New Ford Ranger begins assembly in Wayne

David Veselenak

USA TODAY NETWORK — MICHIGAN

It's been more than 20 years since Laura Turner last bought a Ford Ranger. She's looking forward to the day when she can put the key into a brand-new one and drive off in it.

"This is perfect. I can fit everything in here," the Canton resident said, pointing to the truck bed. "We were raised with cars. It's in our blood. So I was super-excited."

That day is coming sooner rather than later, thanks to the work at the Michigan Assembly Plant, 38303 Michigan Avenue, in Wayne. A celebration

lauding the return of the Ranger took place outside the plant Monday, complete with vehicles on display and an off-road test track for employees and media members to get a feel for the truck's capabilities.

The plan to bring the midsize truck back came as a result of a secret meeting back in 2015 between Ford and United

Auto Workers leadership. Bringing it into the 2015 contract negotiations, Ford decided to shift production of smaller cars to Mexico and convert the plant to building trucks.

Turner bought a 1994 Ranger brand-new in her early 20s and owned it for

CANINE COMFORT

Therapy dogs help students cope with trauma, stress

Monroe, Rosalee and Adalind aren't your usual furry friends. Sure, they love belly rubs, snuggling and playing fetch, but this canine trio also is into providing comfort and care as therapy dogs.

Members of Go Team Michigan Therapy Dogs, the three canines are visiting locations in Wayne, Oakland and Livingston counties, including Cambridge High School in Garden City, where they mingle among students in their classrooms and even take to the basketball court at lunchtime.

"I thought having a therapy dog would be such a wonderful thing to do, since I'm retired," said Bonnie Barbick of Pinckney, who handles the dogs with her husband Paul. "I wanted a dog that I could count on and train, especially since we have an autistic grandchild. I have always been drawn to care giving."

Cambridge Director Debbie Eves found out about the therapy dogs through her granddaughter, who attends Stockbridge High School. The dogs visit the high school three days a week. The idea of therapy dogs fits in well with Cambridge High School's focus on being a trauma-informed school in which the staff has prepared to recognize and respond to students who have been impacted by traumatic stress.

Eves contacted Barbick about bringing the dogs to Cambridge and "this wonderful lady said yes."

"In delving more into trauma-informed schools, I found that yoga, chill rooms and therapy dogs were resources that can be used with students when they have high anxiety, PTSD and/or living with trauma everyday," Eves said. "It's hard for students to concentrate on academics when they face these issues daily."

"The goal is to not only provide tools to cope with extreme situations, but to create an underlying culture of respect and support," Eves added.

Barbick's three dogs are Adalind, who she got through SwissRidge Kennels in Schomberg, Ontario, Canada; Monroe, a berneseoodle, a cross between a Bernese mountain dog and poodle (his trading card lists him as liking swimming, hiking, traveling, playing fetch, snuggling and working with kids and adults); and Rosalee, a mini English golden doodle, who like Monroe enjoys

Recreational marijuana? Voters will decide Nov. 6

Matt Jachman
hometownlife.com
USA TODAY NETWORK — MICHIGAN

Michigan voters will decide next month whether to join nine other states and the District of Columbia in legalizing marijuana for recreational use.

Proposal 1, the result of a petition drive that gathered more than 360,000 signatures, would allow residents age 21 and older to keep up to 10 ounces of marijuana and cultivate up to 12 plants at a time, plus would establish a framework for regulating a marijuana industry that would include growers, transporters, safety compliance testers and retail outlets. The plan will appear on the Tuesday, Nov. 6, general election ballot.

Supporters say Proposal 1 would free law enforcement resources to focus on more serious crimes, help level a justice system that disproportionately affects people of color when it comes to marijuana offenses and bring in much-needed tax revenue that would fund schools and transportation infrastructure, as well as the new regulatory system.

"The point is to design a system that encourages people to come into the legal, regulated marketplace and design the economics so that there's less incentive to participate in the black market," said Matthew Abel, a lawyer and longtime advocate of legalization. Abel, executive director of the Michigan chapter of the National Organization for the Reform of Marijuana Laws, helped draft the document that will become law should the measure pass.

"Just like with alcohol, the prohibition of marijuana has actually increased crime," said Robin Schneider of the Coalition to Regulate Marijuana Like Alcohol, speaking earlier this month in Canton Township. "It's completely failed to decrease consumption. ... It's not working to protect the youth of our communities."

Opponents warn of unintended consequences: increased use by children and teenagers, higher rates of impaired driving and more traffic crashes and illegal activity by sellers who want to skirt the rules and growers who could hide in plain sight and export their marijuana to other states. Michigan, they say, should learn from states where it's already legal.

"These laws have not been on the

several years. She eventually sold it after a decade and currently drives an Escape. She's hoping to wrap up her lease early and get back driving to the truck she fell in love with in the '90s.

"I wanted something that was good in the snow," she said. "I knew that eventually I'd get my own boat and, eventually, I did.

"It was something that was perfect for me. It pulled a 23-foot boat without a problem."

The truck's assembly at the Wayne plant isn't just good news for the 3,000 people who work at the plant; it's good news for the city of Wayne.

Mayor Susan Rowe said the decision to keep assembling vehicles at the plant — Ford ended production of the smaller Focus and C-Max at the plant after nearly a decade of building them earlier this year — is one that keeps Wayne on the map.

She cited the work Ford is doing in Wayne, as well as the new Amazon fulfillment center in nearby Romulus, as ways to keep several towns in western Wayne County moving forward economically.

"It's very important to the economic vitality of the surrounding area," Rowe said. "Companies are coming into this area and wanting to build and revitalize the cities we're in."

Ford invested about \$850 million into the plant this year to bring the Ranger production to the city. Most employees will return to work Oct. 29 to crank out production on the truck.

And the Ranger isn't the only new vehicle coming out of Wayne. Another iconic vehicle, the Bronco, will make its return in 2020. That vehicle will also be constructed at the Michigan Assembly Plant as well, where it was made from 1966-96.

Erik Williams, plant manager, said preparations have been made since January 2017 for the changeover, which is when it was announced the Ranger was coming to Wayne.

"This is a significant milestone for us as well as Ford Motor Co. and southeast Michigan as a whole and American manufacturing," Williams said. "What we're about to embark on here at Michigan Assembly Plant is a momentous

event."

