of fun."

Butka praised the efforts of the entire team, which included Haylee Butka, Emma Williams, Tylar Bennett, Amanda Drain, Allison Peck, Amy Kamin, Kennedy Spratt, Asia Banks, Jayla Johnson, Adelina Salano, Tracie Carrico

and Emily Douglas.

"My approach the entire season was to teach them how to play the game and whatever happens, happens," Butka said. "It was rewarding."

West dazzles East gridders

There were plenty of fireworks on July 4 — plenty on the Spartan Stadium football field, too.

The West exacted a 43-22 revenge on the East in the 29th Annual Michigan High School Football All-Star Game presented by the MHSFCA.

It was 13-9 at halftime before the contest turned into an offensive exhibition in the second half.

Local players competing for the East were Canton

lineman Justin Sneddon and Salem lineman Andrew Grabowski.

All 88 players in the game were seniors last season and were nominated to take part in the prestigious contest.

Among East highlights was a three-yard touchdown by West Bloomfield's Chris Hurst (with the extra point by Troy's Kevin Muma) and a 79-yard TD reception by Hurst from Detroit Southeastern's William Sturgis.

Wildcats win Pinckney

The South Farmington 12U Wildcats Travel Softball captured the 12-and-under championship at the Pinckney Rebels Fastpitch Tournament held in Hamburg, MI. After knocking off top-seeded Pinckney Rebels 16-3 in semifinal action, the first-year travel team registered a 13-6 victory over the Brighton Bulldogs in the title game. Pictured above are team members (seated, from left) Rachel Walsh, Patricia Piontek, Ali Gambill, Madelyn Omietanski, Allie Blair, Victoria Bayliss, (kneeling) head coach Beverly Blair, manager Dave Walsh, (standing, from left) coach Bob Fish, Jacquyn Reynolds, Leah Petrak, Lauren Fish, Emily Cox, Elise Andreski, Samantha Danto, coach Jim Gambill and coach Howard Bayliss.

Batbusters in World Series

Two runner-up finishes in recent tournament action has the 18U Batbusters Fastpitch softball team gaining three World Series berths. Strong finishes in the USSSA Romeo Renegade Tournament, Davison Tournament and ASA Motor City Showdown qualified the Batbusters for the upcoming USSSA World Series, ASA Worlds and NSA World Series. Pictured above are team members (front row, from left) Kathryn Garry, Ali Robinson, Danielle Keys, Brittany Lines, Maria Gomez, (middle row, from left) Sara Cupp, Devin Culham, Chrissy Albrecht, Sammy Ray, Gwen Hittle, Katie Rankin, (back row, from left) coach Bonnie Engel, manager Brant Engel and coach Mike Albrecht.

Reasons to think Whalers

BY TIM SMITH
OBSERVER STAFF WRITER

It might be warm weather outside, but it's time to start thinking Plymouth Whalers hockey once again.

The Ontario Hockey League team is entering its 20th season, and anniversary promotions and special events are expected throughout the year at Compuware Arena.

One of those is a flex plan that allows fans to buy a pack of nine vouchers (good for any 2009-10 Whalers game) for just \$90. Along with the pack are extra free vouchers to pre-season games and all Monday and Wednesday contests during the regular season.

The deal originally was set to expire on June 30, but it is being extended indefinitely.

Also, Whalers' Director of Communications Pete Krupsky said a game featuring alumni players (possibly including former NHL-ers) is being discussed and could take place in August. Go to the

HOCKEY

Plymouth Whalers Web site (www.plymouthwhalers.com) for more details.

Meanwhile, training camp is just around the corner, not to mention a pre-season game 2 p.m. Saturday, Sept. 5 against the OHL champion Windsor Spitfires (who also won the Memorial Cup).

For those who want to stretch their skating legs, Compuware is offering open public skating sessions and "sticks and pucks." The skating sessions are 1:50 in length and begin anywhere from 11 a.m. to 1 p.m.; call (734) 453-6400 for an up-to-the-minute schedule. To skate, cost is \$4 for adults, \$3 for children under 12 and \$2 for senior citizens. Skate and helmet rentals are \$2.

