Norwayne hit with 5 water main breaks

BY LEANNE ROGERS **OBSERVER STAFF WRITER**

The relatively light snowfall so far this winter has been a mixed blessing in Westland.

"It's been a gift that we haven't had a lot snow so that we haven't had to declare a snow emergency," said Westland Department of Public Services Director Kevin Buford. "But the snow acts like blanket insulation for the pipes. Without the blanket insulation and it being warmer or colder,

That lack of insulating snow and changes in temperatures are being blamed for seven water main breaks that occurred beginning Saturday. Five of the breaks were located in Norwayne.

Through that effort, Manakis worked with parishioner Henry Johnson, who has organized the Norwayne Citizens Council.

"This all started with me taking pictures of my kids. I made a slide show for each of my boys with photos and music," said Manakis, whose sons are ages 9 and 19. "It was basically a hobby."

Teen gets two years prison for festival shooting

BY LEANNE ROGERS **OBSERVER STAFF WRITER**

A less than cooperative victim helped spur a plea bargain for a Belleville man charged with a shooting the 2010 Westland Summer

Justin Morgan, 18, was sentenced to two years in prison and five years probation by Wayne County Circuit Court Judge Lawrence Talon after entering a guilty plea to a charge of assault with intent to do great bodily harm and felony firearm. Originally, Morgan had been charged with five felonies stemming from the July 4 shooting and additional charges of assaulting and resisting a police officer and felony firearm connected with his subsequent arrest in Van Buren Township.

"He got two years total for all of the cases, including two felony firearm charges," said Westland police Sgt. Kevin Wojcik. "Obviously we had a problem victim. How do you proceed and tell a jury that the guy who got shot didn't show up. He wasn't afraid - just didn't want to show. There was a lack of victim cooperation."

The 18-year-old Canton man was struck in the leg by one of three shots fired in the carnival area around 11 p.m. July 4 just after the fireworks display had been ended. His femur was shattered, requiring a metal rod to be implanted in his leg.

The other victim in the case was a friend of the injured man, who was believed to be the intended target of the shooting.

"At least the shooter is off the streets — all he got out of it is two years in prison. It's better than 30 days," said Westland police Sgt. Dan Serrano.

Police were able to identify Morgan on video that had been recorded periodically during the festival by police. He was later identified as a former Westland John Glenn High School student.

W-W students to rehab second blighted home

BY LEANNE ROGERS **OBSERVER STAFF WRITER**

Local students will be partnering with Westland to rehabilitate a blighted home - the second construction partnership between Wayne-Westland Community Schools and the

City council recently approved the partnership agreement to allow the Wayne-Westland Schools Construction Technology Program to rehabilitate a home at 35428 Columbia, a blighted property to which the city has title.

"This will continue the partnership with Wayne-Westland Schools. Council had approved building a new home on Birchwood," Westland Community Development Director

Joanne Inglis said.

The project is being funded through the federal Neighborhood Stabilization Program. Westland received just over \$2 million for acquisition, rehabilitation or demolition of blighted, abandoned or foreclosed homes. The city would retain ownership of the home during the rehabilitation phase, then it would be sold.

Through NSP, the city has acquired a total of 69 properties, most single-family homes. Private developers have been hired to handle the rehabilitation and resale of 19 homes, with five homes handled by Habitat for Humanity of Western Wayne County and two homes handled by the Construction Technology Program.

Despite the fact that the city has completed a seven-phase

program replacing water mains in Norwayne, that's where the majority of breaks happened.

The new urgent care center at the Oakwood Healthcare Center-Garden City is open from 5-10 p.m. Monday through Fridays and from 10 a.m. to 10 p.m. on weekends and holidays.

Oakwood adds urgent care to its Garden City location

Residents in the Garden City area now have another option for urgent care services.

Oakwood Healthcare is offering urgent care services at the Oakwood Healthcare Center-Garden City at 29150 Ford, just east of Middlebelt.

The clinic is ideally located within the 500-square mile area served by Oakwood Healthcare Systems in metro Detroit, said Dr. Mark Bustamante, president and chief medical officer for the Oakwood Physician Practices Division (OPPD) The closest Oakwood-affiliated urgent care centers are at Michigan Avenue and Schafer in Dearborn and at Canton Center and Warren roads in Canton Township.

"Because we had an established practice in Garden City, we knew it would be a stable place to have an urgent care," said Bustamante. "And it's halfway between the Canton emergency department and Dearborn and Annapolis ERs. For us, it's a very strategic loca-

Patients should not go to an urgent care clinic for physicals, to refill prescriptions or to seek help in the management of chronic problems, Bustamante added. "Urgent care is for new prob-

lems or destabilization of problems that shouldn't wait," he said. "Management of chronic problems is not what urgent care is for."

The affiliation with Oakwood Healthcare means that the urgent care clinic will be headed by board-certified

physicians who also are on staff at a hospital.

"Both of those credentials are testaments to that physician's experience and skill," said Bustamante. "An urgent care that is sponsored by a health system sets a higher standard."

Dr. Rakesh Soni is the lead urgent care physician at the Oakwood Healthcare Center-Garden City. He is affiliated with Oakwood Annapolis Hospital in Wayne and Oakwood Hospital and Medical Center in Dearborn.

Bustamante said that he and other doctors on staff at the Oakwood Urgent Care are committed to treating immediate problems, and then referring patients back to their primary care physician.

"In our urgent care, we focus on making sure we communicate back with their primary care physician. It's built into the protocol," said Bustamante. "Our mission is to help in the immediate setting and then get the patient back to their primary care physician. We're not redirecting patients. We maintain the link to the patient's personal physician. We're respectful of that relationship."

Injured in blast, store owner still hospitalized

Do homework before investing in municipal bonds

Observer & Eccentric | Thursday, January 27, 2011

and investments, I found that the municipal bond market was dominating the discussion.

The last few months have not been good months for munici-

pal bonds and that has led to some issues. Standard & Poors warned that more downgrades in the ratings of municipal bonds are expected this year.

Money Matters

Rick Bloom

The dialogue regarding municipal bonds has affected investors. In November and December alone, investors withdrew more than \$20 billion from the municipal bond

I believe the fiscal problems that many states and municipalities are going through have led to speculation as to whether we will see more defaults in the municipal bond market.

This thought was echoed in a recent interview on 60 Minutes where a well-known investment strategist stated she expects 50 to 100 defaults this

Whenever an investment sector takes a hit and receives media and social network attention, you can almost guarantee that another element will creep into an investor's decision-making process, fear.

There is no doubt that the municipal bond market is having difficulties. However, don't forget that the municipal bond market has had its problems in the past as well. Go back to 2008 the midst of a financial crisis, municipal bonds fell about 10 percent over a short period of time.

There have been other periods where municipals were volatile and rebounded over a short period of time. In addition, investors should be reminded that municipal bond defaults are rare. Over the last 40 some years there have been over 18,000 municipal bond

hile researching markets offerings with only a handful more than 50 defaults.

> There has also been lots of conversation about cities and states declaring bankruptcy and what that would do to municipal bond holders. Although, municipalities are allowed to declare bankruptcy, they have been very rare. It is important to recognize that under current bankruptcy law, states do not have the power to declare bankruptcy. Of course, laws could change in this partisan environment but I believe a major change allowing states to declare bankruptcy is unlikely.

It is important for investors to recognize that not all municipal bonds are the same. Not only are the issuers different, but the quality of the bonds differ.

Generally, municipal bonds can be broken down into two categories, general obligation bonds and revenue bonds. General obligation bonds, commonly issued by states, require states to use their taxing authority to prevent a default. In other words, a state would have to raise its taxes in order to prevent a default. These types of municipal bonds, although subject to market volatility, have very little risk, if any, of a default.

