## AROUND TOWN

### She's a queen

When the votes were counted it was senior Lalita Hayes who was crowned during Homecoming festivities last weekend at Wayne Memorial High School. For a look at some of the funs students had building up to the Homecoming football game, see Page A2.

### Homecoming

The Westland Comets football teams are celebrating their 38th year with a Homecoming celebration Sunday, Oct. 4, at the John Glenn High School stadium.

All former players, cheerleaders and coaches will be welcomed to attend and should stop by the press box so they can be recognized during the games. The Comets face the Rochester Redskins. The Junior Freshman game begins at 10 a.m., with the Freshman game at noon. The Junior Varsity and Varsity games will follow.

### Fund-raiser

The Westland Veterans Association is sponsoring an all-you-can-eat spaghetti dinner Saturday, Oct. 10, at the Sgt. Romanowski VFW Post 6896 in Westland. The dinner will be served from 4-8 p.m. and be followed by the music of Second Wind. There will be a silent auction sponsored by the Rolling Thunder Chapter No. 3, and a special drawing for Camp Trotter, a camp for the children of veterans. Past, present and future veterans also will be honored.

Proceeds will benefit proposed Veterans Memorial Garden of Westland. Tickets are \$15 in advance and \$20 at the door. For more information, call (734) 335-7943, (734) 595-0697 or (734) 535-9454.

### For the troops

The Grange will be teaming up to make cards to send to the troops overseas.

The card making will take place from 1-3 p.m. Saturday, Oct. 3 and Oct. 24. Some supplies will be provided. People also are needed to help in making crochet, knitted and quilted squares for keeping Americans warm this winter. Help will be provided for those needing a lesson.

To register, call Sandy at (734) 467-8550 or Sharon at (734) 722-4857.

## City, schools brace for state funding cuts

BY LEANNE ROGERS  
OBSERVER STAFF WRITER

An expected cut in state shared revenues is likely to trim about \$900,000 from Westland's general fund budget — a cut that would come three months into the city's fiscal year.

"That would be 75 percent of our

fund balance," Mayor William Wild said.

Much of that money — about \$600,000 — can be covered by not filling seven positions that are currently vacant, Wild said. The positions include two police officers, four positions from the American Federation of State, County and Municipal Employees bargaining

unit that represents clerical, public services and parks and recreation workers and one supervisor.

"I had budgeted flat state shared revenues at \$8.1 million. If we have more attrition, we are in danger of not being able to fill those jobs," Wild said.

The proposed 11.6 percent cut to state shared revenues would give the

city \$7.2 million in funding. Over the past two years, the city has already been working to reduce spending in the city's nearly \$60 million budget, Wild said.

"We'll probably have to sit with council and the auditors to look at the numbers. We're going to have to

## Livonia man arraigned on murder charge

BY LEANNE ROGERS  
OBSERVER STAFF WRITER

Having waived extradition from Ohio, a Livonia man has been charged with first-degree murder in the death of his wife outside a Westland bar.

George Williams, 33, was arraigned Wednesday morning in Westland 18th District Court before Judge Sandra Cicirelli and ordered held without bond. A not guilty plea was entered for Williams and a preliminary examination set for Thursday, Oct. 8.

Sarah Williams, 28, who was a bar-

Williams

maid at Chatters Bar and Grill, was found in the rear parking lot suffering severe head, facial and internal injuries from having been hit by a vehicle, Westland police Lt. Dan Karrick said. Williams was unconscious and later died at an area hospital.

Autopsy results showed the cause of Sarah Williams' death was multiple blunt force trauma and strangulation, Karrick said.

"He did things to her, he definitely strangled her. We believe all his actions were deliberate. That's why it was first-degree premeditated murder charge," Karrick said. "He made several statements, but not a confession. There was an argument about them breaking up."

Police were called to the parking lot of Chatters, 7640 N. Wayne Road,

at 3:42 a.m. Sunday by a relative of George Williams, who had called the family member. The couple were reported to have been arguing earlier in the evening and had left the bar together at the end of Sarah Williams' shift.

"They both had driven to work, he came later. There was some speculation that they were breaking up, but had not (separated) at this point," Karrick said. "Other employees were working inside at the time, but one else was in the parking lot."

When Sarah Williams' co-workers left Chatters, Karrick said her husband's relative was there and had called police. George Williams had contacted the family member who came to the bar, but the husband had already left, he said.

George Williams was later arrested in Toledo. Once Williams didn't fight being returned to Michigan, Westland officers were able to pick him up in Toledo and return him to Michigan Tuesday afternoon.

The couple had been married for one year and had no children. Williams had a daughter from a previous relationship and was also reported to have custody of a teenage sister.

Co-workers held a vigil honoring Williams at Chatters on Monday night.

The bar parking lot was the scene of a homicide about 10 years ago. Karrick said he wasn't involved in that investigation and didn't recall details except that it was also a case of domestic violence.

**ELECTION  
2009**

This is the second in a series of interviews with eight candidates vying for four seats on the Westland City Council in the Nov. 3 general election. Three four-year terms and one two-year term will be filled. The candidates are incumbent Councilman Dewey Reeves, Sam Durante, Adam Hammons, Meriem Kadi, Kenneth Mehl, Mark Rodriguez, Christine Cicirelli Bryant and Janet Frederick-Wilson.

### Hammons: Addressing blight is priority

Hammons

BY LEANNE ROGERS  
OBSERVER STAFF WRITER

As a Westland council member, Adam Hammons would work to make the city a better place — not that he doesn't think it's a great place to live already. "We're on the right track. I want to make Westland a des-

ination. In real estate, I want people to say Westland when you ask them where they want to live," said Hammons.

Addressing blight in Westland would be a priority for Hammons, if elected to the council.

### Mehl says his budget experience needed

Mehl

BY LEANNE ROGERS  
OBSERVER STAFF WRITER

In his campaign for a seat on the Westland council, Ken Mehl cites his government experience.

"It's been a while since I've been politically involved but all the other candidates have very

little government experience, especially with the budget process," Mehl said. "(Incumbent council member) Dewey Reeves has (the most experience) three years, I've got 12 years."

The city is likely to be losing revenue from cuts in state

### Showing their spirit

Students at Wayne Memorial High School were ready, willing and able to show they were behind their Zebras 100 percent at last weekend's Homecoming. Part of the preparation was the annual pep assembly in which freshmen, sophomore, juniors and seniors took up the challenge of such things as the tug-of-war, including juniors Wayne Shier, Billy Shillingburg and Jake Hayh. However, spirits sagged as the state-ranked Canton Chiefs defeated the Wayne Memorial Zebras 49-14 in the Homecoming football game.

The sophomores show their school spirit during the class competition.

Color guard Tiffany Ozog waves the flag while the marching band performs during the pep assembly.

Getting the students pumped up was Wayne Memorial cheerleader Delani Derr.

#### CLARIFICATION

An story in the Sunday, Sept. 27, issue of the *Westland Observer* should have quoted Westland council candidate Mark Rodriguez as saying that the fiscal years ending June 2003 through June 2008, residents were overtaxed \$16 million dollars more than what the actuaries required to the police and fire retirement fund. Residents were taxed \$36.7 million, while actuaries required \$20.9 million. Biographical information for Sam Durante should have indicated that as a volunteer her serves as a liaison between the Senior Citizen Advisory Council and the Commission on Aging.

revise our five-year projections that we did six months ago," he said.

Like other cities, Westland's fiscal year begins on July 1 — the state fiscal year begins today (Oct. 1). That gap is the result of a legislative move to deal with an earlier financial crisis by delaying the start of the fiscal year.

"It's fair to say that it would be helpful if these cuts were made before the end of our fiscal year and if we had the same fiscal year," Wild said.

The state government's willingness to shortchange local government is ironic, he said.

"We offer incentives to businesses but cut the biggest economic engines we have — the cities," Wild said.

State funding for libraries was also reported to be taking a major hit. Westland Library Board President Leslie Bell said hadn't received information on the cuts yet and couldn't make any comments.

Also facing a huge financial blow is the Wayne-Westland Community Schools which stands to lose \$218 per student in state school aid, about \$3 million, and an additional \$6.8 million in money given to make up for tax millage not used to determine its foundation allowance when Proposal A took effect in 1994.

"I think it's grim for every school district in the state because of the crisis in Michigan," Superintendent Greg Baracy said.

Baracy has been in a wait-and-see mode during the budget talks in Lansing where lawmakers "have a lot on their legislative plate that will be hard to resolve."

"The question is how much can they cut without destroying Michigan's future," he said. "Anything can happen, we'll just have to wait and see when the dust settles."

**HAMMONS**

FROM PAGE A1

"One goal would be to work on removal of blight from foreclosed and vacant properties," said Hammons. "I have a real estate background which gives me insight on that. I'd also like to stop depreciating tax values."

Calling for a mandatory registry that would notify the city when buildings become vacant, Hammons said vacant commercial properties also need to be addressed.

"We've got to work on vacant buildings. If we can't find someone to replace the businesses in vacant buildings, we need to work with the owners," he said. "It's a big problem. That's the face of our community. There are a lot of vacant buildings and that can give people negative feelings about the community."

Another goal for Hammons is to work with the city's Economic Development Department to work on more improvements and new development in Westland's downtown area.