As for the 50-minute "sticks and pucks" sessions, times also vary. This week, sessions start at 2 p.m. Monday, Wednesday, Thursday and Friday and 2:30 p.m. Tuesday. Next week, par-

ticipants should plan on 5 p.m. sessions on Monday, July 27 and Thursday, July 30.

For "sticks and pucks," full equipment is required and pucks must be brought to Compuware. The price is \$5.

DROP-IN HOCKEY

Although Compuware no longer hosts drop-in hockey, players can hit the ice and compete over at Plymouth Cultural Center & Ice Arena throughout July and August (except July 25-26 and Aug. 8-9).

Times for drop-in are 4:30-to-5:50 p.m. Monday-Friday and 10-to-11:50 a.m. Sundays, with days and times subject to change.

The arena at 525 Farmer St. also hosts "sticks and pucks," weekdays from 2:30-to-4:20 p.m. and Saturdays from 12:30-to-2:20 p.m.

For more information, call (734) 455-6620 or visit www.ci.plymouth.mi.us.

CAMPS/CLINICS

Football

North Farmington High School will have a football skills camp 8 a.m. to noon July 27-30 for any football player entering the ninth through 12th grade in the 2009-10 school year.

The cost is \$75. The camp will be conducted by the North coaching staff. Each player will need football cleats, gym shoes, workout clothes and helmet with mouth guard. Helmets should be provided by the player's high school.

Club members shoot the cowboy way

BY DIANE GALE ANDREASSI
CORRESPONDENT

At least once a month, the Rev. C.S. Oosterveen puts on his holster, heads west to Plymouth Township and becomes a cowboy known as the Rev. Missalot, for about four hours.

"I come here for the camaraderie and to have a good time," said Oosterveen, a Roseville resident.

Taking part in the Cowboy Action Shooting at the Western Wayne County Conservation Association on Napier is a welcome break from the pressures of his job.

On a picture-perfect Saturday morning, Oosterveen was among about 60 people who left their worries behind and became cowboys for the day.

Everyone takes on a new name and sees what score they can get shooting a single action pistol, rifle and shotgun on five courses hitting metal targets set up in different shooting stages. The 16-inch targets are at seven to 50 yards. "No target is too big or too close that it can't be missed," according to the Web site, www.wvcca.com.

Accuracy and speed are key. "It's a lot of fun," said Mario Derrick of Westland. "It's a lot of old guys getting together playing cowboy."

The club gives members a chance to go back to yesteryear "when you knew right from wrong, you showed respect, and played fair," according to a Cowboy Action Shooting (CAS) brochure. "Truth and justice ... that's the cowboy way back then and now."

Sometimes Derrick brings his wife, Liz, and granddaughter, Hannah, 13, who has been shooting for two years. In fact, there are a number of women

and young people involved. Some members dress up in complete cowboy attire and others don't.

"Everybody's a friend here," said Ronie Abrahamian, a Garden City resident, who goes by Honest Abe when he's packing pistols.

Livonia resident Denise Van Raemdonck, also known as Deadwood Denise, started shooting about four years ago. "It's really a nice sport," Van Raemdonck said. "A lot of nice people come here."

Livonia resident Debbie Hanka, who becomes Shakey

Puddin' when she's shooting, says she likes taking part in a sport she can share with her husband, Ray Hanka, vice president of WWCCA, head of the local cowboy club and known as Rainmaker Ray.

AAUW ably represented by local women at national convention

BY JULIE BROWN
O&E STAFF WRITER

Mickey Edell of Canton and Sharon Belobraidich of Plymouth Township were in St. Louis June 25-28 for the national convention of the American Association of University Women.

"I thought the convention was outstanding," said Edell, who works at Hoben Elementary School in Canton. This was her second national convention for AAUW.

Both women are state board members of AAUW, with Edell having served as state president 2006-08. Both have ties to the Plymouth-Canton schools, with Belobraidich a retired elementary teacher and Edell a current speech and language pathologist.

This convention was shorter than the previous one Edell attended: "But the speakers were outstanding," she said.

The women at the convention had debates on whether AAUW should drop its requirement for a two-year degree. The first vote was almost 50/50, with the final vote 1,450 to 36 to maintain the degree requirement.