On the other hand, revenue municipal bonds are issued to pay for a specific project. The best example of this type of bond would be the bonds issued to build the Mackinac Bridge. Bond holders were repaid by the revenues generated from the bridge. If the bridge had not been successful, bond holders potentially could have suffered some losses. Just because there is a default, does not mean an investor will lose all of his/her money. In fact, in past defaults of municipal bonds, investors have found that losses have been minimal.

There is no doubt that cities and states are having difficulties. Just about every state has substantial budget deficits and there is there are some painful days ahead. However, that doesn't mean that pain will translate into massive defaults

in the municipal bond market.

I believe some of the recent volatility has been fueled by fear. And as I have said many times, investors need to do their best not to let fear dictate their investment decision.

For certain investors, municipal bonds do play an important part of a portfolio. Generally, I recommend municipal bond investors buy into a mutual fund in order to have diversification and greater flexibility in maintaining the investment, such as adding new money or taking an occasional withdrawal. That being said, there are a few standards I recommend regarding municipal bonds.

First, pay attention to the quality of the portfolio. In today's economic times, the bulk of one's municipal bond portfolio should be in high quality and general obligation bonds. Unfortunately, some municipal bond investors make the mistake of only paying attention to the return on the bond fund, not the underlying risk.

two in unnecessary fees can reduce returns by as much as 50 percent.

Low-cost municipal bond funds are where you want to be. Also pay very close attention to commissions. After all, if you're losing 6 percent in up-front commissions, realistically, that can be two years of returns. Therefore, avoid commissions when you purchase a bond fund.

If you own a municipal bond fund, now is a great time to review it. If it is a fund with high fees and/or low quality investments, now is the time to make a change.

Good luck!

It may be hard to think about frogs under all this snow and cold, but it won't be long before local amphibians wake up and begin their annual chorus. If you would like to help observe this interesting phenomenon, contact Friends of the Rouge.

Volunteer training for the annual volunteer Rouge River Watershed Frog and Toad Survey begins in February. Interested volunteers attend a two-hour workshop where they learn the basics of recognizing frog or toad type by their call. Volunteers are assigned nearby wetlands they then survey on their own on damp warm evenings and submit results to Friends of the Rouge.

Last year's results are available at www.therouge.org. The survey has been con-

ducted since 1998 and provides information on the health of Rouge wetlands. The presence of several species of frog and toad is a good indication of healthy wetlands which are critical in restoring the water quality of the Rouge River because they absorb rain water, filter pollutants, reduce flooding as well as provide habitat for many species.

As many as 600 people participate in the survey each year, including families (children are welcome when accompanied by a participating adult), seniors, students and scouts. Survey areas are limited to wetlands within the Rouge River Watershed which encompasses 466 square miles in the Detroit area. Participants must be willing to survey after dark several evenings a month March through July.

Of Michigan's 13 native species of frogs and toads, eight species have been confirmed in the Rouge River watershed the wood frog, western chorus frog, northern spring peeper, American toad, northern leopard frog, gray treefrog, green frog and bullfrog.

Interested volunteers need to register for one of four workshops at www.therouge. org. For more information, call Sally at (313) 792-9621 or monitoring@therouge.org.

The first workshop will be held 10 a.m. to noon Saturday Feb. 12, at the Plymouth Township Hall, 9955 N. Haggerty, Plymouth. The other workshops are:

• 7-9 p.m. Wednesday, March 2, in the Walnut room of Canton Summit on the Park, 46000 Summit Parkway, Canton.

 10 a.m. to noon Saturday, March 5, in the Farmington Hills Council Chambers, 31555 Eleven Mile, Farmington Hills.

 10 a.m. to noon Saturday, March 12, at the Bloomfield Township Hall, 4200 Telegraph, Bloomfield Township.

Friends of the Rouge is a non-profit 501(c)3 organization dedicated to restoration and stewardship of the Rouge River ecosystem through education, citizen involvement and other collaborative efforts, for the purpose of improving the quality of life for the people, plants, and animals of the watershed.

The Rouge Watershed Frog and Toad Survey has been coordinated by Friends of the Rouge since 1998 and is partially funded by a Rouge River National Wet Weather Demonstration Project grant. For more information, visit Friends of the Rouge's website at www.therouge.org.

Winning ways

Wayne Memorial JROTC teams bring home the honors

BY SUE MASON OBSERVER STAFF WRITER

How do you spell champion? Need help, just ask the cadets of Wayne Memorial High School's JROTC Zebra Battalion. Since October, the battalion's drill team has won five competitions, including the recent University of Toledo Peterson/Flynn Drill competition, with the Raider team adding to the count with a first-place finish at the 2010 Hobart, Ind., Raider Challenge.

If that isn't enough, the battalion is defending champions in the 7th Brigade Regulation Drill and Academic competition and is last year's 7th Brigade JROTC Leadership Bowl champion.

And senior Army instructor 1st Sgt. Steven LaHaine says a first-place at brigade competition in March "will be the frosting on the cake."

"That's the one that matters," said LaHaine. "It's held in Kentucky and has 209 schools from Michigan, Indiana, Ohio, Kentucky and Tennessee."

According to LaHaine, the cadets do well in competition because they place in the top three in every event at a competition. It's an impressive statistic, especially when three of this year's competitions that they won at — Anchor Bay, Grand Rapids and River Rouge — included every JROTC team in the state.

"It's the dedication of the instructors and the cadets," said Cadet Command Sgt. Maj. Corey Sheldon who is the Raiders Team commander. "Everyone knows Wayne Memorial, they know we're the one to beat."

"It's a lot of hard work and commitment," said Cadet Lt. Col. Kelsie Honeycutt, the battalion commander. "I quit swimming for ROTC because I love it and I wanted to go further in it. I quit swimming so I could put more into it."

"It takes a lot of practice and long hours," added Cadet Maj. Jackie Odien, the battalion executive officer. "We'll work on one command for hours and hours until we get it right. It's tedious, but we don't care because it pays off big time for us."

Wayne's team has proven to be the one to beat in the physical fitness-focused Raider competition. It's been state champion for three years and

Cadet Battalion Commander Keslie Honeycutt, Cadet Command Sgt. Maj. Cory Sheldon and executive officer Cadet Maj. Jaqueline Odien show off the Zebra Battalion's most recent trophy, the University of Toledo ROTC Commander's Cup.

expects to add a fourth championship this year. The team also has placed in the top six, including runner-up, in national competition for four years. That competition, held in Georgia, attracts more than 1,650 Raider teams.

"Wayne Memorial is the best program and it's reflected in the cadets," said LaHaine.

ACADEMICS FIRST

While the organization is military, the emphasis is on academics. According to LaHaine, the program has a 100 percent graduation rate and 80-85 percent of the cadets go on to college or university

"We teach leadership, geography, math, science; everything is designed to assist the cadet to be successful in high school and get a career," he said. "We stress going to a technical or trade school or college, the military is an option. That's why they put it in the high school so they will be better students and gradu-

Cadets who don't pass every class can't participate

in competition. They also lose their leadership positions and have to work their way back up. Suspensions equate into demerits that the cadets must come in and work off. One demerit equals 45 minutes.

"It's no mandate from the state, it's a Wayne Memorial standard," LaHaine said. "When I see Wayne Memorial go on the floor, not one cadet is failing or has been suspended."

Likewise, rank isn't just given out, cadets have to go through promotion boards. They have to recommended by their peers, they have to study.

"They have to do something to earn it," said Sheldon. "Staff sergeant is the hardest. It's the last enlisted rank, so we make it extra hard. We make sure they deserve it."

GREAT POTENTIAL

Only the second woman to command the battalion, Honeycutt was surprised she got the top spot. In JROTC, potential matters and she believes she has "great potential," although it wasn't apparent in night grade when she had a 1.1 grade point average.

The Zebra Battalion Raiders Team poses with their trophies won at national competition in Molena, Georgia.

In Washington, D.C., the Wayne Memorial Leadership Team - Chelsie Draper, Jaqueline Odien, Sheila Tanner and Jenna Johnson - meets with Maj. Gen. Arthur Bartell at the JROTC Leadership Bowl.