"I would also continue to

have a balanced budget, that's one of a number of priorities in the next few years," said Hammons. "I would like a five-year budget plan. We will have to make cuts and adjustments. It will be painful but we need to do it."

In particular, the city needs to address its biggest expense — medical costs for employees and retirees, said Hammons.

"We've got to get those costs in line. Council members are here to protect taxpayers. You won't be liked for it," he said. "A lot of tough decisions will be required. We need to keep taxes where they are. The next council will probably have the toughest job since Westland has been a city."

Westland's strongest assets are very strong police and fire departments, Hammons said, along with other services like Parks and Recreation.

"Our neighborhoods are clean. We have a great DPS (Department of Public Services) — they do a heck of a job plowing snow. You see them out in the middle of the night fixing a water main break," he said.

One of the most frequent questions Hammons said he hears campaigning is about

the status of Central City Park, closed nearly three years due to contamination.

"That needs to be resolved. We need to get the park up and running," he said. "I try to stay positive. We have a great city. Westland has a lot of positives."

With his experience on city boards and commissions including the Planning Commission and Zoning Board of Appeals, Hammons said he is able to work well with others.

"I think the city needs new faces and younger people, some candidates like me who will bring a new perspective to the council," he said. "People are always glad to hear about new faces and new ideas for the city."

shared revenue, he said, so something needs to be done with the budget immediately. Mehl cites the city budget as a top priority, if he is elected.

"We need to balance the budget and be realistic. Personnel issues will come up; do you go after one area or all the employees as a whole?" Mehl said. "That's what we need it to determine. People say city employees' pay needs to be in line with outside pay but which employees? No one ever answers that."

Blight in Westland, both residential and commercial, needs to be addressed, he said.

"There are a lot of vacant homes. I've been out in the neighborhoods and was stunned at the number of vacant homes on all streets," Mehl said. "The mayor (William Wild) mentioned \$1 million is to be spent in Norwayne. We've prob-

ably spent \$40 million in Community Development Block Grant money there over 30 years and have nothing to show for it."

The Norwayne area needs to be addressed as whole, he said, adding that he has some ideas about how to accomplish that.

"We've got to address it (vacant homes). For years, Dearborn, if the house deteriorated, they demolish it and build a new house. We should be able to do that," he said. "It won't happen overnight but we can address it. Maybe we should start in Norwayne for the people who are taking care their places and get stuck next door to a vacant place."

Regarding commercial property, Mehl said he was concerned about the large number of empty buildings.

"Mayor (William) Wild said that 105 businesses had opened in the past year. If they did, I don't know where at. Some are already closed," Mehl said. "There are over 115 vacant stores and (strip)

malls that I counted. Overall, Westland has become a very diverse community and done pretty well financially but that can't stay."

If the Downtown Development Authority plans work, Mehl said the city could be better off financially.

"I don't see that happening. I don't know why but they just are not pushing the Ford Road corridor enough," he said.

"The bad planning started when the city incorporated." Another concern for Mehl is Central City Park, closed nearly three years due to contamination and awaiting state approval of cleanup plans.

"Eventually that will be redone and open. Who will take care of it then? We don't have enough people to maintain what we have," he said. "Some people on council and the administration will wait until the last minute for something to happen. Why not tell the people what we're up against?"

# Seniors are particularly vulnerable to scams

I recently gave a talk at the West Bloomfield Public Library on scams that affect senior citizens. This is an important topic.

Seniors are not the only ones that become victims of scams, however, it seems that a disproportionate number of them are taken advantage of.

It is important to recognize that with all the changes that have occurred over the last decade in society, it is sometimes harder for seniors to adjust to the pace of change. After all, when most seniors were working on their careers, they didn't have to deal with technology the way workers do today. If you talked about identity theft 15 or 20 years ago, no one would have even known what you were talking about. Today, it's one of the fastest growing crimes in America.

Scams can be divided into two areas. The first is when someone is illegally

Money Matters

Rick Bloom

example of this is long-term care insurance.

Although the product is legal, too many salespeople use aggressive sales tactics and misrepresentations in order to get the sale. Not every senior needs long-term care and even if there is a need, there are ways to purchase it in a cost-effective manner. If a salesperson uses aggressive sale tactics, it is time to walk away.

Another issue I discussed at the seminar was how

separating you from your hard-earned money (Bernie Madoff is a perfect example of this). The other that affects seniors is the overselling and the misrepresenting of products. A perfect

life insurance is oversold. What I have seen occur, with seniors in particular, is selling life insurance to cover the cost of burial. I recently saw one ad that was recommending \$50,000 as a form of burial insurance. I don't know about you, but I certainly would not want to spend \$50,000 on a funeral. The bottom line is that insurance policies for burial are oversold.

When it comes to seniors, the greatest scams are in the investment category. Once again, the majority of them are sold by so-called investment advisers, overselling and misrepresenting their products. One of the most oversold products, and one that has seen numerous cases of misrepresentation, is variable annuities. I recommend that most investors avoid variable annuities. They are a legal product and in limited situations make sense.

However, when a financial adviser recommends putting new money into a variable annuity, proceed with extreme caution. These products are stuffed with high fees and are notoriously anti-investor.

Other forms of annuities are also used to take advantage of seniors. Although I like many fixed and equity-indexed annuities, there are many that take advantage of investors. Some fixed and equity-indexed annuities lock up money for 15-20 years with harsh penalties if you terminate before that time period. If you're going into a fixed or equity-indexed annuity, I recommend committing to a five- to seven-year maximum.

Another area I believe seniors are more susceptible to scams than other is taxes. My experience has been that if you want to fool a senior, tell them you have an invest-

ment that will lower his/her taxes. Because the scam artist is aware that seniors are overly focused on taxes, they develop many products that they claim are tax-efficient.

The issue is not taxes, but rather what ends up in your pocket. Just because you lower taxes doesn't mean you have more money in your pocket. If someone approaches you with an investment product and the main selling point is it will save on taxes, look elsewhere.

In our ever-changing world, it gets more and more difficult to protect ourselves from scams. The Internet has opened a whole new opportunity for scam artists. It would be nice if the government had the resources to protect us, but it does not. The reality is that seniors have to rely on themselves.

The way to do so is to always check things out independently. If you cannot

check something out independently, do not be afraid to walk away. If you're buying a product such as a long-term care policy, always get competitive bids from a number of different companies.

Never invest in anything that you don't understand. One thing investors should have learned over the last year is that there is something nice about keeping things simple. When investors get involved in exotic investments they don't understand, they increase the risk of being taken advantage of. To minimize risk and better protect yourself, don't be afraid to keep things simple. Good luck!

## Pioneer Day brings Michigan's past alive

The Nankin Mills Interpretive Center in Westland was a buzz with activity Saturday as Wayne County Parks and Friends of Nankin Mills presented their annual 2009 Family Pioneer Day.

Pioneer Day has been a parks tradition for more than 10 years and is an outdoor event designed to promote Michigan's cultural history during the 1800s. Held at the historic mill, there were activities, games, and crafts to take youngsters and adults back in time.

There were period trade demonstrations, such as blacksmithing, wool spinning, leather crafting, basket, barrel and broom making, pewter casting and weaving as well as music by an old-time string band Picks and Sticks.

Holly Sanchez got the chance to hold a young pig at the petting farm during the Nankin Mills Pioneer Day.

Owen Creteac hammers a piece of hot metal into shape in a demonstration of blacksmithing.

Youngsters also were treated to train rides and a petting farm. An Erie Canal boat captain storyteller also told tales of Michigan's once bustling lumber and fur trades. Families also got to try their hand at such games as hoop and stick races, the game of graces and tug of war

Got Game?  
Yep, got scores, too.

## OUR VIEWS

### Let voice be heard: Register to vote

The November general election is a little more than a month away, and for the residents of Westland, this year's city election is an important one.

Eight candidates are vying for four seats that will be filled in the election, three of which were filled by Cheryl Graunstadt, Charles Pickering and Robert Stottlemeyer who have decided not to seek re-election. Who will win those seats will depend on voters and what they want for the city going forward. No matter how the election turns out, the makeup of the council will change dramatically come Jan. 1.

If residents want to be a part of the decision-making process, they have to be registered to vote. That's why we're offering this heads-up: The deadline for registering for the November election is Monday, Oct. 5.

**Voting is one of the most cherished and fundamental rights in our country. It's guaranteed by the 15th amendment to the U.S. Constitution and for women, by the 19th amendment. Whether you're 18 or 80 and capable of voting, make an effort to vote in the November election.**

There's no excuse for not registering. You can do it at City Clerk Eileen DeHart's office in Westland City Hall, at the county clerk's office or by visiting any Michigan Secretary of State branch office where you can get a license plate or driver's license and register to vote at the same time. You can even use your computer to download a voter registration form on the Michigan Secretary of State Web site at [www.michigan.gov/sos](http://www.michigan.gov/sos).

Voting is one of the most cherished and fundamental rights in our country. It's guaranteed by the 15th amendment to the U.S. Constitution and for women, by the 19th amendment. Whether you're 18 or 80 and capable of voting, make an effort to vote in the November election. If you can't go to the polls, register to vote by absentee ballot.