Wayne Mayor Pro Tem Anthony Miller said Ford's newest investment is just the latest move to keep Wayne moving forward and climbing out of the financial problems it's had in recent years.

"We have a downtown that is in the process of being revitalized," he said. "We have great housing stock here for first-time buyers, there's so much potential. This community is a diamond in the rough."

Wild appoints new board, commission members

The Westland City Council has approved Mayor William Wild's appointment of Gerald Danielewicz to serve on the Downtown Development Authority for a four-year term that will expire in 2022.

Danielewicz, a small business owner, has owned and operated Sportway of Westland, a popular local entertainment venue, since 1985. He also served as director of finance and administration of the Michigan Credit Union League and possesses a master's of business administration in finance from Wayne State University.

At council's Oct. 16 meeting, it also approved the appointment of Jason Freese to the DDA. Freese is a lifetime Westland resident and co-owner of the family owned Norman's Market located in the DDA district. He is a graduate of John Glenn High School and his father served on the original DDA board under Mayor Robert Thomas.

The DDA is governed by 11-member board appointed by the mayor and subject to the approval of city council. Members are appointed to four-year terms. Members must reside, work or have ownership interest in property within the DDA district that includes all

Danielewicz Downing Gorrington Wilson

of Ford Road and Wayne Road south of Ford Road to Glenwood. The DDA promotes and facilitates plans that result in continued development, redevelopment, revitalization and/or reuse of properties within the DDA district boundaries. Regularly scheduled board meetings take place at 8 a.m. the fourth Thursday of each month at city hall, 36300 Warren Road, and are open to the public.

Lori Wilson was also reappointed to the planning commission for a three-year term that will expire in 2021. Wilson is a longtime Westland resident and has served on the planning commission since 2000. She is a 54-year Westland resident and is in charge of configuration and data management at AM General, LLC., a

heavy vehicle and contract automotive manufacturer.

Council also approved the appointment of two members to the zoning board of appeals.

Merrill Downing was appointed to the ZBA to a term that will expire in May 2020. Downing is a longtime Westland resident and was formerly serving as an alternate on the ZBA. He sent a letter requesting consideration for an appointment upon the departure of another ZBA member.

Also appointed to the ZBA was Adam Gorrington, who will serve a three-year term, set to expire Oct. 15, 2021. Gorrington is a Westland resident and a construction technology instructor at the William D. Ford Career Technical Center in Westland. He is also a licensed builder and the founder of Detroit Hand Works, LLC.

Anyone interested in serving on a Westland board or commission can find a complete list of vacancies, information, requirements and explanations on each and an application on www.cityofwestland.com by clicking on the "Get Involved" icon. Applications can be submitted electronically or paper applications can be printed from the website and dropped off at Westland City Hall.

A dirty can opener. A dead mouse. No hot water in a cook's sink. Mold on the inside of an ice machine. Cole saw kept in a 52-degree cooler.

It's the kind of careless actions in restaurants and other food-service places that can lead to food-borne illnesses. The Atlanta-based Centers for Disease Control and Prevention estimates that, each year, 48 million people get sick, 128,000 are hospitalized and 3,000 die from such illnesses.

Wayne County is working to lessen those chances with 18 environmental food service inspectors who, each year, pay unannounced visits to 3,500 restaurants, schools, festivals, houses of worship, street fairs, clubs, bars and food trucks. This excludes Detroit, which has its own inspection unit.

In an ongoing series, Hometown Life is reporting on food safety violations by restaurants that handle the food you eat.

The latest installment focuses on findings in September by Wayne County food inspectors, who pay unannounced visits to restaurants, schools, festivals, street fairs, houses of worship and other places that serve food to the public. Their goal is to get problems corrected in an effort to avoid food-borne illnesses.

Hometown Life is taking a look at "priority" items — some of the most serious.

In September, 44 restaurants in Livonia had priority violations; Northville had nine; Canton had 33; Plymouth had seven; and Westland had 16.

Generally, priority items — improper cooking times,

prepared food with no expiration date, perishable food left outside a refrigerator — are violations that could lead to food-borne illnesses.

Some violations appear more often than others on inspection reports. One common culprit — one that could lead to food-borne illnesses — involves certain perishable food stored at temperatures higher than 41 degrees, which is a violation. Hot foods, meanwhile, should be cooked to 135 degrees or warmer.

Lesser violations might include no soap in an employee restroom or flies near a floor drain. A core violation could include a microwave needing cleaning on the inside or a back screen door that isn't tight-fitting.

Find out which local restaurants and what the violations are at hometownlife.com.

old adore him," Barbick said. "Rosalee is my old soul. She is a very calm

goldendoodle. Adalind is a love bucket. She just wants to hug and lick and snuggle. All these dogs want to do is please and love and make everyone very happy."

In addition to Cam-

bridge and Stockbridge high schools, the dogs also visit Quality Care of Howell once a week, Kennedy Learning Center in Southfield once a month and the Downriver Veterans Court every few

months.

Barbick does obedience training at Sit Means Sit in Rochester Hills. It promotes the Go Team, which got its start with the Waldo Canyon Fires in Colorado in sum-

mer 2012. Go Team founder Nancy Trepagnier is the master trainer and travels the country doing weekend training for Go Team candidates, Barbick said.

"We train on buses, escalators, elevators, stairs. We go to a fire house and train around the sirens and lights on the trucks," Barbick said. "The dogs greet the fully suited firefighters. We also visit large crowded areas like Bass Pro Shops and work the crowd. We visit assisted living and memory care facilities and train at airports and with the TSA."

"There also is classroom work as well, so it's a very full weekend of training," she added. "If you graduate, you are a certified Go Team Therapy, Crisis and Airport member."

The Go Team is recognized by the American Kennel Club as a certified therapy group. Dogs must have earned the AKC's Canine Good Citizen title before even trying for Go Team. Once they complete Go Team training, dogs earn the AKC's Ca-

nine Good Citizen Advanced and Urban titles.

Monroe and Roasalee also have three additional AKC titles — Therapy Dog, Therapy Dog Advanced and Therapy Dog Excellent. The latter is a new title. Barbick's dogs earned it after making 200 visits.

"A therapy dog should be non-reactive to other dogs and be very friendly and loving to all they meet," Barbick said. "We are trained to give comfort and affection to anyone that wants to have us visit."