"I did horrible in school, but in 10th grade something clicked," she said. "If it weren't for the ROTC, I'd probably wouldn't be graduating in time. It was the encouragement of my fellow cadets that made it click that I need to graduate, I need to do better. I knew I had to do better."

What the cadets learn in JROTC shows up in their other classes. According to Odien, "some students act like fools in class, but JROTC kids are cool."

"We're calm and respectful of teachers," she said. "We know when to be good and when to crack up."

Odien admits that wasn't always the case for her. She didn't do well in middle school and "kind of messed up" her freshman year. Now she as a 4.0 grade point average and plans to attend the University of Michigan.

It was friend who got Odien to join JROTC and the company sergeant who made her promise to come to the first drill team practice.

"They pressure you to do good in classes, on the drill team, it was the color guard

Wayne Memorial Cadet Sgt. Maj. Cory Sheldon accepts a trophy from Col. John Vanderbleek, director of JROTC for the U.S. Army, at national competition in Georgia.

sergeant," she said. "I love drill, I know I'm going to miss it when I leave here. In middle school, I never did anything. I had low-self esteem, but not anymore."

Sheldon is among the few cadets who parlay their JROTC experience into military service. He has already enlisted in the Army and did his basic training last summer at Fort Benning, Ga. When he finishes high school, he will enter the military with a rank of private first class.

"I can tell I'm better than the rest," said Sheldon. "I'm doing everything every other student is doing, but I'm doing more with JROTC. I'm getting real world experiences."

Honeycutt plans to attend college and enlist in either the Reserves or National Guard. She'll do her basic training this summer. It's not looking good in getting an ROTC scholarship, but the Guard and the Reserves will pay for her education. And she also will be in ROTC.

"The best part of JROTC is the standards," added Honeycutt. "You're expected to be better and the truth is we are. We take the initiative, we have pride in our work. We know when to step up and we know what's right and what's wrong. The first day I got here, I knew I'd be in all four years."

Help for Allcare patients

A Westland dentist is taking action to help patients affected by the closing of AllcareDental earlier this

Dr. Bruce Smoler of Community Dental Implant Group at 820 N. Wayne Road, Westland, was spurred to take action after Allcare Dental suddenly and unexpectedly closed its doors at its 52 locations (10 of which were in Michigan) on Jan. 1, leaving patients without access to records, follow-up care and treatment, or much-needed teeth like dentures and partials, even for those who prepaid thousands of dollars for their services.

Allcare Dental patients are urged to visit his website at www.dentalimplantsforyou. net for further information and assistance.

Smoler is willing to offer former Allcare patients up to \$10,000 worth of dental

implant services, if needed. "I would be honored to help any abandoned patients smile again," said Smoler. "There is hope. There is help. And we will be able to do it. Here, right now, is the time to have action."

Dr. Bruce Smoler

Smoler also is garnering the support of dentists, oral surgeons, hospitals and other medical providers nationwide to help him in his cause.

"For me, the tipping point came when the chain of offices closed down, stranding thousands of patients across the country with no place to continue their care and treatment," said Smoler. "That is so completely wrong. I find it professionally reprehensible and personally disgusting."

Compelled by the love of dentistry and a genuine con-

cern for people's health and well-being rather than, in his terms, "corporate greed," Smoler has organized a coalition of independent likeminded professionals to "take action and fight the injustices for these abandoned dental cast-offs."

Thanks to the Internet, Smoler has been able to effectively leverage this resource and effectively get his message out. Through his website, blog and social networking sites like Facebook, Smoler can help restore the notion that there are medical professionals out there who care.

"I want to use the power of the Internet to make people not only aware of the difference of dentists who are dedicated to their profession, their learning and their training, but beyond that, of their patients' health and wellbeing."

For more information about Smoler's undertaking, or to find out more details about the Allcare shutdown, visit www. AllCareDentalHELP.org, or www.DentalimplantsForYou. net. For the most up-to-date developments, you may also read Smoler's blog at www. DeathByDentures.com.

Fear can be a factor in what we do

Chief: No plans to change police station lobby

BY LEANNE ROGERS **OBSERVER STAFF WRITER**

When members of the public walk into the Westland Police Department lobby, they find an officer sitting eye level at the front desk and that's not going to change in the aftermath of an incident that left four Detroit police officers wounded.

"It's the same question that Detroit is facing about serving the citizens. Can we best do that by putting ourselves behind glass?" said Westland Police Chief Alan Ramsden. "We're not planning any changes."

Four Detroit police officers were injured when a gunman walked into the 6th Precinct on Detroit's northwest side Sunday afternoon and opened fire. The gunman was then

fatally shot when officers returned the gunfire.

Some smaller neighboring police departments like Garden City and Wayne have lobby front desks secured by glass and metal gates but Ramsden said that's because they tend not to have an officer assigned to there. Garden City has a telephone in the lobby to call dispatch when the front desk isn't staffed.

"You need to be more secured, if no one is at the desk, We have an officer assigned to the front desk all day long and they are armed," said Ramsden. "Our approach (to the station) is very visible, our officers are around."

Westland police can serve the public better by offering a more friendly environment, he said, rather than isolating themselves behind glass.

"I hope that circumstances will not require changing that. It (the Detroit shootings) absolutely makes you think about this and each officer will be much more aware,' said Ramsden. "We deal with people with emotional problems. We work as well with citizens as we can. We've had people walk up with hand grenades (to be disposed). You have to be aware and

ready." It's a sad situation with the shooting in Detroit, said Ramsden, although the officers are expected to recover from their injuries.

"I'm so glad it's not another funeral," said Ramsden referring to funeral Friday for slain Livonia police Officer Larry Nehasil.

Refunds were made using another employee's name. No valid paperwork was used. The store management said it will prosecute unless the employee returns the money.

Stolen car

A Wayne man reported about 12:30 a.m. Jan. 21 that the 2002 Dodge Durango he parked in the Garden City Hospital parking lot on Inkster Road, north of Ford was stolen.

He had gone to the hospital with his son.

The police found no evidence of glass breakage in the lot where the vehicle was parked.

Stolen car

Someone stole a car that was left for repairs at Dewey's Transmission and Auto, 28059 Ford, some time before 9 p.m. Jan. 23. The 2002 Super Duty Ford pickup, was owned by an Ann Arbor woman, She told police that the vehicle was paid off.

Breaking and entering

The owner of a 1999 Ford 350 reported that someone punched the driver's side and the passenger side door locks sometime between 4 and 8 p.m. Jan. 23 while it was parked in the 30000 block of Rosslyn.

Someone dragged away a general speed rooter, valued at \$1,600 from the truck. The police observed marks on the ground.

Larceny

Someone punched the door lock of a GMC Savannah that was parked in the driveway before 1:30 a.m. Jan. 23 in the 30900 block of Brown. The owner said that the security hasp wasn't locked.

About \$3,600 in tools, a laptop and a camera were stolen.

Stolen vehicle

A man reported that someone stole his company truck sometime before 1 a.m. Jan. 18 while it was parked in his driveway in the 31700 block of Kathryn.

The truck had a snow plow on the front of it.

He told police that another one of his company trucks was stolen earlier that evening in Redford Township. Because the trucks have a business name on them, the owner surmised that the thief was able to make the connection to his location in Garden City.

Under the influence

The police arrested a 33year-old Westland man at 2 p.m. Jan. 19 for being under the influence of narcotics and for driving with a suspended license in the area of Warren Road and Merriman.

A female motorist told police that the man had backed into her car in the nearby Handy Mart parking lot.

The man admitted that he took some prescribed Vicodin prior to driving.

The officer noted in his report that when the man was placed in the back of the police car, his words were slurred, he seemed to be falling asleep and at one point the man appeared to be snoring.

Fraud

A woman who lives in the 482 block of Henry Ruff reported about noon Jan. 17 to police that someone fraudulently used her MasterCard debit card to make a \$700 Sony purchase.