Millions of people registered to vote to make a difference at the national level in the 2008 Presidential Election. Now's your chance to make a difference at the city level by voting on Nov. 3. If you're registered to vote, we urge you to be a part of the process. If you aren't registered, we urge you to do it now. You can get more information by calling the clerk's office at (734) 467-3187 or by sending an e-mail to [clerkofc@cityofwestland.com](mailto:clerkofc@cityofwestland.com), or better yet, stop by City Hall. It's on Ford Road west of Wayne Road.

Many times people voice the complaint that they have no say in government. They do have a voice and the way to be heard is by voting. Nothing would make DeHart happier than to report that 100 percent of the city's registered voters went to the polls on election day.

We plan to vote on Nov. 3. How about you?

### • What people need to know

Council meetings are "business meetings" - NOT "public forums." They shouldn't allow any comments at all - unless they are specifically on the agenda that night. That would take care of all the BS, questions on what can/cannot be said, and wanna-be movie stars.

The audience at this forum needs to know that Council members can not cut taxes or offer tax incentives. Tax incentives can only come from the county or state governments. The only taxes the city can adjust are the pension funds and water rates. By the way, 80 percent of all residents received a tax cut last year and will get another this year because of declining property values. Just look at your last 2 bills.

### Concerned about America

America, what does it mean to you? Do you respect it or do you tear it's name down daily? Do you cherish the freedoms it has given to you or are you ungrateful? Do you care about it or are you too self absorbed to make a difference? Do you worry about the way it's falling or are you ignoring the issues in the country around you?

Well, I'm not willing to sit around and let my country crumble. So it may not make much of a difference to many but, if it makes a difference to one person, I'll have accomplished something. So here's my concerns for our country as a 16-year-old proud American.

**America**  
*Our country's morals,  
Are falling apart.  
True patriotism has fallen,  
From many hearts.  
We used to salute,  
And respect the flag.  
Yet now some treat it,  
As a useless rag.  
"The Star Spangled Banner,"  
Is our country's song.  
If asked to sing it,  
It's often sung wrong.  
Sadly people buy,  
Foreign products every day.  
True devotions to our country,  
Is quickly drifting away.  
Our once strong government,  
Is starting to be corrupt.  
We need to fix this,  
And do so abrupt.  
American families,  
Are filled with doubt.  
They have forgotten,  
What America's about.  
How can our great country,  
Be falling so far?  
Have our citizens forgotten,  
What convictions are?*

### Protect America's Arctic

America's Arctic Ocean is home to abundant life - polar bears, walrus, ice seals, whales, the Inuit people and much more. It is a treasure that has been part of our national heritage for generations.

Secretary of the Interior Ken Salazar has pledged to make wise decisions based on sound scientific principles. Along with hundreds of thousands of Americans, I recently urged Secretary Salazar to reconsider the Bush administration's foolhardy rush to drill in our only Arctic ecosystems.

Secretary Salazar must continue his commitment to wise decisions based on sound science and come up with a rigorous plan for America's Arctic that will ensure its survival.

### Speak up for animals

Finally, animals have a political voice in Michigan. Humane Voters of Michigan (HVM), a nonprofit organization formed as a political action committee, works to support pending humane legislation in Michigan and supports humane candidates for public office.

To be effective, HVM has to have a large voter base who are willing to vote for good candidates and write their representatives about pending legislation. HVM will publish a scorecard every year on candidates' voting records on animal issues.

HVM encourages Michiganians to write to their senators and representatives to support a bill to stop cruel gas chambers as a way of euthanizing shelter animals (HB 4263), support a bill to end the practice of selling shelter animals to testing labs (HB 4663), support a bill to allow animals on factory farms enough room to turn around in their cages (HB 5127), and oppose a bill to allow factory farms to police themselves (HB 5128/SB 654).

### Is McCotter afraid?

Rep. Thaddeus McCotter has been busy this summer. According to his official Web site, he gave not less than 29 media interviews during July and August, primarily to right-wing media outlets. He was so busy "preaching to the choir," he just never found the time to hold a single town hall meeting - not one - for the people in his district. Apparently he would much rather talk to people who are not his constituents, instead of the people he was elected to represent.

It's no wonder, though. As chairman of the House Republican Policy Committee, McCotter holds the fourth-highest leadership position in the House GOP minority. He's been working his way up the party ladder for years now. He won't let a little thing like "listening to his constituents" get in the way of his ambition, even when he claims "I Work For You" on every letter he sends (on the taxpayer's dime) to the people of his district.

McCotter is not working for you or me when he refuses to hold an open, unscreened, unscripted discussion of any kind for the people of his district. His so-called "telephone town halls" just don't fit the bill. Even John Dingell had the courage to meet face to face with the angry, vocal minority in an open forum. Not McCotter; he'd rather listen to the voice-mail messages of a handpicked selection of voters. What is he afraid of?

McCotter denied you the chance to speak to him in an open forum. Remember this in 2010. We need a representative in Congress who won't "phone in" his obligations to the people he represents.

## Experience matters; time to repeal term limits

Voters make mistakes, and I am not talking about previous or current occupants of the State House or the White House. I am speaking of the term limits for state legislators that were approved in 1992.

Tom Watkins

Michigan voters passed term limits initiative by a whopping 59-percent margin. It was a mistake then. If you don't believe me, take a look at what passes as leadership in Lansing today. Depressing, isn't it?

The 1976 movie "Network" captured the feeling of state voters in 1992: "I'm as mad as hell, and I'm not going to take this any more!" As often when people lose their tempers, we made a huge mistake.

Michigan term limits put a

cap of three two-year terms for the state House and two four-year terms for the state Senate. After that, the term-limited legislator is barred for life from holding legislative office.

Michigan citizens got mad at politicians that many felt were self-dealing, partisan hacks, entrenched and looking after the "special interests," not the people's interests. But when Michigan threw out the experienced legislators, we got in return an inexperienced Legislature.

Like most quick and easy fixes, term limits have produced unintended consequences:

- Government is complex. We now have novices attempting to address complex and tough political issues on tax, education and correction policy.

- There is a loss of institutional knowledge to understand the art of the possible

and personal relationships and trust between members of your own party; let alone the other side of the political aisle to compromise for the collective good.

- The permanent government has become the bureaucracy and lobbyist that do not answer to the voters.

It takes courage to admit when you have made a mistake and to set into motion actions to correct your error. From time to time, there are calls for and even some initiative to modify, if not repeal, the term limit law. But even if Michiganians want to allow more time for legislators to serve in the Legislature, it will require another constitutional amendment.

As the current crop of legislators wrestle with the budget that in nearly \$3 billion out of whack, and constitutionally must produce a balanced budget by no later than Oct.

1, or risk shutting government down, we will once again have a front row seat to what this mistake, called term-limits helped produced.

So, here is the deal: If you are not convince that term limits have not produced the desired results, pay attention to how the governor and Legislature resolve their constitutional responsibility to balance the state budget.

If you like the outcome, I say we stick with term limits. If you dislike the results, it is time we admit our collective mistake and try to repeal term limits in the state Constitution. We need to help repair the damage that inexperience has wrought on our great state.

# Get into art at new Plymouth studio

BY WENDY VON BUSKIRK  
CONTRIBUTING WRITER

When it comes to art, kids who are "into it" are finding a new outlet in downtown Plymouth.

Intuit Art Studios, which opened on Wing Street last month, offers private and group art classes in different mediums for kids and adults.

Owner Katra Stubblefield, 29, was inspired to open her shop to share her holistic approach to teaching.

"There is a wonderful pleasure I receive from watching my students glow with pride as they learn more not just about art techniques, but about themselves," she said.

Intuit Art Studio is stocked with all kinds of materials, from paints, pastels and wax to pencils, ink and clay.

Stubblefield refuses to pick a favorite.

"I literally love it all," she said. "I enjoy welding, I enjoy doing sculpture. I work in all mediums — painting, jewelry, drawing. I can't pick that's why I don't pick," she said.

Most of her art classes are mixed medium, and tie in a theme. In A Lovely Mess, moms and tots drop in to play with all the materials in the studio for an hour together. In the popular Anime Club, students learn to illustrate in the Anime and Manga cartoon style.

In Art Inventions, kids visualize an invention, write about it, then bring it to life through canvas or clay. It's an example of how Stubblefield aims to teach more than art.

"A large part of what I teach is synchronicity," she said. "I believe teaching art while teaching history and science for example, is imperative for young minds to grasp just how connected the world is. For example, if we're learning how to draw the eye I teach them how the eye sees and how it works so they can draw it better."

Her method of instruction works particularly well in a unique Home School Art Class she teaches for children ages 5-12 on Wednesday mornings.

"In this class there is even more of an emphasis on other topics such as archeology or weather and how they fuse together with art projects," she explained.

### GROWING UP WITH ART

Stubblefield grew up outside of Montpelier, Vermont. At age 16, she moved with her family to downtown Plymouth so her father could expand his business as a Japanese Landscape Garden Designer.

"I grew up surrounded by art. As a child my parents always put a special emphasis on the importance of art and how it ties in to the rest of life," she said.