"I am not a trainer, but we constantly go to training classes to keep us on top of our game," she added.

The Go Team goes well beyond Michigan. According to Barbick, "we have almost 1,000 teams nationwide. We also have a team in Germany and South Korea." With the holidays coming, she is hoping to have the therapy dogs "work the airports during the holiday season as stress buster dogs."

Barbick's dogs aren't the only canines that visit the school. Supervisors Noral Ford and Mary Ann Brewer bring their dogs Marco and Sophie to school and have them visit classrooms to interact with students. Some students also get the opportunity to walk Marco in the halls as a reward for good behavior.

"Students smile when they see the dogs; they bend down and pet them and you can see their stress lifting, even if it's momentary," Eves said. "Positive experiences like that help them cope."

For more information about the Go Team Therapy Dogs, go to GoTeamDogs.org or info@GoTeamDogs.org. Cambridge High School is a school of choice high school, offering students an opportunity to recover credits and graduate. For more information, call 734-762-8430.

What you should know about Proposal 1

Matt Jachman
hometownlife.com
USA TODAY NETWORK — MICHIGAN

Proposal 1, a 100-word yes-or-no question voters across the state will answer Nov. 6, has behind it a legal document — the Michigan Regulation and Taxation of Marihuana Act — that defines the dos and don'ts of recreational marijuana and outlines a system for regulating its cultivation, production, sale and taxation.

The proposed act will become law should Proposal 1 be approved next month. Here are some of its key points:

■ Individuals age 21 and over would be able to possess up to 2.5 ounces of marijuana (including no more than 15 grams of concentrate) on their persons and up to 10 ounces in their homes and would be able to have up to 12 plants at home for personal use. Amounts greater than 2.5 ounces would have to be kept in a locked container or a locked area with restricted access.

■ Operating a vehicle while under the influence of marijuana would not be legalized, nor would smoking it within any vehicle on public roads, waterways or airspace.

■ There would be no protections for

marijuana users regarding workplace drug-testing or for users whose prospective employers test them as a part of a hiring process. Employers would not be required to make accommodations for marijuana users.

■ Marijuana consumption in public and smoking marijuana where forbidden by the person who owns, occupies or manages the property would not be authorized, except that municipalities could designate areas for consumption from which people under age 21 would be barred.

■ The Department of Licensing and Regulatory Affairs would set rules to administer the act and oversee regulation of the marijuana industry. It would have up to 12 months to organize the licensing system before accepting applications.

■ Licenses would be required for retailers, marijuana safety compliance facilities, transporters, processors, growers and micro-businesses; a micro-business license would enable the holder to cultivate up to 150 plants, process and package marijuana and sell or transfer marijuana to people over age 21 or to a safety compliance facility, but not to any other marijuana establishments.

■ Growers licenses would come in three types: Class A (100 or fewer

plants), Class B (no more than 500 plants) and Class C (no more than 2,000 plants).

■ Processors could not make, and retailers could not sell, marijuana-infused candy that could be confused with ordinary candy or that is in shapes or packaging that would be attractive to children. Retailers would have to sell marijuana in child-resistant packaging.

■ Communities could adopt legislation to prohibit marijuana establishments or to limit the number of such establishments and could also adopt ordinances for their zoning and for the regulation of hours of operation.

■ Citizens, using a petition drive, would be able put on the ballot an ordinance proposal to provide for the number of marijuana establishments in that community or to ban them completely. A ballot initiative would allow voters the chance to override their community's elected officials if the officials banned marijuana establishments.

A community's ban would not apply to people who grow and possess marijuana for personal use.

■ Retail marijuana sales would be subject to a 10-percent excise tax, as well as Michigan's 6-percent sales tax. That would put Michigan's marijuana

taxes among the lowest compared to states where recreational marijuana is now legal.

■ The state's marijuana revenue (the excise taxes and licensing fees) would be used to implement and enforce the act and excess would be allocated as follows: 35 percent to the school aid fund, 35 percent to the transportation fund, 15 percent to municipalities in which marijuana retail stores or micro-businesses are located and 15 percent to counties in which marijuana retail stores or micro-businesses are located. The money sent to counties and communities would be allocated in proportion to the number of retail stores and micro-businesses within the community or county.

■ In addition, \$20 million would be set aside annually, for at least two years, to fund clinical trials, approved by the Food and Drug Administration, into the effectiveness of marijuana in treating the medical conditions of military veterans and preventing veteran suicides.

Marijuana

books very long," Mike Fisher, a Livonia assistant city attorney, said at a recent anti-pot forum in that city. "It's too soon to take this step. That's another genie you'll never be able to put back in the bottle."

"Legalization is about one thing and one thing only: legalization is about profits," said Luke Niforatos, senior policy adviser at Smart Approaches to Marijuana. Niforatos, a former Colorado resident, spoke at the same panel discussion at which Schneider appeared. He characterized legal marijuana as a disaster for Colorado. "Let's not normalize this. There are better ways we can go," he said.

Along with competing claims about

the proposal, the two sides offer competing analyses to bolster their arguments or refute the other side's claims.

Detractors, for example, cite a report by the Rocky Mountain High Intensity Drug Trafficking Area (an arm of the Office of National Drug Control Policy) that Colorado traffic deaths involving drivers who tested positive for marijuana jumped from 55 in 2013 to 138 in 2017. Recreational marijuana became legal in Colorado on Jan. 1, 2014.

Supporters point to a study by the National Bureau of Economic Research that found recreational marijuana had little or no effect on traffic fatalities in Colorado and Washington state, where pot also became legal in 2014, relative to states where recreational pot was not legal. (The same study noted that science and policy "are playing catch up" in measuring the risks of driving while high.)

New state revenue is a big selling point for Proposal 1 fans. A recent study commissioned by the Coalition to Regulate Marijuana Like Alcohol estimated \$134.5 million in annual revenue, while the Michigan Senate Fiscal Agency pegged yearly marijuana revenue at \$262 million by 2023. Proponents, like Abel, also tout the savings they say would come with redirecting the criminal justice system away from prosecuting marijuana crimes.

Opponents, though, say the revenue would be minuscule compared to the state's total budget. Michigan's budget for the 2019 fiscal year is about \$56.8 billion; \$262 million is less than one-half of 1 percent of that.