Edell, a 20-year member, favored dropping the degree requirement, noting "as an

inclusive organization AAUW should not be exclusive by using a degree designation."

That was part of a larger revision of association bylaws and governance.

AAUW, approaching its 130th year, works to provide educational opportunities and equity for women and girls. Edell got involved through friend and colleague

Belobraidich.

"Sharon Belobraidich asked me if I would like to be Figaro in *Pinocchio*," said Edell, referring to the Plymouth-Canton branch's signature annual play for children. Edell continues to love the play and social aspects, but also was drawn to gender equity issues.

In St. Louis, Lily Ledbetter, for whom recently enacted pay equity legislation is named, was the keynote speaker. "She was very thoughtful," said Eleanor "Coco" Siewert of Birmingham, a Wayne State University law school staffer and former Birmingham mayor.

That was President Barack Obama's first piece of legislation signed, said Siewert, who has been AAUW's national parliamentarian for more than 20 years. Women earn approximately two-thirds of what equally qualified men do.

Edell, a former Plymouth-Canton branch president, also enjoyed hearing Ledbetter, who was instrumental in passage of the Fair Pay Act which bears her name. Edell also listened closely to a Connecticut congresswoman, Rep. Rosa DeLauro, who helped pass the Paycheck Fairness Act in the

U.S. House. The latter awaits U.S. Senate action.

"Even now in 2009, women are not still paid equitably on the dollar with men," Edell said. "These women (speakers) had us on our feet, cheering them."

There were about 50 Michigan delegates, she added. Edell remains on the state board as Initiative director, with fellow state board member Belobraidich as Diversity director.

The national conventions are held every other year, with the next one in 2011 in Washington, D.C.

COWBOY

you have eye and ear protection.

Cowboy Action Shooting is one of the fastest growing sports and with chapters around the world, local members are eligible to participate at all the different programs.

"CAS shooters are some of the friendliest folk you'll meet," according to the Web site. "If you don't have all the hardware — come on out and partner up with a cowboy or cowgirl and they'll lend you what your missin'. Either way, come on out, bring the family and watch the goin's on. You'll have a great time."

SHOOTING VARIETY

If cowboy style shooting doesn't interest you, WWCCA, in operation for 71 years, also has a target range and holds a variety of classes and leagues for people of all ages who love to shoot guns from pistols, shotguns and rifles in a prone position, in cowboy get up or in an all-women league.

WWCCA has 761 family members from Plymouth, Livonia, Canton, Westland, Dearborn Heights, Detroit and other communities across the state.

"Memberships are down, because of the slump in the economy, but our spirits are up," said Bob Haviland, WWCCA president. "We offer

John Blades of South Lyon (left) times Rick Levy of Plymouth.

such a variety of activities that it brings people to us."

Among the many activities, WWCCA also provides hunter education classes and Junior Olympics archery development, as well as trap and skeet shooting on 84 acres that sits on a parcel that touches Wayne and Washtenaw counties.

A new program, Pin Top, challenges shooters to hit five bowling ball like pins with a 22 caliber long rifle handgun. It's a timed event with a maximum 15 seconds.

Deer roam the land on a picturesque setting ideal for walking after shooting stops at 5:45 p.m.

"I call this my little piece of country in the city," Haviland said.

"It's important for people to know we're a family-oriented club and we try to provide family-oriented activities along with individual activities."

GAIT, PARKINSON, AND ARTHRITIS

As we age, we experience a loss in the ability to balance our body and coordinate our movements. Continuing activities such as tennis, golf, dancing and walking can mitigate the loss in balance and coordination but not eliminate these changes.

The problem for seniors is that the other changes in health make adjustment to aging in balance and coordination more difficult. The two problems that cause the most trouble are Parkinson's and arthritis.

The image of a person with Parkinson's disease is someone with a fixed expression of the face, a bent forward posture, a shuffling walk and constant, fine tremor.

However, it is possible to have a degree of Parkinson's with little facial change, no tremor and slight loss of rhythm in gait and body motion. But these small changes make an individual more vulnerable to a slip or fall. In addition, the individual develops wear and tear arthritis of the hip or knee the possibility of a fall increases.