After graduating from Plymouth High School in 1998, Stubblefield studied Fine Art at

Eastern Michigan University. She has exhibited work at galleries in Plymouth and Northville, and does paintings and murals on commission. She also taught classes for five years at Awakening the Artist Within in Northville, where she had a large following.

"Adults would come and they would bring desserts and wine and cheese and whatever," she said. "It was relaxation while they were learning art."

As the economy picks up, Stubblefield said she hopes to see more adults enroll at her new studio, but so far children and teen art classes are most popular.

Meredith Yancy, 14, of Plymouth, has taken several classes with "Miss Katra." Currently she's in the Friday night Anime Club.

"My favorite thing to do is marker pieces. In the beginning I wasn't very good at them and I look back and see how I've gotten better," Yancy said, adding that Stubblefield is honest with her criticism.

"She's really nice about it though," she said. "If there's something wrong she shows you how

### FILLING THE GAP

Stubblefield said the demand for classes at private studios is growing as more schools cut back on art classes.

"High schools, middle school and even elementary schools are dropping off art," she said. "I hear parents say they might have the art teacher come in with their art cart, or do a crafty project once a week. It's ridiculous. Art is fundamental to human nature. It's a way that people can express everything they see. It kind of unifies everything else a kid learns."

Katra Stubblefield recently opened Intuit Art Studios, on Wing Street in Plymouth to teach art to children and adults. Here she is with some of her students.

This part of the Haunted Hallow is called the Hillbilly House and it's a lot scarier on a dark night.

## Spook-tacular

VFW post's Haunted Halls has plenty to scream about

BY LEANNE ROGERS  
OBSERVER STAFF WRITER

Mike Rokita estimates it takes 30-45 minutes to go through the Haunted Halls.

"It depends on how fast they run," said Rokita, commander of VFW Post No. 9885 which is sponsoring the fifth annual haunted house beginning Friday.

Spread out over a wooded 5 acres, the Haunted Halls starts with a hayride through what the Haunted Halls crew refers to as the Hillbilly House, a much scarier pumpkin patch than the one in which Linus awaited the Great Pumpkin and new this year, an old barn.

"There are monsters that ride around — no one gets off the

All kinds of ghosts, goblins and monsters are featured at the Haunted Halls, sponsored by VFW Post 9885, which is open weekends through Nov. 1. Enter if you dare.

wagon," Rokita said.

The wagon ride goes about halfway into the woods, then the trip continues on foot through various spooky attractions, such as the cemetery, the enchanted forest, a mine shaft and funeral parlor. Look out for werewolves and other monsters, even Michael Myers from the *Halloween* movies. There is also a circus with creepy clowns and a corn maze. Pretty scary stuff.

"I've had five-year-olds come through — it all depends on

the kid. I will not let a kid go through if they are crying," Rokita said. "There are no refunds once they start. If they get too scared, we will escort them out safely."

The faint of hearts and other visitors can get some refreshment at the Killer Cafe concession stand and sit around a bonfire.

"A lot of people will stay so they can see the expression on other people's faces as they come out," Rokita said. "It just gets bigger each year. Each area has

different sounds. It's really scary at night. I think people get their money's worth."

The Haunted Halls is a big event for the VFW Post, located on Hix between Warren and Ford in Westland. Proceeds from the event benefit veterans charities.

"There are 10 of us here daily working on it from mid-July until we open. We're all volunteers," Rokita said. "We need a minimum 42 volunteers working each night but 60 people

is nice. Some of the guys, their wives and girlfriends will help out. Sometimes we even have some kids."

The Haunted Halls is open dusk to midnight Fridays and Saturdays through Oct. 31 and dusk to 10 p.m. Sundays through Nov. 1, weather permitting. The cost is \$15 per person with group rates available in advance. Call (734) 536-3651 for more information.

## Williams helps put CMU on college grid map

ROBERT BARCLAY | CMU

Sam Williams is a key player for the CMU football squad this season.

BY BRAD EMONS  
OBSERVER STAFF WRITER

After starting 23 straight games for the Central Michigan University football team, Sam Williams was forced to play spectator Sept. 19 against visiting Alcorn State.

That's because the 6-foot-3, 241-pound senior defensive end from Westland John Glenn High suffered a lower body injury late in the game during the Chippewas' last-second 29-27 win the previous week at Michigan State.

As it turned out, Williams wasn't needed as the Chippewas rolled past Alcorn State, 41-0.

But after sitting out, Williams felt a huge void.

"It was awful not to be able to do any-

thing and not be a part of the game," Williams said. "It was tough to watch my teammates go to battle without me. But maybe it was good because it helped me refocus and rekindle my love for the game."

Williams played sparingly in last week's 46-21 Mid-American Conference win over Akron, but he has declared himself fit and ready to go this Saturday in another test on the road, this time against defending MAC champion Buffalo.

Williams, who has six solo tackles and two assists this season, is one of the unsung players on a CMU team that is off to a 3-1 start.

When quizzed if knocking off Michigan State was his greatest moment in college football, Williams took the upset victory in stride.

"It was jubilation to celebrate with my

teammates for sure, but we expected to win," Williams said. "When you play hard, you expect to win. It's a product of the hard work you put in."

"I'd have to say number one still is the two MAC titles I've been a part of."

In 2008, Williams started 10 games and ranked second on the team in both tackles for loss and sacks. He made a career-high six tackles against Eastern Illinois, and registered five tackles, including 2.5 sacks, against Buffalo.

Williams also had his first career interception that led to a touchdown against Northern Illinois before posting a pair of sacks and forcing a fumble in the 24-21 Motor City Bowl loss to Florida Atlantic at Detroit's Ford Field.

## Chargers runners-up at Bedford

Livonia Churchill turned in a productive performance during Saturday's Temperance Bedford Invitational.

The Chargers posted six wins, including victories over pair of state-ranked opponents, before losing to the host Kicking Mules in the championship match, 25-10, 25-22.

**PREP VOLLEYBALL** Churchill (28-4 overall) reached the finals with elimination-round wins over Canton (25-22, 25-16) and Lapeer East (25-10, 25-22).

In power pool play, Churchill defeated state-ranked Bedford (27-26, 25-23) and Carleton-Airport (25-23, 23-25, 15-12). The Chargers also defeated Mason (25-12, 25-18) and Farmington (25-21, 25-23).

## MU women's golfers make history

The Madonna University women's golf team made program history by winning its first-ever Wolverine-Hoosier Athletic Conference championship and a bid to the NAIA National Championships in May 2010 in Rapid City, S.D.

The Crusaders led wire-to-wire in the WHAC Jamboree, finishing 26 shots ahead of Indiana Tech in the overall race for the crown.

MU placed runner-up to Aquinas College in the final WHAC Jamboree of the season, which started Monday at Canton's Pheasant Run Golf Course and finished Tuesday at Walnut Creek Country Club in South Lyon.

Aquinas placed first with a two-day total of 368-349-717 to MU's 370-359-729. Rounding out the WHAC field was Indiana Tech (730), Davenport (757), Cornerstone (831), Concordia (874) and Siena Heights (did not finish).

Junior Sara Simnitch (Swartz Creek) led the way for MU by finishing fourth with 86-81-167, followed by sophomore Chelsea Bathurst (Livonia Stevenson), tied for 10th (94-90-184); freshman Michelle Hall (Flushing), tied for 12th (94-91-185); Caitlin Steele (Livonia/Dearborn Divine Child), tied for 15th (96-97-193); and Mariel Meyers (Livonia Franklin), 24th (104-101-205).

## Men's team rules Jamboree

In WHAC Jamboree No. 5 held at Canton's Pheasant Run Golf Course, the Madonna University men tied Cornerstone for first with identical four-player totals of 318.

Rounding out the field was Davenport and Indiana Tech, 324 each; Aquinas, 329; Concordia and Siena Heights, 357 each.

Andy Myers (Westland

John Glenn), a freshman from Siena Heights, was individual medalist with 3-over 75.

MU finishers included James Uelmen, tied for second (77); Brett Quitiquit, tied for fourth (78); Kyle Lawrey, tied for 12th (81); Steve South (Livonia Franklin), tied for 15th (81); Tommy Lucko (Livonia Churchill), tied for 24th (86); and Nick Sears, tied for 27th (87).

Last weekend, MU tied for third in the 12-team Bethel College Pilot Invitational at Blackthorn Golf Club in South Bend, Ind.

Marian (Ind.) took first with a two-day total of 296-290-586, followed by Huntington (Ind.), 304-295-599; Ohio Dominican, 305-299-604; and Madonna, 304-300-604.

Lucko led the way in second with 76-68-144 followed by Uelmen, tied for 15th (71-81-152); Sears, tied for 24th (78-77-155); South, tied for 28th (80-76-156); and Austin Stillman (Livonia Franklin), tied for 39th (79-79-158).

Marian's Trey Pfund was individual medalist with 73-69-142.

## Dushkaj's hat trick lifts Clarenceville

Ardit Dushkaj recorded his second hat trick within a week and added an assist Tuesday to propel Livonia Clarenceville to a 4-1 Metro Conference boys soccer victory over host Hamtramck.

The visiting Trojans also got a goal from freshman Ian Bunker, his first in a Clarenceville uniform, and an assist from Jimmy Moody.

Mike Schiffman performed solidly between the pipes to as Clarenceville improves to 7-3-1 overall and 2-1 in the Metro.