The product was shipped to a Georgia address. -By Sue Buck

WESTLAND COP CALLS

Suspicious person

A 15-year-old girl, a sophomore at Westland John Glenn High School, told police Jan. 18 that she was walking home from school about 2:30 p.m. when a driver tried to pick her up. She said she was walking north bound on Marquette near Abbey Drive when a white Ford Taurus pulled alongside her and the driver yelled out, "You're sexy."

The teen said she continued walking as the car followed. As she neared the park parking lot on Carlson, she said the vehicle pulled into the parking lot and the driver told her to get into the car. She said she ran across the park to the Westland Police Department.

Break-in

A flat screen television, a computer monitor and a manual coin counter, valued at \$1,010, were reported stolen Jan. 22 from Victory Coin Laundry, 7460 Nankin Blvd. The owner said he arrived to find someone had smashed the glass in the west door with a rock.

The owner said that it was the second burglary at his business in approximately a month.

Larceny from a vehicle

At about 5:30 a.m. Jan. 21, police were called to a home in the 400 block of Landsdowne after resident spotted a man checking to see if vehicles were unlocked and getting inside at least one vehicle.

Based on the description provided, officers located a suspected in the 500 block of Bedford. When the suspect saw police, the officer said he dropped a black case he had been carrying and ran westbound through yards.

The officers pursued the man and eventually found him in the hallway of 550 Hickory where he

a GPS unit and three gift cards from the man later identified as a Garden City resident. The man told police he had run to avoid getting into trouble and had entered approximately four or five vehicles which had been

unlocked, Back on Bedford, the officers retrieved the black bag which contained a laptop computer, which was traced back to a home in the 600 block of Landsdowne. The owner reported that his •GPS unit and a watch were also missing. He identified the items recovered from the suspect as his

The original caller flagged down the officers and pointed out a vehicle the suspect had entered in the 36000 block of Dover. The owner of that vehicle told police a Lowes gift card had been stolen from his vehicle. The card, with his name on it, had been recovered from the suspect.

A resident in the 300 block of Landsdowne also flagged down police and reported that she had seen someone enter her vehicle. Another gift card was reported missing and recovered from the suspect.

Fraud

A Westland woman didn't fall for a scam in which a caller tried to get her to send emergency money to her grandson, who was supposedly in trouble in Canada. The woman told police she received a call Jan. 18 - a crying young male voice who identified himself as her grandson. He said he had been arrested in Canada

while fishing and need bail. An older male voice identified himself as a park ranger in British Columbia and said that more than \$1,800 was needed for bail and fines. The woman said she was instructed to go to Kroger and wire the money to a law office in Spain.

When she asked for a phone number so she could contact Westland police to verify all the information before making the wire transfer, she said the caller hung up.

The woman called her grandson, who was actually at Westland Shopping Center.

Assault

On Jan. 24, police were called to Kroger, 200 S. Merriman, when store employees reported detaining a suspected shoplifter who was armed with a knife and fighting with them. An employee, who said she recognized the Inkster man from previous shoplifting incidents, told police that she saw him take two packages of frozen shrimp valued at \$23 and conceal the packages under

his clothing. The man was pushing a cart containing two packages of sausage, the employee said, which he eventually abandoned as he walked from the store. When confronted, the employee said the man removed the shrimp from his clothing and set it on the counter.

When the suspect began to walk away, a second employee said he grabbed the man from behind in a bear hug to detain him for police. Another employee yelled that the suspect had a knife, which had been pulled from his coat pocket. That employee took the knife from the suspect and they held him for police.

Officers arrested the man for retail fraud, assault and battery, possession of a dangerous weapon and possession of a crack pipe, which was recovered from his shirt pocket.

Festival perfect spot for wedding proposal

BY BRAD KADRICH **OBSERVER STAFF WRITER**

Ty Sasena of Plymouth had been searching for a memorable way to propose to his girlfriend, Amber Nogiec of Riverview. They've been together more than four years, and Sasena wanted to make the moment special.

Luckily for Sasena, the 2011 Plymouth Ice Festival provided just the backdrop.

That thought occurred to Sasena Wednesday night, just a few days before the festival was to open. The problem, as he saw it, was the timing.

"I'd been ring shopping for the past

few weeks and trying to think of the best way," Sasena said. "I had the idea to do it (Saturday) but I thought it might be too late to have anyone make (the sculpture)."

He needn't have worried. The following day, Sasena visited local ice-sculpting world champion Tajana Raukar's Ice Dreams and ordered the sculpture. The sculpture was delivered to the Sasena Ann Arbor Trail home, just six doors down from downtown Plymouth, on Saturday, hidden where Nogiec couldn't see it.

While Sasena took Nogiec down the street to visit the festival, his family set scene, moving the sculpture to the front yard. On their way home, Sasena texted his mother that they were on their way. As the couple approached the house, his mother, Lori Sasena, flipped the switch on a spotlight, bathing the sculpture in

OUR VIEWS

Consider serving

Work is hard, rewards great on school board

Two deadlines are coming up that should be of interest to residents in the Wayne-Westland Community Schools.

The first is 4 p.m. Monday, Jan. 31. That's when people interested in be appointed to the school board must submit letters of interest, resumes and/or any other information the deem important in regard to being appointed to fill the vacancy created by the resignation of Martha Pitsenbarger earlier this month. Of course, there's a related date - Monday, Feb. 7. That's when the board will interview candidates and then vote to fill the

The second date comes a week later -4 p.m. Tuesday, Feb. 8. That's when residents need to either turn in nominating petitions or pay \$100 to be a candidate in the Tuesday, May 3, school election. Two four-year terms will be filled. One is held by incumbent Skip Monit, the other is uncontested.

On the list of elected officials, school board trustee is at the bottom. The hours are long, the responsibility huge and the pay minimal — if anything.

But the rewards are great.

School board members make up the largest body of elected officials in the United States. We entrust them to set the policies of our most treasured institutions: our public elementary, middle and high schools. As a school board member, you set policies and goals, make financial decisions and help plan for the education of the children in your community, one of the most important responsibilities that can be assigned to any citizen.

The satisfaction comes on graduation day with knowing you have helped prepare another class of students for

The requirements to be a trustee are straightforward: Be a registered voter in the district, be at least 18 years old and a citizen of the United States, Michigan and the school district. Of course, it doesn't hurt to have an interest in the public education.

We encourage residents to consider running. Documents related to the appointed position must be turned at the superintendent's office at the district's Administration Building, 36745 Marquette, Westland. The appointment is to complete the remaining 143 days of Pitsenbarger's term, which expires June 30.

Filing for the annual election can be done through the Westland City Clerk office in Westland City Hall, 36601 Ford, or the Wayne City Clerk office in the Wayne City Hall, 3355 S. Wayne Road. The terms filled in the annual election expire June 30, 2015.

If running for school board appeals to you, throw your hat into the ring. Try it, we're sure you'll like it.

ONLINE VOICES & VIEWS

The following are excerpts from readers participating in our online forum for discussing issues, In Your Voices. Find more comments or join the discussion on the Web at hometownlife.com.

The issue: Water and sewer rates

I found highly interesting the comments by 2 city council members, looking to cover the \$2.2 M shortage from the bonds sold for Taylor Towers and NOT passing along a rate increase. There's no money in government that doesn't come from the tax-payer. Money to pay back the bond = taxpayer. Money to re-fund the Water/Sewer acct = money from taxpayer. Govt has NO MONEY other than that which is paid by the taxpayer or user, unless it is donated or some advantage is sold. Period. The charade of avoiding rate or tax increases by somehow getting money from another source is just that - a charade. To continue to try and fool the taxpayer/citizen with ideas that govt can "find" money thru another source just continues the lie that citizens can get govt service for nothing.