Proposal 1's passage would have no direct affect on Michigan's medical marijuana law, except to eliminate the current 3-percent excise tax on medical marijuana.

Most recent polling suggests voters will approve Proposal 1 next month. And the pro-Proposal 1 side has outlasted and outspent the opposition, with the Coalition to Regulate Marijuana Like Alcohol reporting contributions totaling \$1.74 million as of July, according to Ballotpedia. Two opposition groups, Healthy and Productive Michigan and the Committee to Keep Pot Out of Neighborhoods and Schools, reported combined contributions totaling \$286,000.

But opponents remain motivated. "This thing is up for grabs," said Scott Greenlee of Healthy and Productive Michigan.

The U.S. Centers for Disease Control and Prevention has an extensive section on the health effects of marijuana on its website at www.cdc.gov/marijuana/.

South Lyon completes dream season

Lions hold off Cougars to finish with 9-0 record

Tim Smith
hometownlife.com
USA TODAY NETWORK — MICHIGAN

A perfect season usually requires good players making good plays and a modicum of good luck.

The South Lyon Lions followed that formula, coming from behind Friday to win 20-15 at South Lyon East — and capping off a 9-0 regular season.

Early in the season, an opponent hit the upright with what would have been a winning field goal, enabling the Lions to nab another win. There were a couple of other successful last-ditch rallies that kept the streak alive.

And against the pesky Cougars — who desperately needed a win to get an automatic state playoff berth (the team the playoffs with a 5-4 record) — a field-goal try by East kicker Domenic Angolanto with 12 seconds left in the first half was blocked and bounced into the hands of Lions junior Jake Newman.

He picked up the pigskin near the South Lyon 8-yard line and dashed 92 yards for a touchdown that shocked the Cougars, suddenly putting the Lions up 7-3 at halftime.

“I just saw the ball get blocked and, right away, just like how we practice

GIRLS GOLF

PERFECT ENDING

The Northville girls golf team celebrates its first Division 1 state championship Oct. 20 in Battle Creek. DEBBIE STEIN

Northville seals the deal with first state championship

Brad Emmons
hometownlife.com
USA TODAY NETWORK — MICHIGAN

Not even ice, hail, wind and rain could keep the Northville girls golf team from completing its dream season Saturday during the MHSAA Division 1 state finals in Battle Creek.

The Mustangs brought home their first state championship from Bedford Valley Golf Course with a two-day total

of 318-312-630. That was 31 strokes better than runner-up Plymouth (329-332-611), a fellow member of the KLA West Division, and 34 strokes clear of third-place Traverse City West (331-333-664).

Northville was fourth a year ago and its best previous finish was second 2003, but this one will be special in more ways than one. The No. 1-ranked Mustangs went unbeaten in all 18-hole tournaments and undefeated in dual

matches this season.

Mother Nature did its best to disrupt Northville's coronation, but even two weather delays Saturday couldn't keep the Mustangs from their ultimate dream.

“I think we're a tough team, we played in some conditions this year, but those tested how tough you were, how hard you wanted to finish,” North-

Monster match: CC vs. Canton to open playoffs

Marty Budner

USA TODAY NETWORK — MICHIGAN

Incredibly, the postseason is upon us.

It seems like it got her faster than a Roderick Heard jet sweep.

But here we are.

After a fun nine-week regular season, the Michigan High School Athletic Association invited 256 teams to its annual playoff party. The field includes 213 teams which qualified by the automatic six-win total and 43 other fortunate invitees with five victories.

A total of 16 Hometown Life football teams representing four different divisions are in the hunt for a coveted state trophy.

The HTL field includes four Division 1 teams; six Division 2 teams; three Division 3 teams; and three in Division 4.

Following are five HTL games to watch as pre-district action begins this week:

ville coach Chris Cronin said. "At one point I walked out and all the kids were in the clubhouse — they blew the horn — and just a big storm had blown through. The greens were covered with ice because it was kind of a rain, hail mix. They were able to get it off. By the time the kids went back out the ice was gone. That was the second delay and a good hour-and-a-half delay. That was a tough delay because you weren't sure you were going to get the round in."

Northville had two players finish in the top 10: Nicole Whatley, who placed fourth with 77-72-149, and Sufna Gill, who was fifth with 76-79-155.

Whatley played with Division 1 individual medalist Anika Dy of Traverse City West, the two-time Miss Golf who shot 68-72-140.

"I see Anika as more of a friend than anything else," Whatley said. "I was proud of her for winning her last tournament in high school. That's probably the coolest thing you can do."

Whatley shot even-par Saturday.

"Nicole makes everyone around her better," Cronin said. "She works so hard at improving her game and she is such an intelligent golfer. It wears off on others and pushes them to want to do more."

Gill, meanwhile, was able to make sand saves and long putts for pars over the two-day state finals.

"I was just so proud of my team, proud of the way we played," Gill said. "We were just so happy to see our teammates as they came off the course. It was an unbelievable experience."

Captain Mariella Simoncini, the team's lone senior who is committed to play at Oakland University, rebounded from a tough first round of 86 Friday to card 77 Saturday for a 163 total.

"The support of all my teammates was huge," Simoncini said. "It gave me

the confidence to play well on Day Two."

Meanwhile, Katelyn Tokarz (84-84-168) and Sedona Shipka (81-89-170) also contributed to the state championship cause.

"Katelyn is so tough mentally," Cronin said. "She can hold it together, even when she doesn't have her best game working. Sedona was super-relaxed on day one and had a bounce to her step. She started of strong and just kept rolling."

Northville's depth also proved pivotal throughout the two-day state finals and season. The Mustangs' sixth player and alternate was Megha Vallabhane-ni.

"We're deep and everybody can contribute and that happened at the state finals," Cronin said. "Kind of the way we rolled all year, where (if) somebody was out or if somebody didn't play well, somebody else would always step up and they did. I guess I shouldn't be surprised, but in a big stage like that, you always wonder how kids are going to react and we got some great performances."

Cronin, in his second season coaching the Northville girls, could have the team to beat once again next season in Division 1. Five of the top six players return.