**PLY. CHRISTIAN 3, LUTH. WESTLAND 1:** On Tuesday, a pair of goals in the first half and one more in the second by visiting Plymouth Christian (4-5-1, 2-5-1) proved too much for Lutheran Westland (4-5-3, 2-5-2) to overcome in a Michigan Independent Athletic Conference Blue Division matchup.

Despite outshooting the Eagles 23-11, Gage Flanery netted Lutheran Westland's only goal in the second half with an assist from Trevor Sultana.

"We had our opportunities, but we just couldn't find the back of the net," Lutheran Westland coach Rich Block said. "Even so, I was pleased with the way my boys played. We're playing with more cohesion and communication on the field and displaying a better attitude overall. If we continue to play like that, and be able to finish better, I like our chances later in the (state) tournament."

**LUTH. WESTLAND 1, SUMMIT 1:** In a non-conference match Monday, host Lutheran High Westland (4-4-3) and Romulus Summit Academy (11-3-2) battled to a draw.

The Warriors' Gage Flanery scored in the first half off an assist from Kent Krzyske, but Summit answered with a goal early in the second half.

Goalkeeper Nick Andrzejewski played solidly between the pipes for the Warriors.

## SIDELINES

Rachel Storck was flying high Tuesday, recording 15 kills, three blocks and seven digs as Lutheran High Westland earned a 25-10, 25-17, 16-25, 25-18 Michigan Independent Athletic Conference girls volleyball triumph over host Rochester Hills Lutheran Northwest.

Emilie Freeman added 11 kills, two blocks, two assists and one ace serve, while Emily Wilson finished with seven kills and six digs.

Bloomfield Hills Kingswood-Cranbrook.

After dropping the first two games, 29-31, 10-25, Clarenceville rebounded to win the final three games - 25-11, 27-25, 15-8 - and the match.

"It was crazy," said Clarenceville coach Wendy Mershman, whose club stands 8-7-4 now and 1-0 in the Metro. "It was like I had my team for one game, then lost it for the next."

Kat Hall turned in another solid all-around performance by recording nine kills, four blocks and eight digs for the Trojans.

Brittany Tallman contributed eight kills, five digs and two blocks, while Paige Davis had five kills.

Setter Ashley Welch handed out 25 assists, while Megan McLaughlin and Teresa Parent each collected six digs.

# WILLIAMS

FROM PAGE B1

Helping CMU to three consecutive seasons of eight or more wins, Williams has taken a different role as a fifth-year senior.

"This year I've had to become more of a leader," he said. "And with the senior guys we had coming back, I was expected to lead. It's something you have to work at, and I embraced it."

Williams was recruited by Brian Kelly (now at Cincinnati) and was red-shirted his freshman year out of John Glenn.

Williams made five starts as a tight end in 2006, when he played in all 14 games, catching 10 passes for 120 yards.

Following the 2006 season, Williams moved to the other side of the ball to the defensive end spot, where he immediately made his presence known. He had a total of 19 tackles, including a career-high four, along with a sack, in a last-second Motor City Bowl loss to Purdue.

"They needed guys on defense, an athletic person who could be good at the position," Williams said. "That's what was needed at the time. Coach (Butch) Jones asked me if I'd like to play defense and I said, 'Of course.' I knew if I could help the team win, I was all for it. I tried it and it worked out well. I just had to become more aggressive

and it was a matter of getting acclimated to the calls and the schemes. I caught on quickly because I came in as a safety."

Williams strives weekly to become the best player he can be under Jones, a former assistant at West Virginia now in his third season at CMU.

"Coach Jones cares about the team and he loves the game of football," Williams said. "And he has the passion for coaching."

"Last year I came on after the Buffalo game. He wants me to be more consistent, not just play one great game and leave it at that. He wants me to be a complete player."

Although the Chippewas lost their season opener 19-6 at Arizona, Williams believes this CMU squad can reclaim the MAC title.

"What separates this team is the we've come together extremely well," Williams said. "There's a special feel and we've played a lot of football. Even though there are some younger players, the team knows how to win."

Williams plans to graduate from CMU in May of 2010 with a major in sports management and a minor in business.

"Lord willing, I'd like to play more football, but if not, I may move to the Washington, D.C., area," he said. "I have some relatives there in the real estate business. That's a long ways away. I'll just travel the road life takes me."

Double-doubles from Liz Dempsey and Mary McGinnis carried the ninth-ranked Madonna University women's volleyball team to a 3-0 sweep Tuesday night over host Aquinas College in a match held at Grand Rapids Forest Hills Northern High School.

Dempsey, a junior from Livonia Franklin, had 11 kills and 11 digs, while McGinnis, a senior from Fraser, added 11 kills and 10 digs as the Crusaders improved to 18-1 overall and 6-0 in the WHAC with the 25-15, 25-22, 26-24 triumph.

Katie Czarnecki and Karie Altman chipped in with 10 and nine kills, respectively. Senior setter Inta Grinvalds

On Tuesday, the Schoolcraft College women's fell to 18-9 overall and 6-2 in the MCCA's Eastern Conference after visiting Macomb CC came away with a 25-20, 24-26, 25-21, 25-23 win.

Ranked 19th in the latest NJCAA Division II poll, Macomb is 19-4 overall and 4-1 in the conference.

Last weekend, Schoolcraft posted a 3-3 record at the

Kamina Allen Memorial Tournament held in Batavia, N.Y.

Coach Rich Lamb's squad defeated Mott CC, 25-7, 25-19, 25-20, before suffering consecutive setbacks to Columbus State (Ohio), 12-25, 13-25, 13-25, the No. 1-ranked team in NJCAA Division II, and St. Clair County CC, 25-17, 18-25, 23-25, 23-25.

The Ocelots bounced back to defeat host Genesee (N.Y.), 25-21, 25-19, 25-22 and Howard (Md.), 25-20, 25-9, before winding up on the short end against Hagerstown (Md.), 25-17, 13-25, 10-15.

"Overall, I thought we played pretty well," Lamb said. "With the exception of

the Columbus State match, we were in every game. We had Hagerstown (ranked No. 11 NJCAA Division II) on the ropes for a bit. The level of competition at this tournament was better than at last week's."

Sophomore Jennifer Brunink record 44 kills over the two days to lead the Lady Ocelots' offensive attack.

Sophomore Emily Bronkema followed with 40 kills and eight total blocks, while freshmen Jasmine Calhoun and Kayla Creech chipped in 30 apiece.

Sophomore Brittany Denter turned in an outstanding effort totaling 131 assists and 39 digs.

## John Glenn swimmers dunk rival Wayne, 108-75

Swim rivals Westland John Glenn and Wayne Memorial took the pool Tuesday night with the host Rockets making the most waves, 108-75, in a KLAAS South Division dual meet.

The Rockets captured seven of nine individual races and two of three relay events.

"We got a chance to swim our swimmers around in events they have not swam in our first two meets and it resulted in a lot of personal best times," Glenn co-coach Randy Ferguson said.

Glenn was led by Rachael Alholinna, who captured the 200-yard individual medley (2:35.16) and 100 butterfly (1:10.65). She also teamed up with Kate Moran, Casey Peterson and Kali Aloisi to win the 200 medley relay (2:11.57).

Glenn's Desiree Clenney also led a one-two-three sweep in 1-meter diving with a point total of 222.10.

Other Glenn individual winners including Jennie Humbach, 200 freestyle (2:19.84); Peterson, 50 freestyle (27.19); Moran, 500 freestyle (6:33.94); and Khiry Sparks, 100 breaststroke (1:15.01).

The Rockets' other win came in the 200 freestyle relay as Humbach, Peterson, Katlyn Smith and Kim Nolasco were clocked in 1:56.32.

Wayne, which slipped to 3-4 overall, got individual firsts from Emily Luke in the 100 freestyle (1:06.66) and Tawni Kenyon in the 100 backstroke (1:12.19).

The Zebras' 400 freestyle relay team of Luke, Kenyon, Amber Frost and Kaycee Coffman also emerged victoriously (4:38.01).

Westland John Glenn's Rachael Alholinna figured in three first-places, including the 200-yard individual medley, during Tuesday's dual meet victory over rival Wayne Memorial.

Wayne Memorial's Kaycee Coffman finished runner-up in the 200-yard freestyle during Tuesday's KLAAS South Division dual meet with Westland John Glenn.

Chargers continue winning ways

Max Washko and Stephen Foster scored two goals and added one assists as the state's No. 2-ranked team in Division 1, Livonia Churchill, rolled to a 6-0 victory at home over Livonia Franklin.

Churchill, now 12-0-1 overall and 6-0-1 in the KLAAS South Division, also got goals from Ian Guerin and Tim Devine.

Adam Bedell chipped in with two assists, while goalkeepers Bryan Bartig and Christian Adams combined for the shutout.

"I thought overall we played well, I'm happy," said Churchill coach Reid Friedrichs, whose team led 3-0 at halftime. "We did not finish for awhile. We missed five or six open break-aways, but we finally figured it out."

Franklin, which slipped to 2-9 overall and 1-6 in the KLAAS South, got a sterling outing in goal from sophomore Ryan Tikey (13 saves).