Physicians can treat Parkinson's but the effect on gait and balance is uncertain. In contrast, treatment for hip or knee arthritis has a predictably good effect when the therapy involves joint repair or replacement.

When to undertake a joint operation and what procedure to undertake are decisions in which dialogue between doctor and patient are important. In instances when balance and coordination are considerations, waiting for joint pain to determine timing is inappropriate. The pattern of falls decides the issue.

Manners matter when visiting family, friends in hospital

BY JULIE BROWN
O&E STAFF WRITER

Etiquette may not be the first thing on your mind when visiting a loved one in the hospital. Even so, health care pros know there are a few courtesy basics.

"We do encourage families and friends to visit," said Marcia Filek, manager of patient relations at Oakwood Annapolis Hospital in Wayne. Such visits are good for emotional and spiritual needs of patients, said Filek, who has a social work background.

"We think visitors are wonderful," said Donna Gray, chief nursing officer at St. Mary Mercy Hospital in Livonia. "Visitors are our partners in the care of that patient."

One basic is to use the public restroom on the hall. The patient may need his or her bathroom, and there are infection concerns with using a patient bathroom. You should also wash your hands before

and after visiting, Filek said.

At her hospital, there's anti-septic cleanser foam in rooms which visitors are encouraged to use.

"Check with the nurse" on bringing in food, Filek advised. "We know people want to get out of the hospital as soon as possible." Some food brought in by visitors can create blood sugar or other problems that prolong stays.

Gray said something like grandmother's special rice pudding can help boost a patient's appetite, which is fine. You should check with the nurse; food from home needs to be labeled by name and date. It can be stored in a refrigerator, and there's a microwave available.

Don't visit the hospital if you've been drinking heavily, Gray added.

You shouldn't stay too long, Filek said, noting shorter and more frequent visits are better, maybe half an hour. Her hospital has open visiting hours, to accommodate varied work schedules.

Gray said St. Mary Mercy visiting hours are flexible in the general hospital. "Visiting hours are really around a respectful environment for that other patient in the room," she said. TV noise and boisterous visitors can bother a roommate.

St. Mary Mercy arranges for

some family members to stay overnight in a waiting room. The birthing center is open to dads around the clock. Stricter standards apply for behavioral health and intensive care units.

You shouldn't sit on the patient's bed, for comfort concerns as well as infection possibilities. Also, Filek said, don't touch any equipment, and call the staff if you need help: "That's why we're here."

Gray said visitors shouldn't sit on or pile coats on an empty bed in the room, as nurses will need to remake the bed then.

Information release is up to the patient, due to privacy laws, although such information may be released with approval in the patient's presence. If care is being given, visitors may be asked to step out into the hall.

"We'll ask them to step out for patient privacy and the comfort of the patient," Filek said.

You can bring puzzles or playing cards to pass the time,

but Filek recommends against bringing expensive electronics which can get lost.

You don't want to bring liquor into the hospital, although patients do occasionally have beer or wine with dinner. That's ordered by a doctor and provided through Oakwood Annapolis' food and nutrition department. One such man recently had a beer.

"That was part of his routine on Saturday nights," Filek said of the doctor-approved beer in the hospital.

You shouldn't bring outside medications into the hospital, checking with the nurse or doctor on those. That sometimes happens now with holistic medications, although those too can interact with treatment plans.

Phones are individually assigned to patients, and you can keep in touch if you've got a cold or the flu. Don't visit if you're not feeling well, experts advise.

"Patients are more susceptible to those things when they're in a weakened condition," Filek said.

"If you aren't feeling well, don't go in there," agreed Gray, adding you should communicate your reasons with the loved one. "You don't want to be seen as not caring."

Oakwood Annapolis has courteous visitors, although the numbers can add up in the mostly semiprivate rooms. "We've asked our staff to monitor that," Filek said. Some visitors are asked to use the family lounges on each floor.

Breaks are good for visitors as well, she added, particularly in end of life situations.

Gray sees some problems with visitors staying too long. A co-worker, for example, may feel the need to entertain a visitor rather than get rest.

"The patient really should be allowed to have the environment to get well," Gray said. "It does wear people out."