"We're bringing everybody back and the players we have are good players," Cronin said. "Mariella will be a huge loss for us, because she does a lot every day. She's a great leader, she's great to have in practice because she works. Great work ethic and just a positive, enthusiastic attitude. Who's going to pick up that slack? And I think that's important, particularly in girls golf, to have somebody who is always keeping you moving forward. I can only do so much as a coach and Mariella is great."

scoop and score and I took it all the way," Newman said. "I just knew we had to score right there and that ended up giving us huge momentum going into the second half."

South Lyon head coach Jeff Henson called Newman's clutch TD "the turning point of the game," played in rain and cold.

"We were struggling. They pretty much controlled the ball the whole first half," he said. "And that gave us a lot of momentum going into halftime. We made a few adjustments, came out second half, offense clicked and defense got some big plays, too."

Although South Lyon East did answer immediately in the third quarter on a 73-yard touchdown sweep around left end by Matt Gilbert (enabling the Cougars to regain a 9-7 lead), the Lions went to work in the second half behind a grind-it-out attack sparked by junior quarterback Connor Fracassi and work-horse senior running back Ian Goins.

South Lyon marched 80 yards in six plays, with Fracassi scoring on a keeper from the 3-yard line with 8:18 left in the third, putting the Lions back up 14-9. The key play of that drive was a 53-yard gainer by Goins, who hurdled Cougars near the line of scrimmage and bolted

down the right sideline.

"Ian's been a great back for us all year," Henson said. "He runs hard and what can you say? His results speak for themselves. He's been a leader on our team and a leader on offense. He's really been a difference maker."

The Lions salted the victory away on a 15-yard pass over the middle from Fracassi to senior Ron Menard, which followed a blocked East punt.

Capping off the scoring in the final minutes was a 31-yard TD toss from East quarterback Ayden Oliver to Brendan DeWitt.

"We told the guys at halftime, 'You kind of dominated the entire first half and the sad part of it is you're on the wrong side of the scoreboard,'" Cougars head coach Joe Pesci said. "Told them we just had to rebound and keep playing the way we did in the first half."

"First play second half, we take it 55-60 yards for a touchdown and we're feeling pretty good about that. But we just couldn't get a couple stops when we needed to."

Following are several takeaways:

GOOD START

After going on a long drive that began at their own 17, the Cougars took a 3-0 lead early in the second quarter on a 37-yard field goal by Angelosanto.

Oliver came up clutch with third-down completions of 8 yards to Jonathan Carter and 5 and 17 yards to Gilbert.

FEELING FESTIVE

Cougar Stadium resembled a college game with the stands packed on both sides of the turf.

"It was a great environment, great atmosphere," Pesci said. "South Lyon community came out strong to watch this game. And we knew it was going to be a tough game, knew it was two good teams going at it."

"And rivalry always amps it up a little bit, too. We knew that we had to be sound in all three phases. For the most part, we felt like we were."

LET IT ROLL

One of the highlights for the Cougars was a 61-yard punt by Hunter Williams, whose boot rolled down to the South Lyon 1-yard line.

WHAT A TURNAROUND

The Lions went 1-8 in 2017 and, with many of the same players on the roster, completely flipped the script.

"We have kind of taken it week by week, that's cliché," Henson said. "But credit to our kids. They have kept the focus week to week, they've done everything they can to improve week to week. That's what we did."

"From where we started in week one to where we are now, we're a completely different football team. We're confident and we're a better team. ... And yeah, we've gotten a lot of breaks. And that's what happens. Good teams and good seasons result in good things happening

and good breaks. Lord knows, we had enough bad ones last year."

KUDOS TO THE SENIORS

It was senior night at East, with 18 players concluding four years with the football program.

"This was the first freshman class I had when I was hired," Pesci said. "We were kind of excited about these guys when they came in. It's been a special group all year. We wanted to just get in the playoffs on our own, not have to rely on a 5-4 and playoff points."

"But it's a great group to be around, a great group of seniors. It's been the launching point for our program. And hopefully, the young guys have learned from these (senior) guys what it takes to compete in our program and be successful. We owe them a lot for what they've done for us."

One of those seniors, Jace Barackman, called it "a wild journey. We had a lot of ups and downs, we just continued to fight through it. Our coaches have been non-stop with the positivity, just making sure we're working our hardest at all times."

"It's just been a great season for us. It (stinks) that it ended like this, but it was a lot of fun."

Playoffs

Continued from Page 1B

MHSAA playoff points)

DIVISION 1

Canton (6-3, 73.222) at Catholic Central (6-3, 82.921): A monster match-up right off the bat between the HTL's No. 3 (Canton) and No. 4 (Catholic Central) teams. These highly-regarded squads met last year in the Division 1 regional, with the Shamrocks prevailing by one point (27-26). The Shamrocks are coming off a disappointing setback in the Catholic League Prep Bowl to defending Division 2 state champion Warren De La Salle. The Chiefs' three losses this year were to playoff teams which had a combined 22-5 overall record. Catholic Central has never lost to Canton in six meetings. This should be another classic. **Picks:** Emons (CC), Budner (Canton), Smith (Canton).

DIVISION 2

Dexter (6-3, 63.444) at South Lyon (9-0, 112.000): South Lyon ended a sensational regular season last week with an emotional triumph over district rival South Lyon East. The win capped a per-

fect regular season in which the Lions averaged four touchdowns per game and allowed two touchdowns per game. The newly-crowned Lakes Valley Conference champions have a talented, veteran team led by junior quarterback Connor Fracassi and senior running back Ian Goins. Dexter, which also averages 28 points per game, placed second to Jackson in the Southeastern Conference. The Dreadnaughts lost their regular-season finale to Whitehall, but had won four straight previous to that. Dexter owns a 14-12 overall series record, but the programs have not met since 1978, when they were both members of the Southeastern Conference. South Lyon won that last meeting 26-0. **Picks:** Emons (South Lyon), Budner (South Lyon), Smith (South Lyon).

Bloomfield Hills Brother Rice (6-3, 79.444) at Livonia Churchill (7-2, 87.889): Another interesting first-round match-up between a pair of programs that have never met before. Churchill earned the right to host the game with a five-game season-ending winning streak. The Chargers, who placed third in the KLA East Division behind Belleville and Fordson, have a powerful offense that averaged 37 points per game. Brother Rice, which tied for third in the

tough Catholic League Central Division, has had trouble scoring points. The Warriors were held to 13 points or less four times this year, suffering back-to-back shutouts to CC and De La Salle. Churchill is still hurting from last year's loss in the district championship game to neighborhood rival Franklin. **Picks:** Emons (Churchill), Budner (Churchill), Smith (Churchill).