KLAAS SOCCER

"The little things cost us big," Franklin coach Vic Rodopoulos said. "At the started of the game we did not mark tightly man-to-man. They (Churchill) served some great through-balls and they're good on restarts."

NORTHVILLE 2, STEVENSON 0: First-half goals by Fatai Alashe and Doug Beason powered the Mustangs (7-4-3, 5-1-1) to a KLAAS Central Division victory Tuesday at Livonia Stevenson (3-6-3, 1-4-2).

"We improved our play the second half, but the first half they (Northville) were the more aggressive team," Stevenson coach Lars Richters said. "We had some chances, but couldn't put it together. The game was decided in the first half."

CONNER BURTON WENT ALL THE WAY IN GOAL FOR THE SPARTANS. CANTON 4, JOHN GLENN 0: In a KLAAS South Division match Tuesday, host Westland John Glenn (4-7, 3-4) played a man short for almost 80 minutes in a loss to the second-place Chiefs (8-5-2, 6-1), who got goals

from Sean Krolicki, Yusef Bazy, Garrett Derian-Toth and Mitch Posuniak.

The Rockets were red-carded early in the first half and trailed by only a goal at halftime before Canton put it away with three second-half goals.

"I'm very proud of my boys, we showed them the way we can play and we played them hard," Glenn coach Jimmy Mortada said. "They (Canton) scored with 20 seconds left in the first half. The second half we got too tired."

Senior goalkeeper Zach Redden and junior outside-midfielder Troy McGuigan stood out in the setback for the Rockets.

Kai Walther and Brandon Laabs combined on the shutout for Canton.

PLYMOUTH 5, WAYNE 0: On Tuesday, the host Wildcats (7-5-1) made a 3-0 halftime lead stand up in a KLAAS South Division triumph over Wayne Memorial (0-11, 0-7).

Wayne was led by goalkeeper Alex Schwarzenberger along with field players Kevin Diehl and Doug Malcolm.

In a non-conference match Monday, visiting New Boston Huron kept Wayne Memorial winless in ten starts, 6-0.

Otieno sparks Madonna to first victory

It took Moses to lead the Madonna University men's soccer team finally to the promise land.

Moses Otieno, a freshman forward from Kenya, scored a goal and added an assist Saturday as the host Crusaders, the defending Wolverine-Hoosier Athletic Conference champions, earned their first victory of the season at the expense of Concordia University, 3-0, at Livonia's Greenmead Field.

Mark Pikula's unassisted goal, his first of the season, proved to be the game-winner in the 23rd minute for MU, stands 1-4-2 overall and 1-3-1 in the WHAC.

Concordia falls to 4-4-1 overall and 2-3 in the conference.

Eric Kiebert then scored his second of the year just 23 seconds into the second half off an assist from Otieno, who in turn completed the scoring in the 55th minute off a feed from Cayle Lackten.

COLLEGE SOCCER

Goalkeeper Steve Besk made two saves to earn the first shutout of the season for the Crusaders, who return to action Wednesday at Saginaw Valley State.

Ocelots earn split

The Schoolcraft College men's soccer team divided a pair of games in weekend action.

After 1-0 falling Friday to NJCAA Region 12 foe Cincinnati State, the Ocelots rebounded Saturday at home with a convincing 5-1 triumph over Ancilla (Ind.) College in a battle for first place in the Michigan Community College Athletic Association.

The Ocelots are now 5-1-1 overall and 3-0 in the conference.

Against Ancilla, Schoolcraft jumped out to a 2-0 halftime lead on Bim Ogunyemi's goal in the 10th minute from Dane Laird followed by Gavin Kelly's

third goal of the season in the 30th minute assisted by Andy Adlington.

In the 50th minute, Yaya Toure scored unassisted when he dribbled by five defenders. Andrew Koet scored in the 73rd minute from Adlington and Livonia Stevenson's Nate Sergison leaped high off a pin-point feed from James Cho to complete the scoring with five minutes left.

Schoolcraft goalkeeper Ian McDonald-Wilkins, who played the first 75 minutes before giving way to Adrian Motta (Livonia Churchill), yielded the lone goal to Ancilla's Yonas Araya.

The loss drops Ancilla to 5-4 overall and 3-1 in the conference.

In the loss to Cincinnati State (10-1-1), Schoolcraft outshot the Surge, 4-2, as McDonald-Wilkins went all the way in goal.

Defender Chris Long (Stevenson) and midfielder George Chomakov turned in strong efforts for the Ocelots.

Flu shots are \$25 this year, and pneumonia shots will be offered for \$35. Payment options include cash, check and credit card, as well Medicare and medical insurances. Pharmacists have

been trained and certified by the American Pharmacist Association to provide immunizations to customers.

# Churches welcome pets on St. Francis of Assisi feast day

BY SHARON DARGAY  
OGE STAFF WRITER

My dog, Hunter, is blessed — and he has a signed certificate to prove it.

Unity church minister, Rev. Dona Gilsdorf, gave us the document, describing him as a “precious creation of God’s unconditional love,” at her annual pet blessing last year. It was my first experience bringing a dog to church and Hunter’s first time in the annual outdoor service held the weekend closest to the feast of St. Francis of Assisi. The ceremony came complete with scripture readings, prayer, one-on-one blessings, a certificate, cross-shaped homemade dog biscuits, a pet food collection for shelter animals and a fellowship time that included a mashed potato-frosted meat cake for dogs.

The service celebrated the human-animal bond and confirmed what many pet owners already knew: That animals count in God’s eyes.

“Animals are so important to people,” agrees Tim Sullivan, deacon at Our Lady of Good Counsel Church in Plymouth. He’ll lead the parish’s pet blessing at 2 p.m., Sunday, Oct. 4, in the outdoor grotto at the church. “It helps people connect and keep in mind that God created everything. There’s nothing that’s throw away. Even if you go back to the book of Genesis it says he created the animals...the fish in the sea and saw it was good.”

Sullivan, who owns a dog and three cats, says that as a pet lover he has a special interest in leading the blessing. He’ll read from Genesis, the book of Psalms, and will offer a short homily before blessing each pet.

### VARIETY OF ANIMALS

“Some people have animals that are sick and they will bring them. And others, I think figure it can’t hurt.”

Sullivan said participants bring cats, gerbils, snakes and “you name it.”

“It’s interesting what people bring,”

he said. “It’s for any one who has a pet. You don’t have to belong here.”

Connie Hierta of Westland says the pet blessing at Episcopal Church of the Holy Spirit in Livonia often attracts passersby.

She’ll bring her cat, Lucy to the ceremony at 4 p.m., Sunday, Oct. 4. Refreshments, including hot dogs, potato chips and pop will follow.

“We all stand around in a circle and pastor (Rev. Barbara Cavin) leads the prayer and blesses each animal. I’d say last year we probably had 15 to 20 people. It’s a very sweet tradition.”

### ST. FRANCIS

Churches nationwide uphold the tradition on the feast of St. Francis of Assisi, Oct. 4. The patron saint of animals and founder of the Catholic Franciscan Order of Friars wrote “All praise to you, Oh Lord, for all these brother and sister creatures” in his Canticle of the Creatures, according to americancatholic.org.

The traditional Franciscan pet blessing also refers to the saint: “Blessed are you Lord God, maker of all living creatures. You called forth the fish in the sea, birds in the air and animals on the land. You inspired St. Francis to call all of them his brothers and sisters. We ask you to bless this pet. By the power of your love, enable it to live according to your plan. May we always praise you for all your beauty in creation. Blessed are you Lord our God in all your creatures.”

“I feel I am blessed in so many ways and one of my blessings is to have a sweet companion,” Hierta noted. I want her to be well. I think St. Francis was right and they (animals) are part of our lives.”

Holy Trinity Lutheran Church in Livonia incorporates the blessing into its 11 a.m. Sunday, Oct. 4 service.

The church’s contemporary worship ensemble will provide the music and the children’s choir will perform. The Rev. Linda Golden, senior pastor, will lead the blessing.

The Rev. Dona Gilsdorf, a Unity minister, blesses Hunter at an outdoor ceremony last year.

“Some people like to come and see the pets,” said Kathy Weinberg, administrative assistant. “We’ve had all kinds of pets including snakes. Pastor Golden is not fond of blessing the snakes but she does it. “Mostly it’s dogs and cats. I think we’ve had bunnies and an occasional hamster. It’s kind of fun to have animals here.”

A simply outdoor setting serves as a perfect backdrop for a pet blessing. Some churches also hold the ceremony in the sanctuary, often as a part of the regular Sunday service.

## Don't blink or you'll miss these films

They're only three minutes long, but the films shown Saturday, Oct. 3 at Farmington's Civic Theater will run the gamut from documentary to musicals and comedies.

Ruthann Christina, Farmington Hills, who created the MidWest 3-Minute Film Festival with the help of her husband, David Hande, says the experience will be "extremely interesting" for the audience.

Viewers will see 25 films during the event, which starts at 2 p.m., at the theater in downtown Farmington. A jury of local art and film industry professionals reviewed 60 submissions — which came from as far away as Russia and Australia — and picked the top films for the screening.

Cash awards will be given to the "Best Film," "Audience Choice," and first place films in each category.