600mainstreet

The issue: Arrests in police shooting

Something is really wrong with this, these are all felons that are out of prison ... and they kill a cop. Why are they out of prison? I am sure a cop would still be alive, if these people were still in prison. Why were they out? Was the community warned that nuts were out on the street? I hope whatever parole board was in on the decision to release these losers is fired for doing a terrible job. Rehabilitation, does anyone know what that means. Apparently not, must be just a word to whoever released these losers and it's unfortunate. I know our system is a good as it gets, and you hear about all kinds of people that served time who were innocent, they deserve to be out, not these murderers. Lock them up and throw away the key this time. It is time our penal system works the right way

Support RightTo Repair bill Members of the 112th Congress have an

opportunity to take bipartisan action that would have a positive outcome for every American who owns and operates a car, truck, motorcycle or other motor vehicle. Passage of the Motor Vehicle Owners Right To Repair Act would ensure that vehicle owners have a choice of where they bring their vehicle for repairs, ensuring that vehicle repair is affordable and convenient for all Americans.

A wide variety of constituencies have come out in support of the Right To Repair Act, including those representing the military and their families, senior citizens, motorcycle riders, recyclers and organizations representing consumers and rural communities. Consumers benefit from competition and groups like AAA, the American Military Society and National Grange know that their members are at a disadvantage when neighborhood auto repair shops are denied ready access to nonproprietary service information and tools needed to properly maintain today's highly sophisticated motor vehicles.

Enthusiastic grassroots support of Right to Repair continues to gain momentum, sending a strong message to Congress that motoring consumers want this issue heard and passed. Tens of thousands have sent e-mails and letters of support to their elected officials and thousands have joined the rapidly growing. social media community to participate in the conversation and follow the legislative developments.

Please join us and take action by visiting www.righttorepair.org to send a letter to your members of Congress urging them to support the Right To Repair Act.

Trash deal turns Canadian trucks around

dumping charge is the lowest in the region, which turned our Great Lakes State into a magnet for garbage from Toronto and other

Ontario cities. Instead of using their own landfills, Ontario cities started filling up ours. Although these

dumping charges are set by the state, we took the fight to stop the trash to Congress. Legislative efforts in the U.S. House and Senate got the attention of the Canadians.

In the fall of 2005, our efforts brought Ontario officials to the negotiating table and together we hammered out an agreement that Ontario would stop sending their city trash to Michigan by the end of 2010. We are pleased to report that the agreement worked. As of Dec. 31, 2010, Toronto and three other municipalities stopped sending their city trash to Michigan.

This Stabenow-Levin agreement literally slams the brakes on 1.5 million tons of Ontario's city waste that otherwise would be dumped in our backyard every year.

Of all the proposed solutions to deal with Canadian trash, this is the only one that has shown a real, measurable reduction in waste coming into our state. In fact, more than 40,000 truckloads of trash would be entering Michigan each year had we not reached this agreement.

Many legal experts feel that if proposed federal legislation to simply ban Canadian trash passes, it will be subjected to lengthy court challenges under international laws for many years. One of the reasons our agreement has been successful is because it could not be challenged in court.

Canada has always been a great neighbor and we want to thank the Ontario officials and citizens who worked with us over the last four years to honor their agreement with our state. While this is an important victory, the fight is not over. In the coming months we will turn our attention to stopping the nonmunicipally managed waste coming into our state from private companies that was not covered by this agreement. We won't give up until all trash trucks coming into our great state from Canada are stopped.

Democrats Debbie Stabenow and Carl Levin represent Michigan in the U.S. Senate. Comments and questions can be sent to Stabenow on her website at stabenow.senate.gov and to Levin on his website at levin.senate.gov.

Club gets kids glued to 'old school' hobby

BY STACY JENKINS OBSERVER STAFF WRITER

When Bob Blevins was a kid, there weren't computers, XBox 360s, Playstations, the Wii, iPods or even cell phones to text his friends.

Entertaining television was a rarity.

"Cartoons were only on Saturday mornings," said Blevins, of Westland.

Building model cars, airplanes and more, was the thing to do, he said.

And, now he's making sure kids today have the same chance to experience the hobby that's become somewhat rare among kids nowadays.

Blevins leads a Kids Model
Building Club every Saturday at
Nankin Hobby in Farmington.
He started the club three years
ago and has introduced this
classic hobby to 180 kids since
its first season.

"I grew up model building," said Blevins, who is a member of the International Plastic Modelers Society, Livonia Chapter.

He, along with his son Travis, 14, and other volunteers from the IPMS-Livonia, run the free club every Saturday from 10 a.m. to noon in a large room at Nankin Hobby, on Nine Mile, just east of Farmington Road.

Blevins has a passion for model building and for exposing as many kids as possible to the lost art of sitting and building

something cool, from scratch.
"It's just something that we
never let go," he said. "A lot of
kids don't even know this hobby
exists. We love the hobby so
much and we don't want to let it

die out."

It's free to join the Kids Model
Building Club, which runs from
September through the end of
March. The first model car, a
snap together kit, is free. Nankin
Hobby offers a discount to club

members on kits and supplies.

The young modelers have built everything from battle ships and World War II airplanes to Indy cars, tanks and even a T-Rex dinosaur. Supplies are donated by Nankin Hobby and by fellow modelers, like Steve Grigg of Garden City, who stopped by

Donations and the generosity of Nankin Hobby makes the club possible, said Blevins. The shop was devastated by fire and reopened last August, with a bigger and better work area for the club to use.

QUALITY ACTIVITY

Scott White of Redford who is also in the IPMS Livonia chapter, brings his daughter Eden, 12, and his son, Lear, 8, to the club on Saturdays.

He enjoys the quality time with his kids.

"It's a nice solid chunk of time that I get to be with them," he said.

White became interested in modeling when he was in high school and is glad to pass the interest to his kids.

"I think it gives them a sense of accomplishment; it helps with hand-eye coordination and problem solving," he said. "They stop and ask questions and sometimes we figure it out together. There's a lot of patience involved. It's just a different set of skills."

His son, Lear, started building an Indy car last year, but lost some parts and moved on to a different model. He actually finished that car on Saturday, and was happy to show it everyone.

"I'm really proud of him," said Scott White.

His daughter, Eden, is working on something inspired by a trip to Greenfield Village.

She's building a reissued Robert E. Lee Revell brand Mississippi Steamboat, a kit that was first sold in 1957.

"I started working on a car, but this was more interesting to me," she said. "I saw (the boat) at Greenfield Village and thought it was really cool."

Tommy Strech, 14, of Livonia, is almost finished building a Mitsubishi A6M2 Zero Fighter, an airplane that was part of the attack on Pearl Harbor.

"Tommy likes the history of World War II, so it gives him the chance to learn more about it," said Tom Strech, his dad, who also grew up building models.

Tommy said it's nice to do something different.

"I like taking the time and breaking away from all of the electronics," he said. "And, I like seeing what others are building. To me, there's no good model and there's no bad model. You can't really mess up on a model."

20th Observerland grapples without 3 key teams

BY BRAD EMONS OBSERVER STAFF WRITER

Although three of last year's top four team finishers have opted out this year, the 20th annual Observerland **Invitational Wrestling** Tournament refuses to be pinned to the mat.

Fifteen teams will vie for. the title, including defending champion Novi-Detroit Catholic Central, last year's Division 1 state champion.

Tournament action begins at 9 a.m. at Livonia Churchill High School, with the finals set for approximately 5 p.m. All-

day admission is \$6.

Last year's Observerland runner-up Canton, currently ranked No. 8 in Division 1, along with third-place finisher Livonia Franklin and fourthplace finisher Westland John Glenn, will not be in the tournament for the first time.

Canton is coming off a runner-up finish in last weekend's Wayne County tourney hosted by Romulus.

Canton coach Cory Mancuso cited redundancy in scheduling for not attending the longtime tourney.

"We do not want to see the same teams over and over

again," he said. "Also, you need rest. Wrestling is a mentally and physically tough sport. Rest does the body good."

Meanwhile, Franklin is coming off a third-place finish at Wayne County and coach Dave Chiola raised similar issues.