Birmingham Groves (7-2, 82.333) at Birmingham Seaholm (7-2, 84.222): The rematch is on. The teams played last week — Groves won on its home turf, 26-9 — for the 59th time in their long history. The victory was Groves' fifth straight as it has owned the recent history of the rivalry. The Falcons, making their sixth straight playoff appearance, are led by running backs Damonte McCurdy and Khalil Dawsey, who are big-play threats on every touch. Seaholm captured the OAA Blue Division championship in its comeback season after having won just one game last year. The Maples controlled the first half of last week's game with their vaunted veer-option attack, but struggled in the second half. Coach Jim DeWald's team aims to put together two strong halves to keep the Groves offense off the field. **Picks:** Emons (Groves), Budner

(Groves), Smith (Seaholm).

DIVISION 4

Bloomfield Hills Cranbrook Kingswood (6-3, 63.444) at Farmington Harrison (6-3, 70.444), 3 p.m. Saturday, Oct. 27: Harrison, the Division 3 state runner-up last season to powerful Muskegon, qualified for postseason play for the 34th time in program history. The Hawks have a record 13 state championships under legendary John Herrington, who has more wins (441) than any other head coach in Michigan. Harrison is led by super back Roderick Heard, who is seventh in the program's all-time rushing list with 2,761 yards. He also has 42 career TDs. Cranbrook Kingswood has enjoyed a football renaissance in recent years with five straight playoff appearances. The Cranes had a program-record 10 wins before losing to River Rouge by a touchdown in last year's D-4 regional championship game. It's not the big mismatch as it appears, but Harrison should have no trouble keeping its final season as a program going. **Picks:** Emons (Harrison), Budner (Harrison), Smith (Harrison).

BOYS SOCCER

Despite Salem keeper's heroics, Canton survives

Tim Smith
hometownlife.com
USA TODAY NETWORK — MICHIGAN

All through Sunday's part two of the Division 1 boys soccer district final, Salem senior goalkeeper Buraq Oral was carrying his teammates on his mud-covered back.

Oral's heroic efforts were not quite enough. It turned out that Canton senior counterpart Ian Nielsen, while not having to do nearly as much, saved his best for last — making two stops in the penalty kick shootout to give the Chiefs a 2-1 victory and a berth in the Dearborn Edsel Ford regional against Ann Arbor Skyline.

The campus rivals started the district final Saturday, when wild and wacky weather forced it to be postponed to Sunday. There was 19:58 to go in the first half when play resumed. With compelling action all over the pitch, the wait was worth it.

And drama ratcheted up throughout the second half, then both 10-minute overtimes and the shootout, when Oral and Nielsen were the center of attention.

"When he made that first stop, there was a lot of pressure," Nielsen said. "But I just decided to play how I was going to play and, luckily, I guessed the right way two times in a row. I got lucky on one of them, a toe poke and it went wide. And we just got the result we wanted."

Moments after Alex Heyde scored against Oral to give the Chiefs a 4-3 edge in penalties, Nielsen needed to deny Salem's Aidan Walesch in the fifth round to preserve the win. He did so with a confident dive to his left, knocking the ball out of danger.

"Before (Walesch) even came up to the ball, I kind of decided he was going to go to my left," Nielsen said. "I took a dive and, luckily, I got a hand on it and tipped it over."

The winning sequence tilted in Canton's direction when Oral was ruled to have stepped off his back line in denying Heyde's original kick.

"Ian just came back from an injury and played his first game in two weeks," Canton head coach Mark Zemanski

Canton senior goalkeeper Ian Nielsen is mobbed by teammates after stopping the final penalty kick. KATE HONDORP

said. "He's another player with all kinds of heart that keeps working hard. When he had to, he helped make the difference for our team."

It took a goal with 2:26 remaining in regulation for the Chiefs (12-6-5) to get the chance they needed to win a district championship for the first time in four years.

"This group really worked hard, didn't quit, they showed a lot of heart coming back and tying it," Zemanski said. "That goalie (Oral) is one of the best goalies we've faced, by far. I've coached a lot of years and he was fantastic."

"We still found a way to get the ball in the net against him because they worked hard."

Canton made it a 1-1 game when senior co-captain Tyler Turko's corner kick was lofted into the box, where senior defender Jake Crippes headed the ball in from near the right post.

"We just get thinking to keep going after them and we'll eventually get one," Turko said. "In overtime, we had four corner kicks, kept going after them. We knew we'd eventually get one."

"And we just keep going through in

PKs, kept our heads up high and we finally did it."

Over district hurdle

Turko added that the district championship "means a lot, it's the first time. No one on this team had ever done it before. It just felt really good."

Salem's goal at 7:19 of the second half gave the Rocks a 1-0 lead, with a strong give-and-go between Walesch and senior forward Bryan Rodwell resulting in a tap-in goal.

The Rocks (14-5-3) did a solid job of preserving that slim lead for the next 30 minutes. Oral was heroic with aggressive sliding stops and dives to either side of the net, keeping Canton off the scoreboard.

But the Chiefs scored the equalizer on a goal late in regulation to send the contest to overtime — when Oral again was unbelievable in stopping a barrage of corner kicks.

"The key was to get the corner kick and we got the corner kick because we pressured them, we had good high pressure and they turned the ball over," Zemanski said. "We've been talking all

Canton's Kyle Kulas (right) jumps up to head the ball, with Salem's Bryan Rodwell closing in. KRISTAN RODWELL

year about wanting the ball in the box. Jake Crippes wanted the ball more than they did and he put it in the back of the net."

Karns, meanwhile, credited Oral for playing "out of his mind today. He played well, kept us in it and gave us a chance. That's all you can ask."

"We knew that Canton is dangerous on their set pieces and corners," Karns added. "So we were trying to limit any chances in terms of set pieces that we were going to give them."

"Unfortunately, just late there we gave up a set piece. It's only a matter of time with the way that they are in the air. You can only defend so many of them."

The loss was a crusher for the Rocks, especially Oral. Teammates and opponents alike came up to console him following the shootout.

"As a senior I'm really hurt. I'm really sad that we lost, because I really wanted to make a run," Oral said, choking back his emotions. "I wasn't part of the team sophomore year because of a groin injury, so I didn't get to that run into the regional final."