"Our hope is that this is an annual event that not only celebrates filmmakers who are getting their start but becomes an event that allows people to be able to enjoy films that otherwise they wouldn't be able to see," Christina said.

Tickets are \$7 at the door.

# Concert to help keep jazz festival alive

BY LINDA ANN CHOMIN  
CONTRIBUTING WRITER

Bill Cairo plays it modest when talking about his career as a jazz drummer. The Livonia man prefers to let his resume speak for itself. He'd rather shine the spotlight on the rest of the members of the Tartarsauce Traditional Jazz Band. The six-member group with vocalist Judie Cochill take to the stage 3-5 p.m. Sunday, Oct. 11, at Schoolcraft College to raise funds for the Michigan Jazz Festival held annually on campus.

Drumming is in Cairo's blood. His father was a drummer and he's been playing since age 3. A graduate of Franklin High School in Livonia, Cairo studied at Berklee College of Music in Boston before becoming house drummer at Elmwood Casino in Windsor. Over the years he's performed with Dizzy Gillespie, Aretha Franklin, Jimmy Dorsey, and Billy Ray Cyrus, to name only a few. Pops concerts with the Detroit, Livonia and Rochester Symphony orchestras as well as stage productions at the Fox and Gem theatres and Music Hall Center for the Performing Arts round out his resume. He's not bragging when he says he's worked with every major act that comes into Detroit, but the credits don't stop there. He's done radio and television commercials in addition to teaching at Bill Cairo's Drum House in Redford for 35 years. He especially enjoys passing on his big band skills to high school students in drum clinics in the area.

Cairo is looking forward to playing traditional jazz music of the 20s, 30s and 40s at the Oct. 11 concert.

"People seem to enjoy it. It's just fun music. If it has a pulse we'll do it," said Cairo, a member of the Tartarsauce band 22 years, and the Johnny Trudell Orchestra for 30 years.

### BORN SINGING

Judie Cochill sang with her share of legends over the years as well. The Bloomfield Township vocalist started singing for \$5 on Saturdays at the USO in San Diego then went on to become a backup singer on the 1960s variety shows of Danny Kaye, Red Skelton and Dinah Shore as well as television specials and commercials. She's performed with nearly every jazz musician, dance and big band in the metropolitan Detroit area. Her honey-smooth voice has been heard on countless CDs including her *Let's Do It* recording from 2005 and the new Tartarsauce Traditional Jazz Band's tribute to Chet Bogan and his Wolverine Jass Band.

"My mother said I was born singing," said Cochill. "I was raised in the Catholic school system from third grade where I was the only alto in choir then went on to high school. Dad made sure I got to hear all kinds of music."

Jazz drummer Bill Cairo of the Tartarsauce Traditional Jazz Band.

Today Cochill continues to sing with bands around town and venues like the B'Jazz series in Birmingham. Like Cairo, music is in her blood. Two days a week she works as music secretary at Kirk in the Hills Presbyterian Church in Bloomfield Hills. For 27 years she was staff alto at Christ Church Cranbrook and currently sings with the choir at Cathedral Church of St. Paul (Episcopal) in downtown Detroit. She sings with Ron Kischuk's Masters of Music Big Band every July at the Michigan Jazz Festival.

"I'm in music all the time," said Cochill. "Music's flowing through me all the time."

### FISH AND NEW ORLEANS

Kischuk began leading Tartarsauce Traditional Jazz Band nearly 30 years ago. The trombonist formed the group with fellow Wayne State University students in the 1980s. They'd entered a competition and needed a name. At the time the schools teams were called Tartars. He says they

wanted to sound New Orleans-like and tie in to fish and seafood of the southern U.S. where jazz was born.

Through the years Kischuk's played with Johnny Mathis, Natalie Cole, Gladys Knight and recorded with The Four Tops, Grand Funk Railroad, and the Birmingham Bloomfield Symphony Orchestra. He's proud of the new CD which is available at the concert, [cdbaby.com](http://cdbaby.com), and Kischuk's Masters of Music Studio, a conservatory in Royal Oak.

On Oct. 11, the lineup includes Johnny Trudell on cornet; Gene Parker, clarinet; Marion Hayden, bass; Chuck Shermatara, piano; and Cairo, Cochill and Kischuk.

"It's classic traditional New Orleans with Judie singing Bessie Smith's *I've Been Waiting for Your Phone Call* for 18 years. She tells a story with the lyrics," said Kischuk, a former Bloomfield Hills resident now living in Detroit.

Kischuk's been playing the Michigan Jazz Festival since it started in 1995.

"It's probably the most successful local free jazz festival," said Kischuk. "Nobody really focuses on local artists like the Michigan Jazz Festival where the preference always goes to local artists. People are right on top of the stage. The musicians have interaction with them. There's no separation of artists and audience like most festivals. Midge Ellis (the Livonia resident who organizes the festival) is really the core to what goes on. Without her as a backbone you don't have a festival like this."

The Tartarsauce Traditional Jazz Band plays 3-5 p.m. Sunday, Oct. 11, at Schoolcraft College, 18600 Haggerty, between Six Mile and Seven Mile, Livonia. Tickets are \$15. Call Midge Ellis at (248) 474-2720.

# Bob Vila endorses and recommends the famous EdenPURE® portable heater

## Millions of Americans now saving up to 50% on their heating bills and raving about the "heavenly heat"

## Does not get hot, cannot start a fire and will not reduce humidity or oxygen

By John Whitehead, Media Services

The famous infrared portable heater, the EdenPURE®, which can cut your heating bills by up to 50%, has been greatly improved.

You have probably heard about the remarkable EdenPURE® from Bob Vila, America's Favorite Home Improvement Expert, who endorses and recommends the EdenPURE® and on television features across the nation.

The new EdenPURE® GEN3 heater heats better, faster, saves more on heating bills and runs almost silent.

The EdenPURE® saves you big money on your heating bill, but, you will be toasty warm. The heat it produces is unlike any past heating sources. It produces what customers call "heavenly heat".

The EdenPURE® can pay for itself in a matter of weeks and then start putting a great deal of extra money in your pocket after that.

A major cause of residential fires in the United States is portable heaters. But the EdenPURE® cannot cause a fire. That is because the advanced infrared heating element never gets to a temperature that can ignite anything.

The outside of the EdenPURE® only gets warm to the touch so that it will not burn children or pets.

The EdenPURE® will also keep you healthy. That is because, unlike other heating sources, it will not reduce humidity or oxygen in the room.

The advanced space-age EdenPURE® Infrared Portable Heater also heats the room evenly, wall-to-wall and floor-to-ceiling. And, as you know, most other portable heaters only heat an area a few feet around the heater.

Unlike other heating sources, the EdenPURE® cannot put poisonous carbon monoxide, any type of fumes or any type of harmful radiation into a room.

For more details on the amazing EdenPURE® GEN3 Quartz Infrared Portable Heater, here is my interview with Bob Vila, America's Favorite TV Home Improvement Expert.

**Q. What is the origin of this amazing heating element in the EdenPURE®?**

A. This advanced heating technology was discovered accidentally by a man named John Jones. Jones found that a stack of a certain type of copper stored by his coal furnace kept his whole house warm long after the coal fire went out.

Through a great deal of research and development he came up with safe quartz infrared lamps to heat treated copper. This and other technology produced the EdenPURE® infrared portable heater.

This infrared heating process was designed around the three most important consumer benefits: economy, comfort, and safety.

**Q. Why is it that this quartz infrared heating source uses less energy to create heat than other sources?**

A. Actually, there is more than one reason. One of the primary reasons is that heat at combustion level, which is

### Never be cold again

**Cannot start a fire; a child or animal can touch or sit on it without harm**

Pictured above is Bob Vila demonstrating the famous EdenPURE® GEN3 Model 1000 heater with a family. It saves big money on your heating bill while keeping you toasty warm with "heavenly heat".

what all other heat sources use, causes the heat to instantly rise to the ceiling. Therefore, the heat is not evenly distributed, causing a very inefficient and uncomfortable heat source.

The EdenPURE® GEN3 Quartz Infrared Portable Heater does not use burning heat. Once the cured copper heat exchanger absorbs the infrared heat, it exhales the heat into the living area which is carried by the existing humidity in the air. This causes the heat to travel rapidly and evenly throughout a room.

In actual studies, photos using infrared lighting demonstrated that the heat was almost perfectly even from floor-to-ceiling and wall-to-wall. The EdenPURE® Quartz Infrared efficiency is based on the distribution of energized air, not on just fan movement. This heat is coined as "soft heat" due to how comfortable it is. Customers call it "heavenly heat".

**Q. What are the other disadvantages of combustion heat sources?**

A. Heat sources that are above the burning level have many unhealthy side effects. One of these is that it creates dry, irritating indoor air. It also burns a great deal of oxygen in the air. If you remember, when you sit in front of a fireplace or a portable heater or close to a heat source, you will remember yawning. This is because you are not getting enough oxygen.

This dry irritating heat and lack of oxygen dries out sinuses and mucus in the throat, and makes people susceptible to disease. The lack of oxygen causes fatigue.

Also, many combustible heat sources produce carbon monoxide, static cling, and some produce radiation.