"The KLAA and districts have virtually the same nucleus of teams," Chiola said. "Many of us travel very far to avoid seeing the same competition. The Wayne County tournament gave us a chance to go somewhere and see different competition. I don't think there was

Ocelots hang on

Freshman Shawnicka Thomas scored a gamehigh 18 points, including 12 straight late in the second half, to propel the eighthranked Schoolcraft College women's basketball team to a 68-57 victory Saturday at St. Clair County Community College.

The Lady Ocelots, who improved to 17-3 overall and 7-0 in the MCCAA's Eastern Conference, also got 16 points from Diamond Tolliver and 16 rebounds from Kimberly Bee.

Cameo Kendrick also chipped in with nine points and nine rebounds.

Niki Helm had 15 points, 10 rebounds and 10 assists for the Skippers, who led 50-48 with just over seven minutes remaining before Thomas took control.

Kelsey Jensen added 10 points for St. Clair (13-7, 5-2), which trailed 30-27 at halftime after going up 9-0 to start the game.

Schoolcraft shot only 36.5 percent from the floor (23of-63), including 38 percent from 3-point range (8-of-21). The Lady Ocelots were 14of-21 from the foul line (66.7 percent).

Crusader saluted

Madonna University sophomore Kaylee McGrath (Livonia Stevenson) was named Wolverine-Hoosier Athletic Conference Player of the Week in women's basketball for the second time this season.

The 6-foot center averaged 18 points and 6.5 rebounds in two games last week, including a 24-point performance last Saturday in a 74-47 win over visiting Indiana Tech.

McGrath ranks 30th in the NAIA nationally in field-goal

MU softball signees

Madonna University women's softball coach Al White announced the signing of two players for the 2011 season, including Karleigh Creighton (North Farmington) and Angela Pavilanis (Flat Rock).

Creightón is entering her fourth varsity season after hitting .401 her junior year with four homers. She is a two-time all-Oakland Activities Association, all-district and all-region selection.

"Karleigh is a player who can create havoc at the top of the lineup for us," White said. "She will add even more speed to our outfield next season. We lose a great outfielder this spring in Tara (LaMilza), but know that Karleigh could come in right away and play. She has learned from a great coach in Dave Brubaker and we are looking forward to getting her here."

Pavilanis, a pitcher, is also entering her fourth varsity season. The two-time all-Huron League and all-district selection holds Flat Rock season records for strikeouts (259), wins (18) and earnedrun average (0.76) for coach Steve Pryzblo.

Pavilanis is also a two-time all-Huron League pick in basketball and member of the National Honor Society.

During a timeout midway through the second half Saturday and the host Madonna University women's comfortably ahead, the musical interlude played "Rocky III's" theme song "Eye of the Tiger."

By then the host Crusaders

had already delivered knockout punch on its way to recording an easy 74-47 Wolverine-Hoosier Athletic Conference triumph over

Kaylee McGrath Indiana Tech

Revenge definitely was on the mind of the Crusaders, who lost an earlier meeting this season (Dec. 1) at Tech, 78-63.

Livonia Stevenson grad Kaylee McGrath, a 6-foot-1 sophomore center, tied a career-high high with 24 points to go along with seven rebounds as MU improved to 8-9 overall and 4-5 in the WHAC.

"It was just a great team effort," McGrath said. "We were all working so well together. We were passing the ball nicely. We came off of a tough loss at Aguinas (54-47 on Wednesday) and we knew it was time to get it

"We lost to Indiana Tech the first time and we knew it was time to get back at them and showed that we deserved to win."

McGrath, who went both inside and outside, was one of the major reasons why the Crusaders enjoyed a 38-24 halftime advantage as she tallied 17 points on 7-of-11 shooting.

"McGrath is a pretty special player," MU coach Carl Graves said. "We've never expected this

amount of growth in a year and a half here, but she's unbelievable right now. She does some wonderful things. She listens well. Slie's starting to do some things in practice to help her game get better because people are now keying on her and she hasn't slowed down a bit, so it's really cool to see her come out with a performance like that.

Tabatha Wydryck, a senior forward, added her third doubledouble of the season with 15 points and 11 rebounds.

Erin Bentley also came off the bench to score 11 points, while starter Heather contributed 10.

The Crusaders shot 41.8 percent from the floor, but ironically did better from the three-point line going 11-of-21 (52.4 percent).

"That's scary, isn't it?" Graves said of his team's three-point prowess. "They shoot well like that in practice all the time. We've been waiting for an explosion like that from the threepoint line. I've got some really good shooters on the perimeter. Most teams are starting to stand in the paint guard us, so it's always nice to have that type of performance."

Indiana Tech (10-13, 4-5) shot only 29.6 from the floor to go along 24 turnovers.

The Warriors' leading scorer Yasmine Coleman finished with a team-high 17 points.

Meanwhile, McGrath showed why she had the "Eye of the Tiger" as she hit two-for-two from the three-point line and added four assists. She is averaging 16 points and seven boards per game to lead MU.

"I've always been a three-point shooter," the Stevenson grad said. "I was a guard until high school and then I kind of grew into a post player."

Jordan Hornes rolled games of 267-237 to pace John Glenn to a 19-11 KLAA Central Division win Monday over rival Wayne at Novi Bowl.

Pin pals meet

Glenn boys stay unbeaten, stop rival Wayne

The much anticipated matchup between boys bowling rivals Westland John Glenn and Wayne Memorial did not disappoint

Monday afternoon at Novi Bowl. Glenn emerged the victor with a 19-11 triumph to improve to 9-0 overall and 6-0 in the KLAA's Central Division.

"The score doesn't represent the outcome of the match," Glenn coach Ron Brusseau said. "It was a close, hard-fought match that could have gone either way."

Glenn edged the Zebras in the first Baker game (alternating shots), 202-200, while Wayne ran away with the second, 226-167 to post six out of a possible 10 points.

The match game would decide everything and each team was up to the challenge. Glenn captured the first game by only 12 pins, 1,040-1,028, and it went down to the wire in the second with the Rockets outscor-

ing Wayne, 1,065-1,042, to take 15 of a possible 20 points. Jordan Hornes paced the Rockets with a two-game set of 267-237-504. Teammate John Cleavenger finished with a 216-212-438, while Daniel Ammons rolled a 235

single game. Wayne's Jeremy Brown was also up the challenge with a two-game set of 236-227-463. Elliot Arnold added a 232-215-447 and T.J. Lave had a single game of 231.

The loss drops Wayne to 8-1 overall and 5-1 in the KLAA Central. On the girls side, Glenn won both Baker

games and moved into a three-way tie for first place in the KLAA Central with a 16-14 win over the Zebras. Tiffany Markham rolled a single game best

of 230 for Wayne, while Khiry Sparks paced Glenn with a 211. Glenn is now 5-4 overall, while Wayne falls to 6-3. Both teams are 4-2 in the KLAA

Central (tied with Salem). Wayne County boys

Flat Rock defeated Salem, 185-152, 191-170, in the finals in Saturday's sixth annual Wayne County Tournament held at Cherry Hill Lanes in Dearborn Heights.

Defending champion John Glenn and district rival Wayne finished one-two in the qualifying block with totals of 3,663 and 3,612, respectively.

Wayne Memorial's Elliot Arnold posted games of 233-215 in Monday's 19-11 loss to rival Westland John Glenn.

Crusader bid falls short

Redshirt junior Tyler Coker's career-high 16 points wasn't enough Saturday as the Madonna University men's basketball team fell to host Indiana Tech, 62-56, at the Schaefer Center.

Fellow redshirt junior Mitch Cieslak added 10 points, while senior Geoff Gaylor added 10 points, nine rebounds and

two blocks. **COLLEGE HOOPS** Freshman point-guard Bobby Naubert (Livonia

Stevenson) tallied nine points as the Crusaders fell to 5-16 overall and 3-6 in the Wolverine-Hoosier Athletic Conference.