"I really wanted to do it my senior year. I really wanted to lead my team into that. And I just couldn't."

PREP FOOTBALL

Churchill soars in KLAA crossover vs. Plymouth

Brad Emons
hometownlife.com
USA TODAY NETWORK — MICHIGAN

When Livonia Churchill tight end Joel Forgacs came in for Monday practice and learned about the offensive game plan from head coach Bill DeFillippo for Friday's encounter against Plymouth, his eyes lit up.

"I was just really happy, because I was hoping it would happen this week and I just saw a bunch of new plays for me and I was really hoping that he would run them all," the 6-foot-3, 205-pound senior said. "And they worked, so ..."

Forgacs enjoyed a monster first half with five catches for 127 yards and two touchdowns to help catapult the Chargers (7-2) to a 42-21 victory over visiting Plymouth in a third-place KLAA divisional crossover.

"I knew when they called that first screen, I knew I was going to make a big play or I was just going to do my best and it all worked out," said Forgacs, who also scored Churchill's first TD on a nifty 3-yard halfback pass from Deon Pitchford.

It was close for two quarters before Churchill pulled away in the second half.

Plymouth's Mike Mathias bolted through the line for a 48-yard TD run — one of his three on the night — to give Wildcats a 14-13 lead with 2:30 remaining in the second quarter.

But Churchill answered with just 52.9 seconds remaining to go ahead for keeps, 20-14, when Churchill quarterback Drew Alsobrooks, faced with a third-and-13, hit a wide-open Forgacs down the sideline for a 54-yard touchdown.

"I caught it and I think I peed my pants a little bit," Forgacs said. "I didn't step out of bounds and saw the safety on the backside starting to chase me down. I said, 'I might have to dive for it' at the very end and I was able to get in."

Alsobrooks was 10-of-14 passing for 194 yards, with Forgacs his favorite target during the first two quarters.

"The last two weeks, he hasn't had a lot of action because we've been kind of way up the first half," said Alsobrooks, who also scored on a 37-yard third-quarter run to put the Chargers up 27-14.

Churchill's Darrell Mason Jr. (left) soars into the end zone for a 24-yard TD run as Plymouth's Nathan Janke trails the play. BILL BRESLER | HOMETOWNLIFE.COM

"He hadn't gotten the ball and he wanted the ball. He made plays and he said he was going to make plays if he got the ball. He's sure-handed and he's just a huge target out there. He's hard to cover, a big wide receiver in the middle or anywhere. He's a playmaker."

Churchill senior running back Darrell Mason Jr., who was coming off a six-TD first-half performance the previous week against Livonia Stevenson, wound up with 154 yards on 24 carries, scoring on runs of 24, 4 and 1 yards.

Playoff-bound Plymouth (6-3), meanwhile, simply couldn't get its defense, which was missing three starters due to illnesses, off the field on the third- and fourth-down situations.

"That killed us, (Churchill) were great," first-year Plymouth coach Brian Lewis said. "Churchill does a great job of third-down plays. They execute, they throw, they catch ... they're good. They've got big bodies up front. They're extremely skilled and their quarterback is a stud. They have a lot of different guys they can go to. They do a great job

Plymouth's Mike Mathias scores one of his two first-half TDs. BILL BRESLER | HOMETOWNLIFE.COM

with their scheme. They're tough to stop for a lot of reasons."

Churchill had 398 yards total offense to the Wildcats' 257, which included 251 on the ground as the speedy Mathias finished with 220 on 16 carries. The junior also had TD runs of 40 (first quarter) and 54 yards (third quarter).

"Plymouth is a good, solid team and they've got a lot of young players.

They're going to be really good next year," Churchill coach Bill DeFillippo said. "But their running back (Carson Miller) and their slot, (Mathias), that also plays defense, are really good players. I thought we played OK in the first half. We weren't real physical on defense. We made some corrections at halftime. I thought we played really well offensively tonight, especially in the second half."

With plenty of versatility on offense, DeFillippo was able to get Forgacs plenty of touches.

"Joel is a terrific player, he's an all-conference kid last year for us," the Churchill coach said. "We've got a big, tall target at tight end and he's a weapon all over the field with his height. But he's a good route runner and has great hands. We have a really good group of skill kids and we're capable of dishing the ball to a lot of different people."

**WAYNE-WESTLAND COMMUNITY SCHOOLS PROPOSAL
SCHOOL IMPROVEMENT BOND PROPOSITION**

Shall the Wayne-Westland Community Schools, County of Wayne, State of Michigan, borrow the sum of not to exceed One Hundred Fifty-Eight Million (\$158,000,000) Dollars and issue its general obligation unlimited tax bonds, in one or more series.

**SCHOOLCRAFT COLLEGE PROPOSAL
Millage Restoration Authorization With 10 Year Expiration**

Shall the Schoolcraft College District, County of Wayne, Michigan (consisting of the following public school districts: Clarenceville, Garden City, Livonia, Northville, Plymouth-Canton), be permitted to restore for a ten year period, beginning in 2019, the 1986 voter-approved millage rate of 2.27, by assessing an additional 0.5038 mills (\$0.5038 per \$1,000) on each dollar of taxable value of all property in the District, which rate shall be assessed through 2028 without further reduction by Section 31 of Article IX, State Constitution of 1963. If approved and levied in its entirety, the additional 0.5038 mills would raise approximately \$7,136,000 in 2019.

**WAYNE COUNTY COMMUNITY COLLEGE PROPOSAL
REPLACEMENT OPERATING MILLAGE PROPOSAL**

This proposal will allow Wayne County Community College District to levy 2.25 mills for operating purposes, permanently replacing and combining two separate existing authorizations which would otherwise expire in 2020 and 2022.

To continue to provide operating funds to the Wayne County Community College District and as a replacement of existing authority which would otherwise expire in 2020 and 2022, shall the limitation on the amount of taxes which may be imposed on taxable property in the Wayne County Community College District be permanently increased by 2.25 mills (\$2.25 per \$1,000 of taxable value), beginning in 2019? It is estimated that 2.25 mills would raise approximately \$46,533,830 when first levied in 2019.