**Q. So you're saying that children or pets can come up to this unit and touch it and not be harmed?**

A. That is absolutely correct. As a matter of fact, pets are actually drawn to this heat because it is a natural source of heat, just like the sun heats the earth. Animals are much

more instinctive than humans. This heat not only heats the air, but it also heats the objects in the room. It is a perfectly balanced heat.

**Q. How can a person cut their heating bill by up to 50% with the EdenPURE®?**

A. The EdenPURE® will heat a room in minutes. Therefore, you can turn the heat down in your house to as low as 50 degrees, but the room you are occupying, which has the EdenPURE®, will be warm and comfortable. The EdenPURE® is portable. When you move to another room, it will quickly heat that room also. This can drastically cut heating bills, in some instances, by up to 50%. The infrared quartz-cured copper heating technology also produces heat for 30% less cost than conventional services.

The EdenPURE® heater is now greatly improved. With no increase in price, the new EdenPURE® has been updated with the latest technology, safety, and comfort features to provide you with even greater comfort, more savings, and years of reliability. The EdenPURE® comes with a comprehensive three year warranty along with a 60-day no questions asked satisfaction

### How it works:

### Testimonials from a few of the millions of satisfied EdenPURE® customers

The EdenPURE® has cut my gas bill to a third of what it was last year. *Leslie Wilson, Vancouver, WA*

I recently had an addition that was over 800 square feet added to my home. When it was completed we had to consider a heat source. We investigated everything from upgrading our current furnace, and duct work, to a vent less fireplace. Then I heard about the EdenPURE®. I must admit I was a bit skeptical, however I decided to place one in the room and give it a test. I can't tell you how pleasantly surprised I was. The EdenPURE® heater is our exclusive heat source and is comfortably heating our room at a cost of under \$15.00 per month. It is certainly refreshing to find a product that surpasses its performance claims. *D. Capps, Vancouver, WA*

With our EdenPURE® heater our gas bill dropped so much that the gas company called us and said our gas meter must be broken and they wanted to replace it. *John and Sandy Hopkins, Elyria, OH*

It's working great and heats the house well. I was so glad to find a company that stands behind their products and cares about customer concerns. I am now recommending the heater to family and friends. *Lyn Royer, Sterling, VA*

The EdenPURE® #1000 has saved 40% on our heating bill! My 18 month old daughter sits on it, that's how safe it is. The heater is also very mobile. *Steve G., Binghampton, N.Y.*

I must say I am well pleased with my new heater. So far it is working just like I had expected. We have a small home, slightly less than 1,000 square feet, so it should be sufficient for our needs. I like the quiet operation of the heater, because one gets tired of hearing the blower or a fan going on a gas furnace constantly. *Edna M., Forest Park, GA*

The EdenPURE® really puts out the heat like a little solar furnace. It's below freezing outside and cozy warm in the rather over large living room area where I'm using it. I have already noticed a 40 to 60% drop in the cost of my heating bills. *George B., Triangle, N.Y.*

I turned my thermostat down to 60. I have 2 dogs and 3 cats and all 5 laid down in front of it and were fast asleep. My chair is 1 foot away and it is like being in front of a fireplace. *Carl Cormier, Jerome, ID*

The EdenPURE® GEN3 comes in 2 models. The GEN3

Model 500 which heats a room up to 300 square feet and the GEN3 Model 1000 which heats a room up to 1,000 square feet.

The EdenPURE® will pay for itself in weeks. It will

keep a great deal of extra money in a users pocket. Because of today's spiraling gas, oil, propane, and other energy costs, the EdenPURE® will provide even greater savings as the time goes by.

What Oktoberfest would be complete without German-style dancing? Dancers step and twirl at Redford Township's annual event last year.

## Yodeling, brats, beer and music bring a bit of Germany to Redford

BY SHARON DARGAY  
OGE STAFF WRITER

If you plan to practice for Redford Township's yodeling contest, you're taking the vocal art "way too seriously."

That's advice from John Danic, a past yodeling champion in the township's annual contest, which will be held during Oktoberfest weekend, Friday-Saturday, Oct. 2-3.

"I just get up there and hope it comes out like yodeling and not something else," said Danic, who added that he occasionally sings — but doesn't yodel — in the shower.

"Very few people are yodelers and I'm not an official yodeler because I'm Polish," he said, with a laugh. "But I actually have to work Oktoberfest. I volunteer my time to do that, as an employee of the township. I handle all of the electrical set-up."

The festival is in its fifth year and Danic, the township's electrical inspector, has entered and won the yodeling contest a couple of times.

Danic says he didn't work hard to develop his talent for yelling "Little Old Lady You!"

"It just came as a natural voice inflection. I have a good voice range as a vocalist," said Danic, who describes himself as "a ham."

His tip for first-time contestants: Skip the Oktoberfest brew and "Don't drink too much" before taking the stage. Have fun with it and project your voice.

"My wife tells me about it all the time — I have a very loud voice."

Follow Danic's cue and you may end up with yodel champ bragging rights for the next year.

The yodeling contest is at 6 p.m., Saturday. The Bratwurst eating contest is at 9 p.m., Friday and has a \$10 entry fee. A Euchre Tournament runs 8 p.m., Friday and 7 p.m., Saturday. Sign up in advance for the contests or tournament by calling (313) 387-2653.

Oktoberfest runs 6-11 p.m. Friday, Oct. 2 and 1-11 p.m., Saturday, Oct. 3 at Capitol Park, 12121 Hemingway, Redford Township.

The Polish Dukes, Martin Brothers Plus, Step 'N Line and Decades will perform.

The Redford Jaycees will offer a kid-friendly haunted hayride from 1-6 p.m. Saturday and a spooky version from 8-10 p.m., both festival days.

The festival features authentic German food, a Saturday Pig Roast, adult beverages and kid-friendly foods. The Pig Roast begins at 3 p.m. and continues until its gone.

A geocaching event, supported by Michigan Geocaching, will begin at 1 p.m. and include a learning session with the free use of GPS units for beginners.

Children will find free games, face painting, balloon twisting, cardboard castle building, pumpkin painting and more from 1-6 p.m., on Saturday.

# Chocolate tasting event offers traditional desserts

BY SHARON DARGAY  
OGE STAFF WRITER

Mary Denning knows exactly what she'll serve at Sunday at A Chocolate Affair, the annual fund-raiser for First Step, Wayne County's domestic abuse shelter. She knows every year.

"We always bring our Bumpie Cake. It is our top seller and our customers' favorite," said Denning, owner of Mary Denning's Cake Shoppe, Westland. "Who does not love extra moist, dark chocolate cake with French buttercream bumps and than enrobed with chocolate fudge frosting? We have tried bringing different desserts, but everyone is always looking forward to our bumpie cake."

"One year we brought Sacher tortes, dark chocolate cake layered with red raspberry and enrobed with chocolate fudge. People loved it, but still wanted the bumpie cake."

Denning is among 16 vendors who will serve tastes of chocolate desserts Sunday, Oct. 4 at the event, presented by the Ladies Ancient Order of Hibernians, Elizabeth Fagan Division. Denning has participated in the fund-raiser since its beginning, about five years ago.

"We love being involved with the Chocolate Affair. The proceeds all help First Step, which is has such a great program," she explained. "I was honored to be able to walk through their home for woman and children. It was so moving. Nothing is more important than families and children. I know they are saving to build a new facility. They have a long way to go. All of this helps."

### INVENTIVE DESSERTS

Jeff Zak has worked with First Step since opening his catering business in Plymouth 12 years ago.

"I do Thanksgiving dinner for them and did Chill at the Joe with them," Zak said, referring to the First Step fund-raiser at Joe Louis Arena last month. "I like to stay local and it felt good for business, good karma for business."

Like Denning, Zak and his Jeff Zak Catering have been with A Chocolate Affair since its beginning. Zak is known for serving inventive chocolate desserts at the event.

"We do something chocolatey. We like nice simple desserts. It's my version of savory food with chocolate," he said.

Last year he filled chocolate panini with roasted pineapple. This year's offering — chocolate quesadilla — evolved with his staff's input.

"It is really good. It's something we invented here and it's come a long way. It's a hodge podge of white and dark chocolate chips and then depending on what's around, marshmallow, dried cherry, toasted nuts, graham cracker. We'll use marshmallow sauce or caramel to tighten it up," Zak explained. "So, you can do anything. We've done it with chocolate and peanut butter. And we've done it with a

wonton wrapper."

He'll serve the gooey-good ingredients on a six-inch browned flour tortilla Sunday. And offer a strawberry-mango white chocolate beverage to boot.

### HELPING OTHER WOMEN

Barbara Weir, event chair, said about half of the vendors are new to A Chocolate Affair.

"It's good exposure for them ... it gives new businesses a chance to showcase their specialty and support the cause at the same time."

The Elizabeth Fagan Division of The Ladies Ancient Order of Hibernians, an Irish Catholic Charity group with chapters throughout Michigan, created A Chocolate Affair a few years ago while looking for a way to help other women. The event is held the first Sunday in October in honor of Domestic Violence Awareness month, Weir noted.

"What better way to get women together than by eating chocolate," she said, adding that participants like to "hang out all afternoon."

The organization raised \$4,000 for the shelter last year. Weir hopes to reach the \$5,000 mark this year.