Indiana Tech (16-6, 7-2) got 14 points from Rodney Bartholomew, while Clyde McKinney and Ashton Foster added 13 apiece. Manny Hendrix chipped in with 11.

The Warriors led by 33-23 at halftime and by as many as 14 points in the second half before MU pulled even at 51-all on a basket by Gaylor with 3:36 left.

But Bartholomew's two free throws put Tech back up for good and the Warriors made all six of its free throws down the stretch to claim the WHAC

Indiana Tech went 23-of-32 from the foul line, while MU

ST. CLAIR CC 91, SCHOOLCRAFT 68:

On Saturday, Chatavious Turner scored 21 points and Jesse Scheinke added 17 as host St. Clair County Community College (16-5, 6-1) downed Schoolcraft College (8-12, 2-5) in an MCCAA Eastern Conference

The Ocelots, who dug themselves a 55-30 halftime hole, got 22 points and nine rebounds from Wayne Memorial's Daniel Hill.

Lydell Mason added 14 points and 17 rebounds, while Karl Moore contributed 10 points.

Schoolcraft lost two players to injury including Ron Pummill (Garden City) in the first 30 seconds of the game and Mohamed Elhaj in the second half. Neither player returned.

Schoolcraft shot only 12-of-24 from the foul line, while St. Clair County was 6-of-9.

Glenn posted match games of 946-915-991 and a two-game Baker set of 438-373. Wayne finished with a 905-876-940 in match games and posted a two-game Baker set of 453-438. Glenn was eliminated in the semifinals by Flat Rock, 174-162 and 177-171 in a best two-

Banged up Pats take 3rd at Wayne County

Despite fighting the injury bug, the Livonia Franklin wrestling team earned a thirdplace finish in Saturday's Wayne County Championships hosted by Romulus.

Southgate Anderson came away with the team title in the 33-team field with 192 points. Rounding out the top five was state-ranked Canton (166), Franklin (151), Highland Park (117) and Dearborn Heights Crestwood (115.5). See complete results.

"I thought we wrestled pretty well," Franklin coach Dave Chiola said. "We were beaten badly on Wednesday by Canton and we looked much better today. It's always a credit to the guys when they rebound after adversity. This has been the hardest hit team by injuries in my 11 years here. There were years we had great depth and never got an injury."

Franklin boasted two individual champions led by Steve Tuyo (130 pounds) and Matt Roos (171).

Runner-up finishers for the Patriots included Gabe Martinez (119) and Jordan Atienza (125).

Other placers included Danny Martinez (112), third; Avery Opperman (152), fourth; and Josh Hatfield (145), sixth.

This year we have very little depth and we're losing quality kids," Chiola said. "Jordan

McGuire (140) and Omar Haymour (285) have been out for almost a month. Allen Steele (160) was up 11-3 on Saturday when he separated his shoulder. We're not even wrestling a 215 pounder and we had four of them. They're all hurt."

Despite being bruised and battered, the Patriots gave a good account of themselves.

"I think it's great that we went into a tough tournament short-handed and wrestled well enough to take third against a lot of quality schools," Chiola said. "This was a great tournament. I hope more teams sign up next year. We'll definitely be back. Right now we just want to get as many people healthy as we can so we can prepare for the postsea-

Other area teams participating included Westland John Glenn, eighth (87.5 points); Wayne Memorial, 11th (62); Lutheran High Westland, 26th (21); and Livonia Clarenceville, 30th (15).

Glenn got an individual title from 103-pounder Kyle Gillies, while Kameron Jones place third at 171.

Minus head coach Garden City romps, 48-22

BY MIKE ROSENBAUM CORRESPONDENT

Garden City girls basketball coach Barry Patterson was a bit under the weather Tuesday and missed the Cougars' game against visiting Lutheran High Westland.

If he plans on making a quick recovery, Patterson might not want to view the video of Tuesday's first quarter - at least the offensive segments - which might make him feel worse. The rest of the contest, however, should brighten his spirits, as Garden City dropped the Warriors,

A basket by Deanna Hudson and a free throw from Hillarie Werda marked the Cougars' entire offensive production in Tuesday's first quarter. But that was still three points better than the Warriors, who were blanked for the entire eight minutes.

Junior varsity coach Michele Tyree subbed for Patterson - who's expected to return for GG's next contest – and felt the team took some time "getting used to a different coach stepping up and having to take over." She and the players, she added, were "just not sure of each other, I think, and just trying to get in the flow of the

But the Cougars found their stride in the second quarter, as Samantha Fischer frequently penetrated the Warriors' defense, often dishing to Aleiah Smith for easy buckets in the paint.

We were looking to be aggressive, attack the basket," explained Tyree, "and if we can't get in, get it to one of our post players. And just keep looking to better control the boards.

Defensively, Garden City pressured Lutheran Westland throughout the contest, forcing numerous turnovers.

The Warriors finally got on the board on an Aldreana Fikes basket, 1:40 into the second quarter, trimming the lead to 7-2. But the Cougars gradually stretched their advantage, finishing the quarter with a 7-0 run for a 23-11 margin at halftime.

The Cougars stepped up their defensive pressure with a full-court zone press in the third quarter and pitched another shutout, outscoring the Warriors, 12-0.

We put some pressure on them," Tyree said. "I don't know if we executed it exactly the way we wanted to, but we were able to put some pressure, get them to make some turnovers.

We got some steals, got to the basket a few times in transi-

Fischer hit back-to-back triples early in the third to extend the Cougars' lead to 31-11.

It was 35-11 after three quarters, and the lead never dropped below 22 in the final eight minutes.

Fischer led all scorers with 13 points and dished off three assists. Smith added eight points and 10 rebounds, while Hudson tallied seven points and eight boards.

Junior Amanda Terranella led the Warriors with 12 points. Garden City improved to 6-5 overall, while the loss dropped

Lutheran Westland to 1-10.

"I think we're coming together," Tyree said. "We've got some seniors who've been playing on varsity for awhile, got some young players coming along. I think we're starting to jell. And hopefully we'll make a big run in the second half of the league.'

The Cougars return to action Friday at home against Redford Union, while Lutheran Westland also plays Friday at home against Michigan Independent Athletic Conference Blue Division leader and state-ranked Grosse Pointe Woods University-

Glenn outscored the Lions 17-7 in the third period to gain control.

Soccer signup

The Livonia City Soccer Club has opened registration for the spring 2011 recreational soccer program for both boys and girls in all age groups.

Registration information can be found on the club's website, www.livoiniacitysoccerclub.com or by calling the club offices at (734) 464-8575.

good enough communication between ADs and coaches, but this was not a sudden decision. I made my decision last March, and as far as I know many of the other coaches did the same."

Chiola, however, said he has always been a big supporter of the tournament, but would like to see it moved up on the schedule for sometime in December. "This has always been a

great tournament with a storied past, and I would certainly consider going to it early in the year," he said. "With the emergence of the Wayne County tournament and the formation of the KLAA, the need for the Observerland tournament isn't as necessary as it was when it was formed.

"I was at Garden City when a group of coaches came up with the idea for an Observerland tournament to cut down on All-Area discussions. We actually hosted the first five years. Now that we have KLAA and Wayne County, the need just isn't there anymore.'

Glenn, which has earned two straight trips to the Division 1 state team finals, also pulled out because of scheduling issues, according to coach Bill Polk.

Despite receiving a contract, Churchill Athletic Director Marc Hage and tournament director Marty Altounian, the Chargers' varsity coach, were not notified until last week that Glenn was not coming.

"Some changes had to be made and unfortunately we had to go in another direction," Polk said. "I have always enjoyed the tournament and Churchill has always done an outstanding job.

"With the Wayne County, KLAA, and Observer right between the two, we see a lot of the same teams three weeks in a row. At Wayne County, we see many of the district teams, so it's important to have that take place before the postseason. And the KLAA tournament (Feb. 5) is a league meet, so we can't change that. So with changes etc ... I had to make the decision that John Glenn had to do what's best for our schedule.'