The places of voting for the State General Election to be held on Tuesday, November 6, 2018, will be as follows:

We deliver an **ENGAGED AUDIENCE** using a variety of **SOPHISTICATED TOOLS** and resources, and provide our clients the **INTEGRATED MARKETING EXPERTISE** to help them achieve their goals.

Our formula is simple - We combine the largest news and information audience in the state with the top multi-platform marketing experts to provide businesses with a single partner with one purpose, to help them grow. We deliver the trusted brands of Michigan's largest audience, including the Detroit Free Press/freep.com, The Detroit News/detroitnews.com, O&E Media/hometownlife, Livingston Daily Press & Argus, Lansing State Journal, Battle Creek Enquirer, and Port Huron Times Herald, combined with proven research, creative, strategy and marketing expertise.

Michigan.com is seeking **Inside Sales Representatives** to join our growing team of recruitment industry experts who sell recruitment advertising solutions to small-to-midsize businesses across the state. With an assigned book of business, you will manage the entire sales process from prospecting to close using consultative methods. Our highly-driven and motivated business development professionals are empowered to support each other in ensuring that we all exceed goals and deliver maximum results to our clients.

Responsibilities:
 Building and maintaining a healthy pipeline to achieve and exceed monthly quota Uncovering client needs, offering appropriate solutions, negotiating price and closing accounts on the phone Attaining a minimum of 100% of assigned revenue goal monthly through a high level of business development activity (80-150 outbound calls weekly and other KPI's)
 Moving customer or prospect towards commitment and closing deals while exceeding customer expectations
 Conducting tailored, web-based presentations of The Job Network products over the phone with clients
 Managing the creation of print display ads in Gannett newspapers Growing existing client base and generating new revenue.

Qualifications:
 Bachelor's degree or equivalent combination of training and sales experience At least 1 - 2 years of inside sales or related experience
 2 - 5 years of consultant sales and business development experience, preferred
 Previous experience with business-to-business Cold Calling
 Previous experience in the recruiting industry, a plus
 Working knowledge of Salesforce.com, a plus

What we offer:
 As a part of Gannett Co., Inc., the nation's largest media and marketing solutions company, we offer a dynamic, community-focused environment where individuals are rewarded for exceptional performance. We offer competitive salaries and benefits, including health care, dental and vision coverage, flexible spending account, 401(k), paid time off, and tuition reimbursement. Pre-employment drug testing and background screening are required.

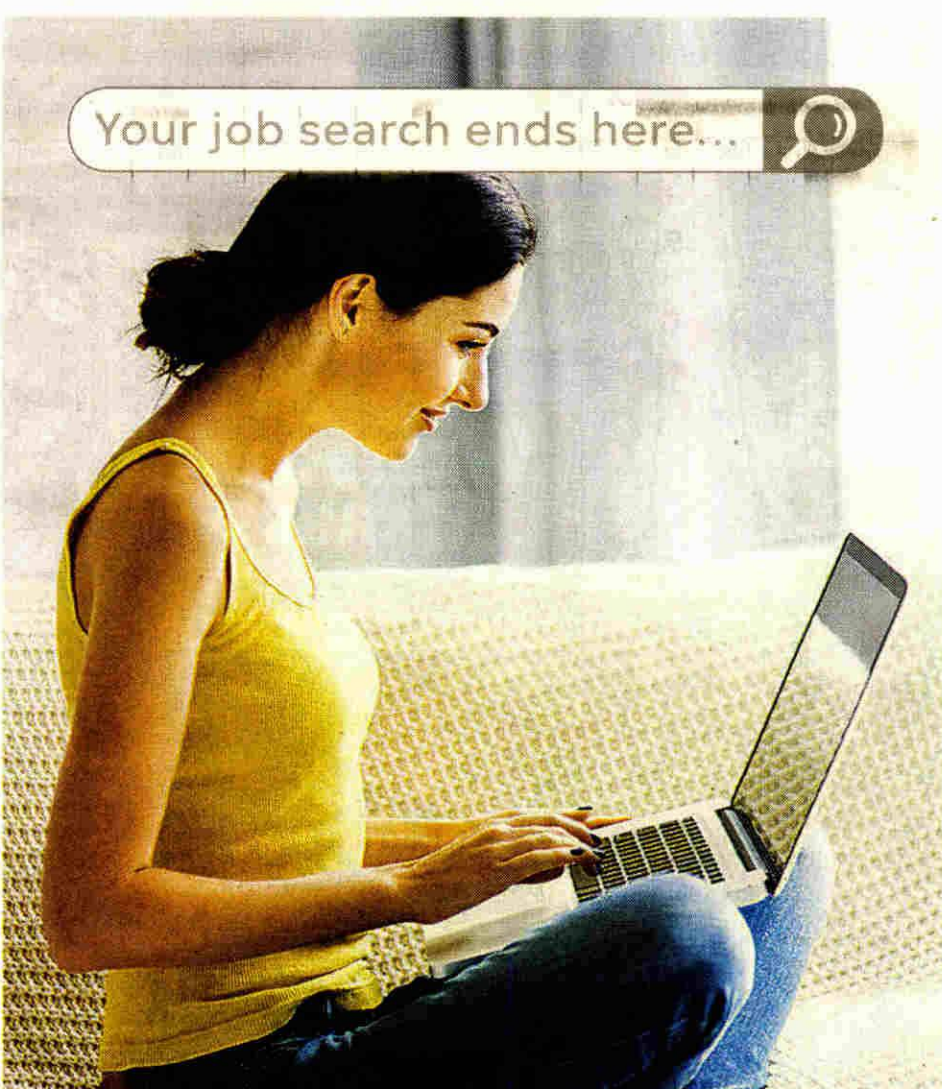

About Us: Gannett Co., Inc. (NYSE: GCI) is a next-generation media company committed to strengthening communities across our network. Through trusted, compelling content and unmatched local-to-national reach, Gannett touches the lives of nearly 100 million people monthly. With more than 110 markets internationally, it is known for Pulitzer Prize-winning newsrooms, powerhouse brands such as USA TODAY and specialized media properties. To connect with us, visit www.gannett.com.

Gannett Co., Inc. is a proud equal opportunity employer. We are a drug free, EEO employer committed to a diverse workforce. We will consider all qualified candidates regardless of race, color, national origin, sex, age, marital status, personal appearance, sexual orientation, gender identity, family responsibilities, disability, education, political affiliation or veteran status.

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