Despite the no-shows, the event will still feature some outstanding individual grapplers, with CC being the dominant team.

The Shamrocks, ranked No. 1 in Division 1, are coming off a couple of close dual meet defeats, including a 30-28 setback last Saturday at Cincinnati Moeller and a 29-25 loss Wednesday at home against St. Johns, ranked No. 1 in Division 2.

CC will be an overwhelming favorite to repeat because it currently has 10 wrestlers ranked among the top 10 in their respective weight classes statewide by MichiganGrappler.com.

Two-time state champion Alec Mooradian, a junior, is the No. 1-rated grappler at 135 pounds.

Among the other top 10-

ranked CC wrestlers are Evan

Toth (103), Malik Amine (112), Ken Bade (125), Logan Marcicki (135), Nick Mason (145), Drew Garcia (152), Andrew Erickson (160), Kevin Beazley (171) and Miles Trealout (189). Beazley, a transfer from

Farmington Hills Harrison, was the upper weights MVP

after finishing runner-up at 160 to Canton's Brent Winekoff. Other Observerland wrestlers ranked in their respective weight classes statewide in Division 1 include Jacob Meadows, Churchill (119);

(125); and Brendan Papin, Belleville (135). In Division 2, Andre Sanders (119) and James Roberts (140), both from Harrison, are listed in the top

Alex Breckenridge, Plymouth

Redford Union's Josh Hall, the Wayne County champ, will also make the 135-pound division one of the most competitive among the 14 weight classes.

Mark White Band will perform at Faith and Family Night, Friday, Jan. 28 after the Plymouth Whalers hockey game.

Hockey team brings fans together for faith night Jan. 28

O&E STAFF WRITER

Pastor Jack Janigian will deliver his message from the perfect pulpit Friday, Jan. 28.

"I'm going to speak while standing on the ice," said the youth minister from Oak Pointe Church in Novi. "I'm going to talk about what kind of surface we're trying to walk around on and what we do when we fall down.'

Janigian will give the inspirational talk from center ice at Compuware Arena as a part of the Plymouth Whaler's Faith and Family Night after the hockey team's game against the Niagara IceDogs.

Speaking on center ice is pretty unusual, but it will be a Îot of fun," Janigian said. "I do a lot of speaking in metro Detroit at schools and camps and churches. They called me and I am happy to do it. There will be a big crew from our church there. It will be a fun event for students and families as well."

The game will start at 7:05 p.m., followed by Janigian's comments and a performance by Christian rockers, The Mark White Band. Tickets are \$11 and are available by calling (734) 453-8400 or visiting the arena box office, open 9 a.m. to 6 p.m. Monday-Friday at 14900 Beck, in Plymouth.

The Whalers regularly stage theme events, such as frozen turkey bowling at Thanksgiving and an annual "Pink Out" campaign to raise money for breast cancer research. Faith and Family night is a new event,

We have an anthem program and have had a lot of churches participate in it," she said. "We've had men's prayer groups here and church choirs. We've been reaching out for a few years now and see these groups — youth groups, moms groups, men's prayer groups in line with what we do."

Players also make appearances off the ice at community events, schools and fund-raisers. Ronayne said it helps teach them to "give back" and maintains a connection with the community.

The Plymouth Whalers are a part of the Ontario Hockey League. Ronayne describes the games as "professional, but grass roots, too."

"It's the highest level kids can play. In terms of excitement, there are NHL scouts here. We might have 10 kids go on to the

She said some players, such as Whalers center Robbie Czarnik, willingly talk about their faith.

'He's the first person to say he didn't get here by himself. He's going to tell you it was his Christian beliefs that got him here.

Ronayne said Faith and Family night could evolve into a weekend event after it debuts.

"We need to present it and see how it goes. We're going to have a blast. Everyone is excited

BRANDS BUSTED OUT AT DETROIT AUTO SHO

Advertising Feature

By Dale Buss

The North American International Auto Show may be over for another year, but the impressions it left on Detroit-area car shoppers - and on the national and international auto industries - will reverberate throughout 2011.

The show at Cobo Center represented a return of some of the optimism and even brand bravado that had characterized the Detroit extravaganza for many years leading up to the Great Recession.

Among the highlights of presentations by brands and executives to the global automotive press, before the public show opened:

Buick Highlights Luxury Ambitions: The General Motors luxury brand has always been Cadillac. But since the company slashed its active brands from eight to four last year, Buick brandmeisters have been trying to move their marque upscale by calling it "luxury" as well.

That happened again at the show John Schwegman, U.S. vice president of marketing, touted the new Verano compact sedan as a "luxury" vehicle that would compete with "European and Japanese" upscale brands. He also noted that, in 2010, Buick's sales rose by 52 percent, the most of any mainstream brand in the U.S. market, and "placing it No.4 among all luxury brands, and

ahead of Lincoln, Infiniti and Audi.'

Verano will go on sale in the U.S. late this year, the latest model in what Buick is calling a "product renaissance" that began with the Enclave crossover-utility vehicle and continued with introductions of the new LaCrosse and Regal sedans.

Verano will have a "refined and sporty profile," Schwegman noted. It will boast "the most comfortable seats in the segment," he said, an available heated steering wheel, connectivity to a Pandora system that will stream music to Bose speakers, and a remote unlock and start with "no range limitations."

Marchionne Spreads the Word for Detroit: He's much softer-spoken, but Sergio Marchionne's ability to draw and hold auto-industry crowds is increasingly reminiscent of another Chrysler CEO of Italian descent.

He told Detroit's dean of talk-radio hosts that he believes strongly in the Jeep brand, especially after the new Jeep Grand Cherokee SUV, introduced last fall, has gotten off to a fast start in sales. Customers of all Chrysler brands have been short of new sheet metal to consider for a couple of years, of course, but now Fiat has helped Chrysler turn on the new-product spigot again, with revamped and new vehicles such as a fresh version of the mainstay 300 sedan that was unveiled at the Detroit show.

The 2011 Buick Verano is meant to capture sales in the compact-luxury seament

Toyota's first in a new family of Prius vehicles, the V

"I think Jeep can actually become a global brand powerhouse," Marchionne told Paul W. Smith on WJR Radio. "Jeep can carry this brand internationally."

In fact, Marchionne said, he has been so impressed by how Chrysler designers, engineers and manufacturing managers put together the new Grand Cherokee and established output in the Chrysler assembly plant in Detroit that he has awarded the group with responsibility for developing a new SUV in partnership with Maserati, another Fiat brand, for a line of vehicles that would be sold worldwide.

"V" Are Family as Toyota Extends **Prius Lineup:** Toyota unveiled two new vehicles that extended its singlevehicle Prius brand to a "family" of models that now includes a larger Prius and Toyota's first plug-in hybrid.

Prius may have had problems finding buyers over the last couple of years of relatively quiet gasoline prices, but recent jumps have quickened the interest of American consumers in hybrids again. December sales of Prius in the U.S. were a record for any winter

And exact timing aside, extending the Prius sub-brand gives Toyota its best

chance yet to plumb its "mystique and persona," said Bob Carter, Toyota division general manager. "Prius has the highest brand awareness of an hybrid, with almost one million sold. The brand is like Levis with jeans, or Kleenex and tissue."

Prius V - for "versatility" - has 60 percent more cargo space than the current third generation of the original Prius hybrid, Carter said. Yet it offers the same emissions reductions as the current Prius. The new Prius has "comfortable seating for five" and is aimed especially at young families who like the vehicle's green credentials but wanted more interior room as well, he explained.

Stylistically, the vehicle resembles some of the smaller crossover-utility vehicles already on the market. It has a squared-off rear end and a low, broad, rectangular-shaped hatch for easy access.

Prius V also will feature a standard back-up camera and a moonroof made of lightweight resin. It will be the first Toyota equipped with the widely hailed Entune infotainment system that the company introduced last week at the
